(G) **Training.** Emergency room, obstetrics unit, newborn nursery, and neonatal intensive care unit nursing personnel must have completed the Pediatric Advanced Life Support Program (PALS) and or the Neonatal Advanced Life Support Program (NALS) offered through the American Heart Association or have equivalent training.

(3) **Supplies and equipment.**

(A) **Emergency department.** A Level I hospital is subject to the same emergency department requirements as a Level II hospital as set forth in (c)(3)(A) in this Section.

(B) **Obstetrics unit.** A Level I hospital is subject to the same obstetrics requirements as a Level II hospital as set forth in (c)(3)(B) of this Section.

(C) **Operating suite.** The operating suite shall have the following supplies and equipment on site, functional and available for use:

(i) All the supplies and equipment listed for Level II classification [see (c)(3)(C) in this Section];

(ii) Cardiopulmonary bypass capability; and

(iii) operating microscope.

(D) **Post-anesthesia recovery unit.** The post-anesthesia recovery unit will have the following supplies and equipment on site, functional, and available for use:

(i) the post-anesthesia supplies and equipment listed for Level III classification set forth in (b)(3)

(B) of this Section; and

(ii) Equipment for the continuous monitoring of intracranial pressure.

(E) **Intensive care unit.** A Level I hospital is subject to the same intensive care unit requirements as a Level III hospital as set forth in (b)(3)(C) of this Section.

(4) **Policies on transfers.** A Level I hospital is subject to the same policies on transfers requirements as a Level II hospital as set forth in (c)(4) of this Section.

310:667-59-19. Classification of emergency ophthalmology services

(a) **Level III.** A Level III hospital will provide services with at least a licensed independent practitioner, registered nurse, licensed practical nurse, or an Intermediate, Advanced Emergency Medical Technician (AEMT), or paramedic , as defined in OAC 310:641-1-7, on site 24 hours a day. A hospital must be classified at Level III for emergency ophthalmology services if it complies with all of this Section:

(1) **Clinical services and resources.** Diagnostic, surgical, or medical specialty services are not required.

(2) **Personnel.** A physician, licensed independent practitioner, registered nurse, licensed practical nurse, or an Intermediate, Advanced Emergency Medical Technician (AEMT), or paramedic , as defined in OAC 310:641-1-7, will be on site 24 hours a day. In the absence of a physician, licensed independent practitioner, registered nurse, or paramedic, at least one of the practitioners on duty will have received training in advanced life support techniques and will be competent to initiate treatment of the emergency patient.

(3) **Supplies and equipment.** In addition to the requirements at OAC 310:667-59-9(a)(3), the hospital must have the following equipment and supplies on site, functional, and immediately available:

(A) Ophthalmic irrigating device or procedure and sterile irrigating solution suitable for ophthalmic irrigation;

(B) Nitrazine pH paper;

(C) Distance and near vision charts or projector, or other equipment for the proper assessment of visual acuity;

(D) Ophthalmoscope;

(E) Agents for pupillary dilation such as:

(i) Topical sympathomimetic; and

(ii) Topical parasympatholytics.

(F) Drugs for the treatment of acute angle-closure glaucoma including:

(i) Topical miotic agents;

(ii) Topical adrenergic antagonists;

(iii) Oral and intravenous carbonic anhydrase inhibitors; and

(iv) Hyperosmotic agents.

(G) Topical anesthetic agents;

(H) Penlight and loupes or magnifying lenses;

(I) Equipment for tonometry;

- (J) Sterile, individually wrapped, fluorescein impregnated paper strips;
- (K) Supplies and equipment necessary for patching the eye;
- (L) Lid retractors;
- (M) Ophthalmic spud device or equivalent;
- (N) Topical antibiotics;
- (O) Eye shields; and
- (P) Light source with a blue filter or Wood lamp.

(4) **Agreements and policies on transfers.**

(A) The hospital must have written policies defining the medical conditions and circumstances for emergency patients that may be retained for treatment in-house, and for those who require stabilizing treatment and transfer to another hospital.

(B) The hospital must have a written agreement with a hospital, or board certified, board eligible, or residency trained ophthalmologist, or group of ophthalmologists to provide immediate consultative services for ophthalmology patients 24 hours a day. These services must include providing instructions for the initiation of appropriate therapy and/or patient transfer. Appropriately trained and credentialed optometrists may also provide consultative and therapeutic services within their scope of practice.

(b) **Level II.** A Level II hospital will provide emergency medical services with an organized emergency department. A physician and nursing staff will be on site 24 hours a day. A hospital must be classified at Level II for emergency ophthalmology services if it complies with all of this subsection (b):

(1) **Clinical services and resources.**

(A) **Emergency services.** A physician competent in the care of the emergent ophthalmology patient and credentialed by the hospital to provide emergency medical services and nursing personnel must be on site 24 hours a day.

(B) **Diagnostic imaging.** The hospital's diagnostic x-ray services must be available 24 hours a day. A radiology technologist will be on duty or on call and immediately available 24 hours a day.

(C) **Clinical laboratory service.** The hospital's clinical laboratory services must be available 24 hours a day. All or part of these services may be provided by arrangements with certified reference laboratories that are available on an emergency basis 24 hours a day. These services include:

- (i) Standard analysis of blood, urine, and other body fluids to include routine chemistry and hematology testing;
- (ii) Coagulation studies;
- (iii) Blood gas/pH analysis; and

(iv) Comprehensive microbiology services or appropriate supplies for the collection, preservation, and transport of clinical specimens for aerobic and anaerobic bacterial, mycobacterial, and fungus cultures.

(2) **Personnel.**

(A) **Emergency services director.** The medical staff will designate a physician credentialed to provide emergency medical care as emergency services director.

(B) **Ophthalmologist.** A physician board certified, board eligible, or residency trained in ophthalmology will be available for consultation on site or immediately available by telephone or other electronic means 24 hours a day.

(C) **Optometrist.** Appropriately trained and credentialed optometrists may also provide consultative and therapeutic services within their scope of practice.

(3) **Supplies and equipment.** In addition to the requirements at OAC 310:667-59-9(a)(3), the hospital must have the following equipment and supplies on site, functional, and immediately available:

(A) The equipment and supplies listed in (a)(3)(A) through (O) in this Section for Level III classification; and

(B)
Slit-lamp biomicroscope.

(4) **Agreements and policies on transfers.**

(A) The hospital must have written policies defining the medical conditions and circumstances for emergency patients that may be retained for treatment in-house, and for those who require stabilizing treatment and transfer to another hospital.

(B) The hospital must have a written agreement with a hospital, or board certified, board eligible, or residency trained ophthalmologist, or group of ophthalmologists to provide immediate consultative services for ophthalmology patients 24 hours a day. These services must include providing instructions for the initiation of appropriate therapy and/or patient transfer.

(c) **Level I.** A Level I hospital must provide emergency medical services with organized emergency and ophthalmology departments. A physician and nursing staff with special capability in ophthalmic care will be on site 24 hours a day. The hospital must have the capability to provide immediate diagnostic imaging and sight saving surgical intervention 24 hours a day. A hospital must be classified at Level I for emergency ophthalmology services if it complies with (c)(1) through (c)(4) of this subsection:

(1) **Clinical services and resources.**

(A) **Emergency services.** A physician competent in the care of the emergent ophthalmology patient and credentialed by the hospital to provide emergency medical services and nursing personnel with special capability in ophthalmic care must be on site 24 hours a day.

(B) **Ophthalmology and ophthalmic surgery.** The hospital must have an organized ophthalmology and ophthalmic surgery service with appropriately credentialed physicians experienced in ophthalmic medical and surgical procedures immediately available 24 hours a day. Physician members of the ophthalmology service must be board certified, board eligible, or residency trained in ophthalmology. On call physicians will respond as required by the hospital's policy.

(C) **Neurology.** A board certified, board eligible, or residency trained neurologist must be on site or on call 24 hours a day and promptly available in the emergency department.

(D) **Anesthesia.** A board certified, board eligible, or residency trained anesthesiologist must be on site or on call 24 hours a day and promptly available. All anesthesia will be administered in accordance with OAC 310:667-25-2.

(E) **Operating suite.** An operating suite with adequate staff and equipment must be immediately available 24 hours a day. The hospital will define and document in writing the minimum staffing requirements for the operating suite. An on call schedule for emergency replacement staff must be maintained. At least one operating suite will have conventional and laser surgery and photocoagulation capability.

(F) **Post-anesthesia recovery unit.** The hospital must have a post-anesthesia recovery room or intensive care unit that is in compliance with OAC 310:667-15-7 and nursing personnel and anesthesia services remaining in the unit until the patient is discharged from post-anesthesia care.

(G) **Intensive care unit.** The hospital's intensive care unit must include:

- (i) Compliance with OAC 310:667-15-7;
- (ii) A registered nurse on duty in the intensive care unit when it does not have a patient;
- (iii) A registered nurse on call and immediately available when the unit does not have a patient; and
- (iv) The hospital will define and document in writing the minimum staffing requirements for the intensive care unit. These staffing requirements will be monitored through the quality improvement program.

(H) **Diagnostic Imaging.** The hospital will have diagnostic x-ray, computed tomography, and ultrasonography services available 24 hours a day. A radiologic technologist, computerized tomography technologist, and staff designated as qualified to perform ultrasonography will be on duty or on call and immediately available 24 hours a day. A single technologist designated as qualified by the

radiologist in both diagnostic x-ray and computerized tomography procedures may be used to meet this requirement if an on call schedule of additional diagnostic imaging personnel is maintained. The diagnostic imaging services include:

- (i) Angiography;
- (ii) Ultrasonography;
- (iii) Computed tomography;
- (iv) Magnetic resonance imaging; and
- (v) Neuroradiology.

(I) **Clinical laboratory service.** The hospital must have clinical laboratory services available 24 hours a day. All or part of these services may be provided by arrangements with certified reference laboratories that are available on an emergency basis 24 hours a day. These services include:

- (i) All the clinical laboratory services listed for Level II classification as set forth in (b)(1)(C) of this Section;
- (ii) Comprehensive immunohematology services including blood typing and compatibility testing;
- (iii) A supply of blood and blood products on hand that is properly stored and adequate to meet expected patient needs; and
- (iv) Access to services provided by a community central blood bank.

(J) **Social services.** Social services available and provided as required in Subchapter 31 of this Chapter.

(2) **Personnel.**

(A) **Emergency services director.** The medical staff will designate a physician credentialed to provide emergency medical care as emergency services director.

(B) **Ophthalmology services director.** The medical staff will designate a physician credentialed to provide medical and/or surgical ophthalmic care as ophthalmology services director.

(C) **Physician qualifications.** Physician members of the ophthalmology service must be board certified, board eligible, or residency trained in ophthalmology.

(D) **Optometrist.** Appropriately trained and credentialed optometrists may also provide consultative and therapeutic services within their scope of practice.

(3) **Supplies and equipment.** In addition to the requirements at OAC 310:667-59-19(b)(3), the hospital must have the following equipment and supplies on site, functional, and immediately available:

- (A) Gonioscopy equipment; and
- (B) Equipment for indirect ophthalmoscopy.

(4) **Policies on transfers.** The hospital must have written policies defining the medical conditions and circumstances for those emergency patients that may be retained for treatment in-

house, and for those who require stabilizing treatment and transfer to another facility.

[Source: Added at 17 Ok Reg 2992, eff 7-13-00 ; Amended at 20 Ok Reg 1664, eff 6-12-03 ; Amended at 39 Ok Reg 1392, eff 9-11-22]

310:667-59-20. Classification of emergency stroke services

(a) **Level I Stroke Center.** A Level I Stroke Center must comply with primary and secondary stroke recognition and prevention guidelines as required by state law . A Level I Stroke Center will serve as a resource center for other hospitals in the region and will a comprehensive receiving hospital staffed and equipped to provide total care for all major needs of the stroke patient as determined by:

- (1) An up-to-date certification as a Comprehensive Stroke Center from a Centers for Medicare and Medicaid Services deemed accrediting agency or a Department approved organization that uses a nationally recognized set of guidelines; and
- (2) Providing quality assurance information, including benchmark tracking and other data to the department upon request.

(b) **Level II Stroke Center.** A Level II Stroke Center must comply with primary and secondary stroke recognition and prevention guidelines as required by state law. A Level II Stroke Center will be a receiving center staffed by in-patient stroke services staff and willequipped to provide definitive care for a major proportion of stroke patients within the region as determined by:

- (1) An up-to-date certification as a Primary Stroke Center from a Centers for Medicare and Medicaid Services deemed accrediting agency or a Department approved organization that uses a nationally recognized set of guidelines; and
- (2) Providing quality assurance information, including benchmark tracking and other data to the department upon request.

(c) **Level III Stroke Center.** A Level III Stroke Center must comply with secondary stroke recognition and prevention guidelines as required by state law. A Level III Stroke Center will be staffed and equipped to provide initial diagnostic services, stabilization, thrombolytic therapy, emergency care to patients who have suffered an acute stroke (which is a stroke where symptoms have on-set within the immediately preceding 12 hours). A Level III Stroke Center must have an up-to-date certification as an Acute Stroke Ready Hospital from a Centers for Medicare and Medicaid Services deemed accrediting agency or from a department approved organization that uses a nationally recognized set of guidelines or from the department for a period not to exceed 3 years. A hospital must be classified at a Level III Stroke Center if it complies with (c)(1) through (c) (7) of this subsection (c):

(1) Stroke Team:

- (A) The stroke team must be available 24 hours a day, 7 days a week;
- (B) The stroke team will include a licensed physician trained in the care of the emergent stroke patient and credentialed by the hospital to provide emergency medical service for stroke patients, including the ability to

administer thrombolytic agents;

(C) Each stroke team member must be either on-site or able to respond to the hospital within 20 minutes to the emergency department of the Stroke Center;

(D) Stroke members will be trained in the care of a stroke patient, with the training updated annually;

(E) The stroke team's written protocols:

(i) State the standard practice for the care of stroke patients;

(ii) Establish expected response time and requires the response time of stroke patients to be recorded in writing;

(iii) Require the appropriate administration of an FDA-approved thrombolytic agent to occur within 60 minutes after a patient arrives at the emergency department at least 50% of the time; and

(iv) Include emergency stroke care protocols as further described in (2)(D) in this subsection (c).

(F) The stroke team's policies and procedures will include provisions that:

(i) The stroke coordinator must be either a licensed nurse or other health professional; and

(ii) All stroke team members are identified in writing.

(2) Emergency Department:

(A) The emergency department will include a licensed independent practitioner able to:

(i) Recognize, assess and if indicated administer thrombolytic therapy to stroke patients; and

(ii) Assess potential stroke patients within 15 minutes of arrival.

(B) The emergency department will include nursing personnel trained in emergent stroke care that are available on-site 24 hours a day. Training must occur at least every 2 years through evidence of competency;

(C) The emergency department must have written comprehensive stroke protocols for the treatment and stabilization of a stroke patient. These protocols include:

(i) Detailed instructions on IV thrombolytic use;

(ii) Reversal of anticoagulation in patients with hemorrhagic stroke;

(iii) A standardized stroke assessment scale;

(iv) Protocols for the control of seizures;

(v) Blood pressure management; and

(vi) Care for patients, who have suffered a stroke, but are not eligible to receive thrombolytic agents.

(D) The emergency department collaborates with emergency medical service agencies to develop inter-facility transfer protocols for stroke patients and will only use those emergency medical service agencies that have a Department approved protocol for the inter-facility

transfer of stroke patients.

(3) Supplies and equipment:

(A) All equipment and supplies will meet the requirements of OAC 310:667-59-9 (a)(3);

(B) The following must be available on-site 24 hours a day:

- (i) thrombolytic agents, which are FDA approved for the treatment of acute non-hemorrhagic stroke;
- (ii) seizure control agents; and
- (iii) thiamine and glucose for intravenous administration.

(4) Neuroimaging services:

(A) Diagnostic x-ray and computerized tomography (CT) services must be on site and available 24 hours a day;

(B) Radiologic technologist and CT technologist must be on duty or on call with a 20 minute response time, 24 hours a day, seven (7) 7 days a week. A single technologist designated as qualified by the radiologist in both diagnostic x-ray and CT procedures may be used to meet this requirement if an on-call schedule of additional diagnostic imaging personnel is maintained;

(5) Laboratory services:

Laboratory services must be on-site and available 24 hours a day, 7 days a week. These services include:

(A) A complete blood count;

(B) Metabolic profile;

(C) Coagulation studies (prothrombin time, international normalized ratio);

(D) Pregnancy testing; and

(E) Troponin I.

(6) Outcome and quality improvement:

(A) The hospital will track the number of all stroke and acute stroke patients, the number treated with thrombolytic therapy, including how soon after hospital presentation (arrival to needle time), the number of acute stroke patients not treated and indications for why they were not treated;

(B) There will be an official policy to review the care of all acute stroke patients that were eligible for thrombolytics and did not receive them;

(C) There will be a policy for and review of all patients who received thrombolytics more than 60 minutes after hospital presentation;

(D) If a hospital fails to provide thrombolytics within 60 minutes to at least 50% of eligible patients for two consecutive quarters, they will develop and implement an internal plan of corrections;

(E) Provide no less than quarterly feedback to:

(i) Hospital physicians and other health professionals;

(ii) Emergency medical service agencies; and

(iii) Referring hospitals;

(F) There will be a review of all acute stroke patients who require more than 2 hours to be transferred (arrival-to-departure time);

(G) The time from ordering to interpretation of a head CT or MRI will be tracked; and

(H) Door-to-computer link time for cases where a tele-technology is used;

(I) The hospital will make available to the Department any information referenced in this paragraph upon request.

(7) Agreements and policies:

(A) The Level III stroke center must have a written plan for transfer of patients to a Level I or Level II stroke facility as appropriate, defining medical conditions and circumstances for those emergency patients who:

(i) May be retained for treatment in-house;

(ii) Require stabilizing treatment; and

(iii) Require transfer to another facility.

(B) If a stroke telemedicine program is utilized, there will be a written, contractual agreement addressing, at a minimum, performance standards, legal issues and reimbursement.

(d) Level IV Stroke Referral Center. A Level IV Stroke referral center must comply with secondary stroke recognition and prevention guidelines as required by state law and must be a referral center lacking sufficient resources to provide definitive care for stroke patients. A Level IV Stroke referral Center will provide prompt assessment, indicated resuscitation and appropriate emergency intervention. The Level IV Stroke referral Center will arrange and expedite transfer to a higher level stroke center as appropriate. A hospital must receive a Level IV Stroke referral Center designation by the Department, with renewal occurring in 3 year intervals, provided the hospital is not certified as a level I, II or III stroke center if it complies with all of this subsection (d):

(1) Emergency Department:

(A) For acute stroke patients requiring transfer by emergency medical services, said services will be contacted and emergently requested no more than 20 minutes after patient arrival;

(B) Enter into transfer agreements for expeditious transfer of acute stroke patients to stroke centers able to provide a higher level of care;

(C) Have a comprehensive plan for the prompt transfer of acute stroke patients to higher level stroke centers which includes an expected arrival-to-departure time of less than 60 minutes, with the ability to provide documentation demonstrating the ability to meet this requirement at least 65% of the time on a quarterly basis;

(D) A health care professional that is able to recognize and assess stroke patients within 15 minutes of arrival; and

(E) Collaborate with emergency medical service agencies to develop inter-facility transfer protocols for stroke patients and will only use those emergency medical

- service agencies that have a Department approved protocol for the inter-facility transfer of stroke patients.
- (2) **Supplies and equipment:** All Level IV Stroke referral Centers must meet the requirements of OAC 310:667-59-9(a)(3).
- (3) **Laboratory services:** No requirements.
- (4) **Outcome and quality improvement:** The following outcome and quality improvement requirements are applicable to Level IV Stroke referral Centers, which include tracking of all patients seen with acute stroke:
- (A) A hospital will meet the applicable outcome and quality measures listed in (c)(6) in this Section; and
 - (B) Track and review all acute stroke transfer cases requiring longer than an arrival-to-departure time of less than 60 minutes. If over two consecutive quarters inter-facility transfers (arrival-to-departure) exceeds 60 minutes more than 35% of the time the facility will create and implement an internal plan of correction.
- (5) **Agreements and policies:**
- (A) A Level IV Stroke referral Center must have a written plan for transfer of patients to a Level I, II or III Stroke Center. The written plan will establish medical conditions and circumstances to determine:
 - (i) Which patients may be retained or referred for palliative or end-of-life care;
 - (ii) Which patients shall require stabilizing treatment; and
 - (iii) Which patients shall require transfer to a Level I, II or III Stroke Center;
 - (B) Development and implementation of policy and transfer agreements directing transfer of acute stroke patients to the closest appropriate higher level facility. Patient preference may be taken into consideration when making this decision.

AGENCY NOTE: In the process of drafting and revising new language for this section 310:667-59-20, a change in numbering was not captured in the new rule text in subparagraph (d)(4)(A) of this section. The cross-reference to 310:667-59-20(G) in this subparagraph is invalid and refers to a non-existent subsection. The cross-reference should refer to 310:667-59-20(c)(6), relating to outcome and quality improvement measures. This error will be revised in future rule-making.

310:667-59-21. Classification of emergency neurology services

(a) **Level III.** A Level III hospital will provide services with at least a licensed independent practitioner, registered nurse, licensed practical nurse, or Intermediate, Advanced Emergency Medical Technician (AEMT) or paramedic, as defined in OAC 310:641-1-7, on site 24 hours a day. A hospital must be classified at Level III for emergency neurology services if it complies with all of this subsection:

- (1) **Clinical services and resources.** Diagnostic, surgical, or medical specialty services are not required.

(2) **Personnel.** A physician, licensed independent practitioner, registered nurse, licensed practical nurse, or Intermediate, Advanced Emergency Medical Technician (AEMT), or paramedic, as defined in OAC 310:641-1-7, will be on site 24 hours a day. In the absence of a physician, licensed independent practitioner, registered nurse, or paramedic, at least one of the practitioners on duty will have received training in advanced life support techniques and will be competent to initiate treatment of the emergency patient.

(3) **Supplies and equipment.** In addition to the requirements at OAC 310:667-59-9(a)(3), the hospital will have the following equipment and supplies on site, functional, and immediately available:

- (A) Seizure control agents;
- (B) Thiamine and glucose for intravenous administration; and
- (C) Antipyretics and procedures for reducing body temperature when necessary.

(4) **Agreements and policies on transfers.**

(A) The hospital must have written policies defining the medical conditions and circumstances for emergency patients that may be retained for treatment in-house, and for those who require stabilizing treatment and transfer to another facility.

(B) The hospital must have a written agreement with a hospital, or board certified, board eligible, or residency trained neurologist, or group of neurologists to provide immediate consultative services for neurology patients 24 hours a day. These services must include providing instructions for the initiation of appropriate therapy and/or patient transfer.

(b) **Level II.** A Level II hospital will provide emergency medical services with an organized emergency department. A physician and nursing staff will be on site 24 hours a day. A hospital must be classified at Level II for emergency neurology services if it complies with all of this subsection (b):

(1) **Clinical services and resources.**

(A) **Emergency services.** A physician competent in the care of the emergent neurology patient and credentialed by the hospital to provide emergency medical services and nursing personnel must be on site 24 hours a day.

(B) **Diagnostic imaging.** The will have diagnostic x-ray and computerized tomography services available 24 hours a day. A radiologic technologist and computerized tomography technologist must be on duty or on call and immediately available 24 hours a day. A single technologist designated as qualified by the radiologist in both diagnostic x-ray and computerized tomography procedures may be used to meet this requirement if an on call schedule of additional diagnostic imaging personnel is maintained. The diagnostic imaging services include:

- (i) Ultrasonography; and
- (ii) Computed tomography.

(C) **Clinical laboratory service.** The hospital's clinical laboratory services must be available 24 hours a day. All or part of these services may be provided by arrangements with certified reference laboratories that are available on an emergency basis 24 hours a day. These services include:

- (i) Standard analysis of blood, urine, and other body fluids to include routine chemistry and hematology testing;
- (ii) Cerebrospinal fluid, cell count, white blood cell differential, protein, glucose, Gram stain, and antigen testing when appropriate;
- (iii) Coagulation studies;
- (iv) Blood gas/pH analysis;
- (v) Drug and alcohol screening; and
- (vi) Comprehensive microbiology services or appropriate supplies for the collection, preservation, and transport of clinical specimens for aerobic and anaerobic bacterial, mycobacterial, and fungus cultures.

(2) **Personnel.**

(A) **Emergency services director.** The medical staff will designate a physician credentialed to provide emergency medical care as emergency services director.

(B) **Neurologist.** A physician board certified, board eligible, or residency trained in neurology will be available for consultation on site or immediately available by telephone or other electronic means 24 hours a day.

(3) **Supplies and equipment.** In addition to the requirements at OAC 310:667-59-9(a)(3), the hospital must have the following equipment and supplies on site, functional, and immediately available:

- (A) Equipment to perform electroencephalographic (EEG) testing;
- (B) Seizure control agents;
- (C) Thiamine and glucose for intravenous administration;
- (D) Antipyretics and procedures for reducing body temperature when necessary;
- (E) Sterile procedure trays for:
 - (i) Lumbar puncture and measurement of intracranial pressure; and
 - (ii) Gastric lavage and administration of activated charcoal.
- (F) Agents to manage increased intracranial pressure including:
 - (i) Osmotic diuretics such as mannitol;
 - (ii) Loop diuretics such as furosemide; and
 - (iii) Corticosteroids when appropriate.

(G) Drugs to manage migraine headache such as sumatriptin, ergotic agents, antinauseants, narcotic analgesics, etc.; and

(H) Thrombolytic agents for treatment of acute nonhemorrhagic stroke.

(4) **Agreements and policies on transfers.** A Level II hospital is subject to the same agreements and policies on transfers requirements as a Level III hospital as set forth in (a)(4) in this Section.

(c) **Level I.** A Level I hospital must provide emergency medical services with organized emergency, neurology, and neurosurgery departments. A physician and nursing staff with special capability in neurologic care will be on site 24 hours a day. The hospital must have the capability to provide immediate diagnostic imaging and neurosurgical intervention 24 hours a day. A hospital must be classified at Level I for emergency neurology services complies with all of this subsection:

(1) **Clinical services and resources.**

(A) **Emergency services.** A Level I hospital is subject to the same emergency services requirements as a Level II hospital as set forth in (b)(1)(A) of this Section.

(B) **Neurology.** The hospital must have an organized neurology service with appropriately credentialed physicians experienced in neurologic procedures that must be immediately available 24 hours a day. Physician members of the neurology services must be board certified, board eligible, or residency trained in neurology. On call physicians will respond as required by the hospital's policy.

(C) **Neurosurgery.** The hospital must have an organized neurosurgery service with appropriately credentialed physicians experienced in neurosurgical procedures that must be immediately available 24 hours a day. Physician members of the neurosurgery service must be board certified, board eligible, or residency trained in neurosurgery. On call physicians will respond as required by the hospital's policy.

(D) **Anesthesia.** A board certified, board eligible, or residency trained anesthesiologist must be on site or on call 24 hours a day and promptly available. All anesthesia will be administered in accordance with OAC 310:667-25-2.

(E) **Operating suite.** An operating suite with adequate staff and equipment must be immediately available 24 hours a day. The hospital will define and in writing the minimum staffing requirements for the operating suite. An on call schedule for emergency replacement staff must be maintained.

(F) **Post-anesthesia recovery unit.** The hospital must have a post-anesthesia recovery room or intensive care unit that is in compliance with OAC 310:667-15-7 with the nursing personnel and anesthesia services remaining in

the unit until the patient is discharged from post-anesthesia care.

(G) **Intensive care unit.** The hospital's intensive care unit must include:

- (i) Compliance with OAC 310:667-15-7;
- (ii) A registered nurse on duty in the intensive care unit whenever it has a patient;
- (iii) A registered nurse on call and immediately available when the unit has a patient; and
- (iv) Written minimum staffing requirements for the intensive care unit that will be monitored through the quality improvement program.

(H) **Diagnostic Imaging.** The hospital will have diagnostic x-ray and computed tomography services available 24 hours a day. A radiologic technologist and computerized tomography technologist must be on duty or on call and immediately available 24 hours a day. A single technologist designated as qualified by the radiologist in both diagnostic x-ray and computerized tomography procedures may be used to meet this requirement if an on call schedule of additional diagnostic imaging personnel is maintained. The diagnostic imaging services include:

- (i) Cerebral angiography;
- (ii) Myelography;
- (iii) Ultrasonography;
- (iv) Computed tomography;
- (v) Magnetic resonance imaging; and
- (vi) Neuroradiology.

(I) **Electrophysiologic Testing.** The hospital will have electrophysiologic testing services including electroencephalography (EEG), electrocardiography (ECG), and electromyography (EMG) services available as needed.

(J) **Clinical laboratory service.** The hospital's clinical laboratory services must be available 24 hours a day. All or part of these services may be provided by arrangements with certified reference laboratories that are available on an emergency basis 24 hours a day. These services include:

- (i) All the clinical laboratory services listed for Level II classification as set forth in (b)(1)(C) of this Section;
- (ii) Comprehensive immunohematology services including blood typing and compatibility testing;
- (iii) A supply of blood and blood products on hand that is properly stored and adequate to meet expected patient needs; and
- (iv) Access to services provided by a community central blood bank.

(K) **Social services.** Social services must be available and provided in accordance with Subchapter 31 of this

Chapter.

(L) **Respiratory therapy.** Routine respiratory therapy procedures and mechanical ventilators will be available 24 hours a day and will comply with OAC 310:667-23-6.

(M) **Rehabilitation services.**

(i) The hospital must provide rehabilitation services in a rehabilitation center with a staff of personnel trained in rehabilitation care and equipped properly for acute care of the critically ill patient;
or

(ii) If it is unable to satisfy (i) of this subparagraph (M), it must have a written transfer agreement with a hospital which meets the requirements of Subchapter 35 of this Chapter.

(2) **Personnel.**

(A) **Emergency services director.** The medical staff will designate a physician credentialed to provide emergency medical care as emergency services director.

(B) **Neurology services director.** The medical staff will designate a physician credentialed to provide neurologic and/or neurosurgical care as neurology services director.

(C) **Physician qualifications.** All physicians of the neurology service and neurosurgical service must be board certified, board eligible, or residency trained in neurology.

(3) **Supplies and equipment.**

(A) **Emergency department.** In addition to the requirements at OAC 310:667-59-19(d)(3), the hospital must have the following equipment and supplies on site, functional, and immediately available:

- (i) All the emergency department equipment and supplies listed for Level II classification as set forth in (b)(3) of this Section;
- (ii) Seizure control agents;
- (iii) Emergency burr hole as part of the sterile procedure tray; and
- (iv) Equipment to monitor intracranial pressure.

(B) **Operating suite.** The operating suite must have the following supplies and equipment on site, functional and available for use:

- (i) Cardiopulmonary bypass capability;
- (ii) Operating microscope;
- (iii) Thermal control equipment for patients and infusion of blood, blood products, and other fluids;
- (iv) X-ray capability including c-arm intensifier;
- (v) Endoscopes;
- (vi) Craniotomy instruments; and
- (vii) Equipment for the continuous monitoring of intracranial pressure.

(C) **Post-anesthesia recovery unit.** The post-anesthesia recovery unit must have the following supplies and

equipment on site, functional, and available for use:

- (i) Equipment for the continuous monitoring of temperature, hemodynamics, and gas exchange;
- (ii) Equipment for the continuous monitoring of intracranial pressure;
- (iii) Pulse oximetry;
- (iv) End-tidal CO₂ determination; and
- (v) Thermal control equipment for patients and infusion of blood, blood products, and other fluids.

(D) **Intensive care unit.** The intensive care unit must have the following supplies and equipment on site, functional, and available for use:

- (i) Equipment for the continuous monitoring of temperature, hemodynamics, and gas exchange;
- (ii) Equipment for the continuous monitoring of intracranial pressure;
- (iii) Cardiopulmonary resuscitation cart;
- (iv) Electrocardiograph-oscilloscope-defibrillator-pacer; and
- (v) Sterile surgical sets for:
 - (I) Airway control/cricothyrotomy;
 - (II) Thoracotomy;
 - (III) Vascular access; and
 - (IV) Chest decompression.

(4) **Policies on transfers.** The policies on transfers are as set forth in(a)(4)(A) of this Section (relating to agreements and policies on transfers).

310:667-59-23. Classification of emergency psychiatric services

(a) **Level III.** A Level III hospital will provide emergency medical services with at least a licensed independent practitioner, registered nurse, licensed practical nurse, or an Intermediate, Advanced Emergency Medical Technician (AEMT), or paramedic, as defined in OAC 310:641-7, on site 24 hours a day. A hospital must be classified at Level III for emergency psychiatric services if it complies with all of this subsection:

- (1) **Clinical services and resources.** Diagnostic, surgical, or medical specialty services are not required.
- (2) **Personnel.** A physician, licensed independent practitioner, registered nurse, licensed practical nurse, or an Intermediate, Advanced Emergency Medical Technician (AEMT), or paramedic, as defined in OAC 310:641-1-7, will be on site 24 hours a day. In the absence of a physician, licensed independent practitioner, registered nurse, or paramedic level emergency medical

technician, at least one of the practitioners on duty will have received training in advanced life support techniques and must be competent to initiate treatment of the emergency patient.

(3) **Outpatient psychiatric resources.** The hospital will maintain a current list of outpatient psychiatric resources available within the community or region and make appropriate referrals for patients who do not require emergency inpatient psychiatric treatment.

(4) **Supplies and equipment.** In addition to the requirements at OAC 310:667-59-9(a)(3), the hospital will have the following equipment and supplies on site, functional, and immediately available:

(A) Psychotropic medications appropriate for treating psychiatric emergencies including benzodiazepines such as lorazepam and neuroleptics such as haloperidol; and

(B) Thiamine and glucose for intravenous administration.

(5) **Agreements and policies on transfers.**

(A) The hospital must have written policies defining the medical conditions and circumstances for emergency patients that may be retained for treatment in-house, and for those who require stabilizing treatment and transfer to another hospital.

(B) The hospital must have a written agreement with a hospital, or board certified, board eligible, or residency trained psychiatrist, or group of psychiatrists to provide immediate consultative services for psychiatric patients 24 hours a day. These services include providing instructions for the initiation of appropriate therapy and/or patient transfer.

(b) **Level II.** A Level II hospital will provide emergency medical services with an organized emergency department. A physician and nursing staff must be on site 24 hours a day. A hospital must be classified at Level II for emergency psychiatric services if it complies with all of this subsection (b):

(1) **Clinical services and resources.**

(A) **Emergency services.** A physician competent in the care of the emergent psychiatric patient and credentialed by the hospital to provide emergency medical services and nursing personnel must be on site 24 hours a day.

(B) **Outpatient psychiatric resources.** A Level II hospital is subject to the same outpatient psychiatric resources requirements as a Level III hospital as set forth in (a)(3) of this Section.

(C) **Diagnostic imaging.** The hospital's diagnostic x-ray services must be available 24 hours a day. A radiologic technologist will be on duty or on call and immediately available 24 hours a day.

(D) **Clinical laboratory service.** The hospital's clinical laboratory services will be available 24 hours a day. All or part of these services may be provided by arrangements with certified reference laboratories that are available on

an emergency basis 24 hours a day. These services include:

- (i) Standard analysis of blood, urine, and other body fluids to include routine chemistry and hematology testing;
- (ii) Coagulation studies;
- (iii) Blood gas/pH analysis;
- (iv) Therapeutic drug monitoring;
- (v) Drug and alcohol screening; and
- (vi) Comprehensive microbiology services or appropriate supplies for the collection, preservation, and transport of clinical specimens for aerobic and anaerobic bacterial, mycobacterial, and fungus cultures.

(2) **Personnel.**

(A) **Emergency services director.** The medical staff will designate a physician credentialed to provide emergency medical care as emergency services director.

(B) **Psychiatrist.** A physician board certified, board eligible, or residency trained in psychiatry will be available for consultation on site or immediately available by telephone or other electronic means 24 hours a day.

(3) **Supplies and equipment.** In addition to the requirements at OAC 310:667-59-9(a)(3), the hospital must have the following equipment and supplies on site, functional, and immediately available:

(A) Equipment to perform electroencephalographic (EEG) testing;

(B) Psychotropic medications appropriate to deal with psychiatric emergencies including benzodiazepines such as lorazepam and neuroleptics such as haloperidol; and

(C) Thiamine and glucose for intravenous administration.

(4) **Agreements and policies on transfers.** A Level II hospital is subject to the same agreements and policies on transfers requirements as a Level III hospital as set forth in (a)(5) of this Section.

(c) **Level I.** A Level I hospital will provide emergency medical services with organized emergency and psychiatry departments. A physician and nursing staff with special capability in psychiatric care must be on site 24 hours a day. The hospital must have the capability to provide immediate emergency inpatient psychiatric treatment 24 hours a day. A hospital must be classified at Level I for emergency psychiatric services if it complies with all of this subsection (c):

(1) **Clinical services and resources.**

(A) **Emergency services.** A physician competent in the care of the emergent psychiatric patient and credentialed by the hospital to provide emergency medical services and nursing personnel with special capability in psychiatric care must be on site 24 hours a day. Emergency room personnel must receive training on the facility's policies and procedures related to psychiatric patients including

those for the use of physical and chemical restraints and seclusion, obtaining informed consent for psychotropic medications, suicide precautions, patient right to refuse treatment and the duty to protect, Emergency Order of Detention and commitment procedures, and determining a patient's legal status.

(B) **Psychiatry.** The hospital must have an organized psychiatric service with appropriately credentialed physicians immediately available 24 hours a day. Physician members of the psychiatric service must be board certified, board eligible, or residency trained in psychiatry. On call physicians will respond as required by the hospital's policy.

(C) **Outpatient psychiatric resources.** The hospital will maintain a current list of outpatient psychiatric resources available within the community or region and make appropriate referrals and follow-ups for patients who do not require emergency inpatient psychiatric treatment.

(D) **Inpatient psychiatric services.** All inpatient psychiatric services will be provided under the direction of a physician director of inpatient psychiatric services and will comply with Subchapter 33 of this Chapter.

(E) **Diagnostic Imaging.** The hospital's diagnostic x-ray and computed tomography services must be available 24 hours a day. A radiologic technologist and computerized tomography technologist will be on duty or on call and immediately available 24 hours a day. A single technologist designated as qualified by the radiologist in both diagnostic x-ray and computerized tomography procedures may be used to meet this requirement if an on call schedule of additional diagnostic imaging personnel is maintained. The diagnostic imaging services include:

- (i) Computed tomography;
- (ii) Magnetic resonance imaging; and
- (iii) Neuroradiology.

(F) **Clinical laboratory service.** A Level I hospital is subject to the same clinical laboratory service requirements as a Level II hospital as set forth in (b)(1)(D) of this Section.

(G) **Social services.** Social services must be available and provided in accordance with Subchapter 31 of this Chapter.

(2) **Personnel.**

(A) **Emergency services director.** The medical staff will designate a physician credentialed to provide emergency medical care as emergency services director.

(B) **Psychiatric services director.** The medical staff will designate a physician credentialed to provide psychiatric care as psychiatric services director.

(C) **Psychiatric nursing services director.** A registered nurse with experience in psychiatric nursing will be

responsible for psychiatric nursing service administration.
(D) **Physician qualifications.** Physician members of the psychiatry service must be board certified, board eligible, or residency trained in psychiatry.

(3) **Supplies and equipment: Emergency department.** A Level I hospital is subject to the same supplies and equipment requirements as a Level II hospital as set forth in (b)(3) of this Section.

(4) **Policies on transfers.** The policies on transfers are as set forth in (a)(5)(A) of this Section (relating to policies on transfers).

310:667-59-25. Classification of emergency general medicine services

(a) **Level IV.** A Level IV hospital will provide emergency medical services with at least a licensed independent practitioner, registered nurse, licensed practical nurse, or an Intermediate, Advanced Emergency Medical Technician (AEMT) or paramedic , as defined in OAC 310:641-1-7, on site 24 hours a day. A hospital must be classified at Level IV for emergency general medicine services if it complies with all of this subsection:

(1) **Clinical services and resources.** Diagnostic, surgical, or medical specialty services are not required.

(2) **Personnel.** A physician, licensed independent practitioner, registered nurse, licensed practical nurse, or an Intermediate, Advanced Emergency Medical Technician (AEMT) or paramedic, as defined in OAC 310:641-1-7, is required on site 24 hours a day. In the absence of a physician, licensed independent practitioner, registered nurse, or paramedic, then at least one of the practitioners on duty must have received training in advanced life support techniques and must be competent to initiate treatment of the emergency patient.

(3) **Supplies and equipment.** The hospital must have equipment for use in the resuscitation of patients of all ages on site, functional, and immediately available, including at least the items specified in OAC 310:667-59-9(a)(3).

(4) **Policies on transfers.** The hospital must have written policies defining the medical conditions and circumstances for emergency patients that may be retained for treatment in-house, and for those who require stabilizing treatment and transfer to another hospital.

(b) **Level III.** A Level III hospital will provide emergency medical services with an organized emergency department. A physician and nursing staff with special capability in emergency care are required on

site 24 hours a day. General surgery and anesthesiology services will be available either on duty or on call. A hospital must be classified at Level III for emergency general medicine services if it complies with all of this subsection (b):

(1) **Clinical services and resources.**

(A) **Emergency services.** A physician competent in the care of the critically injured and credentialed by the hospital to provide emergency medical services and nursing personnel with special capability in emergency care must be on site 24 hours a day.

(B) **General surgery.** A board certified, board eligible, or residency trained general surgeon must be on call 24 hours a day and promptly available in the emergency department.

(C) **Anesthesia.** Anesthesia services must be on call 24 hours a day, promptly available, and administered in accordance with OAC 310:667-25-2.

(D) **Internal medicine.** A physician board certified, board eligible, or residency trained in internal medicine must be on call 24 hours a day and promptly available in the emergency department.

(E) **Other specialties.** The hospital will also have the following specialty services on call and promptly available:

- (i) Family/general medicine;
- (ii) Pathology; and
- (iii) Radiology.

(F) **Operating suite.** An operating suite with thermal control equipment for patients and infusion of blood and fluids must be available 24 hours a day.

(G) **Post-anesthesia recovery unit.** The hospital must have a post-anesthesia recovery room or intensive care unit that is in compliance with OAC 310:667-15-7 with nursing personnel and anesthesia services remaining in the unit until the patient is discharged from post-anesthesia care.

(H) **Intensive care unit.** The hospital's intensive care unit must include:

- (i) Compliance with OAC 310:667-15-7;
- (ii) A registered nurse on duty in the intensive care unit when it has a patient;
- (iii) A registered nurse on call and immediately available when the unit does not have a patient;
- (iv) Written minimum staffing requirements for the intensive care unit that are monitored through the quality improvement program; and
- (v) The equipment listed in OAC 310:667-59-9(b)(3)(C).

(I) **Diagnostic imaging.** The hospital must have diagnostic x-ray services available 24 hours a day. A radiology technologist must be on duty or on call and immediately available 24 hours a day.

(J) **Clinical laboratory service.** The hospital must have clinical laboratory services available 24 hours a day. All or part of these services may be provided by arrangements with certified reference laboratories that are available on an emergency basis 24 hours a day. These services include:

- (i) Comprehensive immunohematology services including blood typing and compatibility testing;
- (ii) A supply of blood and blood products on hand that is properly stored and adequate to meet expected patient needs;
- (iii) All blood and blood products are properly stored;
- (iv) Standard analysis of blood, urine, and other body fluids to include routine chemistry and hematology testing;
- (v) Coagulation studies;
- (vi) Blood gas/pH analysis;
- (vii) Comprehensive microbiology services or appropriate supplies for the collection, preservation, and transport of clinical specimens for aerobic and anaerobic bacterial, mycobacterial, and fungus cultures; and
- (viii) Drug and alcohol screening.

(K) **Social services.** Social services must be available and provided in accordance with Subchapter 31 of this Chapter.

(2) **Personnel: Emergency services director.** The medical staff will designate a physician credentialed to provide emergency medical care as emergency services director. The emergency services director may serve as the trauma service director.

(3) **Supplies and equipment: Emergency department.** The emergency department must have equipment for use in the resuscitation of patients of all ages on site, functional, and available in the emergency department, including at least the items specified in OAC 310:667- 59-9(b)(3)(A).

(4) **Policies on transfers.** A Level III hospital is subject to the same policies on transfers requirements as a Level IV hospital as set forth in (a)(4) of this Section.

(5) **Organ Procurement.** The hospital, in association with an organ procurement organization certified by the CMS, will develop policies and procedures to identify and refer potential organ donors.

(c) **Level II.** A Level II hospital will provide emergency medical services with an organized emergency department. A physician and nursing staff with special capability in emergency care will be on site 24 hours a day. General surgery and anesthesiology services will be available on site or on call 24 hours a day. Services from an extensive group of clinical specialties including infectious disease, internal medicine, nephrology, and orthopedics will be promptly available on call. A hospital must be classified at Level II for emergency general medicine services if it

complies with all of this subsection (c):

(1) **Clinical services and resources.**

(A) **Emergency services.** A physician competent in the care of the emergent patient and credentialed by the hospital to provide emergency medical services and nursing personnel with special capability in emergency care must be on site 24 hours a day.

(B) **General surgery.** A Level II hospital is subject to the same general surgery requirements as a Level III hospital as set forth in (b)(1)(B) of this Section.

(C) **Anesthesia.** Anesthesia services must be on call 24 hours a day, promptly available, and administered in accordance with OAC 310:667-25-2.

(D) **Internal medicine.** A physician board certified, board eligible, or residency trained in internal medicine must be on call 24 hours a day and promptly available in the emergency department.

(E) **Other specialties.** The hospital must also have the following specialty services on call and promptly available:

- (i) Cardiology;
- (ii) Family/general medicine;
- (iii) Infectious disease.
- (iv) Neurology;
- (v) Obstetrics/gynecology;
- (vi) Ophthalmology;
- (vii) Orthopedics;
- (viii) Otolaryngology;
- (ix) Pathology;
- (x) Pediatrics;
- (xi) Psychiatry;
- (xii) Pulmonary medicine;
- (xiii) Radiology;
- (xiv) Urology; and
- (xv) Nephrology.

(F) **Operating suite.** An operating suite with adequate staff and equipment must be immediately available 24 hours a day. The hospital will define and document in writing the minimum staffing requirements for the operating suite. The operating room will be equipped in accordance with OAC 310:667-59-9(c)(3)(B). An on call schedule for emergency replacement staff will be maintained.

(G) **Post-anesthesia recovery unit.** The hospital must have a post-anesthesia recovery room or intensive care unit that is in compliance with OAC 310:667-15-7 with nursing personnel and anesthesia services remaining in the unit until the patient is discharged from post-anesthesia care. The post-anesthesia recovery unit will be equipped in accordance with OAC 310:667-59-9(c)(3)(C).

(H) **Intensive care unit.** The hospital's intensive care unit must include:

- (i) Compliance with OAC 310:667-15-7 ;
- (ii) A registered nurse on duty in the intensive care unit whenever it has a patient;
- (iii) A registered nurse on call and immediately available when the unit does not have a patient;
- (iv) Written minimum staffing requirements for the intensive care unit that are monitored through the quality improvement program; and
- (v) Equipment in accordance with OAC 310:667-59-9(c)(3)(D).

(I) **Diagnostic Imaging.** The hospital's diagnostic x-ray services must be available 24 hours a day. A radiologic technologist and computerized tomography technologist will be on duty or on call and immediately available 24 hours a day. A single technologist designated as qualified by the radiologist in both diagnostic x-ray and computerized tomography procedures may be used to meet this requirement if an on call schedule of additional diagnostic imaging personnel is maintained. The diagnostic imaging services include:

- (i) Angiography;
- (ii) Ultrasonography;
- (iii) Computed tomography;
- (iv) Magnetic resonance imaging;
- (v) Neuroradiology; and
- (vi) Nuclear medicine imaging.
- (vii) For a hospital licensed as a general medical surgical hospital or specialty hospital, diagnostic imaging services shall also comply with the applicable requirements in Subchapter 23 of this Chapter.

(J) **Clinical laboratory service.** A Level II hospital is subject to the same clinical laboratory requirements as a Level III hospital as set forth in (b)(1)(J) of this Section.

(K) **Respiratory therapy.** Routine respiratory therapy procedures and mechanical ventilators will be available 24 hours a day. Respiratory therapy services will comply with OAC 310:667-23-6.

(L) **Social services.** Social services must be available and provided in accordance with Subchapter 31 of this Chapter.

(2) **Personnel: Emergency services director.** The medical staff will designate a physician credentialed to provide emergency medical care as emergency services director.

(3) **Supplies and equipment: Emergency department.** The emergency department must have equipment for use in the resuscitation of patients of all ages on site, functional, and available in the emergency department, including the items specified in OAC 310:667-59-9(c)(3)(A).

(4) **Policies on transfers.** A Level II hospital is subject to the same policies on transfers requirements as a Level IV hospital as

set forth in (a)(4) of this Section.

(5) **Organ Procurement.** The hospital, in association with an organ procurement organization certified by CMS, will develop policies and procedures to identify and refer potential organ donors.

(d) **Level I.** A Level I hospital will provide emergency medical services with an organized emergency department. A physician and nursing staff with special capability in emergency care will be on site 24 hours a day. General surgery and anesthesiology services will be available on site or on call 24 hours a day. Additional clinical services and specialties such as nuclear diagnostic imaging, dermatology, endocrinology, and hematology/oncology specialists must also be promptly available. A hospital must be classified at Level I for emergency general medicine services if it complies with all of this subsection:

(1) **Clinical services and resources.**

(A) **Emergency services.** A Level I hospital is subject to the same emergency services requirements as a Level II hospital as set forth in (c)(1)(A) of this Section.

(B) **General surgery.** A Level I hospital is subject to the same general surgery requirements as a Level III hospital as set forth in (b)(1)(B) of this Section.

(C) **Anesthesia.** Anesthesia services must be on call 24 hours a day, promptly available, and administered in accordance with OAC 310:667-25-2.

(D) **Internal medicine.** A physician board certified, board eligible, or residency trained in internal medicine must be on call 24 hours a day and promptly available in the emergency department.

(E) **Other specialties.** The hospital must also have services from the following specialties on call and promptly available:

- (i) All the specialty services listed for Level II classification [see (c)(1)(E) in this Section];
- (ii) Critical care medicine;
- (iii) Dermatology;
- (iv) Emergency medicine;
- (v) Endocrinology;
- (vi) Gastroenterology;
- (vii) Hematology/oncology; and
- (viii) Rheumatology.

(F) **Operating suite.** A Level I hospital is subject to the same operating suite requirements as a Level II hospital as set forth in (c)(1)(F) of this Section.

(G) **Post-anesthesia recovery unit.** A Level I hospital is subject to the same post-anesthesia recovery unit requirements as a Level II hospital as set forth in (c)(1)(G) of this Section.

(H) **Intensive care unit.** A Level I hospital is subject to the same intensive care unit requirements as a Level II hospital as set forth in (c)(1)(H) of this Section. A physician with privileges in critical care must be on duty

in the unit or immediately available in the hospital 24 hours a day.

(I) **Diagnostic Imaging.** A Level I hospital is subject to the same diagnostic imaging requirements as a Level II hospital as set forth in (c)(1)(I) of this Section.

(J) **Clinical laboratory service.** A Level I hospital is subject to the same clinical laboratory requirements as a Level III hospital as set forth in (b)(1)(J) of this Section.

(K) **Respiratory therapy.** Routine respiratory therapy procedures and mechanical ventilators will be available 24 hours a day. Respiratory therapy services will comply with OAC 310:667-23-6.

(L) **Acute hemodialysis.** The hospital will have the capability to provide acute hemodialysis services 24 hours a day. All staff providing hemodialysis patient care will have documented hemodialysis training and experience.

(M) **Social services.** Social services must be available and provided in accordance with Subchapter 31 of this Chapter.

(2) **Personnel: Emergency services director.** The medical staff will designate a physician credentialed to provide emergency medical care as emergency services director.

(3) **Supplies and equipment: Emergency department.** The emergency department must have equipment for use in the resuscitation of patients of all ages on site, functional, and available in the emergency department, including the items specified in OAC 310:667-59-9(d)(3)(A).

(4) **Policies on transfers.** The hospital shall have written policies defining the medical conditions and circumstances for those emergency patients which may be retained for treatment in-house, and for those who require stabilizing treatment and transfer to another facility. A Level I hospital is subject to the same policies on transfers requirements as a Level IV hospital as set forth in (a)(4) of this Section.

(5) **Organ Procurement.** The hospital, in association with an organ procurement organization certified by CMS, will develop policies and procedures to identify and refer potential organ donors.

SUBCHAPTER 61. RURAL EMERGENCY HOSPITALS

310:667-61-1. Purpose

This Subchapter 61 creates a category of licensure to enable certain rural Oklahoma hospitals to receive federal healthcare reimbursements from Medicare and Medicaid programs, as rural emergency hospitals, pursuant to the Social Security Act § 1861(kkk), Title 42 U.S.C. § 1395x and 42 CFR Parts 485 and 489, to enable them to

continue providing services to the rural communities they serve.

[Source: Added at 41 Ok Reg, Number 22, effective 8-11-24]

310:667-61-2. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise.

"CMS" means the Centers for Medicare & Medicaid Services, a part of the United States Department of Health and Human Services.

"Code of federal regulations" or **"CFR"** means the codification of the general and permanent rules published by the departments and agencies of the federal government.

"Conditions of participation" means certain CMS regulations setting minimum health and safety standards for healthcare organizations to meet to participate in federally funded healthcare programs, such as Medicare and Medicaid.

"Facility" means:

- (A) *was a critical access hospital; or*
- (B) *was a subsection (d) hospital (as defined in section 1395ww(d)(1)(B) of Title 42 U.S.C.) with not more than 50 beds located in a county (or equivalent unit of local government) in a rural area (as defined in section 1395ww(d)(2)(D) of Title 42 U.S.C.), or was a subsection (d) hospital (as so defined) with not more than 50 beds that was treated as being located in a rural area pursuant to section 1395ww(d)(8)(E) of Title 42 U.S.C. [Title 42 U.S.C. 1395x]*

"Rural emergency hospital" or **"REH"** means a facility, as defined above, that:

- (A) *is enrolled under Title 42 U.S. C. §1395cc(j), which relates to the enrollment process for providers of services and suppliers, submits the additional information described in paragraph 1395x(kkk)(4)(A) of Title 42 U.S.C., related to providing an action plan, describing any outpatient services offered and the proposed use of the additional facility payment to REHs, for purposes of such enrollment, and makes the detailed transition plan described in clause (i) of such paragraph available to the public, in a form and manner determined appropriate by the U.S. Secretary of Health & Human Services ("Secretary");*
- (B) *does not provide any acute care inpatient services, other than those described in paragraph Title 42 U. S. C. 1395x(kkk)(6)(A), related a skilled nursing facility to furnish post-hospital extended care services;*
- (C) *has in effect a transfer agreement with a level I or level II trauma center;*
- (D) *meets-*

- (i) *licensure requirements as described in paragraph Title 42 U.S.C. 1395x(kkk)(5);*
- (ii) *the requirements of a staffed emergency department as described in paragraph Title 42 U.S.C. 1395x(kkk)(1)(B);*
- (iii) *such staff training and certification requirements as the Secretary may require;*
- (iv) *conditions of participation applicable to-*
 - (I) *critical access hospitals, with respect to emergency services under section 485.618 of title 42, Code of Federal Regulations ("CFR") (or any successor regulation); and*
 - (II) *hospital emergency departments under this subchapter, as determined applicable by the Secretary; [Title 42 U.S.C. 1395x(kkk)] and*

(E) means an entity that operates for the purpose of providing emergency department services, observation care, and other outpatient medical and health services specified by the Secretary in which the annual per patient average length of stay does not exceed 24 hours. [42 CFR Part 485, § 485.502]

"Rural emergency hospital services" means *the following services furnished by a rural emergency hospital ...that do not exceed an annual per patient average of 24 hours in such rural emergency hospital:*

- (A)... Emergency department services and observation care; and*
- (B) ... At the election of the rural emergency hospital, with respect to services furnished on an outpatient basis, other medical and health services as specified by the Secretary through rulemaking. [Title 42 U.S.C. 1395x (kkk)(1)]*

"Twenty-four hours" or "24 hours" means *the time calculation for determining the length of stay of a patient receiving REH services, which begins with the registration, check-in or triage of the patient (whichever occurs first) and ends with the discharge of the patient from the REH. [42 CFR Part 485, §485.502]*

"U.S.C." means the United States Code, a consolidation and codification by subject matter of the general and permanent laws of the United States.

[Source: Added at 41 Ok Reg, Number 22, effective 8-11-24]

310:667-61-3. Licensure

(a) No person or entity shall operate a facility as a rural emergency hospital without first obtaining a license from the Department. The applicant for licensure must:

- (1) be within the definition of facility in OAC 310:667-63-2;
- (2) include an action plan for initiating rural emergency hospital services, including a detailed transition plan that lists the specific services that the facility will retain, modify, add and discontinue;

and

(3) a description of services that the facility intends to provide on an outpatient basis.

(b) The applicant for REH licensure is subject to the licensure requirements set forth in OAC 310:667-1-3. All applicants receiving REH licensure are subject to the regulatory requirements specific to the type of facility in OAC 310:667.

(c) A licensed general hospital or critical access hospital that applies for and receives licensure as a rural emergency hospital and elects to operate as a rural emergency hospital will retain its original license as a general hospital or critical access hospital. The original license will remain inactive while the REH license is in effect.

[Source: Added at 41 Ok Reg, Number 22, effective 8-11-24]

310:667-61-4. REH basic requirements

No person or entity shall be licensed as an REH, to provide rural emergency hospital services, unless:

- (1) the facility meets the definition of a rural emergency hospital contained in OAC 310:667-63-2;
- (2) the facility has in effect a provider agreement as defined in 42 CFR Part 489, §489.3; and
- (3) the facility meets the CMS conditions of participation set forth in 42 CFR Part 485, §§ 485.508 through 485.641.

[Source: Added at 41 Ok Reg, Number 22, effective 8-11-24]

310:667-61-5. Minimum operational requirements

No facility shall operate as a REH unless:

- (1) The facility satisfies the emergency department requirements for a critical access hospital set forth in OAC 310:667-39-14;
- (2) The facility satisfies the emergency department requirements for a REH as promulgated by CMS;
- (3) The facility provides rural emergency hospital services;
- (4) The facility has in effect a transfer agreement with a level I or level II trauma center that meets the requirements of OAC 310:667-59, Classification of Hospital Emergency Services;
- (5) The facility complies with state and federal law, CMS staffing requirements and all CMS conditions of participation;
- (6) The facility may not have inpatient beds, except that such hospital may have a unit that is a distinct part of such hospital and that is licensed as a skilled nursing facility to provide post-hospital extended care services; and
- (7) The facility may own and operate an entity that provides ambulance services.

CHAPTER 669. TRAUMA CARE ASSISTANCE REVOLVING FUND

[**Authority:** 63 O.S., §§ 1-104, 1-2512, and 1-2530.9]
[**Source:** Codified 6-11-01]

SUBCHAPTER 1. GENERAL PROVISIONS

310:669-1-1. Purpose

This Chapter implements a Trauma Care Assistance Revolving Fund under authority of 63 O.S. §1-2530.9.

[**Source:** Added at 17 Ok Reg 3465, eff 8-29-00 (emergency); Added at 18 Ok Reg 2047, eff 6-11-01 ; Amended at 40 Ok Reg 1586, eff 9-11-23]

310:669-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise:

"Ambulance service" means an entity licensed in accordance with 63 O.S. Supp. 2000, 1-2501, et seq.

"Bad debt" means the actual amount of uncollectible charges written off by a distribution entity, and arising from providing trauma care at an inpatient or outpatient facility, or transportation service, and that is calculated as the net of bad debt recoveries applied against bad debt expenses.

"Charity care" means trauma care at an inpatient or outpatient facility, or transportation services for which a distribution entity never expected to be reimbursed based on the distribution entity's determination of the patient's ability to pay based on the distribution entity's established standards.

"Commissioner" means the State Commissioner of Health.

"Cost report" means the latest annual reporting statement filed by a facility with its fiscal intermediary in compliance with requirements enforced by the Centers for Medicare and Medicaid Services.

"Cost to charge ratio" means the factor(s) calculated annually using information reported as part of a facility's cost report.

"Department" means the State Department of Health.

"Distribution entity" means an ambulance service or trauma facility that provided uncompensated care and reported the care respectively to the pre-hospital emergency medical service database in accordance with OAC 310:631-3-160(b), and the state trauma registry in accordance with OAC 310:669-3-1. This will also include physicians licensed in Oklahoma during the time the trauma care is provided.

"Fund" means the Trauma Care Assistance Revolving Fund.

"Gross revenues" means the charges for inpatient and outpatient services uniformly applied at the regular rates established to all patients by the distribution entity prior to the application of any adjustments, allowances, discounts, or revenue deductions.

"Medicare Allowed Reimbursement" means the allowed reimbursement established by the Centers for Medicare and Medicaid

Services for the geographic location where inpatient or outpatient care is provided by a physician or transportation services are provided by a freestanding ambulance service.

"Run report" means the standard report form developed by the Commissioner to facilitate the collection of a standardized data set related to the provision of emergency medical and trauma care in accordance with 63 O.S. Section 1-2511.

"Tier A Physician" means a physician credentialed by the medical staff to provide emergency care to trauma patients in the specialties of emergency medicine, neurosurgery, general surgery, maxillo-facial surgery, orthopedic surgery, surgery specialties, anesthesiology, and trauma intensivists.

"Tier B Physician" means a physician credentialed by medical staff to provide care to trauma patients in a specialty area not defined in Tier A.

"Trauma" means bodily injury that produces injuries severe enough to cause disability or death.

"Trauma care" means treatment or transportation for treatment of a bodily injury that produces injuries severe enough to cause disability or death.

"Trauma facility" means a hospital classified by the Department as providing a Level I, II, III, or IV Trauma and Emergency Operative Service.

"Trauma registry" means *the statewide emergency medical services and trauma analysis system developed pursuant to the provisions of Section 1-2511 of Title 63 of the Oklahoma Statutes.* [63:330.97]

"Trauma team" means a specific team identified in policy and required to respond to the hospital to care for the traumatically injured within a specified period of time, monitored by a quality assurance process.

"Uncompensated care" means care provided for which expected payment was not received from the patient or insurer or any other identified payor source. Uncompensated care is the sum of a distribution entity's bad debt and charity care.

[Source: Added at 17 Ok Reg 3465, eff 8-29-00 (emergency); Added at 18 Ok Reg 2047, eff 6-11-01 ; Amended at 19 Ok Reg 393, eff 11-19-01 (emergency); Amended at 19 Ok Reg 1064, eff 5-13-02 ; Amended at 21 Ok Reg 2440, eff 7-11-05 ; Amended at 24 Ok Reg 2025, eff 6-25-07]

310:669-1-3. Rounding of numbers

The Department shall take the pro rata distributions to the second decimal point or hundredths place (.00) by rounding back from the third or thousandths place (.000).

[Source: Added at 17 Ok Reg 3465, eff 8-29-00 (emergency); Added at 18 Ok Reg 2047, eff 6-11-01 ; Amended at 26 Ok Reg 1759, eff 4-27-09 through 7-14-10 (emergency)¹; Amended at 27 Ok Reg 2545, eff 7-25-10 ; Amended at 40 Ok Reg 1586, eff 9-11-23]

Editor's Note: ¹*This emergency action expired before being superseded by a permanent action. Upon expiration of an emergency amendatory*

action, the last prior permanent text is reinstated. Therefore, on 7-15-10 (after the 7-14-10 expiration of the emergency action), the text of section 310:669-1-3 reverted back to the permanent text that became effective 6-11-01, as was last published in the 2006 Edition of the OAC, and remained as such until amended again by permanent action on 7-25-10.

SUBCHAPTER 3. DATA ACCUMULATIONS

310:669-3-1. Data accumulation

(a) A trauma facility shall accumulate data in accordance with the following procedures:

- (1) Within thirty (30) calendar days of receiving a run report from an ambulance service, enter transportation-related data to the trauma registry;
- (2) Immediately after entering data received from an ambulance service into the trauma registry, indicate the date entered and initials of the person making the entry on the ambulance service's filing; and
- (3) Periodically throughout the year make entries to the trauma registry for the facility's own total charges, total costs, or total collections.

(b) An ambulance service shall submit run reports to the Department in accordance with the requirements of OAC 310:641-3-160(b).

(c) A physician submitting claim for payment to the Trauma Care Assistance Revolving Fund shall maintain records on all trauma cases showing all charges, the Centers for Medicare and Medicaid Services reimbursement methodology based on the appropriate procedure code, and subsequent collections.

[Source: Added at 17 Ok Reg 3465, eff 8-29-00 (emergency); Added at 18 Ok Reg 2047, eff 6-11-01 ; Amended at 21 Ok Reg 2440, eff 7-11-05]

SUBCHAPTER 5. REPORTS AND FINANCIAL STATEMENTS

310:669-5-1. Filing requirements

(a) There shall be a minimum of two filing periods annually with such filing periods to be designated by the Department. By the end of each filing period, each distribution entity requesting distribution of a pro rata share of the Trauma Care Assistance Revolving Fund shall file a report with the Commissioner for the designated filing period.

(b) Each distribution entity shall use the forms established by OAC 310:669-5-2 to report the following:

- (1) A link(s) to identify the trauma registry data;
- (2) The dollars of gross revenues for the distribution entity's trauma care bad debts;

- (3) The dollars of gross revenues for the distribution entity's trauma charity care;
- (4) The cost to charge ratio calculated using the costs and charges for all departments of a trauma facility; and
- (5) The trauma facility's specific ambulance department cost to charge ratio for a hospital-based ambulance service.

(c) Trauma reported to the trauma registry is described by one of the following:

(1) An ICD-9 code of 800.00 to 959.9, and is limited to contacts within thirty (30) days of the injury, and is accompanied by one or more of the following events for the patient:

- (A) An admission to a hospital of at least forty-eight (48) hours; or
- (B) Transfer from a lower level to a higher level of trauma care for major trauma; or
- (C) Admission to an intensive care unit; or
- (D) Admission directly to an operating room for surgery of the head, chest, abdomen, or vascular system; or
- (E) A declaration of dead on arrival; or
- (F) A declaration of dead in the emergency room or elsewhere in the hospital.
- (G) In addition to meeting the requirements at 310:669-5-1(c), each reportable case must also meet at least one of the following criteria as computed by the trauma registry software, unless the patient was declared dead on arrival to the hospital or died while in the hospital:
 - (i) Have an Abbreviated Injury Score of 3 or higher; or
 - (ii) Have an Injury Severity Score of 9 or higher; or
 - (iii) Have a Survival Probability of 0.90 or less; or

(2) Oral-maxillo-facial injuries requiring the immediate treatment and presence of a licensed physician or licensed dentist credentialed by the hospital to perform oral-maxillo-facial surgery, with an ICD-9 code of 800.0 to 959.9 and meeting at least one of the following criteria:

- (A) Panfacial trauma involving fractures of the zygomaticomalar complex type, or a Lefort type (I, II, or III) and a mandibular fracture. Panfacial trauma may also include multiple soft tissue injuries, lacerations, or avulsions; or
- (B) Bilateral fracture of the mandible with flail symphyseal segment; or
- (C) Multiple severe mandibular fractures requiring tracheostomy or intubation of greater than 24 hours; or
- (D) Depressed zygomaticomalar complex fractures with entrapment of the inferior rectus muscle or impingement on the optic nerve bundle; or
- (E) Facial lacerations that involve major vessels, major branches of the facial nerve, or the parotid duct; or

(3) Traumatic injuries to the hand requiring the immediate presence and treatment by a physician credentialed by the

hospital with ICD-9 codes of 800.00 to 959.9 and meeting one of the following criteria:

(A) Complete amputations or lacerations of the hand which result in disruption of the vascular supply to one or more digits or the entire hand; or

(B) Severely crushed or mangled hand injuries with associated vascular injuries, fractures and/or dislocations.

(d) Time sensitive traumatic injuries requiring immediate surgical intervention by a surgical specialist to prevent loss of life, limb, or vision, and not meeting the criteria identified in 310:669-5-1(c) may be considered for Trauma Fund Disbursement as approved by the Medical Audit Committee and the Oklahoma Trauma System Improvement and Development Advisory Council and reported to the Board of Health. Such approval shall occur periodically and shall not be effective retroactively.

(e) Cases meeting any of the following exclusionary conditions shall not be reported to the trauma registry or be eligible for reimbursement from the Fund:

(1) Isolated orthopedic injuries to the extremities due to a same level fall;

(2) Overexertion injuries;

(3) Injuries resulting from a pre-existing condition such as osteoporosis or esophageal stricture;

(4) Injuries greater than 30 days old;

(5) Poisoning and toxic events; and

(6) Submersion injuries.

(f) Uncompensated expenses incurred by a distribution entity associated with major trauma patients, and such trauma care has been reported to the state pre-hospital emergency medical service database and/or the state trauma registry, shall be eligible for reimbursement.

Uncompensated expenses incurred for emergency transport to a trauma facility from the scene of the injury or from a lower level to a higher level of trauma care are eligible for reimbursement when the case meets one or more of the following conditions:

(1) The extent of patient injury is verified through a hospital trauma registry as described at OAC 310:667-5-1(c), (d), and (e); or

(2) Glasgow coma score equal to or less than thirteen (13) directly related to the mechanism of injury; or

(3) Signs and symptoms of respiratory compromise resulting from trauma requiring intervention; or

(4) Hemodynamic compromise from trauma resulting in decreased blood pressure; or

(5) Penetrating injury above the groin; or

(6) Amputation proximal to the wrist or ankle; or

(7) Complete amputations or lacerations of the hand which result in disruption of the vascular supply to one or more digits or the entire hand; or

(8) Severely crushed or mangled hand injuries with associated vascular injuries, fractures and/or dislocations.

(9) Paralysis resulting from traumatic injury, including pre-hospital treatment for spinal precautions based upon the signs

and symptoms of neurological deficit; or
(10) Flail chest; or
(11) Two or more proximal long bone fractures (humerus and/or femur); or
(12) Open or depressed skull fracture; or
(13) Unstable pelvis; or
(14) Pediatric trauma score equal to or less than eight (8).
(15) Time sensitive traumatic injuries requiring immediate surgical intervention by a surgical specialist to prevent loss of life, limb, or vision, and not meeting the criteria identified in 310:669-5-1 (c) and approved by the Medical Audit Committee and the Oklahoma Trauma System Improvement and Development Advisory Council and reported to the Board of Health.

(g) A distribution entity shall exclude from its contractual adjustments gross revenue amounts written off as a result of governmental payors' set reimbursement rates that are not subject to negotiation by the entity. Contractual adjustment exclusions may include but are not limited to Medicare, Medicaid, and Indian Health Service reimbursement, and shall not include Workers Compensation.

(h) A free-standing ambulance service shall calculate transportation reimbursement using the Centers for Medicare and Medicaid Services reimbursement methodology in place as of the date of transportation.

(i) A physician shall calculate procedure reimbursement using the Centers for Medicare and Medicaid Services reimbursement methodology based on the appropriate procedure code.

(j) A distribution entity shall not include in uncompensated care any deductible or coinsurance that the patient fails to pay to the distribution entity unless the distribution entity has pursued reasonable collection efforts consistent with those generally used by similar entities. A distribution entity shall not include any amount it is not entitled to collect from the patient.

(k) If a trauma facility transfers a major trauma patient to another facility classified to provide a higher level of trauma care, the transfer shall be performed in accordance with the Oklahoma Triage, Transport, and Transfer Guidelines established under OAC 310:641-3-130(b)(3). The transferring facility shall include in uncompensated care reported in accordance with OAC 310:669-5-2 only those gross revenues incurred which were necessary to provide stabilizing treatment prior to effecting an appropriate transfer. Gross revenues for inappropriate definitive diagnostic testing prior to transfer shall not be reported as uncompensated care.

[Source: Added at 17 Ok Reg 3465, eff 8-29-00 (emergency); Added at 18 Ok Reg 2047, eff 6-11-01 ; Amended at 19 Ok Reg 393, eff 11-19-01 (emergency); Amended at 19 Ok Reg 1064, eff 5-13-02 ; Amended at 20 Ok Reg 1665, eff 6-12-03 ; Amended at 21 Ok Reg 2440, eff 7-11-05 ; Amended at 24 Ok Reg 2025, eff 6-25-07]

310:669-5-2. Report forms

(a) Each trauma facility shall detail eligible trauma cases, cross-reference report components, detail and summarize uncompensated care, and

report the facility's cost to charge ratio on a "Hospital Claim Form" that includes the following:

(1) Demographic data downloaded from the trauma registry including:

- (A) Creation number of the Trauma registry entry;
- (B) Patient's Social Security Number, if available;
- (C) Medical record number for the trauma facility;
- (D) Patient's date of arrival at the trauma facility in the format mm/dd/yyyy;
- (E) Patient last name;
- (F) Patient first name; and
- (G) Patient date of birth in the format mm/dd/yyyy, if available

(2) Financial Information from the trauma registry and/or the financial records of the trauma facility and cross-references and calculations including:

- (A) Total hospital charges as reported in the trauma registry;
- (B) Total collections as reported in the trauma registry;
- (C) Total hospital gross revenues as reported in the trauma facility's financial records;
- (D) The cost to charge ratio for all departments of the facility in place as of the patient's date of arrival at the trauma facility;
- (E) Adjusted hospital gross revenues calculated by multiplying the figure in C of this paragraph by the ratio in D of this paragraph;
- (F) Actual total collection for the patient's services as of the date the "Hospital Claim Form" is prepared by the trauma facility;
- (G) Contractual adjustments pertinent to the trauma services received by the patient;
- (H) The trauma facility's uncompensated care services for the patient calculated by subtracting the figures in items F of this paragraph and G of this paragraph from the calculated amount in E of this paragraph.

(b) Each free-standing ambulance service shall detail eligible trauma cases, detail and summarize uncompensated care on an "EMS Claim Form" that includes the following:

(1) Demographic data extracted from the run report including:

- (A) Run report number or lithocode;
- (B) Transported person's Social Security Number, if available;
- (C) Transported person's last name;
- (D) Transported person's first name;
- (E) Transported person's date of birth in the format mm/dd/yyyy, if available;
- (F) Transported person's pickup date in the format mm/dd/yyyy;
- (G) The name of the delivered to facility; and
- (H)

- (I) The Glasgow Coma Score and trauma criteria as reported on the run report, or information using such other uniform trauma reporting standards as the Department determines are reasonable and necessary to accurately classify each trauma case.
- (2) Financial information from the free-standing ambulance financial records of the ambulance service including:
 - (A) Total reimbursement using the Medicare allowed reimbursement or other methodology in place on the date of transportation;
 - (B) Actual total collections for the transported person's services as of the date the "Free Standing Ambulance Service Revolving Fund Distribution Request Form" is prepared by the trauma facility;
 - (C) Contractual adjustments pertinent to the transportation services received by the transported person;
 - (D) The free-standing ambulance services uncompensated care for the transported person calculated by subtracting the figures in items (B) of this paragraph and (C) of this paragraph from the amount in (A) of this paragraph.
- (c) Each hospital-based ambulance service shall, at a minimum, detail eligible trauma cases and summarize uncompensated care in a format approved by the Department which includes the following:
 - (1) Demographic data extracted from the run report including:
 - (A) Run report number or lithocode;
 - (B) Transported person's Social Security Number, if available;
 - (C) Transported person's last name;
 - (D) Transported person's first name;
 - (E) Transported person's date of birth in the format mm/dd/yyyy, if available;
 - (F) Transported person's pickup date in the format mm/dd/yyyy;
 - (G) The name of the delivered to facility; and
 - (H) The Glasgow Coma Score and trauma criteria as reported on the run report, or information using such other uniform trauma reporting standards as the Department determines are reasonable and necessary to accurately classify each trauma case.
 - (2) Financial information from the hospital-based ambulance financial records of the ambulance service including:
 - (A) Total reimbursement using the lesser of the Medicare per trip limit or the services' charges multiplied by the hospital's ambulance department specific cost to charge ratio;
 - (B) Actual total collections for the transported person's services as of the date the is prepared by the emergency medical service provider;
 - (C) Contractual adjustments pertinent to the transportation services received by the transported

- person;
- (D) The hospital-based ambulance services uncompensated care for the transported person is calculated by subtracting the figures in items (B) of this paragraph and (C) of this paragraph from the amount in (A) of this paragraph.
- (3) As an alternative to the report described in (1) of this subsection, a hospital-based ambulance service may report using a format approved by the Department by extracting from the trauma registry all information the trauma facility reports and adding to that information the ambulance-specific information from (1) of this subsection and (2) of this subsection.
- (d) It is the responsibility of a physician submitting a claim for Trauma Fund disbursement to validate the submission of trauma cases meeting the requirements of 310:669-5-1 with the trauma registrar in the hospital in which the trauma care was provided, and to submit eligible trauma cases and summarize uncompensated care in a format approved by the Department which includes the following:
 - (1) Demographic data extracted from the trauma registry including:
 - (A) Creation number of the trauma registry entry;
 - (B) Patient's Social Security Number, if available;
 - (C) Patient's date of arrival at the trauma facility in the format mm/dd/yyyy;
 - (D) Patient date of birth in the format mm/dd/yyyy, if available; and
 - (E) Physical findings and treatment as specified in the Centers for Medicare and Medicaid Services reimbursement methodology based on the appropriate procedure code.
 - (2) Financial information from the physician records including:
 - (A) Total allowable reimbursement using the Medicare methodology in place on the date of care;
 - (B) Actual total collections for patient services as of the date the request for revolving fund distribution is prepared in a format approved by the Department;
 - (C) Contractual adjustments pertinent to the services received by the patient;
 - (D) The physician's uncompensated care cost calculated by subtracting the figures in items (B) of this paragraph; and
 - (C) of this paragraph from the amount in (A) of this paragraph.
- (e) Each distribution entity shall file with the appropriate request form a properly signed and notarized contract in accordance with the Central Purchasing Act (74 O.S. Supp. 2000 Section 85.1 et seq.) to permit encumbrance by the State of the funds for the distribution.

[Source: Added at 17 Ok Reg 3465, eff 8-29-00 (emergency); Added at 18 Ok Reg 2047, eff 6-11-01 ; Amended at 21 Ok Reg 2440, eff 7-11-05 ; Amended at 24 Ok Reg 2025, eff 6-25-07]

310:669-5-3. Verification and documentation

Upon written request from the Department, a distribution entity shall submit to the Department a copy of the following:

- (1) Cost report; or
- (2) Other financial, licensure, statistical, contractual, or payment information to verify the distribution entity's data.

[Source: Added at 17 Ok Reg 3465, eff 8-29-00 (emergency); Added at 18 Ok Reg 2047, eff 6-11-01]

310:669-5-4. Amendments

(a) A distribution entity's data originally reported to the trauma registry may be subject to audit as established by law, contractual agreement, or for the facility's owners or operators to exercise fiscal and fiduciary responsibility. A State or Federal agency, a fiscal intermediary, or an independent auditor may perform an audit. The audit report may also be eligible for appeal.

(b) A distribution entity may also receive an additional collection(s) for care treated as uncompensated on a prior request for distribution report.

(c) When a late collection(s) or an audit or its appeal results in revising data filed in accordance with OAC 310:669-5-1 and 5-2, the distribution entity shall report to the Department according to Department guidelines. Any additional monies received from other sources of funding for a case that was reimbursed by the Trauma Fund must be returned to the Fund and applied towards future disbursements.

[Source: Added at 17 Ok Reg 3465, eff 8-29-00 (emergency); Added at 18 Ok Reg 2047, eff 6-11-01 ; Amended at 21 Ok Reg 2440, eff 7-11-05 ; Amended at 24 Ok Reg 2025, eff 6-25-07]

SUBCHAPTER 7. FUND DISTRIBUTION

310:669-7-1. Calculation of pro rata share

(a) Available monies in the Trauma Care Assistance Revolving Fund shall be disbursed as follows:

(1) A minimum of seventy-percent of the total available monies shall be allotted for distribution to ambulance services and hospitals in accordance with the Department's calculated pro rata share.

(2) Up to thirty (30) percent of the total available monies shall be allotted for distribution to Tier A physicians in accordance with the Department's calculated pro rata share. If the total available monies distributed to Tier A physicians is less than thirty (30) percent of the total available monies, the remainder of this thirty (30) percent shall be allotted for distribution to Tier B physicians. If the total available monies distributed to Tier A and Tier B physicians is less than thirty (30) percent of the total available monies, the remainder of the monies shall be allotted for distribution to ambulance services and hospitals.

(b) For each distribution entity that filed a report in accordance with OAC 310:669-5-1 and 5-2, the Department shall calculate the distribution entity's pro rata share of the available monies in the Trauma Care

Assistance Revolving Fund developed in accordance with 47 O.S. Supp. 2000 Section 6-101 using the following fraction:

- (1) The numerator of the fraction shall equal the sum of the distribution entity's own uncompensated trauma care dollars multiplied by the cost to charge ratio of the facility; and
- (2) The denominator of the fraction shall equal the sum of the uncompensated trauma care dollars for all distribution entities after each facility's cost to charge ratio is applied.

[Source: Added at 17 Ok Reg 3465, eff 8-29-00 (emergency); Added at 18 Ok Reg 2047, eff 6-11-01 ; Amended at 21 Ok Reg 2440, eff 7-11-05 ; Amended at 24 Ok Reg 2025, eff 6-25-07]

310:669-7-2. Distribution procedure

(a) The Department shall distribute a pro rata share of the Trauma Care Assistance Revolving Fund to each distribution entity that filed a report as required by OAC 310:669-5-1 and 5-2, in accordance with the designated filing periods as described in 310:669-5-1, as follows:

- (1) Calculated in accordance with OAC 310:669-7-1; and
- (2) Adjusted for amendments of data filed in accordance with OAC 310:669-5-4.

(b) The Department shall notify each distribution entity in writing of the pro rata distribution share the Department calculated in accordance with OAC 310:669-7-1. The distribution notice shall include the following:

- (1) The total Trauma Care Assistance Revolving Fund monies available to be distributed, and to be retained by the Department;
- (2) The numerator and the denominator of the distribution entity's pro rata distribution fraction calculated in accordance with OAC 310:669-7-1; and
- (3) The contact person and the address at the Department to submit questions.

(c) The Department shall make a pro rata distribution of the Trauma Care Assistance Revolving Fund.

CHAPTER 670. CITY AND COUNTY DETENTION FACILITY STANDARDS

[Authority: 63 O.S., § 1-104; 74 O.S., § 192]
[Source: Codified 12-31-92]

SUBCHAPTER 1. GENERAL PROVISIONS

310:670-1-1. Purpose

The rules in this Chapter provide procedures for inspecting all city and county detention facilities, city or county lockup facilities, and city or county detention facilities holding juveniles, as authorized by 74 O.S., Section 192.

[Source: Amended at 8 Ok Reg 3129, eff 7-18-91 (emergency); Amended at 9 Ok Reg 1433, eff 5-1-92 ; Amended at 13 Ok Reg 2139, eff 6-13-96 ; Amended at 36 Ok Reg 1731, eff 9-13-19]

310:670-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise:

"ACA" means American Correctional Association.

"Available" means that the subject individual is either on site or on the premises.

"Barrack-style" means *a single designated space within a city or county jail facility for the purpose of housing three or more inmates.*[57 O.S. § 57(F)]

"Bodily search" means any invasive examination by hand of an inmate's person or clothing. Bodily searches do not include "pat-downs."

"Central control" means the central point within the facility where security activities are monitored and controlled.

"Contraband" means anything not authorized to be in an inmate's possession.

"Dayroom" means space for activities that is situated immediately adjacent to the inmates' sleeping area and separated from the sleeping area by a wall.

"Department" means Oklahoma State Department of Health.

"Detention facility" means a facility that may hold a person for an indefinite period of time.

"Detention Officer" means a person whose training, education and/or experience specifically qualifies him or her to perform the duties indicated in the job description and the jail standards, or a person who holds a certification accorded pursuant to 70 O.S. Section 3311. The individual performing the duties must be trained in appropriate laws, codes, standards, policies and procedures.

"Direct contact with inmates" means contact between Detention Officers and inmates in inmate living areas.

"Direct supervision" means the Detention Officer is in direct contact with inmates and is in a position to constantly monitor behaviors and interact with inmates.

"Emergency care" means *medical or surgical care necessary to treat the sudden onset of a potentially life-or limb-threatening condition or symptom* [57 O.S. § 38.3(A)(1)].

"Facility administrator" means sheriff, police chief, city manager, private contractor or a designee thereof charged with maintaining and operating a lockup facility, or detention facility.

"Grievance" means a circumstance or action considered unjust.

"Holding facility" means a facility that shall hold *persons under arrest who are charged with a crime* no longer than twelve (12) hours [74 O.S. § 192(B)].

"Hot meal" means a measure of food served and eaten at one sitting prepared in accordance with and served at a palatable temperature range of 110° - 120° F. (43.3°- 48.8° C.).

"Indigent inmate" means an inmate who has a total receipt of or a balance of less than \$15.00 from the first day through the last of the preceding month.

"Inmate" means any individual, whether in pretrial, sentenced or un-sentenced status who is confined in a detention facility.

"Juvenile" means a person who is subject solely to the jurisdiction of a juvenile court or who is subject to the provisions of Title 10A O.S. § 2-5-205 or 10A O.S. § 2-5-206 (relating to classification as a youthful offender as defined at 10A O.S. § 2-5-202).

"Last locked/secure door" means the last secure barrier between staff and the inmate.

"Life endangering situations" means a suicide attempt, or obvious serious injury or illness, which in the evaluation of the staff requires an immediate response.

"Life threatening" means a situation in which life saving measures are taken.

"Living area" means those areas of a facility utilized for the day-to-day housing and activities of inmates. These areas do not include reception and release areas and special use cells such as sobering, safety, and holding or staging cells normally located in receiving areas.

"Lockup facility" means a facility that may hold a person no longer than ten (10) days. It is usually operated by a town or city for the temporary detention of persons awaiting arraignment. Persons who need to be detained longer than ten (10) days shall be transferred to a detention facility.

"New construction" means a facility with final plans approved after January 1, 1992.

"Non-secure areas" means those areas where a youth or juvenile is in the custody of law enforcement and may not be able to leave or depart from the presence of law enforcement, yet the youth or juvenile is not detained in a facility which limits movement.

"On site" means a Detention Officer being physically present within the detention facility.

"On the premises" means a Detention Officer being physically present within the structure incorporating the detention facility, or within a building or structure sharing the same realty or located on realty that is contiguous to the realty upon which the structure incorporating the detention facility is located, provided that such remote building or

structure is not located farther than 500 feet from the detention facility.

"Pat-down" means a noninvasive search of an inmate by hand performed by lightly skimming the exterior surface of the clothing covering the legs and torso.

"Physician or other licensed medical personnel" means a psychiatrist, medical doctor, osteopathic physician, physician's assistant, registered nurse, licensed practical nurse, emergency medical technician at the paramedic level or clinical nurse specialist [57 O.S. § 4.1(3)].

"Sensitive functions and procedures" means any bodily search or the visual supervision of any activity requiring an inmate to partially or fully disrobe.

"Sight check" means when a Detention Officer physically observes an inmate.

"Sight contact" means clear visibility within close proximity.

"Sound contact" means direct oral communication.

"Substantial remodeling" means the cost to repair/replace is at least fifty (50) percent of the cost to replace the facility.

"Sustained contact" means sight or sound contact that is not brief and inadvertent.

310:670-1-3. Implementation and inspection

A local facility administrator shall develop and implement written policies and procedures pertaining to the daily management and operation of the facility. Each facility shall develop and maintain an operations manual sufficient to demonstrate compliance with the standards in Section 1 of Subchapter 3 of this Chapter, or Section 1 of Subchapter 5 of this Chapter.

[Source: Amended at 8 Ok Reg 3129, eff 7-18-91 (emergency); Amended at 9 Ok Reg 1433, eff 5-1-92 ; Amended at 13 Ok Reg 2139, eff 6-13-96 ; Amended at 20 Ok Reg 2387, eff 7-11-03]

310:670-1-4. Holding facilities exempt

Pursuant to Title 74 O.S. § 192(B), a holding facility is not required to meet the standards for detention facilities, *as long as no person is held therein for a period longer than twelve (12) hours and as long as an employee of the county, city, or town is available to render aid to or to release any person so confined in the event aid or release is required because of a health or life-endangering emergency.*

[Source: Added at 36 Ok Reg 1731, eff 9-13-19]

310:670-1-5. Policies and procedures

Where this Chapter specifies that the facility shall develop a policy and procedure, the following standards shall apply.

(1) A policy may include a procedure. A procedure may represent policy.

- (2) Policies and/or procedures developed based on requirements in this Chapter shall identify the following:
- (A) The rule or law addressed by the policy and procedure;
 - (B) The position(s) or personnel responsible for implementation and oversight of the policy and procedure;
 - (C) The actions to be taken or procedures to be followed by facility personnel. This is the who, what, where, and when of the procedure;
 - (D) The position(s) or personnel responsible for reviewing the policy and procedure;
 - (E) A schedule for reviewing the policy that identifies the frequency at which the policy and procedure will be reviewed; and
 - (F) A signature page to capture the signature and date that the responsible official adopted the policy and/or procedure and the dates that review of the policy and/or procedure were completed.

[Source: Added at 36 Ok Reg 1731, eff 9-13-19]

SUBCHAPTER 3. STANDARDS FOR LOCKUP FACILITIES

310:670-3-1. Basic standards

The facility administrator shall develop and implement written policies and procedures for the operation of a lockup facility which shall include and address at a minimum, the following:

- (1) Arrest and commitment papers shall be verified.
- (2) An inmate shall be searched during admission.
- (3) An inmate's property shall be inventoried and property shall be stored in a secure location.
- (4) Medical reception information shall be recorded in the inmate file and shall include, at a minimum, the following information:
 - (A) Current illnesses and health problems;
 - (B) Behavioral observation, including state of consciousness and mental status, history of alcohol or drug abuse and treatment;
 - (C) Body deformities and trauma markings such as bruises, lesions, jaundice, and ease of body movement;
 - (D) Condition of skin and visible body orifices, including infestations;
 - (E) Medications taken and any special health requirements;
 - (F) Whether the inmate is thinking about suicide or has recently attempted suicide; and
 - (G) Disposition or referral of the inmate to qualified medical personnel on an emergency basis [57 O.S. § 4.1(3)].

- (5) A first aid kit shall be available at locations designated by the facility administrator.
- (6) Two (2) completed, documented, local or collect telephone calls shall be allowed at time of booking or after a reasonable length of time as determined by the administrator or designee. The administrator or designee shall document an inmate's refusal to make calls. In facilities where inmates have unlimited access to operational telephones, an inmate's refusal to make telephone calls is not required to be documented.
- (7) Clean bedding and personal hygiene items shall be available and provided at the facility.
- (8) Shower facilities shall be available with hot and cold running water at a ratio of at least one (1) shower for every twenty (20) inmates.
- (9) Continual supervision shall be provided by a trained employee.
- (10) Hourly visual sight checks shall be conducted and documented.
- (11) Male and female inmates shall be housed in separated living areas with visual separation between the two genders. Housing of inmates with mixed gender identification will be administered in a manner to maximize inmate safety.
- (12) The facility shall comply with applicable building and fire safety codes of the State Fire Marshall as provided in Title 74 O.S. § 317 et seq.
- (13) Each inmate shall be provided at least three (3) meals each twenty-four (24) hours that meet the national recommended allowance for basic nutrition. At least two (2) hot meals shall be provided daily. There shall not be more than fourteen (14) hours between the breakfast and the evening meals.
- (14) Minimum Fire Safety Requirements:
- (A) **Automatic smoke detection.** The facility shall be equipped with a smoke detection system and a sprinkler system that is approved by the Fire Marshal.
 - (B) **Bedding.** Polyurethane foam mattresses, pads and pillows are prohibited. Mattresses that are in compliance with the requirements of the State Fire Marshall shall be used.
 - (C) **Emergency lighting.** Each facility shall have emergency lighting that meets the minimum standards of the State Fire Marshall.
 - (D) **Supervision of inmates.** Detention Officer posts shall be located and staffed close enough to the lockup area to permit Detention Officers to hear and respond promptly to calls for assistance, and provide immediate response to emergencies.
 - (E) **Exits.** There shall be designated and marked emergency evacuation exits that comply with the requirements of the State Fire Marshall.
- (15) Inmates held over twenty-four (24) hours shall be issued and required to wear a clean set of detention facility clothing to include at least shirt and trousers or coveralls and footwear. An

inmate shall receive a complete change of clothing at least one (1) time each week. Inmate street clothing shall be placed in inmate property.

(16) A Detention Officer shall be on duty on each floor where inmates are confined unless the facility is equipped with:

(A) Viewing access to all areas of the facility through closed circuit TV system; and

(B) An intercommunication system between the cell/living area and Detention Officer post/control center to communicate with and monitor inmates.

(17) Any lockup facility constructed or substantially remodeled after January 1, 1992 shall meet the requirements of OAC 310:670-5-11 except 310:670-5-11(b) (7), (8), and (13).

(18) Any lockup facility which houses forty (40) inmates or less shall be staffed consistent with the requirements at Title 74 O.S. § 192(C)]. Staff shall be available to perform sensitive functions and procedures as necessary to accommodate inmate gender.

(19) Any lockup facility *H which houses more than forty prisoners and less than seventy-five prisoners* shall be staffed consistent with the requirements at Title 74 O.S. § 192(D)]. Staff shall be available to perform sensitive functions and procedures as necessary to accommodate inmate gender.

(20) Smoking policies in lockup facilities shall conform to the requirements in Title 21 O.S. § 1247.

[Source: Amended at 8 Ok Reg 3129, eff 7-18-91 (emergency); Amended at 9 Ok Reg 1433, eff 5-1-92 ; Amended at 13 Ok Reg 2139, eff 6-13-96 ; Amended at 20 Ok Reg 2387, eff 7-11-03 ; Amended at 21 Ok Reg 2445, eff 7-11-05 ; Amended at 36 Ok Reg 1731, eff 9-13-19]

SUBCHAPTER 5. STANDARDS FOR DETENTION FACILITIES

310:670-5-1. Admission, release and records

The following admission and release procedures shall be followed. A facility shall have written policies and procedures for the reception, orientation and release of inmates.

(1) The admission process of new inmates shall include at least the following:

(A) Verification of arrest or commitment papers;

(B) A search of the individual upon entering the facility and a complete bodily search of the individual may be authorized prior to entering the general population;

(C) Intake screening by trained facility personnel utilizing, in part, a medical/mental health questionnaire approved by the Department of Health, or a screening conducted by a physician or other licensed medical personnel;

(D) Procedures to ensure orientation and understanding of facility rules;

(E) Issue bedding, clothing, and footwear; and

- (F) Classification and assignment to a housing unit.
- (2) Positive identification shall be made of the arresting or committing officer, including verification of the officer's authority to make the commitment.
- (3) Each newly admitted inmate shall be permitted to complete at least two (2) local or collect telephone calls during the admission process or after a reasonable length of time as determined by the administrator. These telephone calls shall be documented and an inmate's refusal to make telephone calls shall be documented. In facilities, where inmates have unlimited access to operational telephones, an inmate's refusal to make telephone calls is not required to be documented.
- (4) The types of personal property inmates may retain in their possession during confinement shall be specified in a facility's policies and procedures. Secure storage for property not authorized to be in the inmate's possession, to include civilian street clothing shall be provided.
- (5) A written itemized inventory shall be made of all personal property of a newly admitted inmate.
- (6) Before an inmate is released, positive identification shall be made of the individual and authority for release shall be verified.
- (7) After the individual is positively identified, the inmate's personal property shall be returned. The items shall be compared with the inventory list and the inmate shall sign for the returned property upon release.
- (8) A logbook or computer record shall be maintained on all inmates admitted to the facility. The logbook or computer record shall include at least the following:
- (A) Name of the inmate;
 - (B) Date and time of admission;
 - (C) Date and time of release;
 - (D) Offense charges;
 - (E) Arrest number;
 - (F) Date of birth;
 - (G) Race; and
 - (H) Gender;
 - (I) Social security number;
 - (J) Booking and intake number.
- (9) An intake shall be completed for every person admitted to a facility. The intake information shall be placed in the inmate's file and shall contain at least the following information:
- (A) Date and time of admission;
 - (B) Name and aliases of inmate;
 - (C) Address;
 - (D) Name and title of arresting or delivering officer and employing agency;
 - (E) Charges;
 - (F) Date of birth;
 - (G) Race;
 - (H) Gender;
 - (I) Height;

- (J) Weight (verified by scale);
- (K) Eye color;
- (L) Hair color;
- (M) Scars, tattoos and other identifying markings;
- (N) Special medical and mental health comment-data and recommendations;
- (O) Name, relationship, address and phone number of emergency contact; and
- (P) Court judgment and sentence if the inmate is sentenced.

(10) Records shall be safeguarded from unauthorized disclosure. Written policies and procedures shall specify the process that inmates and former inmates are allowed access to their records.

(11) Individual records shall be maintained and kept current for each inmate which shall contain at least the following information:

- (A) Intake information;
- (B) Commitment papers and court order;
- (C) Reports of disciplinary actions or unusual occurrences;
- (D) Medical, mental health and dental orders issued by the health care authority;
- (E) The medical reception information collected pursuant to the requirements at OAC 310:670-5-8(2)(B);
- (F) Photographs or video imaging; and
- (G) Personal property inventory.

[Source: Amended at 8 Ok Reg 3129, eff 7-18-91 (emergency); Amended at 9 Ok Reg 1433, eff 5-1-92 ; Amended at 13 Ok Reg 2139, eff 6-13-96 ; Amended at 20 Ok Reg 2387, eff 7-11-03 ; Amended at 21 Ok Reg 2445, eff 7-11-05 ; Amended at 36 Ok Reg 1731, eff 9-13-19]

310:670-5-2. Security and control

The facility administrator shall develop and implement written policies and procedures for the safety, security and control of staff, inmates and visitors. Policies and procedures shall address at least the following:

- (1) A central control center shall be maintained to coordinate the facility's internal and external security network. The control center shall be staffed twenty-four (24) hours-a-day. The control center or other location may be designated by the facility administrator and shall be responsible for inmate counts and key control.
- (2) There shall be an inmate count at the beginning of each shift change. The inmate count shall be documented.
- (3) There shall be at least one (1) visual sight check every hour which shall include all areas of each cell, and such sight checks shall be documented.
- (4) All security perimeter entrances, control center doors, cell block doors and doors opening into a corridor shall be locked except when used for authorized entry and exit. Staff members shall know which doors should be locked and under what circumstances they should be opened.

(5) No one person shall be permitted to enter an inmate's cell or other area in which an inmate is confined, past the last locked door, without backup assistance. Prior to breaching the last locked/secure door, central control or another staff member who can provide assistance will be notified. Documentation shall reflect the reason for the decision to enter a cell without backup assistance and a permanent record of the event shall be maintained.

(6) A weekly security device inspection shall be performed and priority corrective action taken on any discrepancy. A weekly inspection report shall be submitted to the facility administrator.

(7) Searches of facilities and inmates to control contraband shall be unannounced and at irregular intervals. These searches shall be documented.

(8) The availability, control and use of firearms, ammunition, chemical agents and related security equipment shall be sufficient to meet needs. The level of authority required for access to, and use of, security equipment shall be specified in policy and procedure. Chemical agents shall be used only with the authorization of the facility administrator or designee. Detention Officers shall be trained in the use of chemical agents as prescribed by the manufacturer's specification.

(9) Firearms, ammunition, chemical agents and related security equipment shall be stored in a secure but readily accessible depository located outside the inmate living area. The facility may adopt policy and procedures that authorize trained and certified Detention Officers to be equipped with chemical agent and non-lethal weapons while on duty.

(10) Firearms, chemical agents and related security equipment shall be inventoried at least one (1) time each month to determine their condition and expiration dates. Firearms shall be cleaned and fired annually and repairs shall be made as needed.

(11) In an emergency situation, supervision of armed personnel is essential and only weapons/firearms authorized by the administrator shall be used.

(12) Personnel discharging firearms or using chemical agents shall submit a written report to the facility administrator documenting the nature of the incident and the identity of the personnel and inmates involved. All persons, employees and inmates involved in an incident where a weapon or chemical agent or force was used shall receive an immediate medical examination and/or treatment.

(13) Except in emergency situations, a weapon shall not be permitted in the secure area. There shall be a system of checking firearms and ammunition for temporary secure storage outside the secure perimeter.

(14) All keys shall be issued from a secure location designated by the detention facility administrator, and a log shall be used to record the number of each key, location of the lock and the number of keys to each lock. The key control system shall include a current accounting of the location and authorized person to

have each key. Keys shall be returned to the control center or a secure issue location at each shift change. There shall be at least one (1) duplicate key to each lock that is maintained in a secure location inaccessible to inmates.

(15) Tools and utensils such as hacksaw blades, welding equipment, culinary, barber shears and all sharps of similar-type equipment shall be secured, issued and used in accordance with prescribed policy and procedure. The control system shall also provide for this type of tool and equipment brought into the facility by outside authorized persons.

(16) Inmates shall not possess flammable, toxic or caustic materials unless they are under supervision of qualified personnel. Such materials shall be stored in secure areas that are inaccessible to inmates.

(17) A post order shall be prepared for each post or duty assignment to be performed, and it shall specify the procedure to be followed for completing the assignment.

(18) There shall be written procedures for dealing with an escape. These procedures shall be available to all personnel and shall provide for sounding an alarm, alerting officials, mobilizing resources and ending the alert. Following an escape, the staff shall prepare an analysis of the escape and defects in the security system shall be corrected immediately.

(19) There shall be written procedures that specify what actions to take in emergency situations, i.e., fire, disturbances, and taking hostages. The procedures shall specify areas of responsibility, the staff to be involved, when and what authorities shall be notified, how the problem may be contained and what shall be done after the incident ends. Emergency housing and supervision of inmates shall be provided.

(20) Staff shall be knowledgeable of and trained in the implementation of the emergency plans.

(21) An emergency auxiliary power generator or battery-operated system that meets applicable requirements of the State Fire Marshall shall be provided to maintain lighting and essential equipment in an emergency.

(22) All emergency equipment shall be inspected at least one (1) time each month and corrective action taken as needed. These inspections shall be documented.

(23) The use of physical force by staff shall be restricted to instances of justifiable self-protection, protection of others, protection of property and prevention of an escape, and shall be only to the degree necessary. A written report shall be prepared and submitted to the administrator following the use of physical force. All persons, employees, and inmates involved in an incident where a weapon, chemical agent, or physical force was used shall receive an immediate physical inspection, and if affected by the action, shall receive a medical examination and treatment.

(24) Instruments of restraint such as handcuffs, leg irons, restraint chairs, restraint beds and straitjackets, shall not be applied longer than authorized by policy and procedure and

equipment manufacturer's specifications. Inmates placed in restraints shall not be left without required supervision.

Instruments of restraint shall be used only as follows:

- (A) As a precaution against escape during transfer;
 - (B) For medical/mental health reasons, by direction of the designated medical authority and detention facility administrator or designee; and
 - (C) To prevent inmate self-injury, injury to others or property damage, and then only with the approval of the detention facility administrator or designee.
- (25) Guidelines for transporting inmates shall emphasize safety and security and shall be available to all staff involved in transporting inmates.
- (26) All entrances and exits to the facility shall be secure.
- (27) The Department shall be notified no later than the next working day if any of the following incidents occur:
- (A) Extensive damage to detention facility property;
 - (B) Serious injury to staff or inmate defined as life threatening or requiring transfer to outside medical facility;
 - (C) Escape;
 - (D) Serious suicide attempt, defined as life threatening or requiring transfer to outside medical facility; and
 - (E) Death.
- (28) Trustees shall be either locked down or confined to the facility when not engaged in a job assignment. Trustees permitted outside the facility shall be supervised according to the written policy of the sheriff, chief of police, detention facility administrator and/or as required by state statute.

310:670-5-3. Supervision of inmates

- (a) The movement of inmates from one location to another shall be controlled and supervised by staff.
- (b) Staff shall provide twenty-four (24) hour supervision of inmates.
- (c) Detention Officer posts shall be located and staffed to monitor all inmate activity either physically or electronically and close enough to the living areas to respond immediately to calls for assistance, and respond to emergency situations. A Detention Officer shall be on duty at all times at each location where inmates are confined or the observation shall be conducted by closed circuit TV. The location shall be equipped with an intercommunication system that terminates in a location that is staffed twenty-four (24) hours a day and is capable of providing an emergency response.
- (d) There shall be sufficient staff to perform all assigned functions relating to security, custody and supervision of inmates. Staff assignments shall provide for backup assistance for all employees entering locations where inmates are confined.

- (1) Any city jail or county detention facility which houses forty (40) inmates or less shall be staffed consistent with the requirements at Title 74 O.S. § 192(C)].
- (2) Any city jail or county detention facility *which houses more than forty prisoners and less than seventy-five prisoners* shall be staffed consistent with the requirements at Title 74 O.S. § 192(D)].
- (3) Facilities which house seventy-five inmates or more shall have on site one (1) dispatcher or control center operator and a minimum of two (2) Detention Officers on the premises.
- (e) All inmates shall be searched when entering or leaving the security area.
- (f) Policies and procedures shall specify a system for the supervision of female inmates by male staff and supervision of male inmates by female staff.
- (g) When both male and female inmates are housed in a facility, at least one male and one female Detention Officer shall be available to perform sensitive functions and procedures as necessary to accommodate inmate gender.
- (h) An inmate shall be prohibited from supervising, controlling, exerting or assuming any authority over another inmate.
- (i) The name and telephone number of the practicing attorneys and bonds persons in the area shall be posted conspicuously near the telephone used by inmates. This can be a telephone book.
- (j) Direct supervision of inmates shall be permitted if the facility has policies and procedures in place to ensure the safety of employees, inmates and visitors and if the physical plant design lends itself to direct supervision operation.

[Source: Amended at 8 Ok Reg 3129, eff 7-18-91 (emergency); Amended at 9 Ok Reg 1433, eff 5-1-92 ; Amended at 13 Ok Reg 2139, eff 6-13-96 ; Amended at 20 Ok Reg 2387, eff 7-11-03 ; Amended at 21 Ok Reg 2445, eff 7-11-05 ; Amended at 36 Ok Reg 1731, eff 9-13-19]

310:670-5-4. Inmate rules, discipline and grievances

- (a) Written facility rules shall list all chargeable offenses, and the range of sanctions and disciplinary procedures to be followed and shall be made available to inmates. A rule book that contains all chargeable offenses, range of sanctions, and disciplinary procedures is provided to each inmate upon booking and is translated into those languages spoken by the significant number of inmates. When a literacy or language problem prevents an inmate from understanding the rule book, a staff member shall assist the inmate.
- (b) All persons who deal with inmates shall be familiar with the rules of inmate conduct, and the approved sanctions. To prevent discrepancies among staff in interpretations, in-service training shall be conducted as often as necessary by direction of the administrator.
- (c) Employees shall prepare a disciplinary report when they have reason to believe that an inmate has committed a violation of rules.
- (d) Disciplinary reports prepared by staff shall include at least the following:
 - (1) Specific rules violated;
 - (2) A formal statement of the charge;

- (3) Any unusual inmate behavior;
- (4) Any staff or inmate witness;
- (5) Disposition of any physical evidence;
- (6) Any immediate action taken, including the use of force; and
- (7) Date and time of the report.

(e) Administrative due process procedures shall be followed for all rule violations. A chairperson or a committee may be appointed by the administrator to hear the charges and make a decision on appropriate action to be taken. Due process procedures shall include at least the following elements:

- (1) Written rules that specifies offenses and sanctions;
- (2) Inmate has been made aware of the rules and sanctions;
- (3) Inmate receives written notice of the charges and is offered a hearing prior to sanction;
- (4) Inmate is present at the hearing and hears the evidence, except for confidential information or if the inmate displays unruly behavior or waives that right in writing;
- (5) Inmate has the right to make a statement;
- (6) Inmate has the right to call relevant witnesses;
- (7) Inmate may be assisted by a willing inmate or staff member of their choosing;
- (8) The decision shall be based solely on the evidence and shall be rendered in writing;
- (9) Record shall be made of the hearing;
- (10) Decision shall be reviewed by the facility administrator or designee;
- (11) An inmate shall have the right to appeal the decision of the facility administrator or designee to the next level of authority;
- (12) A record of the charges and hearing disposition shall be maintained in the inmate's file.

(f) If an inmate allegedly commits an act covered by statutory law, the case may be referred to the appropriate court or law enforcement officials for prosecution.

(g) There shall be a written policy and procedure to respond to inmate requests of staff and grievances. The grievance policy shall conform to the requirements in Title 57 O.S. § 566.3 and include the following:

- (1) procedures whereby any inmate may appeal and have resolved grievances;
- (2) the types of complaints covered and excluded consistent with applicable state and federal law and rule, and court decisions, to include policies and conditions within the jurisdiction of the facility that affect the inmate personally, actions by employees and inmates, and incidents occurring within the facility that affect the inmate personally;
- (3) a grievance form or instructions for registering a grievance;
- (4) resolution of the grievance at the lowest appropriate staff level;
- (5) appeal to the next level of review;
- (6) written reasons for denial of grievance at each level of review which acts on the grievance;
- (7) provision for response within a reasonable time limit;

(8) provision for resolving questions of jurisdiction within the facility; and.

(9) procedures to control the submission of an excessive number of grievances.

(h) County jails *may deduct an amount of ten cents (\$0.10) per page from any monies collected from an inmate for copies made at the request of the inmate* [Title 19 O.S. § 531(B)].

[Source: Amended at 8 Ok Reg 3129, eff 7-18-91 (emergency); Amended at 9 Ok Reg 1433, eff 5-1-92 ; Amended at 13 Ok Reg 2139, eff 6-13-96 ; Amended at 20 Ok Reg 2387, eff 7-11-03 ; Amended at 36 Ok Reg 1731, eff 9-13-19]

310:670-5-5. Classification and segregation

The facility administrator shall develop and implement written policies and procedures for the classification and segregation of inmates. The classification plan shall ensure the safety of inmates and staff. The following criteria shall ensure an adequate classification and reclassification system.

(1) Inmates of opposite sex shall be housed in separated living areas. Separation shall be by substantial architectural arrangements which permit no sustained sight contact. Housing of inmates with mixed gender identification will be administered in a manner to maximize inmate safety.

(2) Juvenile offenders.

(A) If detention of a juvenile is authorized, such juveniles shall be housed completely separate from adults without sustained sight and sound contact. Inadvertent contact with incarcerated adults outside of jail living areas not dedicated for use by juvenile offenders should be minimized.

(B) A juvenile may be held for up to six (6) hours for the purpose of identification, investigation, processing, release to parent(s), transfer to court, or transfer to juvenile facility following the initial custody.

(C) A juvenile criminal-type offender may be securely detained in an adult jail or lockup for up to six hours immediately before or immediately after a court appearance, provided sight and sound separation is maintained. This period may be extended to twenty-four hours (excluding weekends and holidays) where the jurisdiction is outside the metropolitan statistical area where:

- (i) state law requires an initial court appearance within twenty-four (24) hours after being taken into custody;
- (ii) there is no acceptable alternative placement; and
- (iii) the jail has been determined by the Department to provide for sight and sound separation.

(3) Inmates considered to be a threat to other inmates or staff shall be housed separately from other inmates for the following reasons:

- (A) Inmate's past criminal history;
- (B) The nature and severity of the charges pending against the inmate;
- (C) Inmate's behavior while in the facility; and
- (D) Other relevant reasons as directed by the administrator.

(4) Inmates may be double-celled or confined to barrack-style housing if the floor space meets the square footage requirements. These inmates shall be afforded the same living conditions and privileges as those occupying the general population. Any exception regarding conditions and privileges shall be defined by the administrator.

(5) Inmates who are intoxicated or under the influence of a controlled substance shall be housed separately from other inmates until such time as the medical authority or the detention facility administrator determines their suitability for placement into general population or other appropriate housing.

(6) Inmates who appear to have a significant medical or psychiatric problem may be separated from other inmates.

(7) Unsented inmates shall be separated from sentenced inmates, to the extent possible, and shall be permitted whatever confinement is least restrictive unless inmate behavior or other security considerations dictate otherwise.

(8) Classification and segregation shall not be done solely on the basis of race, color, creed or national origin.

[Source: Amended at 8 Ok Reg 3129, eff 7-18-91 (emergency); Amended at 9 Ok Reg 1433, eff 5-1-92 ; Amended at 13 Ok Reg 2139, eff 6-13-96 ; Amended at 20 Ok Reg 2387, eff 7-11-03 ; Amended at 36 Ok Reg 1731, eff 9-13-19 ; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:670-5-6. Safety, sanitary and hygiene standards

The administrator shall develop and implement policies and procedures for the safety and maintenance of sanitation throughout the facility. These shall include at least the following:

(1) The facility shall be kept in a clean condition consistent with the requirements in Title 57 O.S. § 4.

(2) There shall be a housekeeping plan for the facility that includes a cleaning schedule with specific duties. Supervision of cleaning activities performed by inmates will be provided consistent with the facility's policy.

(3) Floors shall be kept clean, dry and free of hazardous substances.

(4) Inmates shall be provided with materials and supplies on a routine sufficient to maintain clean showers, washbasins and toilets.

(5) Smoking policies in city and county detention facilities shall conform to the requirements in Title 21 O.S. Section 1247.

(6) Upon admission or after commitment by the court, each inmate shall be issued personal hygiene items to include soap, towel, toilet paper, toothbrush and toothpaste. Feminine hygiene articles shall be provided upon request. Razors are issued to each inmate consistent with facility policy, and collected immediately after use and disposed of or stored as specified by facility policy and procedures. Inmates shall not share razors. With the exception of toilet paper and feminine hygiene items, inmates who are not indigent and have funds in their inmate account may be required to purchase hygiene items from the detention facility.

(7) Clean bedding shall be issued to each inmate who is confined overnight in the facility except where indicated by circumstances defined in the facility's policy. A standard issue of bedding shall include:

(A) A mattress with a cleanable surface; and

(B) Enough clean blankets consistent with existing interior weather conditions.

(8) Inmates held over twenty-four (24) hours shall be issued a clean set of appropriately sized detention facility clothing to include, at least, a shirt and trousers or coveralls and footwear.

(9) An inmate shall be given an opportunity to receive a complete change of clothing at least one (1) time each week.

(10) Clean bedding and towels shall be offered at least one (1) time each week.

(11) Laundry services shall be sufficient to permit regular exchange of all inmate clothing, bedding and towels.

(12) Blankets and mattresses shall be cleaned or sanitized before reissue.

(13) Issuance of all clothing and bedding shall be documented and inmates shall be held accountable for these items.

(14) The supply of bedding, linens and clothing shall exceed that required for the facility's maximum inmate rated population capacity.

(15) Under extreme circumstances it may be necessary for the administration to authorize the removal of linens, clothing and bedding from an inmate. Such action may be taken only as a measure to protect the inmate from self-injury, to protect others or to prevent facility damages. Such actions shall be documented and reviewed at least weekly by detention facility administration or an appointed designee. A paper gown or another appropriate garment may be provided as appropriate.

(16) Sufficient showers shall be provided in housing units to provide inmates the opportunity to bathe at least three (3) times each week. Inmates working in food service shall be required to bathe daily.

(17) Haircuts shall be available to inmates based on arrangements specified in facility policy and procedures.

(18) The potable water supply shall meet all state and local water quality standards. Hot and cold water shall be provided in showers and washbasins.

(19) Any condition conducive to harboring or breeding insects, rodents or other vermin shall be eliminated immediately. Licensed pest control professionals shall be contracted to perform pest control on a scheduled basis specified in the facility policy and procedure.

(20) Liquid and solid wastes shall be collected, stored and disposed of in a manner that avoids nuisance and hazards and protects the health and safety of inmates and staff. Biomedical waste shall be stored and destroyed in compliance with state and federal requirements.

(21) The facility's fire prevention policies and procedures shall ensure the safety of staff, inmates and visitors and shall conform to the requirements of the Oklahoma State Fire Marshal, as provided in Title 74 O.S. § 317 et seq. These shall include, but not be limited to an adequate fire protection service; a system of fire inspection and testing of equipment and documentation on a weekly basis; and the availability of fire hoses or extinguishers at appropriate locations throughout the facility. The facility shall have an automatic fire alarm and heat and smoke detection system approved by the Oklahoma State Fire Marshal, as provided in Title 74 O.S. § 317 et seq.

(22) The facility shall have a written evacuation plan in the event of fire or major emergency. Inmates shall be instructed on emergency procedures.

(23) There shall be a reliable means to permit prompt release of inmates from locked areas in case of emergency. The route of evacuation shall be posted in conspicuous locations throughout the facility.

(24) Facility furnishings, walls, ceilings and floors shall be constructed of material that meets the code requirements of the Oklahoma State Fire Marshal, as provided in Title 74 O.S. § 317 et seq.

(25) Heating systems shall be capable of maintaining a temperature of at least sixty-five (65) degrees Fahrenheit. Open-faced or un-vented heaters are not permitted.

(26) Air circulation and ventilation shall be capable of maintaining a temperature of at least eighty-five (85) degrees Fahrenheit or lower. If temperature exceeds eighty-five (85) degrees Fahrenheit, positive air movement shall be provided by use of fans, coolers, or air conditioning units. New facilities or substantially remodeled facilities shall be equipped with central air conditioning or individual air conditioning units which are capable of maintaining a temperature of eighty-five (85) degrees Fahrenheit.

[Source: Amended at 8 Ok Reg 3129, eff 7-18-91 (emergency); Amended at 9 Ok Reg 1433, eff 5-1-92 ; Amended at 13 Ok Reg 2139, eff 6-13-96 ; Amended at 20 Ok Reg 2387, eff 7-11-03 ; Amended at 21 Ok Reg 2445, eff 7-11-05 ; Amended at 36 Ok Reg 1731, eff 9-13-19]

310:670-5-7. Food services and dietary requirements

(a) Each inmate shall be provided at least three (3) meals each twenty-four (24) hours that meet the national recommended allowance for basic

nutrition. At least two (2) hot meals shall be provided daily. There shall not be more than fourteen (14) hours between the breakfast and evening meals.

(b) Special diets shall be available for inmates with a physician's or dentist's order. The order should be supported by evidence of the medical condition addressed by the diet. Special diets shall be planned and prepared by one who is skilled in preparing special diets according to a physician's or dentist's order. Inmate diets are modified when ordered by the appropriate licensed individual to meet specific requirements related to clinical conditions.

(c) If it is a requirement of an inmate's religious beliefs that the inmate adhere to dietary practices, reasonable provision shall be made for such diets from meals that are currently being served.

(d) A uniform record keeping system shall be developed to record the items served for each meal. This record shall be maintained in a manner that is retrievable for review and maintained for a minimum of one month.

(e) Food shall not be used as a reward or disciplinary action, nor shall the menu be varied for the same reason.

(f) All meals shall be served under the supervision of staff. An inmate's refusal to eat as an act of grievance shall be documented consistent with facility policy and reported to jail administration on a periodic basis as established by facility policy. A record of the grievance and its attempted resolution should conform with the grievance requirements at 310:670-5-4(g). The designated medical authority shall be advised of the refusal. The refusal to eat one meal shall not trigger the requirements in this paragraph.

(g) Any inmate assigned to food service shall be closely supervised and shall maintain a high degree of personal hygiene. Each inmate, providing food service or acting as a food employee, shall be instructed they are to inform the kitchen supervisor and shall not work in the kitchen if they are experiencing nausea, vomiting, abdominal cramps, diarrhea, an active respiratory infection, or fever, or have open sores on their hands or arms. Each inmate, providing food service or acting as a food employee, shall wear a hairnet or hat, beard guard, and gloves while preparing and serving food.

(h) Ice machines that are available to the inmates shall be dispenser-type.

(i) Menus shall be reviewed and approved in advance by a registered dietician or a request may be made to the Department of Health for a standardized menu.

[Source: Amended at 8 Ok Reg 3129, eff 7-18-91 (emergency); Amended at 9 Ok Reg 1433, eff 5-1-92 ; Amended at 13 Ok Reg 2139, eff 6-13-96 ; Amended at 20 Ok Reg 2387, eff 7-11-03 ; Amended at 21 Ok Reg 2445, eff 7-11-05 ; Amended at 36 Ok Reg 1731, eff 9-13-19]

310:670-5-8. Medical care and health services

Adequate medical care shall be provided in a facility. The administrator shall develop and implement written policies and procedures for complete emergency medical and health care services. Policies and procedures shall include at least the following:

(1) The administrator shall be responsible for the facility's medical services and shall develop, with the assistance of a designated medical authority, the facility's health care plan. Security restrictions shall be considered in the development of the plan, and any medical personnel included in the plan shall have their responsibilities regulated by written job descriptions. The health care plan shall cover at least the standards outlined in this section.

(2) Intake screening shall be performed on all inmates immediately upon admission to the facility and before being placed in the general population or housing area. An inmate whose screening indicates a significant medical or psychiatric problem, or who may be a suicide risk, shall be observed frequently by the staff consistent with the facility's policy and the identified need until the appropriate medical evaluation has been completed. After medical evaluation, these inmates may be assigned to housing consistent with the medical evaluation.

(A) Medications in the possession of the inmate at the time of the booking, whether prescription or over-the-counter shall be logged, counted and secured. *Prescription medications shall be provided to the [inmate] as directed by a physician or designated medical authority. The [inmate] shall be observed to ensure the prisoner takes the medication. The physician or designated medical authority shall be particularly aware through his or her training of the impact of opiate or methadone withdrawal symptoms that may occur in regard to the mental and physical health of the [inmate]. The physician or medical authority shall prescribe and administer appropriate medications to the [inmate] pursuant to Section 5-204 of Title 43A of the Oklahoma Statutes as the medical authority deems appropriate to address those symptoms. Neither prescription nor over-the-counter medications shall be kept by [an inmate] in a cell with the exception of prescribed nitroglycerin tablets and prescription inhalers. Over-the-counter medications shall not be administered without a physician's approval unless using prepackaged medications [57 O.S. § 4.1(1)].* This authorization to allow certain medications in a cell does not require a facility to allow the medications in a cell where inmate safety is threatened or abuse of the medication is documented. Prepackaged over-the-counter medications are those medications provided in single-dose packaging.

(B) Medical reception information shall be documented in a format approved by the designated medical authority which shall include inquiry into:

- (i) Current illnesses and health problems including medications taken and any special health requirements;
- (ii) Behavioral observation, including state of consciousness and mental status;

(iii) Notation of body deformities, trauma markings, i.e., bruises, lesions, ease of movement, and jaundice;

(iv) Condition of skin and visible body orifices, including infestations; and

(v) Disposition/referral of inmates to qualified medical personnel on an emergency basis.

(3) Delousing procedures shall be developed in coordination with the designated medical authority and used whenever vermin are detected.

(4) Inmates are informed upon admission to the facility about the procedures for gaining access to medical and health care services. These procedures shall be posted in a conspicuous place.

(5) Each facility shall have a plan and provide twenty-four (24) hour emergency medical and dental care. Emergency plans shall at least include arrangements for:

(A) The use of one (1) or more hospital emergency rooms or other appropriate health care facility;

(B) The use of an emergency medical vehicle; and

(C) An emergency on-call physician and dentist when the emergency health care facility is not located in a nearby community.

(6) If the need is indicated by the intake screening at booking, inmates held for forty-eight (48) hours or more, shall be scheduled for a medical examination which shall be conducted by licensed medical personnel.

(7) An appointment shall be made with a physician or other licensed medical personnel, as defined at Title 57 O.S. § 4.1(3), within forty-eight (48) hours of a valid written request unless more immediate action is dictated by the severity of the current situation.

(8) If medical services are delivered in the facility, adequate space, equipment, supplies and materials as determined by the designated medical authority, shall be provided for primary health care delivery.

(9) First aid kits approved by the designated medical authority shall be available in each facility. They shall be located in an area(s) also approved by the designated medical authority.

(10) Referral sources shall be identified in advance by the designated medical authority or administrator.

(11) The administration of medications, and the date, time and place of medical encounters shall be documented.

(A) The facility may maintain bulk supplies of nonprescription drugs for dispensing to inmates if ordered or otherwise authorized by a physician or other licensed medical personnel, currently licensed to practice medicine in this state. Nonprescription drugs may be dispensed to an inmate for nonscheduled dosage regimens.

(B) A facility may maintain nonprescription drugs for dispensing from a common or bulk supply if all of the

following are accomplished:

(i) The facility must have and follow a written policy and procedure to assure safety in dispensing and documentation of medications given to each resident.

(ii) The facility shall maintain records which document the name of the medication acquired, the acquisition date, the amount and the strength received for all medications maintained in bulk.

(iii) Only licensed nurses, physicians, pharmacists or certified medication aides (CMA) may dispense for administration these medications and only upon the written order for as needed (p.r.n.) or nonscheduled dosage regimens, as documented in the clinical record of the inmate.

(iv) The facility shall maintain records of all bulk medications which are dispensed on an individual signed medication administration record (MAR).

(v) The original labels shall be maintained on the container as it comes from the manufacturer or on the unit-of-use (blister packs) package.

(vi) The maximum size of packaging shall be established by the facility in its policy and procedures and shall insure that inmates receive the correct dosage; provided however, that no liquid medications shall be acquired nor maintained in a package size which exceeds 16 fluid ounces.

(vii) Facilities may have only oral analgesics, antacids, and laxatives for bulk dispensing and/or drugs listed in a facility formulary developed or approved by the medical director.

(C) Facilities are not required to package nonprescription drugs in individual containers with individual labels.

(D) These provisions shall not prohibit authorized over the counter sales, from the commissary, of medications prepackaged for use by the consumer and labeled in accordance with the requirements of the statutes and regulations of this state and the federal government.

(12) Copies of the medical record, or a discharge summary if any, shall accompany an inmate upon transfer to another facility.

(13) Any remaining medications, for which the inmate has been charged, shall accompany the inmate upon transfer to another facility or upon release, or those charges shall be reversed.

Medications that were in the possession of the inmate on admission, and were not dispensed, and for which the inmate has a lawful prescription, shall be returned unless there is documentation of abandonment. The amount of medications provided shall be documented. The count at that time shall be logged. Continuity of care is required when transferring or discharging inmates from the facility, including when referring an

inmate to community-based providers. When health care is transferred to another facility or to providers in the community, appropriate information shall be shared with the new providers in accordance with consent requirements. Sufficient medications shall be provided upon transfer or release for inmates with known serious health conditions. Sufficient medication should be coordinated with the receiving facility. The inmate is liable for payment of the cost of these medications pursuant to Oklahoma statute [Title 19 O.S. § 746(B)].

(14) Staff shall wear disposable gloves when dealing with possible exposure to an inmate's body fluids.

(15) Biomedical waste shall be stored and destroyed in compliance with state and federal requirements.

(16) Sharps, i.e., needles, lancets and scalpels shall be disposed of in a puncture-proof container.

(17) Staff shall receive a TB skin test as a part of the pre-employment evaluation and each twelve (12) months as long as the test is negative. Individuals with positive skin tests shall be referred to the local health department or personal physician for evaluation. Employees will also be offered hepatitis B vaccination within one month of employment, at no cost to the employee.

(18) Universal precautions shall be used at all times by all employees.

(19) Medication aides are restricted in the scope of activities they may perform. Those restrictions are established in Title 63 O.S. § 1-1950.3(E).

(20) County jails, under the authority of the sheriff and Title 19 O.S. § 531(B), may *deduct monies collected from an inmate as a medical payment on account for each medical services visit the inmate receives while incarcerated in the county jail, except as otherwise provided in Title 19 O.S. § 531(B).*

(21) Inmates are responsible for the costs of incarceration, medical care and treatment as provided in Section 979a of Title 22 of the Oklahoma Statutes.

[Source: Amended at 8 Ok Reg 3129, eff 7-18-91 (emergency); Amended at 9 Ok Reg 1433, eff 5-1-92 ; Amended at 13 Ok Reg 2139, eff 6-13-96 ; Amended at 20 Ok Reg 2387, eff 7-11-03 ; Amended at 21 Ok Reg 2445, eff 7-11-05 ; Amended at 36 Ok Reg 1731, eff 9-13-19]

310:670-5-9. Mail and visitation

Written policies and procedures shall govern inmate correspondence and visitation. For the purposes of this section, correspondence, mail and email shall have the same meaning. Policies and procedures shall include at least the following:

(1) There shall be no limitations on the volume of mail an inmate may send or receive as long as the inmate provides postage or email access fees and the inmate conforms with correspondence policies. The facility shall provide postage or email access, one (1) time per week, for inmates who do not have funds for correspondence with their attorney, court officials, elected officials, and next of kin.

(2) The number of approved correspondents for an inmate shall be unlimited unless restrictions are imposed based on violation of the facility's correspondence policy. A facility shall allow inmates access to publications to the extent that such access is consistent with security.

(3) Prior to delivery, incoming and outgoing inmate mail may be subject to inspection for contraband items or violations of content restrictions as established in the facility's correspondence policies.

(A) Outgoing mail violating correspondence policies will be returned to the inmate with an explanation of the violation unless it is used as evidence in a court/ disciplinary hearing. The inmate may also be placed on a restricted correspondence list and/or be subject to disciplinary action.

(B) Inmate mail received which violates the facility's correspondence policies will be held for 15 days pending inmate response to a written notice of the facility's intent to return the correspondence. With the exception of contraband in violation of state or federal law, pending the outcome of any grievance hearing, the inmate will be notified as to his/her option for disposal by either having the material returned to the sender, sending the material home at the inmate's expense, or having the material destroyed.

(4) Incoming inmate mail from court officials, the inmate's attorney and elected public officials shall be opened and inspected for contraband only in the presence of the inmate.

(5) Outgoing inmate mail to court officials, the inmate's attorney and elected public officials shall not be opened.

(6) Cash, checks or money orders received from incoming mail may be accepted and credited to the inmate's account at the discretion of the facility's policy. Charges to inmate funds must conform to Title 19 O.S. § 531. Contraband shall be removed if it is discovered in either incoming or outgoing mail.

(7) Outgoing mail shall be collected and sent daily except Sundays and holidays. Incoming mail shall be delivered to inmates within twenty-four (24) hours of its arrival at the facility with the exception of weekends.

(8) The number of visitors an inmate may receive and the length of visits shall be limited only by facility security, visitation, space and schedules.

(9) Licensed attorneys shall be allowed additional visitation privileges and accommodations, which ensure privacy and are consistent with security.

(10) Policies and procedures shall be developed to address special visits for persons who have come long distances.

(11) Visitors shall register upon entry to the facility and may be searched as established by jail policy.

(12) Visitation by a person under age 18 may be permitted if the visitor is a member of the inmate's immediate family and if a

parent or legal guardian accompanies the visitor.

(13) Licensed clergy may be allowed additional visitation privileges and accommodations which ensure privacy and are consistent with security.

(14) A court order restricting outgoing or incoming correspondence or telephone calls for an inmate shall supersede this rule.

[Source: Amended at 8 Ok Reg 3129, eff 7-18-91 (emergency); Amended at 9 Ok Reg 1433, eff 5-1-92 ; Amended at 13 Ok Reg 2139, eff 6-13-96 ; Amended at 20 Ok Reg 2387, eff 7-11-03 ; Amended at 36 Ok Reg 1731, eff 9-13-19]

310:670-5-10. Training and staff development

(a) **Training policies.** The administrator shall develop policies and procedures for staff orientation and training. The training program shall be supervised by a designated employee. A facility with more than one-hundred (100) employees shall employ a full-time person for staff orientation and training.

(b) **Training and testing requirements.** Policies and procedures shall include at least the following requirements for training:

(1) A new employee whose primary responsibilities include supervision of inmates shall receive orientation and training prior to job assignment by the employing agency. An employee who has received orientation and training may be assigned to inmate supervision prior to passing the Detention Officer examination.

(2) All employees, including the detention facility administrator and all supervisors, whose primary responsibilities include supervision of inmates, shall receive at least twenty-four (24) hours of training during the first year of their employment that covers at least the following:

- (A) Security procedures;
- (B) Supervision of inmates;
- (C) Report writing and documentation;
- (D) Inmate rules and regulations;
- (E) Grievance and disciplinary procedures;
- (F) Rights and responsibilities of inmates;
- (G) Emergency procedures;
- (H) First aid and cardiopulmonary resuscitation; and
- (I) Requirements of this Chapter.

(3) After the first year of employment, an employee whose primary responsibilities include supervision of inmates shall receive at least the training listed below.

- (A) Four (4) hours review of the required training identified in paragraph two (2) of this section.
- (B) Four (4) hours of training as directed by the administrator; the content and instructors shall be selected by the administrator.
- (C) Renewal training as required for first aid and cardiopulmonary resuscitation skills.

(4) A documentation log shall be maintained by the Administrator to record the courses completed by each employee for their initial

and annual training and include test results.

(5) Training may be given through other programs that have first been reviewed and approved by the Department.

(6) An examination covering the standards in this Chapter is required for new employees whose primary responsibilities include supervision of inmates. The examination shall be completed within the first year of employment unless there is documented evidence an examination was not available, or other extenuating circumstances caused the delay. In the event of delayed examination, an examination will occur at the next available opportunity. A passing score on the test as administered by the Department or its representatives shall be seventy (70) percent or higher. Any person scoring less than seventy (70) percent shall not be considered to have satisfactorily completed training and may retest as necessary for a period of up to one year.

(c) **Training program approval.** An entity which desires to sponsor a training program shall file an application for approval on the forms prescribed by the Department.

(1) No training examination program shall be operated, and no students shall be solicited or enrolled, until the Department has approved the program.

(2) The application requires the following information:

- (A) Name and address for the entity sponsoring the program and for the contact person for the program;
- (B) The location of the administrative office of the program and the location where records are maintained;
- (C) A program plan that follows the minimum curriculum for the standards in this Chapter, as prescribed by the Department including, but not limited to:
 - (i) the specific knowledge outcomes for the course(s);
 - (ii) an outline of the associated content for each knowledge outcome;
 - (iii) the teaching methods and any instructional media to be utilized;
 - (iv) a breakdown of the curriculum into clock hours of instruction.
- (D) A sample training completion certificate;
- (E) Education and experience requirements for training instructors.

(d) **Requirements for administration of the examination.** An entity which desires to sponsor an examination shall file an application for approval on the forms prescribed by the Department.

(1) The examination shall be administered and evaluated only by a Department approved entity which may be periodically monitored by the Department.

(2) Each examination entity must provide the Department with the following:

- (A) Name and address for the entity sponsoring the examination and for the contact person for the program;

- (B) The location of the administrative office of the program and the location where records are maintained;
 - (C) Written job analysis studies to determine the pool of test questions;
 - (D) Test question validation studies;
 - (E) Assurances of how the examination process will be secured from tampering and compromise.
- (3) Each examination entity shall provide the examinee with the following:
- (A) The notice showing pass/fail results;
 - (B) The notice shall specify the areas of failure.
- (4) The Department may withdraw approval of a testing entity when it allows one or more of the following:
- (A) Disclosure of the examination;
 - (B) Allowing another entity not approved by the Department to score the examination;
 - (C) Tampering with the examination;
 - (D) The examination was administered by a non-qualified individual.
- (5) The trainee may sit for the examination at a different location than where training was completed if the testing entity is provided with a training completion certificate from the training entity.
- (e) **Content of the examination.** The competency examination shall:
- (1) Address each requirement specified in the minimum curriculum for the standards in this Chapter, as prescribed by the Department;
 - (2) Be developed from a pool of test questions, only a portion of which is used in any one (1) examination;
 - (3) Use a system that prevents disclosure of both the pool of test questions and the individual examination results.
- (f) **Successful completion of the examination.** An individual shall score at least seventy (70) percent on the examination for a passing score.
- (g) **Failure to complete the competency examination.** If an individual does not complete the competency examination successfully, the individual shall be notified by the testing entity of, at least, the following:
- (1) The areas which the individual did not pass;
 - (2) That the individual may retest as necessary for a period of up to one year.

[Source: Amended at 8 Ok Reg 3129, eff 7-18-91 (emergency); Amended at 9 Ok Reg 1433, eff 5-1-92 ; Amended at 13 Ok Reg 2139, eff 6-13-96 ; Amended at 20 Ok Reg 2387, eff 7-11-03 ; Amended at 21 Ok Reg 2445, eff 7-11-05 ; Amended at 36 Ok Reg 1731, eff 9-13-19]

310:670-5-11. Physical plant

(a) Existing facilities.

- (1) The reception and release area shall be located inside the security perimeter, but outside the inmate living area. There shall be a secure weapons storage area outside of the custody perimeter.

(2) All cells and living areas shall have at least forty (40) square feet of floor space for the initial inmate and at least twenty (20) square feet of floor space for each additional inmate occupying the same cell. Double-celling of inmates is permitted if there is at least sixty (60) square feet of floor space for two (2) persons.

(3) The facility shall have at least one (1) special purpose cell to provide for the temporary detention of inmates under the influence of alcohol or dangerous substances or for persons who are uncontrollably violent or self-destructive. These cells shall be designed to prevent injury.

(4) The housing and activity areas shall provide, at least the following:

(A) Lighting of at least twenty (20) foot candles;

(B) One (1) toilet and one (1) washbasin, with hot and cold running water, in every cell or barrack at a ratio of at least one (1) toilet and one (1) washbasin to twenty (20) inmates; and

(C) A shower with non-skid floors and with hot and cold running water, at a ratio of at least one (1) shower to twenty (20) inmates in the housing areas.

(5) There shall be sufficient floor drains to ensure a sanitary facility.

(6) There shall be designated and marked emergency evacuation exits that comply with the requirements of the Oklahoma State Fire Marshal and which permit prompt evacuation of inmates and staff in an emergency.

(7) A county may provide a barrack-style detention facility to accommodate minimum-security inmates. It shall be equipped with washbasins, toilets and showers with hot and cold running water at a ratio of at least one (1) washbasin, one (1) toilet and one (1) shower to twenty (20) inmates. A barrack-style detention facility shall meet all requirements for a detention facility.

(b) **New facilities and substantial remodeling of facilities (after January 1, 1992).** Plans for the construction of a new facility or the substantial remodeling of an existing facility shall be submitted to the Department for review and approval. Detention facilities are encouraged to submit plans to the Department for any re-modeling or repair that does not meet the substantial remodeling threshold to ensure standards are met.

(1) A new detention facility shall be geographically accessible to criminal justice and community agencies.

(2) The reception and release area shall be located inside the security perimeter but outside inmate living area. The reception and release area shall have the following components:

(A) Sally port;

(B) Secure weapons storage, outside the detention facility custody perimeter;

(C) Temporary holding rooms with adequate seating for its rated capacity, toilets and washbasins;

(D) Booking area;

(E) Medical examination room;

- (F) Shower facilities;
 - (G) Secure area for inmate personal property storage;
 - (H) Telephone access;
 - (I) Interview room; and
 - (J) General administration space.
- (3) Cells shall be constructed and arranged to allow direct natural light into each area where feasible.
- (4) Windows installed after January 1, 2018, shall conform to ACA standards as adopted in 2017.
- (5) All areas shall provide for at least twenty (20) foot candles of light.
- (6) Each cell and detention room shall have at least forty (40) square feet of floor space for the initial inmate, and at least twenty (20) square feet of floor space for each additional inmate occupying the same cell. Double-celling is permitted if there is at least sixty (60) square feet of floor space for two (2) persons. Each room or cell shall have:
- (A) One (1) toilet and one (1) washbasin with hot and cold running water, for every single or double occupancy cell or barrack at a ratio of at least one (1) toilet and one (1) washbasin to twenty (20) inmates.
 - (B) Bunks and storage as indicated by square feet.
- (7) A county may provide a barrack-style detention facility to accommodate minimum security inmates. A barrack-style detention facility shall be equipped with washbasins, toilets and showers with hot and cold running water at a ratio of at least one (1) washbasin, one (1) toilet and one (1) shower to twenty (20) inmates. A barrack-style detention facility shall meet all requirements for detention facilities.
- (8) There shall be a dayroom area for each living unit containing at least thirty-five (35) square feet of floor space per inmate for the maximum number of inmates who use the dayroom at one time. It shall be separate and distinct from the sleeping area but immediately adjacent and accessible.
- (9) Living areas shall be planned and organized to permit segregation of inmates according to existing laws, and the facility's classification plan.
- (10) Each facility shall have at least one (1) special purpose cell or room to provide for the temporary detention of persons under the influence of alcohol or dangerous substances, or for persons who are uncontrollably violent or self-destructive. Such cells shall be designed and located to prevent injury to confined persons.
- (11) There shall be showers with hot and cold running water at a ratio of at least one (1) shower to twenty (20) inmates in the housing areas.
- (12) There shall be floor drains maintained in working order.
- (13) If the facility maintains an arsenal it shall be located outside the inmate area accessible only to authorized persons for secure storage, care and issuance of weapons, firearms, ammunition, chemical agents and other related security equipment.

(14) Space shall be provided for the secure storage of items an inmate has in his possession at the time of booking.

(15) Space shall be provided for administrative, professional and clerical staff, including conference rooms, storage room for records, public lobby and toilet facilities.

(16) There shall be designated and marked emergency exits that comply with the requirements of the Oklahoma State Fire Marshal and which permit prompt evacuation.

(17) In areas not specifically covered by these standards, new buildings and buildings undergoing substantial remodeling shall generally meet requirements of the State Fire Marshal and the plans shall be approved by the State Fire Marshal.

(c) **Temporary tent detention facilities.** The Department must approve the establishment and design of this type of facility. The State Fire Marshal must approve it. A county may erect a tent detention facility which is temporary in nature, to meet the needs of the county for confining minimum-security inmates. A tent detention facility shall not detain juveniles and shall maintain continuous, physical and architectural separation of male and female inmates. A tent detention facility shall not be required to meet minimum requirements for a detention facility but shall provide at least the following:

(1) **Accommodations.**

- (A) Basic daily living needs;
- (B) Medical needs;
- (C) Shelter from inclement weather;
- (D) Freedom from obvious safety hazards;
- (E) Fire extinguishers as recommended by the Oklahoma State Fire Marshal; and
- (F) General comfort consistent with security and control of inmates.

(2) **Security.**

- (A) Tents erected inside a fenced area suitable for guarding and controlling inmates; and
- (B) Permit inmates to have visitors consistent with security requirements.

SUBCHAPTER 7. STANDARDS FOR DETENTION FACILITIES HOLDING JUVENILES

310:670-7-1. Standards for detention facilities holding juvenile offenders

(a) A juvenile shall be incarcerated only in a city or county detention facility authorized by the appropriate judicial or juvenile bureau authority. A juvenile shall not be detained in any holding facility or lockup facility. This requirement does not preclude juveniles being held in non-

secure areas until a parent or other responsible party arrives to take custody of the juvenile.

(b) Prior to a juvenile being placed in an eligible detention facility, permission shall be obtained from the appropriate judicial or juvenile bureau authority. A record of permission shall be maintained at the facility.

(c) Sight checks of juvenile inmate living areas shall be performed at least one (1) time each hour. The check shall include all areas of each cell and the inmates shall be visually observed. Checks shall be documented in writing on a form provided by the administrator.

(d) An adult inmate who is assigned trusty status shall not be permitted sustained contact with a juvenile inmate. A staff member shall serve a juvenile inmate's meals.

(e) In addition to existing visitation privileges, juvenile inmates shall be permitted visits from authorized juvenile agency personnel. Visits from family members, who are unable to visit during normal visiting hours shall be allowed so long as arrangements for them are made in advance, with the administrator, and provided they do not jeopardize security. Each facility that holds a juvenile shall have written policies and procedures for such visits.

(f) A juvenile inmate shall be able to communicate with staff members at all times. This can be either by voice or electronic means. If electronic systems are used, there shall be a backup plan to insure communication ability is maintained.

(g) No staff member shall be permitted to enter a juvenile inmate living area i.e., past the last locked door, without backup assistance being available from another staff member. At least one (1) staff member shall be of the same sex as the juvenile inmate except in life endangering situations. Anytime a decision is made to enter the living area without appropriate backup assistance as defined above, the action shall be documented. Documentation shall show the reason for the decision and a permanent record shall be maintained.

(h) A juvenile charged with a crime which would constitute a felony if committed by an adult, or a juvenile who is an escapee from a juvenile training school or from a Department of Human Services group home, may be detained in any detention facility authorized by the appropriate judicial or juvenile bureau authority, police station or similar law enforcement office, not approved for long-term detention, for a period of six (6) hours or less for identifying, processing or arranging for transfer to a juvenile detention facility or alternative program. In no other circumstances shall a juvenile be securely detained in an adult detention facility.

[Source: Amended at 8 Ok Reg 3129, eff 7-18-91 (emergency); Amended at 9 Ok Reg 1433, eff 5-1-92 ; Amended at 13 Ok Reg 2139, eff 6-13-96 ; Amended at 20 Ok Reg 2387, eff 7-11-03 ; Amended at 21 Ok Reg 2445, eff 7-11-05 ; Amended at 36 Ok Reg 1731, eff 9-13-19]

310:670-7-2. Certification of detention facilities holding juvenile offenders

(a) The Department will coordinate with the Office of Juvenile Affairs to certify detention facilities for holding juvenile offenders based on a

facility's compliance with the rules in this Subchapter [10A O.S. § 2-3-103(E)].

(b) The designation of a detention facility as a place for the detention of juveniles is made from a list of eligible facilities supplied by the Department of Health. Eligible facilities are those facilities deemed by the Department as compliant with the applicable standards of this Chapter.

[Source: Added at 36 Ok Reg 1731, eff 9-13-19]

310:670-7-3. Recording and reporting the use of detention facilities to hold juvenile offenders

(a) Any adult jail, lockup or other adult facility shall record and report, in a manner consistent with requirements of the Office of Juvenile Affairs, the detention of any person under the age of eighteen (18) [10A O.S. § 2-3-103(F)].

(b) Records of detention for persons under the age eighteen (18) and detained in the last year shall be subject to review during the Department's annual inspection.

[Source: Added at 36 Ok Reg 1731, eff 9-13-19]

CHAPTER 673. ALZHEIMER'S DEMENTIA AND OTHER FORMS OF DEMENTIA SPECIAL CARE DISCLOSURE RULES

[**Authority:** 63 O.S., §§ 1-104 et seq. and 1-879.2a et seq.]

[**Source:** Codified 6-25-99]

SUBCHAPTER 1. GENERAL PROVISIONS

310:673-1-1. Purpose

This Chapter provides for the disclosure of information on special care provided to persons with Alzheimer's dementia and other forms of dementia for entities subject to the Alzheimer's Dementia and Other Forms of Dementia Special Care Disclosure Act and licensed by the Oklahoma State Department of Health. This rule is authorized under the following laws: the Alzheimer's Dementia and Other Forms of Dementia Special Care Disclosure Act (63 O.S. Section 1-879.2a et seq.); and the Oklahoma Public Health Code (63 O.S. Section 1-104 et seq.)

[**Source:** Added at 16 Ok Reg 2520, eff 6-25-99 ; Amended at 40 Ok Reg 1586, eff 9-11-23]

310:673-1-2. Definitions

When used in this Chapter, the following words or terms shall have the following meaning unless the context of the sentence requires another meaning:

"**Act**" means the Alzheimer's Dementia and Other Forms of Dementia Special Care Disclosure Act.

"**Department**" means the Oklahoma State Department of Health.

"**Special care facility**" means *any nursing facility, residential care facility, assisted living facility, adult day care center, continuum of care facility, or special care facility that publicly advertises, intentionally markets, or otherwise engages in promotional campaigns for the purpose of communicating that said facility offers care or treatment methods within the facility that distinguish it as being especially applicable to or suitable to persons with Alzheimer's dementia or other forms of dementia.* [63:1-879.2c].

[**Source:** Added at 16 Ok Reg 2520, eff 6-25-99 ; Amended at 40 Ok Reg 1586, eff 9-11-23]

SUBCHAPTER 3. STANDARDIZED DISCLOSURES AND REVIEWS

310:673-3-1. Disclosure and posting requirement

(a) Before entering an agreement to offer care or services as a special care provider, each provider shall submit a standardized disclosure form with the Department.

- (b) When there is any change in the information on file with the department, an updated form shall be submitted to the department at the time the change is made.
- (c) During regular inspections by the Department, the facility shall provide a current disclosure form for the Department to verify if the form is current and the services are provided to residents as described in the form.
- (d) A current form shall be posted on the facility's website.

[Source: Added at 16 Ok Reg 2520, eff 6-25-99 ; Amended at 40 Ok Reg 1586, eff 9-11-23]

310:673-3-2. Description of standardized disclosure form

The standardized disclosure form requires the following:

- (1) *A written description of the special care unit, program, or facility's overall philosophy and mission as it relates to the needs of residents with Alzheimer's dementia or other forms of dementia;*
- (2) *The process and criteria for placement in, or transfer or discharge from, the unit, program, or facility;*
- (3) *The process used for assessment, establishment, and implementation of a resident plan of care, as it relates to Alzheimer's dementia and other forms of dementia, including the method by which the plan evolves, the frequency of assessment, and how the facility will respond to changes in the condition of the resident;*
- (4) *Staff-to-resident ratios, staff training and continuing education that are in addition to all regularly prescribed training and are commensurate with the need for increased care and supervision for residents with Alzheimer's dementia and other forms of dementia;*
- (5) *The physical environment and design features appropriate to support the functioning of cognitively impaired residents;*
- (6) *The types and frequency of resident activities designed for residents with Alzheimer's dementia or other forms of dementia and descriptions of those therapeutic activities designed to address cognitive function and engage residents with varying stages of dementia;*
- (7) *The involvement of families in care planning and other aspects of care, and the availability of family support programs;*
- (8) *The fees for care and any additional fees; and*
- (9) *Any accreditations or certifications issued to the facility related to the care and services provided to residents with Alzheimer's dementia or other forms of dementia. [63:1-879.2c.B].*

[Source: Added at 16 Ok Reg 2520, eff 6-25-99 ; Amended at 40 Ok Reg 1586, eff 9-11-23]

310:673-3-3. Department review

A facility will be sent an electronic notification to the email provided within the disclosure form once it has been submitted to the electronic filing system. The Department shall review disclosure forms

for completeness and accuracy each time a form is submitted as required by law. During the regular inspection, the Department shall verify the disclosure form is current and the services provided match those described within the disclosure form.

[Source: Added at 16 Ok Reg 2520, eff 6-25-99 ; Amended at 40 Ok Reg 1586, eff 9-11-23]

310:673-3-4. Standardized disclosure changes [REVOKED]

[Source: Added at 16 Ok Reg 2520, eff 6-25-99 ; Revoked at 40 Ok Reg 1586, eff 9-11-23]

310:673-3-5. Conditions to refuse to renew [REVOKED]

[Source: Added at 16 Ok Reg 2520, eff 6-25-99 ; Revoked at 40 Ok Reg 1586, eff 9-11-23]

310:673-3-6. Violations of disclosure form requirements

A violation of any of the provisions in the Alzheimer's Dementia and Other Forms of Dementia Special Care Disclosure Act shall subject the offending facility to the notice and enforcement provisions for the facility's license.

[Source: Added at 40 Ok Reg 1586, eff 9-11-23]

310:673-3-7. Disclosures provided

(a) The facility shall provide a current disclosure to any representative of a person with Alzheimer's dementia or other forms of dementia who is considering placement within a special care unit, program, or facility in addition to having a current disclosure form as required by 63 O.S. 1-879.2 c.

(b) The Department shall provide a copy of the disclosure to the State Long-Term Care Ombudsman.

[Source: Added at 40 Ok Reg 1586, eff 9-11-23]

CHAPTER 675. NURSING AND SPECIALIZED FACILITIES

Editor's Note: Numerous rules in this Chapter were added or revised by the Oklahoma State Department of Health in 2007. However, after these rules, as identified below, had been promulgated in the Oklahoma Register and published in the 2007 OAC Supplement, the Department discovered that an earlier draft of the rules, which had NOT been adopted by the State Board of Health, had been inadvertently submitted to the Legislature, Governor, and Secretary of State for review, final adoption, and promulgation [see 24 Ok Reg 2030, effective 6-25-07]:310:675-1-2310:675-7-5.1310:675-7-12.1310:675-7-17.1310:675-7-18.1310:675-7-21310:675-9-13.1310:675-13-7310:675-21-1 through 310:675-21-5Appendix BUpon discovery of this error, the agency initiated another rulemaking action, and the rules were readopted in 2008. After review and final adoption, those rules were promulgated at 25 Ok Reg 2482, effective 7-11-08. [See also Editor's Note published at 25 Ok Reg 2482]

[**Authority:** 63 O.S., §§ 1-104 and 1-1901 et seq.]

[**Source:** Codified 12-31-91]

SUBCHAPTER 1. GENERAL PROVISIONS

310:675-1-1. Purpose

The purpose of this Chapter is to implement the "Nursing Home Care Act" (63 O.S. 1991, §§ 1-1901 et seq.) and to establish the minimum criteria for the issuance or renewal of a nursing or specialized facility license.

[**Source:** Amended at 9 Ok Reg 3163, eff 7-1-92 (emergency); Amended at 10 Ok Reg 1639, eff 6-1-93]

310:675-1-2. Definitions

The following words and terms, when used in this Chapter, shall have the following meaning unless the context clearly indicates otherwise:

"Act" means Title 63 of the Oklahoma Statutes, Sections 1-1901 and following as amended also known as the Nursing Home Care Act.

"Allied health professional" means one of the following persons: physician assistant, physical, speech, or occupational therapist, occupational therapy assistant, physical therapy assistant, or qualified social worker.

"Antipsychotic drug" means a drug, sometimes called a major tranquilizer, used to treat symptoms of severe psychiatric disorders, including but not limited to schizophrenia and bipolar disorder.

"Attendant" means the person having control of an animal/pet visiting or in residence in a facility.

"Approval" means the mandatory state government process by which an agency or program is reviewed, and publicly proclaimed, to render a service worthy of note.

"CEP" means the nurse aide competency evaluation program.

"Certification" means the process by which a non-governmental agency, or association, or governmental agency attests that an individual or facility has met certain predetermined standards specified by the certifying body.

"Certified medication aide" means a person who has passed a Department approved program for administering medications.

"Certified nurse aide" means any person who provides, for compensation, nursing care or health-related services to residents of a facility, who is not a licensed health professional and has completed a Department approved training and competency program.

"Charge nurse" means a registered nurse or licensed practical nurse responsible for supervising nursing services on a specific shift.

"Chemical restraints" means the use of a medication for the purpose of discipline, convenience, or in an emergency situation to control mood or behavior and not required to treat the resident's symptoms.

"Consultant registered nurse" means a registered nurse who provides consultation to the director of nursing and administrator concerning the delivery of nursing care for all residents in the facility.

"Denial" means a decision made by the appropriate body to disapprove an application.

"Direct care staff" means nursing, activity, social and therapy staff.

"Director of nursing" means either a registered nurse or licensed practical nurse, who has the authority and responsibility to administer nursing services within the facility.

"Emergency" means, for the purposes of Title 63 O.S. § 1-1912, a serious, potentially life-threatening or life-endangering situation in which immediate action is necessary to ensure the health, safety, or welfare of residents, and for which the facility:

- (A) does not have a plan acceptable to the Department to ensure health, safety or welfare of residents; or
- (B) refuses to remedy the situation.

"Health related services" means any medically directed service provided by any person in a facility that may include but is not limited to, the following:

- (A) Positioning and turning of residents;
- (B) Self-help skill training;
- (C) Assistance with prosthetic/assistive devices;
- (D) Medication administration;
- (E) Nutrition and hydration;
- (F) Monitoring of resident vital signs;
- (G) Catheter and nasogastric care;
- (H) Behavior modification programs;
- (I) Administering a medically related care plan; and
- (J) Restorative services.

"In charge" and **"supervision"** means the administrator must have the requisite authorization from the licensee to make those purchases and incur those necessarily attendant debts in order to comply with the rules promulgated by the Board and all pertinent state statutes.

"Inservice education" means activities intended to assist the individual to acquire, maintain, and/or increase competence in fulfilling the assigned responsibilities specific to the employer's expectations.

"Licensed health professional" means one of the following: a physician; dentist, podiatrist, chiropractor, physician assistant, nurse practitioner; pharmacist; physical, speech, or occupational therapist; registered nurse, licensed practical nurse; licensed or certified social worker; or licensed/registered dietitian.

"Licensed nurse" means a registered nurse or a licensed practical nurse who is currently licensed by the Oklahoma Board of Nursing.

"Licensed pharmacist" means a person who is a graduate of an accredited pharmacy program and is currently licensed by the Oklahoma Board of Pharmacy.

"Licensed practical nurse" means a person who is a graduate of a state approved practical nursing education program, or who meets other qualifications established by the Oklahoma Board of Nursing, and is currently licensed by the Oklahoma Board of Nursing.

"Licensure" means the process by which the Department grants to persons or entities the right to establish, operate, or maintain any facility.

"Local law enforcement" means:

- (A) The municipal police department, if the facility is within the jurisdiction of any municipality of this state, or
- (B) The county sheriff, if the facility is outside the jurisdiction of any municipality within this state.

"Long-term care facility" means:

- (A) a nursing facility as defined in 63 O.S. § 1-1902;
- (B) a continuum of care facility as defined under the Continuum of Care and Assisted Living Act; or
- (C) the nursing care component of a life care community as defined by the Long-term Care Insurance Act.

"Manager" or "supervisor" means the person or entity which performs administrative services for the licensee. The manager or supervisor is not legally responsible for the decisions and liabilities of the licensee, and does not stand to gain or lose financially as a result of the operation of the facility. The manager is paid a fee or salary for services, and the primary remuneration shall not be based upon the financial performance of the facility.

"Misappropriation of resident's property" means the taking, sequestration, misapplication, deprivation, transfer, or attempted transfer to any person not entitled to receive any property, real or personal, or anything of value belonging to or under the legal control of a resident, without the effective consent of the resident or other appropriate legal authority, or the taking of any action contrary to any duty imposed by federal or state law prescribing conduct relating to the custody or disposition of resident's property.

"Nurse aide" means any person providing nursing or nursing related services to residents in a facility, but does not include an individual who is a licensed health professional, or who volunteers to provide such services without monetary compensation.

"Nurse aide trainee" means any person who has been employed by a facility to provide nursing care or health related services, and is

enrolled in but has not completed a Department approved training and competency program.

"Orientation" means the training for a particular job activity given to all employees.

"Perishables" means food supplies, to include dietary supplements and intravenous feedings, medical supplies, and medications.

"Physical restraints" means any manual method or physical or mechanical device, material or equipment attached or adjacent to the resident's body that the resident cannot remove easily, that is not used for the purpose of therapeutic intervention or body alignment as determined by resident assessment and care planning, and which restricts the resident's desired freedom of movement and access to his or her body.

"Prescribing clinician" means:

- (A) an allopathic or osteopathic physician licensed by and in good standing with the Oklahoma State Board of Medical Licensure and Supervision or the Oklahoma State Board of Osteopathic Examiners, as appropriate;
- (B) a physician assistant licensed by and in good standing with the Oklahoma State Board of Medical Licensure and Supervision; or
- (C) an Advanced Practice Registered Nurse licensed by and in good standing with the Oklahoma Board of Nursing.

"Qualified nutritionist" is a Department approved person who holds a baccalaureate with major studies in food and nutrition, dietetics, or food service management; has one year experience in the dietetic service of a health care institution; and participates in continuing education annually.

"Registered/licensed dietitian" means a person who is registered as a dietitian by the American Dietetic Association and licensed by the Oklahoma Board of Medical Licensure and Supervision.

"Registered nurse" means a person who is a graduate of a state approved registered nursing education program, and who is currently licensed by the Oklahoma Board of Nursing.

"Registry" means a Department maintained list of individuals who have successfully completed a nurse aide training and competency evaluation program, or a competency evaluation program, approved by the Department.

"Representative of a resident" means a representative of a resident as defined by 63 O.S. § 1-1902.

"Resident" means a resident as defined by 63 O.S. § 1902.

"Revoke" means to rescind approval of a previous action.

"Specialized facility" means any facility which offers or provides inpatient long-term care services on a twenty-four hour basis to a limited category of persons requiring such services, including, but not limited to, a facility providing health or habilitation services for developmentally disabled persons, infants and/or children, or Alzheimer's and dementia residents.

"Standards of nursing practice" means an authoritative statement that describes a level of care or performance common to the profession of nursing by which the quality of nursing practice can be

judged. Standards of nursing practice include both standards of care and standards of professional performance.

"Standards of care" means a description of a competent level of care demonstrated by a process of accurate assessment and diagnosis, planning, appropriate interventions, and predicted patient outcomes. (Appendix B of this Chapter.)

"Standards of professional performance" means a description of a competent level of behavior in the professional role including activities related to quality assurance, education, consultation, research, ethics, resource utilization, accountability, peer review, and interdisciplinary collaboration.

"Suspended license" means a license that is issued for a period not to exceed three years to a facility which has temporarily closed or ceased operations.

"Training and competency evaluation program" means a program approved by the Department to instruct and evaluate individuals to act as nurse aides.

"Transfer" means the move of a resident from one facility to another facility.

"Intra-facility transfer" means the moving of a resident from one room to another within a facility.

"Transfer of ownership" means a change of substantial, or controlling interest, in the ownership of a facility. A change of less than five percent (5%) of the interest of the owner does not constitute a transfer of ownership unless it also results in a change of control of the owner.

"Willful violation" means:

- (A) a pattern of violation of staffing requirement;
- (B) a violation of staffing requirement in which the facility knew or should have known staffing would be insufficient to meet the requirement yet took no action to avert the violation; or
- (C) the reporting of materially inaccurate or misleading information of staffing to the Health Care Authority.

Editor's Note: ¹*This emergency action expired without being superseded by a permanent action. Upon expiration of an emergency amendatory action, the last effective permanent text is reinstated. Therefore, on 7-15-02 (after the 7-14-02 expiration of the emergency action), the text of 310:675-1-2 reverted back to the permanent text that became effective 6-25-01, as was last published in the 2001 Edition of the OAC, and remained as such until amended again by permanent action on 7-11-03.*

Editor's Note: ²*See Editor's Note at beginning of this Chapter.*

310:675-1-3. Staff identification

Each facility shall ensure that each staff member wears an identification badge that clearly indicates the staff member's name and title.

[Source: Added at 18 Ok Reg 2533, eff 6-25-01]

310:675-1-4. Purpose, authority and indoor tobacco smoke

(a) The purpose of this section is to establish a prevention program for several non-communicable diseases, which will improve the health of Oklahomans by eliminating exposure to secondhand tobacco smoke and its deadly effects. This section abates the public health nuisance of secondhand smoke under the authority of the Commissioner of Health as specified under Section 1-106(b)(1) of Title 63 of the Oklahoma Statutes. This section also further specifies how compliance with the Smoking in Public Places Act will be accomplished. [63 O.S. §§ 1-1521 *et seq.*]

(b) The Commissioner of Health has conducted a study and is recommending these measures to the Board of Health under his authority as stated in section 1-106 of the Public Health Code. [63 O.S. § 1-106] The Board has the authority to establish prevention programs for non-communicable disease and to promulgate rules for the control of causative or toxic substances, which can cause disease under section 1-502b of the Public Health Code. [63 O.S. § 1-502b] The Board is adopting this rule under its authority in sections 1-104 and 1-1526 of Title 63 of the Oklahoma Statutes. [63 O.S. §§ 1-104 & 1-1526]

(c) Smoking or possessing a lighted tobacco product is prohibited in a facility and within fifteen (15) feet of each entrance to a facility and of any air intakes; provided however, the facility may provide a smoking room available to the residents and their guests and another room available to the employees.

(d) An indoor smoking room may be provided if:

- (1) It is completely enclosed;
- (2) It is exhausted directly to the outside and maintained under negative pressure sufficient to prevent any tobacco smoke from entering non-smoking areas of the building;
- (3) It allows for visual observation of the residents from outside of the smoking room; and
- (4) The plans are reviewed and approved by the Department.

(e) To enable better observation and supervision of residents who wish to smoke outside, a facility may designate a smoking area outside an entrance other than the main entrance which may be closer than fifteen (15) feet to the entrance providing consideration is given to minimizing the possibility of smoke entering the building.

(f) The walkway to the main entrance shall also be smoke free.

(g) No ashtray shall be located closer than fifteen (15) feet to an entrance, except in an indoor smoking room or a designated outdoor smoking area under paragraph "c" above.

(h) Should construction requirements not be in agreement with this rule, the stricter rule shall apply.

(i) The facility's tobacco use policy shall be clearly posted near the main entrance, and prospective residents or their legal representatives shall be notified of the policy prior to the residents' acceptance for admission.

[Source: Added at 19 Ok Reg 2098, eff 7-1-02]

310:675-1-5. Relocation of a resident by the Department in emergency

- (a) The Department may relocate a resident in an emergency when:
- (1) The Department determines that the resident is in immediate jeopardy which cannot be rectified without relocation; or
 - (2) The facility has substantial quality of care non-compliance with the rules and/or certification standards and when actual harm has occurred in the facility; or
 - (3) The facility is unable to meet the needs of the resident.
- (b) The Department may order the removal of all the residents to close the facility.
- (c) The Department shall involve the resident and the resident's family or representative in the decision to relocate the resident; however, the Department may move the resident without the consent of the resident or the family if necessary to preserve the health, welfare or safety of the resident. If the resident does not consent, then if possible a member of the Adult Protective Services staff must agree in writing that the resident needs to be moved.
- (d) The Department shall give written notice to the resident and to the facility of the reasons for the discharge or transfer if the resident or the resident's families do not agree to transfer the resident.
- (e) If the resident has no specific preference, the Department shall relocate the residents to the nearest facility capable of care for the resident if acceptable to the resident.
- (f) Should a resident be aggrieved by the decision of the Department to relocate or transfer that resident, the Department shall conduct a hearing before relocating the resident unless to do so will fail to preserve the health, welfare or safety of the resident.
- (g) The hearing will be conducted following Chapter 2 of this title and the Administrative Procedures Act.
- (h) The hearing will be conducted at the facility, and will be attended by the Administrative Law Judge and the Department's legal counsel. The Department will maintain a record on the case as it would for another individual proceeding.
- (i) The Administrative Law Judge shall make this case a priority and shall issue a written opinion within one working day from the close of the hearing.
- (j) The Administrative Law Judge's order shall include findings of fact, conclusions of law and an order that the transfer was according to law or not.
- (k) The order may be appealed to District Court as in any other individual proceeding under the Administrative Procedures Act.

[Source: Added at 20 Ok Reg 2399, eff 7-11-03]

310:675-1-6. Waiver

(a) The Commissioner of Health, in accordance with 63 O.S. Section 1-1900.2, may waive provisions of the Nursing Home Care Act and this Chapter, if the Department of Health determines that such waiver would not endanger the life, safety or health of any resident of a nursing facility and the waiver application meets the requirements specified in this section and 63 O.S. Section 1-1900.2.

(b) Any facility requesting a waiver shall apply in writing to the Department of Health. Such application shall include:

- (1) The specific statute(s) or regulation(s) for which the waiver is requested;
- (2) Reason(s) for requesting a waiver;
- (3) An explanation of how the requested waiver fosters the development of resident autonomy, individualization and culture change in support of a deinstitutionalization model;
- (4) The specific relief requested; and
- (5) Any documentation which supports the application for waiver.

(c) In consideration of any application for waiver, the Commissioner of Health may consider the following:

- (1) Compliance with 63 O.S. Section 1-1900.2;
- (2) The level of care provided;
- (3) The maximum resident capacity;
- (4) The impact of a waiver on care provided;
- (5) Alternative policies or procedures proposed; and
- (6) Compliance history with provisions of the Nursing Home Care Act and this Chapter.

(d) The Department of Health shall consider each request for a waiver and shall approve or disapprove the request in writing within sixty (60) business days of receipt of the request.

(e) If the Department of Health finds that an application is incomplete, the Department shall advise the applicant in writing and offer an opportunity to submit additional or clarifying information. The applicant shall have thirty (30) business days to submit additional or clarifying information in writing to the Department of Health upon receipt of written notification.

(f) The facility that is granted a waiver shall notify residents of the facility or, where appropriate, the guardians or legal representatives of such residents of the waiver in writing.

(g) An applicant who disagrees with the Department's decision regarding the waiver application may file a written petition requesting review by an administrative law judge in an individual proceeding under the Oklahoma Administrative Procedures Act.

(h) The Department may revoke a waiver through an administrative proceeding in accordance with the Oklahoma Administrative Procedures Act upon finding the nursing facility is operating in violation of the waiver or the waiver endangers the life, safety or health of any resident in the nursing facility.

SUBCHAPTER 3. LICENSES

310:675-3-1. License required [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-3-1.1. Application for licensure

- (a) No person or entity shall operate a facility without first obtaining a license.
- (b) The applicant shall file a licensure application in a timely manner, on the forms provided by the Department, with a check for the filing fee payable to the Oklahoma State Department of Health. The filing fee is set by statute, and currently is calculated as Ten Dollars (\$10.00) per licensed bed.
- (c) The facility owner shall be the applicant for the license, unless a receiver has been appointed. If there is a receiver, the receiver shall be the applicant.
- (d) If the facility is leased, then the person or entity to whom the facility is leased shall be the applicant. If the lessee does not assume all rights to the facility and the lessor reserves some participatory rights in the operation of the facility, then both entities shall make joint application for the license.
- (e) The applicant for license shall disclose the name, address, and tax identification number of a person or entity who has the legal duties of filing employment tax returns and paying employment taxes with respect to staff required to meet the needs of facility residents, including but not limited to administrators, nurses, nurse aides, certified medication aides, dietitians, nutritionists, food service staff, qualified intellectual disability professional, and activities, social services, maintenance and housekeeping personnel.
- (f) An application is not considered to be filed unless it is accompanied by the application fee. The application fee, however, shall not be required from a receiver or temporary manager appointed by, or at the request of, the Department.

310:675-3-2. Application for licensure/relicensure [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-3-2.1. Deadlines for filing

The license application shall be filed in accordance with the following deadlines.

- (1) The application for an initial license of a new facility shall be filed at least thirty days before beginning operations.

(2) The application for an initial license, following a transfer of ownership or operation, shall be filed at least thirty days before the final transfer. In the case of the appointment of a receiver as operator, this thirty day advance filing requirement may be waived if the Commissioner finds that an emergency exists which threatens the welfare of the facility residents. If an emergency is found to exist, the receiver shall file the license application before beginning operation of the facility.

(3) The application for renewal of license of an existing facility, with no transfer of ownership or operation, shall be filed by the renewal date specified on the existing license.

(4) An application for a suspended license, with no transfer of ownership or operation, shall be filed within thirty (30) days of relocation of all residents or the date the facility ceases operation.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93 ; Amended at 13 Ok Reg 2511, eff 6-27-96 ; Amended at 20 Ok Reg 2399, eff 7-11-03]

310:675-3-3. Probationary and conditional licenses [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-3-3.1. Where to file

(a) Each initial, renewal or suspended license application, and each Notice of Change requesting an increase in beds, and the applicable license fee shall be delivered or sent to the Department at the address specified on the application or notice form. The effective date of filing shall be the date the application or notice and any required fee are received. No initial or renewal license or increase in licensed beds shall bear an effective date of issuance that is earlier than the effective date of filing.

(b) The completed application forms and the license fee shall not be given to Department personnel at the facility site.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93 ; Amended at 20 Ok Reg 2399, eff 7-11-03]

310:675-3-4. Denial of license

The Department's consideration of financial insufficiency as a reason for denial of a license pursuant to 63 O.S. Section 1-1906(C)(4), may include, but is not limited to, the following bases:

- (1) The applicant or any person or entity disclosed pursuant to 310:675-3-1.1(e) is not current with filing and payment requirements for state and/or federal taxes;
- (2) The State of Oklahoma has filed a tax warrant or warrants against the applicant or any person or entity disclosed pursuant to 310:675-3-1.1(e); or
- (3) The Internal Revenue Service has filed a notice of federal tax lien against the applicant or any person or entity disclosed pursuant to 310:675-3-1.1(e).

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93 ; Added at 21 Ok Reg 2805, eff 7-12-04]

310:675-3-4.1. Forms

The applicant for a license shall file application forms as follows:

- (1) For an initial license of a new facility, or for an existing facility following a transfer of ownership or operation, the applicant shall file these forms: License Application; Disclosure Statement of Owner, Lessee and Manager, with Detail Attachment and Affirmation Attachment; the Staffing Projection and Professional Certification; and the Certification of Tax Liens and Timely Payment of Taxes.
- (2) For renewal or suspension of a current license, the applicant shall file the License Application form, and the Certification of Tax Liens and Timely Payment of Taxes. The application forms shall provide for the facility to file an abbreviated report if no change has been made since the time of the last application.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93 ; Amended at 20 Ok Reg 2399, eff 7-11-03 ; Amended at 21 Ok Reg 2805, eff 7-12-04 ; Amended at 23 Ok Reg 3167, eff 7-26-06 (emergency); Amended at 24 Ok Reg 2043, eff 6-25-07]

310:675-3-5. Suspension/revocation of license

- (a) The period for an extension granted pursuant to 63 O.S. Supp. 2002 Section 1-1906(H)(2) shall not exceed three (3) years.
- (b) During the period of suspension, the licensee shall file a Periodic Report for Suspended License that demonstrates the facility's progress towards reopening the facility or the extenuating or unusual circumstances for requesting the extension of the suspended license, in the form of, but not limited to: contract for sale, contract with real estate agent or builder, or a pending Certificate of Need application.
- (c) The facility shall file periodic reports at least once every six months. The Department shall send a notice to each facility's contact, at least thirty (30) days prior to the due date of the periodic report.
- (d) The Department's consideration of financial insufficiency as a reason for suspension or revocation of a license pursuant to 63 O.S. Section 1-1906(E)(4), may include, but is not limited to, the following bases:

- (1) The applicant or any person or entity disclosed pursuant to 310:675-3-1.1(e) is not current with filing and payment requirements for state and/or federal taxes;
- (2) The State of Oklahoma has filed a tax warrant or warrants against the applicant or any person or entity disclosed pursuant to 310:675-3-1.1(e); or
- (3) The Internal Revenue Service has filed a notice of federal tax lien against the applicant or any person or entity disclosed pursuant to 310:675-3-1.1(e).

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93 ; Amended at 20 Ok Reg 2399, eff 7-11-03 ; Amended at 21 Ok Reg 2805, eff 7-12-04 ; Amended at 26 Ok Reg 2059, eff 6-25-09]

310:675-3-5.1. Description of forms

- (a) The forms used to apply for a facility license are the following.
 - (1) The License Application for a Nursing or Specialized Facility (Form 953-A) requires: identification of the type of license; the name and address of the facility; the administrator's name; the number and type of beds; the applicant's name; confirmation of changes in the owner, lessee, manager or any person or entity disclosed pursuant to 310:675-3-1.1(e); a zoning statement for new facilities; and an oath affirming the truth, correctness and completeness of the information provided.
 - (2) The Disclosure Statement of Owner, Lessee and Manager for a Nursing or Specialized Facility (Form 953-B) requires: the names and types of legal entities for the owner, lessee and manager; name, address and tax identification number for any person or entity disclosed pursuant to 310:675-3-1.1(e); and an oath affirming the truth, correctness and completeness of the information provided.
 - (3) The Detail Attachment (Form 953-C) supplements the Disclosure Statement (Form 953-B) and requires the names and addresses for the following as applicable:
 - (A) All shareholders owning 5% or more of a corporate entity and all officers of a corporate entity;
 - (B) All partners of a general partnership;
 - (C) All general partners and all limited partners that own 5% or more of a limited partnership;
 - (D) All members that own 5% or more of a limited liability company and all managers of a limited liability company;
 - (E) All beneficiaries that hold a 5% or more beneficial interest in a trust and all trustees of the trust;
 - (F) All persons or entities that own a 5% or more interest in a joint venture;
 - (G) All persons or entities that own a 5% or more interest in an association;
 - (H) The owners holding a 5% or more interest of any other type of legal entity; and
 - (I) Any other person holding at least a five percent (5%) interest in any entity which owns, operates, or manages

the facility.

(J) As a substitute to submitting a Disclosure Statement and Detail Attachment, if the owner, lessee and/or manager is an entity that is publicly traded and is required to file periodic reports under the Securities and Exchange Act of 1934, or is a wholly owned subsidiary of such a publicly held company, the applicant may submit the applicable portions of the most recent annual and quarterly reports required by the Securities and Exchange Commission (SEC). The applicant shall include an index reflecting where each item of information required to be disclosed pursuant to the Disclosure Statement and Detail Attachment may be located in the SEC filings. Submission of the complete SEC filing is not required. Only those portions applicable to the Disclosure Statement and Detail Attachment are to be submitted.

(K) The required disclosure shall also be made by all persons or entities with an ownership interest in any entity required to be disclosed in paragraphs (A) through (I) of this section that is equal to a 5% or more indirect ownership interest in the owner, lessee and/or manager. The disclosure shall be made at each level of the organization to the extent required by this subsection.

(L) For purposes of subsection (K), the percentage of indirect ownership interest in the owner, lessee and/or manager is determined by multiplying the percentages of ownership in each entity. For example, if A owns 10 % of the stock in a corporation that owns 80 % of the applicant for license, A's interest equates to an 8 % indirect ownership interest in the applicant and must be reported. Conversely, if B owns 80 percent of the stock of a corporation that owns a 5% interest of the stock of the applicant, B's interest equates to a 4% indirect ownership interest in the applicant and need not be reported.

(4) The Affirmation Attachment (Form 953-D) supplements the Disclosure Statement (Form 953-B) and requires the following: the names and addresses of individuals, members, officers and/or registered agents required to be disclosed for the applicant pursuant to 310:675-3-5.1(a)(3); and an affirmation from each of the above concerning their age, character and health.

(5) The Staffing Projection and Professional Certification for a Nursing or Specialized Facility (Form 953-E) requires: a projected staffing pattern; and a certification from the director of nursing, the physician on call for medical emergencies, and the pharmacist providing consultation and emergency pharmacy services.

(6) The Periodic Report for Suspended License (Form 953-F) requires: the name and address of the facility; the applicant's name and address, contact person and address; report of progress in reopening the facility; request for extension based on extenuating circumstances; and an oath affirming the truth, correctness and completeness of the information provided.

(b) The Notice of Change requests information on the name and address of the facility; the administrator; the number and type of beds; the applicant; confirmation of changes in the owner, lessee or manager; and any change in disclosure of persons or entities pursuant 310:675-3-1.1(e).

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-3-7. Certificate of approval [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-3-8. Notice of change

(a) If changes occur so that information previously submitted in a facility's license application is no longer correct, the facility shall notify the Department. Notice is required of changes to the following information:

- (1) Facility identification including facility business name, mailing address, telephone number or facsimile number;
- (2) Changes in licensed bed capacity, including proposed increases;
- (3) The administrator;
- (4) Owner, lessee or manager disclosure or detail information that does not otherwise necessitate an initial license;
- (5) Disclosure of persons or entities required to be disclosed pursuant 310:675-3-1.1(e); and

(b) The facility shall file the Notice of Change form with the Department on or before the effective date of the change, with the following exceptions.

- (1) When a change is unexpected or beyond the control of the facility, the facility shall provide notice to the Department within five (5) working days after the change.
- (2) For an increase in licensed bed capacity, the facility shall file the notice of change prior to the requested license amendment date. The notice of change shall be accompanied by the \$10 per-bed license fee pursuant to 63 O.S. Section 1-1905(A), prorated by the number of beds to be added and the proportion of time remaining on the license until expiration. Prior to occupying additional beds, the facility shall obtain an amended license from the Department.

(c) Following receipt of information that an applicant or any person or entity disclosed pursuant 310:675-3-1.1(e) is not in compliance with the tax filing, payment or disclosure requirements of 310:675-3-1.1. or 63 O.S. Section 1-1930.1, the Department may require an applicant or

licensee to submit proof that the applicant or person or entity disclosed pursuant to 310:675-3-1.1(e) is in compliance with state or federal taxes. Such proof may include a letter from the taxing agency, a file-stamped copy of a return, a receipt for a tax payment, or a tax transcript or account.

SUBCHAPTER 5. PHYSICAL PLANT

310:675-5-1. Application

- (a) The requirements of this Subchapter shall be applicable to all new construction of, or modification to, long-term care facilities.
- (b) In the determination of compliance with fire safety regulations, the State Fire Marshal and the Department may utilize a system of value equivalents, such as the NFPA 101A Guide on Alternative Approaches to Life Safety, 2010 Edition, which provides alternative methods for achieving compliance with the regulations.

[Source: Amended at 36 Ok Reg 1748, eff 9-13-19]

310:675-5-2. General considerations

- (a) Facilities shall be available and accessible to the physically handicapped (public, staff, and patients).
- (b) Each facility shall have parking space to satisfy the minimum needs of residents, employees, staff, and visitors. Space shall be provided for emergency and delivery vehicles.

310:675-5-3. Nursing unit

Each nursing unit shall provide the following:

- (1) Resident room with a maximum capacity of four residents.
- (2) Resident room with a minimum room area exclusive of toilet rooms, closets, lockers, wardrobes, alcoves or vestibules, shall be 100 sq. ft. in single bed rooms and 80 sq. ft. per bed in multi-bed rooms. Except that in specialized facilities serving only infants and/or children the minimum space per unit shall be 60 sq. ft. per crib. The maximum capacity of pediatric nurseries or rooms for infants or children utilizing cribs shall be twenty.
- (3) One lavatory shall be provided in each resident room. The lavatory may be omitted from a single-bed or a 2-bed room when a lavatory is located in an adjoining toilet room which serves that room only.
- (4) Each resident shall have access to a toilet room without entering the general corridor area. One toilet room shall serve no more than four (4) beds and no more than two (2) resident rooms. The toilet room shall contain a water closet and a lavatory. The lavatory may be omitted from a toilet room which serves single-

bed and 2-bed rooms if each such resident's room contains a lavatory.

(5) Each resident shall have a wardrobe, locker, or closet with minimum clear dimensions of 1'10" (55.9cm.) by 1'8" (50.8 cm.). A clothes rod and adjustable shelf shall be provided.

(6) Visual privacy shall be provided each resident in multi-bed rooms. Design for privacy shall not restrict resident access to entry, lavatory, or toilet.

(7) No resident room shall be located more than 120 ft. (36.6 m.) from the soiled workroom or the soiled holding room.

310:675-5-4. Service areas

The following shall be located in or readily available to each nursing unit:

(1) Nurses' station with space for nurse's charting, doctor's charting, storage for administrative supplies, and handwashing facilities. (This handwashing facility could serve the drug distribution station, if conveniently located.)

(2) Toilet room(s) for nursing staff.

(3) Room for examination and treatment of residents may be omitted if all resident rooms are single-bed rooms. This room shall have a minimum floor area of 120 sq. ft. (11.15 sq. m.), excluding space for vestibule, toilet, closets and work counters (whether fixed or moveable). The minimum room dimension shall be 10'0" (3.05 m.) and shall contain a lavatory or sink equipped for handwashing, a work counter, storage facilities, and a desk, counter, or shelf space for writing.

(4) Clean workroom/clean holding room.

(A) The clean workroom shall contain a work counter, handwashing, and storage facilities.

(B) The clean holding room shall be part of a system for storage and distribution of clean and sterile supply materials and shall be similar to the clean workroom except that the work counter and handwashing facilities may be omitted.

(5) Soiled workroom/soiled holding room.

(A) The soiled workroom shall contain a clinical sink or equivalent flushing rim fixture, sink equipped for handwashing, work counter, waste receptacle, and linen receptacle.

(B) A soiled holding room shall be part of a system for collection and disposal of soiled materials and shall be similar to the soiled workroom except that the clinical sink and work counter may be omitted.

(6) Drug distribution station. Provision shall be made for convenient and prompt 24 hour distribution of medicine to residents. This may be a medicine preparation room or unit, a self-contained medicine dispensing unit, or another approved system. If used, a medicine preparation room shall be under the nursing staff's visual control and contain a work counter,

refrigerator, and locked storage for biologicals and drugs and shall have a minimum area of 50 sq. ft. (4.65 sq. m.). A medicine dispensing unit may be located at the nurse's station, in the clean workroom, or in an alcove or other space under direct control of the nursing or pharmacy staff.

(7) Clean linen storage. Provide a separate closet or a designated area within the clean workroom. If a closed cart system is used, storage may be in an alcove.

(8) Equipment storage room. This shall be for equipment such as I.V. Stands, inhalators, air mattresses, and walkers. A parking for stretchers and wheelchairs shall be located out of path of normal traffic.

(9) Residents' bathing facilities. Bathtubs or showers shall be provided at the rate of at least one (1) for each twenty (20) beds which are not otherwise served by bathing facilities within residents' rooms. At least one bathtub shall be provided in each nursing unit. The Department may require more than one (1) bathtub or shower for each twenty (20) beds depending on the design of the facility and on the needs of any special population being served. Each tub or shower shall be in an individual room or enclosure which provides space for the private use of the bathing fixture, for drying and dressing, and for a wheelchair and an attendant. Showers in central bathing facilities shall be at least 4'0" (1.22 m.) square, without curbs, and designed to permit use by a wheelchair resident with an assisting attendant.

(10) Resident's toilet facilities. The minimum dimensions of a room containing only a water closet shall be 3'0" (91 cm.) by 6'0" (1.83 m.). Additional space shall be provided if a lavatory is located within the same room. Water closets may be located to be usable by wheelchair residents. A toilet room shall be accessible to each central bathing area without going through the general corridor.

(11) Sterilizing facilities. A system for the sterilization of equipment and supplies shall be provided.

[Source: Amended at 13 Ok Reg 2511, eff 6-27-96]

310:675-5-5. Resident's dining and recreation areas

The total areas set aside for these purposes shall not be less than 30 sq. ft. (2.79 sq. m.) per bed for the first 100 beds with a minimum size of not less than 225 sq. ft. (20.9 sq. m.) and 27 sq. ft. (2.51 sq. m.) per bed for all beds in excess of 100. Additional space shall be provided for outpatients if they participate in a day care program or are regularly fed in the facility. Storage space shall be provided for recreation equipment and supplies.

310:675-5-6. Physical therapy facilities

The following elements shall be provided in skilled nursing facilities:

- (1) Treatment areas shall have space and equipment for all modalities to be utilized. Provision shall be made for cubicle curtains around each individual treatment area, handwashing facility(ies) (One lavatory or sink may serve more than one cubicle), and facilities for the collection of soiled linen and other material.
- (2) Exercise area.
- (3) Storage for clean linen, supplies, and equipment.
- (4) Resident's dressing areas, showers, lockers, and toilet rooms.
- (5) Service sink.

310:675-5-7. Occupational therapy facilities

The following elements shall be provided in skilled nursing facilities:

- (1) Activities area shall include sink or lavatory and facilities for collection of waste products prior to disposal.
- (2) Storage for supplies and equipment. (May be planned and arranged for shared use by physical therapy patients and staff.)
- (3) Resident's dressing areas, showers, lockers, and toilet rooms. (May be planned and arranged for shared use by physical therapy patients and staff.)

310:675-5-8. Personal care unit

Separate room and appropriate equipment shall be provided for hair care and grooming needs of residents.

310:675-5-9. Dietary facilities

Shall be provided in such size as required to implement the type of food service system selected:

- (1) Control station for receiving food supplies.
- (2) Storage space for four (4) days' supply including cold storage.
- (3) Food preparation facilities as required by program.
Conventional food preparation systems require space and equipment for preparing, cooking, and baking. Convenience food service systems such as frozen prepared meals, bulk packaged entrees, individual packaged portions, or systems using contractual commissary services will require space and equipment for thawing, portioning, cooking, and/or baking.
- (4) Handwashing facility(ies) in the food preparation Area.
- (5) Resident meal service space including facilities for tray assembly and distribution.
- (6) Dining Area for ambulatory residents, staff, and visitors.
- (7) Warewashing in a room or an alcove separate from food preparation and serving areas. This shall be provided for receiving, scraping, sorting, and stacking soiled tableware and for transferring clean tableware to the using areas. A lavatory shall be conveniently available.
- (8) Potwashing facilities.
- (9) Sanitizing facilities and storage areas for cans, carts, and mobile tray conveyors.

- (10) Waste storage facilities in a separate room which is easily accessible to the outside for direct pickup or disposal.
- (11) Office or suitable work space for the dietitian or the dietary service manager.
- (12) Toilets for dietary staff with handwashing facility immediately available.
- (13) Janitor's closet located within the dietary department. It shall contain a floor receptor or service sink and storage space for housekeeping equipment and supplies.
- (14) Self-dispensing icemaking facilities. May be in area separate from food preparation area but must be easily cleanable and convenient to dietary facilities. Bulk ice dispensing units must be accessible only to authorized staff members.

310:675-5-10. Pharmacy unit

Provision shall be made for the procurement, storage, administration and accounting of drugs and other pharmacy products. This may be by arrangement with convenient off-site facility but must include provision for 24 hour emergency service.

310:675-5-11. Administration and public areas

The following elements shall be provided:

- (1) Entrance at grade level sheltered from the weather and able to accommodate wheelchairs.
- (2) Lobby. It shall include:
 - (A) Reception and information counter or desk.
 - (B) Waiting space(s).
 - (C) Public toilet facilities.
 - (D) Public telephone(s).
 - (E) Drinking fountain(s).
- (3) General or individual office(s) for business transactions, private interviews, medical and financial records, and administrative and professional staff
- (4) Multipurpose room for conferences, meetings, and health education purposes including facilities for showing visual aids.
- (5) Storage for office equipment and supplies.

310:675-5-12. Linen services

- (a) If linen is to be processed on the site, the following shall be provided:
 - (1) Laundry processing room with commercial type equipment which can process seven (7) days' needs within a regularly scheduled work week. Handwashing facilities shall be provided.
 - (2) Soiled linen receiving, holding, and sorting room with handwashing facilities.
 - (3) Storage for laundry supplies.
 - (4) Clean linen inspection and mending room or area.
 - (5) Clean linen storage, issuing, and holding room or area.
 - (6) Janitor's closet containing a floor receptor or service sink and storage space for housekeeping equipment and supplies.

(7) Sanitizing facilities and storage area for carts. The sanitizing facilities may be combined with those required for dietary facilities.

(b) If linen is processed off the site, the following shall be provided:

- (1) Soiled linen holding room.
- (2) Clean linen receiving, holding, inspection and storage room(s).
- (3) Sanitizing facilities and storage area for carts.

310:675-5-13. General stores

(a) **Facility storage.** General storage room(s) shall have a total area of not less than ten (10) sq. ft. (.93 sq. m.) per bed and shall generally be concentrated in one area.

(b) **Resident storage.** Separate storage space with provisions for locking and security control shall be provided for resident's personal effects which are not kept in resident's room.

310:675-5-14. Employee's facilities

Employees facilities such as lounges and toilets, to accommodate the needs of all personnel and volunteers shall be provided.

310:675-5-15. Janitor's closets

Janitor's closets shall be provided throughout the facility to maintain a clean and sanitary environment. These shall contain a floor receptor or service sink and storage space for housekeeping equipment and supplies.

310:675-5-16. Engineering service and equipment area

The following shall be provided:

- (1) Equipment room(s) or separate building(s) for boilers, mechanical equipment, and electrical equipment.
- (2) Maintenance shop(s) of size and equipment to support functions described in narrative program.
- (3) Storage room(s) for building maintenance supplies (may be part of maintenance shop in nursing homes of less than 100 beds).
- (4) Yard equipment storage. A separate room or building for yard maintenance equipment and supplies, if applicable. Any fuel or oil for mowers or other yard implements must be stored under cover at least 30 ft. away from any building utilized by residents.

310:675-5-17. Waste processing services

310:675-5-17.¹ Waste processing services

Space and facilities shall be provided for the sanitary storage and disposal of waste by incineration, mechanical destruction, compaction, containerization, removal, or by a combination of these techniques.

Editor's Note: ¹*In the initial codification of this agency's rules on 12-31-91, this Section was misnumbered as 310:675-3-17. Upon discovery of this error on 9-12-94, the number was changed to 310:675-5-17.*

310:675-5-18. Design and construction

The requirements in applicable portions of the National Fire Protection Association (NFPA) 101: Life Safety Code, 2012 Edition and 2012 Life Safety Code Tentative Interim Amendments (TIA) 12-1, 12-2, 12-3, and 12-4; and NFPA 99 Health Care Facility Code (HCFC), 2012 edition, excluding chapters 7, 8, 12 and 13, and 2012 HCFC TIA 12-2, 12-3, 12-4, 12-5 and 12-6, adopted in 81 Federal Register 26871 by the Centers for Medicare and Medicaid Services on July 5, 2016, are incorporated by reference. For Medicare or Medicaid certified nursing or specialized facilities, the Life Safety Code adopted by the Centers for Medicare & Medicaid Services prevails if there is a conflict between the Life Safety Code and this Chapter. A high degree of safety for the occupants shall be provided to minimize the incidence of accidents with special consideration for residents who will be ambulatory to assist them in self care. Hazards such as sharp corners shall be avoided.

(1) **Existing facilities.** Nonconforming portions which because of financial hardship are not being totally modernized, shall comply with NFPA 101, 2012 Edition, Chapters 19 or 43.

(2) **New construction projects including additions and alterations.** Details and finishes shall comply with the following:

(A) Items such as drinking fountains, telephone booths, vending machines, and portable equipment shall be located so as not to restrict corridor traffic or reduce the corridor width below the required minimum.

(B) All rooms containing bathtubs, sitz baths, showers, and water closets, subject to occupancy by residents, shall be equipped with doors and hardware which will permit access from the outside in any emergency. When such rooms have only one opening or are small, the doors shall be capable of opening outward or be otherwise designed to be opened without need to push against a resident who may have collapsed within the room.

(C) The minimum width of all doors to resident rooms and rooms needing access for beds shall be 3'8" (1.12 m.). Doors to rooms needing access for stretchers and to resident's toilet rooms and other rooms needing access for wheelchairs shall have a minimum width of 2'10" (86.3 cm.).

(D) Doors on all openings between corridors and rooms or spaces subject to occupancy, except elevator doors, shall be swing type. Openings to showers, baths, resident's toilets, and other small wet type areas not subject to fire hazard are exempt from this requirement.

(E) Windows and outer doors which may be frequently left in an open position shall be provided with insect screens. Windows shall be designed to prevent accidental falls when open.

(F) Resident rooms intended for occupancy of 24 hours or more shall have windows operable without the use of tools

and shall have sills not more than 3'0" (91 cm.) above the floor. Windows in buildings designed with an engineered smoke control system in accordance with NFPA 90A are not required to be operable. However, attention is called to the fact that natural ventilation possible with operable windows may in some areas permit a reduction in energy requirements.

(G) Doors, except doors to spaces such as small closets which are not subject to occupancy, shall not swing into corridors in a manner that might obstruct traffic flow or reduce the required corridor width. (Large walk-in type closets are considered as occupiable spaces.)

(H) Safety glazing shall be of materials and at locations required by the Oklahoma Safety Glazing Material Law.

(I) Thresholds and expansion joint covers shall be made flush with the floor surface to facilitate use of wheelchairs and carts and shall be constructed to restrict the passage of smoke.

(J) Grab bars shall be provided at all residents' toilets, showers, tubs, and sitz baths. The bar shall have 1 1/2" (3.8 cm.) clearance to walls and shall have sufficient strength and anchorage to sustain a concentrated load of 250 lbs. (113.4 kg.).

(K) Recessed soap dishes shall be provided in showers and bathrooms.

(L) Handrails shall be provided on both sides of corridors used by residents. A clear distance of 1 1/2" (3.8 cm.) shall be provided between the handrail and the wall. Ends of handrails and grab bars shall be constructed to prevent snagging the clothes of residents.

(M) Location and arrangement of handwashing facilities shall permit their proper use and operation.

(N) Lavatories and handwashing facilities shall be securely anchored to withstand an applied vertical load of not less than 250 lbs. (113.4 kg.) on the front of the fixture.

(O) Mirrors shall be arranged for convenient use by residents in wheelchairs as well as by residents in a standing position. Mirrors shall not be installed at handwashing fixtures in food preparation areas.

(P) Provisions for hand drying shall be included at all handwashing facilities. These shall be single-use separate, individual paper or cloth units enclosed in such a way as to provide protection against the dust or soil and ensure single unit dispensing. Hot air dryers are permitted provided that installation is such to preclude possible contamination by recirculation of air.

(Q) The minimum ceiling height shall be 8'0" (2.44 m.) with the following exceptions:

- (i) Boiler rooms shall have ceiling clearances not less than 2'6" (76 cm.) above the main boiler header and connecting piping.

(ii) Rooms containing ceiling-mounted equipment shall have height required to accommodate the equipment.

(iii) Ceilings in corridors, storage rooms, toilet rooms, and other minor rooms shall be not less than 7'8" (2.34 m.).

(iv) Suspended tracks, rails and pipes located in path of normal traffic shall not be less than 6'8" (2.03 m.) above the floor.

(R) Recreation rooms, exercise rooms, and similar spaces where impact noise may be generated shall not be located directly over resident bed areas unless special provisions are made to minimize such noise.

(S) Rooms containing heat producing equipment (such as boiler or heater rooms and laundries) shall be insulated and ventilated to prevent any floor surface above from exceeding a temperature 10° F. (6° C.) above the ambient room temperature.

(3) Finishes.

(A) Floor materials shall be easily cleanable and have wear resistance appropriate for the location involved. Floors in areas used for food preparation or food assembly shall be water-resistant and grease-proof. Joints in tile and similar material in such areas shall be resistant to food acids. In all areas frequently subject to wet cleaning methods, floor materials shall not be physically affected by germicidal and cleaning solutions. Floors that are subject to traffic while wet (such as shower and bath areas, kitchens, and similar work areas) shall have a non-slip surface.

(B) Wall bases in kitchens, soiled workrooms, and other areas which are frequently subject to wet cleaning methods shall be made integral and covered with the floor, tightly sealed within the wall, and constructed without voids that can harbor insects.

(C) Wall finishes shall be washable and, in the immediate area of plumbing fixtures, shall be smooth and moisture resistant. Finish trim, and wall and floor constructions in dietary and food preparation areas shall be free from spaces that can harbor rodents and insects.

(D) Floor and wall penetrations by pipes, ducts, and conduits shall be tightly sealed to minimize entry of rodents and insects. Joints of structural elements shall be similarly sealed.

(E) Ceilings throughout shall be easily cleanable. Ceilings in the dietary and food preparation areas shall have a finished ceiling covering all overhead piping and duct work. Finished ceilings may be omitted in mechanical and equipment spaces, shops, general storage areas, and similar spaces, unless required for fire-resistive purposes.

310:675-5-19. Elevators

All buildings having resident's facilities (such as bedrooms, dining rooms, or recreation areas) or resident services (such as diagnostic or therapy) located on other than the main entrance floor shall have electric or electrohydraulic elevators.

(1) Number of elevators.

(A) At least one (1) hospital-type elevator shall be installed where one (1) to fifty-nine (59) resident beds are located on any floor other than the main entrance floor.

(B) At least two (2), one of which shall be hospital-type, shall be installed where 60 to 200 resident beds are located on floors other than the main entrance floor, or where the major resident services are located on a floor other than those containing resident beds. (Elevator service may be reduced for those floors which provide only partial resident services).

(C) At least three (3), one of which shall be hospital-type, shall be installed where 201 to 350 resident beds are located on floors other than the main entrance floor, or where the major resident services are located on a floor other than those containing resident beds. (Elevator service may be reduced for those floors which provide only partial resident services.)

(D) For facilities with more than 350 resident beds, the number of elevators shall be determined from a study of the facility plan and the estimated vertical transportation requirements.

(2) **Cars and platforms.** Cars of hospital-type elevators shall have inside dimensions that will accommodate a resident bed and attendants, and shall be at least 5'10" (1.52 m.) wide by 7'6" (2.29 m.) deep. The car door shall have a clear opening of not less than 3'8" (1.12 m.).

(3) **Leveling.** Elevators shall be equipped with an automatic leveling device of the two-way automatic maintaining type with an accuracy of 1/2" (1.3 cm.).

(4) **Operation.** Elevators, except freight elevators, shall be equipped with a two-way special service switch to permit cars to bypass all landing button calls and be dispatched directly to any floor.

(5) **Elevator controls, alarm buttons, and telephones.** These shall be accessible to wheelchair occupants.

(6) **Elevator call buttons, controls, and door safety stop.** These shall be of a type that will not be activated by heat or smoke.

(7) **Control buttons and signals.** These shall be such as to be usable by the blind.

(8) **Field inspection and tests.** These shall be made and the owner shall be furnished written certification that the installation meets the requirements set forth in this Section and all applicable

safety regulations and codes. Installation shall comply with ANSI 17.1-1971.

310:675-5-20. Mechanical requirements

(a) Steam and hot water systems.

- (1) Boilers shall have the capacity, based upon the net ratings published by Hydronics Institute, to supply the normal requirements of all systems and equipment. The number and arrangement of boilers shall be such that when one boiler breaks down or routine maintenance requires that one boiler be temporarily taken out of service, the capacity of the remaining boiler(s) shall be at least 70% of the total required capacity, except that in areas with a design temperature of 20 ° F. (-7 ° C.) or more, based on the Median of Extremes in the American Society of Heating, Refrigerating and Air-Conditioning Engineers (ASHRAE) Handbook of Fundamentals, the remaining boiler(s) do not have to include boiler capacity for space heaters.
- (2) Boiler feed pumps, heating circulating pumps, condensate return pumps, and fuel oil pumps shall be connected and installed to provide normal and standby service.
- (3) Supply and return mains and risers of cooling, heating and process systems shall be valved to isolate the various sections of each system. Each piece of equipment shall be valved at the supply and return ends, except that vacuum condensate return need not be valved at each piece of equipment.

(b) Heating and ventilating systems.

- (1) **Design.** The design of heating and ventilating systems shall comply with the requirements of ASHRAE 170, 2008 Edition, as referenced by NFPA99, 2012 Edition.
- (2) **Ventilation system details.** All air-supply and air-exhaust systems shall be mechanically operated. All fans serving exhaust systems shall be located at the discharge end of the system.
 - (A) Outdoor air intakes shall be located as far as practical but not less than 25' 0" (7.62 m.) from exhaust outlets or ventilating systems, combustion equipment stacks, medical vacuum systems, plumbing vent stacks, or from areas which may collect vehicular exhaust and other noxious fumes (plumbing and vacuum vents that terminate above the level of the top of the air intakes may be located as close as 10' 0" (3.05 m.)). The bottom of outdoor air intakes serving central systems shall be located as high as practical but not less than 6' 0" (1.83 m.) above ground level, or if installed above the roof, 3' 0" (91 cm.) above roof level.
 - (B) The bottoms of ventilation openings shall not be less than 3" (7.6 cm.) above the floor of any room.
 - (C) All central ventilation or air conditioning systems shall be equipped with filters. the filter bed shall be located upstream of the air conditioning equipment, unless a prefilter is employed. In this case, the prefilter shall be

upstream of the equipment and the main filter bed may be located further downstream.

(D) Filter frames shall be durable and carefully dimensioned and shall provide an airtight fit with the enclosing ductwork. All joints between filter segments and the enclosing ductwork shall be gasketed or sealed to provide a positive seal against air leakage.

(c) **Plumbing and other piping systems.** These systems shall be designed and installed in accordance with the requirements of PHCC National Standard Plumbing Code, Chapter 14, "Medical Care Facility Plumbing Equipment."

(d) **Plumbing fixtures.** The material used for plumbing fixtures shall be of non-absorptive acid resistant material.

(1) The water supply spout for lavatories and sinks required in resident care areas of skilled nursing facilities only shall be mounted so that its discharge point is a minimum distance of 5" (12.7 cm.) above the rim of the fixture. In all facilities all fixtures used by medical and nursing staff, and all lavatories used by residents and food handlers shall be trimmed with valves which can be operated without the use of hands (single lever devices may be used subject to the above). Where blade handles are used for this purpose, they shall not exceed 4 1/2" (11.4 cm.) in length, except that handles on clinical sinks shall be not less than 6" (15.2 cm.) long.

(2) Clinical sinks shall have an integral trap in which the upper portion of a visible trap seal provides a water surface.

(3) Shower bases and tubs shall provide non-slip surfaces for standing residents.

(e) **Water supply systems.**

(1) Systems shall be designed to supply water at sufficient pressure to operate all fixtures and equipment during maximum demand periods.

(2) Each water service main, branch main, riser, and branch to a group of fixtures shall be valved. Stop valves shall be provided at each fixture.

(3) Backflow preventers (vacuum breakers) shall be installed on hose bibbs, janitors' sinks, bedpan flushing attachments, and on all other fixtures to which hoses or tubing can be attached.

(4) Flush valves installed on plumbing fixtures shall be of a quiet operating type, equipped with silencers.

(f) **Hot water heaters and tanks.**

(1) The hot water heating equipment shall have sufficient capacity to supply water at the temperature and amounts indicated. (See Appendix A). Water temperatures to be taken at hot water points of use or inlet to processing equipment.

(2) Storage tank(s) shall be fabricated of corrosion-resistant metal lined with non-corrosive material.

(g) **Drainage systems.**

(1) Insofar as possible, drainage piping shall not be installed within the ceiling nor installed in an exposed location in food preparation centers, food serving facilities, food storage areas,

and other critical areas. Special precautions shall be taken to protect these areas from possible leakage or condensation from necessary overhead piping systems.

(2) Building sewers shall discharge into a community sewerage system. Where such a system is not available, a facility providing sewage treatment must conform to applicable local and State regulations.

(h) **Identification.** All piping in the HVAC service water systems shall be color coded or otherwise marked for easy identification.

[Source: Amended at 36 Ok Reg 1748, eff 9-13-19]

310:675-5-21. Electrical requirements

All material including equipment, conductors, control, and signaling devices shall be installed to provide a complete electrical system with the necessary characteristics and capacity to supply the electrical facilities shown in the specifications or indicated on the plans. All materials shall be listed as complying with available standards of Underwriter's Laboratories, Inc., or other similarly established standards. All electrical installations and systems shall be tested to show that the equipment is installed and operates as planned or specified.

(1) **Panelboards.** Panelboards serving lighting and appliance circuits shall be located on the same floor as the circuits they serve. This requirement does not apply to emergency system circuits.

(2) **Lighting.** All spaces occupied by people, machinery, equipment within buildings, approaches to buildings, and parking lots shall have lighting.

(A) Residents' rooms shall have general lighting and night lighting. A reading light shall be provided for each resident. Flexible light arms shall be mechanically controlled to prevent the bulb from coming in contact with bed linen. At least one light fixture for night lighting shall be switched at the entrance to each resident room. All switches for control of lighting in resident areas shall be of quiet operating type.

(B) Nursing unit corridors shall have general illumination with provisions for reduction of light level at night.

(3) **Receptacles (convenience outlets).**

(A) Resident room shall have duplex grounding type receptacles as follows: One location each side of the head of each bed, one for television if used, and one on another wall.

(B) Duplex grounding receptacles for general use shall be installed in all corridors approximately 50'0" (15.24 m.) apart and within 25'0" (7.62 m.) of ends of corridors.

(4) **Notification system.**

(A) **Resident areas.** Each room, toilet and bathing area shall have a means for residents to directly contact nursing staff. This communication may be through audible

or visual signs, electronic systems and may include "wireless systems."

(B) **Wireless nurse call system.** Facilities may substitute a wireless nurse call system for wired call systems or operate both a wireless and a wired nurse call system in parallel.

(C) **Resident's emergency.** A nurse's call emergency button shall be provided for resident's use at each resident's toilet, bath, and shower room. Such button shall be usable by a collapsed resident lying on the floor (inclusion of a pull cord will satisfy this item.)

(5) **Emergency electric service.** Emergency electric service shall be provided in accordance with NFPA 99, 2012 Edition.

[Source: Amended at 28 Ok Reg 1371, eff 6-25-11 ; Amended at 36 Ok Reg 1748, eff 9-13-19]

310:675-5-22. Exceptions and temporary waivers

(a) These standards are not intended to restrict innovations and improvements in design or construction techniques. Accordingly, the Department may approve plans and specifications which contain deviations if it is determined that the respective intent or objective of this Chapter has been met.

(b) A nursing facility may submit a request for exception or temporary waiver if the rules in this Chapter create an unreasonable hardship, or if the design and construction for the nursing facility property offers improved or compensating features with equivalent outcomes to this Chapter.

(c) The Department may permit exceptions and temporary waivers of this Chapter if the Department determines that such exceptions or temporary waivers comply with the requirements of 63 O.S. Section 1-1901 et seq., and the following:

(1) Any nursing facility requesting an exception or temporary waiver shall apply in writing on a form provided by the Department. The form shall include:

(A) The section(s) of this Chapter for which the exception or temporary waiver is requested;

(B) Reason(s) for requesting an exception or temporary waiver;

(C) The specific relief requested;

(D) Any supporting requirements in the Facility Guidelines Institute (FGI): Guidelines for Design and Construction of Residential Health, Care, and Support Facilities, 2014 Edition; and

(E) Any documentation which supports the application for exception.

(2) In consideration of a request for exception or temporary waiver, the Department shall consider the following:

(A) Compliance with 63 O.S. Section 1-1901 et seq.;

(B) The level of care provided;

(C) The impact of an exception on care provided;

- (D) Alternative policies or procedures proposed;
- (E) Compliance with the Facility Guidelines Institute (FGI): Guidelines for Design and Construction of Residential Health, Care, and Support Facilities, 2014 Edition; and
- (F) Compliance history with provisions of the Life Safety Code and this Chapter.

(3) The Department shall permit or disallow the exception or waiver in writing within forty-five (45) calendar days after receipt of the request.

(4) If the Department finds that a request is incomplete, the Department shall advise the nursing facility in writing and offer an opportunity to submit additional or clarifying information. The applicant shall have thirty (30) calendar days after receipt of notification to submit additional or clarifying information in writing to the Department of Health, or the request shall be considered withdrawn.

(5) A nursing facility which disagrees with the Department's decision regarding the exception or temporary waiver may file a written petition requesting relief through an individual proceeding pursuant to OAC 310:2 (relating to Procedures of the State Department of Health).

(6) The Department may revoke an exception or temporary waiver through an administrative proceeding in accordance with OAC 310:2 and the Oklahoma Administrative Procedures Act upon finding the nursing facility is operating in violation of the exception or temporary waiver, or the exception or temporary waiver jeopardizes patient care and safety or constitutes a distinct hazard to life.

(7) The Department shall publish decisions on requests for exceptions and waivers and make them available to facilities and the public.

[Source: Added at 34 Ok Reg 1305, eff 10-1-17]

310:675-5-23. Submission of plans and specifications and related requests for services

(a) **Submission of plans.** Before construction is begun, plans and specifications, covering the construction of new buildings or major alterations to existing buildings shall be submitted to the Department for review as provided in OAC 310:675-5-24 or OAC 310:675-5-25.

(1) Plans and specifications are required for the following alterations:

- (A) Changes that affect path of egress;
- (B) Change of use or occupancy;
- (C) Repurposing of spaces;
- (D) Structural modifications;
- (E) Heating, ventilation and air conditioning (HVAC) modifications;
- (F) Electrical modifications that affect the essential electrical system;

- (G) Changes that require modification or relocation of fire alarm initiation or notification devices;
- (H) Changes that require modification or relocation of any portion of the automatic fire sprinkler system;
- (I) Replacement of fixed medical equipment if the alteration requires any work noted in (A) through (H) of this paragraph;
- (J) Replacement of or modifications to any required magnetic or radiation shielding;
- (K) Changes to or addition of any egress control devices or systems.

(2) Plans and specifications are not required for the following alterations:

- (A) Painting, papering tiling, carpeting, cabinets, counter tops and similar finish work provided that the new finishes shall meet the requirements of this Chapter;
- (B) Ordinary repairs and maintenance;
- (C) Modifications to nurse call or other signaling/communication/information technology systems provided the modifications meet the requirements of this Chapter; or
- (D) Replacement of fixed or moveable medical equipment that does not affect electrical, HVAC, or shielding requirements noted above.

(b) **Fees.** Each construction project submission shall be accompanied by the appropriate review fee based on the cost of design and construction of the project. Fees for plan and specification reviews and related Department services are as follows:

- (1) Design and construction plans and specifications fee: two one-hundredths percent (0.02%) of the cost of design and construction of the project, with a minimum fee of Fifty Dollars (\$50.00) and a maximum fee of One Thousand Dollars (\$1,000.00);
- (2) Request for exception or temporary waiver fee: Five Hundred Dollars (\$500.00);
- (3) Application for self-certification fee: Five Hundred Dollars (\$500.00);
- (4) Courtesy construction inspection fee: Five Hundred Dollars (\$500.00);
- (5) Professional consultation or technical assistance fee: Five Hundred Dollars (\$500.00) for each eight hours or major fraction thereof of staff time. For technical assistance requiring travel, the fee may be increased to include the Department's costs for travel.

(c) **Fees when greater than two (2) submittals required.** The fee for review of design and construction plans and specifications shall cover the cost of review for up to two (2) stage one and two (2) stage two submittals and one final inspection. If a stage one or stage two submittal is not approved after two (2) submissions, another review fee shall be required with the third submittal. If a fast-track stage package is not approved after the second submittal, another review fee based on the cost of the project shall be required with the third submittal of the package.

(d) **Review process.** Design and construction plans and specifications shall be reviewed in accordance with the following process.

(1) Unless otherwise provided in this Subchapter, the Department shall have ten (10) calendar days in which to initially determine if the filed application is administratively complete

(A) Upon determining that the application is not administratively complete, the Department shall immediately notify the applicant in writing and shall indicate with reasonable specificity the inadequacies and measures necessary to complete the application. Such notification shall not require nor preclude further review of the application and further requests for specific information. If the Department fails to notify the applicant as specified in this Paragraph, the period for technical review shall begin at the close of the administrative completeness review period. Upon submission of correction of inadequacies, the Department shall have an additional ten (10) calendar days to review the application for completeness.

(B) Upon determination that the application is administratively complete, the Department shall immediately notify the applicant in writing. The period for technical review begins.

(2) The Department shall have forty-five (45) calendar days from the date a completed application is filed to review each application for technical compliance with the relevant regulations and reach a final determination. The Department shall provide the results of the review, including a statement of any deficiencies, in writing. The written notice shall offer the applicant an opportunity to discuss the results of the review with the Department.

(A) The time period for technical review is tolled (the clock stops) when the Department has asked for supplemental information and advised the applicant that the time period is tolled pending receipt.

(B) To make up for time lost in reviewing inadequate materials, a request for supplemental information may specify that up to 30 additional calendar days may be added to the deadline for technical review, unless the request for supplemental information is a second or later request that identifies new deficiencies not previously identified

(C) An application shall be deemed withdrawn if the applicant fails to supplement an application within 90 calendar days after the Department's request, unless the time is extended by agreement for good cause.

(D) Extensions may be made as provided by law.

310:675-5-24. Preparation of plans and specifications

(a) **Stage one.** Preliminary plans and outline specifications shall be submitted and include sufficient information for approval by the Department of the following: scope of project; project location; required fire-safety and exiting criteria; building-construction type, compartmentation showing fire and smoke barriers, bed count and services; the assignment of all spaces, areas, and rooms for each floor level, including the basement. A nursing facility has the option, at its own risk, to bypass the stage one submittal and proceed directly to submittal of stage two documents. After the first review and before Department approval of stage one plans, the nursing facility at its own risk may choose to make a stage two submittal; a nursing facility electing this option would not be eligible for the fast track process.

(b) **Stage two.** A proposed construction document shall be submitted that includes final drawings and specifications adequate for approval by the Department. All final plans and specifications shall be appropriately sealed and signed by an architect registered by the State of Oklahoma. All construction modifications of approved documents are subject to review and approval, and shall be submitted timely.

(1) **Fast-track projects.** The fast track process applies only to stage two submittals. A stage one submittal and functional program must be approved before entering the fast track process.

(A) Equipment and built-in furnishings are to be identified in the stage one submittal.

(B) The nursing facility has the option to submit two packages: civil, landscaping and structural in stage one, and the balance of the components in stage two.

(C) Fast-track projects shall have prior approval and be submitted in no more than four (4) separate packages.

(i) Site work, foundation, structural, underslab mechanical, electrical, plumbing work, and related specifications.

(ii) Complete architectural plans and specifications.

(iii) All mechanical, electrical, and plumbing plans and specifications.

(iv) Equipment and furnishings.

(2) **Radiation protection.** Any project that includes radiology or special imaging equipment used in medical diagnosis, treatment, and therapy of residents, shall include plans, specifications, and shielding criteria, prepared by a qualified medical physicist.

These plans shall be submitted and approved by the Department prior to installation of the equipment.

(c) **Reserved.**

(d) **Floor plan scale.** Floor plans are to be submitted at a scale of one-eighth (1/8) inch equals one (1) foot, with additional clarifying documents as required.

(e) **Application form.** The submittal shall be made using a Department application form which requests information required by this Chapter and specifies the number of copies and format for document submittal.

310:675-5-25. Self-certification of plans

(a) The Department shall make available consultation and technical assistance services covering the requirements of this section to a nursing facility considering self-certification of plans. The consultation and technical assistance is subject to the fees specified in OAC 310:675-5-23. The consultation is optional and not a prerequisite for filing a request through the self-certification review process.

(b) The nursing facility and the project architect or engineer may elect to request approval of design and construction plans through a self-certification review process. The nursing facility and the project architect or engineer shall submit a self-certification request on a form provided by the Department, along with the review fee specified in OAC 310:675-5-23. The form shall be signed by the nursing facility and the project architect or engineer attesting that the plans and specifications are based upon and comply with the requirements of this Chapter. The form shall require information necessary to demonstrate compliance with OAC 310:675-5-25(c).

(c) To be eligible for self-certification, projects must comply with the following requirements:

- (1) The project involves any portion of the nursing facility where residents are intended to be examined or treated and the total cost of design and construction is two million and five hundred thousand dollars (\$2,500,000) or less; or
- (2) The project involves only portions of the nursing facility where residents are not intended to be examined or treated; and
- (3) The project architect or engineer attesting the application has held a license to practice architecture or engineering for at least five (5) years prior to the submittal of the application, is licensed to practice in Oklahoma; and
- (4) The nursing facility owner/operator acknowledges that the Department retains the authority to:
 - (A) Perform audits of the self-certification review program and select projects at random for review;
 - (B) Review final construction documents;
 - (C) Conduct on-site inspections of the project;
 - (D) Withdraw approval based on the failure of the nursing facility or project architect or engineer to comply with the requirements of this Chapter; and
- (5) The nursing facility agrees to make changes required by the Department to bring the construction project into compliance with this Chapter.

(d) Within twenty-one (21) days after receipt of a complete application, the Department shall approve or deny the application for self-certification and send notification to the nursing facility. If the application is denied, the nursing facility shall have thirty (30) calendar days to submit additional or supplemental information demonstrating that the application complies with the requirements for self-certification of plans

and specifications. The Department shall have fourteen (14) calendar days after receipt of supplemental information to reconsider the initial denial and issue a final approval or denial of the self-certification request. (e) After denial of the application for self-certification and prior to the start of construction, the nursing facility shall pay the applicable fee for plan review specified in OAC 310:667-47-1(b)(1) through (5). Upon receipt of the plan review fee, the Department shall review the nursing facility's plans in accordance with the process in OAC 310:675-5-23.

SUBCHAPTER 7. ADMINISTRATION

310:675-7-1. Governing authority [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-7-1.1. Administrator

(a) The administrator shall be a person who has the authority and responsibility for the total operation of the facility, subject only to the policies adopted by the governing authority and who is licensed by the Oklahoma State Board of Examiners for Nursing Home Administrators. (b) The administrator, or the owner, shall designate a person in the facility to act on behalf of the administrator during the administrator's absence from the facility. Authority shall be granted to the designated person to allow normal management responsibilities to be exercised.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93]

310:675-7-2. Administrator [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-7-2.1. Medical director

The facility shall designate a licensed physician to serve as medical director. The medical director is responsible for implementation of resident medical care policies and the coordination of medical care in the facility.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93]

310:675-7-3. Residents' rights and responsibilities

Each resident or resident's representative shall receive a copy of the resident statutory rights at the time of admission. A copy of the resident rights shall be posted in an easily accessible, conspicuous place in the facility. The facility shall ensure that its staff is familiar with, and observes, the resident rights. [63 O.S. 1991 § 1-1918.]

[Source: Amended at 9 Ok Reg 3163, eff 7-1-92 (emergency); Amended at 10 Ok Reg 1639, eff 6-1-93]

310:675-7-4. Resident transfers or discharge

(a) **Reasons for transfer or discharge.** Involuntary transfer or discharge of a resident may be initiated by a facility only for one or more of the following:

- (1) Medical reasons, including needs that the facility is unable to meet, as documented by the attending physician, in consultation with the medical director if the medical director and attending physician are not the same person.
- (2) The resident's safety, or for the safety of other residents, as documented by the clinical record. The facility shall show through medical records that:
 - (A) the resident has had a comprehensive assessment by an interdisciplinary team and alternative measures have been attempted unsuccessfully; or
 - (B) the resident is a danger to himself, herself or other resident as documented by the medical record and the facility is not capable of managing that resident.
- (3) The non-payment of charges for the resident's care as documented by the facility's business records for services for more than 30 days.

(b) **Procedures.** Procedures for involuntary transfer or discharge by the facility are as follows:

- (1) Written notice shall be provided at least thirty (30) days in advance of the transfer or discharge date to the resident, resident's legal representative, person responsible for payment of charges for the resident's care, if different from any of the foregoing, and the Department.
- (2) The ten day requirement shall not apply when an emergency transfer is mandated by the resident's health care needs and is in accordance with the attending physician's written orders and medical justification; or the transfer or discharge is necessary for the physical safety of other residents as documented in the clinical record. The facility shall not use a discharge to a hospital as a reason for failing to re-admit a resident after release from the hospital to the first available bed in a semi-private room. Such action shall be considered to be an involuntary discharge subject to all the requirements of this section, unless the discharge was required by the Department.
- (3) The written notice shall include:
 - (A) A full explanation of the reasons for the transfer or discharge;
 - (B) The date of the notice;
 - (C) The date notice was given to the resident and the resident's representative;
 - (D) The date by which the resident must leave the facility;and

(E) Information that the resident's representative or person responsible for payment of the resident's care who is aggrieved by the facility's decision, may file within ten (10) days of notice a written request for a hearing with the Department by sending a letter to the Hearing Clerk, Oklahoma State Department of Health, 1000 NE Tenth Street, Oklahoma City, OK 73117.

(4) Failure of the facility to give the notice as substantially specified above shall result in an order without hearing from the Department denying the right of the facility to discharge the resident.

(5) If a written request for a hearing is properly filed by an eligible aggrieved party, the Department shall convene a hearing within ten working days of receipt of the request. The request may be in the form of a letter or a formal request for hearing from the resident or resident's representative. In the event that the resident is unable to write, a verbal request made to the hearing clerk shall be sufficient. The Department shall reduce the verbal request to writing and send a copy to the resident. The request should state the reason for the discharge and attach a copy of the letter from the facility.

(6) During the pendency of the hearing, the facility shall not discharge the resident unless the discharge was required by the Department or is an emergency situation. If the resident relocates from the facility but wants to be readmitted, the Department may proceed with the hearing and the facility shall be required to readmit the resident to the first available bed in a semi-private room if the discharge is found not to meet the requirements of the Nursing Home Care Act and OAC 310:675.

(7) The Department shall provide the Administrative Law Judge and the space for the hearing. The parties, including the resident and the facility, may be represented by counsel or may represent themselves.

(8) The hearing shall be conducted at the Oklahoma State Department of Health building unless there is a request for the hearing to be held at the facility or at another place. Providing the hearing room in such a case shall be the responsibility of the parties. The Department shall maintain a record on the case as it does for any other individual proceeding.

(9) The hearing shall be conducted in accordance with the Department's procedures, Chapter 2 of this Title. The Administrative Law Judge's order shall include findings of fact, conclusions of law and an order as to whether or not the transfer or discharge was according to law. If a facility receives federal funds for services, it shall also comply with the certification standards. The more restrictive rule toward the facility shall be applied.

(10) If the Administrative Law Judge finds that the discharge was not according to law, the Department shall review, investigate and issue deficiencies as appropriate.

- (11) If the discharge is according to law, the order shall give the facility the right to discharge the resident.
- (12) The scope of the hearing may include:
 - (A) Inadequate notice;
 - (B) Discharge based on reason not stated in the law;
 - (C) Sufficiency of the evidence to support the involuntary discharge; or
 - (D) The finding of emergency.
- (13) The Administrative Law Judge shall render a written decision within ten working days of the close of the record.
- (14) If the Administrative Law Judge sustains the facility, the facility may proceed with the discharge. If the Administrative Law Judge finds in favor of the resident, the facility shall withdraw its notice of intent to transfer or discharge the resident. The decision of the Administrative Law Judge shall be final and binding on all parties unless appealed under the Administrative Procedures Act.

(c) Room relocation

- (1) If a facility wants to relocate a resident from one room to another, the facility shall give the resident at least forty-eight hours written notice. The notice shall include the cost of transferring the resident's telephone, if applicable.
- (2) If the resident or the resident's representative agrees in writing to the relocation, the relocation may take place in less than forty-eight hours.
- (3) No hearing is required if the resident requests or agrees to relocation from one room to another.

[Source: Amended at 9 Ok Reg 3163, eff 7-1-92 (emergency); Amended at 10 Ok Reg 1639, eff 6-1-93 ; Amended at 20 Ok Reg 2399, eff 7-11-03 ; Amended at 26 Ok Reg 2059, eff 6-25-09]

310:675-7-4.1. Resident admission and continued residency based on administration of antipsychotic drugs

- (a) **Reasons for denial of admission or continued residency.** No long-term care facility shall deny admission or continued residency to a person on the basis of the person's or his or her representative's refusal to the administration of antipsychotic drugs, unless:
 - (1) The prescribing clinician or care facility can demonstrate that the resident's refusal would place the health and safety of the resident, the facility staff, other residents or visitors at risk.
 - (2) The alleged risk shall be documented in detail and presented to the resident or the representative of the resident, to the State Department of Health and to the Long-Term Care Ombudsman; and shall inform the resident or the representative of the resident of the resident's right to appeal.
- (b) **Procedures.** Procedures for resident appeal are as follows:
 - (1) Written documentation of the alleged risk associated with the administration of antipsychotic drugs shall be provided to the resident or representative of the resident, to the State Department of Health and to the Long-Term Care Ombudsman; and shall inform the resident or the representative of the resident of the resident's right to appeal the denial of admission or denial

of continued residency to the State Department of Health. The documentation of the alleged risk shall include:

- (A) A description of all nonpharmacological or alternative care options attempted; and
- (B) Why all nonpharmacological or alternative care options attempted were unsuccessful; and
- (C) Why the prescribing clinician determined alternative treatments were not medically appropriate for the condition following a physical examination.

(2) Procedures for antipsychotic drug refusal and the facility's notice of admission denial or continued residency are as follows:

(A) If a resident or a resident's representative is aggrieved by the facility's decision to deny admission or continued residency regarding the refusal of antipsychotic drugs at 63 O.S. 1-881(E)(2) the resident or resident's representative may file within ten (10) days of notice a written request for a hearing with the Department by sending a letter to the Hearing Clerk, Oklahoma State Department of Health, 1000 NE Tenth Street, Oklahoma City, OK 73117.

(B) The written notice shall include:

- (i) A full explanation of the reason for the denial of admission or residency or denial of continued residency;
- (ii) The date of the notice; and
- (iii) The date notice was given to the resident and the resident's representative.

(3) Failure of the facility to give the notice as substantially specified shall result in an order without hearing from the Department denying the right of the facility to discharge or deny admission to the resident.

(4) If a written request for a hearing is properly filed by an eligible aggrieved party, the Department shall convene a hearing within ten working days of receipt of the request. The request may be in the form of a letter or a formal request for hearing from the resident or resident's representative. In the event that the resident is unable to write, a verbal request made to the hearing clerk shall be sufficient. The Department shall reduce the verbal request to writing and send a copy to the resident. The request shall state the objection to the notice of denial of admission or residency or denial of continued residency and attach a copy of the notice from the facility.

(5) During the pendency of the hearing, the facility shall not discharge or deny admission or readmission for the resident unless the discharge or admission denial was required by the Department or is an emergency situation. If the resident relocates from the facility but wants to be admitted or readmitted, the Department may proceed with the hearing and the facility shall be required to admit or readmit the resident to the first available bed in a semi-private room if the discharge is found not to meet the requirements of the Nursing Home Care Act and OAC

310:675.

(6) The Department shall provide the Administrative Law Judge and the space for the hearing. The parties, including the resident and the facility, may be represented by counsel or may represent themselves.

(7) The hearing shall be conducted at the Oklahoma State Department of Health building unless there is a request for the hearing to be held at the facility or at another place. Providing the hearing room in such a case shall be the responsibility of the parties. The Department shall maintain a record on the case as it does for any other individual proceeding.

(8) The hearing shall be conducted in accordance with the Department's procedures, Chapter 2 of this Title. The Administrative Law Judge's order shall include findings of fact, conclusions of law and an order as to whether or not the transfer or discharge was according to law. If a facility receives federal funds for services, it shall also comply with the certification standards. The more restrictive rule toward the facility shall be applied.

(9) If the Administrative Law Judge finds the notice of continued residency or denied admission was not according to law, the Department shall review, investigate and issue deficiencies as appropriate.

(10) If the notice of continued residency or denied admission is according to law, the order shall give the facility the right to discharge or deny admission to the resident.

(11) The scope of the hearing may include:

(A) Inadequate notice;

(B) Continued residency or admission denial based on reason not stated in the law;

(C) Sufficiency of the evidence to support the continued residency or admission denial; or

(D) The finding of emergency.

(12) The Administrative Law Judge shall render a written decision within ten working days of the close of the record.

(13) If the Administrative Law Judge sustains the facility, the facility may proceed with the discharge. If the Administrative Law Judge finds in favor of the resident, the facility shall withdraw its notice of intent to transfer, discharge or deny admission of the resident. The decision of the Administrative Law Judge shall be final and binding on all parties unless appealed under the Administrative Procedures Act.

310:675-7-5.1. Reports to state and federal agencies

(a) **Timeline for reporting.** All reports to the Department shall be made within twenty-four (24) hours of the reportable incident unless otherwise noted. A follow-up report of the incident shall be submitted to the Department within five (5) Department business days after the incident. The final report shall be filed with the Department within ten (10) Department business days after the incident.

(b) **Reporting abuse, neglect or misappropriation.** The facility shall report to the Department allegations and incidents of *resident abuse, neglect or misappropriation of residents' property* [63 O.S. §1-1939(A)(1)(e)]. This requirement does not supersede reporting requirements in Title 43A of the Oklahoma Statutes (relating to the Protective Services for the Elderly and for Incapacitated Adults Act).

(d) **Reporting to licensing boards.** The facility shall also report allegations and incidents of resident abuse, neglect, or misappropriation of residents' property by licensed personnel to the appropriate licensing board.

(d) **Reporting communicable diseases.** The facility shall report *communicable diseases* [63 O.S. §1-1939(A)(1)(a)] and injuries as specified by the Department in OAC 310:515 (relating to communicable disease and injury reporting).

(e) **Reporting certain deaths.** The facility shall report *deaths by unusual occurrence, such as accidental deaths or deaths other than by natural causes, and deaths that may be attributed to a medical device*, [63 O.S. §1-1939(A)(1)(b)] according to applicable state and federal laws. The facility shall also report such deaths to the Department.

(f) **Reporting missing residents.** The facility shall report *missing residents* to the Department after a search of the facility and facility grounds and a determination by the facility that the resident is missing. *In addition, the facility shall make a report to local law enforcement agencies within two (2) hours if the resident is still missing* [63 O.S. §1-1939(A)(1)(c)].

(g) **Reporting criminal acts.** The facility shall report *situations arising where a criminal intent is suspected. Such situations shall also be reported to local law enforcement* [63 O.S. §1-1939(A)(1)(d)]. Where physical harm has occurred to a resident as a result of a suspected criminal act, a report shall immediately be made to the municipal police department or to the sheriff's office in the county in which the harm occurred. A facility that is not clear whether the incident should be reported to local law enforcement should consult with local law enforcement.

(h) **Reporting utility failures.** The facility shall report to the Department utility failures of more than eight (8) hours.

(i) **Reporting certain injuries.** The facility shall report to the Department incidents that result in: fractures, injury requiring treatment at a hospital, a physician's diagnosis of closed head injury or concussion, or head injuries that require more than first aid.

(j) **Reporting storm damage.** The facility shall report to the Department storm damage resulting in relocation of a resident from a currently assigned room.

(k) **Reporting fires.** The facility shall report to the Department all accidental fires and fires not planned or supervised by facility staff

occurring on the licensed real estate.

(l) **Reports made following local emergency response.** In lieu of making incident reports during an emergency response to a natural or man-made disaster, the facility may coordinate its communications, status reports and assistance requests through the local emergency response coordinator, and file a final report with the Department within ten (10) days after conclusion of the emergency response.

(m) **Reporting nurse aides.** The facility shall report to the Department allegations and incidents of abuse, neglect, or misappropriation of resident property by a nurse aide by submitting a completed Nurse Aide Abuse, Neglect, Misappropriation of Resident Property Form (ODH Form 718), which requires the following:

- (1) facility name, address, and telephone;
- (2) facility type;
- (3) date;
- (4) reporting party name or administrator name;
- (5) employee name and address;
- (6) employee certification number;
- (7) employee social security number;
- (8) employee telephone number;
- (9) termination action and date;
- (10) other contact person name and address; and
- (11) facts of abuse, neglect, or misappropriation of resident property.

(n) **Content of reports to the department.** Reports to the Department made pursuant to this section shall contain the following:

- (1) The preliminary report shall, at the minimum, include:
 - (A) who, what, when, and where; and
 - (B) measures taken to protect the resident(s) during the investigation.
- (2) The follow-up report shall, at the minimum, include:
 - (A) preliminary information;
 - (B) the extent of the injury or damage if any; and
 - (C) preliminary findings of the investigation.
- (3) The final report shall, at the minimum, include preliminary and follow-up information and:
 - (A) a summary of investigative actions;
 - (B) investigative findings and conclusions based on findings; and
 - (C) corrective measures to prevent future occurrences.
 - (D) if items are omitted, why the items are omitted and when they will be provided.

(o) **Form for incident reports to the Department.** Facilities shall use the Incident Report Form, ODH Form 283, to report incidents required to be reported to the Department under OAC 310:675-7-5.1. The ODH Form 283 shall require: the facility name, address and identification number; the date, location and type of incident; parties notified in response to the incident; description of the incident; the relevant resident history; summary of the investigation; and name of person completing the report.

310:675-7-6. Resident's advisory council [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-7-6.1. Complaints

(a) **Complaints to the facility.** The facility shall make available to each resident or the resident's representative a copy of the facility's complaint procedure. The facility shall ensure that all employees comply with the facility's complaint procedure. The facility's complaint procedure shall include at least the following requirements.

(1) The facility shall list in its procedures and shall require to be posted in a conspicuous place outside the administrator's office area the following information:

(A) The names, addresses and telephone numbers of facility staff persons designated to receive complaints for the facility;

(B) Notice that a good faith complaint made against the facility shall not result in reprisal against the person making the complaint; and

(C) Notice that any person with a complaint is encouraged to attempt to resolve the complaint with the facility's designated complaint staff, but that the person may submit a complaint to the Department without prior notice to the facility.

(2) If a resident, resident's representative or facility employee submits to the administrator or designated complaint staff a written complaint concerning resident abuse, neglect or misappropriation of resident's property, the facility shall comply with the Protective Services for Vulnerable Adults Act, Title 43A O.S. Sections 10-101 through 10-110.

(b) **Complaints to the Department.** The following requirements apply to complaints filed with the Department.

(1) The Department shall provide to each facility a notice identifying the telephone number and location of the Department's central call center to which complaints may be submitted. The facility shall post such notice in a conspicuous place outside the administrator's office area.

(2) Any person may submit a complaint to the Department in writing, by phone, or personally. The Department shall reduce to writing a verbal complaint received by phone or in person.

(3) If the complainant is a facility resident, the resident's representative, or a current employee of the facility, the Department shall keep the complainant's identity confidential. For

other complainants the Department shall ask the complainant's preference regarding confidentiality.

(4) The Department shall receive and triage complaints at a central call center. The complaints shall be classified and investigated according to the following priorities:

(A) A complaint alleging a situation in which the facility's noncompliance with state or federal requirements relating to nursing facilities has caused or is likely to cause serious injury, harm, impairment or death to a resident shall be classified as immediate jeopardy and shall be investigated by the Department within two (2) working days;

(B) A complaint alleging minimal harm or more than minimal harm to a resident but less than an immediate jeopardy situation shall be classified as actual harm and shall be investigated by the Department within ten (10) working days; and

(C) A complaint alleging other than immediate jeopardy or actual harm shall be scheduled for an onsite survey and investigated during the next onsite survey or sooner if deemed necessary by the Department; and

(D) A complaint alleging a violation that caused no actual harm but the potential for more than minimal harm to a resident, that repeats a violation cited by the Department within the preceding twelve (12) months, and that is alleged to have occurred after the Department determined the facility corrected the previous violation, shall be classified as continuing and investigated the earlier of the next onsite survey or ninety (90) calendar days.

(5) In addition to scheduling investigations as provided in paragraph (4) of this subsection, the Department shall take necessary immediate action to remedy a situation that alleges a violation of the Nursing Home Care Act, any rules promulgated under authority of the Act, or any federal certification laws or rules, if that situation represents a serious threat to the health, safety and welfare of a resident.

(6) In investigating complaints, the Department shall:

(A) Protect the identity of the complainant if a current or past resident or resident's representative or designated guardian or a current or past employee of the facility by conforming to the following:

(i) The investigator shall select at least three (3) records for review, including the record of the resident identified in the complaint. The three records shall be selected based on residents with similar circumstances as detailed in the complaint if possible. All three (3) records shall be reviewed to determine whether the complaint is substantiated and if the alleged deficient practice exists; and

(ii) The investigator shall interview or observe at least three (3) residents during the facility

observation or tour, which will include the resident referenced in the complaint if identified. If no resident is identified, then the observations used of the three residents shall be used to assist in either substantiating or refuting the complaint;

(B) Review the facility's quality indicator profile using resident assessments filed pursuant to OAC 310:675-9-5.1 to determine whether the facility has been "flagged", if the complaint involves resident abuse, pressure ulcers, weight loss or hydration;

(C) Review surveys completed within the last survey cycle to identify tendencies or patterns of non-compliance by the facility;

(D) Attempt to contact the State or Local Ombudsman prior to the survey; and

(E) Interview the complainant, the resident, if possible, and any potential witness, collateral resource or affected resident.

(7) The Department shall limit the complaint report to the Health Care Financing Administration Form 2567 if applicable and the formal report of complaint investigation.

(A) The Form 2567 shall be issued to the facility within ten (10) business days after completion of the investigation.

(B) The formal report of complaint investigation shall be issued to the facility and the complainant, if requested, within ten (10) business days after completion of the investigation. The formal report of investigation shall include at least the following:

(i) Nature of the allegation(s);

(ii) Written findings;

(iii) Deficiencies, if any, related to the complaint investigation;

(iv) Warning notice, if any;

(v) Correction order, if any; and

(vi) Other relevant information.

310:675-7-7.1. Resident's advisory council

(a) Each facility shall establish a residents advisory council.

(b) Members of the residents advisory council shall consist of all current nursing facility residents or their designated representative. The administrator shall designate a member of the facility staff to coordinate the council and render assistance to the council, and respond to the requests from the council's meetings.

- (c) No employee or affiliate of the facility shall be a member of the council. The facility shall provide the council with private meeting space.
- (d) Minutes of the residents advisory council meetings shall be prepared by the facility staff and maintained in the facility. A copy of the meeting minutes shall be provided to those residents or representatives requesting them. Information identifying a resident shall not be included in the minutes.
- (e) The residents advisory council shall communicate to the administrator the residents' opinions and concerns known to the council.
- (f) The residents advisory council shall be a forum for:
 - (1) Early identification of problems and recommendations for orderly problem resolution.
 - (2) Soliciting and adopting recommendations for facility programs and improvements.
 - (3) Obtaining information from, and disseminating information to, the residents.
- (g) The residents advisory council may present complaints to the Department on behalf of a resident.

310:675-7-8. Written administrative policies [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-7-8.1. Administrative records

- (a) The administrator shall be responsible for the preparation, supervision, and filing of records.
- (b) There shall be a separate, organized file in the business office for each resident. The file shall include current information about the resident and the resident's family. The file shall also include a written record of all financial arrangements and transactions involving the individual resident's funds. A written contract between the resident, or his representative, or, if the resident is a minor, his parent, or representative, and the facility or its agent or the waiver of same shall also be in this file.
 - (1) If the source of payment for the resident's care is, in full or in part, from public funds, there shall be a contract between the facility and the agency providing the funds. An individual contract between such resident and the nursing facility is not required.
 - (2) A resident may sign a waiver if the resident does not wish to have a contract with the facility.
- (c) Each facility shall provide safe storage for administrative records and all current records shall be readily available to the Department upon request.
- (d) Administrative records of the facility shall include the following information:
 - (1) A copy of the current statement of ownership.
 - (2) The current administrator's name, license number, and date of employment.

- (3) The name of the individual responsible for the facility's operation in the absence of the administrator.
- (4) Copies of credentials of all personnel and consultants working in the facility who are licensed, registered or certified.
- (5) Copies of criminal background checks on all required current employees.
- (6) A copy of all contracts with individuals or firms providing any services to the facility.
- (7) Written admission and discharge policies.
- (8) A description of the services provided by the facility and the rates charged for those services and services for which a resident may be charged separately; limitations of available services; causes for termination of services; and refund policies if services are terminated. Documentation shall show that each resident, and/or representative received this information prior to, or at, the time of admission.
- (9) Copies of affiliation agreements, contracts, or written arrangements for advice, consultation, services, training, or transportation with other organizations or individuals, and public or private agencies.
- (10) Written transfer agreements with other health facilities to make the services of such facilities readily accessible, and to facilitate the transfer of residents and essential resident information with the resident.
- (11) Records of residents advisory council meetings.
- (12) Copies of inspection reports from the local, county, and state agencies during the past three years.
- (13) All adverse actions instituted against the facility during the past three years, including warning letters, administrative penalties, notice of hearing, hearing officer's findings, final orders, and court proceedings.
- (14) Written disaster plan/emergency evacuation plan.
- (15) A record of all nurse aide competency and certification records and contacts to Oklahoma and other state's nurse aide registries.
- (16) Current resident census records.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93]

310:675-7-9. Personnel records [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-7-9.1. Written administrative policies and procedures

- (a) The facility shall maintain written policies to govern the administration of the facility. These policies shall be reviewed annually and revised as necessary.
- (b) The facility shall not admit any person unless it has the personnel and resources to provide all services and care prescribed for that person.

(c) All persons seeking admission shall be evaluated as to their medical, nursing and social needs. The scope of care and service to be provided by the facility, or through contract, shall be included in the resident care plan following admission.

(d) All residents shall have accommodations that are as close to their normal living arrangements as possible. Special care and arrangements shall be provided to ensure, if possible, that the accommodations support the resident's physical, mental and psycho-social needs in terms of sanitary environment, aesthetics and associations.

(e) Residents shall be accepted and cared for without discrimination on the basis of race, sex, color, religion, ancestry, disability, or national origin.

(f) Emergency care shall be provided to residents in case of sudden illness or accident, including persons to be contacted in case of an emergency.

(g) Conflict resolution procedures shall be adopted for processing complaints received from residents and employees.

(h) Job descriptions shall be developed that detail the functions of each classification of employee.

(i) Procedures shall be adopted for handling residents' funds and providing access to the written records regarding a resident's funds by the resident or representative.

(j) The facility has the following responsibilities concerning physicians:

(1) The health care services for each resident shall be under a physician's supervision.

(2) All physician orders shall be written in ink or indelible pencil and signed by the physician.

(3) No medication or treatment shall be administered except on a physician's order.

(4) The facility shall have a written policy that provides for physician services to be available twenty-four hours per day.

(5) A list of physicians shall be posted at the nursing station for use if the resident's attending physician is not available.

(6) The facility shall arrange for one, or more, physicians to be available in an emergency and to advise the facility. The physician called at the time of any emergency shall be noted in the records. If unable to contact a physician, the resident shall be transferred to a hospital emergency room.

(k) The facility shall adopt a nursing policy and procedure manual, which shall detail all nursing procedures performed within the facility. All procedures shall be in accordance with accepted nursing practice standards, and shall include, but not be limited to, the following:

(1) Ambulation, body alignment and positioning, and routine range of motion unless contraindicated by the resident's physician.

(2) Elimination, including a bowel and bladder training program, or frequent toileting for incontinent residents, when applicable.

(3) Colostomy and ileostomy care.

(4) Nutrition and meal service.

(5) Oral suctioning and tracheotomy care.

(6) Treatments.

- (7) Nasogastric care.
- (8) Oral hygiene.
- (9) Isolation procedures.
- (10) Universal precautions.
- (11) Emergency procedures.
- (12) Medication Administration.
- (13) Pain assessment and treatment.

(l) Each nursing station shall have a copy of the nursing policy and procedure manual, isolation techniques, and emergency procedures for fire and natural disasters.

(m) The facility shall adopt policies and procedures for the administration of social services, activities, dietary, housekeeping, maintenance and personnel.

(n) The facility shall adopt a policy that any person working in the facility who shows signs or symptoms of a communicable disease, shall be excluded from work, and shall be permitted to return to work only after approval of the director of nursing or charge nurse.

(o) The facility shall adopt a procedure for taking inventory of and inconspicuously marking, for identification, the resident's personal effects (clothing and property) which shall be completed on admission of the resident and subsequently when new clothing or property is received by the resident. Identification marking shall be by a method that shall withstand repeated laundering or cleaning without loss of legibility. Jewelry, watches and similar articles of value shall not be subject to the marking requirement.

(p) The facility shall adopt a policy that requires reporting of the loss of personal effects to the administrator, the resident, and the resident's representative. The policy shall require the staff to assist the resident in attempting to locate the lost property and may, at the request of the resident, require the reporting of such losses to law enforcement authorities. The policy shall also indicate that a resident has the right to report losses directly to law enforcement authorities without fear of reprisal from the facility's administration or staff.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93 ; Amended at 13 Ok Reg 2511, eff 6-27-96 ; Amended at 16 Ok Reg 2521, eff 6-25-99 ; Amended at 18 Ok Reg 2533, eff 6-25-01 ; Amended at 23 Ok Reg 156, eff 10-6-05 (emergency); Amended at 23 Ok Reg 2415, eff 6-25-06]

310:675-7-10. Resident's records [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-7-10.1. Resident's clinical record

(a) There shall be an organized, accurate, clinical and personal record, either typewritten or legibly written with pen and ink, for each resident admitted or accepted for treatment. The resident's clinical record shall document all nursing services provided.

(b) The resident clinical record shall be retained for at least five years after the resident's discharge or death. A minor's record shall be retained for at least two years after the minor has reached the age of eighteen

but, in no case, less than five years.

(c) All required records, either original or microfilm copies, shall be maintained in such form as to be legible and readily available upon request of the attending physician, the facility, and any person authorized by law to make such a request.

(d) Information contained in the resident record shall be confidential and disclosed only to the resident, persons authorized by the resident, and persons authorized by law.

(e) Resident's records shall be filed and stored to protect against loss, destruction, or unauthorized use.

(f) The Department shall be informed in writing immediately whenever any resident's records are defaced, or destroyed, before the end of the required retention period.

(g) If a facility ceases operation, the Department shall be notified immediately of the arrangements for preserving the resident's record. The record shall be preserved for the required time and the information in the records shall be available to the health professionals or facilities assuming care of the resident so that continuity of care is available.

(h) If the ownership of the facility changes, the new licensee shall have custody of the residents records and the records shall be available to the former licensee and other authorized persons.

(i) A person employed by the owner shall be in charge of resident records and properly identifiable to others concerned.

(j) The resident clinical record shall include:

(1) An admission record sheet which shall include:

(A) Identification of the resident (name, sex, age, date of birth, marital status).

(B) Identification numbers as applicable: i. e., Medicare number, Medicaid number.

(C) Date and time of admission.

(D) Diagnosis and known allergies.

(E) Name, address, and telephone number of responsible party, next of kin, pharmacist, and funeral home.

(2) Physician's orders for medications, diet, treatment, and therapy.

(3) Orders dated and signed by the physician giving the order. Verbal or telephone orders shall be signed by the physician within five working days, excluding weekends and holidays.

(4) Initial orders given by the physician at the time of admission shall be signed by the physician and placed in the clinical record within five working days of admission, excluding weekends and holidays.

(5) The most recent medical history and physical examination signed and dated by the physician.

(6) Nurse's notes, dated and signed at the time of entry.

(7) Temperature, pulse, respirations, blood pressure and weight when indicated by physician's orders or by a change in the resident's condition.

(8) Progress notes generated by all health care professionals and allied health personnel.

(9) An assessment and care plan based on the assessment.

- (10) An inventory of personal effects including clothing and property on admission, and as necessary.
- (11) Written acknowledgement by the resident or legal representative of receipt of the resident's rights upon admission and as needed.
- (12) Discharge summary signed by the attending physician that shall include the diagnosis or reason for admission, summary of the course of treatment in the facility, final diagnosis with a follow-up plan, if appropriate, condition on discharge or transfer, or cause of death, date and time of discharge, and diagnosis on discharge.
- (13) A transfer or discharge form when a resident is transferred, or discharged, to the hospital, another facility or released from care. Transfer or discharge forms may be excluded when a resident is discharged to his/her home when the stay in the facility is for respite care only. The transfer form shall include, but not be limited to, the following information:
 - (A) Identification of the resident and his attending physician.
 - (B) Diagnosis, medications and medication administration schedule.
 - (C) Name of transferring facility.
 - (D) Name of receiving facility.
 - (E) Date of transfer.
 - (F) Family or legal representative.
 - (G) Condition on transfer.
 - (H) Reason for transfer.
 - (I) Known allergies.
 - (J) Pertinent medical history.
 - (K) Any advance directive for medical care.

310:675-7-11.1. Medication records

- (a) The facility shall maintain written policies and procedures for safe and effective acquisition, storage, distribution, control, and use of medications and controlled drugs.
- (b) The facility shall establish a policy for providing information about administering prescribed medications to residents who are on leave from the facility.
- (c) The facility shall maintain records of consultation and services provided by the consultant registered pharmacist at the facility.
- (d) The facility shall maintain a system to account for controlled medications prescribed for each resident, and an individual inventory record on all Schedule II medications.

(e) The facility shall maintain a medication regimen review record on each resident.

310:675-7-12.1. Internal facility incident reports

(a) **Incident defined.** An incident is any accident or unusual occurrence where there is apparent injury or where injury may or may not have occurred. The incident report shall cover all unusual occurrences within the facility, or on the premises, affecting residents, and incidents within the facility or on the premises affecting visitors or employees.

(b) **Incident records.** Each facility shall maintain an incident report record and shall have incident report forms available.

(c) **Incident report format.** The incident report shall include, at a minimum: the date, location and type of incident; parties notified in response to the incident; description of the incident; the relevant resident history; summary of the investigation; and name of person completing the report.

(d) **Incident report preparation.** At the time of the incident, the administrator, or the person designated by the facility with authority to exercise normal management responsibilities in the administrator's absence, shall be notified of the incident and prepare the report. The report shall include the names of the persons witnessing the incident and their signatures where applicable.

(e) **Incident records on file.** A copy of each incident report shall be on file in the facility.

(f) **Incident in clinical record.** The resident's clinical record shall describe the incident and indicate the findings on evaluation of the resident for injury.

(g) **Incidents: reviewers.** All incident reports shall be reviewed by the director of nursing and the administrator and shall include corrective action taken where health and safety are affected.

310:675-7-14.1. Facility maintenance

(a) Each facility shall have a maintenance program, which ensures continuing maintenance of the facility and equipment, promotes good housekeeping and sanitary practices throughout the facility.

(b) The maintenance records shall include:

- (1) A written orientation program for maintenance personnel.
- (2) A plan for reporting problems and responding to maintenance, housekeeping, or sanitation needs.
- (3) Response to major maintenance problems, if any, and plans for addressing any problem that cannot be corrected within three calendar days.
- (4) A copy of the service record from a sprinkler or fire alarm company that provides service for the automatic sprinkler and fire alarm system.
- (5) Verification that facility maintenance personnel are certified or licensed as required by state law.

(c) The facility shall be maintained free of infestations of insects, pests and rodents.

- (1) The facility shall have a pest control program provided by maintenance personnel, or by contract with a pest control company, using the least toxic, least flammable, and most effective pesticides. If maintenance employees are used, they shall be currently licensed as commercial pesticide applicators.
- (2) Pesticides shall be stored in locked storage areas and not be stored in resident or food areas,
- (3) In the absence of other effective controls, screens shall be provided on all building exterior openings except doors.

(d) All sewage shall be discharged into a public sewer system, or if such is not available, shall be disposed of in a manner approved by state and local health authorities.

- (1) When a private sewage disposal system is used, maintenance records and system design plans shall be at the facility.
- (2) No exposed sewer lines shall be located directly above working, storage, or eating surfaces in the kitchens, dining rooms, pantries, or food storage rooms, or where medical or surgical supplies are prepared, processed, or stored.

(e) All plumbing in the facility shall be installed and maintained in accordance with state and local plumbing codes. All plumbing shall be maintained free of the possibility of back-flow and back siphonage through the use of vacuum breakers and fixed air gaps.

- (f) If an incinerator is used, it shall comply with state and local air pollution regulations, and shall be constructed to prevent insect and rodent breeding and harborage.
- (g) Entrances, exits, steps and outside walkways shall be kept reasonably free from ice, snow, and other hazards.
- (h) Buildings, grounds, and parking areas shall be maintained in a clean, orderly condition, in good repair, and be monitored for possible hazards.
- (i) Storage areas, attics, roofs, and basements shall be kept safe and free from accumulations of extraneous materials such as refuse, discarded furniture, and old newspapers.

310:675-7-15. Consultation reports [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-7-15.1. Housekeeping laundry, and general storage

(a) **Housekeeping.** Each facility shall have housekeeping services that are planned, operated, and maintained to provide a pleasant, safe and sanitary environment.

- (1) The facility shall employ housekeeping personnel suitable by training, experience, and in sufficient number.
- (2) Housekeeping personnel, using accepted practices and procedures, shall keep the facility free from offensive odors, accumulations of dirt, rubbish, dust and safety hazards.
- (3) Deodorizers shall not be used to cover up odors caused by unsanitary conditions or poor housekeeping practices.
- (4) Suitable equipment and supplies shall be provided for all cleaning activities and shall be maintained in a safe, sanitary condition.
- (5) Cleaning shall be performed in a manner that minimizes the spread of pathogenic organisms.
 - (A) Floors shall be cleaned regularly.
 - (B) Any polish used on floors shall provide a non-slip finish.
 - (C) Used mop water shall not be stored in mop buckets and the mop shall be stored properly.
- (6) Housekeeping personnel shall receive effective supervision, orientation and training. Housekeeping personnel shall be skilled in the six basic functions of sweeping, mopping, dusting, cleaning, waxing, and polishing.
- (7) Resident rooms, furniture, bedding and equipment shall be thoroughly cleaned and sanitized before use by another resident.
- (8) All garbage and rubbish not disposable as sewage shall be collected in impervious containers in such a manner as not to become a nuisance or a health hazard and shall be removed to an approved storage area at least once a day.
 - (A) The refuse and garbage storage area shall be kept clean and orderly.

(B) There shall be a sufficient number of impervious containers with tight fitting lids that are clean and in good repair.

(9) The containers used to transport refuse within the building shall be constructed of impervious materials, be lid or door enclosed, used solely for refuse, and maintained in a clean manner. All kitchen waste, contaminated refuse, and patient room trash shall be securely bagged before placed in these containers.

(10) Bathtubs, showers or lavatories shall not be used for laundering, cleaning of bedside utensils, mops, nursing utensils or equipment, nor for the dumping of waste water, nor for storage.

(11) Draperies and furniture shall be kept clean and in good repair.

(b) **Laundry.** Each facility shall have laundry services that are planned, operated, and maintained to provide sufficient, safe and sanitary laundering of linen, supplies, and clothing.

(1) If the facility does not provide laundry services it shall contract with a commercial laundry service that provides these standards.

(2) Laundry facilities shall be provided with the necessary washing and drying equipment.

(3) Laundry equipment shall be designed and installed that complies with applicable laws.

(4) Laundry processing and procedures shall render soiled linens and resident clothing clean, dry, soft and free of detergent, lint and soap.

(5) Soiled laundry shall be processed frequently to prevent the accumulations of soiled linens and resident's clothing.

(6) The facility's linen supply shall include at least two complete changes of linen for each resident bed. All linen shall be clean, sorted, and in good repair. When linen is not in use all shall be properly stored.

(7) Soiled linen, including blankets, shall be placed in bags or impervious linen hampers/carts with lids tightly closed and shall be removed to the laundry area from the resident care unit at least every eight hours.

(8) Sorting and pre-rinsing of all clothing shall be done in the soiled utility and laundry areas.

(9) All soiled linen shall be enclosed in bags before placing them in the laundry chute. Laundry chutes shall be cleaned as scheduled in the facility's policy and procedure manual.

(10) Carts and hampers used to transport soiled linen shall be constructed of, or lined with, impervious materials, which can be cleaned and disinfected after each use, and used only for transporting soiled linen. Tight fitting lids or covers shall be used.

(11) Soiled linen and clothing shall be stored in the utility rooms and not in the halls.

(12) All personnel shall wash their hands or use alcohol gel thoroughly after handling soiled linen.

(13) There shall be at least one storage area for clean linen.

(c) **General storage.** The facility shall provide general storage as follows:

- (1) Combustibles, such as cleaning rags and compounds, shall be in closed, metal containers.
- (2) Cleaning compounds and hazardous substances shall be labeled properly and stored in safe places. Food substances shall not be stored in the same cabinets, shelves, or in close proximity to prevent accidental selection of the hazardous substance in the place of the food substance.
- (3) Residents shall not have access to storage areas for cleaning agents, bleaches, insecticides or any other dangerous, poisonous or flammable substances.
- (4) Paper towels, tissues, and other supplies shall be stored in a manner to prevent their contamination prior to use.
- (5) Closed storage shall be provided for pillows, blankets, sheepskins, draw sheets, weight distribution pads, and pressure padding.
- (6) Equipment shall not be stored in a hallway or corridor.
- (7) No item shall be stored directly on the floor.

310:675-7-16.1. Quality assessment and assurance

- (a) The facility shall maintain a quality assessment and assurance committee to address facility and resident's needs.
- (b) The committee shall include the director of nursing, a physician designated by the facility, and at least one other appropriate staff.
- (c) The quality assessment and assurance committee shall meet at least quarterly to identify quality assessment and assurance activities.
- (d) The committee shall develop and implement appropriate plans of action to correct identified quality deficiencies.
- (e) The Department shall not require disclosure of the records of the committee unless such disclosure is related to the committee's compliance with the requirements of this section.
- (f) Good faith attempts by the committee to identify and correct quality deficiencies shall not be used as a basis for sanctions.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93 ; Amended at 20 Ok Reg 2399, eff 7-11-03]

310:675-7-17. Housekeeping, general sanitation and infection control [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-7-17.1. Infection Control

(a) The facility shall have an infection control policy and procedures to provide a safe environment. The policy shall address the prevention and transmission of disease and infection. The facility, and its personnel, shall practice the universal precautions identified by the Centers for Disease Control. All personnel shall demonstrate their knowledge of universal precautions through performance of duties.

(b) The facility shall maintain a sanitary environment and prevent the development and transmission of infection in the following areas.

- (1) Food handling practices;
- (2) Laundry practices including linen handling.
- (3) Disposal of environmental and resident wastes.
- (4) Pest control measures.
- (5) Traffic control for high-risk areas.
- (6) Visiting rules for high-risk residents.
- (7) Sources of air-borne infections.
- (8) Health status of all employees and residents.
- (9) Isolation area for residents with communicable diseases.

(c) Infection control policies to prevent the transmission of infection shall include the following:

- (1) Excluding Personnel and visitors with communicable infections.
- (2) Limiting traffic in dietary and medication rooms.
- (3) Using aseptic and isolation techniques including hand washing techniques.
- (4) Bagging each resident's trash and refuse.
- (5) Issuing daily damp wipe cloths, treated dust cloths and clean wet mops, as needed.
- (6) Laundering the used wet mops and cleaning cloths every day.
- (7) Cleaning the equipment for resident use daily, and the proper disposal of infected materials.
- (8) Providing properly identifiable plastic bags for the proper disposal of infected materials.
- (9) **Tuberculosis risk assessment.** An annual facility tuberculosis risk assessment is to be performed by a licensed nurse or physician using a Department approved risk assessment tool.

(d) When scheduled to be cleaned, the toilet areas, utility rooms, and work closets, shall be cleaned with a disinfectant solution and fresh air shall be introduced to deodorize.

(e) **Test for tuberculosis and tuberculin skin test for residents.**

Within thirty (30) days from admission, all residents admitted to the facility after the adoption of this rule shall receive a test for tuberculosis. All tests and examinations shall be in conformance with the "Tuberculosis Screening, Testing, and Treatment of U.S. Health Care Personnel: Recommendations from the National Tuberculosis Controllers Association and CDC, 2019" guidelines for preventing the transmissions of mycobacterium tuberculosis in healthcare settings as published by the Centers for Disease Control and Prevention.

- (1) Tests for tuberculosis shall be administered by a licensed nurse or physician.

(2) Where a skin test is contra-indicated, a chest radiograph, interpreted by a medical consultant in collaboration with the city, county or state health department, is acceptable.

(3) Residents claiming a prior positive tuberculin skin test shall have documentation in their medical record, obtained from a licensed health care professional, of their test results and interpretation; otherwise, a two-step tuberculin skin test shall be done.

310:675-7-18. Animals allowed to visit or reside [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-7-18.1. Personnel records

Each facility shall maintain a personnel record for each current employee containing:

(1) **Application for employment.** An application for employment which contains employee's full name, social security number, professional license or registration number, if any, employment classification, and information about past employment, including: place of employment, position held, length of employment, and reason for leaving.

(2) **Employee time records.** Copies of current employee time records, signed by the employee, shall be maintained by the facility for at least thirty-six (36) months.

(3) **Training, arrest check, and certification.** Documentation of orientation and training (may be kept in separate file), continuing education, a copy of the criminal arrest check, and appropriate certification and licensure.

(4) **Health examination on hire.** Record of health examination conducted within thirty days of employment which shall include, but not be limited to, a complete medical history, physical examination by body system and, a test for tuberculosis. All tests and examinations shall be in conformance with the "Tuberculosis Screening, Testing, and Treatment of U.S. Health Care Personnel: Recommendations from the National Tuberculosis Controllers Association and CDC, 2019" guidelines for preventing the transmission of mycobacterium tuberculosis in healthcare settings as published by the Centers for Disease Control and Prevention.

(A) Tests for tuberculosis shall be administered by a licensed nurse or physician.

(B) Where a skin test is contra-indicated, a chest radiograph, interpreted by a medical consultant in

collaboration with the city, county or state health department, is acceptable.

(C) Employees claiming a prior positive tuberculin skin test shall have documentation in their file, obtained from a licensed health care professional, of their test results and interpretation, otherwise, a two-step tuberculin skin test shall be done.

(5) **Tests for tuberculosis.** Results of subsequent tests for tuberculosis performed based on facility TB risk classification established in OAC 310:675-7-17(c)(9) (relating to annual facility tuberculosis risk assessment) or results of a physician's examination for signs and symptoms of tuberculosis for those employees who react significantly to a tuberculin skin test.. All tests and examinations shall be in conformance with the "Tuberculosis Screening, Testing, and Treatment of U.S. Health Care Personnel: Recommendations from the National Tuberculosis Controllers Association and CDC, 2019" guidelines for preventing the transmissions of mycobacterium tuberculosis in healthcare settings as published by the Centers for Disease Control and Prevention.

310:675-7-19. Residential and visiting pets

(a) Each facility that allows residential or visiting animals shall adopt and comply with policies that meet or exceed 310:675-7-19(a) and 310:675-7-19(b). The facility's policies shall describe the schedule of animal care and zoonotic infection control for the respective facility. The facility shall not allow any animal to reside in the facility until all of the following requirements are met:

(1) The animal is a dog, cat, fish, bird, rabbit, or guinea pig. If a facility desires to include other types of animals in their program, the facility shall submit a supplemental request accompanied by its policies, procedures, and guidelines to the Department and receive written approval from the Department prior to implementation.

(2) For residential pets, excluding fish, the number of animals in a facility shall be limited to no more than one dog per 50 residents; 1 cat, rabbit, or guinea pig per 30 residents; or 1 bird per 20 residents, unless the facility has received the Department's prior approval of a greater number of pets through a supplemental request pursuant to 310:675-7-19(a)(1).

(3) The facility adopts policies ensuring non-disruption of the facility.

(4) All pets are housed and controlled in a manner that ensures that neither the pet nor the residents are in danger. A pet cage or

container must not obstruct an exit or encroach on the required corridor width.

(5) The following veterinary medical services are obtained for each pet, when applicable to species, and a record of service is maintained on file at the facility:

(A) A health certificate from a veterinarian licensed to practice in Oklahoma stating the animal is healthy on physical exam and of acceptable temperament to be placed in the facility;

(B) Proof of evaluation by a veterinarian licensed to practice in Oklahoma for presence of internal parasites on a semi-annual basis and for the presence of external parasites as needed;

(C) Proof of current rabies immunization for dogs and cats, and leptospirosis immunization for dogs administered by a licensed veterinarian;

(D) Proof of spaying/neutering for dogs and cats over six months of age; and

(E) Statement from a licensed veterinarian certifying that each bird tested negative for *Chlamydia psittaci* infection (psittacosis) within 30 days prior to placement in the facility. Birds equal in size to or larger than a parakeet shall receive a serologic test. Culture from fresh droppings or cloacal swab will be acceptable test in smaller birds, such as canaries and finches.

(6) The pet's skin appears normal, and its coat or feathers are free of ectoparasites, matted hair, feces, and other debris.

(7) Residential pets shall be the responsibility of the administrator, who shall designate at least one attendant to supervise the care and maintenance of resident animals. The administrator and the designated attendants shall at least annually review the facility's policy on residential and visiting pets, and shall document that they have read and understood the policy.

(8) The facility provides for the cleaning and disinfecting of any areas contaminated by urine or excrement, and for the regular cleaning of aviaries, aquariums, and animal cages. Water in aquariums and fish bowls shall be appropriately maintained to prevent bacterial growth in the water.

(9) Residential dogs and cats shall not be allowed to remain in the resident areas after visiting hours. No animal shall be allowed in an area used for food storage or preparation, dining, medication preparation or administration, or clean or sterile supply storage.

(10) If there is more than one resident per room, permission shall be obtained from each resident in the room before allowing animal visitation.

(b) The facility may allow other animals to visit the facility. Visiting animals shall be under the control of the person bringing the pet into the facility. The attendant of visiting animals shall adhere to the facility's policies and procedures for residential pets. Proof of current rabies immunization must be provided to the administrator before any dog, cat

or ferret can be allowed as a visiting pet in the facility.

(c) The Department shall publish and distribute to facilities recommended husbandry and veterinary care guidelines for residential pets. The guidelines shall include but not be limited to recommendations for housing, cleaning needs, exercise, diet, fecal examinations, grooming, attendant training on animal care and nutrition, and preventive health care. The guidelines shall be used for the information and education of facilities.

(d) Section 310:675-7-19 does not supersede any local or state rules that regulate animals.

[Source: Added at 18 Ok Reg 2533, eff 6-25-01]

310:675-7-20. Financial solvency and reports

(a) The facility shall maintain financial solvency sufficient to ensure its operation as evidenced by the timely payment of obligations including but not limited to:

- (1) Employee payrolls;
- (2) Amounts owed to consultants, medical directors, vendors, suppliers, and utility service providers;
- (3) Taxes and provider fees; and
- (4) Leases, rents and mortgages.

(b) The owner shall report to the Department the occurrence of financial events as required in 63 O.S. Section 1-1930.1.

(1) The owner shall:

- (A) File a written report within 24 hours of the reportable event; or
- (B) Make an oral report by telephone within 24 hours of the reportable event, and file written confirmation within five days of the reportable event.

(2) Notice of a judgment against the facility or any of the assets of the facility or the licensee shall be required from the date the judgment becomes final.

(3) The owner shall include information in the written notification to accurately identify the event, including but not limited to:

- (A) The date of each action or event;
- (B) The name of each person involved in the event, including each legal entity, governmental agency, financial institution or trustee, and each employee whose regular payroll check has not been honored;
- (C) The amount of each judgement, lien, payroll, or tax payment related to the event; and
- (D) The style of the case and index or docket numbers as applicable.
- (E) Bankruptcy or appointment of trustee by the bankruptcy court.

(4) Notification provided by the owner pursuant to 63:1-1930.1 does not relieve the owner of the obligation to provide *ninety (90) days' notice prior to voluntarily closing a facility or closing any part of a facility, or prior to closing any part of a facility if closing*

such part will require the transfer or discharge of more than ten percent (10%) of the residents [63:1-1930].

[Source: Added at 20 Ok Reg 2399, eff 7-11-03 ; Amended at 26 Ok Reg 2059, eff 6-25-09]

310:675-7-21. Sex or violent offender status

(a) **Determination of status.** A facility subject to the provisions of this Chapter shall determine whether the following individuals have registered pursuant to the Sex Offenders Registration Act or the Mary Rippy Violent Crime Offenders Registration Act:

- (1) An applicant for admission or participation,
- (2) A resident, client or participant of a facility subject to the provisions of this Chapter, and
- (3) All employees of facilities subject to the provisions of this Chapter, in addition to the required criminal arrest check in 63 O.S. §1-1950.1 and 63 O.S. §1-1950.8 (relating to criminal arrest checks).

(b) Procedures for determination of status. Prior to admission or employment but no later than three (3) business days from acceptance of any resident or participant, the employing or receiving facility subject to the provisions of this Chapter shall determine from local law enforcement, the Department of Corrections, or the Department of Corrections' Sex Offender and Mary Rippy Violent Crime Offender registries, whether the prospective employee or accepted resident or participant is registered or qualifies for registration on either registry.

(c) **Recommended registry search strategy.** A facility subject to the provisions of this Chapter may utilize the first three letters of the last name and an asterisk, and the first letter of the first name and asterisk, any known alias, and appearance criteria as provided for search within the Department of Correction's Internet based sex and violent crime offender registries.

(d) **Change in status after employment or admission.** A facility subject to the provisions of this Chapter shall repeat the screening in OAC 310:675-7-21(b) (regarding procedures for determination of status) subsequent to the receipt of any information that an employee, resident or participant's registration status may have been altered or updated after the initial screening.

(e) **Posting of offender status.** Pursuant to 63 O.S. §1-1909(4), a facility subject to the provisions of this Chapter shall conspicuously post for display in an area of its offices accessible to residents, employees and visitors a copy of any notification from the local law enforcement authority regarding the registration status of any person residing in the facility who is required to register pursuant to the Sex Offenders Registration Act or the Mary Rippy Violent Crime Offenders Registration Act.

(f) **Notice to Department of sex or violent offender's presence.** When a facility subject to the provisions of this Chapter is notified, or has determined, that an individual who is required to register pursuant to the Sex Offenders Registration Act or the Mary Rippy Violent Crime Offenders Registration Act is residing or participating at such facility, *the*

facility shall immediately, in writing, notify the State Department of Health.[63 O.S. §1-1946(A)(3)]

(g) **Content of notice of sex or violent offender's presence.** Notice provided to the Department shall include the name, and identifying information used to make the determination in 310:675-7-21(b) (regarding determination of status).

(h) **Notification through other means.** Where a facility subject to the provisions of this Chapter determines through other means, excepting written notification by the Department, of an employee, resident or participant required to register pursuant to the Sex Offenders Registration Act or the Mary Rippey Violent Crime Offenders Registration Act, the facility shall notify the Department and shall be subject to all other requirements within this section.

Editor's Note: ¹ See Editor's Note at beginning of this Chapter.

SUBCHAPTER 9. RESIDENT CARE SERVICES

310:675-9-1. Activities [REVOKED]

[**Source:** Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-9-1.1. Nursing and personal care services

(a) The facility shall ensure that resident rights are respected in the provision of care.

(b) Basic nursing and personal care shall be provided for residents as needed.

(1) Nursing care shall include, but not be limited to:

(A) Encouraging residents to be active and out of bed for reasonable time periods.

(B) Measuring resident temperature, blood pressure, pulse and respirations at least once every thirty days and more frequently if warranted by the resident's condition, with the results recorded in the clinical record.

(i) Measuring resident weight at least once every thirty days and more frequently if warranted by the resident's condition, with the results recorded in the clinical record.

(ii) Measuring resident pain whenever vital signs are taken and more frequently if warranted by the resident's condition, with the results recorded in the clinical record.

(C) Offering fluids, and making fluids available, to maintain proper hydration.

(D) Following proper nutritional practices for diets, enteral and parenteral feedings and assistance in eating.

- (E) Providing proper skin care to prevent skin breakdown.
 - (F) Providing proper body alignment.
 - (G) Providing supportive devices to promote proper alignment and positioning.
 - (H) Turning bed residents every two hours or as needed, to prevent pressure areas, contractures, and decubitus.
 - (I) Performing range of motion exercises in accordance with individual assessment and care plans.
 - (J) Ensuring that residents positions are changed every two hours or as needed when in a chair and are toileted as needed.
 - (K) Establishing and implementing bowel and bladder programs to promote independence, or developing toileting schedules to promote continence.
 - (L) Performing catheter care with proper positioning of bag and tubing at all times.
 - (M) Recording accurate intake and output records for residents with tube feedings or catheters.
 - (N) Assessing the general mental and physical condition of the resident on admission.
 - (O) Updating the assessment and individual care plan when there is a significant change in the resident's physical, mental, or psychosocial functioning.
 - (P) Recognizing and recording signs and symptoms of illness or injury with action taken to treat the illness or injury, and the response to treatments and medications.
- (2) Personal care shall include, but not be limited to:
- (A) Keeping residents clean and free of odor.
 - (B) Keeping bed linens clean and dry.
 - (C) Keeping resident's personal clothing clean and neat.
 - (D) Ensuring that residents are dressed appropriately for activities in which they participate; bedfast/chairfast residents shall be appropriately dressed and provided adequate cover for comfort and privacy.
 - (E) Ensuring that the resident's hair is clean and groomed.
 - (F) Providing oral hygiene assistance at least twice daily with readily available dental floss, toothbrush and dentifrice. A denture cleaning/soaking device and brush shall be available and maintained for each resident as needed.
 - (G) Keeping toenails and fingernails clean and trimmed.
- (c) The facility shall assist the resident in securing other services recommended by a physician such as, but not limited to, optometry or ophthalmology, audiology or otology, podiatry, laboratory, radiology or hospital services. The administration shall, through social services or other means, assist each resident desiring or needing medical related services.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93 ; Amended at 23 Ok Reg 156, eff 10-6-05 (emergency); Amended at 23 Ok Reg 2415, eff 6-25-06]

310:675-9-2. Social services [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-9-2.1. Dental and oral hygiene services

- (a) A dental history shall be obtained as part of the medical history on admission. The dental history shall include past dental problems, description of any prosthetic appliance used, current assessment and the resident's current dentist.
- (b) The facility shall have all dental prosthetic appliances such as dentures and partial dentures, marked and identified as belonging to that resident at the time of admission. A resident shall be promptly referred to a dentist when prosthetics are lost or damaged.
- (c) The facility shall arrange for one or more dentists to be available in an emergency and to act in an advisory capacity to the facility. The dentist notified for any emergency shall be recorded in the clinical record. If unable to contact the resident's dentist, the emergency physician or dentist shall be notified.
- (d) The facility shall maintain a list of referral dentists.
- (e) The facility shall assist the resident with, or make arrangements for the resident's transportation to and from the dentist's office.
- (f) All residents shall have oral hygiene procedures provided at least daily, and as needed. Oral hygiene procedures shall include, but not be limited to, the resident's teeth being brushed and dentures and partial dentures being cleaned. Any exception shall be ordered by the resident's dentist or physician.
- (g) Oral hygiene supplies and equipment shall be available in sufficient quantities to meet the residents needs including but not limited to, toothbrushes, toothpaste, dental floss, lemon glycerin swabs or equivalent products, denture cleaners, denture adhesives, and containers for dental prosthetic appliances, such as dentures and partial dentures.

310:675-9-3. Religion [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-9-3.1. Rehabilitative or restorative nursing services

- (a) Rehabilitative services promote restoration of the resident's maximum potential. Rehabilitative services shall be provided or obtained by the facility or an outside source according to the resident assessment. An evaluation shall address the residents rehabilitative needs, on admission, annually, and as the resident's condition indicates. Rehabilitative services shall be ordered by the physician, and provided under the direction of licensed or qualified staff. These services shall include, but not be limited to, the following:
 - (1) Physical therapy.
 - (2) Speech therapy.

- (3) Audiology.
 - (4) Occupational therapy.
 - (5) Psychological or psychiatric counseling/therapy.
 - (6) Nutritional counseling.
- (b) Restorative nursing services may be provided by the nursing staff according to the care plan. These services shall include, but not be limited to, the following:
- (1) Range of motion to prevent contracture.
 - (2) Bowel and bladder training to restore continence.
 - (3) Self-help skill training.
 - (4) Behavioral modification under the direction of a qualified consultant.
 - (5) Ambulation.
 - (6) Remotivation.
 - (7) Reality orientation.
 - (8) Reminiscent therapy.
- (c) There shall be an ongoing in-service education program for all restorative nursing staff.

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-9-4.1. Supplies and equipment

- (a) There shall be a sufficient quantity of supplies and, equipment in working condition, to meet the residents' medical, nursing, nutritional, social and activity needs.
- (b) The minimum level of supplies including but not limited to food and other perishables is a three (3) day supply.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93 ; Amended at 20 Ok Reg 2399, eff 7-11-03]

310:675-9-5. Community involvement [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-9-5.1. Assessment and care plans

- (a) A resident assessment and an individual care plan shall be completed and implemented for each resident. The care plan shall indicate the resident's current status and accurately identify the resident's needs.
- (b) The written resident assessment and care plan shall be reviewed and updated, at least quarterly, and as needed when the resident's condition indicates.
- (c) Efforts shall be made to include the resident and resident's representative in development and implementation of the care planning process.
- (1) **Resident assessment.**

- (A) The facility shall conduct, initially and periodically, a comprehensive, accurate, standardized, reproducible assessment for each resident's functional capacity.
- (B) Each resident shall have an assessment coordinated or conducted by a registered nurse.
- (C) Each individual completing a portion of the assessment shall sign, date, and certify the accuracy of that portion.
- (D) An assessment shall be completed within fourteen days after admission of the resident.
- (E) The resident assessment shall include a minimum data set (MDS) in the form required under 42 CFR 483.20. Each facility, with the exception of Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID), accurately shall complete the MDS for each resident in the facility, regardless of age, diagnosis, length of stay or payment category.
- (F) The MDS form shall require the following, as applicable:
 - (i) Admission assessment;
 - (ii) Annual assessment;
 - (iii) Significant change in status assessment;
 - (iv) Significant correction of prior full assessment;
 - (v) Significant correction of prior quarterly assessment;
 - (vi) Quarterly review; and
 - (vii) A subset of items upon a resident's transfer, reentry, discharge, and death.

(2) Resident pain assessment.

- (A) Residents shall be screened for the presence of pain at least once every 30 days and whenever vital signs are taken.
 - (i) Licensed nursing staff shall perform the screening at least once every 30 days. Certified nurse aides may perform the screening more frequently as needed.
 - (ii) The screening instrument shall grade the intensity and severity of pain using a resident-specific pain scale;
- (B) An individualized pain assessment shall be conducted by a registered nurse for each resident:
 - (i) In conjunction with the admission, quarterly and annual assessments required at OAC 310:675-9-5.1.(c)(1)(F); and
 - (ii) With onset of pain not previously addressed in a care plan or physician's orders.
- (C) The goal is to alleviate or minimize pain while assisting the resident to maintain as high a level of functioning as possible. The pain assessment shall include, but not be limited to:
 - (i) A statement of how the resident describes the pain;

- (ii) Intensity and severity of pain graded using a resident-specific pain scale;
- (iii) Recent changes in pain;
- (iv) Location(s);
- (v) Onset and duration of pain, such as new pain within the last 3 days, recent pain within the last 3 months, or more distant pain greater than 3 months;
- (vi) Type of pain reported or represented by resident, such as constant or intermittent, and duration or frequency of pain;
- (vii) Current pain measured at its least and greatest levels;
- (viii) Aggravating and relieving factors;
- (ix) Treatment including a review of all therapies, including medication, and the regimen used to minimize pain;
- (x) Effects of pain and effectiveness of therapy on physical and social functions;
- (xi) Resident's treatment preferences and emotional responses to pain, including resident's expectations and how resident coped with pain; and
- (xii) If applicable, refer to pain assessment tool for the cognitively impaired.

(D) Results shall be recorded in the resident's clinical record showing changes in pain scale and changes in level of functioning. The physician shall be contacted as necessary.

(E) Pain shall be treated promptly, effectively and for as long as necessary.

(3) Individual care plan.

(A) An individual care plan shall be developed and implemented for each resident to reflect the resident's needs.

(B) The care plan shall be developed by an interdisciplinary team that includes a registered nurse with responsibility for the resident, and other appropriate staff in disciplines determined by the resident's needs.

(C) The care plan shall include measurable objectives and timetables to meet the resident's medical, nursing, mental and psychosocial needs identified in the assessment.

(D) The care plan shall be available to appropriate personnel providing care for the resident.

(E) An initial care plan shall be completed at the time of admission. The individualized care plan shall be completed within twenty-one days after admission.

(F) A care plan shall be completed within seven calendar days after the completion of the assessment.

310:675-9-6. Physical plant [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-9-6.1. Restraints

(a) The resident has the right to be free from any physical or chemical restraints imposed for discipline or convenience. Restraints may be used in emergency situations, or for the purpose of treating a resident's medical condition. All physical restraints shall allow for quick release. Locked restraints shall not be used.

(b) In an emergency situation, physical restraints may be used only to ensure the physical safety of the resident, staff, or other residents. When restraints are used in an emergency, the facility shall comply with the following process:

(1) A licensed nurse may use physical restraints, without a physician's order, if necessary to prevent injury to the resident, or to other residents, when alternative measures are not effective. The licensed nurse shall document in the clinical record the application of the physical restraint and the alternative measures that were not effective. A licensed nurse shall contact the physician for physical restraint orders within six hours after application.

(2) The facility staff shall continually monitor the resident during the restraint period. An interdisciplinary team shall evaluate alternative placement if the resident requires physical restraints for longer than forty-eight consecutive hours.

(3) Circumstances requiring the physical restraints shall be re-evaluated every thirty minutes and documented in the clinical record.

(4) A resident who is physically restrained shall have the restraints released for at least ten minutes every two hours. Such residents shall also be repositioned, exercised and toileted as needed.

(c) In an emergency situation, chemical restraints may be used only to ensure the physical safety of the resident, staff, or other residents. When chemical restraints are used, the facility shall comply with the following process:

(1) The written order for the use of a chemical restraint shall be signed by a physician who specifies the duration and circumstances under which the chemical restraint is to be used.

(2) The physician's orders may be oral when an emergency necessitates parenteral administration of the chemical restraint but is valid only until a written order can be obtained within forty-eight hours.

(3) An emergency order for chemical restraints shall not be in effect for more than twelve hours and may be administered only if the resident is continually monitored for the first thirty minutes after administration and every fifteen minutes until such time as the resident appears stable to ensure that any adverse side effects are noticed and appropriate action taken as soon as possible. The clinical record shall accurately reflect monitoring.

(4) A licensed nurse shall document in the resident's clinical record any alternative measures that were not effective and precipitated the use of the chemical restraint.

(5) An interdisciplinary evaluation shall be made to consider alternative placement if the resident requires chemical restraints for longer than twelve continuous hours.

(d) When restraints are required for the resident's medical symptoms, the nursing staff shall ensure that physical and chemical restraints are administered only in accordance with the resident's care plan and under the following circumstances.

(1) When restraints are used to prevent falling, or for the purpose of positioning the resident, the resident and resident's representative shall be informed of the risk and benefits, and written consent shall be obtained.

(2) Restraints may be applied only on a physician's written order and shall identify the type and reason for the restraint. The physician shall also specify the period of time, and the circumstances under which the restraint may be applied.

(3) Alternative measures to the use of restraints shall be evaluated prior to their use. Circumstances requiring the restraints, and alternative measures, shall be re-evaluated and documented in the clinical record every thirty days.

(4) A restrained resident shall have the restraints released every two hours for at least ten minutes; and the resident shall be repositioned, exercised, or provided range of motion and toileted as necessary.

(e) Antipsychotic drug administration shall be consistent with 63 O.S. 1-881.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93 ; Amended at 37 Ok Reg 1448, eff 9-11-20]

310:675-9-7.1. Physician services

Each resident shall be under the care of a licensed physician, who shall be responsible for the resident's overall medical care. The physician's duties shall include but not be limited to:

(1) Completing an admission history and physical that includes chief complaints, course of present illness, past medical history, and examination findings by body systems and diagnosis within two weeks of admission unless a physical was conducted within

the previous sixty days.

(2) Prescribing diet, treatments and medications.

(3) Noting the resident's specific advance directives, if known.

(4) Continuing supervision, as required by the resident's care including, but not limited to:

(A) Writing progress notes at each visit.

(B) Visiting as needed.

(C) Participating in developing, and reviewing, the resident's care plan.

310:675-9-8.1. Clinical laboratory

(a) The facility shall provide, or obtain, clinical laboratory services to meet the resident's needs. The facility shall be responsible for the quality and timeliness of the services. If the facility provides clinical laboratory services, the services shall meet the applicable conditions of the services furnished by independent laboratories. If the facility provides blood bank and transfusion services, it shall meet the applicable conditions for independent laboratories and hospitals.

(b) If the laboratory refers specimens for testing to another laboratory, the receiving laboratory shall meet applicable conditions as an independent laboratory.

(c) If the facility does not provide laboratory services on site, it shall have an agreement to obtain such services only from a laboratory that meets applicable conditions as an independent laboratory, either as a hospital or an independent laboratory.

(d) The facility shall:

(1) Provide or obtain laboratory services only when ordered by the physician.

(2) Promptly notify the physician of the findings.

(3) Assist the resident in arranging transportation to and from the source of service, if the resident needs assistance.

(4) File signed and dated reports of clinical laboratory services in the resident's clinical record.

310:675-9-9.1. Medication services

(a) **Storage.**

(1) Medications shall be stored in a medication room, a locked cabinet, or a locked medication cart, used exclusively for

medication storage.

(2) The medication storage area temperature shall be maintained between 60° F. (15.5° C.) to 80° F. (26.6° C.)

(3) The medication room, the medication storage cabinet, and medication cart shall be locked when not in use.

(4) The key to the medication storage areas shall be in the possession of the person responsible for administering medications.

(5) Scheduled medications shall be in a locked box within the locked medication area or cart.

(6) Medications for external use shall be stored separately from medications for internal use.

(7) Medications requiring refrigeration shall be kept within a temperature range of 36° F. (2.2° C.) to 48° F. (8.8° C.) and separated from food and other items. There shall be a method for locking these medications.

(8) The medication areas shall be well lighted, clean and organized.

(9) Running water shall be in close proximity to the medication area.

(10) Powdered over-the-counter medication for topical use may be kept in the resident's room for administration by a nurse aide if:

(A) The facility develops and implements policies and procedures for safe storage and application of the powder; and

(B) Each aide who applies the over-the-counter topical medication is trained in accordance with the established policies and procedures of the facility.

(b) **Emergency medications.** Emergency medication, policies and equipment shall include but not be limited to:

(1) An electric suction machine with necessary aseptic aspirator tips.

(2) An emergency tray or cart with the following items labeled and accessible to licensed personnel only: resuscitation bag; tongue depressors; and assorted airways; sterile hypodermic syringes in 2 cc, 5 cc, and 20 cc or larger sizes and appropriate needles. The content shall be limited to emergency medications and contain no scheduled medications. Only two single dose vials of the following medications may be on the tray or cart: 50% Dextrose, respiratory stimulant, a cardiac stimulant, injectable lasix, injectable dilantin and injectable benadryl.

(3) A certified medication aide shall not administer injectable medications from any emergency tray or cart, but shall have access to resuscitation bags, tongue depressors, and assorted sizes of airways.

(c) **Medication accountability.**

(1) Medications shall be administered only on a physician's order.

(2) The person responsible for administering medications shall personally prepare the dose, observe the swallowing of oral medication, and record the medication. Medications shall be prepared within one hour of administration.

(3) An accurate written record of medications administered shall be maintained. The medication record shall include:

(A) The identity and signature of the person administering the medication.

(B) The medication administered within one hour of the scheduled time.

(C) Medications administered as the resident's condition may require (p.r.n.) are recorded immediately, including the date, time, dose, medication, and administration method.

(D) Adverse reactions or results.

(E) Injection sites.

(F) An individual inventory record shall be maintained for each Schedule II medication prescribed for a resident.

(G) Medication error incident reports.

(4) A resident's adverse reactions shall be reported at once to the attending physician.

(d) Medication labels and handling.

(1) All prescribed medications shall be clearly labeled indicating the resident's full name, physician's name, prescription number, name and strength of medication, dosage, directions for use, date of issue and expiration, and name, address and telephone number of pharmacy or physician issuing the medication, and the quantity. If a unit dose system is used, medications shall indicate, at least, the resident's full name, physician's name and strength of medication, and directions for use.

(2) When over-the-counter medications are prescribed and obtained in the original manufacturers container, the package directions shall be considered part of the label. The resident's name shall be on the package.

(3) Each resident's medications shall be kept or stored in the originally received containers. Paper envelopes shall not be considered containers.

(4) Medication containers having soiled, damaged, illegible or makeshift labels shall be relabeled by the issuing pharmacy or physician. Labels on containers shall be clearly legible and firmly affixed. No label shall be superimposed on another label on a medication container except for over-the-counter medication containers.

(5) No person shall change labels on medication containers. If the attending physician orders a change of directions, there shall be a procedure to mark the container indicating a label change is needed at the next prescription refill.

(6) A pharmacist shall dilute, reconstitute and label medications, whenever possible. If not possible, a registered nurse may reconstitute, dilute and label medications. A distinctive, indelible, supplementary label shall be affixed to the medication container when diluted or reconstituted for other than immediate use. A licensed practical nurse may reconstitute oral medications only. The label shall include the following: resident's name, dosage and strength per unit/volume, nurse's initials, expiration date, and

date and time of dilution or reconstitution.

(7) When a resident is discharged, or is on therapeutic leave, the unused medication shall be sent with the resident, or with the resident's representative, unless there is a written physician's order to the contrary, or the medication has been discontinued, or unless the resident or the resident's representative donates unused prescription medications for dispensation to medically indigent persons in accordance with the Utilization of Unused Prescription Medications Act. The clinical record shall document the quantity of medication sent, and returned or donated, and the signature of the person receiving or transferring the medications.

(8) All medication orders shall be automatically stopped after a given time period, unless the order indicates the number of doses to be administered, or the length of time the medication is to be administered. The automatic stop order may vary for different types of medications. The facility shall develop policies and procedures, in consultation with the medical director and pharmacist, to review automatic stop orders on medications. The policy shall be available to personnel administering medications.

(9) No resident shall be allowed to keep any medications unless the attending physician or interdisciplinary team has indicated on the resident's clinical record that the resident is mentally and physically capable of self-administering medications.

(10) A resident who has been determined by the physician or interdisciplinary team as capable of self-administering medication may retain the medications in a safe location in the resident's room. The facility shall develop policies for accountability. Scheduled medications shall not be authorized for self-administration, except when delivered by a patient controlled analgesia pump.

(11) A physician's telephone orders shall be conveyed to, recorded in the clinical record, and initialed by the licensed nurse receiving the orders.

(12) Medications shall be administered only by a physician, registered nurse, a licensed practical nurse, or a certified medication aide. The only injectables which a certified medication aide may administer are insulin and vitamin B-12 and then only when specifically trained to do so.

(13) A pharmacy, operating in connection with a facility, shall comply with the State pharmacy law and the rules of the Oklahoma State Board of Pharmacy.

(14) Powdered over-the-counter medication for topical use may be administered by a trained nurse aide when designated in writing by the attending physician and delegated by a licensed nurse. The licensed nurse shall ensure that the aide demonstrates competency in reporting skin changes, storage, application and documentation policies and procedures. The licensed nurse or the attending physician shall document in the resident's record a skin assessment at least twice each week and more often if required by the facility's approved policy.

(e) **Medication destruction.**

(1) Non-controlled medications prescribed for residents who have died and non-controlled medications which have been discontinued shall be destroyed by both the director of nursing and a licensed pharmacist or another licensed nurse. Controlled medication shall be destroyed by a licensed pharmacist and the Director of Nursing. The facility may transfer unused prescription drugs to city-county health department pharmacies or county pharmacies in compliance with the Utilization of Unused Prescription Medications Act and all rules promulgated thereunder. Prescription only medications including controlled medications shall not be returned to the family or resident representatives. The destruction and the method used shall be noted on the clinical record.

(2) Medications prescribed for one resident may not be administered to, or allowed in the possession of, another resident.

(3) There shall be policies and procedures for the destruction of discontinued or other unused medications within a reasonable time. The policy shall provide that medications pending destruction shall not be retained with the resident's current medications. The destruction of medication shall be carried out in the facility and a signed record of destruction shall be retained in the facility.

(f) **Medication regimen review.** The facility shall ensure that each resident's medications are reviewed monthly, by a registered nurse or a licensed pharmacist. The reviewer shall notify the physician and director of nursing, in writing, when irregularities are evident.

(g) **Consultant pharmacist.** The facility shall have a consultant licensed pharmacist to assist with the medication regimen review and medication destruction. The consultant pharmacist shall discuss policies and procedures for the administration, storage, and destruction of medications with the administrator, director of nursing and other appropriate staff.

(h) **Emergency pharmacy.** The facility shall have a contract, or letter of agreement, with a licensed pharmacy that agrees to serve as the emergency pharmacy. The emergency pharmacy shall be available twenty-four hours a day.

(i) **Bulk nonprescription drugs.** A facility may maintain nonprescription drugs for dispensing from a common or bulk supply as *ordered or otherwise authorized by a physician currently licensed to practice medicine in this state* [63:1-1950(B)] if all of the following are accomplished.

(1) **Policy of facility.** The facility must have and follow a written policy and procedure to assure safety in dispensing and documentation of medications given to each resident.

(2) **Acquisition.** The facility shall maintain records which document the name of the medication acquired, the acquisition date, the amount and the strength received for all medications maintained in bulk.

(3) **Dispensing.** Only licensed nurses, physicians, pharmacists or certified medication aides (CMA) may dispense these medications.

- (4) **Storage.** Bulk medications shall be stored in the medication area and not in resident rooms.
- (5) **Records.** The facility shall maintain records of all bulk medications which are dispensed on an individual signed medication administration record (MAR).
- (6) **Labeling.** The original labels shall be maintained on the container as it comes from the manufacturer or on the unit-of-use (blister packs) package.
- (7) **Package size.** The maximum size of packaging shall be established by the facility in its policy and procedures and shall insure that each resident receives the correct dosage; provided however, that no liquid medications shall be acquired nor maintained in a package size which exceeds 16 fluid ounces.
- (8) **Allowed nonprescription drugs.** Facilities may have only oral analgesics, antacids, and laxatives for bulk dispensing and/or drugs listed in a facility formulary developed or approved by the consultant pharmacist, medical director and director of nurses. Non formulary over the counter medications may be prescribed if the resident has therapeutic failure, drug allergy, drug interaction or contraindications to the formulary over the counter medication.

310:675-9-10.1. Activity services

- (a) **Activities program.** The facility shall provide an ongoing activities service designed to meet the resident's interests and physical, mental, and psycho-social needs based on a comprehensive assessment and care plan.
- (b) **Activities director.** There shall be a designated staff member, qualified by experience or training, responsible for the direction and supervision of the activities service. The activities director shall develop appropriate activities for each resident with identified needs. Activities staff hours shall be sufficient to meet the resident's needs.
- (c) **Clinical record.** The activities rendered shall be recorded in the clinical record. Progress notes shall be written at least monthly or when a significant change in the resident's condition occurs.
- (d) **Program requirements.**
- (1) All activities shall be resident related.
 - (2) The program shall be designed to encourage rehabilitation and restoration to self care and normal activity.
 - (3) There shall be at least two organized group activities, daily, Monday through Friday and at least one organized group activity on Saturday and Sunday provided or coordinated by staff.

(4) The activities program shall recognize the resident's right to choose to participate in social, community and religious activities, as long as that choice does not interfere with other facility residents.

(5) Varied and specific programs shall be developed for all residents, including those that are room bound, comatose or who demonstrate symptoms of dementia, mental illness or developmental disabilities.

(6) Socialization and self-help skills shall be addressed in the care plan based on resident's needs.

(7) Provisions shall be made to address each resident's spiritual needs.

(8) The program shall provide remotivation, reality orientation or sensory stimulation programs to orient and stimulate residents.

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-9-11.1. Social services

(a) **Service.** The facility shall provide medically related social services to identify and meet the resident's social and emotional needs, and assist each resident and family in adjusting to the effects of the illness, treatment, and stay in the facility.

(b) **Director.** There shall be a designated staff member, qualified by training or experience, responsible for directing and supervising the social services. The social services director shall develop appropriate social services for each resident with identified needs.

(c) **Clinical record.** The social services rendered shall be recorded in the resident's record. Progress notes shall be written at least monthly, or when a significant change in a resident's condition occurs.

(d) **Program requirements.**

(1) Assist the resident in identifying issues and conditions related to admission to the facility.

(2) Assist the resident in obtaining needed services within the facility or the community.

(3) Assist the resident in obtaining needed transportation.

(4) Assist the resident in maintaining and developing relationships with family and other significant persons.

(5) Assist the staff in understanding the resident's actions and behavior.

(6) Assist the staff in treating the residents with respect, and promote resident independence.

(7) Counsel with the resident and his family in securing and enhancing participation in the resident's care.

(8) Engage in related activities as determined by the resident's individual needs.

(9) Encourage the resident to express his/her rights as United States citizens.

310:675-9-12. Food supply [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-9-12.1. Dietary services

(a) **Services.** The facility shall provide dietary services to meet the resident's nutritional needs. There shall be a designated staff person qualified by experience or training, responsible for directing or supervising the dietary services. The food service supervisor, in conjunction with a qualified nutritionist or registered/licensed dietitian, shall develop a dietary care plan for each resident. There shall be sufficient dietary staff to meet the needs of all residents.

(b) **Clinical record.** The dietary services provided to residents needing dietary intervention shall be recorded in the clinical record. Progress notes for these residents shall be written at least monthly, or when a significant change in the resident's condition occurs.

(c) **Nutritional assessment.** A nutritional assessment shall be completed for each resident that addresses all pertinent dietary problems such as chewing or swallowing, elimination, appetite or eating habits, pertinent lab results, weight and height, diet and medication interactions, food preferences and assistive devices. The dietary staff shall have input into the resident's individual care plan.

(d) **Diet.** The facility shall provide a nourishing, palatable, well-balanced diet that meets the resident's daily nutritional and special dietary needs.

(1) Meals.

(A) The facility shall serve at least three regularly scheduled meals, or their equivalent daily. There shall be at least four hours between each meal.

(B) Diets shall be prescribed by the resident's physician and shall be planned, in writing, reviewed, approved and dated by a qualified nutritionist or registered/licensed dietitian. A therapeutic diet shall be served with skillful attention to the diet control system. Portioning of menu servings shall be accomplished with portioned control serving utensils.

(C) Substitutes of similar nutritive value shall be offered when a resident refuses served menu items.

(D) Residents at nutritional risk shall have timely and appropriate nutrition intervention.

(E) Nourishments shall be available and may be offered at any time in accordance with approved diet orders and resident preference. Bedtime nourishment shall be offered to all residents.

(F) There shall be an identification system established and updated, as needed, to ensure that each resident receives

the prescribed diet.

(G) The percentages of consumed meals, supplements and meal replacements ingested shall be observed and recorded in the clinical record at the time of observation.

(2) Menus.

(A) Menus shall be posted, planned, and followed to meet the resident's nutritional needs in accordance with the physician's orders.

(B) The menus shall, to the extent medically possible, be in accordance with the daily recommended dietary allowances of the Food and Nutrition Board of the National Research Council, National Academy of Sciences.

(C) Menus covering all prescribed diets shall be approved, dated, and periodically reviewed by a qualified nutritionist or registered/licensed dietitian. The facility shall maintain a thirty day record of past menus.

(D) The facility shall maintain a file of tested recipes that includes therapeutic alterations for quantity food preparation for menu items.

(e) **Tube feeding.** Tube feeding orders shall be evaluated for nutritional adequacy. The requirements for caloric intake, protein, fluid and percentage of the daily recommended dietary allowances shall be calculated to determine nutritional adequacy.

310:675-9-13. Dishwashing [REVOKED]

[Source: Revoked at 9 Ok Reg 3163, eff 7-1-92 (emergency); Revoked at 10 Ok Reg 1639, eff 6-1-93]

310:675-9-13.1. Food storage, supply and sanitation

(a) Food shall be stored, prepared and served in accordance with Chapter 257 of this Title (relating to food service establishments) with the following additional requirements.

(b) Ice machines available to the residents, or the public, shall be a dispenser type, or have a locking enclosure.

(c) A whole, intact, fruit or vegetable is an approved food source. The food supply shall be sufficient in quantity and variety to prepare menus for three (3) days. Leftovers that are potentially hazardous foods shall be used, or disposed of, within twenty-four (24) hours. Non-potentially hazardous leftovers that have been heated or cooked may be refrigerated for up to forty-eight (48) hours.

(d) Milk, milk products and eggs.

(1) Only grade A pasteurized fluid milk, as defined by the Oklahoma Grade A Milk and Milk Products Act, Title 2 O.S. §7-401 through 2 O.S. §7-421, shall be used for beverage and shall be served directly into a glass from a milk dispenser or container.

(2) Powdered or evaporated milk products approved under the U.S. Department of Health and Human Services' Grade "A" Pasteurized Milk Ordinance (2003 Revision), may be used only as

additives in cooked foods. This does not include the addition of powdered or evaporated milk products to milk or water as a milk for drinking purposes. Powdered or evaporated milk products may be used in instant desserts and whipped products, or for cooking. When foods, in which powdered or evaporated milk has been added, are not cooked, the foods shall be consumed within twenty-four (24) hours.

(3) Milk for drinking shall be stored at a temperature of 41° or below and shall not be stored in a frozen state.

(4) Only clean, whole eggs with shell intact, pasteurized liquid, frozen, dry eggs, egg products and commercially prepared and packaged hard boiled eggs may be used. All eggs shall be thoroughly cooked except pasteurized egg products or pasteurized in-shell eggs may be used in place of pooled eggs or raw or undercooked eggs.

(e) **Applicability.** This section shall only apply to food prepared or served by the facility, within the licensed facility.

310:675-9-31. Influenza and pneumococcal vaccinations

(a) Each facility shall document evidence of the offering of annual vaccination against influenza for each resident and for each employee, in accordance with the Recommendations of the Advisory Committee on Immunization Practices for the Centers for Disease Control and Prevention most recent to the time of vaccination.

(b) Each facility shall document evidence of the offering of vaccination against pneumococcal disease for each resident, in accordance with the Recommendations of the Advisory Committee on Immunization Practices for the Centers for Disease Control and Prevention most recent to the time of vaccination.

(c) The immunizations provided for in this section may be waived because of medical contraindication or may be refused. Documentation of the vaccination, medical contraindication or refusal shall be recorded in the resident's medical or care record. If the resident is not vaccinated, the documentation in the resident record shall include a statement signed by the resident, the resident's representative, or the resident's physician as appropriate.

(d) Attending physicians may establish standing orders for the administration of influenza and pneumococcal immunizations in accordance with the Recommendations of the Advisory Committee on Immunization Practices for the Centers for Disease Control and Prevention most recent to the time of vaccination.

SUBCHAPTER 11. INTERMEDIATE CARE FACILITIES OF 16 BEDS AND LESS FOR INDIVIDUALS WITH INTELLECTUAL DISABILITIES (ICF/IID-16)

310:675-11-1. Scope

This Subchapter is applicable to small facilities serving individuals with intellectual disabilities which provide residential accommodations and transitional living training to aid residents in adapting to live in the general society. Resident accommodations are limited to not more than 16 residents, plus any required "live-in" staff. Facilities qualifying under this subsection shall be exempt from other subsections of this Chapter, except for the definitions provided in 310:675-1-2 and as may be specifically referenced in this subsection. In addition to these requirements, all facilities must meet the provisions of the Nursing Home Care Act.

[Source: Amended at 26 Ok Reg 2059, eff 6-25-09 ; Amended at 36 Ok Reg 1748, eff 9-13-19]

310:675-11-2. Active Treatment

In institutions for individuals with intellectual disabilities, active treatment requires the following:

- (1) The individual's regular participation, in accordance with an individual plan of care, in professionally developed and

supervised activities, experience or therapies.

(2) An individual written plan of care that sets forth measurable goals or objectives stated in terms of desirable behavior and that prescribes an integrated program of activities, experience or therapies necessary for the individual to reach those goals or objectives. The overall purpose of the plan is to help the individual function at the greatest physical, intellectual, social or vocational level he can presently or potentially achieve.

(3) An interdisciplinary professional evaluation that consists of complete medical, social and psychological diagnosis and evaluations and an evaluation of the individual's need for institutional care; and is made by a physician, a social worker and other professionals, at least one of whom is a qualified intellectual disability professional.

(4) Reevaluation medically, socially and psychologically at least annually by the staff involved in carrying out the resident's individual plan of care. This must include review of the individual's progress toward meeting the plan objectives, the appropriateness of the individual plan of care, assessment of the resident's continuing need for institutional care, and consideration of alternate methods of care.

(5) An individual postinstitutionalization plan, as part of the individual plan of care, developed before discharge by a qualified intellectual disability professional and other appropriate professionals. This must include provision for appropriate services, protective supervision, and other follow-up services in the resident's new environment.

(6) Individuals assigned for specific purpose of direct personal care to residents, including those conducting a training program to develop the resident's self-help and socialization skills. Does not include professionals performing duties related to their profession.

[Source: Amended at 36 Ok Reg 1748, eff 9-13-19 ; Amended at 39 Ok Reg 1394, eff 9-11-22]

310:675-11-3. Qualified intellectual disability professional

A person who has specialized training or one (1) year of experience in treating or working with individuals with intellectual disabilities and is one of the following:

(1) A psychologist.

(2) A licensed doctor of medicine or osteopathy.

(3) An educator with a degree in education from an accredited program.

(4) A social worker with a bachelor's degree in:

(A) Social work from an accredited program; or

(B) A field other than social work and at least three (3) years of social work experience under the supervision of a qualified social worker.

(5) A physical or occupational therapist.

(6) A speech pathologist or audiologist.

- (7) A registered nurse.
- (8) A therapeutic recreation specialist who:
 - (A) Is a graduate of an accredited program; and
 - (B) If the State has a licensing or registration procedure, is licensed or registered in the State.
- (9) A rehabilitation counselor who is certified by the Committee of Rehabilitation Counselor Certification.

[Source: Amended at 36 Ok Reg 1748, eff 9-13-19]

310:675-11-4. Occupancy

Residents selected for ICF/IID-16 occupancy shall receive active treatment, and be capable of direction and emergency evacuation from the facility, as determined by a physician or nurse or qualified intellectual disability professional.

[Source: Amended at 36 Ok Reg 1748, eff 9-13-19 ; Amended at 39 Ok Reg 1394, eff 9-11-22]

310:675-11-5. Physical plant

(a) ICF/IID-16 facilities shall be of one hour (minimum) fire resistant construction as approved by the Department and the State Fire Marshal, or shall be fully protected by an automatic sprinkler system approved by the Department and the State Fire Marshal. In addition, ICF/IID-16 facilities shall comply with the requirements of the National Fire Protection Association (NFPA) 101: Life Safety Code, 2012 Edition, adopted in 81 Federal Register 26871 by the Centers for Medicare & Medicaid Services on July 5, 2016 applicable to residential board and care occupancies for small facilities are incorporated by reference. For Medicare or Medicaid certified ICF/IID-16s, the Life Safety Code adopted by the Centers for Medicare & Medicaid Services prevails if there is a conflict between the Life Safety Code and this Chapter.

(b) Prior to issuance of license, the essential operation functions of the physical plant shall be submitted to licensing agency for review and approval. This submittal shall be in such detail as will depict compliance with applicable codes, including emergency evacuation and day to day living accommodations.

(c) Each facility must have a license. Any facility licensed under this part shall consist of contiguous construction.

(1) **Resident rooms.** The following requirements shall be provided:

- (A) Capacity shall be a maximum of four (4) residents.
- (B) Minimum area shall be 80 square feet per occupant in multi-bed rooms and 100 square feet in single bed rooms.
- (C) Each resident shall have a minimum of three square feet of closet or locker space which shall contain at least a clothes rod and one adjustable shelf.

(2) **Service areas.** The following shall be provided:

- (A) Toilet and bathing facilities shall be provided in an arrangement similar to general domestic residential facilities, except that bathrooms combining toilet, lavatory,

tub and/or shower shall be no less than 60 square feet in size.

(B) Bathing and toilet facilities shall be provided on a ratio of one facility for each five residents.

(C) Resident staff offices shall be provided at the facility in sufficient size and number to permit the safe storage and handling of prescription medications used by the individual residents, space for private counseling of residents, space for the business affairs of the ICF/IID-16 to be conducted in private, and space for the maintenance of records pertaining to resident care.

(D) Linen and supply areas shall be provided in a manner which permits the separation of the clean and soiled materials. Clean linen and supplies shall be stored separately from the area in which the soiled materials are collected.

(E) Meal service space shall be provided as follows:

(i) Kitchen. Space for conventional food preparation and baking with sufficient storage for maintaining at least a four day supply of all foods required for a general diet, including cold storage.

(ii) Dining. There shall be 15 square feet per person allocated to permit residents and on-duty staff to dine at the same time.

(iii) Warewashing shall be in accordance with the requirements of the care facilities as stated in Chapter 257 (relating to Food Service Establishments) of this Title.

(F) Housekeeping materials and supplies shall be maintained in a designated area which is apart from the food service and sleeping areas.

(3) **Recreation, lounge and public areas.** Each ICF/IID-16 shall provide interior lounge and recreation space at a rate of no less than 20 square feet per bed. If public visitation areas are included, the lounge and recreation space shall be no less than 25 square feet per bed. Outside recreation lounge areas shall be provided. These areas shall have sufficient lighting to permit utilization after sundown.

(4) **Natural lighting and ventilation of rooms.** All habitable and occupiable rooms or spaces shall contain windows, skylights, monitors, glazed doors, transoms, glass block panels or other light transmitting media opening to the sky or on a public street, yard or court. The light transmitting properties and the area of the devices used shall be adequate to meet the minimum day lighting and ventilating requirements specified herein.

(5) **Window size.** Windows and exterior doors may be used as a natural means of light and ventilation, and when so used their aggregate glass area shall amount to not less than eight percent of the floor area served, and with not less than one half of this required area available for unobstructed ventilation.

[Source: Amended at 26 Ok Reg 2059, eff 6-25-09 ; Amended at 34 Ok Reg 1305, eff 10-1-17 ; Amended at 36 Ok Reg 1748, eff 9-13-19]

310:675-11-5.1. Plans and specifications requirements applicable to ICF/IID-16

The following sections of this Chapter shall apply to ICF/IID-16 facilities: 310:675-5-22 (relating to exceptions and temporary waivers), 310:675-5-23 (relating to submission of plans and specifications and related requests for services), 310:675-5-24 (relating to preparation of plans and specifications) and 310:675-5-25 (relating to self-certification of plans).

[Source: Added at 34 Ok Reg 1305, eff 10-1-17]

310:675-11-6. Institutional and operational relationships

The ICF/IID-16 may be free standing in a community or may be on campus with a parent institution. The ICF/IID-16 may be an independent ownership and operation or may be part of a larger institutional ownership and operation. In any case, however, the ICF/IID-16 may have an effective, continuous relationship with a full scope ICF/IID which allows all necessary support and professional services as well as the expeditious transfer of residents if and when necessary.

[Source: Amended at 36 Ok Reg 1748, eff 9-13-19]

310:675-11-7. Staffing

(a) The ICF/IID-16 shall have available enough qualified staff and support personnel to carry out the residential living, professional and special programs and services for residents as required by their individual needs, and of sufficient size that the facility does not depend on residents or volunteers for services.

(b) Each ICF/IID-16 shall maintain at least the minimum direct-care-staff ratios specified in OAC 310:675-13-12(a).

(c) In living units for the severely impaired client, the present and on duty direct care staff ratio would be:

(1) 1 to 4 from 7:00 a.m. to 3:00 p.m.;

(2) 1 to 4 from 3:00 p.m. to 11:00 p.m.; and

(3) 1 to 8 from 11:00 p.m. to 7:00 a.m.

(d) There should be sufficient dietary, nursing, housekeeping and administrative staff to serve the needs of the facility.

[Source: Amended at 18 Ok Reg 2533, eff 6-25-01 ; Amended at 18 Ok Reg 3599, eff 8-22-01 through 7-14-02 (emergency)¹; Amended at 36 Ok Reg 1748, eff 9-13-19]

Editor's Note: ¹*This emergency action expired without being superseded by a permanent action. Upon expiration of an emergency amendatory action, the last effective permanent text is reinstated. Therefore, on 7-15-02 (after the 7-14-02 expiration of the emergency action), the text of 310:675-11-7 reverted back to the permanent text that*

became effective 6-25-01, as was last published in the 2001 Edition of the OAC and republished in the 2006, 2011 and 2016 Editions of the OAC, and remained as such until amended again by permanent action on 9-13-19.

310:675-11-8. Administration

All sections of Subchapter 7 of this Chapter shall be applicable to the ICF/IID-16 facilities and operations.

[Source: Amended at 26 Ok Reg 2059, eff 6-25-09 ; Amended at 36 Ok Reg 1748, eff 9-13-19]

310:675-11-9. Resident care services

In accordance with the needs of the residents, Subchapter 9 of this Chapter shall be applicable to the 16 ICF/IID-16 .

[Source: Amended at 26 Ok Reg 2059, eff 6-25-09 ; Amended at 36 Ok Reg 1748, eff 9-13-19]

SUBCHAPTER 13. STAFF REQUIREMENTS

310:675-13-1. Required staff

Sufficient, adequately trained staff shall be on duty, twenty-four hours a day, to meet the needs of all residents residing in the facility without regard to the direct staff ratios.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93]

310:675-13-2. Staff orientation

All staff shall complete orientation, and specific training, for their respective responsibilities before working without supervision. Staff shall immediately be oriented to the use and location of fire extinguishers, procedures to be followed in the event of a fire and resident rights.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93]

310:675-13-3. Administrator

- (a) The administrator shall be licensed by the State Board of Examiners for Nursing Home Administrators and has the authority and responsibility for the total operation of the facility, subject only to the policies adopted by the governing authority.
- (b) The facility shall designate a person to act for the administrator during his/her absence. The designated person shall have the authority to exercise normal management responsibilities.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93]

310:675-13-4. Medical director

- (a) The facility shall designate an Oklahoma licensed medical doctor or osteopathic physician to serve as its medical director.

(b) The medical director shall coordinate the medical services within the facility.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93]

310:675-13-5. Nursing service

(a) **General.** The nursing facility shall be organized, staffed, and equipped to provide nursing and health related services to all residents on a continuous basis.

(b) **Licenses.** All licensed nurses shall hold a current license issued by the Oklahoma Board of Nursing.

(c) **Director of nursing**

(1) A registered nurse or licensed practical nurse shall be designated as the director of nursing.

(2) The director of nursing shall be on duty on the day shift and be responsible for all resident care including, but not limited to, the physical, mental, and psycho-social needs. The director of nursing or designee shall be available by telephone when needed by facility staff.

(3) When necessary, the director of nursing may work other than the day shift but for no more than three shifts a week. This exception shall not exceed three consecutive weeks in a three month period.

(d) **Licensed nurses**

(1) The facility shall employ licensed nurses for a sufficient number of hours to meet the residents' needs.

(2) A licensed nurse shall supervise direct care staff and shall direct nursing care for the residents.

(3) The facility shall use licensed practical nurses only for the medical procedures for which they are trained.

(e) **Consultant registered nurse**

(1) If the director of nurses is a licensed practical nurse, a registered nurse shall be employed for at least eight hours per week as a consultant.

(2) A consultant registered nurse shall evaluate and consult with the director of nursing concerning residents' needs and shall coordinate the assessment and care plan of each resident.

(3) A consultant registered nurse's visit shall document the date and the hours spent in consultation. The documentation shall be signed and reviewed by the director of nursing.

(f) **Certified medication aide**

(1) Each medication aide shall be a certified nurse aide who has passed a Department approved medication administration program.

(2) A graduate nurse or a graduate practical nurse, who has not yet been licensed, may administer medications if the nurse has passed an approved competency test for medication administration.

(3) A certified medication aide may administer physician ordered medications and treatments under the direction of a licensed

nurse.

(4) The facility shall have a licensed nurse or physician on-call to handle medical emergencies. The charge person shall notify the designated person when a medical emergency arises.

(5) A certified medication aide shall complete eight hours of continuing education a year that is approved by the Department.

(g) Nurse aide

(1) No facility shall use, on a full-time basis, any person as a nurse aide for more than 120 days unless that person is enrolled in a training program.

(2) No facility shall use, on a temporary, per diem, or other basis, any person as a nurse aide unless the individual is listed on the Department's nurse aide registry.

(3) The facility shall contact the Department's nurse aide registry prior to employing a nurse aide to determine if the person is listed on the registry, and if there is any record of abuse, neglect, or misappropriation of resident property.

(h) Nursing students. Facilities participating in a state approved nursing education program may allow nursing students to administer medications to residents. The facility shall have a written agreement with the nursing education program. The agreement shall specify the scope of activities, education level, and required supervision. The facility shall maintain a current roster of nursing students in the program. Details about the program and its operation within the facility shall be included in the facility's policy and procedure manual.

(i) Inservice. The facility shall provide all direct care staff with two hours of inservice training specific to their job assignment per month. This training shall include, at least, the following:

(1) Fire safety and first aid classes semi-annually.

(2) Resident rights and resident adjustment to institutional life annually.

(3) Cardiopulmonary resuscitation and Heimlich maneuver procedures annually.

(4) All supervisory staff shall receive training in regards to applicable local, state, and federal regulations governing the facility.

(5) Each staff person shall be provided training in pain recognition at the time of orientation and at least once a year thereafter.

(6) Each certified nurse aide shall be provided training in pain screening at the time of orientation and at least once every year thereafter.

(7) Each licensed practical nurse shall be provided training in pain screening and pain management at the time of orientation and at least once every year thereafter.

(8) Each registered nurse shall be provided training in pain assessment and pain management at the time of orientation and at least once every year thereafter.

310:675-13-6. Registered/licensed dietician or qualified nutritionist

(a) The facility shall have a registered/licensed dietician or qualified nutritionist to sufficiently meet the needs of all residents. The registered/licensed dietician or qualified nutritionist shall consult with the food service supervisor, director of nursing, administrator and physicians.

(b) The registered/licensed dietician or qualified nutritionist shall supervise and direct the residents' nutritional care, advise and consult with appropriate staff, and provide inservice training for food service personnel and direct care staff.

(c) A qualified nutritionist shall complete eight hours of continuing education a year approved by the Department.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93]

310:675-13-7. Food service staff

(a) Food service supervisor.

(1) The food service supervisor shall be responsible for all aspects of food service preparation and delivery. The food service supervisor may serve only one facility. The food service supervisor hours shall be sufficient to meet the residents' needs.

(2) The food service supervisor shall complete certification as a dietary manager within three (3) years of beginning employment.

(3) The food service supervisor shall complete, and maintain continuous, ServeSafe food safety certification, or a Department approved alternative, within ninety (90) days of beginning employment.

(b) Food service staff.

(1) The facility shall have food service staff on duty sufficient to meet the residents' needs. There shall be at least one (1) hour of food service staff per three (3) residents, a day based on the daily census.

(2) The food service staff shall complete a basic orientation program before working in the food service area. This orientation shall include, but not be limited to: fire and safety precautions, infection control, and sanitary food handling practices.

(3) Each food service staff member shall successfully complete a food service training program offered or approved by the Department within ninety (90) days of beginning employment. Food service training shall be renewed as required by the authorized training program.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93 ; Amended at 24 Ok Reg 2030, eff 6-25-07 ¹; Amended at 25 Ok Reg 2482, eff 7-11-08]

Editor's Note: ¹ See Editor's Note at beginning of this Chapter.

310:675-13-8. Activities personnel

(a) The facility shall have sufficient, trained activities program staff, on duty, to meet the resident's needs. There shall be at least twenty hours per week of designated activity staff.

(b) The activities director shall be qualified by training, or experience, under one of the following:

- (1) An associate degree or a baccalaureate from an accredited university or college in art, music, physical education, recreational therapy, education, or similar program.
- (2) A licensed occupational therapist or an occupational therapy assistant.
- (3) Successful completion of a Department approved training course.
- (4) One year experience in a recreational activity or long term care environment, and is enrolled within 180 days of employment, in a Department approved course for activities directors.

(c) **Department approval of activities director course.** Any person or entity seeking to conduct an approved activities director-qualifying course pursuant to 310:675-13-8(b)(3) (pertaining to successful completion of a department approved course) shall make application to the Department.

(1) **Application Content.** Applications shall include the following information:

- (A) Name and address of the individual or entity applying to sponsor the course;
- (B) Contact person and his or her address, telephone number and fax number;
- (C) Course outlines, which list the summarized topics covered in the course and the time allotted for each topic and, upon request, a copy of any course materials;
- (D) Information as to how the proposed course meets the course content standard provided in Section 310:675-13-8(c)(9);
- (E) A sample certificate of completion;
- (F) Procedures for monitoring attendance; and
- (G) Procedures for evaluating successful course completion.

(2) **Application Review.** The Department shall complete review of the application within thirty (30) calendar days. If the Department finds the application has not addressed all requirements in 310:675-13-8(c)(1) (relating to application content) written notice shall be provided detailing the requirements not met and providing opportunity for amendment to the application.

(3) **Program affiliation.** Training shall be provided through a program sponsored or approved by a nationally affiliated association of providers subject to this chapter, regionally accredited institution of higher learning, Oklahoma career technology center, or nationally recognized professional accrediting body for activity professionals.

(4) **Loss of approval.** The Department may, upon notice and right to hearing, withhold or withdraw approval of any course for violation of or non-compliance with any provision of this section.

(5) **Advertisement.** No person or entity sponsoring or conducting a course shall advertise that it is endorsed, recommended, or accredited by the Department. Nor shall any person or entity sponsoring or conducting a course advertise or advise program participants that completion of the program grants a certification. Such person or entity may indicate that the Department has approved the course to qualify for employment as an activities director.

(6) **Failure to prepare.** The Department may, upon notice and right to hearing, decline to renew, or revoke the approval of, any previously approved course upon a showing or demonstration that the course, instructor or entity has substantially failed to adequately prepare its attendees or participants as activity directors.

(7) **Instructor requirements.** Instructors shall have a degree or substantial recent experience in the subject matter being taught, or other educational, teaching, or professional qualifications determined by the course provider.

(8) **Course content.** The course shall address the following content:

(A) The guidance and regulations for activities as detailed in the Centers for Medicare and Medicaid Services, State Operations Manual, Appendix PP - Guidance to Surveyors for Long Term Care Facilities and the Code of Federal Regulations at CFR § 483.15(f);

(B) Oklahoma regulation for activity services as specified at OAC 310:675-9-10.1;

(C) Resident rights as detailed in state and federal statute and regulation;

(D) State and federal statute and regulation for resident protection from abuse, neglect and misappropriation;

(E) Working with volunteers and the community to enhance activity options;

(F) Specialized programming for Alzheimer's and related dementias;

(G) Role play or actual experience in leading group and one-on-one activities programming;

(H) Issues in aging; and,

(I) Infection Control.

(J) Where course content is delivered through Internet or other self-directed media, course content shall include not less than twelve (12) hours of role play or actual experience in leading group and one-on-one activities programming.

(9) **Duration.** The approved course will consist of not less than twenty-four (24) hours of instruction. A course taught in combination with social services director training may share eight (8) hours of programming.

(10) **Certificate.** Participants shall be issued a certificate of attendance indicating the name of the sponsoring entity; participant name; course name; course dates; printed name and signature of official representing the sponsoring entity.

(11) **Course approval expires.** Course approval shall be for a period of three (3) years from the date of approval issuance. In the interest of updated curriculum, reflecting the latest best practice, a new application, and curriculum review are required triennially. Currently approved training programs shall apply under this section within twelve (12) months of the effective date of this rule.

(12) **Continuing education.** This section creates no obligation for continuing education beyond requirements specified otherwise in this Chapter. The Department will not approve continuing education or update courses for activity directors.

(13) **Records retention.** The course sponsor shall maintain course records for at least five (5) years. The Department may order an examination of the records for good cause shown.

(14) **Fee.** A non-refundable application fee of one hundred dollars (\$100) shall be included with each application for course approval.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93 ; Amended at 26 Ok Reg 2059, eff 6-25-09]

310:675-13-9. Social services personnel

(a) The facility shall provide sufficient, trained social services staff to meet the resident's needs. There shall be at least thirty (30) minutes per resident a week of designated social service staff based on the daily census. The facility shall have at least twenty (20) hours per week, of designated social service staff, regardless of the number of residents.

(b) The social services director shall be qualified by training, or experience, under one of the following:

(1) A baccalaureate, from an accredited college or university, in social work or in a human services field including, but not limited to, sociology, special education, rehabilitation, counseling or psychology.

(2) Successful completion of the Department approved training course.

(3) One year experience in social work or long term care environment, and is enrolled within 180 days of employment, in a course approved by the Department.

(c) **Department approval of social services director course.** Any person or entity seeking to conduct an approved social services director-qualifying course pursuant to 310:675-13-9(b)(2) (pertaining to successful completion of a department approved course) shall make application to the Department.

(1) **Application Content.** Applications shall include the following information:

(A) Name and address of the individual or entity applying to sponsor the course;

- (B) Contact person and his or her address, telephone number and fax number;
- (C) Course outlines, which list the summarized topics covered in the course and the time allotted for each topic and, upon request, a copy of any course materials;
- (D) Information as to how the proposed course meets the course content standard provided in Section 310:675-13-(c)(9);
- (E) A sample certificate of completion;
- (F) Procedures for monitoring attendance; and
- (G) Procedures for evaluating successful course completion.

(2) **Application Review.** The Department shall complete review of the application within thirty (30) calendar days. If the Department finds the application has not addressed all requirements in 310:675-13-9(c)(1) (relating to application content) written notice shall be provided detailing the requirements not met and providing opportunity for amendment to the application.

(3) **Program affiliation.** Training shall be provided through a program sponsored or approved by a nationally affiliated association of providers subject to this chapter, regionally accredited institution of higher learning, Oklahoma career technology center, or nationally recognized professional accrediting body for activity professionals.

(4) **Loss of approval.** The Department may, upon notice and right to hearing, withhold or withdraw approval of any course for violation of or non-compliance with any provision of this section.

(5) **Advertisement.** No person or entity sponsoring or conducting a course shall advertise that it is endorsed, recommended, or accredited by the Department. Nor shall any person or entity sponsoring or conducting a course advertise or advise program participants that completion of the program grants a certification. Such person or entity may indicate that the Department has approved the course to qualify for employment as a social services director.

(6) **Failure to prepare.** The Department may, upon notice and right to hearing, decline to renew, or revoke the approval of, any previously approved course upon a showing or demonstration that the course, instructor or entity has substantially failed to adequately prepare its attendees or participants as activity directors.

(7) **Instructor requirements.** Instructors shall have a degree or substantial recent experience in the subject matter being taught, or other educational, teaching, or professional qualifications determined by the course provider.

(8) **Course content.** The course shall address the following content:

- (A) The guidance and regulations for social services as detailed in the Centers for Medicare and Medicaid Services, State Operations Manual, Appendix PP -

Guidance to Surveyors for Long Term Care Facilities and the Code of Federal Regulations at CFR § 483.15(g);
(B) Oklahoma regulation for social services as specified at OAC 310:675-9-11.1;
(C) Resident rights as detailed in state and federal statute and regulation;
(D) State and federal statute and regulation for resident protection from abuse, neglect and misappropriation;
(E) Alzheimer's and social services;
(F) Issues in Aging; and
(E) Ombudsman services.

(9) **Duration.** The approved course will consist of not less than twenty-four (24) hours of instruction. A course taught in combination with activity director training may share eight (8) hours of programming.

(10) **Certificate.** Participants shall be issued a certificate of attendance indicating the name of the sponsoring entity; participant name; course name; course dates; printed name and signature of official representing the sponsoring entity.

(11) **Course approval expires.** Course approval shall be for a period of three (3) years from the date of approval issuance. In the interest of updated curriculum, reflecting the latest best practice, a new application, and curriculum review are required triennially. Currently approved training programs shall apply under this section within twelve (12) months of the effective date of this rule.

(12) **Continuing education.** This section creates no obligation for continuing education beyond requirements specified otherwise in this Chapter. The Department will not approve continuing education or update courses.

(13) **Records retention.** The course sponsor shall maintain course records for at least five (5) years. The Department may order an examination of the records for good cause shown.

(14) **Fee.** A non-refundable application fee of one hundred dollars (\$100) shall be included with each application for course approval.

310:675-13-10. Maintenance personnel

- (a) The facility shall employ maintenance staff to maintain the facility and equipment in safe working condition.
- (b) Maintenance services may be provided by staff or by a contract. If services are provided by a contract, the facility shall designate an employee to coordinate the maintenance services.
- (c) Each person who provides maintenance services shall have a current license from the state or political subdivision if required to provide such service.
- (d) The maintenance staff shall complete one hour of inservice each quarter relevant to maintenance services.

[Source: Added at 9 Ok Reg 3163, eff 7-1-92 (emergency); Added at 10 Ok Reg 1639, eff 6-1-93]

310:675-13-11. Housekeeping personnel

- (a) The facility shall employ housekeeping staff in sufficient numbers to maintain the facility in a safe and sanitary manner.
- (b) Housekeeping personnel shall receive effective supervision, orientation and training.
- (c) Housekeeping personnel shall be skilled in the six basic functions of sweeping, mopping, dusting, cleaning, waxing, and polishing.
- (d) The housekeeping staff shall complete one hour of inservice per quarter about housekeeping practices.

310:675-13-12. Direct care staffing

- (a) Each facility shall maintain at least the minimum direct-care-staff-to-resident ratios specified in the Act at 63:1-1925.2.
- (b) A licensed nurse shall be on duty eight hours a day, seven days a week on the day shift.
- (c) If the director of nursing is a licensed practical nurse, a registered nurse shall be employed for at least eight hours per week as a consultant.
- (d) There shall be a licensed nurse on duty twenty-four hours per day; provided however, that a facility licensed as a specialized facility for individuals with intellectual disabilities shall only be required to provide 24 hour nursing when it has a resident who has a medical care plan. The department may waive this requirement when the facility demonstrates it has been unable, despite diligent effort, to recruit licensed nurses. The Department shall determine that a waiver of this requirement will not endanger the health or safety of the residents.
- (e) There shall be at least one certified medication aide on duty when any shift is not covered by a licensed nurse.
- (f) At least two direct care staff persons shall be on duty and awake at all times regardless of the number of residents.
- (g) Willful violation of the requirements regarding direct-care staff shall be determined based on a review of facility staffing records and interviews with staff, residents, resident family members and/or guardians, and other parties which may have information relevant to the investigation. The determination by the Department of Health will

include, but will not be limited to, the following factors:

- (1) The nature, circumstances and gravity of the violations;
- (2) The repetitive nature of the violations at the facility or others operated by the same or related entities;
- (3) The previous degree of difficulty in obtaining compliance with the rules at the facility or others operated by the same or related entities; and
- (4) Any substantial showing of good faith in attempting to achieve continuing compliance with the provisions of the Nursing Home Care Act.

Editor's Note: ¹*This emergency action expired without being superseded by a permanent action. Upon expiration of an emergency amendatory action, the last effective permanent text is reinstated. Therefore, on 7-15-02 (after the 7-14-02 expiration of the emergency action), the text of 310:675-13-12 reverted back to the permanent text that became effective 6-25-01, as was last published in the 2001 Edition of the OAC, and remained as such until amended by permanent action on 7-11-03.*

310:675-13-13. Assignment of deficiency to staff shortages [EXPIRED]

[Source: Added at 18 Ok Reg 3599, eff 8-22-01 through 7-14-02 (emergency)¹]

Editor's Note: ¹*This emergency action expired without being superseded by a permanent action. Upon expiration of an emergency action enacting a new Section, the Section is no longer effective. Therefore, on 7-15-02 (after the 7-14-02 expiration of the emergency action), Section 310:675-13-13 was no longer effective. For the official text of the emergency rule that was in effect from 8-22-01 through 7-14-02, see 18 Ok Reg 3599.*

310:675-13-14. Twenty-four-hour-based staff-scheduling and eligibility requirements

(a) **Implementing twenty-four-hour-based staff scheduling.** Nursing facilities subject to the Nursing Home Care Act and Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICFs/IID) with seventeen or more beds may implement twenty-four-hour-based staff scheduling consistent with the requirements established by law at 63 O.S. 1-1925.2(B)(5).

(b) **Loss of twenty-four-hour-based staffing privileges.** The Department shall require a facility to maintain the shift based staff-to-resident ratios provided in 63 O.S. 1-1925(B)(3), if the facility has been determined by the Department to meet the disqualifying criteria in 63

O.S. 1-1925.2(B)(6), relating to staffing levels, fraudulent Quality of Care reports, or findings of substandard quality of care as a result of insufficient staffing. For intermediate care facilities for individuals with intellectual disabilities, loss of eligibility shall include findings of non-compliance with the Condition of Participation at 42 CFR 483.430 (2011), Facility Staffing.

(c) **Eligibility requirements following loss of twenty-four-hour-based staffing.** Prior to a facility resuming eligibility for twenty-four-hour-based staffing privileges, the Department shall require that the facility maintain the shift-based, staff-to-resident ratios in 63 O.S. 1-1925.2(B)(3) for at least three (3) months and has corrected any deficiency described in (b) of this section.

(d) **Right to Appeal.** *Facilities shall have the right to appeal and to the informal dispute resolution process with regard to penalties and sanctions imposed due to staffing noncompliance.* [63:1-1925.2(E)].

(e) **Quality of Care Report Requirement.** Staffing hours reported to the Oklahoma Health Care Authority shall be submitted electronically through OHCA's Quality of Care (QOC) portal.

(f) **Twenty-four-hour-based staffing in intermediate care facilities for individuals with intellectual disabilities (ICFs/IIDs) with sixteen or less beds.** ICFs/IIDs with sixteen or less beds shall be authorized to use the twenty-four-hour-based staffing requirements specified in (c) and (d) of 42 CFR 483.430 (2011).

(g)

Shift-based ratios for noncompliant facilities. This paragraph implements 63:1-1925.2(F)(4).

(1) When the provisions of 63:1-1925.2(F)(1) are in effect, pursuant to 63:1-1925.2(B)(7), the following minimum direct-care-staff-to-resident ratios for non-compliant facilities shall apply in addition to other state and federal requirements related to the staffing of nursing facilities:

(A) From 7:00 a.m. to 3:00 p.m., one direct-care staff to every five residents,

(B) From 3:00 p.m. to 11:00 p.m., one direct-care staff to every seven residents, and

(C) From 11:00 p.m. to 7:00 a.m., one direct-care staff to every thirteen residents.

(2) When the provisions of 63:1-1925.2(F)(2) are in effect, pursuant to 63:1-1925.2(B)(7), the following minimum direct-care-staff-to-resident ratios for non-compliant facilities shall apply in addition to other state and federal requirements related to the staffing of nursing facilities:

(A) From 7:00 a.m. to 3:00 p.m., one direct-care staff to every five residents,

(B) From 3:00 p.m. to 11:00 p.m., one direct-care staff to every six residents, and

(C) From 11:00 p.m. to 7:00 a.m., one direct-care staff to every eleven residents.

(3) When the provisions of 63:1-1925.2(F)(3) are in effect, pursuant to 63:1-1925.2(B)(7), the following minimum direct-care-staff-to-resident ratios for non-compliant facilities shall apply in

addition to other state and federal requirements related to the staffing of nursing facilities:

- (A) From 7:00 a.m. to 3:00 p.m., one direct-care staff to every four residents,
- (B) From 3:00 p.m. to 11:00 p.m., one direct-care staff to every six residents, and
- (C) From 11:00 p.m. to 7:00 a.m., one direct-care staff to every eleven residents.

SUBCHAPTER 15. TEMPORARY MANAGER OR RECEIVER

310:675-15-1. Qualifications

To be qualified as a temporary manager, any individual involved shall:

- (1) be at least twenty-one (21) years of age;
- (2) Meet the requirements for certificate of need as specified in 63 O.S. § 1-853 and in OAC 310:4-1-7.1;
- (3) have never been convicted of a felony that would have a bearing on the operation of a facility or any offense involving dishonesty or any crime as listed in 63 O.S. §1-1950.1;
- (4) have never been disciplined for misconduct by any licensing board or professional society in any state;
- (5) have no financial interest, either direct or through an immediate family member as detailed in OAC 310:675-15-2(a)(6), in the facility proposed to be managed;
- (6) have not served within the past two (2) years as a member of the staff or as an owner of the facility proposed to be managed, or as an employee of the owner of the facility proposed to be managed; and
- (7) be an Oklahoma licensed nursing home administrator or employ an Oklahoma licensed nursing home administrator.

[Source: Added at 13 Ok Reg 2511, eff 6-27-96 ; Amended at 19 Ok Reg 524, eff 1-3-02 (emergency); Amended at 19 Ok Reg 2099, eff 6-27-02]

310:675-15-2. Temporary manager list

(a) Any person may apply to be a qualified temporary manager by filing a written request with the Department. The request shall be made on a form published by the Department that shall require information sufficient to establish the person's or corporation's qualifications, including:

- (1) age of each person with a controlling interest;
- (2) education of each person with a controlling interest;
- (3) names and locations of facilities with which the person or corporation has been involved, dates of involvement and

descriptions of responsibilities and duties and specific deficiencies which required significant corrections in a timely or emergency manner;

(4) disclosure of any felony conviction of each person to work in the facility or be responsible for resident or facility funds, regardless of whether or not the person believes the conviction bears on the operation of a facility and submission of the results of a check, conducted no more than thirty (30) days prior to application, of criminal arrest records maintained by the Oklahoma State Bureau of Investigation;

(5) disclosure of any disciplinary action against any person who will provide services to the facility by any licensing board or professional society in any state;

(6) disclosure of any financial interest in any facility in Oklahoma on the part of the proposed manager or the manager's immediate family, including the manager's husband or wife, child or sibling, stepparent, stepchild, stepbrother or stepsister, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, grandparent or grandchild or of any other person who will provide services to the facility;

(7) the Oklahoma nursing home administrator's license number of the manager or the nursing home administrator to be employed;

(8) a list of any person who will work at the facility along with their qualifications and information as listed above;

(9) a statement of the expected involvement in the operation of the facility of each principal, including an estimate of the amount of time that will be spent by each principal at the facility and the services to be provided by you or your company as part of the temporary manager fee or as additional costs to the facility;

(10) the basis on which the amount of the fee will be calculated;

(11) an attestation to the truthfulness of the information submitted; and

(12) the address, telephone number, fax number, and email address for contacting the temporary manager at all times.

(b) Within thirty (30) days after receipt of the complete request, the Commissioner shall approve or deny the person's request to be included on the temporary manager list. The criteria for approval to serve as a temporary manager shall be:

(1) Evaluation of the information submitted and the requirements of the temporary manager program as specified in OAC 310:675-15-1;

(2) If the applicant has operated a facility, the operational history of the applicant;

(3) If the applicant has served as a temporary manager anywhere in the United States, the operational history of any managership;

(4) The history of the applicant in complying with orders of the Department or Commissioner or those of other states or the federal government or a final order of a court of record.

(c) The approval or denial of inclusion on the list of temporary managers is a discretionary function and does not create any rights to due process for the applicant.

- (d) The Commissioner shall specify the reasons the applicant is disqualified from managing any facility.
- (e) No former employee of the Department shall be eligible to serve as a temporary manager or be employed by a temporary manager until at least twelve (12) months has passed since the termination of that employment. The circumstances of that termination shall be considered in the review of the application.
- (f) No person who has been convicted of any crime listed in 63 O.S. §1-1950.1 shall be appointed as a temporary manager nor shall any such person be an employee of a temporary manager or work for the temporary manager in the service of the facility.
- (g) Placement of a person or corporation on the temporary manager list does not ensure that that entity will ever be appointed. Placement on the list of temporary managers does not create a right to appointment.

[Source: Added at 13 Ok Reg 2511, eff 6-27-96 ; Amended at 18 Ok Reg 2533, eff 6-25-01 ; Amended at 19 Ok Reg 524, eff 1-3-02 (emergency); Amended at 19 Ok Reg 2099, eff 6-27-02]

310:675-15-3. Power and duties of temporary manager

- (a) The temporary manager shall have the power and duty to:
 - (1) be oriented to the facility's conditions, including uncorrected deficiencies;
 - (2) hire, terminate, or reassign staff;
 - (3) obligate facility funds;
 - (4) alter facility procedures;
 - (5) manage the facility in order to correct deficiencies in the facility's operation;
 - (6) assure health and safety of the facility's residents while corrections are being made;
 - (7) oversee the facility's orderly closure, if necessary;
 - (8) maintain confidentiality of facility information; and
 - (9) Pay all usual and customary operating expenses incurred during the managership in an orderly business fashion.
- (b) A temporary manager shall not:
 - (1) Commingle the funds of one facility with the funds of another;
 - (2) Loan the funds derived from the operation of the facility;
 - (3) Contract with any entity in which he has any ownership interest or in which he serves as an officer or director or in which a person related to him by blood or marriage has an ownership interest or in which the family member serves as an officer or director unless the Commissioner reviews and approves the contract as on common terms within the industry; or
 - (4) Use a method of accounting other than the accrual method unless approved in advance in writing by the Commissioner. The temporary manager's use of any other accounting method not approved by the Commissioner is a material breach of the temporary manager's fiduciary duty.
- (c) The temporary manager shall report to the Commissioner on a monthly basis as specified in OAC 310:675-15-12. The report shall include at least the following:

- (1) Resident census and staffing levels at the facility during the last month;
 - (2) A statement of income and expenses during the last month using the accrual method of accounting, unless the Commissioner approves the use of another accounting method;
 - (3) A financial statement of the residents' trust funds;
 - (4) A list of all persons provided to the facility by the temporary manager and, if any were not included in the original application, current information as required in OAC 310:675-15-1;
 - (5) Any changes needed in the approved work plan; and
 - (6) The specific number of hours the temporary manager and each person employed by the temporary manager was in the facility and a list of the services provided to the facility.
- (d) The temporary manager shall provide a preliminary work plan to the Department within 5 business days of assuming control of the facility and a final plan within 14 days. The Department shall review the plan and make any recommended changes at the first status conference.
- (e) The temporary manager shall contract with the owner of the building and the licensee in which the facility is being operated. Those contract(s) shall be presented at the first status conference. The Department shall have the opportunity to evaluate the contract and make suggestions. The Commissioner must approve or reject the contract by the second status conference.
- (f) If immediate jeopardy exists in the facility, the first status conference shall be conducted on or before the fourteenth day of control by the temporary manager.
- (g) In using the accrual method of accounting, the temporary manager shall recognize revenue in the period earned whether actually received or not. Additionally, the temporary manager shall recognize expenses when incurred and matched with the related revenue of the period, whether such expenses are actually paid or not.

[Source: Added at 13 Ok Reg 2511, eff 6-27-96 ; Amended at 19 Ok Reg 524, eff 1-3-02 (emergency); Amended at 19 Ok Reg 2099, eff 6-27-02 ; Amended at 20 Ok Reg 2399, eff 7-11-03]

310:675-15-3.1. Advance of funds to temporary manager

- (a) A temporary manager appointed by the Commissioner may request an advance of funds from the Department pursuant to 63 O.S. Supp. 2005 Section 1-1914.2(G) to assist in the continuation of care to facility residents if sufficient funds are not available from other sources. Continuation of care to facility residents may include closure of the facility and transfer of residents to another facility.
- (b) The temporary manager shall submit the request for an advance of funds to the Department on the form described in (c) of this section. The request shall include a demonstration to the Commissioner's satisfaction that funds are needed but not available from sources including but not limited to:
- (1) The facility's owner;
 - (2) Revenues due from residents and third-party payers, including Medicare and Medicaid revenues; and
 - (3) The facility's operating accounts.

- (c) The application form for request of funds shall require the following:
- (1) Documentation that the temporary manager has attempted to secure funds from other sources, including documentation showing that the temporary manager has made a funding request to the facility's owner;
 - (2) Projections of the funds needed to support the facility's operations based on information reasonably available to the temporary manager such as the facility's financial records and/or cost reports filed with third-party payers;
 - (3) An affidavit to be completed by the temporary manager if the owner fails to provide funds to the temporary manager as required by order of the Commissioner; and
 - (4) A statement to be signed under oath by the temporary manager that the information provided in the application is true and complete.
- (d) Upon receipt of a completed application that demonstrates to the Commissioner's satisfaction the unavailability of sufficient funds from other sources, the Commissioner shall issue a written order with the following provisions:
- (1) Direction to the facility owner to respond to the Department in writing and to make funds available to the temporary manager within 48 hours of issuance of the order;
 - (2) Notice to the facility owner that the owner's failure to provide sufficient funds shall result in action against the owner under the Nursing Home Care Act to suspend, revoke, and/or refuse to issue or renew the facility's license, and to impose an administrative penalty;
 - (3) Notice to the facility owner of the provision in 63 O.S. Supp. Section 1-1914.2(G) that such advances by the Department if not repaid in full shall constitute a lien against any and all assets of the owner; and
 - (4) Direction to the temporary manager to advise the Department immediately if funds are provided as required by the facility owner, and/or to submit to the Department the completed and sworn form confirming that funds were not provided to the temporary manager as ordered in (f)(1) of this section.
- (e) If the Commissioner determines that the Department will advance funds to the temporary manager, the amount of funds advanced by the Department shall not exceed one month of projected operating expenses for the facility.
- (f) The temporary manager shall notify the Department within 24 hours after a change in the information presented in the application, including changes in the operating budget or in the availability of funds from other sources.
- (g) The advance of funds pursuant to this section is solely at the discretion of the Commissioner. The request may be denied for reasons including but not limited to the Commissioner's assessment that the Department does not have discretionary funds adequate to support the request, that other funding sources are available to the temporary manager, or that the funds are not needed to support operation of the facility. The temporary manager has no right to funds from the

Department.

[Source: Added at 23 Ok Reg 2415, eff 6-25-06]

310:675-15-4. Conditions for a temporary manager

(a) The owner of the building and the licensee of a facility which is placed under a temporary manager shall:

- (1) relinquish control of the facility and the building, equipment, food and supplies to the temporary manager which makes the temporary manager an agent of the licensee;
- (2) not attempt to retain final authority to approve personnel changes or expenditures of facility funds; and
- (3) give the temporary manager access to all facility financial accounts, including access to Medicare and Medicaid receipts and resident trust funds.

(b) The owner of the building and the licensee shall contract with the temporary manager subject to the approval of the Department. The contract(s) shall include the method by which the temporary manager shall be paid for particular services, the use of facility funds by the temporary manager for the cost incurred for operation of the facility and payment to the building owner for use of the building as a usual cost of operation of a facility.

(c) Should an existing lease be cancelled by the owner of the building, the owner shall contract with the temporary manager for use of the facility on terms not to exceed the original lease.

(d) Should a licensee be unable to contract with the temporary manager, the owner of the building will be asked to contract with the temporary manager for operations of the facility. The licensee and any individual owners of the licensee remain responsible for any liability incurred in the operation of the facility. If the temporary manager cannot contract with the licensee or owner of the facility, the temporary manager shall move to close the facility following the procedures established otherwise in this Chapter.

[Source: Added at 13 Ok Reg 2511, eff 6-27-96 ; Amended at 19 Ok Reg 524, eff 1-3-02 (emergency); Amended at 19 Ok Reg 2099, eff 6-27-02]

310:675-15-5. Notice of placing a temporary manager

(a) Before placing a temporary manager in a facility, the Department shall give the owner of the building and the licensee, if different, advance written notice of intent as follows:

- (1) fifteen (15) days notice if residents have experienced widespread actual harm but are not in immediate jeopardy; or
- (2) two (2) days notice if residents are in immediate jeopardy; or
- (3) two (2) days notice if the facility is operating without a license.

(b) If the Commissioner determines that conditions at a facility represent immediate jeopardy to residents and that the notice required in (a) of this section is likely to result in irreparable harm to residents, the Commissioner shall declare an emergency and appoint a temporary manager without prior notice to the owner of the building or the licensee. Upon appointing a temporary manager without prior notice, the

Commissioner shall notify the owner of the building and the licensee of the right to a hearing as provided in 63 O.S. Section 1-1914.2(B) and (C).
(c) Written notice shall also be given to the Oklahoma Health Care Authority.

[Source: Added at 13 Ok Reg 2511, eff 6-27-96 ; Amended at 18 Ok Reg 2533, eff 6-25-01 ; Amended at 19 Ok Reg 524, eff 1-3-02 (emergency); Amended at 19 Ok Reg 2099, eff 6-27-02]

310:675-15-6. Procedures for appointing qualified temporary managers

(a) Prior to appointing a temporary manager, the Commissioner shall serve a written notice and request for information to be sent by facsimile or electronic mail to each qualified temporary manager, to include:

- (1) A statement of the size, location and current occupancy of the facility, and a general statement of the anticipated justification for appointing a temporary manager;
- (2) A request for confirmation of the temporary manager's current availability to accept appointment;
- (3) A request for confirmation of the temporary manager's lack of financial interest in the facility, in other facilities operated by the same entity that operated the facility to be managed, or in any entity related to the entity that operated the facility to be managed; and
- (4) A deadline for reply from each potential temporary manager.

(b) The potential temporary manager shall reply by the date and time specified on the notice and shall include all information requested in the notice. The Department may give short notice in the case of an emergency and the temporary manager may be required to take over a facility in less than 24 hours. This information shall be included in the notice of pending appointment.

(c) The decision of the Commissioner and Department to appoint a specific temporary manager is a discretionary decision and does not create any individual rights including the right to an administrative hearing or appeal of that decision.

[Source: Added at 18 Ok Reg 2533, eff 6-25-01 ; Amended at 19 Ok Reg 524, eff 1-3-02 (emergency); Amended at 19 Ok Reg 2099, eff 6-27-02]

310:675-15-7. Criteria for appointment

The Commissioner shall not appoint a temporary manager to a facility unless the Commissioner determines in writing that:

- (1) The temporary manager has submitted a complete application as required in OAC 310:675-15-2;
- (2) The temporary manager meets all qualifications required in OAC 310:675-15-1;
- (3) The temporary manager has the requisite resources to provide for the continued protection of the health and safety of all residents of the facility;
- (4) The temporary manager has not been given undue preference in the appointment, taking into consideration the length of time since the qualified temporary manager was last appointed relative

- to the appointments of other temporary managers; and
- (5) If the temporary manager is a corporation it has:
- (A) Disclosed for all the persons with a controlling interest, officers and directors of the corporation in the application along with the information required for each individual in 310:15-1-1;
 - (B) Disclosed a list of all persons who will serve in the facility as part of the services provided by or through the temporary manager along with attestation that each person serving in the facility meets the qualification in 310:675-15-1(a)(1), (3), (4), (5) & (7) above; and
 - (C) Provided evidence of the experience of the corporation and the team in providing services to a facility in danger of decertification or loss of license.

[Source: Added at 18 Ok Reg 2533, eff 6-25-01 ; Amended at 19 Ok Reg 524, eff 1-3-02 (emergency); Amended at 19 Ok Reg 2099, eff 6-27-02]

310:675-15-8. Procedures for appointment

- (a) Prior to appointing a temporary manager the Department shall contact the Office of the Long Term Care Ombudsman to advise of the likely appointment, and to request information from that office concerning the temporary manager's record of involvement with the Ombudsman.
- (b) Failure of the Office of the Long Term Care Ombudsman to respond by the deadline shall not prohibit the Commissioner from appointing the temporary manager.
- (c) The Department shall comply with applicable requirements in 42 CFR Sections 488.410, 488.415 and 488.424 when appointing a temporary manager to correct deficiencies or remove an immediate jeopardy to resident health or safety in a facility pursuant to Title XVIII or XIX of the Social Security Act.

[Source: Added at 18 Ok Reg 2533, eff 6-25-01 ; Amended at 19 Ok Reg 524, eff 1-3-02 (emergency); Amended at 19 Ok Reg 2099, eff 6-27-02 ; Amended at 20 Ok Reg 2399, eff 7-11-03]

310:675-15-9. Required findings

- The Commissioner shall not appoint a temporary manager to a facility unless the Commissioner determines in writing that:
- (1) The temporary manager has submitted a complete application as required in OAC 310:675-15-2;
 - (2) The temporary manager meets all qualifications required in OAC 310:675-15-1 and 15-7; and
 - (3) The temporary manager has the requisite resources to provide for the continued protection of the health and safety of all residents of the facility.

[Source: Added at 18 Ok Reg 2533, eff 6-25-01 ; Amended at 19 Ok Reg 524, eff 1-3-02 (emergency); Amended at 19 Ok Reg 2099, eff 6-27-02]

310:675-15-10. Periodic review

A potential temporary manager's qualification shall be effective for one year from the date of approval of the application to be listed as a qualified temporary manager. In order to be renewed for qualification, the potential temporary manager shall submit a new application for review and approval pursuant to OAC 310:675-15-2.

[Source: Added at 18 Ok Reg 2533, eff 6-25-01 ; Amended at 19 Ok Reg 524, eff 1-3-02 (emergency); Amended at 19 Ok Reg 2099, eff 6-27-02]

310:675-15-11. Bond

(a) A temporary manager may be required to obtain a bond in the amount of up to \$100,000.00 or 150% of the average revenue of the facility for the last three full months before placement of the temporary manager, whichever is greater, as necessary to ensure that the assets relinquished by the facility to the temporary manager are used for the benefit of residents.

(b) A bond shall be posted upon appointment and payable to the Department.

(c) The requirement for the amount of the bond may be established and modified from time to time by the Commissioner based on the amount of revenue and other financial assets relinquished by the facility to the temporary manager.

[Source: Reserved at 19 Ok Reg 524, eff 1-3-02 (emergency); Added at 19 Ok Reg 2099, eff 6-27-02 ; Amended at 20 Ok Reg 2399, eff 7-11-03]

310:675-15-12. Monthly status conference

(a) Whenever a temporary manager is appointed, the Commissioner shall establish a schedule for the submission and review of monthly reports. Each monthly report shall be filed in the Department by the temporary manager not later than 25 days following the end of each month. The temporary manager shall send a copy of each report to the licensee and owner of the facility.

(b) The temporary manager shall provide:

(1) All information to be submitted as specified in OAC 310:675-15-3.

(2) Progress report or amendments to a plan of correction for outstanding deficiencies or violations of the law;

(3) Any desired amendments to the management plan and reasons therefore;

(c) The Department shall present to the Commissioner, the temporary manager, and the licensee and owner:

(1) An independent report on the status of the facility based on a visit to the facility by a team sufficient to evaluate the current status.

(2) Recommendations on any changes to the management plan;

(d) The Commissioner may schedule hearings for presentations and decisions on differences between the Department and the Temporary Manager.

[Source: Added at 19 Ok Reg 524, eff 1-3-02 (emergency); Added at 19 Ok Reg 2099, eff 6-27-02 ; Amended at 20 Ok Reg 2399, eff 7-11-03]

310:675-15-13. Removal of the temporary manager

- (a) A temporary manager may be removed at the discretion of the Commissioner.
- (b) A temporary manager shall be removed in the following situations:
 - (1) A conflict of interest arises which would have prohibited the initial appointment;
 - (2) Another facility owned or operated by the temporary manager has been given notice of potential termination or other enforcement action taken by the Department;
 - (3) The temporary manager has filed for bankruptcy protection for any business or personal operation during the pendency of the managership;
 - (4) Conviction of a crime as specified in 63 O.S. § 1-1950.1;
 - (5) Failure to comply with requirements of this subchapter; or
 - (6) *The facility is and will continue to be in substantial compliance with the Nursing Home Care Act* [63:1-1914.2(L)(1)] and OAC 310:675.
- (c) A temporary manager shall be removed when the Department approves a new owner or operator.
- (d) The temporary managership continues and the temporary manager remains responsible for facility funds until released by the Department after distribution of all assets held by the temporary manager.

[Source: Added at 19 Ok Reg 524, eff 1-3-02 (emergency); Added at 19 Ok Reg 2099, eff 6-27-02]

310:675-15-14. Administrative penalties

The Department may assess administrative penalties against a temporary manager for failure to follow the Nursing Home Care Act or this Chapter under the procedure used for all licensees unless the responsibility was that of the former operator.

[Source: Added at 19 Ok Reg 524, eff 1-3-02 (emergency); Added at 19 Ok Reg 2099, eff 6-27-02]

310:675-15-15. License

Upon the temporary manager's appointment, compliance with the bonding provisions of section 15-11 above, and submittal of a license application, the Department shall issue a license to the facility identifying the temporary manager. Such license shall not create any property rights with the temporary manager and shall terminate with termination of the managership.

[Source: Added at 19 Ok Reg 524, eff 1-3-02 (emergency); Added at 19 Ok Reg 2099, eff 6-27-02 ; Amended at 20 Ok Reg 2399, eff 7-11-03]

310:675-15-16. Final accounting

(a) Within 30 days of the end of a temporary managership for any reason, the temporary manager shall file a written final accounting with the Department. The temporary manager shall use the accrual method of accounting, unless the Commissioner finds good cause for the temporary manager to use another method of accounting. The accounting shall include all documents specified in the "Administrative Order Removing the Temporary Manager and Revoking the Conditional License" which is issued by the Commissioner of Health.

(b) No funds shall be paid to the former licensee, the owner of the building or the new licensee without the express consent of the Commissioner. The Commissioner shall issue an order for distribution of any excess operating revenue over expenses at the close of the managership.

(c) The temporary manager shall continue to report to the Department until released by the Commissioner.

[Source: Added at 19 Ok Reg 524, eff 1-3-02 (emergency); Added at 19 Ok Reg 2099, eff 6-27-02 ; Amended at 20 Ok Reg 2399, eff 7-11-03]

310:675-15-17. Receiver

(a) The Department may petition the court to place a facility under control of a receiver pursuant to 63:1-1930.2, instead of or in addition to appointing a temporary manager.

(b) Any person may submit a written request to the Department to be included as a receiver on the list maintained by the Department pursuant to 63 O.S. Section 1-1930.3. A person's inclusion on the receiver list shall not be represented as an approval or qualification by the Department to operate a facility. The list provided by the Department to the court may include information on the requirements for a facility license.

[Source: Added at 20 Ok Reg 2399, eff 7-11-03]

SUBCHAPTER 17. INSPECTION PROTOCOLS

310:675-17-1. Duties of quality assurance officer

The department shall employ a Quality Assurance Officer to perform the following tasks:

- (1) review statistical reports of survey finding frequency by surveyor and survey team;
- (2) review statistical reports of survey team time spent on survey;
- and
- (3) review written deficiencies to compare findings by surveyor and survey team.

[Source: Added at 18 Ok Reg 2533, eff 6-25-01]

310:675-17-2. Quality assurance observations and reviews

The Quality Assurance Officer shall observe individual surveyor and survey team performance for adherence to survey protocol no less than

once every 6 months. The results of these observations and reviews in conjunction with the Federal Oversight and Support Survey findings will be used by the Quality Assurance Officer to identify and implement necessary training interventions.

[Source: Added at 18 Ok Reg 2533, eff 6-25-01]

310:675-17-3. Acceptable Plan of Correction

(a) All facilities having deficiencies must submit an acceptable plan of correction within *ten (10) working days after receipt of notice of violation* [63:1-1914.A.]. An acceptable plan of correction must:

- (1) Address how corrective action will be accomplished for those residents and/or clients found to have been affected by the deficient practice.
- (2) Address how the facility will identify other residents and/or clients having the potential to be affected by the same deficient practice. Plans of correction specific to residents identified on the deficiency statement are acceptable only where the deficiency is determined to be unique to that resident and not indicative of a possible systemic problem.
- (3) Address what measures will be put into place or systemic changes made to ensure that the deficient practice will not recur.
- (4) Indicate how the facility plans to monitor its performance to make sure that solutions are sustained. The facility shall develop a plan for ensuring that correction is achieved and sustained. This plan must be implemented, and the corrective action evaluated for its effectiveness. The plan of correction shall be incorporated into the quality assurance system. At the revisit, the quality assurance plan shall be reviewed to determine the earliest date of compliance. If there is no evidence of quality assurance being implemented, the earliest correction date will be the date of the revisit.
- (5) Include dates when corrective action will be completed for each violation. The corrective action completion dates shall not *exceed sixty (60) days* [63:1-1914.A.] from receipt of notice of violation.
- (6) Be signed by the administrator.

(b) Upon written request from the facility, the Department may extend the time period within which the violations are to be corrected *where correction involves substantial structural improvement* [63:1-1914.A.].

(c) The department shall provide written notice of the acceptance or rejection of a plan of correction. If the Department finds that the plan of correction does not meet the requirements for an acceptable plan of correction as specified in OAC 310:675-17-3(a) the Department shall provide *notice of the rejection and the reason for the rejection to the facility. The facility shall have ten (10) working days after receipt of the notice of rejection in which to submit a modified plan. If the modified plan is not timely submitted, or if the modified plan is rejected, the Department shall impose a plan of correction, which the facility shall follow* [63:1-1914.A.].

- (d) Acceptance of the plan of correction by the Department does not absolve the facility of the responsibility for compliance should the implementation not result in correction and compliance. Acceptance indicates the Department's acknowledgment that the facility indicated a willingness and ability to make corrections adequately and timely.
- (e) *If the violation has been corrected prior to submission and approval of a plan of correction, the facility may submit a report of correction in place of a plan of correction* [63:1-1914.B.]. The report of correction shall address those requirements specified in OAC 310:675-17-3(a).
- (f) As specified in 63 O.S. § 1-1914.C., facilities may request an extended correction time.
- (g) As specified in 63 O.S. § 1-1914.D., facilities may contest any Department action under this section.

[Source: Added at 20 Ok Reg 2399, eff 7-11-03]

SUBCHAPTER 19. FEEDING ASSISTANTS

310:675-19-1. Purpose

This Subchapter establishes standards for training and registration of feeding assistants in Oklahoma in accordance with 42 Code of Federal Regulations Parts 483 and 488. The intent is to give nursing, specialized nursing, and skilled nursing facilities the option to use paid feeding assistants, allowing them to provide more residents with help in eating and drinking and reduce the incidence of unplanned weight loss and dehydration.

[Source: Added at 23 Ok Reg 557, eff 12-22-05 (emergency); Added at 23 Ok Reg 2415, eff 6-25-06]

310:675-19-2. Definitions

The following words and terms, when used in this Subchapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Feeding assistant" *means an individual who is paid to feed residents by a facility or who is used under an arrangement with another agency or organization and meets the requirements cited in 42 CFR Parts 483 and 488* [63:1-1951(F)(1)].

[Source: Added at 23 Ok Reg 557, eff 12-22-05 (emergency); Added at 23 Ok Reg 2415, eff 6-25-06]

310:675-19-3. Training course

(a) The following training curricula are approved as training courses and meet the requirements specified in 42 CFR 483.160(a):

- (1) Eating Matters: A Training Manual for Feeding Assistants, published by the American Dietetic Association, 2003 edition; and Eating Matters: Feeding Assistants Manual, published by the American Dietetic Association, 2003 edition; or
- (2) Assisted Dining: The Role and Skills of Feeding Assistants, published by the American Health Care Association, 2003 edition.

- (b) A feeding assistant training course must consist of at least eight (8) hours of training in the required areas of instruction.
- (c) A feeding assistant training course instructor must hold a current valid license as:
 - (1) A registered nurse;
 - (2) A licensed practical nurse;
 - (3) A registered dietitian;
 - (4) A speech-language pathologist or speech therapist; or
 - (5) An occupational therapist.
- (d) Successful completion of a training course is based upon the instructor's assessment using a staff competency checklist that conforms to OAC 310:675-19-8.
- (e) The training course must provide a certificate of completion within 30 days of course completion to each individual who successfully completed the course. The certificate shall conform to OAC 310:675-19-8.
- (f) The Department will not restrict an individual from repeating a training course. The training course may establish limits on the number of times an individual may repeat the course after unsuccessful attempts.

[Source: Added at 23 Ok Reg 557, eff 12-22-05 (emergency); Added at 23 Ok Reg 2415, eff 6-25-06]

310:675-19-4. Facility requirements

- (a) The nursing facility, specialized nursing facility, or skilled nursing facility must maintain a record of each individual who has successfully completed the approved training course. For each individual feeding assistant employed by the facility, the facility must maintain:
 - (1) A copy of a staff competency checklist completed and signed by the instructor on the form specified in OAC 310:675-19-8;
 - (2) A copy of a certificate of completion signed by the instructor on the form specified in OAC 310:675-19-8;
 - (3) Verification that the facility checked with the Feeding Assistant Registry to ensure the individual is eligible for employment; and
 - (4) Verification of compliance with the Criminal History Background Check in 63 O.S. Supp. 2004, Section 1-1950.1.
- (b) Each feeding assistant must work under the supervision of a registered nurse or licensed practical nurse. In an emergency, the feeding assistant must call a supervisory nurse for help using the resident call system if the nurse is not present during the feeding of a resident.
- (c) The facility must ensure that a feeding assistant only assists residents who have no complicated feeding problems. The facility must base resident selection on the charge nurse's assessment and the resident's latest assessment and plan of care. Complicated feeding problems include but are not limited to:
 - (1) Difficulty swallowing;
 - (2) Recurrent lung aspirations; or
 - (3) Tube or parenteral/IV feedings.
- (d) Instructor time shall not count toward minimum staffing requirements.

(e) The facility shall check the Feeding Assistant Registry before hiring a person to work as a feeding assistant. If the registry indicates that the individual has been found to be personally responsible for abuse, neglect, exploitation, or misappropriation of resident property, that individual shall not be hired by the facility.

(f) The facility must maintain proof of compliance with this subchapter at all times at the facility site.

[Source: Added at 23 Ok Reg 557, eff 12-22-05 (emergency); Added at 23 Ok Reg 2415, eff 6-25-06]

310:675-19-5. Feeding assistant registry

The Department shall maintain a feeding assistant registry consistent with the registry operation described in OAC 310:677-5-2(c). The registry shall contain information consistent with that described in 63 O.S. Supp. 2004, Section 1-1951(D)(3).

[Source: Added at 23 Ok Reg 557, eff 12-22-05 (emergency); Added at 23 Ok Reg 2415, eff 6-25-06]

310:675-19-6. Feeding assistant registration

(a) An individual may perform the services of a feeding assistant upon successful completion of an approved training course and shall submit a Feeding Assistant Registration Application to the Department on the form specified in 310:675-19-8.

(b) Each registered feeding assistant shall renew individual registration once every twenty-four (24) months. The individual shall submit a Feeding Assistant Renewal Application with proof that within the past twenty-four (24) months they have:

(1) Worked at least eight (8) hours for compensation as a feeding assistant; or

(2) Completed another eight (8) hour training course that complies with OAC 310:675-19-3.

(c) A non-refundable application fee of ten dollars (\$10) shall be included with an application for initial or renewal registration.

[Source: Added at 23 Ok Reg 557, eff 12-22-05 (emergency); Added at 23 Ok Reg 2415, eff 6-25-06 ; Amended at 26 Ok Reg 2059, eff 6-25-09]

310:675-19-7. Revocation, suspension and denial

(a) The State Health Department's procedure afforded a feeding assistant for purposes of investigating, hearing, and making findings on allegations of abuse, neglect, exploitation, or misappropriation of resident property, shall be not less than the process afforded nurse aides pursuant to Title 63 O.S. Supp. 2004 Section 1-1951(D)(4) through (12).

(b) A feeding assistant's registration may be revoked, suspended or denied if the Department determines with clear and convincing evidence that an individual has been responsible for any of the following:

- (1) Abuse;
- (2) Neglect;
- (3) Exploitation; or
- (4) Misappropriation of resident or client property.

[Source: Added at 23 Ok Reg 557, eff 12-22-05 (emergency); Added at 23 Ok Reg 2415, eff 6-25-06]

310:675-19-8. Feeding assistant forms

The forms used for this subchapter are the following.

(1) **Staff competency checklist.** A training course using the curriculum specified in 310:675-19-3(a)(1) may use the checklist provided with that curriculum or the checklist provided by the Department. Other training courses shall use the checklist provided by the Department. The competency checklist provided by the Department requires the following:

- (A) The name of the person being trained;
- (B) Evaluation of skills task performances including:
 - (i) Safety and emergency procedures including the Heimlich maneuver;
 - (ii) Sanitation and washing hands;
 - (iii) Serving a meal tray;
 - (iv) Assistance with resident requiring total feeding;
 - (v) Serving supplemental nourishments; and
 - (vi) Serving fresh drinking water;
- (C) The date of the evaluation; and
- (D) Name and signature of the instructor.

(2) **Certificate of completion.** A training course using the curriculum specified in 310:675-19-3(a)(1) may use the certificate of completion provided with that curriculum or the certificate provided by the Department. Other training courses shall use the certificate provided by the Department. The certificate of completion provided by the Department requires the following:

- (A) Name of the person being trained;
- (B) Name of the curriculum;
- (C) Location where the training occurred;
- (D) Date training was completed;
- (E) A statement that the person successfully completed eight hours of training to become a feeding assistant; and
- (F) Name and signature of the instructor.

(3) **Feeding assistant registration application.** The application form requires the following for each individual:

- (A) Name;
- (B) Date of birth;
- (C) Contact information;
- (D) Information sufficient to identify the individual including social security number;
- (E) A copy of the certificate of completion from a training course that meets the requirements of OAC 310:675-19-3; and
- (F) Applicant's signature affirming the truthfulness and completeness of the application.

(4) **Feeding assistant renewal application.** The application form requires the following for each individual:

- (A) Name;
- (B) Date of birth;
- (C) Contact information;
- (D) Information sufficient to identify the individual including social security number;
- (E) Proof of work experience or retraining as required in OAC 310:675-19-6(c); and
- (F) Applicant's signature affirming the truthfulness and completeness of the application.

SUBCHAPTER 21. ENFORCEMENT AND REGISTRY HEARINGS FOR NONTECHNICAL SERVICES WORKERS

310:675-21-1. Purpose

The purpose of this Subchapter is to implement the Nontechnical Services Workers Abuse Registry, 63 O.S. Section 1-1950.6 through 1-1950.9. For the purposes of this subchapter, abuse, verbal abuse, and exploitation, shall have the meaning assigned in Section 10-103 of Title 43A of the Oklahoma Statutes.

310:675-21-2. Complaint investigation

(a) Process. Upon receipt of a complaint against a non-technical service worker alleging abuse, verbal abuse, or exploitation of a resident within a nursing facility, or upon completion of a survey of a nursing facility by the Department with a finding that a non-technical service worker abused, verbally abused, or exploited a resident, the Department shall conduct an investigation. Upon completion of the investigation, a written report will

be prepared. If sufficient evidence exists to initiate an individual proceeding, notice of the investigative findings and an opportunity for hearing will be prepared and served upon the nontechnical services worker.

(b) **Timeline for reporting.** The facility shall report to the Department allegations and incidents of abuse, verbal abuse, or exploitation by a non-technical service worker within twenty-four (24) hours.

(c) **Reporting non-technical service workers.** The facility shall report to the Department allegations and incidents of abuse, verbal abuse, or exploitation by a non-technical service worker by submitting the following:

- (1) facility name, address, and telephone;
- (2) facility type;
- (3) date;
- (4) reporting party name or administrator name;
- (5) employee name and address;
- (6) employee certification number;
- (7) employee social security number;
- (8) employee telephone number;
- (9) termination action and date, if any;
- (10) other contact person name and address; and
- (11) facts of resident abuse, verbal abuse, or exploitation.

Editor's Note: ¹ See *Editor's Note at beginning of this Chapter.*

310:675-21-3. Right to a hearing

Before the registry is notified that a finding of resident abuse, verbal abuse, or exploitation of a resident in a nursing facility has been made against a nontechnical services worker, the Department shall offer the nontechnical services worker an opportunity for a hearing. If the nontechnical services worker fails to request a hearing in writing within thirty (30) days from the date of the notice, the Department shall include on the registry a finding of resident abuse, verbal abuse, or exploitation of a resident in a nursing facility against the nontechnical services worker.

[Source: Added at 24 Ok Reg 2030, eff 6-25-07 ¹; Added at 25 Ok Reg 2482, eff 7-11-08]

Editor's Note: ¹ See *Editor's Note at beginning of this Chapter.*

310:675-21-4. Petition and hearing

(a) **Petition.** If the nontechnical services worker requests a hearing, the Department shall commence an individual proceeding by filing a petition against the nontechnical services worker that states the facts supporting the allegation.

(b) **Notice of hearing.** All parties shall be given notice of the date, time and place of the hearing. The notice of hearing served upon the non-

technical service worker shall include a copy of the petition.

(c) **Time.** The hearing shall be scheduled at least fifteen (15) working days after the nontechnical services worker has received notice of the hearing.

(d) The hearing shall be conducted in accord with the Oklahoma Administrative Procedures Act and Chapter 2 of this Title.

[Source: Added at 24 Ok Reg 2030, eff 6-25-07 ¹; Added at 25 Ok Reg 2482, eff 7-11-08]

Editor's Note: ¹ See *Editor's Note at beginning of this Chapter.*

310:675-21-5. Orders

(a) **Authority.** The Administrative Law Judge shall issue a decision within fifteen (15) working days following the close of the hearing record. The decision shall include Findings of Fact and Conclusions of Law separately stated.

(b) **Delegation.** The Commissioner of Health may delegate the authority to issue a final decision in these matters as specified in 75 O.S. Section 311.1 and OAC 310:002.

(c) **Registry notification.** The decision shall direct the nontechnical services worker registry to include the findings as they relate to the nontechnical services worker. The decision shall direct the nontechnical services worker registry to include a statement by the nontechnical services worker disputing the decision if the nontechnical services worker chooses to submit such statement. If such a statement is submitted the statement of the nontechnical services worker shall be submitted to the nontechnical services worker registry within thirty (30) days after the decision is issued.

(d) **Notice.** Each party and attorney of record shall be mailed a copy of the Final Order. The Department shall transmit a copy of the Final Order to the nontechnical services worker registry when the Order is mailed.

(e) **Appeal.** An appeal of the Final Order shall be perfected pursuant to 75 O.S. Section 318 of the Administrative Procedures Act.

APPENDIX A. HOT WATER USE

Figure 1

	<u>Resident Use</u>		<u>Laundry</u>
	<u>Bathing</u>	<u>Dietary</u>	
Gallons (per hr. & bed)	6 1/2	4	4 1/2
Temperature	115° F. (46° C.)	*120° F. (49° C.)	**160° F. (7° C.)

* Rinse water temperature at automatic warewashing equipment shall be 180° (82.1° C.).

** Required temperature of 160°F (70° C.) in the laundry area is that measured in the washing machine and shall be supplied so that temperature may be maintained over the entire wash and rinse period. Attention is called to the fact that control of bacteria in laundry processing is dependent upon a number of inter-related factors such as detergent, bleach, number of rinses and temperature. In most instances, maximum overall economies with acceptable results can be achieved with the use of 160° F. (70° C.) water. Lesser temperature may require excessive bleaching or other chemical treatment that would be damaging to fabrics.

CHAPTER 677. NURSE AIDE TRAINING AND CERTIFICATION

[**Authority:** 63 O.S., §§ 1-104, 1-819 et seq., 1-890.1 et seq., 1-1901 et seq., 1-1950.1 through 1-1950.4, 1-1951, and 1-1960 et seq.]

[**Source:** Codified 7-27-95]

SUBCHAPTER 1. GENERAL PROVISIONS

310:677-1-1. Purpose

The purpose of this Chapter is to implement the nurse aide registry and certification program for nurse aides who work in nursing facilities, specialized facilities, residential care homes, home health or home care agencies, adult day care centers, and assisted living centers.

[**Source:** Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02]

310:677-1-2. Definitions

The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise. The singular includes the plural as necessary.

"Abuse" means *the willful infliction of injury, unreasonable confinement, intimidation or punishment, with resulting physical harm, impairment or mental anguish.* [63 O.S. § 1-1902(15)]

"Certified medication aide" means a certified nurse aide who has passed a Department approved program for administering medications.

"Client" means an individual receiving services from a home care agency or employer.

"Clinical skills observer" means a registered nurse, qualified intellectual disability professional, licensed practical nurse, registered pharmacist or other qualified professional who has at least one (1) year experience and has successfully completed a Department approved clinical skills observer training program.

"Commissioner" or **"Commissioner of Health"** means the Oklahoma State Commissioner of Health, the chief executive officer of the Department.

"Deemed" means meeting specified requirements to qualify for other categories of nurse aide certification.

"Department" means the *State Department of Health.* [63 O.S. § 1-1902(8)]

"Direct supervision" means a licensed nurse or other qualified individual actually observes a trainee performing tasks.

"Educational based program" means a nurse aide training and competency examination program sponsored by a State approved educational entity including, but not limited to, vocational technical schools, schools of higher learning or State certified educational facilities.

"Employer" means any of the following entities: facilities, agencies or programs including, but not limited to, nursing facilities, specialized facilities, residential care homes, adult day care centers, assisted living

centers, or a nurse registry or a home care agency.

"Employer based program" means a nurse aide training and competency examination program sponsored by, or offered in, a nursing facility, a residential care home, an adult day care center, a home care agency, or a specialized facility.

"Entity" means the provider of a Department-approved nurse aide training and competency evaluation program including but not limited to an employer based or an educational based program provider.

"Examination" means a competency examination that includes a written or oral portion and a clinical skills portion.

"Health related services" means those services provided to patients, clients, or residents that include but are not limited to the following: personal hygiene, transferring, range of motion, supervision or assistance in activities of daily living, basic nursing care such as taking temperature, pulse or respiration, positioning, incontinent care, identification of signs and symptoms of disease, and behavior management.

"ICF/IID" means an Intermediate Care Facility for Individuals with Intellectual Disabilities.

"Inservice education" means activities intended to assist the nurse aide to acquire, maintain, and/or increase competence in fulfilling the assigned responsibilities specific to the employer's expectations.

"Instructor" means a qualified professional who teaches in an approved training program.

"Licensed health professional" means a physician, dentist, podiatrist, chiropractor, physician assistant, nurse practitioner, pharmacist, physical, speech, or occupational therapist, registered nurse, licensed practical nurse, licensed social worker or licensed registered dietitian.

"Licensed nurse" means a registered nurse or a licensed practical nurse that is currently licensed by the Oklahoma Board of Nursing.

"Misappropriation of property" means the taking, misapplication, deprivation, transfer, or attempted transfer to any person not entitled to receive any property, real or personal, or anything of value belonging to or under the legal control of a resident or client without the effective consent of the resident or client or other appropriate legal authority, or the taking of any action contrary to any duty imposed by federal or state law prescribing conduct relating to the custody or disposition of a resident's/client's property.

"Mistreatment" means a negligent act or personal wrong against a resident or client which causes the resident or client actual physical pain, discomfort or mental anguish. This type of personal wrong does not necessarily have to present external or visible signs of existence but does not include actions which are unavoidable.

"Neglect" means *failure to provide goods and/or services necessary to avoid physical harm, mental anguish, or mental illness.* [63 O.S. §1-1902]

"Orientation" means the training for a particular job activity given to a new employee.

"Performance record" means a list of the major duties and skills to be learned in a nurse aide training program and the trainee's

performance of each.

"Qualified professional" means an individual qualified to perform training and skills testing in an approved nurse aide training and competency program.

"Reciprocity" means the process that allows a certified nurse aide from another state to be listed in the Department's nurse aide registry.

"Reconsideration" means a process that allows an applicant to obtain reconsideration of an adverse decision on an application by submission of clarifying materials to the original decision-making body.

"Registry" means a Department maintained list of individuals who have successfully completed a nurse aide training and competency examination program or a competency examination program approved by the Department or who have been deemed or waived to meet the requirements.

"Specialized facility" means any home, establishment, or institution which offers or provides inpatient long-term care services on a twenty-four-hour basis to a limited category of persons requiring such services, including but not limited to a facility providing health or habilitation services for [individuals with intellectual or developmental disabilities]. [63 O.S. §1-1902(11)]

"Supervised practical training" means training in a laboratory or other setting in which the trainee demonstrates knowledge while performing tasks on an individual.

"Trainee" means an individual who is enrolled in and has begun, but has not completed, a nurse aide training program.

"Trainer" means a qualified person who teaches in a nurse aide training and competency examination program.

"Training and competency examination program" means a program approved by the Department to teach and evaluate individuals to work as a nurse aide.

"Waiver" means a process that allows an individual with acceptable qualifications to be placed in the Department's registry without meeting other required qualifications.

310:677-1-3. Applicability

(a) This Chapter shall apply to specified employers, nurse aides, certified medication aides and other unlicensed employees providing health related services, and training and competency evaluation programs.

(b) An employer shall not use an individual as a nurse aide unless the employer has consulted the Oklahoma Nurse Aide Registry to determine whether the individual is listed on the nurse aide registry and whether the individual has no confirmed findings of abuse, neglect or misappropriation of patient/resident/client property.

(c) The Department shall grant an exception to the nurse aide training requirements in OAC 310:677-9-4 for home health aides, OAC 310:677-11-4 for long term care aides, OAC 310:677-13-4 for certified medication aides, OAC 310:677-15-3 for ICF/IID care aides, OAC 310:677-17-3 for

residential care aides and OAC 310:677-19-3 for adult day care aides, and allow an individual to sit for the competency examination if the individual submits all information specified on the Training Exception Application, which requires the following:

- (1) Individual's full name and personal identifying information;
- (2) Telephone number and address to include street, city, state, and zip code;
- (3) Copy of official transcript documenting classroom and clinical training equal to or greater than the classroom and clinical training as prescribed in OAC 310:677-9-4, OAC 310:677-11-4, OAC 310:677-13-4, OAC 310:677-15-3, OAC 310:677-17-3 and OAC 310:677-19-3; and

- (4) Type of nurse aide training to be excepted.

(d) The Department shall grant to a graduate of an approved practical or registered nurse program located in the United States a waiver to be placed on the nurse aide registry if the following criteria are met:

- (1) The individual submits all information specified on the Department's Nurse Aide Training and Competency Evaluation Program Waiver Application, which requires the following:
 - (A) Individual's full name and personal identifying information;
 - (B) Telephone number and address to include street, city, state, and zip code;
 - (C) Photocopy of diploma from an approved practical or registered nurse program;
 - (D) Type of nurse aide training and competency testing requesting to be waived; and
 - (E) Identification of all states, territories and districts of the United States and other countries where the individual has practiced or been licensed, certified or registered as a nurse; and

- (2) The individual does not have a denied, revoked or suspended license or certificate or an administrative penalty or disciplinary action imposed by the Oklahoma Board of Nursing or similar agency in another state, territory or district of the United States or in another country, to be evidenced by the individual's attestation.

(e) The Department shall allow a graduate of an approved practical or registered nurse program located outside the United States a training exception and shall be authorized to sit for a nurse aide competency examination if the following criteria are met:

- (1) The individual submits the Foreign Graduate Training Exception Application, which requires the following:
 - (A) Individual's full name;
 - (B) Telephone number and address to include street, city, state, and zip code;
 - (C) The location outside of the United States where the individual received their nursing education and licensing examination if applicable;
 - (D) The type of nurse aide training requesting to be excepted;

(E) Documentation verifying legal entry and resident status in the United States including but not limited to a photocopy of a Social Security Card, Visa, Green Card or naturalization papers; and

(F) A photocopy of a certified, translated diploma and transcript in English; and

(2) The individual does not have a denied, revoked or suspended license or certificate or an administrative penalty or disciplinary action imposed by the Oklahoma Board of Nursing or similar agency in another state, territory or district of the United States, to be evidenced by the individual's attestation.

(f) An individual who has not completed an approved Oklahoma Nurse Aide Training program and is submitting an application to be included on the Oklahoma Nurse Aide Registry as a certified nurse aide shall submit the following nonrefundable fee with the required completed application:

(1) Deeming Application, fifteen dollar (\$15.00) fee applicable to each of the following deeming applications except (A) of this paragraph;

(A) Home Health Aide deemed to Long Term Care Aide with no fee required;

(B) Home Health Aide deemed to ICF/IID Care Aide;

(C) Home Health Aide deemed to residential Care Aide;

(D) Home Health Aide deemed to Adult Day Care Aide;

(E) Long Term Care Aide deemed to ICF/IID Care Aide;

(F) Long Term Care Aide deemed to Residential Care Aide;

(G) Long Term Care Aide deemed to Adult Day Care Aide;

(H) ICF/IID Care Aide deemed to Residential Care Aide;
and

(I) ICF/IID Care Aide deemed to Adult Day Care Aide;

(2) Home Health Aide Reciprocity Application, \$15.00 fee;

(3) Training Exception Application, or Foreign Graduate Training Exception Application, \$15.00 fee; or

(4) Nurse Aide Training and Competency Evaluation Program Waiver Application, \$15.00 fee.

(5) The fees specified in (1) through (4) of this subsection apply to applications for home health aides, certified medication aides, ICF/IID care aides, residential care aides, and adult day care aides. A fee shall not be charged on an application requesting certification as a long term care aide only.

(g) An individual who has previously completed a Department approved Nurse Aide Training and Competency Evaluation Program and is unable to renew certification may obtain approval to take a retest by filing a Certified Nurse Aide Retest Application if any of the following criteria are met:

(1) The individual did not provide eight (8) hours of nursing or health related services for compensation during the twenty-four (24) months prior to expiration of the certification;

(2) The individual did not provide eight (8) hours of nursing or health related services for compensation up to twenty-four (24) months after expiration; or

- (3) The individual's nurse aide certification has been expired for over two (2) years but less than three (3) years.
- (4) A Certified Nurse Aide Retest Application submitted by a home health aide, ICF/IID care aide, residential care aide, or adult day care aide shall be accompanied by a fifteen dollar (\$15.00) nonrefundable fee.
- (5) An individual who fails the approved retest shall be required to retrain before taking any subsequent retests.
- (h) An individual may request a duplicate or amended certification card by submitting a Duplicate or Amended Nurse Aide Card Application with a nonrefundable ten dollar (\$10.00) fee. A fee shall not be charged on an application requesting a duplicate or amended long term care aide certification card.

310:677-1-4. Reporting allegations of abuse

- (a) An employer shall report to the Department any allegation of client or resident abuse, neglect, mistreatment or misappropriation of client's or resident's property against the employer's nurse aide.
- (b) An employer shall report to the Department by telephone within twenty-four (24) hours after receiving an allegation and in writing within five (5) working days after receiving an allegation.
- (c) The written report filed by the employer shall include:
 - (1) The allegation;
 - (2) Name and identification number of the nurse aide;
 - (3) Date of the occurrence;
 - (4) Results of any internal investigation;
 - (5) Any corrective action taken by the employer; and
 - (6) Name and address of any person who may have witnessed the incident.

[Source: Added at 13 Ok Reg 1307, eff 3-28-96 (emergency); Added at 13 Ok Reg 2515, eff 6-27-96 ; Amended at 24 Ok Reg 2045, eff 6-25-07]

310:677-1-5. Cumulative training calculations [REVOKED]

[Source: Added at 18 Ok Reg 2545, eff 6-25-01 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 24 Ok Reg 2045, eff 6-25-07]

310:677-1-6. Temporary emergency waiver

- (a) **Purpose.** This section implements temporary emergency waivers authorized in 63 O.S. § 1-1950.3(A)(2) for nursing facilities, specialized facilities, continuum of care facilities, assisted living centers, adult day care centers, and residential care homes.
- (b) **Eligibility for waiver.** An entity is eligible to receive a waiver if it:
 - (1) Makes diligent efforts to recruit and retain certified nurse aides, to be evidenced by one or more of the following:
 - (A) Employment advertisements;

- (B) Competitive salaries;
- (C) Retention incentives; or
- (D) Recruitment incentives; and
- (2) Has not been cited with a deficiency or violation that:
 - (A) Was identified by the department during an investigation or inspection conducted on or after the effective date of this section; and
 - (B) Relates to one or more of the following areas of noncompliance:
 - (i) Failure to develop and implement policies and procedures that prohibit mistreatment, neglect, abuse and misappropriation of property;
 - (ii) Failure to implement infection control procedures;
 - (iii) Failure to ensure that staff observe resident rights and responsibilities;
 - (iv) Failure to comply with criminal history background checks in 63 O.S. §1-1950.1;
 - (v) Failure of a nurse aide to perform proficiently on nursing or personal care services;
 - (vi) Incompetence of a nurse aide; or
 - (vii) Failure to conduct performance appraisals or training as required for nurse aides; and
 - (C) Is associated with one or both of the following aggravating circumstances:
 - (i) The deficiency or violation has not been corrected within required time frames; and/or
 - (ii) The deficiency or violation is based on activity or inactivity of an uncertified nurse aide that caused a resident serious injury, harm, impairment or death.

(c) **Process.** This subsection specifies the process to obtain a waiver.

(1) An entity shall submit a written application to the Department. The written application, at minimum, shall include:

- (A) Identifying information for the facility;
 - (B) Numbers of certified nurse aides, uncertified nurse aides, and other direct care staff persons projected to be employed by the facility during the effectiveness of the waiver;
 - (C) A narrative describing the reasons why the facility is unable to meet the staffing requirements of 63 O.S. §1-1950.3, the means by which uncertified nurse aides shall be trained and evaluated during the waiver, and the anticipated duration of the waiver, not to exceed six months; and
 - (D) An attestation of the truth of the information provided in the application.
- (2) If the Department finds that an application is incomplete, the Department shall advise the applicant in writing and offer an opportunity to submit additional or clarifying information.

(3) Within thirty days after receipt of a completed request for a waiver, the Department shall approve or disapprove the request and send written notice of the decision to the entity.

(4) The Department shall provide notice to the Office of the Oklahoma Long Term Care Ombudsman established under section 307(a)(12) of the Older Americans Act of 1965 of the Department's action on each waiver application.

(5) The entity shall notify residents, clients or participants (or, where appropriate, the guardian or legal representative) and members of their immediate families of the Department's action on the waiver application. A copy of the notice shall be posted in an easily accessible and conspicuous place in the entity.

(6) Upon denial, an applicant may appeal the Department's decision within thirty days of receipt, pursuant to the Oklahoma Administrative Procedures Act.

(7) A non-refundable fee of one hundred dollars (\$100) shall be included with the initial application for waiver.

(8) A non-refundable fee of seventy-five dollars (\$75) shall be included with an application for subsequent waiver.

(d) **Length of waiver.** A waiver approved by the Department is effective for the period not to exceed six months, unless sooner withdrawn by the Department for failure to meet eligibility requirements.

310:677-1-7. Presumptive approval of nurse aide training programs and emergency training exception for unlicensed health professionals and feeding assistants during the state of emergency caused by COVID-19 [EXPIRED]

[Source: Added at 37 Ok Reg 689, eff 4-6-20 through 9-14-21 (emergency)¹]

Editor's Note: ¹*This emergency action expired without being superseded by a permanent action. Upon expiration of an emergency action enacting a new Section, the Section is no longer effective. Therefore, on 9-15-21 (after the 9-14-21 expiration of this emergency action), Section 310:677-1-7 was no longer effective. For the official text of the emergency rule that was in effect from 4-6-20 through 9-14-21, see 37 Ok Reg 689.*

SUBCHAPTER 3. NURSE AIDE TRAINING AND COMPETENCY EXAMINATION PROGRAM

310:677-3-1. Categories of training programs [REVOKED]

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Revoked at 40 Ok Reg 1588, eff 9-11-23]

310:677-3-2. Approved programs

- (a) The Department shall approve a nurse aide training and/or competency examination program that meets the criteria for a State approved program.
- (b) An entity seeking approval shall file the appropriate application form and a non-refundable application fee of one hundred dollars (\$100.00). There is no application fee for long-term care aide training or competency evaluation programs.
- (c) The Department's approval of a program shall not be transferable or assignable.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 21 Ok Reg 2807, eff 7-12-04 ; Amended at 24 Ok Reg 2045, eff 6-25-07 ; Amended at 26 Ok Reg 2068, eff 6-25-09 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-3-3. Application

- (a) An entity shall file an application provided by the Department.
- (b) An entity may not operate a nurse aide training and competency examination program prior to the approval of the Department.
- (c) The application will include:
 - (1) Name and address for the entity sponsoring the program and for the contact person for the program;
 - (2) The location of the administrative office of the program and the location where records are maintained;
 - (3) A program plan that follows the curriculum established by the Department including, but not limited to:
 - (A) Program objectives;
 - (B) A breakdown of the curriculum into clock hours of classroom/lecture, laboratory and supervised clinical instruction;
 - (4) A Skills Performance Checklist, documenting the date the nurse aide trainee successfully demonstrated all those basic nursing skills and personal care skills that are generally performed by nurse aides and the signature of the instructor that observed the successful demonstration of the skills. The skills must include the basic nursing skills and personal care skills listed in 42 Code of Federal Regulations (CFR) 483.152 (b)(2) and (3);
 - (5) A Training Verification Form;
 - (6) A description of the program's standards for classroom and skills training facilities including, but not limited to:
 - (A) Heat and cooling systems;
 - (B) Clean and safe conditions;
 - (C) Adequate space to accommodate all trainees;
 - (D) Adequate lighting;
 - (E) Proper equipment and furnishings;
 - (F) The specific location of the classroom and lab if known at the time of the application; and
 - (7) Position descriptions and education and experience requirements for training supervisors and instructors, and the

- program's procedure for ensuring that supervisors and instructors satisfy such descriptions and requirements.
- (d) A training and competency examination program shall not be offered by or in a facility which, within the previous two years:
- (1) has operated under a registered nurse staffing waiver under Section 1819(b)(4)(C)(ii)(II) or Section 1919(b)(4)(C)(ii) of the Social Security Act; or
 - (2) has been assessed a penalty that has been determined, after opportunity for hearing, to be due and payable in an amount of not less than \$5,000;
 - (3) had a license revoked, a Medicare or Medicaid certification terminated, a denial of payment for new admissions imposed, a temporary manager appointed, or was closed or had residents transferred pursuant to an emergency action by the Department; or
 - (4) was found to have provided substandard quality of care. The deficient practice must constitute immediate jeopardy which has caused or is likely to cause serious injury, harm, impairment, or death to an individual resident or a very limited number of residents receiving care in a facility; or deficient practice that results in actual harm to residents' physical, mental and psychosocial well-being and occurs as a pattern affecting more than a very limited number of residents or widespread affecting a large number or all of the facility's residents; or deficient practice that results in potential for more than minimal physical, mental and /or psychosocial harm to residents' that is widespread and affects the entire facility population.
- (e) The Department may waive for a period not to exceed two years the imposition of (d) of this Section and allow the offering of a training and competency evaluation program in, but not by, a facility upon the written request of the facility if:
- (1) The Department determines that no other such program is offered within a round-trip travel time of one hour from the facility;
 - (2) The facility has no deficiencies that constitute substandard quality of care at the time of the request and has no deterioration in care that results in substandard quality of care during the waiver period;
 - (3) The Department provides notice of such determination and assurances to the Oklahoma Long Term Care Ombudsman; and
 - (4) The penalty or remedy was not related to the quality of care provided to residents.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 24 Ok Reg 2045, eff 6-25-07 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-3-4. Program requirements

- (a) Before the Department approves a nurse aide training and competency examination program or a competency examination program, the Department shall determine whether the nurse aide training and competency examination program or the competency

examination program meets the minimum requirements.

(b) The Department shall not approve an employer based program when the employer has been assessed the following penalties or actions by the Department:

- (1) License suspended or revoked or had a conditional license issued.
- (2) An administrative money penalty of five thousand dollars (\$5,000) or more for deficiencies cited under state licensure.
- (3) Enforcement actions based on the Department's authority under Medicare and Medicaid certification programs, except for facilities certified as Intermediate Care Facilities for individuals with intellectual disabilities.
- (4) For Intermediate Care Facilities for Individuals with Intellectual Disabilities, repeated enforcement actions based on the Department's authority.

(c) The Department may withdraw approval of a nurse aide training and competency examination program sponsored by an entity when the following occurs:

- (1) The entity has been determined by the Department to have a competency examination failure rate greater than fifty (50) per cent during a calendar year.
- (2) The entity no longer meets, at a minimum, the following requirements to be a certified program:
 - (A) The training program falls below the required clock hours of training; or
 - (B) The curriculum does not include the minimum requirements specified in rule;
- (3) The entity closed or had its residents or clients transferred pursuant to the Department's action.
- (4) The onsite survey determines the training program is out of compliance with the requirements of 63 O.S. §§ 1-1950.1, 1-1950.3 or 1-1951, or OAC 310:677.

(d) The Department shall withdraw approval of a nurse aide training and competency evaluation program if:

- (1) The entity refuses to permit the Department to make unannounced visits; or
- (2) The entity falsifies records of competency or training.

(e) Withdrawal of approval shall be for a period of two (2) years or until the Department is assured through review that the entity complies with the requirements.

(f) If the Department withdraws approval of a nurse aide training and competency examination program, the Department shall notify the entity in writing of the reason(s) for the withdrawal.

(g) The Department shall allow the trainees who have started a training and competency examination program to complete the program, or allow the trainees who have started the program to transfer to another approved program.

(h) A program entity may request reconsideration of the Department's decision in accordance to Chapter 2 of this Title and appealed according to the Administrative Procedures Act.

(i) The entity shall notify the trainee in writing, that successful completion of the nurse aide training and competency examination program shall result in the individual being listed in the Department's nurse aide registry and shall retain a copy of such notice, signed by the trainee, in the trainee's file.

310:677-3-5. Training program review and approval

(a) Within 30 days after receipt of an application for a program that is not currently approved, the Department shall determine if the application is complete and consistent. If the application is incomplete or inconsistent, the Department shall advise the applicant in writing and offer an opportunity to submit additional information. Within 30 days after completeness, the Department shall approve or disapprove the application. If the action is to disapprove, the Department shall advise the applicant in writing of the specific reasons for the disapproval, and shall offer the applicant an opportunity to demonstrate compliance.

(b) Each program is subject to site visits by the Department. Approved programs shall be evaluated by the Department every two years.

(c) An approved program shall complete an application notifying the Department prior to making any changes that would affect the program's requirements and/or the Department's approval of the program.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 24 Ok Reg 2045, eff 6-25-07 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-3-6. Closing an approved nurse aide training and competency examination program

When an entity decides to close a nurse aide training and competency examination program, it shall:

- (1) Immediately notify the Department, in writing, of its plan to close, date of intended closing, the location where its records will be stored, and the plan for its currently enrolled trainees; and
- (2) Continue the program until the classes for currently enrolled trainees are completed.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-3-7. Criminal history background checks

(a) An employer based program shall complete the State required criminal history background check. The record of the finding shall be maintained by the employer. These records shall be destroyed after one (1) year from the end of employment of the person to whom such records relate. [63 O.S.§1-1950.1(E)]

(b) A non-employer based program shall notify trainees that if a criminal history background check reveals a cause which bars employment in a health care entity, then the trainee shall be withdrawn from the training

program.

(c) If a non-employer based training program does not require an OSBI criminal history background check as part of the admission requirements to the training program, the training program shall provide the trainee with written notification of 63 O.S. §1-1950.1 as part of the training program application.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-3-8. Records and examination

(a) A program shall use a performance record/Skills Performance Checklist which shall include:

(1) A record of when the trainee performs the duties and skills and the determination of satisfactory or unsatisfactory performance.

(2) The name of the instructor supervising the performance.

(b) Upon request from the nurse aide trainee, the training program shall provide the trainee with a copy of the Training Verification Form upon completion of training.

(c) Upon request from the nurse aide trainee, the training program shall provide the trainee a copy of the completed classroom/lecture training and the training performance record/Skills Performance Checklist with the skills that have been demonstrated if the trainee has to withdraw from the training program prior to completion of the training program.

(d) The program shall retain the following records for each trainee for at least three (3) years:

(1) The Trainee's Application for the training program.

(2) Performance records, the Skills Performance Checklist and Training Verification Form.

(3) Nurse aide competency and examination results.

(e) The training program shall provide copies to the nurse aide registry of any individual nurse aide training records that may be requested by the Department.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02]

310:677-3-9. Requirements for administration of the competency examination

(a) The competency examination shall be administered and evaluated only by a Department approved entity which shall be periodically monitored by the Department.

(b) Each approved examination entity must provide the Department with the following:

(1) Written job analysis studies to determine the pool of test questions.

(2) Test question validation studies.

(3) Capabilities of providing competency results in the proper format for compatibility with the Department's nurse aide registry within thirty (30) days of scoring.

- (4) Assurances that the written and skills testing process are not compromised.
- (c) Each approved examination entity shall provide the examinee with the following:
 - (1) The notice showing pass/fail results.
 - (2) The notice shall specify the areas of failure to the nurse aide.
- (d) The Department shall withdraw approval of a testing entity when it allows one or more of the following:
 - (1) Disclosure of the competency examination.
 - (2) Allowing another entity not approved by the Department to score the competency examination.
 - (3) Tampering with the competency examination.
 - (4) The competency examination was administered by a non-qualified individual.
- (e) If the Department permits the competency examination to be proctored by qualified entity personnel, the procedures adopted by the entity must ensure that the competency examination:
 - (1) Is secure from tampering.
 - (2) Is standardized and scored by a testing, educational, or other organization approved by the Department.
 - (3) Is transmitted to the scoring entity immediately after completion of the written or oral and skills examination.
- (f) If the competency evaluation is to be proctored by facility personnel and the entity chooses to delay the administration of the written or oral examination and/or skills examination after completion of the training which will delay certification, this information shall be provided in writing in the training program application and signed by the trainee.
- (g) The Department may revoke the approval of an entity to proctor the nurse aide competency examination if the Department finds evidence of impropriety, including evidence of tampering by facility staff.
- (h) The trainee may sit for the written or oral examination and skills examination at a different location than where training was completed if the testing entity is provided with a Training Verification Form.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-3-10. Content of the competency examination

- (a) The written or oral examination portion of the competency examination, in English, shall:
 - (1) Allow a nurse aide to choose between a written and an oral examination.
 - (2) Address each requirement specified in the minimum curriculum prescribed by the Department.
 - (3) Be developed from a pool of test questions, only a portion of which is used in any one (1) examination.
 - (4) Use a system that prevents disclosure of both the pool of test questions and the individual competency examination results.
 - (5) If oral, the examination portion shall be read from a prepared text in a neutral manner.
- (b) The skills examination portion of the competency examination shall:

- (1) Consist of randomly selected items drawn from a pool of tasks generally performed by nurse aides except as provided in section 9-5 (b).
- (2) Be performed in an entity in which the individual will function as a nurse aide or a similar laboratory setting.
- (3) Be administered and evaluated by a qualified clinical skills observer.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-3-11. Successful completion of the competency examination

- (a) An individual shall pass both the written or oral examination and the skills examination to complete the competency examination successfully.
- (b) An individual shall score at least seventy (70) percent on the written or oral examination.
- (c) An individual shall demonstrate at least eighty (80) percent accuracy for the skills examination.
- (d) The Department shall include in the nurse aide registry a record of successful completion of the competency examination within thirty (30) days of the date the individual is found to be competent.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02]

310:677-3-12. Failure to complete the competency examination

If an individual does not complete the competency examination successfully, the individual shall be notified by the testing entity of, at least, the following:

- (1) The areas which the individual did not pass.
- (2) That the individual may retake the examination a total of two times without further training.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-3-13. Training program to inform trainee of renewal requirements

Training programs shall inform the long term care aide, home health aide, ICF/IID care aide, residential care aide, and adult day care aide that they shall complete a new nurse aide training and competency examination or competency examination if, upon applying for renewal of certification, the nurse aide has not provided at least eight (8) hours of nursing or health related services for compensation during the previous twenty four (24) months.

[Source: Added at 40 Ok Reg 1588, eff 9-11-23]

SUBCHAPTER 5. NURSE AIDE REGISTRY

310:677-5-1. Establishment of registry [REVOKED]

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 18 Ok Reg 2545, eff 6-25-01 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Revoked at 40 Ok Reg 1588, eff 9-11-23]

310:677-5-2. Registry operation

- (a) The Department shall maintain overall operation of the registry.
- (b) A home health aide, long term care aide, ICF/IID care aide, residential care aide, and adult day care aide shall renew individual certification once every two (2) years. The individual certified as a home health aide, ICF/IID care aide, residential care aide, or adult day care aide shall file a Renewal Application. The individual certified as a long term care aide shall file a Renewal Application for Long Term Care Aide. Each renewal application requires:
 - (1) Personal identifying and contact information for the applicant;
 - (2) An oath of truthfulness and completeness to be signed by the applicant, affirming that the applicant completed at least eight (8) hours of nursing or health related services for compensation during the preceding 24 months.
 - (3) Upon request of the Department, the applicant shall produce documentation of at least eight (8) hours of nursing or health related services performed for compensation during the preceding 24 months.
- (c) A home health aide, ICF/IID care aide, residential care aide, or adult day care aide shall pay a ten dollar (\$10.00) fee for the processing and renewal of certifications and for change of name or other reason.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 24 Ok Reg 2045, eff 6-25-07 ; Amended at 26 Ok Reg 2068, eff 6-25-09 ; Amended at 37 Ok Reg 1455, eff 9-11-20 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-5-3. Registry content [REVOKED]

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Revoked at 19 Ok Reg 2106, eff 6-27-02]

310:677-5-4. Automatic removal from registry

- (a) If any nurse aide requests renewal of certification and there has been a continuous period of twenty-four (24) consecutive months during none of which the individual provided nursing or health related services for monetary compensation, the individual shall complete a new training and competency evaluation or a new competency evaluation program, whichever option they choose, to become recertified.
- (b) The Department shall review when requested and may grant an exception in removing any nurse aide from the nurse aide registry pursuant to OAC 310:677-5-4(a) if the nurse aide has completed a practical or registered nursing education program after certification and files with the Department a waiver application form, which requires at minimum:
 - (1) Individual's full name;

- (2) Telephone number and address to include street, city, state, and zip code;
 - (3) Photocopy of Social Security card;
 - (4) Photocopy of a diploma from an approved practical or registered nurse program; and
 - (5) Type of nurse aide certification requesting to be waived.
- (c) The Department must verify the following information:
- (1) The nurse aide/LPN/RN student has completed a practical or registered nursing education program after certification;
 - (2) The individual is in good standing with the Oklahoma Board of Nursing, and the individual does not have confirmation of abuse, neglect or misappropriation of patient/resident/client property;
 - (3) The individual is not a subject of a current ongoing investigation by the Oklahoma Board of Nursing or the Oklahoma Attorney General or other known legal entity; and
 - (4) The individual has no restrictions preventing sitting for the nursing board exam.
- (d) The Department shall automatically remove a nurse aide from the nurse aide registry and place them in the archive database if there has been a continuous period of forty-eight (48) consecutive months in which the nurse aide has not applied for renewal of certification. The individual shall complete a new nurse aide training and competency examination to be reinstated in the registry. However, a nurse aide with a pending or permanent finding of abuse, neglect, mistreatment, or misappropriation of property shall not be removed from the registry.
- (e) The Department shall review and may grant an exception to place an individual, who failed to renew certification, back on the registry if the individual can produce documentation of continuous employment for the past forty-eight (48) months in a hospital, the Advantage Program through the Department of Human Services, or an entity that does not require certification of nurse aides.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 18 Ok Reg 2545, eff 6-25-01 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-5-5. Denial, suspension, withdrawal, and nonrenewal of certification

- (a) The Department may deny, suspend, withdraw or not renew certification of a nurse aide based on the aide's noncompliance with 63 O.S. §§ 1-1950.3, 1-1950.4a, 1-1950.5, 1-1951, or this Chapter.
- (b) Grounds for certification action against a certified nurse aide may include:
- (1) Intentionally providing false or misleading information to a training program, a facility, or the Department;
 - (2) Failing to provide care as ordered by a health care professional or required in the plan of care, with resulting actual harm that is either life threatening or has a negative outcome for the resident;
 - (3) Altering or falsifying medical records;
 - (4) Removing medical records or other documentation pertaining to resident care from the employment setting without

authorization;

(5) Altering or falsifying certified nurse aide identification cards;

(6) Representing oneself as a certified nurse aide without supervision by a licensed health Professional and providing services that are not included in a Department approved nurse aide training and competency evaluation program.

(c) The Department shall notify the aide of the intent to deny, suspend, withdraw or not renew certification. The notice shall cite the specific reasons for the action and offer the aide an opportunity to demonstrate compliance. Prior to the effectiveness of the denial, suspension, withdrawal, or nonrenewal of certification, the Department shall offer the aide an opportunity for a hearing.

(d) The suspension of a certificate shall be for at least six months. A denial, withdrawal or nonrenewal of a certification shall be for at least one year. The Department shall specify the duration of the denial, suspension, withdrawal or nonrenewal of certification based on the seriousness of the underlying violation and the likelihood that the aide will maintain compliance in the future.

[Source: Added at 24 Ok Reg 2045, eff 6-25-07 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

SUBCHAPTER 7. HEARINGS

310:677-7-1. Right to a hearing

(a) Before the registry is notified that a finding of client or resident abuse, neglect, mistreatment or misappropriation of a client's or resident's property has been made against a certified nurse aide or nurse aide trainee, the Department shall offer the certified nurse aide or nurse aide trainee an opportunity for a hearing. If the certified nurse aide or nurse aide trainee fails to request a hearing in writing within thirty (30) days from the date of the notice, the Department shall include on the registry a finding of client or resident abuse, neglect, mistreatment or misappropriation of a client's or resident's property against the certified nurse aide or nurse aide trainee.

(b) If the certified nurse aide or nurse aide trainee requests a hearing before the Department completes its investigation, a hearing will not be scheduled until the Department completes its investigation.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 13 Ok Reg 1307, eff 3-28-96 (emergency); Amended at 13 Ok Reg 2515, eff 6-27-96 ; Amended at 18 Ok Reg 2545, eff 6-25-01 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-7-2. Hearing [REVOKED]

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 18 Ok Reg 2545, eff 6-25-01 ; Revoked at 40 Ok Reg 1588, eff 9-11-23]

310:677-7-3. Petition and hearing

(a) **Petition.** After the certified nurse aide or nurse aide trainee requests a hearing, the Department shall file a petition which states the facts

supporting the allegation.

(b) **Notice of hearing.** All parties shall be given notice of the date, time and place of the hearing. The notice of hearing shall include a copy of the petition.

(c) **Time.** The hearing shall be scheduled at least fifteen (15) working days after the certified nurse aide or nurse aide trainee has received notice of the hearing.

(d) **Conducting the hearing.** The hearing shall be conducted in accordance with this Subchapter and Chapter 2 of this Title.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 13 Ok Reg 1307, eff 3-28-96 (emergency); Amended at 13 Ok Reg 2515, eff 6-27-96 ; Amended at 18 Ok Reg 2545, eff 6-25-01 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-7-4. Orders

(a) **Authority.** The Administrative Law Judge shall issue a decision within fifteen (15) working days following the close of the hearing record. The decision shall include Findings of Fact and Conclusions of Law separately stated.

(b) **Delegation.** The Commissioner of Health may delegate the authority to issue a final decision in these matters as specified in OAC 310:002-3-6.

(c) **Registry notification.** The decision shall direct the nurse aide registry to place the findings against the certified nurse aide or nurse aide trainee onto the registry. The decision shall direct the nurse aide registry to accept and add to the registry any statement submitted by the certified nurse aide or nurse aide trainee disputing the final decision. The statement of the certified nurse aide or nurse aide trainee shall be submitted to the nurse aide registry within thirty (30) days after the decision is issued.

(d) **Notice.** Each party and attorney of record shall be mailed a copy of the Final Order. The Department shall transmit a copy of the Final Order to the nurse aide registry when the Order is mailed.

(e) **Appeal.** An appeal of the Final Order shall be perfected under the Administrative Procedures Act.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 18 Ok Reg 2545, eff 6-25-01 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-7-5. Petition for removal of finding of neglect

(a) **Petition.** If more than one (1) year has expired since the day the finding of neglect notation was placed upon the file of the certified nurse aide or nurse aide trainee, the certified nurse aide or nurse aide trainee may request a hearing and an individual proceeding shall be commenced upon the filing of a petition or request by the certified nurse aide or nurse aide trainee which states:

- (1) the employment and personal history of the nurse aide does not reflect a pattern of abusive behavior or neglect; and
- (2) the neglect involved in the original finding was a singular occurrence.

(b) **Notice of hearing.** All parties shall be given notice of the date, time and place of the hearing. The notice of hearing shall include a copy of the

petition.

(c) **Time.** The hearing shall be scheduled at least fifteen (15) working days after the certified nurse aide or nurse aide trainee has received notice of the hearing.

(d) **Authority.** The Administrative Law Judge shall issue a decision within fifteen (15) working days following the close of the hearing record. The decision shall include Findings of Fact and Conclusions of Law separately stated.

(e) **Registry notification.** If the Administrative Law Judge finds that the employment and personal history of the nurse aide does not reflect a pattern of abusive behavior or neglect and the neglect involved in the original finding was a singular occurrence, the Administrative Law Judge shall take the following into consideration in making a decision whether to direct the nurse aide registry to remove the finding of neglect notation from the Registry:

- (1) The degree of negligence;
- (2) The severity of the potential negative resident outcome;
- (3) The severity of the actual negative resident outcome;
- (4) The forthrightness and cooperation of the individual;
- (5) Any rehabilitation or education completed by the individual since the incident; and
- (6) Any other factors or considerations the judge determines to be pertinent to the court's decision. In all other instances, the name and information of the nurse aide upon the nurse aide registry shall remain unchanged.

(f) **Status of certification.** Where the Administrative Law Judge directs that the finding of neglect notation be removed, the following shall apply:

- (1) If the nurse aide is no longer certified and has no other disqualifying notations on the registry, the nurse aide shall successfully complete a nurse aide competency evaluation program prior to re-establishing certification. All applicable retesting fees shall apply.
- (2) An individual who fails a nurse aide competency evaluation program under the prior paragraph shall be required to retrain before taking any subsequent retests.
- (3) If the aide is a nurse aide trainee and has no other disqualifying notations on the registry, the nurse aide trainee shall successfully complete a nurse aide training and competency evaluation program to establish certification.

[Source: Added at 26 Ok Reg 2068, eff 6-25-09]

SUBCHAPTER 9. HOME HEALTH AIDES

310:677-9-1. General requirements

(a) The home care agency shall:

- (1) Complete an annual performance review of each home care aide and provide at least twelve (12) hours of in-service training each calendar year.

- (2) Have in-service education generally supervised by a registered nurse who has at least two (2) years nursing experience with at least one (1) year of which shall be in the provision of home care.
- (3) Ensure that all certifications are current and not expired.
- (b) An individual may apply for placement in the nurse aide registry by reciprocity from another State if the individual is listed on another State registry as a certified home care nurse aide and does not have a notation of confirmed abuse, neglect, mistreatment, or misappropriation of property.
- (c) The training program shall inform the trainee that a home care aide shall complete a new nurse aide training and competency examination or competency examination if, upon applying for renewal of certification, the nurse aide has not provided at least eight (8) hours of nursing or health related services for compensation in the previous twenty-four (24) months.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-9-2. Deemed to meet state certification requirements

- (a) The Department shall deem a certified home care aide to meet the nurse aide certification requirements for the following employers after successful completion of at least sixteen (16) hours of documented orientation specific to the employer's population. The employers to which this requirement applies are the following:
 - (1) Residential care.
 - (2) Adult day care.
 - (3) Specialized facility.
- (b) An individual who is listed in the nurse aide registry as a long term care aide may be employed by a home care agency upon successful completion of a Department approved home care skills examination and at least sixteen (16) hours of orientation specific to the employer's population. The individual will be placed on the registry as being certified as a Home Health Aide after successfully passing the examination.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-9-3. Instructor qualifications

- The training of home health aides and the supervision of home health aides during the supervised practical portion of the training shall be performed by, or under the general supervision of, a registered nurse who possesses at least two (2) years nursing experience with at least one (1) year experience providing the following:
- (1) Home care; or
 - (2) Instruction in a home health nurse aide training program under the supervision of a qualified registered nurse.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 24 Ok Reg 2045, eff 6-25-07]

310:677-9-4. Curriculum

- (a) The home care aide training program curriculum must include:
 - (1) At least seventy-five (75) hours of training or the equivalent.
 - (2) At least sixteen (16) hours of classroom training before beginning any supervised practical training.
 - (3) At least sixteen (16) hours of supervised practical training.
- (b) The home care aide training program shall include, but is not limited to, the following subject areas:
 - (1) Communication skills.
 - (2) Observation, reporting and documentation of client status and the care or services furnished.
 - (3) Taking and recording temperature, pulse, and respiration;
 - (4) Basic infection control procedures.
 - (5) Basic elements of body functioning and changes in body function that must be reported to the aide's supervisor.
 - (6) Maintenance of a clean, safe, and healthy environment.
 - (7) Recognizing an emergency and necessary emergency procedures.
 - (8) The physical, emotional, and developmental needs of, and ways to work with, the populations served by the home care agency, including the need for respect for the client, and the client's privacy and property.
 - (9) Appropriate and safe techniques in personal hygiene and grooming including but not limited to the following: bed bath, sponge, tub or shower bath, shampoo, sink, tub, or bed, nail and skin care, oral hygiene and toileting and elimination.
 - (10) Safe transfer techniques and ambulation.
 - (11) Normal range of motion and positioning.
 - (12) Adequate nutrition and fluid intake;
 - (13) Any other task that the home care agency may choose to have the home care aide perform.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-9-5. Competency examination

- (a) The written or oral examination and skills examination shall be administered by a registered nurse.
- (b) The skills examination portion shall include at least the following:
 - (1) Taking and recording temperature, pulse, and respiration.
 - (2) Appropriate and safe techniques in personal hygiene and grooming.
 - (3) Safe transfer techniques and ambulation.
 - (4) Normal range of motion and positioning.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

SUBCHAPTER 11. LONG TERM CARE AIDES

310:677-11-1. General requirements

(a) The facility shall:

- (1) Complete a performance review of every nurse aide at least once every twelve (12) months and provide two (2) hours of inservice training specific to their job assignment each month.
- (2) Have in-service education generally supervised by a registered nurse who has at least two (2) years nursing experience with at least one (1) year of which shall be in the provision of long term care services.
- (3) Ensure that each nurse aide certification is current and not expired.

(b) An individual may apply for listing in the nurse aide registry by reciprocity from another State and the Department may approve such application if the individual is listed in another State registry as a certified long term care aide and does not have a notation of abuse, neglect, mistreatment, or misappropriation of property.

(c) The training program shall inform a trainee that the trainee shall not perform any resident services until the trainee has completed the required sixteen (16) hours of training identified in 310:677-11-4 and the aide shall not perform services for which they have not trained and been found proficient by the instructor.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-11-2. Deemed to meet state certification requirements

(a) The Department shall deem a certified long term care aide to meet the nurse aide certification requirements for the following employers after successful completion of at least sixteen (16) hours of documented orientation specific to the employer's population. This requirement shall apply to the following employers:

- (1) Residential care.
- (2) Adult day care.
- (3) Specialized facility.

(b) A home care aide may be employed by a long term care facility following at least sixteen (16) hours of training in the following areas:

- (1) Resident rights.
- (2) Caring for the resident when death is imminent.
- (3) Care of the cognitively impaired resident.
- (4) Avoiding the need for restraints in accordance with current professional standards.
- (5) The minimum data set, care plans and the interdisciplinary team.

(c) Documentation of the sixteen (16) hours of training shall indicate time spent in each area, be signed by the nurse aide and the instructor and be kept in the nurse aide's personnel file. Documentation shall also be submitted to the Department to place the certified home care aide on the registry as a certified long term care aide.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-11-3. Instructor qualifications

- (a) The training of long term care aides shall be done by, or under the general supervision of, a registered nurse who has:
- (1) At least two (2) years of nursing experience with at least one (1) year in long term care facility services.
 - (2) Completed a course in teaching adults or experience in teaching adults or supervising nurse aides.
- (b) The nurse aide training and competency examination may be supervised by the registered nurse who serves as the director of nursing, provided that the director of nursing shall not perform the actual training.
- (c) There must be one (1) Registered Nurse who meets the qualifications for each long term care training program, whether in the role of RN Supervisor or RN instructor.
- (d) A licensed practical nurse may act as an instructor in an approved nurse aide training and competency examination program when a registered nurse maintains responsibility for the program and is available to provide instruction in areas in which a licensed practical nurse may lack technical expertise.
- (e) Other personnel from the health professions may supplement the instructor. These persons shall be licensed by the State, if applicable, and shall have at least one (1) year experience in the practice of the profession.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02]

310:677-11-4. Curriculum

- (a) The training program for long term care aides shall include:
- (1) At least, seventy-five (75) hours of training or the equivalent.
 - (2) At least sixteen (16) hours of training in the following areas prior to any direct contact with a resident that is documented and signed by the nurse aide trainee:
 - (A) Communication and interpersonal skills.
 - (B) Infection control.
 - (C) Safety and emergency procedures, including the Heimlich maneuver.
 - (D) Promoting a resident's independence.
 - (E) Respecting a resident's rights.
 - (3) At least sixteen (16) hours of supervised practical training that is documented and signed by the nurse aide trainee.
- (b) The long term care aide training program shall include the subjects specified in paragraphs (b)(2) through (7) of 42 CFR 483.152(b) including:
- (1) Basic nursing skills;
 - (2) Personal care skills;
 - (3) Mental health and social service needs;
 - (4) Care of cognitively impaired residents;
 - (5) Basic restorative services; and
 - (6) Residents' Rights.

(c) Pursuant to 63 O.S. § 1-1951(A)(3), the long term care aide training program shall *include a minimum of ten (10) hours of training in the care of Alzheimer's patients.*

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 26 Ok Reg 2068, eff 6-25-09 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-11-5. Competency examination

The competency examination must comply with 42 CFR 483.154 and is addressed under OAC 310:677-3-9 and OAC 310:677-3-10.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

SUBCHAPTER 13. CERTIFIED MEDICATION AIDES

310:677-13-1. General requirements

(a) An individual shall be able to read, write, and speak English and be certified in good standing as a home health aide, a long term care aide, or a ICF/IID care aide listed in the Department's Nurse Aide Registry, prior to admission to a State approved certified medication aide training program. The Department shall make available an attestation form that training programs may use for admission to certified medication aide training.

(b) A certified medication aide shall complete at least eight (8) hours of continuing education every twelve (12) months, excluding the first year of certification, from a State approved program. A record of successful completion shall be kept in the certified medication aide's personnel file.

(c) An employer shall not use as a certified medication aide any individual who does not comply with 63 O.S. § 1-1950.3(E), OAC 310:677, and the employer's policies and procedures.

(d) A certified medication aide shall renew certification every 12 months. Renewal requires the following:

(1) Documentation of completion of at least eight (8) hours of continuing education every twelve (12) months, excluding the first year after certification as a medication aide. Classroom and supervised practical training hours completed by a CMA in a Department-approved advanced training program may count towards the eight required hours of continuing education;

(2) Current certification as a long term care aide, home health aide or ICF/IID care aide. CMAs may also be certified in the other two (2) categories in addition to the required certification as a long term care aide, home health aide and ICF/IID care aide; and

(3) Current listing in the nurse aide registry.

(e) The Department shall approve certified medication aide training programs that meet the requirements of OAC 310:677-13-3 through 13-5, and OAC 310:677-13-9.

(f) The Department shall review, approve or disapprove a Certified Medication Aide Continuing Education Program application and notify

the entity of its action within thirty (30) days of the request or receipt of additional information from the applicant.

(g) The following words or terms when used in this subchapter shall have the following meaning unless the context clearly indicates otherwise:

(1) "Stable diabetes" means diabetes associated with a blood glucose level consistently between 80 and 140 milligrams per deciliter (mg/dl) fasting and less than or equal to 180 mg/dl after a meal, and/or a Hemoglobin A1c (HbA1c) at or below 7.0 within the last three months.

(2) "Unstable diabetes" means:

(A) A non-acutely ill person with blood glucose levels more than three times over a six week period that are under 80 mg/dl or more than 140 mg/dl fasting, or more than 180 mg/dl two hours after a meal;

(B) A person with diabetes who has prescriptions for both insulin and glucagon;

(C) A person with Type I diabetes who experiences hypoglycemia unawareness;

(D) A person who is newly diagnosed with diabetes and for whom insulin is prescribed; or

(E) A person who has been previously diagnosed with diabetes and now requires insulin administration for management. They may be considered stable again when their glucose is maintained in the stable range specified in subsection (g)(1) of this section, which may include maintaining an HbA1c at or below 7.0.

(3) "Newly diagnosed" means a person who now has a diagnosis of either Type I or Type II diabetes, has a new prescription for insulin, has not been diagnosed with diabetes in the past and who does not have stable diabetes.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 23 Ok Reg 559, eff 12-22-05 (emergency); Amended at 23 Ok Reg 2422, eff 6-25-06 ; Amended at 24 Ok Reg 2045, eff 6-25-07 ; Amended at 37 Ok Reg 1455, eff 9-11-20 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-13-2. Deemed to meet state certification requirements

A certified medication aide shall be eligible to perform the duties of a certified medication aide for the following employers:

- (1) Nursing facility or continuum of care facility;
- (2) Specialized facility;
- (3) Residential care home;
- (4) Adult day care facility; and
- (5) Assisted living center.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 23 Ok Reg 559, eff 12-22-05 (emergency); Amended at 23 Ok Reg 2422, eff 6-25-06]

310:677-13-3. Instructor qualifications

(a) Each training program instructor shall be qualified as a physician, licensed nurse, pharmacist, respiratory therapist, speech therapist, or

certified diabetes educator. Each instructor shall have one year of experience in their area of expertise. The program shall designate a registered nurse as the training program supervisor if a licensed practical nurse serves as an instructor.

(b) Other personnel from the health professions may supplement the instructor within their area of expertise or scope of practice, as required by the curriculum and approved by the Department.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 23 Ok Reg 559, eff 12-22-05 (emergency); Amended at 23 Ok Reg 2422, eff 6-25-06 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-13-4. Curriculum

(a) The certified medication aide training program shall include a minimum of forty (40) hours of classroom and supervised practical training with a minimum of sixteen (16) hours of supervised practical training.

(b) The certified medication aide training shall include, but is not limited to each of the following subject areas:

- (1) Preparation and administration of medication.
 - (A) Documentation of medication administration.
 - (B) Proper medication storage procedures.
 - (i) Scheduled controlled substances.
 - (ii) Internal and external medications.
 - (C) Purposes of medications.
 - (D) Oral medications.
 - (E) Topical medications.
 - (F) Eye, ear, and nose medications.
 - (G) Vaginal medications.
 - (H) Rectal medications.
 - (I) Oral inhalants.
 - (J) Transdermal medications.
 - (K) Medical terminology, symbols, and abbreviations.
 - (L) The rights of medication administration, including the right patient, drug, date, time, dosage, route and form.
 - (M) Controlled drug procedures.
 - (N) Recognizing appropriate situations requiring assistance of the charge nurse.
 - (O) Drug-reference sources.
 - (P) Vital sign measurement with drug administration.
 - (Q) Medication labeling.
- (2) Observe, report, and document resident's status.
 - (A) Blood pressure measurement and documentation.
 - (B) Drug to drug interactions.
 - (C) Drug to food interactions, and medication timed to coincide with meals.
- (3) Principles of safety.
 - (A) Infection control techniques.
 - (B) Principles of positioning for medication administration.
- (4) Knowledge of measurement systems.
 - (A) Distinguish weight and volume measurements.
 - (B) Decimal and fraction concepts in medication administration.

- (C) Appropriate measurement equipment.
- (5) Body systems and common diseases.
 - (A) Digestive system and common diseases to medication administration.
 - (B) Respiratory system and common diseases to medication administration.
 - (C) Drug metabolism.
 - (D) Cardiovascular system and common diseases to medication administration.
 - (E) Endocrine system in relation to diabetes and hormone therapy.
 - (F) Elimination system and common diseases to medication administration.
 - (G) Skin system and common diseases to medication administration.
 - (H) Muscular-skeletal system and common diseases to medication administration.
 - (I) Nervous system and common diseases to medication administration.
- (c) The advanced training program for care of diabetes and the administration of diabetic medications by CMAs shall include:
 - (1) A minimum of twelve hours of classroom training and a minimum of four hours of supervised practical training;
 - (2) Training in the following subject areas with curriculum standards as indicated:
 - (A) Pathophysiology of diabetes, with the successful learner able to:
 - (i) Define diabetes as a chronic metabolic disorder in which the body is unable to metabolize glucose properly;
 - (ii) Describe the action of insulin in the body; and
 - (iii) Explain the differences between the types of diabetes;
 - (B) Diabetes disease management, with the successful learner able to:
 - (i) Describe the relationship between insulin, diet, and physical activity in management of diabetes; and
 - (ii) Explain how diet relates to blood glucose control;
 - (C) Blood glucose testing and use of equipment, with the successful learner able to:
 - (i) Explain the purpose of blood glucose testing;
 - (ii) Demonstrate how to use blood glucose testing equipment, and demonstrate accuracy; and
 - (iii) Explain the quality control requirements for glucose monitoring equipment, demonstrate both high and low controls, and explain their purpose and frequency of control testing;
 - (D) Stable and unstable diabetes, with the successful learner able to:

- (i) Identify appropriate blood glucose levels for persons with diabetes;
 - (ii) Define hypoglycemia and list three causes and three symptoms;
 - (iii) Define hyperglycemia and list three causes and three symptoms; and
 - (iv) Define and describe the difference between stable and unstable diabetes;
- (E) Diabetes care by managing blood glucose levels, with the successful learner able to:
- (i) List three carbohydrate choices used to treat hypoglycemia;
 - (ii) Describe measures to prevent hypoglycemia;
 - (iii) Describe the relationship between blood glucose levels and indications for glucagon use;
 - (iv) Describe measures to prevent hyperglycemia; and
 - (v) State when to contact and what to report to a licensed health care provider;
- (F) Charting, graphing, and record-keeping, with the successful learner able to:
- (i) Explain the reason for accurate documentation of all aspects of diabetes management and care, including blood glucose results, quality control testing, medication administration, and adverse reactions;
 - (ii) Identify correct forms for documentation; and
 - (iii) Demonstrate the ability to accurately document diabetes management and care;
- (G) Diabetic medications and adverse reactions (Insulin), with the successful learner able to:
- (i) Describe the purpose of insulin;
 - (ii) State the types of insulin and each onset, peak and duration of action;
 - (iii) Explain the difference between basal and bolus insulin; and
 - (iv) State common side effects, adverse reactions and precautions for insulins;
- (H) Diabetic medications and adverse reactions (Oral agents), with the successful learner able to:
- (i) Describe the purpose, action and recommended doses of each oral agent; and
 - (ii) State common side effects, adverse reactions and precautions for each oral agent;
- (I) Administration of diabetic medications, with the successful learner able to:
- (i) State the correct administration times for insulin and oral agents relevant to meals and mechanisms of action;
 - (ii) Identify the preferred sites for an insulin injection and describe site rotation patterns;

- (iii) Discuss the proper storage of insulin;
 - (iv) Demonstrate the accurate measurement and correct technique for preparation of a single and a mixed dose of insulin;
 - (v) Explain why it is required to check insulin type and dose drawn with another certified medication aide or licensed health care provider; and
 - (vi) Demonstrate administration of a dose of insulin (or saline) to self or another person and/or to a training mannequin appropriate for injections during classroom training; and
 - (vii) Demonstrate administration of a dose of insulin (or saline) to self or another person during supervised practical training;
- (J) Infection control and universal precautions for blood borne pathogens, with the successful learner able to:
- (i) Define the term "universal precautions";
 - (ii) Demonstrate safe handling of syringes, needles, pen devices, glucometer equipment and test strips, lancing devices and lancets; and
 - (iii) Explain proper disposal of used syringes, needles, test strips and lancets; and
- (3) Return demonstrations of skill with a proficiency of 100% and didactic testing measuring curriculum knowledge at 90% or greater.
- (d) The advanced training program for administration of medications and nutrition via nasogastric and gastrostomy tubes, and for administration of oral metered dose inhalers and nebulizers, shall include:
- (1) A combined minimum of eight (8) hours of classroom and supervised practical training;
 - (2) Training in at least the following subject areas:
 - (A) Gastrointestinal system and alternative methods for providing medications and nourishment;
 - (B) Nasogastric and gastrostomy equipment and supplies;
 - (C) Procedures and techniques for insertion of nasogastric tube by a licensed nurse, and assessment of patient by registered nurse after placement of nasogastric or gastrostomy tube and before administration of medication or feedings;
 - (D) Procedures and techniques for checking stomach contents through a gastrostomy tube prior to the administration of medication and/or feedings per licensed nurse delegation, when assessment of gastrostomy tube placement and assessment of resident status by a licensed nurse is not indicated based on the resident's current assessment and care plan and/or status and condition;
 - (E) Methods and techniques for administration of medications and nutrition via nasogastric and gastrostomy tubes;
 - (F) Identification of and responses to potential problems associated with administration of medications and

- nutrition via nasogastric and gastrostomy tubes;
 - (G) Respiratory system and methods for delivery of medications;
 - (H) Equipment and supplies for administration of medication via metered dose inhalers and nebulizers;
 - (I) Methods and techniques for administering medications via metered dose inhalers and nebulizers; and
 - (J) Identification of and responses to potential problems associated with administration of medications via metered dose inhalers and nebulizers; and
- (3) Return demonstrations of skill with a proficiency of 100% and didactic testing measuring curriculum knowledge at 90% or greater.
- (e) The advanced training program for care of diabetes and the monitoring of blood glucose only, with no administration of insulin by CMAs, shall include:
 - (1) A minimum of six (6) hours of classroom training and a minimum of two hours of supervised practical training; and
 - (2) Return demonstrations of skill with a proficiency of 100% and didactic testing measuring curriculum knowledge at 90% or greater.
- (f) The advanced training program for administration of medications and nutrition via nasogastric and gastrostomy tubes only, with no administration via oral metered dose inhalers and nebulizers, shall include:
 - (1) A combined minimum of four (4) hours of classroom training and two (2) hours of supervised practical training; and
 - (2) Return demonstrations of skill with a proficiency of 100% and didactic testing measuring curriculum knowledge at 80% or greater.
- (g) The advanced training program for administration of oral metered dose inhalers and nebulizers only, with no administration via nasogastric and gastrostomy tubes, shall include:
 - (1) A combined minimum of two (2) hours of classroom training and one (1) hour of supervised practical training;
 - (2) Training in the subject areas identified in subparagraphs (d) (2)(F), (G), (H) and (I) of this section; and
 - (3) Return demonstrations of skill with a proficiency of 100% and didactic testing measuring curriculum knowledge at 80% or greater.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 23 Ok Reg 559, eff 12-22-05 (emergency); Amended at 23 Ok Reg 2422, eff 6-25-06 ; Amended at 24 Ok Reg 2045, eff 6-25-07 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-13-5. Competency examination

- (a) The following shall apply to the written or oral portion of the competency examination.
 - (1) The examination shall be drawn from a pool of test questions that address the course requirements.

- (2) The examination shall be administered and scored by a Department approved entity.
- (3) The examination shall comply with the examination administration requirements in OAC 310:677-3-9.
- (4) A minimum score of seventy percent (70%) shall be required to pass the written competency examination for certification as a medication aide.
- (5) A minimum score of eighty percent (80%) shall be required to pass the written competency examination for insulin administration.
- (6) A candidate who fails to score at least the required minimum on three consecutive written competency examinations shall be required to retrain before retesting.
- (b) The following shall apply to the skills demonstration.
 - (1) The skills demonstration shall be performed in a laboratory or a site comparable to the setting in which the certified medication aide will function.
 - (2) The skills demonstration shall be administered and scored by a physician, licensed nurse or registered pharmacist.
 - (3) The student shall achieve one hundred (100) percent accuracy on a medication pass on at least twenty (20) or more individuals under direct observation by an instructor.
 - (4) The successful completion of the medication pass shall be documented and retained in the certified medication aide's training file.
 - (5) The skills demonstration shall comply with the administration requirements in OAC 310:677-3-9 and the content requirements in OAC 310:677-3-10.
- (c) The competency examination program shall obtain a written attestation of compliance with OAC 310:677-13-8(a) from each candidate for medication aide certification before administering the examination to the candidate. The Department shall make available a form that examination entities may use to obtain attestations from testing candidates.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 23 Ok Reg 559, eff 12-22-05 (emergency); Amended at 23 Ok Reg 2422, eff 6-25-06 ; Amended at 24 Ok Reg 2045, eff 6-25-07 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-13-6. Competency and practice standards

- (a) Each certified medication aide must function under the supervision of a licensed nurse or physician.
- (b) Each certified medication aide shall:
 - (1) Comply with 63 O.S. Section 1-1950.3(E) and OAC 310:677-13;
 - (2) Perform within authorized duties;
 - (3) Follow written instructions of a licensed nurse or physician;
 - and
 - (4) Accurately record medications administered, withheld or refused.
- (c) Each certified medication aide shall demonstrate understanding of the CMA's relationship to licensed nurses and physicians, including:

- (1) The authority of physicians, physician assistants and advanced practice nurses to order medications and treatments;
 - (2) The authority of registered nurses to perform assessments and report to physicians;
 - (3) The authority of licensed practical nurses to perform focused reviews and report to registered nurses and physicians; and
 - (4) The functions of the certified medication aide authorized in 63 O.S. Section 1-1950.3(E) and OAC 310:677-13-7.
- (d) Each certified medication aide shall:
- (1) Pass written and clinical skills tests prior to performing as a certified medication aide; and
 - (2) Demonstrate competency and complete required continuing education that is relevant to the services being provided by the certified medication aide.

[Source: Added at 23 Ok Reg 559, eff 12-22-05 (emergency); Added at 23 Ok Reg 2422, eff 6-25-06]

310:677-13-7. Skills and functions

(a) **Task assignments.** Approved training programs and facilities, centers and homes shall ensure that a task selected, taught and assigned to certified medication aides meets the minimum requirements of this chapter.

(b) **Limitations.** A certified medication aide shall not:

- (1) Administer medication that requires assessment unless a registered nurse is available to perform the assessment within the required time;
- (2) Perform oral, nasal or tracheal suctioning;
- (3) Apply topical wound care medications that involve decubitus treatment ordered by the attending physician;
- (4) Act as preceptor for a medication aide in training;
- (5) Administer PRN medication without a documented assessment unless authorization is obtained from a licensed nurse on duty or on call, and unless fully documented by the certified medication aide;
- (6) Perform blood glucose testing unless the CMA has completed a Department-approved advanced training program and has demonstrated competency for care of diabetes;
- (7) Administer insulin unless the CMA has successfully completed a Department-approved advanced training program and competency and skills examination, and unless a physician or licensed nurse is on-site if the individual:
 - (A) Is newly diagnosed with diabetes;
 - (B) Requires insulin administration based on blood glucose levels and does not have clear physician orders for variable or sliding scale insulin; or
 - (C) Has unstable diabetes; or
- (8) Administer medications or nutrition via nasogastric or gastrostomy tubes, or administer oral metered dose inhalers or nebulizers, unless the CMA has completed a Department-approved advanced training program and has demonstrated

competency for such services; or

(9) Take or note physician orders.

(c) **Skills review.** The facility, center or home shall validate certified medication aide skills before the certified medication aide performs medication administration. The certified medication aides' skills shall be reviewed annually for performance competency.

(d) **Functions.** The functions of the certified medication aide are:

(1) Knowing the resident, including:

(A) Reviewing the resident's plan of care; and

(B) Recognizing normal and abnormal conditions for the specific resident;

(2) Collection and documentation of data;

(3) Identifying a change in condition;

(4) Reporting to the licensed nurse and/or physician;

(5) Contacting emergency medical services;

(6) Receiving facility-specific training and orientation from the facility's licensed nurse;

(7) Demonstrating competency and proficiency to the facility's licensed nurse; and

(8) Receiving delegated tasks from the facility licensed nurse, and performing based upon such delegation.

[Source: Added at 23 Ok Reg 559, eff 12-22-05 (emergency); Added at 23 Ok Reg 2422, eff 6-25-06 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-13-8. Certification and renewal

(a) Effective August 1, 2006, the following, to be evidenced by the aide's attestation, are prerequisites for certification as a medication aide:

(1) Minimum age: 18;

(2) Minimum education: high school or general equivalency diploma;

(3) Current Oklahoma nurse aide certification with no abuse notations;

(4) Experience working as a certified nurse aide for six months; and

(5) Physical and mental capability to safely perform duties.

(b) Application criteria and processing requirements for renewal are as follows:

(1) The certified medication aide shall submit a Renewal Application that requires information to demonstrate compliance with OAC 310:677-13-1(d).

(2) The Renewal Application shall be accompanied by a ten dollar (\$10.00) fee.

(3) Each renewal shall be effective for twelve months from the expiration date of the medication aide's previous certification.

(4) The medication aide shall be required to retest if certification has expired by more than one year. The individual may obtain approval to take a retest by filing a Certified Medication Aide Retest Application with a fifteen dollar (\$15.00) nonrefundable fee. The aide shall retrain and test if the aide fails the retest or if certification has expired by more than three years.

(5) The Renewal Application) for a medication aide shall include documentation of continuing education equivalent to eight hours for every twelve months of certification, excluding the first year of certification.

(c) A certified medication aide who completes a Department-approved advanced training program and demonstrates competence may request a Department-issued certificate that bears an endorsement for the advanced training. When an advanced-training certificate is issued by the Department to a certified medication aide, a notation reflecting the advanced training shall be placed on the aide's record in the Nurse Aide Registry. A request for endorsement shall be accompanied by a ten dollar (\$10.00) endorsement fee and proof of training and competence on an application form that requires:

- (1) The name and contact information for the certified medication aide; and
- (2) The name of the training program, dates of attendance, details on the CMA's demonstration of competence, and copies of documents from the program confirming training and competence.

[Source: Added at 23 Ok Reg 559, eff 12-22-05 (emergency); Added at 23 Ok Reg 2422, eff 6-25-06 ; Amended at 24 Ok Reg 2045, eff 6-25-07 ; Amended at 26 Ok Reg 2068, eff 6-25-09 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-13-9. Training and Competency Evaluation Programs

(a) Department approval of the training and competency evaluation program is required prior to offering training.

(b) The program must submit information on a form provided by the Department to include:

- (1) Name and address for the entity sponsoring the program and for the contact person for the program;
- (2) The location of the administrative office of the program and the location where records are maintained;
- (3) Position descriptions and education and experience requirements for training supervisors and instructors, and the program's procedure for ensuring that supervisors and instructors satisfy such descriptions and requirements.
- (4) Standards for classroom and clinical facilities;
- (5) Program outline, with objectives, curriculum, and instruction methods, and demonstration that the program addresses skills and functions specified in OAC 310:677-13-7; and
- (6) Evaluation methods, including lab and clinical skills checklists, and examinations.

(c) Department approved training programs shall be evaluated every three years. Between evaluations, the training program shall send the Department advance notice of changes in previously approved program information.

(d) Each program is subject to site visits by the Department.

(e) Within 30 days after receipt of an application for a program that is not currently approved, the Department shall determine if the application is complete and consistent. If the application is incomplete or inconsistent,

the Department shall advise the applicant in writing and offer an opportunity to submit additional information. Within 30 days after completeness, the Department shall approve or disapprove the application. If the action is to disapprove, the Department shall advise the applicant in writing of the specific reasons for the disapproval, and offer an opportunity to demonstrate compliance.

(f) The Department may withdraw approval or refuse to renew approval of a training program based on the program's noncompliance with 63 O.S. Section 1-1950.3 or 1-1951, or OAC 310:677. The Department shall notify the program of the intent to withdraw or not renew approval. The notice shall cite the specific reasons for the action and offer the applicant an opportunity to demonstrate compliance. Prior to the effectiveness of the withdrawal or non-renewal, the Department shall offer the program an opportunity for a hearing. After the withdrawal or non-renewal, the Department may oversee orderly closure of a program.

(g) Training modules in addition to the minimums for certified medication aide training shall be submitted for Department approval as training programs prior to offering training.

(h) For advanced training programs for care of diabetes, the Department shall deem as acceptable the use of training materials approved by the American Diabetes Educators Association, Oklahoma Chapters.

[Source: Added at 23 Ok Reg 559, eff 12-22-05 (emergency); Added at 23 Ok Reg 2422, eff 6-25-06 ; Amended at 24 Ok Reg 2045, eff 6-25-07]

310:677-13-10. Denial, suspension, withdrawal, and nonrenewal of certification

(a) Grounds for certification action against a certified medication aide may include:

- (1) Intentionally providing false or misleading information to a training program, a facility, or the Department;
- (2) Failing to administer medications as ordered by a health care professional, with resulting actual harm that is either life threatening or has a negative outcome for the resident;
- (3) Failing to consistently document medications;
- (4) Altering or falsifying medication records;
- (5) Altering or falsifying certified nurse aide or certified medication aide identification cards;
- (6) Diverting drugs;
- (7) Practicing nursing or medicine except as authorized pursuant to 63 O.S. Section 1-1950.3, 1-1951, OAC 310:677, and Oklahoma laws and rules specific to the CMA's employer as specified in OAC 310:677-13-2;
- (8) Representing oneself as certified medication aide without current certification;
- (9) Administering medications in a setting other than those authorized in 63 O.S. Section 1-1950.3(E); or
- (10) Materially failing to conform to 63 O.S. Section 1-1950.3(E) and OAC 310:677-13.

(b) The Department may deny, suspend, withdraw or not renew certification of a medication aide based on the aide's noncompliance with

63 O.S. Section 1-1950.3 or 1-1951, or OAC 310:677. The Department shall notify the aide of the intent to deny, suspend, withdraw or not renew certification. The notice shall cite the specific reasons for the action and offer the aide an opportunity to demonstrate compliance. Prior to the effectiveness of the denial, suspension, withdrawal, or nonrenewal of certification, the Department shall offer the aide an opportunity for a hearing.

(c) The suspension of a certificate shall be effective for not less than six months, and a denial, withdrawal or nonrenewal of a certification shall be effective for not less than one year. The Department shall specify the duration of the denial, suspension, withdrawal or nonrenewal of certification in excess of the minimums based on the seriousness of the underlying violation and the likelihood that the aide will maintain compliance in the future.

310:677-13-11. Facility policies and procedures

(a) If a facility uses certified medication aides, facility policies and procedures shall address:

- (1) Methods that the facility, center or home uses to ensure that training, skill validation, and task assignment procedures are approved and implemented;
- (2) Licensed supervision, oversight and availability;
- (3) Staff intervention during an emergency;
- (4) Procedures for responding when a resident experiences a change in condition, demonstrates side effects or does not respond to the medication regimen as identified in the plan of care;
- (5) Documentation that must be maintained;
- (6) Reporting errors to licensed nurses and/or physicians; and
- (7) Reporting violations of 63 O.S. Section 1-1950.3(E) and OAC 310:677 to the State Health Department.

(b) If a facility uses certified medication aides that have completed an advanced training program and demonstrated competency for care of diabetes or other specialized training modules, the facility policies and procedures shall address subsection (a) of this section and:

- (1) Standards for monitoring and assessments of residents by a registered nurse or physician, including:
 - (A) Frequency of monitoring and assessment;
 - (B) Distinguishing between Type I and Type II diabetes, and stable and unstable diabetes;
- (2) Validating CMA skills before the CMA performs medication administration, and annual reviews of CMA performance competency and proficiency by the facility nurse;
- (3) Procedures for blood sugar testing;
- (4) Collecting data;
- (5) Charting, graphing and recording data;
- (6) Standards for reporting to the licensed nurse or physician on a timely basis, including:

- (A) Recognition of abnormal resident reactions;
 - (B) Contact procedures, on-call hours, and response times;
 - and
 - (C) Medication administration errors, including the wrong patient, drug, date, time, dosage, route or form;
- (7) Contacting emergency medical services;
 - (8) Training, orientation and delegation of tasks from the facility's nurse;
 - (9) Drawing up insulin;
 - (10) Following physician orders, including use of sliding scale orders prescribed by physicians;
 - (11) Safety and infection control; and
 - (12) Minimum qualifications for CMAs and facility screening of applicants, to include assurance that each certified medication aide has the physical and mental capability to safely perform duties.

[Source: Added at 23 Ok Reg 559, eff 12-22-05 (emergency); Added at 23 Ok Reg 2422, eff 6-25-06]

310:677-13-12. Medication aide continuing education

- (a) An entity seeking approval of a certified medication aide continuing education program shall file a nonrefundable application fee of seventy-five dollars (\$75.00) and a Certified Medication Aide Continuing Education Form, which requires the following:
- (b) Within 30 days after receipt of an application for a continuing education program that is not currently approved, the Department shall determine if the application is complete and consistent. If the application is incomplete or inconsistent, the Department shall advise the applicant in writing and offer an opportunity to submit additional information. Within 30 days after completeness, the Department shall approve or disapprove the application. If the action is to disapprove, the Department shall advise the applicant in writing of the specific reasons for the disapproval, and offer an opportunity to demonstrate compliance.
- (c) Department-approved continuing education programs shall be evaluated every three years. Between evaluations, the training program shall send the Department advance notice of changes in previously approved program information.
- (d) An approved continuing education program shall submit to the Department within 30 days after the conclusion of a continuing education class the following information:
 - (1) The title of the class and number of hours offered;
 - (2) The name, certification number, and number of hours attended for each certified medication aide who satisfactorily completed the continuing education class.

SUBCHAPTER 15. ICF/IID CARE AIDES

310:677-15-1. Deemed to meet state certification requirements

(a) A certified ICF/IID care aide is deemed to meet the nurse aide certification requirements for the following employers after successful completion of at least sixteen (16) hours of documented orientation specific to the facility population. The employers to which this subsection applies are:

- (1) Residential care.
- (2) Adult day care.

(b) The Department shall deem a certified long term care aide or a home care aide who has at least sixteen (16) hours of training specific to individuals with intellectual or developmental disabilities to meet the requirements for an ICF/IID care aide.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 37 Ok Reg 1455, eff 9-11-20 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-15-2. Instructor qualifications

(a) The instructor for training ICF/IID care aides shall be a licensed nurse or a qualified intellectual disability professional who has at least one (1) year experience in the provision of services in a facility for the developmentally disabled.

(b) Other personnel from the health professions may supplement the instructor as required by the curriculum.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 37 Ok Reg 1455, eff 9-11-20]

310:677-15-3. Curriculum

(a) The ICF/IID care aide training program shall include at least seventy-five (75) hours of classroom and supervised practical training or the equivalent.

(b) The ICF/IID care aide training program shall include, but is not limited to, each of the following subject areas:

- (1) Ethical conduct.
- (2) Resident's rights.
- (3) Principles of safety.
- (4) Infection control techniques.
- (5) Nutrition and hydration.
- (6) Elements and changes of body functions.
- (7) Basic nursing skills.
- (8) Communication skills.
- (9) Mobility.
- (10) Hygiene, personal care, and comfort.
- (11) Terminology, principles, and concepts of cognitive impairment.
 - (A) Characteristics of cognitive impairment.
 - (B) Discern between different levels of intellectual disability.
 - (C) Principles of assessment tools.
 - (D) Terminology of active treatment.
- (12) Psychosocial needs.

- (A) Behavioral management techniques.
- (B) Identification of psychosocial needs.
- (C) Death and dying.
- (D) Recognizing deviant behavior.
- (E) Socialization skills.
- (13) Independent living skills.
 - (A) Promoting physical and mental independence.
 - (B) Promoting principles of normalization and community integration.
- (14) Active treatment components.
 - (A) Interdisciplinary team concepts and roles.
 - (B) Components of individual program plans.
 - (C) Using individual program plans.
 - (D) Proper documentation techniques.

[Source: Added at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 37 Ok Reg 1455, eff 9-11-20 ; Revoked at 40 Ok Reg 1588, eff 9-11-23]

SUBCHAPTER 17. RESIDENTIAL CARE AIDES

310:677-17-1. Deemed to meet state certification requirements

- (a) The Department shall deem a certified residential care aide to meet the adult day care program aides certification requirements after successful completion of at least sixteen (16) hours of training specific to the facility population.
- (b) The Department shall deem a certified long term care aide, a certified home care aide or a certified ICF/IID care aide who has at least sixteen (16) hours of documented training specific to the residential care population to meet the requirements for a certified residential care aide.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 37 Ok Reg 1455, eff 9-11-20 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-17-2. Instructor qualifications

- (a) The instructor for the training of residential care aides shall be a licensed nurse who has at least one (1) year experience in the provision

of residential or health care services.

(b) Other personnel from the health professions may supplement the instructor as required by the curriculum.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02]

310:677-17-3. Curriculum

(a) The residential care aide training program shall include at least forty-five (45) hours of classroom and supervised practical training or the equivalent.

(b) The residential care aide training program shall include, but is not limited, to each of the following subject areas:

- (1) Ethical behaviors.
- (2) Legal behaviors.
- (3) Principles of safety.
- (4) Proper body mechanics.
- (5) Providing a safe environment.
- (6) Infection control.
- (7) Principles of nutrition and hydration.
- (8) Body functions.
- (9) Age-related changes.
- (10) Mobility.
- (11) Psychosocial needs.
- (12) Communication skills.
- (13) Resident behaviors.
- (14) Basic nursing skills.
- (15) Recognize, document, and report abnormal findings.
- (16) Recognize and document indications of illness.
- (17) Hygiene and personal care.

SUBCHAPTER 19. ADULT DAY CARE PROGRAM AIDES

310:677-19-1. Deemed to meet state certification requirements

(a) The Department shall deem a certified adult day care program aide to meet the nurse aide certification requirements for a residential care employer after successful completion of at least sixteen (16) hours of documented training specific to the facility population.

(b) The Department shall deem a certified long term care aide, a certified home care aide or a certified ICF/IID care aide who has at least sixteen (16) hours of training specific to the adult day care population to meet the requirements for certification as an adult day care aide.

Documentation of the sixteen (16) hours of training shall be submitted to the Department and the certified long term care aide, certified home care aide or certified ICF/IID care aide shall be certified as a certified adult day care aide.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95 ; Amended at 19 Ok Reg 2106, eff 6-27-02 ; Amended at 37 Ok Reg 1455, eff 9-11-20 ; Amended at 40 Ok Reg 1588, eff 9-11-23]

310:677-19-2. Instructor qualification

(a) The instructor for the training of adult day care program aides shall be an individual who has training experience and a strong knowledge of adult day care acquired through education or experience.

(b) Other personnel from the health professions may supplement the instructor as required by the curriculum.

[Source: Added at 12 Ok Reg 3087, eff 7-27-95]

310:677-19-3. Curriculum

(a) The adult day care aide training program shall include at least forty-five (45) hours of classroom and supervised practical training or the equivalent.

(b) The adult day care aide training program shall include, but is not limited to, each of the following subject areas:

- (1) Ethical behaviors.
- (2) Legal behaviors.
- (3) Client rights.
- (4) Principles of safety to participant care.
- (5) Demonstrating disaster and fire procedures.
- (6) Cardiopulmonary resuscitation and first aid procedures.
- (7) Body mechanics.
- (8) Infection control.
- (9) Nutrition and hydration.
- (10) Special diets.
- (11) Sanitary food preparation and storage.
- (12) Body functions and age related changes.
- (13) Identifying changes related to the disease process.
- (14) Psychosocial needs.
- (15) Communication skills.
- (16) Mobility.
- (17) Assistive devices.
- (18) Assisting with range of motion exercises.
- (19) Hygiene, personal care, and comfort.
- (20) Providing assistance in program delivery.

CHAPTER 678. OFFICE OF CLIENT ADVOCACY

Editor's Note: *Effective 11-1-24, the rules in this Chapter were transferred from Chapter 2, Subchapter 3, in the Department of Human Service's Title 340 [OAC 340:2-3-1 through 340:2-3-75]. Pursuant to Senate Bill 1709 (2024), "all administrative rules promulgated by the Director of Human Services for the Office of Client Advocacy shall be transferred to and become a part of the administrative rules of the State Department of Health" [Senate Bill 1709 (2024)].*

[Source: Codified 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

SUBCHAPTER 1. ADMINISTRATION

310:678-1-1. Purpose

The purpose of this Subchapter is to outline the rules governing the operation of OCA. Rules relating to:

- (1) investigations conducted by OCA are found in Oklahoma Administrative Code (OAC) 340:2-3-32 through 340:2-3-38;
- (2) grievance systems maintained by OCA are found in OAC 340:2-3-45 through 340:2-3-55;
- (3) the Grievance and Abuse Review Committee (GARC) are found in OAC 340:2-3-61 through 340:2-3-65; and
- (4) OCA Advocacy Programs are found in OAC 340:2-3-71 through 340:2-3-75.

[Source: Transferred from 340:2-3-1 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-1-2. Definitions

The following words and terms when used in this Subchapter have the following meanings, unless the context clearly indicates otherwise:

"Abuse" means, with regard to:

(A) children, per Section 1-1-105 of the Oklahoma Statutes (10A O.S. § 1-1-105) harm or threatened harm to the health, safety, or welfare of a child by a person responsible for the child's health, safety, or welfare (PRFC) including, but not limited to: non-accidental physical or mental injury, sexual abuse, or sexual exploitation.

(B) vulnerable adults, per 43A O.S. § 10-103, causing or permitting:

- (i) the infliction of physical pain, injury, sexual abuse, sexual exploitation, unreasonable restraint or confinement, mental anguish, or personal degradation; or
- (ii) deprivation of nutrition, clothing, shelter, health care, or other care or services without which serious physical or mental injury is likely to occur to a vulnerable adult by a caretaker or other person providing services to a vulnerable adult.

"Administrative information" means information reported to or obtained by Oklahoma Human Services (OKDHS) regarding the community services provider during the investigative process that may

be appropriate for internal administrative action but does not have the potential to impact the immediate health, safety, or welfare of recipients of community services, has not been verified as true and is for informational purposes only, per 56 O.S. § 1025.1.

"Administrator" or **"administrator's designee"** means, with regard to:

- (A) children in (OKDHS) custody living in a private, residential facility: the facility's chief administrative officer;
- (B) children in OKDHS custody living in an OKDHS-operated shelter or group home, the shelter or group home director;
- (C) children in OKDHS custody living in any other setting, including any type of out-of-home placement: the applicable OKDHS district director;
- (D) foster care parents: the applicable OKDHS district director or deputy director;
- (E) children in residential care facilities operated by the Oklahoma Department of Rehabilitation Services (ODRS); facilities that contract with, or are licensed by, the Oklahoma Office of Juvenile Affairs (OJA), with the exception of OJA-operated secure facilities, the Oklahoma Department of Mental Health and Substance Abuse Services (ODMHSAS); and the J.D. McCarty Center or OKDHS and other residential care facilities: the superintendent, director, chief administrative officer, or head of the facility regardless of the person's working title;
- (F) day treatment programs: the person charged with responsibility for program administration;
- (G) adults and children who are in OKDHS Developmental Disabilities Services (DDS) specialized foster care and DDS specialized foster care parents: the applicable DDS area manager;
- (H) Robert M. Greer Center (Greer) residents: the facility director;
- (I) providers of residential services, vocational services, or in-home paraprofessional supports to individuals with developmental disabilities living in the community: the provider's chief executive officer; and
- (J) residents of group homes for persons with developmental disabilities: the group home director.

"Advocate" means an Office of Client Advocacy (OCA) employee who provides assistance to OCA clients in exercising their rights, listening to their concerns, encouraging them to speak for themselves, seeking to resolve their problems, helping protect their rights, and seeking to improve the quality of their lives and care.

"Age-appropriate" or **"developmentally-appropriate"** means:

- (A) activities or items that are generally accepted as suitable for children of the same age or level of maturity or that are determined to be developmentally-appropriate

for a child, based on the development of cognitive, emotional, physical, and behavioral capacities that are typical for an age group; and
(B) in the case of a specific child, activities or items that are suitable for that child based on the developmental stages attained by the child with respect to the cognitive, emotional, physical, and behavioral capacities of the specific child per 10A O.S. § 1-1-105.

"Agency companion" means a person who provides agency companion services, per OAC 317:40-5-3, to:

(A) members 18 years of age or older who are eligible for services through Community or Homeward Bound waivers, or

(B) persons under 18 years of age, with approval from the OKDHS Developmental Disability Services (DDS) director or designee.

"Area manager" means an administrator of one of the three service delivery areas designated by OKDHS DDS.

"Areas of Concern" or "(AOC)" means:

(A) with regard to children: issues that do not rise to the level of abuse or neglect, but may constitute possible deficiencies, irregularities, or deviations from policies and best practices. AOCs are brought to the provider's attention or informational purposes or for appropriate corrective action, when applicable; and

(B) with regard to individuals served by a community services worker, issues that do not rise to the level of a substantiated finding, but may constitute possible deficiencies, irregularities, or deviations from policies and best practices by the community services provider, which has the potential to impact the health, safety, or welfare of recipients of community-based services, and OKDHS has conducted sufficient inquiry into the issue to meet the probable cause investigative standard, per 56 O.S. § 1025.1.

"Behavioral health" means mental health, substance abuse, or co-occurring mental health and substance abuse diagnoses, and the continuum of mental health, substance use or abuse, or co-occurring mental health and substance abuse treatment, per 10A O.S. § 1-1-105.

"Caretaker" means, per 43A O.S. §10-103, a person who has:

(A) the responsibility for the care of a vulnerable adult or the financial management of the resources of a vulnerable adult as a result of a family relationship;

(B) assumed the responsibility for the care of a vulnerable adult voluntarily, by contract, or as a result of the ties of friendship; or

(C) was appointed a guardian, limited guardian, or conservator pursuant to the Oklahoma Guardianship and Conservatorship Act.

"Caretaker misconduct" means, per 10A O.S. § 1-9-112, an act or omission by a PRFC that does not rise to the level of abuse, neglect,

sexual abuse, or sexual exploitation with regard to any child or resident:

(A) residing outside their own homes other than children in foster care or children in the custody of OJA and placed in an OJA secure facility;

(B) in a day treatment program as defined in 10 O.S. § 175.20;

(C) receiving services from a community services worker as that term is defined in 56 O.S. § 1025.1; and

(D) residing in a state institution listed in 10 O.S. § 1406.

"Child" means any unmarried person younger than 18 years of age.

"Child-placing agency" means an agency that arranges for, or places a child in, a foster family home, family-style living program, group home, adoptive home, or a successful adulthood program per 10A O.S. § 1-1-105.

"Child with a disability" means any child who has a physical or mental impairment that substantially limits one or more of the major life activities of the child or who is regarded as having such impairment by a competent medical professional, per 10A O.S. § 1-1-105.

"Client" means, with regard to OCA:

(A) investigative services: individuals listed in OAC 340:2-3-32(a)(2);

(B) grievance services: individuals listed in OAC 340:2-3-45(a)(2); and

(C) advocacy program: individuals listed in OAC 340:2-3-71(b).

"Community services provider" means a community-based program, corporation, or individual who contracts with, or is licensed or funded by, OKDHS to provide residential or vocational services to persons who are elderly or persons with intellectual or developmental disabilities, or contracts with the Oklahoma Health Care Authority (OHCA) to provide services to individuals with intellectual disabilities through a Home and Community-Based Waiver, except a private Intermediate Care Facility for Individuals with Intellectual Disabilities, per 56 O.S. § 1025.1.

"Community services worker" or "(CSW)" means any person employed by or under contract with a community services provider who provides, for compensation or as a volunteer, health-related services, training, or supportive assistance to persons who are elderly or persons with developmental disabilities and who is not a licensed health professional or any person who contracts with the OHCA to provide specialized foster care, habilitation training specialist services, or homemaker services to persons with developmental disabilities, per 56 O.S. § 1025.1.

"Community Services Worker Registry" or "(CSW Registry)" means the Registry established by OKDHS per 56 O.S. § 1025.3.

"Complaint" means a report communicating a grievance, concern, or perceived harm, submitted by phone, email, or in writing by a foster parent or a child being served by Child Welfare Services (CWS) to the Oklahoma Commission of Children and Youth (OCCY) Office of Juvenile

System Oversight (OJSO). If not submitted in writing, the complaint is entered into the written format established by OCA and OJSO.

"Custodian" means, per 10A O.S. § 1-1-105, an individual other than a parent, legal guardian, or Indian custodian, to whom legal custody of the child has been awarded by the court. The term "custodian" shall not mean OKDHS.

"Day treatment program" means non-residential, partial hospitalization programs, day treatment programs, and day hospital programs in which children and adolescents are placed for psychiatric or psychological treatment, per 10 O.S. §175.20.

"Disposition" means, with regard to OCA intake processes, the OCA intake unit action taken in response to a referral received, per OAC 340:2-3-35.

"Educational employee" means a school district employee, who provides contractual educational services on-site at a facility, who is either a witness or the alleged perpetrator in an OCA investigation.

"Exploitation" or **"exploit"** with regard to vulnerable adults means an unjust or improper use of the resources of a vulnerable adult for the profit or advantage, pecuniary or otherwise, of a person other than the vulnerable adult through the use of undue influence, coercion, harassment, duress, deception, false representation, or false pretense, per 43A O.S. § 10-103.

"Failure to protect" means, per 10A O.S. § 1-1-105, failure to take reasonable action to remedy or prevent child abuse or neglect, and includes the conduct of a non-abusing parent or guardian who knows the identity of the abuser or the person neglecting the child, but lies, conceals, or fails to report the child abuse or neglect or otherwise take reasonable action to end the abuse or neglect.

"Financial neglect" means, with regard to vulnerable adults, per 43A O.S. § 10-103, repeated instances by a caretaker or other person, who has assumed the role of financial management, of failure to use the resources available to restore or maintain the health and physical well-being of a vulnerable adult, including, but not limited to:

- (A) squandering or negligently mismanaging the money, property, or accounts of a vulnerable adult;
- (B) refusing to pay for necessities or utilities in a timely manner; or
- (C) providing substandard care to a vulnerable adult despite the availability of adequate financial resources.

"Force" means, as used by an alleged perpetrator with regard to a child residing outside of his or her home, other than in foster care:

- (A) "authorized use of physical force" means using physical contact to control or contain a child when the alleged perpetrator reasonably considers the child to:
 - (i) pose a risk of inflicting harm to himself or herself or others; or
 - (ii) be in the process of leaving a facility without authorization; and
 - (iii) when physical force is authorized, the least force necessary under the circumstances is employed;

(B) "excessive use of force" means the failure to employ the least amount of physical force necessary under the circumstances, taking into consideration all of the circumstances surrounding the incident, including the:

- (i) grounds for belief that force was necessary;
- (ii) ages, genders, and strengths of the parties involved;
- (iii) nature of the force employed;
- (iv) alternative means of force or control available;
- (v) extent of the inflicted harm; and
- (vi) provider's established method(s) of restraint and intervention for the child against whom the force was used, consistent with the child's individualized plan, protective intervention plan, or treatment plan; and

(C) "unauthorized use of force" means force that is not authorized per this paragraph. Unauthorized use of force includes unacceptable physical contact with a child including, but not limited to:

- (i) slapping;
- (ii) kicking;
- (iii) punching;
- (iv) poking;
- (v) pulling hair or an ear;
- (vi) pinching;
- (vii) using a chokehold;
- (viii) smothering;
- (ix) spitting;
- (x) head butting; and
- (xi) tugging.

"Foster care" or "foster care services" means continuous 24-hour care and supportive services provided for a child in a foster placement including, but not limited to, the care, supervision, guidance, and rearing of a foster child by the foster parent, per 10A O.S. § 1-1-105.

"Foster parent" means any person maintaining a therapeutic, emergency, specialized community, tribal, kinship, or foster family home, responsible for providing care, supervision, guidance, rearing, and other foster care services to a child.

"GARC" means the Grievance and Abuse Review Committee, per OAC 340:2-3-61.

"Group home for persons with developmental or physical disabilities" means any establishment for not more than 12 residents who are 18 years of age or older and who have developmental or physical disabilities, and which offers or provides supervision, residential accommodations, food service, and training and skill development opportunities designed to lead to increased independence of the residents and which offers or provides supportive assistance to residents requiring supportive assistance, per 10 O.S. § 1430.2.

"Guardian" or "guardian of an incapacitated person" means, per 30 O.S. § 1-111 a person who has been appointed by a court to serve as the guardian of an incapacitated person to assure that the essential

requirements for the health and safety of the person are met, to manage the estate or financial resources of the person, or both. The term includes persons appointed as general or limited guardians of the person, general or limited guardians of property, and special guardian, but does not include a person appointed as guardian ad litem, per 30 O.S. § 1-106.

"Harm or threatened harm to the health or safety, of a child" means any real or threatened physical, mental, or emotional injury or damage to the body or mind that is not accidental including, but not limited to, sexual abuse, sexual exploitation, neglect, or dependency, per 10A O.S. § 1-1-105.

"Heinous and shocking abuse" means abuse that includes, but is not limited to, aggravated physical abuse that results in serious bodily, mental, or emotional injury. Serious bodily injury means injury that involves:

- (A) substantial risk of death;
- (B) extreme physical pain;
- (C) protracted disfigurement;
- (D) loss or impairment of a function of a body member, organ, or mental faculty;
- (E) an injury to an internal or external organ or the body;
- (F) bone fracture;
- (G) sexual abuse or sexual exploitation;
- (H) chronic abuse including, but not limited to, physical, emotional, or sexual abuse, or sexual exploitation that is repeated or continuing;
- (I) torture including, but not limited to, inflicting, participating in or assisting in inflicting intense physical or emotional pain upon a child repeatedly over a period of time for the purpose of coercing or terrorizing a child or for the purpose of satisfying the craven, cruel, or prurient desires of the perpetrator or another person; or
- (J) any other similar aggravated circumstance.

"Hisson class member" means an individual certified by the United States District Court for the Northern District of Oklahoma as a member of the plaintiff class in *Homeward Bound, Inc., et al. vs. Hisson Memorial Center, et al.*, Case No. 85-CV-437-GKF.

"Hotline" means the statewide Centralized Abuse and Neglect Hotline, toll-free phone number, maintained by OKDHS for the purpose of receiving reports of abuse, neglect, or exploitation of children and vulnerable adults. The Hotline operates 24 hours a day, seven days a week, 365 days a year.

"Incapacitated person" means, per 43 O.S. § 10-103:

- (A) any person 18 years of age or older
 - (i) who is impaired by reason of mental or physical illness or disability, dementia, or related disease, intellectual disability, developmental disability, or other cause, and
 - (ii) whose ability to receive and evaluate information effectively or to make and communicate responsible decisions is impaired to such an extent that such person lacks the capacity

to manage his or her financial resources or meet essential requirements for his or her mental or physical health or safety without assistance from others; or

(B) a person for whom a guardian, limited guardian, or conservator has been appointed pursuant to the Oklahoma Guardianship and Conservatorship Act.

"Indecent exposure" means, per 43A O.S. § 10-103, forcing or requiring a vulnerable adult to:

(A) look upon the body or private parts of another person or upon sexual acts performed in the presence of the vulnerable adult; or

(B) touch or feel the body or private parts of another.

"In-home supports" or "(IHS)" means services funded through Medicaid Home and Community-Based Waivers, per Section 1915(c) of the Social Security Act and administered by OKDHS DDS. Services are provided in the service recipient's home, that are not residential services, per OAC 340:100-5-22.1, or group home services per 10 O.S. § 1430.2.

"Injury" means any hurt, harm, appreciable physical pain, or mental anguish.

"Intermediate Care Facility for Individuals with Intellectual Disabilities" or "(IFC/IID)" or a "specialized facility for individuals with intellectual disabilities" means a private or public residential facility, licensed per state law and certified by the federal government as a Medicaid services provider, for individuals with intellectual disabilities as defined in Title XIX rules and regulations of the Social Security Act.

"Investigation" means, regarding a:

(A) child, per 10A O.S. § 1-1-105 a response to an allegation of abuse or neglect that involves a serious and immediate threat to the safety of a child, making it necessary to determine:

(i) the current safety of the child and the risk of subsequent abuse or neglect; and

(ii) whether child abuse or neglect occurred and whether the family needs prevention- and intervention-related services;

(B) vulnerable adult, a response to a maltreatment allegation, making it necessary to determine if maltreatment of the vulnerable adult occurred.

"Investigation results" means, per 10A O.S. § 1-1-105, a written response stating one of the following findings:

(A) regarding a child:

(i) "substantiated" means OCA determined, after an investigation of a report of child abuse or neglect and based upon some credible evidence, that child abuse or neglect occurred;

(ii) "unsubstantiated" means OCA determined, after an investigation of a report of child abuse or neglect, that insufficient evidence exists to fully determine whether child abuse or neglect occurred; or

(iii) "ruled out" means OCA determined, after an investigation of a report of child abuse or neglect that no child abuse or neglect occurred; or

(B) regarding a vulnerable adult:

(i) "substantiated" means that in OKDHS judgment, there appears to be probable cause to suspect the existence of abuse, neglect, or exploitation;

(ii) "not substantiated" means that OKDHS has found insufficient evidence of abuse, neglect, or exploitation

"Maltreatment" means, per 56 O.S. §1025.1, abuse, verbal abuse, sexual abuse, neglect, financial neglect, exploitation, or sexual exploitation of vulnerable adults, as those terms are defined in 43A O.S. § 10-103; or abuse, neglect, sexual abuse or sexual exploitation of children, per 10A O.S. § 1-1-105.

"Medicaid personal care assistant" means, per 56 O.S. § 1025.1, a person who provides Medicaid services funded under Oklahoma's personal care program and is not a certified nurse aide or a licensed professional.

"Medicaid personal care services provider" means, per 56 O.S. § 1025.1, a program, corporation, or individual who provides services under the state Medicaid program personal care program or ADvantage Waiver to individuals who are elderly, or who have a physical disability.

"Mental anguish" means, in regard to a vulnerable adult, mental damage evidenced by distress, depression, withdrawal, severe anxiety, or unusually aggressive behavior toward one's self or others.

"Mental health facility" means a public or private hospital or related institution, as defined by 63 O.S. § 1-701, offering or providing inpatient mental health services, a public or private facility accredited as an inpatient or residential psychiatric facility by the Joint Commission on Accreditation of Healthcare Organizations, or a facility operated by the Department of Mental Health and Substance Abuse Services (DMHSAS) and designated by the Commissioner of DMHSAS as appropriate for the inpatient evaluation or treatment of minors, per 43A O.S. § 5-502.

"Near death" means a child is in serious or critical condition as certified by a physician, as a result of abuse or neglect, per 10A O.S. § 1-1-105.

"Neglect" means in regard to:

(A) children, per 10A O.S. § 1-1-105:

(i) the failure or omission to provide any of the following:

(I) adequate nurturance and affection, food, clothing, shelter, sanitation, hygiene, or appropriate education;

(II) medical, dental, or behavioral health care;

(III) supervision or appropriate caretakers to protect the child from harm or threatened harm of which any reasonable and prudent person responsible for the child's health, safety or welfare would be

- aware; or
- (IV) special care made necessary by the physical or mental condition of the child;
- (ii) the failure or omission to protect a child from exposure to any of the following:
 - (I) the use, possession, sale, or manufacture of illegal drugs;
 - (II) illegal activities;
 - (III) sexual acts or materials that are not age-appropriate; or
- (iii) abandonment; or

(B) vulnerable adults, per 43A O.S. § 10-103:

- (i) the failure to provide protection for a vulnerable adult who is unable to protect his or her own interest;
- (ii) the failure to provide a vulnerable adult with adequate shelter, nutrition, health care, or clothing; or
- (iii) negligent acts or omissions that result in harm or the unreasonable risk of harm to a vulnerable adult through the action, inaction, or lack of supervision by a caretaker providing direct services.

"OCA intake" means the OCA maintained centralized intake system that receives authorized referrals.

"Ombudsman" or **"ombuds"** means an advocate.

"Person responsible for the child's (PRFC) health, safety, or welfare" means, per 10A O.S. § 1-1-105, a parent; legal guardian; custodian; foster parent; person 18 years of age or older with whom the child's parent cohabitates or any other adult residing in the home of the child; an agent or employee of a public or private residential home, institution, facility or day treatment program, as defined in 10 O.S. § 175.20; or an owner, operator, or employee of a child care facility, as defined by 10 O.S. § 402.

"Personal degradation" means, per 43A O.S. § 10-103, a willful act by a caretaker intended to shame, degrade, humiliate, or otherwise harm the personal dignity of a vulnerable adult, or where the caretaker knew or reasonably should have known the act would cause shame, degradation, humiliation, or harm to the personal dignity of a reasonable person. Personal degradation includes the taking, transmitting, or display of an electronic image of a vulnerable adult by a caretaker, where the caretaker's actions constitute a willful act intended to shame, degrade, humiliate, or otherwise harm the personal dignity of the dependent adult, or where the caretaker knew or reasonably should have known the act would cause shame, degradation, humiliation, or harm to the personal dignity of a reasonable person. Personal degradation does not include:

- (A) the taking, transmission, or display of an electronic image of a vulnerable adult for the purpose of reporting vulnerable adult abuse to law enforcement, OKDHS, or other regulatory agency that oversees caretakers or enforces abuse or neglect laws or rules,

- (B) the taking, transmission, or display of an electronic image of a vulnerable adult for the purpose of treatment or diagnosis, or
- (C) the taking, transmission, or display of an electronic image of a vulnerable adult as part of an ongoing investigation.

"Personal support team" or "(team)," formerly known as the "interdisciplinary team," means the decision-making body for service planning, implementation, and monitoring of the individual plan, per OAC 340:100-5-52.

"Physical abuse" means, in regard to children, an injury resulting from punching, beating, kicking, biting, burning, or otherwise harming a child. Even when the injury is not an accident, the alleged perpetrator may not have intended to hurt the child.

(A) The injury may result from:

- (i) extreme physical punishment inappropriate to the child's age or condition;
- (ii) a single episode or repeated episodes that range in severity from significant bruising to death; or
- (iii) any action that involves hitting with a closed fist, kicking, inflicting burns, shaking, or throwing the child, even when no injury is sustained, but the action places the child at risk of grave physical danger.

(B) A minor injury on a child older than 10 years of age is not considered physical abuse unless the actions that caused the injury placed the child in grave physical danger.

"Plan for Immediate Safety" means the plan for actions taken to immediately control any significant and clearly observable condition that is present and is endangering or threatening to endanger a child or vulnerable adult.

"Probable cause" means, in regards to vulnerable adults, information or evidence that would lead a reasonable person to believe that abuse, neglect, or exploitation has been committed.

"Problem resolution" means verbal or written communications that seek to resolve concerns, complaints, service inadequacies, or issues the client or the client's team members identify, including the client's guardian, OCA advocate, volunteer advocate, or other persons interested in the client's welfare.

"Protective custody" means custody of a child taken by law enforcement or designated court employee, without a court order.

"Reasonable and prudent parent standard" means, per 10A O.S. § 1-1-105, the standard characterized by careful and sensible parental decisions that maintain the health, safety, and best interests of a child while at the same time encouraging the emotional and developmental growth of the child. This standard is used by the child's caregiver when determining whether to allow a child to participate in extracurricular, enrichment, cultural, and social activities. For purposes of this definition, the term "caregiver" means a foster parent with whom

a child in foster care has been placed, a representative of a group home where a child in foster care has been placed, or a designated official for a residential child care facility where a child in foster care has been placed.

"Referring party" means the individual who informs OCA, calls the Hotline, or reports in writing that an incident occurred.

"Reportable incident" means an incident that must be reported because the person reporting knows, or has reasonable cause to believe or suspect, that a child or vulnerable adult may have been subjected to abuse or neglect.

"Reporting party" means the individual who initially tells someone verbally or in writing that an incident occurred.

"Residential child care facility" means, per 10A O.S. § 1-1-105, a 24-hour residential facility where children live together with or are supervised by adults who are not their parents or relatives.

"Restricted registry" or "Joshua's List" means the registry created per 10 O.S. § 405.3, for the purpose of recording individuals who have:

(A) a substantiated finding of abuse or neglect, as defined in Section 1-1-105 of Title 10A of the Oklahoma Statutes, by an individual when the abuse or neglect occurred to a child while in the care of a facility licensed, certified, operated, or contracted by or with OKDHS or OJA. The provisions of this subparagraph shall apply to:

(i) the Central Oklahoma Juvenile Center, the Oklahoma Juvenile Center for Girls, and the Southwest Oklahoma Juvenile Center upon the effective date of this act; and

(ii) facilities licensed by, certified by, or contracting with the Office of Juvenile Affairs after November 1, 2018.

(B) revocation or denial of a child care facility license; and

(C) a specified criminal history of an individual, as defined by OAC 340:110-1-10.1.

"Safety threat" means the threat of serious harm due to child abuse or neglect occurring in the present or in the very near future that without another person's intervention, a child would likely or in all probability sustain severe or permanent disability or injury, illness, or death.

"Secure facility" means, per 10A O.S. § 1-1-105, a facility which is designed and operated to ensure all entrances and exits from the facility are subject to the exclusive control of the staff of the facility, whether or not the juvenile being detained has freedom of movement within the perimeter of the facility, or a facility that relies on locked rooms and buildings, fences, or physical restraint in order to control behavior of its residents. This definition excludes OJA-operated secure facilities.

"Self-neglect" means, per 43A O.S. § 10-103, the action or inaction of a vulnerable adult which causes that person to fail to meet the essential requirements for physical or mental health and safety due to the vulnerable adult's lack of awareness, incompetence, or incapacity.

"Sexual abuse" means, with regard to:

(A) children, per 10A O.S. § 1-1-105, conduct, that includes, but is not limited to, rape, incest, and lewd or indecent acts or proposals made to a child as defined by law, by a PRFC; or

(B) vulnerable adults, per 43A O.S. § 10-103:

(i) oral, anal, or vaginal penetration of a vulnerable adult by or through the union with the sexual organ of a caretaker or other person providing services to the vulnerable adult, or the anal or vaginal penetration of a vulnerable adult by a caretaker or other person providing services to the vulnerable adult with any other object;

(ii) for the purpose of sexual gratification, the touching, feeling or observation of the body or private parts of a vulnerable adult by a caretaker or other person providing services to the vulnerable adult; or

(iii) indecent exposure by a caretaker or other person providing services to the vulnerable adult.

"Sexual exploitation" means, with regard to:

(A) children, per 10A O.S. § 1-1-105, conduct that includes, but is not limited to, allowing, permitting, encouraging, or forcing a child to engage in prostitution, as defined by law, by any person 18 years of age or older or by a PRFC, or allowing, permitting, encouraging, or engaging in the lewd, obscene, or pornographic, as defined by law, photographing, filming, or depicting of a child in those acts by a PRFC; or

(B) vulnerable adults, per 43A O.S. § 10-103, conduct that includes, but is not limited to, a caretaker's causing, allowing, permitting, or encouraging a vulnerable adult to engage in prostitution or in the lewd, obscene, or pornographic photographing, filming, or depiction of the vulnerable adult, as those acts are defined by state law.

"Specialized foster care" means, per OAC 317:40-5-50, foster care that:

(A) provides up to 24 hours per day of in-home residential habilitation services funded through the Community Waiver or the Homeward Bound Waiver. Specialized foster care serves individual ages 3 and older, up to 24 hours per day of supervision, supportive assistance, and training in daily living skills.

(B) is provided in a setting that best meets the specialized needs of the service recipient.

"State Office administrator" means, with regard to grievances filed by a:

(A) foster parent, a child being served by CWS, or an individual filing on behalf of a child being served by CWS: the OKDHS CWS director, or his or her designee;

(B) DDS client or an individual filing on behalf of a DDS client: the DDS director, or his or her designee.

"Suspicious injury" means, regarding a vulnerable adult, an injury that includes, but is not limited to, an injury that:

- (A) appears inconsistent with the offered explanation(s) for the injury;
- (B) is unusual;
- (C) cannot be explained as the result of an accident, self-injurious behavior, or normal activities of daily living;
- (D) is a minor injury located on or near a private body part or on a part of the body that makes it unlikely to have been the result of self-injury or an accident during daily living activities; or
- (E) involves multiple abrasions, bruises, and minor injuries on the body of a person, identified around the same time or over a period of several weeks, but have no clear, known explanation.

"Verbal abuse" means the use of words, sounds, or other communication including, but not limited to, gestures, actions, or behaviors by a caretaker or other person providing services to a vulnerable adult that are likely to cause a reasonable person to experience humiliation, intimidation, fear, shame, or degradation, per 43A O.S. § 10-103.

"Vulnerable adult" means, per 43A O.S. § 10-103, an individual who is an incapacitated person or who because of physical or mental disability, including persons with Alzheimer's disease or other dementias, incapacity, or other disability, is substantially impaired in the ability to provide adequately for the care or custody of himself or herself, or is unable to manage his or her property and financial affairs effectively or to meet essential requirements for mental or physical health or safety or to protect himself or herself from abuse, verbal abuse, neglect, or exploitation without assistance from others.

"Ward" means a person over whom a guardianship has been given by the court.

[Source: Transferred from 340:2-3-2 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-1-3. Customer complaint process

(a) **Purpose and scope of the customer complaint process.** The customer complaint process provides Office of Client Advocacy (OCA) customers an opportunity to raise concerns about the OCA services they receive and to request a review from the advocate general or designee. The process is available to OCA customers and clients, client relatives and associates, employees of other Oklahoma Department of Human Services (OKDHS) programs, providers, and any other OCA customers.

(b) **Procedure.**

- (1) Any customer who is dissatisfied with or has a concern about OCA services, practices, or procedures, or who considers the action or inaction of an OCA employee to be improper or discourteous, submits a written complaint detailing their concerns to the advocate general. The complaint is sent either electronically to OCA.advocategeneral@okdhs.org or by regular

mail to Office of Client Advocacy, PO Box 25352, Oklahoma City, OK 73125.

(2) The advocate general or designee reviews the complaint and informs the complainant of the results of the review within 20 business days after receipt of the complaint.

[Source: Transferred from 340:2-3-26 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

SUBCHAPTER 3. INVESTIGATIONS

310:678-3-1. Office of Client Advocacy (OCA) investigations

(a) Legal authority, scope, and purpose.

(1) Legal authority.

(A) Section 1-9-112(A)(3)(d) and (e) of Title 10A of the Oklahoma Statutes (10A O.S. § 1-9-112(A)(3)(d) and (e)) gives the Office of Client Advocacy (OCA) the responsibility to investigate allegations of abuse, neglect, sexual abuse, sexual exploitation, and misconduct by a person responsible for the child:

- (i) residing outside their own homes regardless of custody, other than children in foster care;
- (ii) receiving services from a community services provider or a community services worker, per 56 O.S. § 1025.1;
- (iii) in a day treatment program per 10 O.S. § 175.20; and
- (iv) residing in a state institution per 10 O.S. § 1406.

(B) 43A O.S. § 10-105 gives the Oklahoma Department of Human Services (DHS) responsibility to investigate allegations of caretaker abuse, neglect, verbal abuse, and exploitation of vulnerable adults. DHS confers on OCA the responsibility to conduct investigations that involve:

- (i) Hissom class members;
- (ii) residents of the Robert M. Greer Center (Greer); and
- (iii) vulnerable adults receiving services from a community services provider, community services worker, Medicaid personal care services provider, or Medicaid personal care assistant, as those terms are defined in 56 O.S. § 1025.1.

(C) OCA investigates, pursuant to Oklahoma Administrative Code (OAC) 340:75-3-430, reports alleging denial of medically beneficial treatment by a medical provider to a handicapped infant.

(2) **Scope.** OCA conducts investigations of maltreatment allegations listed in this subsection. Per 10A O.S. § 1-9-112, OCA investigates allegations of:

(A) abuse, neglect, sexual abuse, sexual exploitation, and caretaker misconduct of children by persons responsible for a child regardless of custody residing outside their own homes, other than children in foster care or children in the custody of the Oklahoma Office of Juvenile Affairs (OJA) and placed in an OJA Secure facility as defined by Section 2-1-103 of Title 10A of the Oklahoma Statutes. These investigations include, but are not limited to:

- (i) in DHS operated or licensed shelters and group homes;
- (ii) and children in facilities operated by, licensed by, or contracting with OJA;
- (iii) in community-based youth services shelters and community intervention centers that contract with OJA per 10A O.S. § 2-7-305;
- (iv) in facilities operated by or contracting with Oklahoma Department of Mental Health and Substance Abuse Services (ODMHSAS);
- (v) in facilities operated by the J.D. McCarty Center of Oklahoma;
- (vi) residing in or attending educational classes at facilities operated by the Oklahoma Department of Rehabilitation Services (ODRS), the Oklahoma School for the Blind and the Oklahoma School for the Deaf; and
- (vii) receiving services from a community services worker or community services provider per 56 O.S. § 1025.1;

(B) abuse and neglect of, and caretaker misconduct with regard to, children in day treatment programs per 10 O.S. § 175.20, including sanctions programs certified by OJA to provide programming for children who are court ordered to participate in that program;

(C) abuse, neglect, verbal abuse, and caretaker misconduct with regard to, residents of Greer;

(D) abuse, neglect, verbal abuse, and exploitation of Hisson class members living in Oklahoma and who do not reside in a private intermediate care facility for the intellectually disabled (ICF/ID); and

(E) abuse, neglect, verbal abuse, and exploitation of vulnerable adults receiving services from a community services worker, community services provider, Medicaid personal care services provider, or Medicaid personal care assistant, per 56 O.S. § 1025.1.

(3) **Purpose.** OCA conducts independent and objective investigations of suspected maltreatment of clients by PRFCIs and vulnerable adult caretakers (VACs) in order to:

- (A) protect clients from further maltreatment;
- (B) deter and prevent maltreatment;
- (C) provide relevant evidence in administrative and judicial proceedings;

- (D) rule out unfounded allegations; and
- (E) hold violators accountable.

(b) **Confidentiality of Office of Client Advocacy records.** State and federal statutes and regulations including, but not limited to, 10A O.S. § 1-9-112(C); 10A O.S. § 1-6-102; 56 O.S. § 183; 43A O.S. § 10-110; and OAC 340:65-1-2 require confidentiality for certain DHS records. Information regarding clients is confidential and protected from unauthorized use. Only authorized individuals are permitted access to case records or provided information from OCA case records.

(1) **OCA investigations involving children.** Statutes and policies regarding the confidentiality of OCA files, records, and reports relating to investigations involving children include, but are not limited to, the confidentiality provisions of the statutes and policies listed in (A) through (C) of this paragraph.

(A) 10A O.S. §§ 2-6-102 through 106 applies to OCA investigations involving children in OJA custody and in facilities that contract with OJA.

(B) 10A O.S. §§ 1-2-106, 1-2-107, 1-6-102 et seq., and 1-6-107 applies to investigations involving children, regardless of custody, residing outside their own homes.

(C) OAC 340:75-1-42 through 340:75-1-46 applies to OCA investigations involving children in DHS custody, including information regarding placement.

(2) **OCA investigations involving vulnerable adults.** Statutes and policies regarding the confidentiality of OCA files, records, and reports relating to investigations involving vulnerable adults include, but are not limited to, (A) through (C) of this paragraph.

(A) **Disclosure to meet client's protection and other needs.** When consulting persons knowledgeable of the circumstances of an alleged victim of abuse, neglect, or exploitation, or when making other contacts as part of the investigation or service planning process, OCA staff may disclose information necessary to ensure the client is protected and the client's needs are met. Information may be disclosed for this purpose without a court order to specific persons acting in an official capacity with regard to the investigation, including:

- (i) a district attorney or employees of the district attorney's office;
- (ii) the attorney representing an alleged victim in the matter under investigation;
- (iii) staff of an Oklahoma law enforcement agency or a law enforcement agency of another state;
- (iv) physical or mental health care professionals involved in the evaluation or treatment of the vulnerable adult;
- (v) the guardian of the vulnerable adult, in the form of a summary of the allegations in the referral;
- (vi) the provider for a vulnerable adult; and
- (vii) other public or private agencies or persons authorized by DHS to diagnose, or provide care,

treatment, supervision, or other services to a person who is the subject of an OCA investigation.

(B) Disclosure to district attorney and law enforcement. District attorneys and staff, the attorney representing the alleged victim, and law enforcement agencies may receive information from the Advocate General or review the entire case record. All other disclosures are limited to summaries of information provided for a specific purpose. Case information from OCA records is not released for research purposes without the prior approval of the advocate general.

(C) Disclosure to others and the news media. In other situations, OCA investigative information is considered confidential per 43A O.S. § 10-110(A) and may be disclosed only by court order. Confidentiality applies to members of the news media as well as the general public. News media representatives requesting information on a specific case are referred to the advocate general, the OCA programs administrator for investigations, or the DHS Office of Communications for a detailed explanation of DHS confidentiality rules.

[Source: Transferred from 340:2-3-32 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-3-2. Procedure for reporting suspected abuse, neglect, verbal abuse, caretaker misconduct, and exploitation

(a) Reporting abuse or neglect of a child under 18 years of age. Persons having reason to believe that a child under 18 years of age is a victim of abuse or neglect are required per Section 1-2-101 of Title 10A of the Oklahoma Statutes (10A O.S. § 1-2-101) to promptly report it to the Oklahoma Department of Human Services (DHS) Abuse and Neglect Hotline (Hotline) at 1-800-522-3511. Any allegation of abuse or neglect reported in any manner to a DHS county office is immediately referred to the Hotline, per Section 10A O.S. § 1-2-101.

(b) Reporting abuse, neglect, verbal abuse, or exploitation of a vulnerable adult. Any person having reasonable cause to believe that a vulnerable adult is a victim of abuse, neglect, verbal abuse, or exploitation reports to DHS or the municipal police department or sheriff's office in the county where the suspected abuse, neglect, verbal abuse, or exploitation occurred as soon as the person is aware of the situation. The reporting requirement applies to providers, per Oklahoma Administrative Code (OAC) 340:2-3-2 and the provider's employees and agents.

(c) Reporting caretaker misconduct regarding a child. When the DHS Specialized Placement Unit Child Care Licensing office, the Office of Juvenile Affairs, or another source determines a:

- (1) pattern of misconduct exists by a facility or person responsible for the child of interest (PRFCI); or
- (2) facility administration fails to take appropriate corrective action in response to an investigation or written plan of

compliance, a report should be made to the Hotline.

(d) Reporting caretaker misconduct regarding a vulnerable adult. Persons who have reason to believe caretaker misconduct, per OAC 340:2-3-2, has occurred with regard to a vulnerable adult residing at the Robert M. Greer Center (Greer), promptly reports the allegation to the Office of Client Advocacy (OCA).

(e) Reporting a vulnerable adult's death, serious physical injury, or sexual assault. In addition to the mandatory reporting requirements per OAC 340:2-3-33(b) the events listed in (1) through (7) of this subsection are reported to OCA intake when a vulnerable adult's caretaker is alleged to be involved in the vulnerable adult's:

- (1) violent death, whether apparently homicidal, suicidal, or accidental;
- (2) death under suspicious, unusual, or unnatural circumstances;
- (3) death when the vulnerable adult is a resident Greer;
- (4) death when the vulnerable adult is a Hissom class member;
- (5) serious physical injury, per OAC 340:2-3-2;
- (6) physical injury when the injury is:
 - (A) unexplained; and
 - (B) suspicious; or

- (7) rape, sodomy, or other sexual activity prohibited by state law.

(f) Interference, retaliation, or discrimination related to the reporting obligations required by the Oklahoma Children's Code and the Protective Services for Vulnerable Adults Act prohibited.

(1) Per 10A O.S. § 1-2-101, the reporting obligations under the Oklahoma Children's Code are individual and no employer, supervisor, or administrator interferes with the reporting obligations of any employee or other person or in any manner discriminates or retaliates against the employee or other person who in good faith reports suspected child abuse or neglect, or who provides testimony in any proceeding involving child abuse or neglect. Any employer, supervisor, or administrator who discharges, discriminates, or retaliates against the employee or other person is liable for damages, costs, and attorney fees.

(2) Per 43A O.S. § 10-104, no employer terminates the employment, prevents or impairs the practice, or occupation of, or imposes any other sanction on any employee solely for the reason the employee made or caused to be made a report or cooperated with an investigation pursuant to the Protective Services for Vulnerable Adults Act.

(g) Immunity from liability for good faith report of abuse, neglect, or exploitation of a child or vulnerable adult. Per 10A O.S. § 1-2-104, the Oklahoma Children's Code and 43A O.S. § 10-104, the Oklahoma Protective Services for Vulnerable Adults Act, any person exercising good faith and due care in making a report of alleged abuse, neglect, or exploitation has immunity from any civil or criminal liability the person might otherwise incur. The person has the same immunity with respect to participation in any judicial proceeding resulting from the report.

(h) Failure to report abuse, neglect, or exploitation of a child or vulnerable adult. Any person who knowingly and willfully fails to promptly report abuse, neglect, or exploitation as required per 10A O.S. §

1-2-101 and 43A O.S. § 10-104 may be subject to administrative action or criminal sanctions upon conviction. In addition, failure to report by a DHS employee may result in disciplinary action.

(i) False report of abuse, neglect, or exploitation of a child or vulnerable adult.

(1) Per 10A O.S. § 1-2-101, any person who knowingly and willfully makes a false report regarding alleged maltreatment of a child, or a report the person knows lacks factual foundation, may be reported by DHS to local law enforcement for criminal investigation, and upon conviction, is guilty of a misdemeanor.

(2) Per 43A O.S. § 10-104, any person who willfully or recklessly makes a false report of abuse, neglect, or exploitation of a vulnerable adult may be liable in a civil action for actual damages and for punitive damages set by the court or jury regarding the reported party.

(j) Method of reporting.

(1) Each report alleging abuse or neglect of a child is screened by the DHS Hotline in compliance with Child Welfare Services policies and procedures. Each accepted report of a child within Office of Client Advocacy (OCA) investigative authority and scope is assigned to OCA for possible investigation. Reports may be phoned to the Hotline at 1-800-522-3511, faxed to 405-936-0922, emailed to STO.Hotline.Referral@OKDHS.org, or mailed to Child Abuse and Neglect Hotline, DHS, PO Box 25352, Oklahoma City, Oklahoma 73125-0352.

(2) Reports of abuse, neglect, or exploitation of a Hisson class member, resident of Greer, or other vulnerable adults receiving Developmental Disabilities Services (DDS) services are reported to OCA except for weekends and after business hours when the reports are made to the Hotline at 1-800-522-3511. Reports to OCA may be phoned to 1-800-522-8014 or 405-522-2720, faxed to 405-522-2680, or emailed to oca.intake@okdhs.org.

(3) Reports of abuse, neglect, verbal abuse, financial neglect, or exploitation of a vulnerable adult receiving services from a Medicaid personal care services provider are reported to the Adult Protective Services office, except for weekends and after business hours when the reports are made to the Hotline at 1-800-522-3511.

(4) Reports of allegations may be submitted by completing Form 15GN001E, Office of Client Advocacy-Intake Referral, and sent to the applicable intake unit.

(k) Confidentiality of reporting party's identity. The identity of the person who reports abuse or neglect of a child per 10A O.S. § 1-6-102(H) (7), or abuse, neglect, or exploitation of a vulnerable adult per 43A O.S. § 10-105.1(C)(2), is kept confidential and is not disclosed. DHS accepts anonymous reports of abuse, neglect, or exploitation of a child or vulnerable adult.

(l) Staff training regarding reporting obligations. Each administrator ensures the employee receives relevant training regarding the employee's responsibility to report a child or vulnerable adult's alleged abuse, neglect, or exploitation. Except for employees of a DDS

provider, the employee receives the training within 30 calendar days of the employee's initial employment and receives subsequent annual training. DDS provider employee training is as specified per OAC 340:100-3-38 et seq.

[Source: Transferred from 340:2-3-33 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-3-3. Facility administrator's responsibilities regarding allegations reportable to Office of Client Advocacy (OCA)

(a) **Facility administrator's responsibility for protection, safety, health, and welfare of children and vulnerable adults.** When OCA intake receives an allegation of maltreatment by a vulnerable adult caretaker (VAC) or a person responsible for the child of interest (PRFCI), from anyone other than the administrator or the administrator's designee of the facility or provider responsible for the client, OCA intake promptly notifies the applicable administrator of the allegation.

(1) Upon becoming aware of an allegation of caretaker maltreatment involving an OCA client, an administrator or the administrator's designee ensures the safety, protection, and needed medical attention of any client named in the allegation and other clients receiving services from the facility or provider.

(2) When criminal activity is alleged regarding a child or vulnerable adult, the administrator or the administrator's designee immediately notifies the appropriate local law enforcement authority. The types of criminal activity reported to law enforcement include, but are not limited to, the use or possession of illegal drugs; domestic abuse; illegal sexual activity; illegal use of alcohol; theft of money, property, or medication that is a controlled substance; and when someone other than a caretaker is believed to have committed the allegation.

(3) The administrator or the administrator's designee takes necessary personnel actions to ensure the protection and safety of the alleged victim(s) and other clients. When necessary to ensure safety, a Plan for Immediate Safety (PFIS) is completed with an OCA investigator. The creation of the PFIS may include consultation with: Oklahoma Department of Human Services (DHS) Developmental Disabilities Services (DDS), Child Welfare Services (CWS) Specialized Placements and Partnerships Unit (SPPU), Child Care Services (CCS), or the Oklahoma Office of Juvenile Affairs (OJA). OCA does not determine or approve personnel actions taken by an administrator or the administrator's designee in response to allegations reported to OCA.

(4) In the event of alleged abuse or neglect of a Hissom class member (HCM) by a provider's employee or subcontractor, the administrator or the administrator's designee ensures the protection and medical attention for any HCM named in an allegation or other individual served. In the event of alleged abuse or neglect by an individual serving as a provider, it is the responsibility of the HCM's case manager to ensure protection,

medical attention, or both for the HCM. OCA intake notifies the applicable DDS area manager by email within one business day of receipt of a referral of abuse or neglect by an individual serving as provider for the HCM.

(b) **Preliminary assessment.** Upon learning of an incident reportable to DHS, the administrator or the administrator's designee:

- (1) immediately ensures the safety of any client(s) named in the referral;
- (2) secures any physical evidence, including any video, photographic, or other recorded evidence, and gathers documents within the possession, custody, or control of the facility or provider relevant to the allegation;
- (3) immediately photographs injuries. Photographs are taken by a person uninvolved in the incident that is the subject of the allegation relating to the injuries; and
- (4) coordinates activities with OCA and other agency or law enforcement authorities involved in investigating the referral.

(c) **Collecting pertinent reports and documents.** The administrator or the administrator's designee determines which employees were present when the alleged incident occurred and requires each employee to submit a written account of the alleged incident. The administrator or the administrator's designee collects medical records, documents, reports, and other documentary evidence that pertains to the alleged incident, within the facility or in the provider's possession, custody, or control, and places them in a file for OCA investigative and other investigative authorities' use. The administrator or designee securely maintains documents collected during the preliminary assessment.

(d) **OCA access to documents and evidence.** Upon request, an OCA investigator is provided a copy of and access to the original written statements, incident reports, relevant documents, records, reports, photos, audio or video recordings, and other evidence collected during the preliminary assessment.

(e) **Prohibition from interviewing during preliminary assessment.** Facility or provider employees do not conduct an investigation of an alleged incident while the OCA decision to accept the referral for investigation is pending, or during an open OCA investigation. To avoid the consequences of over-interviewing parties involved in an alleged incident, the preliminary assessment is limited to inquiries regarding those involved, obtaining written statements, and clarifying information needed to take appropriate action to ensure client safety. Determining if a staff member engaged in maltreatment is not the goal of a preliminary assessment. Once there is reason to believe maltreatment may have occurred, the preliminary assessment ceases, and the incident is reported to the DHS Abuse and Neglect Hotline (Hotline) when it involves a juvenile or to the OCA Intake Unit when the alleged victim is a vulnerable adult. Outside of regular DHS-business hours reports of abuse or neglect of a vulnerable adult are reported to the Hotline. This prohibition does not extend to interviews and investigations conducted by law enforcement when responding to a report of criminal activity. The assigned OCA investigator coordinates activities with local, state, and federal law enforcement entities to seek

the most appropriate investigative response to the referral.

(f) **Facility and provider contact person.** The facility or provider administrator is responsible for the care of each individual, per Oklahoma Administrative Code (OAC) 340:2-3-32(a)(2) and designates a contact person for OCA. The administrator or the administrator's designee informs the advocate general of the name, phone number, and email address of the designated contact person and immediately notifies the advocate general of changes to the information by email or mail. The designated contact person is available by phone or email at all times.

(g) **Documentation provided by the Robert M. Greer Center (Greer).** Within one DHS-business day of Greer submitting an incident report to the Oklahoma State Department of Health, a five-business day report, or a final report regarding an allegation reported to OCA intake, the facility sends OCA intake a copy by email or fax.

(h) **Ensuring confidentiality.** Administrators maintain information, files, and documents regarding referrals made to OCA intake or to the Hotline, including OCA investigation reports distributed, per OAC 340:2-3-36, in a manner that protects information confidentiality.

[Source: Transferred from 340:2-3-34 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-3-4. Processing referrals received by the Office of Client Advocacy (OCA)

(a) **OCA referral screening options.** Except for referrals received from the Oklahoma Department of Human Services (DHS) Abuse and Neglect Hotline (Hotline) involving a child, OCA intake records on Form 15GN001E, Office of Client Advocacy-Intake Referral, the specifics of each referral and makes an appropriate disposition. All known information is considered when determining the appropriate disposition and course of action. If the information is unclear and it appears the allegation may rise to the level of abuse, neglect, or exploitation, a preliminary inquiry is conducted by intake staff. The screening disposition options and criteria include, but are not limited to, the options described in (1) through (12) of this subsection.

(1) **Assign for OCA investigation.** This screening disposition means OCA opens an investigation of an allegation of the person responsible for the child of interest (PRFCI) or vulnerable adult caretaker (VAC) maltreatment.

(2) **Assign for internal caretaker conduct review.** This screening disposition means the facility or provider named in the referral is given responsibility to conduct an internal caretaker conduct review per Oklahoma Administrative Code (OAC) 340:2-3-37. Within one business day of receiving a referral given this disposition, OCA intake notifies the administrator or designated contact person. This screening disposition applies to allegations involving vulnerable adults residing at the Robert M. Greer Center (Greer) and facilities for children not licensed by or contracted with DHS.

(3) **Refer to OCA advocate.** This screening disposition is made when the referral involves a Hissom class member or a resident of

Greer and involves a concern based on the information provided and does not rise to the level of maltreatment.

(4) **Refer to another administrative entity.** This screening disposition means OCA intake forwards the information to another state agency or DHS program or office. This screening disposition is appropriate when information provided by the reporting party does not include an allegation of caretaker maltreatment within OCA purview, but involves complaints about employee performance or allegations within the scope of another administrative entity.

(5) **Refer to Office of Inspector General (OIG).** An allegation regarding the alleged misuse of a Supplement Nutrition Assistance Program (SNAP) Electronic Benefits Transfer (EBT) card, or Social Security Administration fraud or overpayment, is sent to OIG for investigation. This disposition is also utilized when there are allegations of fraud, misconduct, or criminal behavior against current DHS employees.

(6) **Refer to law enforcement.** This screening disposition is used when the referral involves possible criminal activity and the reported allegations are not within OCA investigative authority per OAC 340:2-3-32(a). This disposition is not used when OCA opens an investigation on a referral even though a law enforcement agency is investigating the matter. A case may warrant simultaneous OCA involvement and referral to law enforcement. In those instances, notification to law enforcement is appropriately documented.

(7) **Refer for grievance.** This screening disposition means the referral is directed to the appropriate entity for processing as a grievance, when the content of the referral is not caretaker maltreatment, but a complaint or concern that can be addressed by a grievance. When the complaint can be addressed as a grievance and is referred for grievance by OCA, the entity promptly notifies its local grievance coordinator. A referral may be appropriate for processing as a grievance when the complaint concerns:

- (A) conditions that do not endanger clients or residents;
- (B) staff improprieties that do not constitute maltreatment;
- and
- (C) privileges and restrictions not involving the use of isolation, force, or restraints.

(8) **No action required.** This screening disposition is made when OCA takes no action in response to the referral because the information provided is for notification purposes only and does not include an allegation, complaint, or concern appropriate for another screening disposition.

(9) **Refer to administration.** This screening disposition means the matter is not within the purview of OCA, another DHS unit, or another state agency, but is relevant to the facility or provider operations.

(10) **Refer to Developmental Disabilities Services (DDS) Quality Assurance (QA).** This screening disposition is made

when an allegation involves an alleged contract violation that does not involve caretaker maltreatment.

(11) **Refer for special advocacy.** This screening disposition is made when the referral constitutes a request for advocacy services per OAC 340:2-3-75.

(12) **Refer to State Office DDS case management.** This screening disposition is made when an allegation does not rise to the level of abuse, neglect, or exploitation but involves an issue of person-centered planning or case management follow-up on behalf of a vulnerable adult.

(b) **Law enforcement notification.** Law enforcement is notified when a referral opened as an OCA investigation involves possible criminal activity on the part of a PRFCI or a VAC.

(c) **Assignment process for referrals opened for investigation.** Investigations involving vulnerable adults are assigned within one business day of a disposition to investigate the allegation. When urgent circumstances exist in a case opened for investigation, an assignment is made, and the investigation commences immediately.

(d) **Information provided to reporting party.** The reporting party upon proper identification may be provided with information regarding the disposition of the referral.

[Source: Transferred from 340:2-3-35 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-3-5. Office of Client Advocacy (OCA) investigation procedures for cases involving child victims

(a) **OCA investigation initiation.** Per Section 1-9-112 of Title 10A of the Oklahoma Statutes (10A O.S. § 1-9-112), Oklahoma Human Services (OKDHS) OCA within its investigative scope and authority, conducts a prompt and thorough investigation upon receiving a report of abuse, neglect, sexual abuse, or sexual exploitation of a child within priority guidelines, per 10A O.S. § 1-2-105 and Oklahoma Administrative Code (OAC) 340:75-3-130.

(b) **Joint investigations with law enforcement.** In accordance with 10A O.S. § 1-9-102, the multidisciplinary team (MDT) approach is used:

- (1) whenever feasible for investigations involving cases of child sexual abuse, sexual exploitation, physical abuse, and neglect cases;
- (2) to enhance the investigative process and maximize services provided to affected children and families; and
- (3) to consult with other MDT team members, as appropriate.

(c) **Investigation notice and written description of investigation process provided to alleged perpetrator.** Per 10A O.S. § 1-2-106, at initial contact with an alleged perpetrator who is the subject of an investigation, OCA advises the alleged perpetrator of the specific complaint or allegation made against him or her. If OCA is unable to locate the alleged perpetrator, as soon as possible after initiating the investigation, OCA provides him or her a brief and easily understood written description of the investigation process, per 10A O.S. § 1-2-106.

(d) Facility or provider administrator responsibility to arrange document production, visits, and interviews. The applicable facility or provider agency administrator or the administrator's designee arranges document production, site visits, and interviews per OCA request.

(1) The facility or provider administrator or the administrator's designee who employed the alleged perpetrator at the time of the alleged incident informs the employee of:

- (A) the OCA investigator's name and phone number;
- (B) the investigative process described in this Section;
- (C) the employee's rights and responsibilities relating to the investigation described in (1) of this Section, except as stated in (2) of this subsection using Form 15IV005E, Rights and Responsibilities of Alleged Perpetrators, or a substantially similar provider or agency form, and Form 15IV004E, Address Information Notice, a copy of which is provided to the OCA investigator; and
- (D) the allegation made against the alleged perpetrator without divulging the reporting party's identity or the substance of the evidence.

(2) When the alleged perpetrator is subject to the Community Services Worker (CSW) Registry, the rights and responsibilities of the accused community services worker and Medicaid personal care assistant are found in OAC 340:2-3-39.1.

(A) The facility or provider administrator or the administrator's designee promptly completes Form 15IV005E and Form 15IV004E.

(B) The facility or provider administrator or the administrator's designee mails Form 15IV005E and Form 15IV004E to the worker when it is not possible to hand-deliver it to the worker who is no longer employed by the provider.

(e) OCA access to victims, employees, clients, facilities, files, and other records.

(1) The applicable facility or provider administrator or the administrator's designee arranges for the OCA investigator to have immediate and direct access to any alleged victim in the referral who is still the facility's or provider's client.

(2) During an OCA investigation, OKDHS, Office of Juvenile Affairs (OJA), Oklahoma Department of Rehabilitation Services (ODRS), Oklahoma Department of Mental Health and Substance Abuse Services (ODMHSAS), the J.D. McCarty Center, providers, and facilities and persons who contract with them, provide OCA access to all employees, clients, facilities, locations, files, and records of any nature that may pertain to the investigation.

(3) Denial of access may be grounds for a contract termination between OKDHS and the contractor or for other courses of action.

(f) Discrimination, retaliation, or interference in an OCA investigation prohibited and subject to criminal penalties.

(1) An employer, supervisor, administrator, or governing body or entity must not interfere with the any employee's or other person's

reporting obligations or in any manner discriminate or retaliate against a person who in good faith reports suspected child abuse or neglect or provides testimony in any proceeding involving child abuse or neglect, per 10A O.S. § 1-2-101.

(2) 21 O.S. § 455 states it is a felony to:

(A) willfully prevent or attempt to prevent, any person who makes an abuse or neglect report, pursuant to 10A O.S. § 1-2-101 from giving testimony or producing any record document or other object; or

(B) threaten physical harm through force or fear, cause or procure physical harm, harass or cause a person to be harassed because of testimony in a civil or criminal trial proceeding or because of making a report of child abuse or neglect.

(g) **and responsibilities.** The alleged perpetrator's rights and responsibilities during an OCA investigation are outlined in this subsection.

(1) **Rights.** During the investigation process, an alleged perpetrator has the right to:

(A) be advised by OCA of the nature of each allegation made against him or her;

(B) be advised by OCA of the investigative process;

(C) be interviewed by the OCA investigator and allowed to give his or her position regarding the allegation;

(D) be advised by the OCA investigator of the substance of the evidence against him or her, but not the identity of the person reporting the allegation;

(E) submit or supplement a written statement relating to the allegations;

(F) seek advice from other parties concerning his or her rights and responsibilities in OCA investigations, including the right to seek counsel;

(G) decline to answer any question when he or she reasonably believes the answer to the question may incriminate him or her in a criminal prosecution; and

(H) be notified in writing by OCA of the outcome of the investigation.

(2) **Responsibilities.** During the investigative process, the alleged perpetrator has the responsibility to:

(A) prepare written statements and reports relevant to the investigation, upon request;

(B) be available for interviews and accommodate the OCA investigator with scheduling interviews;

(C) refrain from action that interferes with the investigation including any action that intimidates, threatens, or harasses any person who has or may provide information relating to the allegation; and

(D) provide pertinent information and respond fully and truthfully to questions.

(h) **Educational employees.** This subsection applies to an educational employee, who is either a witness or the alleged perpetrator in an OCA

investigation.

(1) The facility or provider administrator where the incident took place notifies the school principal of the nature of the allegation and the assigned OCA investigator's name.

(2) OCA investigates educational employees who meet the definition of a caretaker, per OAC 340:2-3-2.

(i) **Contractor's employees.** This subsection applies to an employee of a contractor of a provider or facility when the employee is an alleged perpetrator in an OCA investigation.

(1) The facility or provider administrator where the incident took place notifies the contractor chief administrative officer of the nature of the allegation against the contractor's employee and the assigned OCA investigator's name.

(2) The contractor chief administrative officer is responsible for notifying the contract employee of the reason for the investigative interview, advising the employee of his or her rights and responsibilities relating to the OCA investigation, and arranging for the employee's appearance at an investigative interview. This requirement is for notification purposes and to coordinate with the investigative process. The facility or provider administrator where the alleged incident took place is responsible for client protection.

(j) **Document collection and review.** The OCA investigator gathers and reviews relevant documents including, but not limited to:

(1) incident reports and other written reports, accounts, and statements prepared during the preliminary assessment;

(2) medical records;

(3) photographs or video;

(4) facility or provider logs; and

(5) activity and tracking documents.

(k) **Investigative interviews.** When an injury is alleged, the OCA investigator or other appropriate person observes, notes, and documents apparent injuries and obtains pertinent medical documentation, including photographic evidence. Interviews are conducted in private. No person, other than the OCA investigator and the person interviewed, is allowed to attend an interview except for a person necessary to facilitate communication. An attorney or other representative of the person interviewed may attend an interview only as a silent observer with the advocate general's or the advocate general's designee's prior permission.

(l) **Interview protocols.** The OCA investigator conducts a separate private interview with each alleged victim, available witnesses to the alleged maltreatment, persons allegedly directly or indirectly involved in the allegation, persons with relevant knowledge, and each alleged perpetrator.

(m) **Recording investigation interviews.** OCA interviews are audio-recorded. To maintain information confidentiality provided in an interview, the person interviewed or anyone in attendance is not permitted to record. Interview recordings remain with the OCA investigative file.

(n) **"Plan for Immediate Safety"** means the plan for actions taken to immediately control any significant and clearly observable condition that

is present and is endangering or threatening to endanger a child.

(o) **Allegation presentation for witnesses later identified as alleged perpetrators.** During an investigation, when a witness is identified as an alleged perpetrator, the OCA investigator interviews the witness again to inform the witness that he or she is an alleged perpetrator. At that time, the witness is informed of the substance of the evidence and relevant information learned during the investigation and provided an opportunity to respond. The OCA investigator informs the facility or provider agency administrator of the new allegation and of the potential, additional alleged perpetrators.

(p) **Opportunity for alleged perpetrators to respond.** Following the alleged perpetrator's initial interview, if the OCA investigator obtains information the alleged perpetrator did not have an opportunity to respond to, the OCA investigator conducts another interview with the alleged perpetrator. The OCA investigator advises the alleged perpetrator of the substance of the new information and provides an opportunity to present a response.

(q) **Interpreter services for persons who are deaf or hard of hearing or have limited English proficiency.** When OCA interviews a person who is deaf or hard of hearing or with limited English proficiency, OCA provides oral or sign language interpreter services by an independent and qualified interpreter. Interpreter services for OKDHS employees and clients are provided per OAC 340:1-11-10.

(r) **Scheduling interviews.** To schedule an interview with an alleged perpetrator, the OCA investigator phones, emails, or mails the facility or provider agency administrator or the administrator's designee that employs the alleged perpetrator. After two documented attempts to schedule an interview, the OCA investigator, contacts the facility or provider agency administrator or the administrator's designee in writing advising the administrator of his or her responsibility to compel the employee to participate. The OCA investigator notifies Developmental Disabilities Services (DDS) Quality Assurance or Child Welfare Services Specialized Placements and Partnerships Unit staff to ensure compliance with contract provisions. If unsuccessful, the OCA investigator sends a letter by mail to the alleged perpetrator's last known address notifying the alleged perpetrator of the investigation, offering an opportunity to be interviewed, and setting a date and time for a response. The letter informs the alleged perpetrator of the consequence of failing to participate. The OCA investigative report is completed without the alleged perpetrator's statement, and a finding is made based on the available information. For other persons needing to be interviewed, the OCA investigator follows the same protocol for an alleged perpetrator, but the letter only requests his or her participation in an interview.

(s) **Areas(s) of concern (AOC) notification.** During the investigation, the assigned OCA investigator emails or phones the applicable facility or provider administrator or the administrator's designee and informs him or her of AOCs. Upon the investigation's completion, all identified AOCs are provided in writing to the facility or agency provider administrator.

(t) **The written investigative report.** After completing the information-gathering portion of the investigative process, the OCA investigator prepares a written investigative report containing:

- (1) the referral allegation(s) investigated, including the date, time, and location of the alleged incident(s), the date the allegation was reported to OCA, and the assigned OCA case number;
- (2) a statement of any physical injuries the alleged victims sustained;
- (3) information regarding involved law enforcement entities;
- (4) a recommendation for the district attorney to consider further investigation;
- (5) the applicable definition(s) of caretaker misconduct or the maltreatment type at issue, such as abuse, neglect, verbal abuse, exploitation, or caretaker misconduct;
- (6) the finding(s), per (x) of this Section;
- (7) a list of the involved parties, titles and roles in the matter, if they were interviewed and, when interviewed, whether the interviews face-to-face or by phone;
- (8) the name, address, and phone numbers of any interpreter employed during the investigation;
- (9) an explanation of the basis for the finding(s);
- (10) a summary of relevant information obtained during each interview conducted during the investigation;
- (11) a list of relevant documents and records reviewed during the investigation;
- (12) a list of attachments to the report provided upon request; and
- (13) an explanation for any delays in meeting the time requirements for completing the investigation report contained in this Section.

(u) **OCA findings and completion time requirements regarding investigations involving a child.** Per 10A O.S. § 1-9-112.1, the OCA investigation of a child abuse or neglect report results in a written report, with findings, within 30- calendar days from the referral date.

(v) **Notice of child abuse or neglect findings.**

(1) After completing the OCA investigation, a findings letter is sent to the:

(A) alleged perpetrator; and

(B) facility or provider administrator.

(2) When a facility or provider administrator is named as an alleged perpetrator, a findings letter is mailed to the facility's or provider's chair of the board of directors or governing entity, or to the director of the state agency operating the facility, as applicable.

(3) The OCA investigator verbally provides the findings to the child victim's parents or legal guardian.

(w) **Appeal process for substantiated child abuse or neglect findings.** The 2010 Child Abuse Prevention and Treatment Act, Section 5101 et seq. of Title 42 of the United States Code, requires that OKDHS provide persons who disagree with a substantiated finding of child abuse or neglect with a procedure for appealing and responding to appeals of those findings, per OAC 340:2-3-39.

(x) **OCA investigation report submitted to Child Welfare Services (CWS).** Per 10A O.S. § 1-9-112.1, the OCA abuse or neglect investigation report concerning a child in OKDHS custody is submitted to the CWS director or the director's designee within 30-calendar days from the referral date.

(y) **Dissemination of investigation reports involving persons subject to the Community Services Worker (CSW) Registry.**

(1) All OCA investigations involving a substantiated finding against a CSW or Medicaid personal care assistant are processed for the CSW Registry, per OAC 340:2-3-29.

(2) A copy of the investigative report is sent to the district attorney in the county where the suspected maltreatment occurred.

(3) OCA sends an investigation summary to the designated leadership within the facility or provider administrator within five OKDHS-business days of the investigation closing. Nothing in this subsection is construed as an OCA determination that the subject of the investigation report may be placed on the CSW Registry.

(4) The investigation report is sent to the DDS director or designee.

(z) **Dissemination of reports involving alleged perpetrators subject to the Restricted Registry, Joshua's List.**

(1) All OCA investigations involving a substantiated abuse or neglect finding against an alleged perpetrator when the abuse or neglect occurred to a child while in the care of a facility licensed, certified, operated, or contracted with OKDHS or OJA are processed for the Restricted Registry, per OAC 340:110-1-10.1; and OCA submits a copy of the report to the Office of Background Investigations.

(2) A copy of the investigation report is sent to the district attorney in the county where the suspected abuse or neglect occurred, per 10A O.S. § 1-2-105.

(3) When the victim is a child receiving DDS services, OCA sends a copy of the report to the DDS director or the director's designee.

(aa) **OCA investigative reports confidentiality.** Persons receiving copies of OCA investigative reports regarding a child are bound by confidentiality provisions of 10A O.S. §§ 1-6-102 through 1-6-107.

[Source: Transferred from 340:2-3-36 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-3-6. Office of Client Advocacy (OCA) investigation procedures for cases involving vulnerable adults

(a) **Initiation of OCA investigation initiation.** Oklahoma Human Services (OKDHS) OCA within its investigative scope and authority, per Section 10-105 of Title 43A of the Oklahoma Statutes (43A O.S. § 10-105), conducts a prompt and thorough investigation upon receiving a report of maltreatment of a vulnerable adult who is a recipient of home and community based waiver services, State Plan Personal Care (SPPC) services, living choice waiver services, medically fragile waiver services,

or a Hissom Class Member, or a resident of the Robert M. Greer Center (Greer).

(1) An OCA investigator initiates an investigation when they make face-to-face contact with the vulnerable adult, who is the alleged victim.

(2) The OCA investigator initiates the investigation as soon as possible within five-calendar days, not to exceed 120 hours from the time of the referral receipt.

(3) In the case of an emergency when a priority response is required, an OCA investigator initiates the investigation as soon as possible, but not to exceed 24 hours from the date of case assignment.

(4) During an investigation, when the OCA investigator has concerns that the vulnerable adult victim may be engaging in acts of self-neglect or needs involuntary protective services or court intervention, the OCA investigator promptly makes a referral to the Adult Protective Services (APS) and coordinates with APS to ensure the vulnerable adult's safety, per 43A O.S. § 10-106.

(b) **Joint investigations with law enforcement.** Investigations regarding vulnerable adults are conducted jointly with law enforcement when possible.

(c) **Reportable incident regarding vulnerable adults.** The OKDHS vulnerable adult investigations include allegation notification to the local law enforcement agency, per 43A O.S. § 10-105.

(d) **Investigation notice provided to vulnerable adult's caretaker (VAC), legal guardian, and next of kin.**

(1) As soon as possible after initiating an investigation of a referral regarding a vulnerable adult, OKDHS provides the alleged victim's caretaker, legal guardian, and next of kin, notice that includes a brief oral summary and a written description of the investigation process, regardless of whether the caretaker, guardian, or next of kin is alleged to be the perpetrator of the abuse, neglect, or exploitation of the vulnerable adult, per 43A O.S. § 10-105.1.

(2) When the vulnerable adult retains the capacity to consent to voluntary services and does not want a caretaker or next of kin to receive an investigation notification, OKDHS abides by the vulnerable adult's wishes.

(e) **Facility or provider administrator responsibility to arrange document production, visits, and interviews.** The applicable facility or provider agency administrator or the administrator's designee arranges document production, site visits, and interviews per OCA request. The facility or provider administrator or the administrator's designee who employed the accused VAC at the time of the alleged incident informs the employee of:

- (1) the OCA investigator's name and phone number;
- (2) the investigative process described in this Section;
- (3) the employee's rights and responsibilities relating to the investigation described in (h) of this Section, using Form 15IV005E, Rights and Responsibilities of Accused Caretakers, or a substantially similar provider or agency form, and Form

15IV004E, Address Information Notice, a copy of which is provided to the OCA investigator;

(4) the allegation made against the VAC without divulging the reporting party's identity or the substance of the evidence; and

(5) obtains the signature of the CSW on the forms listed in (3) of this subsection and provides a copy to the OCA investigator.

(f) OCA access to victims, employees, clients, facilities, files, and other records.

(1) Per 43A O.S. § 10-105, the OKDHS investigation includes:

(A) a visit to the home or other place of residence of the person who is the subject of the report;

(B) a private interview with the person who is the subject of the report; and

(C) consultation with persons who have knowledge of the circumstances.

(2) The applicable facility or provider administrator or the administrator's designee arranges for the OCA investigator to have immediate and direct access to any alleged victim in the referral who is still a client of the facility or provider.

(3) During an OCA investigation, OKDHS, Oklahoma Department of Rehabilitation Services (ODRS), Oklahoma Department of Mental Health and Substance Abuse Services (OMDHSAS), providers, and facilities and persons who contract with them, provide OCA access to all employees, clients, facilities, locations, files, and records of any nature that may pertain to the investigation.

(4) Denying access may be grounds for a contract termination between OKDHS and the contractor.

(g) Discrimination, retaliation, or interference in an OCA investigation prohibited.

(1) 21 O.S. § 455 states it is a felony to:

(A) willfully prevent or attempt to prevent any person who make an abuse or neglect report, pursuant to 43A O.S. § 10-104 from giving testimony or producing any record document or other object; or

(B) threaten physical harm through force or fear, cause or procure physical harm, harass or cause a person to be harassed because of testimony in a civil or criminal trial proceeding or because of making a report of child abuse or neglect.

(2) An OKDHS employee who interferes with an OCA investigation may be subject to administrative action. Interference includes, but is not limited to:

(A) intimidating, harassing, or threatening a party to the investigation;

(B) retaliation against an employee for reporting an allegation; or

(C) denying access to clients, employees, facilities, witnesses, records, or evidence.

(3) 43A O.S. § 10-104 states no employer shall terminate the employment, prevent or impair the practice or occupation of or impose any other

sanction on any employee solely for the reason the employee made or caused to be made a report, or cooperated with an investigation pursuant to the Protective Services for Vulnerable Adults Act, 43A O.S. § 10-101 et seq.

(h) **Rights and responsibilities of accused VAC.** The rights and responsibilities of the accused VAC during an OCA investigation are outlined in this subsection.

(1) **Rights.** During the investigation process, an accused VAC has the right to:

- (A) be advised of the nature of each allegation made against him or her;
- (B) be advised by OCA of the investigative process involving caretaker maltreatment.
- (C) be interviewed by the OCA investigator and allowed to give his or her position regarding the allegation;
- (D) be advised by the OCA investigator of the substance of the evidence against him or her, but not the reporting party's identity;
- (E) submit or supplement a written statement relating to the allegations;
- (F) seek advice from other parties concerning a his or her rights and responsibilities in OCA investigations, including the right to seek counsel;
- (G) decline to answer any question when he or she reasonably believes the answer to the question may incriminate him or her in a criminal prosecution; and
- (H) be notified in writing by his or her employer of the investigation's outcome when the investigation involves a VAC.

(2) **Responsibilities.** During the investigative process, the accused VAC has the responsibility to:

- (A) prepare written statements and reports relevant to the investigation, upon request;
- (B) be available for interviews and accommodate the OCA investigator with scheduling interviews;
- (C) refrain from action that interferes with the investigation including any action that intimidates, threatens, or harasses any person who has or may provide information relating to the allegation; and
- (D) provide pertinent information and respond fully and truthfully to questions.

(i) **VAC address and email.** During the investigative process the accused VAC provides OCA with a current mailing address and email address, if applicable.

- (1) It is the responsibility of the accused VAC to promptly notify OCA of any changes in mailing address or email address.
- (2) OKDHS sends all subsequent communications concerning the investigation and administrative actions to the last known mailing address or email address as applicable, as provided by the accused VAC.

(3) OKDHS may serve notice of investigative findings as provided in this Section and administrative actions per Oklahoma Administrative Code (OAC) 340:2-3-39.1 to the last known mailing address or email address as applicable as provided by the accused VAC.

(4) Failure to notify OCA of any changes in mailing address or email address may result in placement of the accused VAC in the Community Services Worker Registry.

(j) **Educational employees.** This subsection applies to an educational employee who is either a witness or the accused VAC in an OCA investigation.

(1) The facility or provider agency administrator where the incident took place notifies the school principal of the nature of the allegation and the assigned OCA investigator's name.

(2) OCA investigates educational employees who meet the caretaker definition, per this subsection.

(k) **Contractor's employees.** This subsection applies to an employee of a provider or facility contractor when the employee is an accused VAC in an OCA investigation.

(1) The facility or provider administrator where the incident took place notifies the contractor chief administrative officer of the nature of the allegation against the contractor's employee and the assigned OCA investigator's name.

(2) The contractor chief administrative officer is responsible for notifying the contract employee of the reason for the investigative review, advising the employee of his or her rights and responsibilities related to the OCA investigation, and arranging for the employee's appearance at an investigative interview. This requirement is for notification purposes and to coordinate with the investigative process. The facility or provider administrator where the alleged incident took place is responsible for client protection.

(l) **Document collection and review.** The OCA investigator gathers and reviews relevant documents including, but not limited to:

(1) incident reports and other written reports, accounts, and statements prepared during the preliminary assessment;

(2) medical records;

(3) photographs, videos, or both;

(4) facility or provider logs;

(5) activity and tracking documents;

(6) the vulnerable adult's Individual Plan (IP); and

(7) all relevant Developmental Disability Services (DDS) documents and forms.

(m) **Investigative interviews.** When there is an alleged injury, the OCA investigator or other appropriate person observes, notes, and documents apparent injuries and obtains pertinent medical documentation, including photographic evidence. Interviews are conducted in private. No person other than the OCA investigator and the person interviewed is allowed to attend an interview except for a person necessary to facilitate communication. An attorney or other representative of the interviewee attends an interview only as a silent observer with the advocate general's

or the advocate general's designee's prior permission.

(n) **Interview protocols.** The OCA investigator conducts a separate private interview with each alleged victim, available witnesses to the alleged maltreatment, and persons who are allegedly directly or indirectly involved in the allegation, persons with knowledge of relevant information, and each accused VAC. At the time of the interview of the accused VAC, if the OCA investigator determines that a signed Form 15IV004E, Address Information Notice, has not previously been provided to OCA, the investigator obtains it from the accused VAC. If the interview is being conducted in a manner other than in-person, the investigator reads Form 15IV004E to the accused VAC and:

- (1) obtains verbal acknowledgement of understanding from the accused VAC;
- (2) records the information on Form 15IV004E as provided by the accused VAC; and
- (3) obtains consent to sign Form 15IV004E on behalf of the accused VAC.

(o) **Recording investigation interviews.** OCA interviews are audio-recorded. To maintain information confidentiality provided in an interview, the interviewee and anyone in attendance is not permitted to record the interview. Interview recordings remain with the OCA investigative file.

(p) **"Plan for Immediate Safety"** means the plan for actions taken to immediately control any significant and clearly observable condition that is present and is endangering or threatening to endanger a vulnerable adult.

(q) **Allegation presentation for witnesses later identified as accused VACs.** During an investigation, when a witness is identified as a potential accused VAC, the OCA investigator interviews the witness again to inform the witness that he or she is a potential accused VAC. At the time, the witness is informed of the substance of the evidence and provided an opportunity to respond. The OCA investigator informs the facility or provider agency administrator of the new allegation and of the potential additional accused VAC. The OCA investigator advises the accused VAC of the substance of the new information and provides an opportunity to present a response.

(r) **Interpreter services for persons who are deaf or hard of hearing or have limited English proficiency.** When OCA interviews a person who is deaf or hard of hearing or who has limited English proficiency, OCA provides interpreter services by an independent and qualified interpreter. Interpreter services for OKDHS employees and clients are provided, per OAC 340:1-11-10.

(s) **Areas of concern (AOC) notification.** During the investigation, the assigned OCA investigator emails or phones the applicable facility or provider administrator or the administrator's designee and informs him or her of AOCs. When the investigation is completed, all identified AOCs are provided in writing to the facility or agency provider administrator.

(t) **The written investigative report.** After completing the information-gathering portion of the investigative process, the OCA investigator prepares a written investigative report containing:

- (1) the referral allegation investigated, including date, time, and location of the alleged incident, the date the allegation was reported to OCA, and the assigned OCA case number;
- (2) a statement of any physical injuries the alleged victim sustained;
- (3) information regarding involved law enforcement entities;
- (4) a recommendation for the district attorney to consider further investigation;
- (5) the applicable definition of caretaker misconduct or the type of maltreatment at issue, such as abuse, neglect, verbal abuse, exploitation, or caretaker misconduct;
- (6) the findings, per (x) of this Section;
- (7) a list of the involved parties, titles, and roles in the matter, if they were interviewed and, when they were interviewed, whether the interviews were face-to-face by phone, or virtual;
- (8) the name, address, and phone numbers of any interpreter employed during the investigation;
- (9) an explanation of the basis for the findings;
- (10) a summary of relevant information obtained during each interview conducted during the investigation;
- (11) a list of relevant documents and records reviewed during the investigation;
- (12) a list of attachments to the report provided upon request; and
- (13) an explanation for any delays in meeting the time requirements for completing the investigation report contained in this Section.

(u) **OCA investigation findings regarding a vulnerable adult.** The OCA investigation of a report of vulnerable adult maltreatment of a vulnerable adult results in a written report with findings within 60-calendar days from the referral date.

(v) **Identification of the responsible VAC.** When the evidence gathered during the investigation is sufficient to substantiate vulnerable adult maltreatment but the person responsible for the maltreatment cannot be identified, the substantiated finding is made on an unknown VAC. The facility or provider administration may be named as responsible VAC when the policies, procedures, or practices the administration adopted are the primary factor resulting in individual client maltreatment of individual clients.

(w) **Notice of maltreatment findings to a vulnerable adult.**

(1) After the OCA investigation is complete a findings letter is provided to the:

- (A) accused VAC;
- (B) legal guardian and next of kin; and
- (C) facility or provider administrator.

(2) When a facility or provider administrator is named as an accused VAC, a findings letter is provided to the facility's or provider's chair of the board of directors, or to the director of the state agency operating the facility, as applicable.

(x) **Appeal process for substantiated maltreatment findings.** The appeal process is provided for accused VACs who disagree with a

substantiated maltreatment finding, per OAC 340:2-3-39.1.

(y) Dissemination of OCA investigation reports involving VACs not subject to the CSW Registry.

(1) Except as provided in (4) of this subsection and consistent with 43A O.S. § 10-110, a summary of the final OCA investigation report involving a vulnerable adult is sent to the administrator of an affected facility or provider agency. The summary is provided within five-business days of the investigation's closure. The administrator is responsible for notifying the accused VAC and the vulnerable adult's legal guardian or next of kin of the OCA finding.

(2) When the referral alleges maltreatment, a copy of the report is sent to the applicable district attorney.

(3) A copy of the report is also sent to the DDS State Office administrator, ODRS director, or ODMHSAS director, as applicable.

(4) When a facility or provider administrator is named as an accused VAC in the allegation, the OCA forwards a summary of the investigative report to the facility or provider agency chair of the board of directors or to the director of the state agency operating the facility.

(5) A copy of the OCA report is sent to the Oklahoma State Department of Health (OSDH) when the investigation involves a day treatment program.

(6) When the accused VAC is an OKDHS employee, the relevant state office administrator provides the accused VAC with a letter summarizing the allegation and stating the OCA finding.

(7) When there is a substantiated finding of client maltreatment by a licensed nurse, a copy of the OCA report is submitted to the Oklahoma State Board of Nursing.

(8) When appropriate in cases involving a vulnerable adult, a copy of the OCA report is sent to any state agency with concurrent jurisdiction over persons or issues identified in the investigation. This includes but is not limited to, OSDH and any appropriate state licensure or certification board, agency, or registry and includes sending OSDH a copy of any report when at least one of the accused VACs is a certified nurse aide.

(9) When there is substantiated maltreatment by a guardian, a copy of the OCA investigation report is submitted to the applicable guardianship court.

(10) OCA distributes the investigation report by mail, fax, or email while maintaining confidentiality of materials.

(z) Dissemination of investigation reports involving Hissom Class Members (HCMs) and VACs subject to the CSW Registry.

(1) All OCA investigations involving a substantiated finding against a CSW or Medicaid personal care assistant employed by a Medicaid personal care services provider, are processed for the CSW Registry, per OAC 340:2-3-29.1.

(2) A copy of the investigative report is sent to the district attorney in the county where the suspected maltreatment occurred, per 43A O.S. § 10-104.

(3) OCA sends an investigation summary to the facility or provider administrator within five-business days of the investigation's closure. Nothing in this subsection will be construed as an OCA determination that the subject of the investigation report may be placed on the CSW Registry.

(4) The investigation report is sent to the DDS director or designee, the Community Living, Aging, and Protective Services director or designee, or the Oklahoma Health Care Authority director or designee, as applicable.

(5) OCA notifies the vulnerable adult's accused caretaker and legal guardian or next of kin of the investigation finding. When the vulnerable adult is an HCM, the HCM's assigned OCA advocate notifies the HCM and the HCM's guardian or close family member of the investigation finding.

(6) When an investigation involves a vulnerable adult with a legal guardian, a copy of the completed investigation report must be filed with the court the guardian is accountable to, per 43A O.S. § 10-105.

(aa) **Confidentiality of OCA investigative reports.** Persons receiving copies of OCA investigative reports or summaries regarding a vulnerable adult are bound by the confidentiality provisions of 43A O.S. § 10-110.

(1) All investigative records OKDHS receives that are created by other local or state agencies, including law enforcement agencies, are obtained directly from those local or state entities.

(2) Person seeking redacted identifying information, per 43A O.S. § 10-110, contained in the OCA investigative report, in any summary or other information contained in any other reports, records, or working papers used or developed in the investigation, must obtain a court order authorizing the information's release of such information.

(A) All reports, records, working papers, and all information contained therein remain confidential after the OKDHS release; and

(B) it is unlawful and a misdemeanor for any person to furnish any record or disclose any information contained therein for any unauthorized purpose.

(bb) **Substantiated findings involving Greer.** OCA investigation report findings involving vulnerable adult maltreatment at Greer are considered final when the report does not contain a substantiated finding. In cases with a substantiated finding, the report is final upon completion of the review process, per 340:2-3-39. When DDS staff receives a copy of a final OCA investigative report or notice that a review, per OAC 340:2-3-39.1, is concluded, within 30-calendar days, the applicable director notifies the advocate general in writing of:

(1) the personnel action taken or to be taken with regard to each accused VAC name in the report;

(2) the corrective action taken or to be taken regarding AOCs notice in the report; and

(3) whether, for each worker found to have engaged in maltreatment, there were prior OCA or facility confirmations of the worker's maltreatment of a vulnerable adult. If such

confirmations exist, the basis for each such finding, and the personnel action taken in response.

(cc) **Findings involving an HCM.** This subsection applies to the administrator of a provider that employed, or contracted with a contractor that employed, an accused VAC named in an OCA investigation report. The DDS director or the director's designee notifies the advocate general in writing:

(1) when personnel action was or will be taken with regard to each accused VAC named in the report; and

(2) of corrective action taken or to be taken regarding AOCs noted in the report.

(dd) **Ten-day staffing.** Ten days after the investigation is initiated, the provider has the right to request an investigative status update. The provider makes the request to the the assigned OCA Investigator's programs manager or programs supervisor. The ten-day staffing includes the provider administrator, the programs manager or programs supervisor and the OCA investigator. OCA provides an update as to the progress and there is an information exchange between the provider and OCA to identify any ongoing safety issue to barriers to concluding the investigation.

[Source: Transferred from 340:2-3-36.1 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-3-7. Caretaker conduct review (CCR)

(a) **Application.** This Section applies to referrals received by the Office of Client Advocacy (OCA) that OCA refers to a facility for an internal caretaker conduct review (CCR) per Oklahoma Administrative Code (OAC) 340:2-3-35(a)(2). Allegations of caretaker misconduct regarding children are screened by the Oklahoma Department of Human Services (DHS) Abuse & Neglect Hotline (Hotline) and referred to the appropriate facility contracting and licensing entities where the incident occurred. OCA may conduct an investigation when the DHS Specialized Placement Unit, DHS Child Care Licensing Unit, or other source, determines a pattern of misconduct exists by a person responsible for the child of interest (PRFCI) or facility administration, or facility administration fails to take appropriate corrective action. This Section does not apply to allegations involving caretaker misconduct of a Hisson class member or a vulnerable adult, other than a resident of the Robert M. Greer Center (Greer). OCA continues to accept and process CCRs regarding children who are in facilities not licensed by or contracted with DHS.

(b) Assignment to a facility to conduct a CCR.

(1) When OCA receives a referral that indicates possible caretaker misconduct, in lieu of an investigation, OCA intake may refer it to the facility where it allegedly occurred for handling as a CCR when:

(A) there is no injury or evidence the client might have been exposed to a significant risk of harm;

(B) there is a minor physical injury and it is not a suspicious injury;

- (C) there is a serious physical injury and the known credible information makes it unlikely the serious injury was the result of abuse or neglect; or
- (D) excessive or unauthorized use of force is alleged and there is no injury or only a minor injury that is not suspicious.

(2) In addition to the referrals in subsection (b)(1) of this Section, regarding vulnerable adults at DHS operated facilities, and at Greer, a referral indicating possible maltreatment may be referred to the facility for handling as a CCR when the allegation involves a serious physical injury that occurred under unexplained or unusual circumstances.

(c) **Protocol for conducting a CCR.** When OCA intake assigns a facility the responsibility to conduct a CCR, the administrator or designee takes necessary steps to ensure the safety of all clients and to protect the integrity of all evidence. A facility employee designated to conduct a CCR follows the investigative procedures per OAC 340:2-3-36, with the exception of recording the interviews per OAC 340:2-3-36(j)(1), including:

- (1) reviewing pertinent documentation, records, and evidence collected;
- (2) viewing any injuries and photos of injuries, and obtaining photos of injuries;
- (3) obtaining written statements and conducting interviews with:
 - (A) each alleged victim;
 - (B) each eyewitness;
 - (C) other persons with knowledge relevant to the allegation; and
 - (D) each accused caretaker;
- (4) reviewing statutes, policies, directives, standards, rules, or practices relevant to the allegation;
- (5) analyzing the accused caretaker's actions in relation to relevant statutes, policies, directives, standards, rules and practices; and
- (6) determining the appropriate finding(s) per OAC 340:2-3-36(v).

(d) **Returning the investigation responsibility to OCA.** If at any time during the CCR information is learned that gives cause to believe a client was the victim of caretaker misconduct resulting in a serious injury, abuse, or neglect, the administrator immediately discontinues the CCR and contacts OCA intake to report the new information warranting an OCA investigation. OCA intake notes the new information and changes the disposition on Form 15GN001E, Office of Client Advocacy - Intake Referral, and the case is assigned to an OCA investigator for investigation per OAC 340:2-3-35(c).

(e) **Written report of CCR.** After completion of the CCR process and determination of the appropriate finding, the person conducting the CCR prepares a written report. Facilities are encouraged, but not required, to use the OCA format for CCR reports. The written report contains:

- (1) the allegation(s), including the dates, times, and location of the alleged incident(s), the date the allegation was reported to OCA, and the OCA case number;

- (2) a statement of any injury sustained by the alleged victim(s) and, in cases involving an injury, a statement whether photographs were taken of the injury and if so, the date they were taken;
- (3) the finding(s), whether caretaker misconduct did or did not occur, based on a greater weight of the evidence standard;
- (4) a list of the involved parties, their titles and roles in the matter, whether they were interviewed and, if so, when;
- (5) citation to pertinent statutes, policies, directives, standards, rules, and practices, when applicable;
- (6) an explanation of the basis for the finding(s);
- (7) a summary of pertinent information obtained in interviews conducted during the review;
- (8) a list of relevant documents and records reviewed;
- (9) a list of attachments to the report;
- (10) a list of areas of concern identified during the course of the investigation regarding facility or DHS practices or procedures that have implications for the safety, health, or welfare of clients, but do not rise to the level of abuse or neglect; and
- (11) either on a cover memo or at the end of the report, the date and signature of the person who conducted the CCR, and the signature of the person who reviewed and approved the report.

(f) **Time for completion of report.** The final written report is submitted to the advocate general within 30 calendar days from the date OCA intake notified the administrator an allegation is referred for CCR.

(g) **OCA processing of CCR reports.** The administrator transmits the completed CCR to the advocate general. The advocate general or designee reviews the CCR report for completeness and appropriateness of the finding. When a report is incomplete or the finding is questionable, OCA contacts the administrator to request further inquiry into the allegation. OCA opens an investigation when a report indicates the need.

(h) **Final CCR report.** When a final CCR report is not submitted to the advocate general within 45 calendar days from the date OCA notifies the facility or provider administrator the allegation is referred for CCR, OCA notifies the appropriate state agency, office, or regulatory entity that contracts with the facility or agency for the delivery of services.

(i) **Review by Developmental Disabilities Services (DDS)**

director. Within five business days of completion of a CCR report at the Robert M. Greer Center (Greer), the facility administrator or designee informs the client and the client's guardian or parent of the CCR result. If the client or the guardian or parent does not concur with the finding(s), the facility administrator or designee notifies the advocate general in writing by email or letter. The advocate general refers the matter to the OCA grievance coordinator to process for review by the DDS director as a contested grievance per OAC 340:2-3-46 and 340:2-3-51(g) and the client or guardian or parent who did not concur with the finding(s) is considered the grievant for purposes of the review. When the grievant does not concur with the proposed resolution of the applicable director or designee, the matter is reviewed by the Grievance and Abuse Review Committee (GARC) per OAC 340:2-3-62 and 340:2-3-64.

(j) **State office administrator's report.** The findings in a CCR are considered final when the time for requesting review pursuant to subsection (i) of this Section has expired and review has not been requested, or the review was timely requested and concluded.

(1) Within 60 calendar days of the finding becoming final, the state office administrator or designee informs the advocate general in writing of:

- (A) any personnel action taken or to be taken;
- (B) any corrective action taken or to be taken; and
- (C) for each worker found to have engaged in caretaker misconduct, whether there was prior confirmation by OCA or the facility for client maltreatment by the worker and, if so, the basis for each finding and the personnel action taken in response.

(2) When personnel action is involved, the State Office administrator notifies the DHS Human Resources Management director.

(3) When a CCR has not resulted in a confirmed finding, no information or material pertaining to the allegation or the investigation is placed in the personnel files of any employee named in the report.

[Source: Transferred from 340:2-3-37 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-3-8. Investigation of complaints made by foster parents or made by or on behalf of children being served by Child Welfare Services (CWS)

(a) **Application.** The Office of Client Advocacy (OCA) investigates allegations:

(1) that an employee of Oklahoma Human Services (OKDHS) or of a child-placing agency threatened a foster parent with removal of a child from the foster parent, harassed or refused to place a child in a licensed or certified foster home, or disrupted a child placement as retaliation or discrimination towards a foster parent who engaged in a protected act, per Sections 1-9-112 and 1-9-117 of Title 10A of the Oklahoma Statutes (10A O.S. §§ 1-9-112 and 1-9-117); and

(2) that any OKDHS or child-placing agency employee retaliated or discriminated against a child being served by CWS for engaging in a protected act, per 10A O.S. § 1-9-119.1 and 10A O.S. § 1-9-120.

(b) **Definitions.** The following words and terms when used in this Section shall have the following meanings unless the context clearly indicates otherwise:

(1) **"Administrator"** with regard to a child-placing agency, means the chief administrative officer of the agency.

(2) **"Child-placing agency"** means an agency that arranges for or places a child in a foster family home, group home, adoptive home, or successful adulthood program, per 10 O.S. §§ 401 through 418.

(3) **"Discrimination"** means differential treatment by an OKDHS or child-placing agency employee of similarly situated foster parents or similarly situated children being served by CWS that in reprisal for engaging in a protected activity.

(4) **"Harassment"** means a knowing and willful pattern of conduct, statements, or behaviors that serve no legitimate purpose, directed at a foster parent or child being served by CWS that a reasonable person in the same or similar circumstances would find intimidating or substantially distressing.

(5) **"Protected activity"** means a foster parent or child being served by CWS engaged in:

(A) filing a grievance with OKDHS or the Oklahoma Commission on Children and Youth (OCCY) Office of Juvenile System Oversight (OJSO), or with a child-placing agency, per 10A O.S. § 1-9-120;

(B) providing information regarding foster care services to any state official or OKDHS employee; or

(C) testifying, assisting, or otherwise participating in an investigation, proceeding, or hearing against OKDHS or a child-placing agency.

(6) **"Retaliation"** means:

(A) with regard to a child being served by CWS, in reprisal for the child engaging in a protected activity, an OKDHS or child-placing agency employee took an adverse action against the child including, but not limited to, punishment, interference, or coercion; or

(B) with regard to a foster parent, in reprisal for the foster parent engaging in a protected activity, an OKDHS or a child-placing agency employee:

(i) threatened a foster parent with a child's removal from the foster parent's care;

(ii) refused or failed to place a child in a licensed or certified foster home; or

(iii) disrupted a child placement.

(c) **Scope.** A foster parent or a child being served by CWS has the right, without fear of reprisal or discrimination, to lodge concerns and complaints with respect to the provision of foster care services to OJSO. OJSO forwards complaints to OCA. OCA determines if foster parent or child being served by CWS complaints meet criteria for a formal investigation. OCA:

(1) initiates investigations that meet the criteria, per Oklahoma Administrative Code (OAC) 340:2-3-38(a); and

(2) forwards discrimination allegations to the Office for Civil Rights when the alleged discrimination includes actions or decisions based on race, color, national origin, sex, religion, age, or disability, unless authorized by law.

(d) **Exclusions.** The provisions of this Section do not apply to:

(1) a complaint by a foster parent or by a child being served by CWS regarding the result of a criminal, administrative, or civil proceeding for a violation by that foster parent or child being served by CWS of a law, rule, or contract provision, or an action

taken by OKDHS or a child-placing agency in conformity with the result of such proceedings;

(2) allegations of acts of retaliation, discrimination, or harassment that occurred more than one year prior to the date of the foster parent or child being served by CWS complaint; or

(3) allegations of a pattern of retaliation, discrimination, or harassment, the last incident that occurred more than one year after the foster parent or child being served by CWS participated in a protected activity.

(e) **Protections for foster parents filing complaints in good faith.** 10A O.S. § 1-9-117 provides that any foster parent who has reasonable cause to believe he or she was threatened with removal of a foster child, refused placement of a child, or had a placement disrupted in retaliation, discrimination, or harassment by an OKDHS or a child-placing agency employee, as outlined in (c) of this Section, may file a complaint with OJSO. The law provides that persons making a report in good faith under this Section may not be adversely affected solely on the basis of having made such report. The law also provides that any person who knowingly and willfully makes a false or frivolous report or complaint may be subject to loss of foster parent approval or licensure status.

(f) **Reporting procedure.** Foster parents or children being served by CWS may file complaints by calling OCA or using the OCCY website at okfosterparentvoices.org or okfosteryouthmatters.org.

(g) **Confidentiality.** OCA maintains confidentiality regarding the reporter's identity. OCA must prepare and maintain written records from the reporting source including the:

(1) names and addresses of the child being served by CWS and the person(s) responsible for the child's welfare;

(2) nature of the complaint; and

(3) names of the persons or agencies responsible for the allegations contained in the complaint.

(h) **Prohibition against interference.** An OKDHS employee who interferes with a foster parent's or child being served by CWS's grievance rights or an OCA investigation may be subject to administrative action for misconduct per OKDHS personnel rules relating to cause for disciplinary action.

(i) **Initiation of OCA investigation.** Upon disposition of a report of retaliation, discrimination, or harassment against a foster parent or child being served by CWS, OCA assigns an OCA investigator to investigate the allegations per this Section. The OCA investigation does not duplicate and is separate from any investigation mandated by the Oklahoma Child Abuse Reporting and Prevention Act or other investigations having formal notice or hearing requirements.

(j) **Rights and responsibilities of employees.** The rights and responsibilities of OKDHS employees or agents in an OCA foster parent or child being served by CWS investigation are listed in (1) through (7) of this subsection. OKDHS employees or agents:

(1) make themselves available for interviews and accommodate the OCA investigator in scheduling interviews;

- (2) provide pertinent information and respond fully and truthfully to questions asked;
- (3) may submit written statements relating to the events in question in addition to being interviewed;
- (4) may seek advice concerning their rights and responsibilities from other parties within, or outside of OKDHS;
- (5) prepare written statements or reports relevant to the investigation upon request;
- (6) who reasonably believe answers to official inquiries regarding the events in question may incriminate them in a criminal prosecution, may decline to answer those questions; and
- (7) when interviewed do not discuss their interviews with anyone outside of OCA.

(k) **Access.** At all times, OCA is granted access to any foster home or facility approved, authorized, or funded by OKDHS, or a child-placing agency.

(l) **Investigation procedures.** Investigations are conducted, per OAC 340:2-3-36, unless otherwise provided in this Subchapter.

(1) **Notifying administrators and accused caretakers.** The assigned OCA investigator notifies the applicable administrator or State Office administrator of the investigation and arranges for document production, site visits, and interviews. The administrator or State Office administrator who employed an accused employee at the time of an alleged incident promptly informs the accused employee of:

- (A) the OCA investigator's name and phone numbers;
- (B) the investigative process;
- (C) his or her rights and responsibilities relating to the investigation described in (j) of this Section, using Form 15IV006E, Investigations of Foster Parent Retaliation Complaints - Rights and Responsibilities of Accused OKDHS Employees, a copy of which is provided by the OCA investigator; and
- (D) the nature of the allegation(s) made against the employee; however, at this time the employee is not provided the details of the allegations or the substance of the evidence.

(2) **OCA access to evidence.** Applicable administrators and State Office administrators cooperate and facilitate with the OCA investigation by:

- (A) providing access to requested information;
- (B) producing relevant documents, files, and records;
- (C) accompanying the OCA investigator on foster home visits, when requested by OCA; and
- (D) providing access to accused employees and others who have knowledge of relevant information.

(3) **OCA findings regarding foster parent or child being served by CWS retaliation, discrimination, or harassment and completion timeframes.** The OCA investigator conducts a prompt and thorough investigation within 60-calendar days from the date of the referral, stating one of the following findings.

(A) **"Substantiated"** means OCA determined, based on the preponderance of the evidence that foster parent retaliation, discrimination, or harassment occurred or that a child being served by CWS was subject to retaliation or discrimination.

(B) **"Unsubstantiated"** means OCA determined, based on the preponderance of the evidence, that insufficient evidence exists to determine foster parent retaliation, discrimination, or harassment occurred or that a child being served by CWS was subject to retaliation or discrimination.

(4) **The written investigation report.** After completing the information-gathering portion of the investigative process, the OCA investigator prepares a written report containing:

(A) the allegations investigated, including the date, time, and location of the alleged incident, the date the allegation was reported to OCA, the OCA case number, and the assigned OCA investigator;

(B) a list of the involved parties, and their titles and roles in the alleged incident;

(C) the applicable definition of the type of conduct at issue, such as retaliation, discrimination, or harassment, or any combinations thereof;

(D) if the foster parent or child being served by CWS engaged in a protected activity listed in (c)(2) of this Section and, if so, a description of the activity;

(E) the findings, per (l)(3) of this Section;

(F) an explanation of the basis for the finding;

(G) a summary, in cases involving a substantiated finding, of each interview conducted during the investigation, including the date and location of the interview;

(H) areas of concern identified during the investigation regarding OKDHS or child-placing agency practices or procedures;

(I) a list of documents and records reviewed during the investigation; and

(J) a list of attachments submitted with the final report.

(5) **OCA investigative report dissemination.**

(A) In cases involving allegations against an OKDHS employee, the advocate general submits a copy of the final OCA investigation report to the OKDHS Director and applicable State Office administrators.

(B) In cases involving a child-placing agency employee, the advocate general sends a letter summarizing the allegation and the OCA finding to the agency administrator and sends a copy of the report to the appropriate State Office administrator. When the child-placing agency administrator is the subject of the investigation, the letter summarizing the allegation and the OCA finding is sent to the agency's board of directors.

(C) OCA sends the foster parent or child being served by CWS and each accused OKDHS employee a letter summarizing the allegation and the OCA finding.

(D) All parties receiving copies of the investigative reports are bound by the confidentiality provisions, per 10A O.S. § 1-9-112 and 43A O.S. § 10-110.

(m) **Request for reconsideration by the advocate general.** Within 15-calendar days of receipt of the final OCA investigative report or summary, the CWS State Office administrator or the administrator's designee, the child-placing agency administrator, or the employee may request reconsideration by the advocate general.

(n) **OKDHS Director's request for reconsideration by the advocate general.** Within 30-calendar days of receipt of the final OCA investigative report, the OKDHS Director may request reconsideration by the advocate general.

(o) **Response to a substantiated finding by a State Office administrator or child-placing agency administrator.**

(1) When a State Office administrator receives a copy of an OCA investigative report containing a substantiated finding and reconsideration was not timely requested within 30-calendar days of receipt of the OCA report, the State Office administrator notifies the advocate general in writing of any personnel action taken, or to be taken, with regard to the employee, or any corrective action taken, or to be taken, regarding the areas of concern noted in the OCA report.

(2) When the OKDHS Director refers the matter to the advocate general for reconsideration, the State Office administrator's response to the advocate general regarding corrective action is due within 30-calendar days of the advocate general's final finding on reconsideration.

(3) When a child-placing agency administrator receives a letter summarizing the allegations and the OCA finding against a child-placing agency employee, the child-placing agency administrator notifies the advocate general in writing within 30-calendar days of the final report of any personnel action taken, or to be taken, with regard to each employee named in the report, and of the status of areas of concern noted in the OCA report.

[Source: Transferred from 340:2-3-38 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-3-9. Program Review process for substantiated child abuse or neglect findings in Office of Client Advocacy investigations

(a) **Purpose.** The Office of Client Advocacy (OCA) program review process serves the following purposes:

(1) per the 2010 Child Abuse Prevention and Treatment Act (CAPTA), Section 5101 et seq. of Title 42 of the United States Code, Oklahoma Human Services (OKDHS) is required to provide persons who disagree with a substantiated finding of child abuse or neglect with a procedure for appealing and responding to

appeals of those findings;

(2) serves as a quality assurance mechanism to assess findings compliance with Office of Client Advocacy (OCA) standards, per Oklahoma Administrative Code (OAC) 340:2-3-36; and

(3) provides a procedure for notice and an opportunity for review to an individual and, if the individual is an employee of a facility licensed, certified, operated, or contracted by or with the Office of Juvenile Affairs (OJA), to the facility prior to recording an individual in the Restricted Registry, per Section 405.3 of Title 10 of the Oklahoma Statutes (10 O.S. § 405.3).

(b) **Eligibility criteria.** An individual may request consideration through the program review process when:

(1) the person is an alleged perpetrator in an investigation involving abuse or neglect allegations; and

(2) the investigation results in a substantiated finding regarding the alleged perpetrator; and

(3) there is no other court action or court order in regard to the alleged child abuse or neglect including pending or completed:

(A) protective order hearings;

(B) civil actions for monetary compensation; or

(C) criminal court proceedings.

(c) **Procedures for the alleged perpetrator program review**

process. The procedures for the alleged perpetrator program review process are outlined in (1) through (4) of this subsection.

(1) **Notification to alleged perpetrator.** Upon substantiating abuse, neglect, or both, the OCA social services inspector notifies the alleged perpetrator of the finding by mailing Forms 04KI077E, Notification Concerning Finding(s) of Child Abuse/Neglect, and 04KI079E, Request for Program Review, provided the criteria in OAC 340:2-3-39 is met. Forms 04KI077E and 04KI079E are:

(A) mailed by certified mail and regular mail within 10-calendar days of abuse or neglect substantiation; and

(B) mailed to the alleged perpetrator's last known address.

(i) Form 04KI077E informs the alleged perpetrator of:

(I) any substantiated child abuse or neglect finding in the investigation;

(II) the date of the abuse or neglect referral, allegation, and finding without identifying the reporting party; and

(III) demographic information.

(ii) Form 04KI079E specifies:

(I) the alleged perpetrator may request a program review by mailing a request to the OCA program review committee within 15-calendar days from the postmark on the envelope containing Form 04KI079E;

(II) the alleged perpetrator has the right to provide additional information through written statements that must be submitted at the same time the request for program

review is made;

(III) failure to submit the program review request within 15-calendar days from the postmark on the envelope containing Form 04KI079E results in the finding becoming final, and also specifies that the alleged perpetrator waives any right to refute this finding in the future, unless good cause is established; and

(IV) that verification of legal representation must be established when the alleged perpetrator requests an attorney be notified of the determination results. Verification is established by a statement of representation on official letterhead from the attorney.

(2) **Good cause conditions.** an alleged perpetrator is granted a review despite failure to make a timely response, provided good cause is established, including, but not limited to, severe illness or other disabling condition.

(3) **Review Procedure.** Within 60-calendar days following a review request acceptance, or a late review request when good cause was established, the OCA program review committee determines whether the substantiated child abuse or neglect finding meets substantiation protocol, per OAC 340:2-3-2. No individual with direct decision making authority regarding a case being reviewed is authorized to vote to ensure that there is no conflict of interest.

(A) The decision to uphold, modify, or reverse the original abuse or neglect finding is determined by reviewing:

(i) Form 04KI003E, Report to District Attorney, including attachments, and relevant OCA information; and

(ii) all written documents submitted to the OCA program review committee.

(B) When the program review committee determines the finding failed to meet substantiation criteria per OAC 340:2-3-36, the committee:

(i) determines whether the preliminary decision was based on a lack of credible evidence to support the child abuse or neglect allegations; or

(ii) determines whether the preliminary decision is based on the OCA social services inspector's lack of documentation; and

(I) when a lack of documentation exists, the program review committee sends notification to the programs administrator, programs manager and OCA social services inspector that information is missing. The program review committee requests the information be added to the report or

scanned into On Base;
(II) after the program review committee's notification is received, the programs manager reopens and reassigns the investigation;
(III) the assigned OCA social services inspector adds the additional information to the report within 15-calendar days of the reassignment and sends notification to the program review committee upon completion; and
(IV) the program review committee reconsiders the review request with the additional information and modifies or upholds the finding as appropriate; and
(iii) modifies the finding, when appropriate, in KIDS.

(I) When the substantiation finding is appropriate, but the allegation in KIDS is incorrect, the program review committee's chairperson ensures the inappropriate allegation is marked as an improper entry and the correct allegation is added along with the substantiated finding; and
(II) Forms 04KI077E and Form 04KI079E are mailed with the corrected allegations and findings.

(C) Within 60-calendar days following the acceptance of the review request, the program review committee, provides written notification to the:

- (i) alleged perpetrator;
- (ii) advocate general;
- (iii) programs administrator;
- (iv) programs manager;
- (v) OCA social services inspector;
- (vi) district attorney's office in the county where the finding originated;
- (vii) Specialized Placement and Partnership Unit, when applicable;
- (viii) Child Care Services (CCS), when applicable;
- (ix) Office of Juvenile Affairs (OJA), when applicable; and
- (x) facility or agency provider administrator.

(4) Notification of Child Care Services (CCS) of a PRFC's substantiated finding of heinous and shocking abuse.

(A) OCA is responsible for notifying CCS upon completion of a program review when a finding of heinous and shocking abuse is substantiated.

(B) CCS notifies a child care facility owner or operator and the child care resource and referral organization in writing immediately or not later than one-business day

after a finding of heinous and shocking abuse is substantiated on a PRFC by DHS, per 10 O.S. § 406.

(d) **Procedures for the OJA facility program review.** The procedures for the facility program review process are outlined in (1) and (2) of this subsection.

(1) **Notification to facility.** Within 10-calendar days of a facility employee's substantiation of abuse, neglect, or both, the facility is notified of the finding. The notification informs the facility:

- (A) of the substantiated finding;
- (B) of the date of the abuse or neglect referral, allegation, and finding without identifying the reporting party;
- (C) of the demographic information;
- (D) that a program review may be requested by notifying the OCA Program Review Committee within 15-calendar days of the date the facility was notified of the substantiated findings;
- (E) that additional information for consideration by the OCA Program Review Committee may be provided with the request for a program review; and
- (F) that failure to request a program review in a timely manner may result in the finding becoming final and waives any right for the facility to request consideration of the finding in the future.

(2) **Review procedure.** The review procedures for a request for program review by an OJA facility follow the procedures found in (c) of this Section.

[Source: Transferred from 340:2-3-39 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-3-10. Reconsideration process for substantiated findings of vulnerable adult maltreatment in Office of Client Advocacy (OCA) investigations and Community Services Worker Registry (CSWR) procedures

(a) **Notice of Reconsideration process for substantiated findings of vulnerable adult maltreatment by vulnerable adult caretakers (VAC) not eligible for CSWR placement.**

(1) The OCA administrative programs officer (APO) or designee sends the VAC a notification of findings of vulnerable adult abuse/neglect and request for reconsideration within 10-calendar days of approval of a substantiated investigation finding by the OCA programs manager or supervisor.

(2) The notification of findings informs the VAC of:

- (A) any substantiated vulnerable adult abuse or neglect findings in the investigation;
- (B) the abuse or neglect referral, allegations, and findings dates;
- (C) demographic Information; and
- (D) instructions regarding the request for reconsideration, specifying that:

- (i) the VAC may request reconsideration by mailing a request to the OCA Reconsideration Committee within 20-calendar days of the date the notification of findings was sent;
- (ii) the VAC has the right to provide additional written documentation to support a change of finding within 20-calendar days of the mailing date of the notification of findings.
- (iii) if the VAC requests an attorney be notified of the determination results, verification of representation must first be established via submission of a statement of representation from the attorney on his or her official letterhead; and
- (iv) failure to submit a request for reconsideration within 20-days of the date the notification of findings was sent may result in the finding becoming final. In this case, the VAC may only contest the finding upon a showing of good cause.

(3) The notification of findings does not include the reporting party's identity.

(b) Review procedure for substantiated findings of vulnerable adult maltreatment by VAC not eligible for CSWR placement.

(1) When the VAC requests reconsideration, within 45-calendar days of accepting the request, the OCA Reconsideration Committee determines whether the substantiated maltreatment finding is supported by a preponderance of the evidence and meets the relevant definition, per Section 10-103 of Title 43A of the Oklahoma Statutes (43A O.S. § 10-103).

(2) If the VAC does not request reconsideration, within 45-calendar days of the date the notification of findings was sent, the OCA Reconsideration Committee determines whether the substantiated finding is supported by a preponderance of the evidence and meets the relevant definition, per 43A O.S. § 10-103.

(3) Regardless of whether reconsideration is requested:

(A) the decision to uphold, modify, or reverse the investigative finding or to remand for further investigation is made by reviewing:

- (i) the Report to District Attorney, including attachments and relevant OCA documentation, OCA history, Adult Protective Services (APS) history, criminal history, and referral history; and
- (ii) any written documents submitted by the VAC;

(B) to ensure that no conflict of interest exists, individuals with direct decision-making power regarding a case are not authorized to vote in connection with its reconsideration, and recuse themselves;

(C) the OCA Reconsideration Committee emails the APO its decision to uphold, modify, or reverse the finding; and

(D) within 15-calendar days of the OCA Reconsideration Committee's decision, the APO or designee provides notification to the:

- (i) VAC;
- (ii) advocate general;
- (iii) programs administrator;
- (iv) programs manager;
- (v) OCA social services inspector;
- (vi) district attorney's office in the county where the finding originated;
- (vii) Developmental Disabilities Services (DDS), when applicable;
- (viii) Aging Services (AS), when applicable;
- (ix) facility administrator; and
- (x) guardian for the vulnerable adult, when applicable.

(c) Notice of reconsideration process for substantiated findings of vulnerable adult maltreatment by community services worker (CSW)s eligible for CSWR placement.

- (1) The OCA APO or designee sends the CSW a notification of findings of vulnerable adult abuse/neglect and request for reconsideration within 10-calendar days of a substantiated investigation finding approval by the OCA programs manager or supervisor.
- (2) The CSW may be added to the CSWR when Oklahoma Human Services (OKDHS) sent proper notice:
 - (A) to his or her last known address by certified mail, return receipt requested, and regular mail;
 - (B) to his or her email as provided to OKDHS; or
 - (C) as provided in (l) of this Section.
- (3) The notice informs the CSW of:
 - (A) the dates of the abuse or neglect referral, allegation, and finding; and
 - (B) instructions regarding the request for reconsideration, specifying that:
 - (i) he or she may request reconsideration of the investigative findings by submitting a detailed written statement with the request within 20-calendar days of the mailing date of the notice;
 - (ii) he or she has the right to provide additional written documentation to support a change of finding within 20-calendar days of the mailing date of the findings letter;
 - (iii) that when a VAC requests an attorney be notified of the determination results, verification of representation must first be established via submission of a statement of representation from the attorney on his or her official letterhead; and
 - (iv) absent good cause shown, failure by the CSW to submit a request for reconsideration within 20-calendar days of the mailing date of the notice:
 - (I) may result in the finding becoming final;
 - (II) waives the right to further administrative or judicial review; and

(III) authorizes entry of his or her name in the CSWR and disclosure, per Oklahoma Administrative Code (OAC) 340:100-3-39, to any person requesting such information.

(4) The notice does not contain the reporting party's identity.

(d) Review procedure for substantiated findings of vulnerable adult maltreatment by CSWs eligible for CSWR placement.

(1) If the CSW requests reconsideration, within 20-calendar days of the date the notification of findings was sent, the OCA Reconsideration Committee determines whether the substantiated maltreatment finding is supported by a preponderance of the evidence and meets the relevant definition, per 43A O.S. §10-103.

(2) If the CSW does not request reconsideration, within 20-calendar days of the date the notification of findings was sent, the OCA Reconsideration Committee determines whether the substantiated finding is supported by a preponderance of the evidence and meets the relevant definition, per 43A O.S. § 10-103.

(3) Regardless of whether reconsideration is requested:

(A) the decision to uphold, modify, or reverse the investigative finding or to remand for further investigation is made by reviewing:

(i) the Report to District Attorney, including attachments and relevant OCA documentation, OCA history, APS history, criminal history, and referral history; and

(ii) any written documents submitted by the CSW;

(B) to ensure that no conflict of interest exists, individuals with direct decision-making power regarding a case are not authorized to vote in connection with its reconsideration, and recuse themselves;

(C) the OCA Reconsideration Committee informs the APO by email of its decision to uphold, modify, or reverse the finding; and

(D) within 15-calendar days of the OCA Reconsideration Committee's decision the APO or designee provides notification to the:

(i) CSW;

(ii) advocate general;

(iii) programs administrator;

(iv) programs manager;

(v) OCA social services inspector;

(vi) district attorney's office in the county where the finding originated;

(vii) DDS, when applicable;

(viii) child care services (CCS), when applicable;

(ix) AS, when applicable;

(x) facility administrator; and

(xi) guardian for the vulnerable adult, when applicable.

(e) Upheld substantiated findings for CSWs eligible for CSWR placement.

(1) When the OCA Reconsideration Committee makes a determination to uphold a substantiated finding of maltreatment of a vulnerable adult by a CSW eligible for CSWR placement, the OCA Reconsideration Committee immediately conducts a CSWR review to determine potential registry placement based on criteria in (A) and (B) of this paragraph. Whether the CSW's wrongful conduct:

(A) results in, or creates a substantial risk of serious physical or emotional injury to a service recipient; or

(B) was the result of intentional, willful, or reckless disregard for the service recipient's health or safety.

(2) When the OCA Reconsideration Committee upholds a substantiated finding under a preponderance of the evidence standard, but the CSW's conduct does not meet the criteria required for potential registry placement, the committee chair notifies the APO.

(3) The APO or designee provides written notification of the reconsideration determination within 15-calendar days of the decision. This time period runs concurrent with the 15-calendar day deadline for sending notice of the reconsideration results. The notice is provided to the:

(A) CSW;

(B) advocate general;

(C) programs administrator;

(D) programs manager;

(E) OCA social services inspector;

(F) district attorney's office in the county where the finding originated;

(G) DDS, when applicable;

(H) CCS, when applicable;

(I) AS, when applicable;

(J) facility administrator; and

(K) guardian for the vulnerable adult, if applicable.

(4) When the registry review affirms or modifies the findings and determines the CSW warrants potential placement on the CSWR, the OCA APO notifies OKDHS Legal Services (LS).

(5) OKDHS LS has prosecutorial discretion and determines whether to pursue CSWR placement.

(A) When OKDHS LS decides not to pursue CSWR placement, LS staff sends a Determination Letter to the CSW, copied to the OCA APO, and OCA takes no further action.

(B) When OKDHS LS staff decides to pursue CSWR placement, LS staff notifies the OCA APO or designee. The APO then notifies the CSW, as provided in (c)(2) of this Section that:

(i) if the CSW is aggrieved by the decision, an administrative hearing may be requested in writing via mail sent to OKDHS within 20-calendar days of

the date the reconsideration decision was sent; and
(ii) absent a finding of good cause by an administrative law judge (ALJ), the failure to timely request a hearing:

- (I) results in the reconsideration decision becoming final;
- (II) waives any right to an administrative hearing or judicial review; and
- (III) authorizes entry of the CSW's name in the CSWR, and disclosure to any person requesting the information per this subsection.

(f) **Hearing Notice.** When the CSW submits a timely written request for hearing, or upon the ALJ finding of good cause for a request that was not timely, OKDHS LS sends a hearing notice as provided in (c)(2) of this Section within 10-business days of receipt of the request. The hearing notice is dated and states:

- (1) the administrative law judge's (ALJ) name;
- (2) the hearing date and time;
- (3) the street and city address and room number where the hearing is scheduled;
- (4) that his or her failure to attend the hearing, absent a finding of good cause by an ALJ:
 - (A) waives any right to either an administrative hearing or judicial review; and
 - (B) authorizes entry of his or her name in the CSWR, and disclosure to any person requesting the information, per OAC 340:100-3-39;
- (5) the CSW may be represented by an attorney;
- (6) requests by the CSW or his or her attorney for witnesses or records, relevant to the proceeding must be directed to OKDHS LS staff, who forward requests to the relevant persons, OKDHS programs, and provider, per OAC 340:100-3-39; and
- (7) a final proposed list of evidence, witnesses, and summary of anticipated testimony must be submitted to the administrative law judge designated on the notice of hearing at least 10-calendar days prior to the hearing.

(g) **Hearing.**

- (1) The hearing is:
 - (A) held no earlier than 15-calendar days and no later than 90-calendar days after the date the request for hearing was received by OKDHS. Upon request by the CSW or OKDHS, and for good cause shown, a hearing may be held more than 90-calendar days after the date the request for hearing was received by OKDHS, when approved by the ALJ;
 - (B) closed and all information presented therein is confidential; and
 - (C) audio recorded.
- (2) The CSW or his or her attorney is allowed to cross-examine witnesses called by the OKDHS attorney, who is allowed to cross-

examine any witnesses called by the CSW or his or her attorney.
(3) The ALJ has final decision on the specific persons allowed to testify, the scope of direct testimony and cross-examination, and admissibility of exhibits, except all OKDHS and provider records pertaining to a finding of confirmed maltreatment are admissible.
(4) The formal rules of evidence and procedure under Oklahoma law are not controlling, the burden of persuasion and initially coming forward with evidence is on OKDHS through its attorney, and the standard of proof is clear and convincing evidence.

(h) **Hearing decision.** A written decision by the ALJ:

(1) is issued placing the CSW on the CSWR when the ALJ finds by clear and convincing evidence that maltreatment occurred.
Despite a finding by the ALJ that maltreatment occurred, the CSW is not added to the CSWR when the ALJ makes a finding that the act or omission that is the basis for the confirmed finding either:

(A) did not result in, or create a substantial risk of, serious physical or emotional injury to a vulnerable adult; or

(B) was not the result of intentional, willful, or reckless disregard for the service recipient's health or safety;

(2) is issued denying placement of the CSW on the CSWR if the ALJ finds that there is not clear and convincing evidence that maltreatment occurred;

(3) contains findings of fact and conclusions of law;

(4) contains appeal rights, the action required to appeal, and the time within which such actions must be taken;

(5) is issued within 30-calendar days of the hearing; and

(6) is sent to the CSW by certified mail, return receipt requested or email as applicable no later than the third business day following the date the decision is signed by the ALJ.

(i) **Appeal rights.** A CSW aggrieved by a decision of the ALJ may seek judicial review of the decision. A judicial review, based solely on the administrative record, may be initiated by filing a petition in the Oklahoma district court with jurisdiction within 30-calendar days from the date the decision is signed by the administrative law judge, per 56 O.S. § 1025.3 and 75 O.S. § 318. A copy of the petition and summons filed in district court must be served on OKDHS LS.

(j) **Request for CSWR removal.** A registrant may request removal after 60 months from the date of placement on the CSWR. A request for removal from the CSWR is forwarded to the OCA Reconsideration Committee. The OCA Reconsideration Committee makes a determination within 30-calendar days of receipt of the CSW's request.

(1) Criteria considered for removal includes, but are not limited to:

(A) the individual's age at the time of the offense(s);

(B) the number and types of maltreatment incidents for which the individual has findings made against them;

(C) the circumstances surrounding the maltreatment incident demonstrating willful intent;

(D) the likelihood the individual will maltreat again;

- (E) other documentation submitted indicating the vulnerable adult's health, safety, and well-being are, or are not endangered;
 - (F) a current criminal background review, conducted within 30-calendar days of the date of the removal request;
 - (G) work and training histories, since registration;
 - (H) a personal statement of rehabilitative efforts; and
 - (I) the length of time on the CSWR.
- (2) A decision to remove a registrant from the CSWR is based on an OCA Reconsideration Committee majority decision.
- (3) OCA Reconsideration Committee staff notifies the registrant of the OCA Reconsideration Committee decision.
- (k) **Service.** If Form 15IV004E, Address Information Notice, is not obtained during the investigative process found in OAC 340:2-3-36.1. OKDHS may obtain service on a CSW by any means authorized by the Rules for the District Courts of Oklahoma as found in Title 12 of the Oklahoma Statutes (12 O.S. § Rule 1, et. seq.).

[Source: Transferred from 340:2-3-39.1 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

SUBCHAPTER 5. GRIEVANCES

310:678-5-1. Grievance system protocols

(a) Legal authority, scope, and purpose.

(1) Legal authority.

(A) Per Sections 1-9-112 and 1-9-120 of Title 10A of the Oklahoma Statutes (10A O.S. §§ 1-9-112 and 1-9-120), the Office of Client Advocacy (OCA) established and maintains a fair, simple, and expeditious grievance system for resolution of grievances of:

(i) all children in the custody of Oklahoma Human Services (OKDHS) custody regarding:

(I) the substance or application of any written or unwritten OKDHS policy or rule by OKDHS or an OKDHS agent; or

(II) any decision or action by an employee or agent of OKDHS, or of any child in the custody of OKDHS;

(ii) foster parents relating to the provision of foster care services, per 10A O.S. §§ 1-9-112 and 1-9-117;

(iii) all persons receiving services from OKDHS Developmental Disabilities Services (DDS); or

(iv) any child being served by OKDHS Child Welfare Services (CWS), per 10A O.S. § 1-9-119.1.

(B) 10 O.S. § 1415.1(A)(2) requires that OKDHS establish an ombudsman program for each OKDHS-operated institution and residential facility for individuals with

intellectual disabilities that include an appeals procedure for the resolution of grievances and complaints of residents, their parents, and court-appointed guardians. OKDHS conferred this responsibility on OCA.

(C) OKDHS conferred OCA with the responsibility for grievance systems for other clients listed in (2) of this subsection.

(2) **Scope.** OCA administers and monitors grievance programs for the individuals listed in (A) through (G) of this paragraph, collectively referred to as the "client" throughout this Section and Oklahoma Administrative Code (OAC) 340:2-3-46. Further grievance details for:

(A) any child served by OKDHS CWS is found at: OAC 340:2-3-47;

(B) OKDHS-approved foster parents are found at: OAC 340:2-3-50;

(C) Robert M. Greer Center (Greer) residents are found at: OAC 340:2-3-51;

(D) Hissom Class Members and persons who are transitioned to the community from state-run facilities are found at OAC: 340:2-3-52;

(E) DDS clients receiving community-based services from DDS are found at: OAC 340:2-3-53;

(F) residents of group homes for persons with developmental or physical disabilities subject to 10 O.S. §§ 1430.1 et seq. are found at: OAC 340:2-3-54; and

(G) clients receiving OKDHS services who want to file a grievance about a problem, concern, or complaint for which another grievance system within OKDHS does not exist are found at: OAC 340:2-3-55.

(3) **Purpose.** The purpose of OCA grievance policies is to provide clients a fair, simple, effective, and timely system of problem resolution with access to procedures where clients may obtain a thorough review, fair consideration, and correction, when appropriate. These policies also ensure that persons filing grievances are free from reprisal or discrimination. To further this purpose, OCA independently reviews and monitors the implementation of grievance systems subject to this Section.

(4) **Informal problem resolution.** Clients have the right to file grievances; however, resolving problems and concerns informally before filing a grievance is encouraged. Not all client inquiries and requests for explanation are considered grievances. Most are resolved within the relationship between clients and OKDHS, providers, and facility staff. Efforts are made to resolve issues and reach a consensus with the client on a plan of action to resolve the problem informally unless the client chooses to proceed directly to the grievance process.

(b) **Definitions.** In addition to the definitions in OAC 340:2-3-2, the following words and terms when used in Part 5, OAC 340:2-3-45 through 340:2-3-55, shall have the following meanings, unless the context clearly indicates otherwise:

(1) **"Area manager"** means a manager of one of the three service delivery areas, designated by OKDHS DDS.

(2) **"Business day"** means Monday through Friday, not including federal or state holidays.

(3) **"Child-placing agency"** means an agency that arranges for, or places a child in a foster family home, group home, adoptive home, or successful adulthood program, per 10A O.S. § 1-1-105.

(4) **"Client"** means any of the individuals listed in (a) of this Section, on whose behalf OCA maintains a grievance system.

(5) **"Complaint"** means a report communicating a grievance, concern, or perceived harm, submitted by phone, email, or in writing by the foster parent or child being served by CWS to the Oklahoma Commission on Children and Youth Office of Juvenile System Oversight (OJSO). If not submitted in writing, the complaint is entered into the written format established by OCA and OJSO.

(6) **"Contested grievance"** means a grievance that was not resolved at the local level (first and second levels), and at the request of the grievant or decision-maker, is submitted to a higher authority for response.

(7) **"Decision-maker"** means the person with authority to decide to accept a proposed resolution at each level of the grievance process set forth in OAC 340:2-3-45 through 340:2-3-55; typically, the client who filed the grievance or on whose behalf a grievance was filed. For clients unable to advocate for themselves, such as young children and persons with severe cognitive limitations, the decision-maker is a person who speaks on the client's behalf, depending on the circumstances and the nature of the decision.

(A) With regard to minors, the decision-maker includes, but is not be limited to, a parent, guardian, guardian ad litem, foster parent, or court-appointed legal custodian.

(B) With regard to adult DDS clients, the decision-maker may be a guardian or the client's personal support team.

(C) When the grievant is not the decision-maker, the local grievance coordinator (LGC) does not inform the grievant when the proposed resolution is issued or if it was accepted or rejected. The decision-maker may share this information with the person grieving on behalf of the client.

(8) **"Deputy director"** means a director of one of the five regional delivery areas designated by OKDHS CWS.

(9) **"District director"** means a director of a district within one of the regional delivery areas, designated by OKDHS CWS.

(10) **"Due date"** means the date a response or action is required, such as the date a respondent must respond to a grievance. When calculating the due date, the first day of the period computed is not included and only business days are included. When the last day of the period computed is a Saturday, Sunday, or legal holiday, the period runs until the end of the next business day.

(11) **"Email"** communication with OCA or with the advocate general means an email sent to the email address:

oca.grievances@okdhs.org.

(12) "**Grievance**" means a problem or concern, including a complaint of unfair treatment, that an individual needs assistance in resolving.

(13) "**Grievant**" means a client or the person who files a grievance on behalf of a client.

(14) "**Local grievance coordinator**" or "**LGC**" means regarding:

(A) children who live in a residential facility, the individual designated by the facility as its grievance coordinator;

(B)

DDS Greer clients or the OCA advocate assigned to the facility;

(C) DDS clients who are pursuing a grievance with a provider of residential, vocational, or in-home supports, the individual designated by the provider as its grievance coordinator; and

(D) other DDS clients, the applicable DDS area manager, or the area manager's designee.

(15) "**OCA grievance liaison**" means the individual(s) designated by the advocate general to coordinate and monitor contested grievances and local grievance programs.

(16) "**Respondent**" means the person at each level in the grievance process, who has the responsibility for reviewing the grievance and proposing a resolution to resolve the grievance.

(c) **Grievances: general principles.**

(1) An unresolved problem, concern, complaint, or dispute is processed as a grievance. When a client verbally communicates a complaint to an OKDHS employee or a facility or provider employee that is not resolved, the client is informed of the right to have the problem or concern processed as a grievance. At the client's request, the OKDHS employee or a facility or provider employee prepares a written statement of the client's complaint or refers him or her to the local grievance coordinator for assistance.

(A) **Facility or provider grievances.** The subject of a facility grievance or a provider grievance includes:

(i) the substance or application of policy, rule, or regulation, written or unwritten, of a facility, agency, or provider that contracts with OKDHS or a child-placing agency; or

(ii) a decision, act, or omission of an employee, agent, or contractor of such a facility, agency, or provider, or any client residing in the same placement setting.

(B) **OKDHS grievances.** The subject of an OKDHS grievance includes:

(i) the substance or application of policy, rule, or regulation, of OKDHS or a child-placing agency;

(ii) a decision, act, or omission of an employee; and includes case managers, child welfare specialists, and county office employees; or

(iii) a facility grievance filed by a Greer resident.

(2) **Summary dispositions.** When a grievance is submitted and it falls into subparagraphs (A) through (K) of this paragraph, when appropriate, the LGC contacts the client to provide assistance to the client, as needed, in rewriting the grievance to state the problem(s) or concern(s) the client wants to grieve. When it is determined the client is asking to grieve a problem or concern covered by any of the categories in (A) through (K) of this paragraph, the LGC informs the client why the grievance is not being processed, using Forms 15GR012E, Notice of Summary Disposition of Grievance - DHS County Offices; 15GR013E, Notice of Summary Disposition of Facility Grievance; 15GR014E, Notice of Summary Disposition of Grievance - Developmental Disabilities Services (DDS) Clients; 15GR015E, Notice of Summary Disposition of Developmental Disabilities Services (DDS) Provider Grievance; as applicable. Notices of Summary Disposition for an approved Foster Parent are located at OAC 340:2-3-50. The LGC writes the reason on the bottom of Form 15GR001P (paper version) or 15GR001E (electronic version), Grievance Form, and dates and signs the form. The grievance is logged on Form 15GR009E, Grievance Tracking Log. The form used to notify the grievant, with a copy of the grievance form, is sent within three business days to the advocate general for review, and the original is filed in the grievance file. Within three business days of receipt, the OCA grievance coordinator reviews the grievance. When the OCA grievance liaison determines the grievance was improperly given a summary disposition, the OCA grievance liaison informs the LGC who immediately processes the grievance. When the OCA grievance liaison concurs with the summary disposition, the OCA grievance liaison informs the LGC in writing. When the complaint was filed by, or on behalf of a child being served by CWS, or by a foster parent, the client is informed the grievance is not being processed and the reason why, per OAC 340:2-3-47 and 340:2-3-50.

(A) **Untimely grievances.** A grievance not timely filed, per OAC 340:2-3-45(g), may be accepted and processed when good cause exists for the delay in filing the grievance. There are no time limits for filing grievances on behalf of individuals served by OKDHS DDS.

(B) **Discrimination based on race, color, national origin, sex, age, religion, or disability, unless authorized by law.** When a grievance alleges discrimination or other civil rights matters, the client is referred to the OKDHS Office for Civil Rights (OCR) and the LGC immediately forwards the grievance to the OKDHS OCR administrator and informs the grievant.

(C) **A moot problem.** A moot problem is one that was decided or settled, or one that has no practical resolution, such as a placement grievance with regard to a child who is no longer in OKDHS custody or a grievance with regard to an event that is now in the past, or when the dispute is

unlikely to occur again with regard to this client.

(D) **Duplicate grievances.** A grievance that duplicates another pending grievance in the same grievance system by, or on behalf of the client involving the same incident or problem, is a duplicative grievance.

(E) **Requests that violate laws.** A grievance that requests an action that violates federal or state law.

(F) **Collateral complaint.** A collateral complaint does not involve a problem concerning the client who filed or on whose behalf the grievance was filed.

(G) **Remote grievances.** When the grievance requires action by an individual or an entity outside of OKDHS authority or control, such as a grievance about the action of a public school teacher, a guardian, or a physician in private practice. In these situations, the LGC assists the grievant with external grievance or complaint systems that may be available.

(H) **Pending proceedings.** When the grievance involves a matter that is the subject of a court or administrative hearing decision, pending civil, criminal, or administrative proceeding, or is the subject of a pending OCA, Office of Inspector General, or CWS investigation.

(I) **Investigation findings.** Investigation results regarding abuse, neglect, verbal abuse, caretaker misconduct, or exploitation cannot be grieved.

(J) **Fair hearing decisions.** The fair hearing results cannot be grieved.

(K) **Frivolous grievances.** A frivolous grievance does not state a substantive complaint or problem. Before declining a grievance of this nature, the LGC contacts the grievant to inquire if he or she needs assistance in submitting a substantive grievance.

(3) **Documenting exclusions.** When a grievance is submitted and it falls into an excluded category listed in (2) of this subsection, the LGC dates and signs Form 15GR001P as received, and notes on the form the reason he or she does not process it. The grievant is informed of the reason and decision. The grievance is logged on Form 15GR009E and is filed in the client's grievance file. The LGC sends copies of Form 15GR001P (paper version) or 15GR0014E (electronic version) and the applicable Notice of Summary Disposition to the advocate general or the advocate general's designee for review.

(4) **Who may file a grievance.** A grievance may be filed by any client listed in (a) of this Section. A grievance may also be filed on a client's behalf, by any person who knows the client and is interested in his or her welfare including, but not limited to, a parent, guardian, relative, foster parent, court appointed special advocate, guardian ad litem, case manager, personal support team member, job coach, or others, including OKDHS and residential, in-home supports, and vocational provider employees.

(5) **Group grievances.** Grievants whose complaints address the same issue(s) may file a group grievance. At any time during the group grievance process, an individual grievant may withdraw. When separate grievances are filed by two or more grievants, regarding an identical complaint, the grievants' interests are identical, and the grievants do not object, a LGC can combine the grievances for processing as a group, provided this does not unduly delay the processing of a particular grievance. When multiple grievances are grouped for processing, the LGC informs each grievant. When a group grievance is filed, the LGC may ask the grievants to designate a spokesperson for the group in writing.

(6) **Grievances involving reportable incidents.** When a grievance alleges a reportable incident including, but not limited to, facts that may constitute abuse, neglect, exploitation, or caretaker misconduct, per OAC 340:2-3-2, the LGC immediately reports the allegation to the Centralized Abuse and Neglect Hotline for children or to the OCA intake for vulnerable adults. A grievance involving a reportable incident may be processed during a pending investigation provided the grievance does not interfere with the investigation and as needed, is held in abeyance pending the investigation's conclusion. When the grievance alleges additional facts that do not constitute abuse, neglect, exploitation, or caretaker misconduct, the grievance is processed as to those facts. The LGC contacts OCA and other law enforcement agencies investigating the matter to coordinate grievance processing.

(d) **Required provider and facility grievance policies.** Every provider and facility providing services to a client living in Oklahoma, is required to operate a system for grievance resolution by clients, using policies and procedures meeting the requirements of this Part. This Section does not apply to foster parents.

(1) **LGC designation.**

(A) Every public and private facility and provider subject to, OAC 340:2-3-45 through 340:2-3-55, every OKDHS county office, and every DDS area office designates an employee to serve as LGC to carry out the responsibilities described in this Section. Facilities and providers inform the advocate general of the name, phone number, mailing and email addresses of its LGC, and of changes to the information within 30-calendar days of the effective date of a change on Form 15GR021E, Designation of Local Grievance Coordinator-Facilities and Provider Agencies, and submit it to OCA. The OCA advocate assigned to Greer serves as the LGC for Greer. The LGC duties include:

- (i) implementing grievance policies and procedures;
- (ii) maintaining knowledge of and experience with the programs and functions of the facility, provider, county office, or DDS area office;

- (iii) impartial and independent administration of the grievance system;
- (iv) reporting directly to the facility administrator with regard to the LGC grievance duties and functions;
- (v) completing the online OCA Grievance Course within 60-calendar days of LGC designation, and annually thereafter;
- (vi) meeting the two-business day deadline on client requests regarding how to file a grievance; and
- (vii) being accessible and available to meet with grievants in person.

(B) Each facility, provider, OKDHS county office, and DDS area office subject to this Part displays, in a conspicuous place readily accessible to clients, a poster notifying clients of the grievance system and the name of its LGC, using the appropriate form.

(2) **Advocate general review of grievance programs.** The grievance system operated by each facility and provider, per OAC 340:2-3-45 through 340:2-3-55, is subject to advocate general approval. Each provider and facility is required to submit its grievance policies, procedures, forms, and adopted revisions, with proof that the policies or revisions were approved by the applicable approving authority, typically the facility's board of directors, to the advocate general. Revised policies are submitted to the advocate general for approval within 30-calendar days of the provider or facility adopting the revised policy.

(3) **Notifying clients of their grievance rights.** Each client covered by these grievance policies is notified of his or her grievance rights, using the applicable form. Notice is also provided to the guardian, when applicable. Hisson Class Members are provided notice, per OAC 340:2-3-52. Each provider or facility provides the required notice annually. Providers are also encouraged to provide a simplified version of their grievance policies using language appropriate to the clients' age level and cognitive functioning.

(4) **Monitoring and evaluation.** OCA ensures the quality of grievance systems by establishing minimum standards and a monitoring program. The advocate general and OCA staff have immediate and unlimited access to clients, staff, facility files, records, and documents relating to grievance procedures and practices.

(5) **Reporting deficiencies.** An LGC, who becomes aware of a deficiency in a grievance system including a failure to follow or implement the grievance policy, must report it to the advocate general.

(6) **Advocate general deficiency report.** When the advocate general determines a deficiency exists in a facility's or agency provider's grievance system, the advocate general sends a deficiency report to the administrator and, when applicable, the

State Office administrator.

(7) **Advocate general grievance.** The advocate general may, on behalf of any or all clients served by the grievance policy in this Section originate a grievance. An advocate general grievance is filed with the provider or facility administrator or with the State Office administrator and is processed as a contested grievance.

(8) **Advocate general report.**

(A) The advocate general may initiate an inquiry on behalf of any client served by the grievance policy in this Section regarding:

- (i) any aspect of client care that affects the quality of the client's life;
- (ii) the substance, application, or interpretation of a policy or rule, of a facility or agency that contracts with OKDHS or of a placement provider; or
- (iii) any decision, behavior, or action of an employee, agent, or OKDHS contractor, or of any client residing in the same placement setting.

(B) The person to whom the advocate general inquiry is addressed has seven business days to respond in writing to the advocate general.

(C) The advocate general issues a report that sets forth the inquiry subject matter, pertinent facts, and recommendations. An advocate general report is submitted to the provider or facility administrator, when applicable, and the State Office administrator. A copy is submitted to the OKDHS Director.

(e) **The grievance form.** A grievant files a grievance by obtaining Form 15GR001P, from the LGC, filling it out, and returning it to the LGC, or to the facility or to OKDHS staff, who immediately transmits it to the LGC. A grievance may also be filed using electronic Form 15GR001E at <http://www.okdhs.org>. The grievant submits the completed form to the OCA grievance unit at oca.grievances@okdhs.org. Within one business day of receipt of the grievance, OCA staff assigns a grievance number, sends it to the assigned LGC, and contacts the grievant. Approved kinship or foster parents and children being served by CWS contact OJSO to initiate a grievance.

(f) **Retaliation prohibited.** A person filing a grievance may not be retaliated or discriminated against or harassed in reprisal for filing a grievance, seeking advice, or inquiring about filing a grievance. Clients are encouraged to use available grievance systems and are not discouraged from filing a grievance. Allegations of retaliation, discrimination, or harassment made by foster parents are forwarded to the foster care ombudsman or designee. All allegations, made by other clients, of retaliation, discrimination, and harassment for filing a grievance, seeking advice, or inquiry about filing a grievance are reported to the OCA grievance unit and may result in an OCA investigation or an advocate general inquiry or grievance.

(g) **Grievance time limits.** Except for DDS clients, foster parents, and children being served by CWS, in order to be processed for action and

resolution, a grievance must be filed within 15-business days of the date of the incident, decision, act, or omission complained about in the grievance, or within 15-business days of the date the grievant becomes aware of, or with reasonable effort, should have become aware of a grievable issue. The LGC may extend the time limit for filing a grievance. Time limits for filing grievances for children being served by CWS and foster parent are found in OAC 340:2-3-47 and 340:2-3-50 respectively.

(1) Filing and other time requirements contained in this Section are counted in OKDHS-business days unless otherwise specified. In computing any time requirement, the day of the incident, decision, act, or omission at issue is not included. The next calendar day is the first day of the time requirement.

(2) When the LGC or a respondent fails to meet grievance processing time requirements without obtaining an extension, the LGC processes the grievance to the next step within three business days of the grievant's request.

(3) Responses, notices, and other documents issued during the grievance process are delivered to the grievant in person or by mail at the grievant's last known address. A grievance is considered administratively resolved when a correctly addressed letter with proper postage is sent to the last known address of the grievant, and is returned undeliverable with no forwarding address.

(4) There is no time limit on allegations of abuse, neglect, verbal abuse, exploitation, or caretaker misconduct. When a grievance, timely or untimely, consists of such an allegation, the OCA Intake Unit or the Abuse and Neglect Hotline is immediately notified per OAC 340:2-3-33.

(5) There are no time limits for grievances filed on behalf of individuals served by OKDHS DDS.

(h) **Grievance records, logs, and quarterly reports.** The LGC maintains an accurate and complete record of each grievance filed, as well as summary information about the number, nature, and outcome of all grievances. Grievance records are kept separate and apart from other client records and files. OKDHS grievance records and files are retained per federal and state laws governing record retention and destruction.

(1) Each LGC tracks grievances as they progress through the system and logs every OCA-numbered grievance form issued on Form 15GR009E. For grievances submitted by a client, Form 15GR009E includes the:

- (A) grievance number;
- (B) name of the grievant given the form;
- (C) date the form was submitted by the grievant;
- (D) nature and outcome of the grievance;
- (E) date of final resolution; and
- (F) level where it was resolved.

(2) When Form 15GR001P is provided to a client and not turned in, the facility tracks only the identification number copy of Form 15GR001P given to the client, the name of the client to whom the form was given, and the date it was given to the client. This information is tracked on Form 15GR009E.

(3) Each LGC submits a quarterly grievance report, Form 15GR010E, Quarterly Grievance Report, to the advocate general no later than the 21st day following the end of each calendar quarter. Quarterly reports are submitted by mail, fax, or emailed to: oca.grievances@okdhs.org. When grievance activity did not occur or was pending during a particular fiscal year quarter, the LGC indicates it on Form 15GR010E.

(4) When a grievance becomes moot at any point during the grievance, the LGC may stop the grievance process and declare the grievance, administratively resolved. The LGC informs the grievant, notes it on Forms 15GR001P or 15GR001E and 15GR009E, and sends a copy of Form 15GR001P or 15GR001E to OCA with the next quarterly grievance report.

(i) **Processing grievances.** After completing Form 15GR001P, the grievant submits the form directly to the LGC, other facility employee, lockbox, or OCA. When the grievant completes and submits Form 15GR001E, the OCA grievance unit submits the grievance directly to the assigned LGC within one business day. Grievances of a child being served by CWS are processed, per OAC 340:2-3-47. Foster parent grievances are processed per OAC 340:2-3-50.

(j) **Informal resolution of grievance.** When the LGC can promptly resolve the grievance to the grievant's satisfaction without further processing, the LGC fills out the bottom of Form 15GR001P or 15GR001E, signs it, and files it in the appropriate grievance file.

(k) **First level problem resolution.** Within three business days of receipt of Form 15GR001P or 15GR001E, when the grievance is not resolved to the decision-maker's satisfaction, the LGC fills out Form 15GR002E, Local Grievance Coordinator (LGC) Worksheet.

(1) The LGC identifies who has the authority to provide the quickest and surest resolution to the problem at the lowest level in the organizational structure. For adults receiving services from DDS, the first level respondent may be the DDS case manager supervisor.

(2) The LGC completes the first box in the first level section on Form 15GR002E, attaches corresponding Form 15GR001P or 15GR001E, and other relevant documentation and information, and submits it to the first level respondent, by the most efficient means practicable, within three-business days of receipt of the grievance from the grievant.

(3) The first level respondent responds to the grievance within five-business days of receipt of Form 15GR002E by completing the second box in the first level section on Form 15GR002E. When the proposed resolution contains a promise of some future action, a target date is specified for full implementation of that future action. The grievant may contest the target date by proceeding to the second problem resolution level.

(4) The LGC monitors the timely response by the first level respondent. When a complete response is not timely received by the LGC, the LGC notes this on Form 15GR002E, and the grievance immediately proceeds to the second problem resolution level.

(5) Within three-business days of receipt of the first level response, the LGC or the LGC's designee contacts the decision-maker to inform the decision-maker of the proposed resolution, the right to take the grievance to the second problem resolution level, and determines if the decision-maker is satisfied with the proposed resolution. The first level respondent may meet with the decision-maker with or without the LGC present. The LGC is responsible for informing the decision-maker that he or she has three-business days to accept or appeal the respondent's proposed resolution. When a decision is not communicated to the LGC within three-business days, the decision-maker is deemed to have accepted the proposed resolution.

(6) When the decision-maker is satisfied with the proposed resolution, the LGC indicates his or her acceptance on Form 15GR002E, notifies those responsible for grievance resolution, and places the form in the grievance file.

(7) When the proposed resolution has been accepted by the decision-maker, but involves a future target date, the LGC monitors compliance with the target date. If the LGC determines that the resolution was not achieved by the target date, the LGC immediately reopens the grievance and processes it for the second problem resolution level.

(8) When the decision-maker does not accept the proposed resolution and elects to take the grievance to the second problem resolution level, the LGC processes the grievance for the second problem resolution level per (l) of this Section.

(l) Second level problem resolution.

(1) When the grievance is not resolved at the first problem resolution level, the LGC processes it per this subsection within three-business days of the grievant requesting the second problem resolution level, per (k) of this Section.

(2) The LGC fills out the first box in the second level section on Form 15GR002E, ensures the corresponding Form 15GR001P (paper version) or 15GR001E (electronic version) and other relevant documents are attached, and immediately submits it to the second level respondent. For facilities and providers subject to these rules, the administrator or the administrator's designee is the second level respondent. For OKDHS grievances, the OKDHS district director or the DDS area manager, as applicable, is the second level respondent. However, when the district director was the first level respondent, then the second level respondent is the applicable deputy director or the deputy director's designee. When the provider administrator or DDS area manager is the first level respondent, the second level review is bypassed and processed as a contested grievance; per OAC 340:2-3-46.

(3) The administrator or the administrator's designee responds to the grievance within seven-business days of receipt of Form 15GR002E by completing the applicable box in the second level section. When the proposed resolution contains a promise of some future action, a target date is specified for full implementation of

that future action.

(4) The second level respondent for a placement grievance regarding a specific foster child is the applicable deputy director or the deputy director's designee.

(5) The LGC monitors the timely response by the respondent. When a complete response is not timely received by the LGC, the LGC notes this on Form 15GR002E and the grievance immediately is processed as a contested grievance. A contested OKDHS grievance is processed, per OAC 340:2-3-46. Contested facility grievances are processed per (m) of this Section.

(6) Within three-business days of receipt of the second level response, the LGC or the LGC's designee contacts the decision-maker to inform him or her of the proposed resolution, the right to contest the response to the grievance, and determines if the decision-maker is satisfied with the proposed resolution. The LGC is responsible for informing the decision-maker that he or she has three-business days to accept or appeal the respondent's proposed resolution. When no decision is communicated to the LGC within three-business days, the grievant is deemed to have accepted the proposed resolution.

(7) When the decision-maker is satisfied with the proposed resolution, the LGC documents the decision-maker's acceptance on Form 15GR002E, notifies those responsible for resolution of the grievance, and places Form 15GR002E in the grievance file.

(8) When the proposed resolution is accepted by the decision-maker, but involves a future target date, the LGC monitors compliance with the target date. When the LGC determines the resolution was not completed by the target date, the LGC immediately reopens the grievance and processes it as a contested grievance.

(9) When the decision-maker does not accept the proposed resolution and elects to contest the response, a contested OKDHS grievance is processed, per OAC 340:2-3-46. Contested facility or provider grievances are processed per (m) of this Section.

(m) Contested facility or provider grievances. When the decision-maker does not accept the proposed resolution or the target date of the second level proposed resolution, a facility or provider grievance is appealed to the chair of the board of directors of the facility or provider or an appeals committee designated by the board. This Section does not apply to grievances of Hisson Class Members or individuals who previously resided at NORCE or SORC after November 1, 2012.

(1) The LGC transmits a contested facility or provider grievance to the chair of the board of directors of the facility or provider, or an appeals committee designated by the board, within three-business days of notice that the decision-maker does not accept the proposed resolution and is contesting it.

(2) In reviewing the contested grievance, the board of directors, or appeals committee if applicable, is not required to conduct an evidentiary hearing or hear argument. In the event the board determines evidentiary hearing evidence would assist in resolving the grievance, the board has the option of conducting an informal

hearing.

(3) Within 10-business days of receipt of a contested grievance, the chair of the board of directors or the appeals committee responds by submitting a written decision to the LGC.

(4) Within three-business days of receipt of the written decision of the chair of the board of directors or the appeals committee, the LGC informs the decision-maker of the decision and provides the decision-maker with a copy of the board's decision. This concludes the grievance process and the grievant's administrative remedies have been exhausted.

(n) **Fast track grievances.** When an OKDHS grievance is such that time is of the essence, with the advocate general's or his or her designee's approval, a grievance can be submitted directly to the OCA grievance liaison for processing as a contested grievance, per OAC 340:2-3-46. When a grievance involves a time-sensitive problem, the OCA grievance liaison may shorten the response time as circumstances warrant.

(o) **Communication with OCA.** Any notices, forms, or other information that facilities, providers, or OKDHS county offices are required to submit to OCA or to the advocate general are submitted by email at oca.grievances@okdhs.org.

(p) **Grievance training required.** LGCs are required to take the OCA-approved grievance training within 60-calendar days of their appointments, and annually thereafter.

[Source: Transferred from 340:2-3-45 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-5-2. Contested grievances appealed to the State Office

(a) **Application.** This Section describes the processes for contesting the second level response to Oklahoma Human Services (OKDHS) grievances,, and provider grievances of Hisson Class Members. For grievances of children being served by Child Welfare Services, refer to OAC 340:2-3-47. For grievances of approved foster parents refer to Oklahoma Administrative Code (OAC) 340:2-3-50.

(b) **Definitions.** The definitions in OAC 340:2-3-2 and 340:2-3-45(b) apply to this Section unless the context clearly indicates otherwise.

(c) **Initiating the contested grievance.** When a decision-maker asks to appeal a grievance to the State Office administrator, within three-business days of notice of the request, the local grievance coordinator (LGC) transmits the grievance to the Office of Client Advocacy (OCA), Attention OCA grievance liaison, with Form 15GR002E, Local Grievance Coordinator (LGC) Worksheet, attaching the corresponding Form 15GR001P (paper version) or 15GR001 E (electronic version), Grievance Form, and other documents and information relevant to the subject matter of the grievance.

(d) **Documentation requirements.** When Form 15GR002E is submitted to OCA, attachments are:

- (1) corresponding Form 15GR001P or 15GR001E;
- (2) supporting facts relating to the proposed resolution by the second level respondent, including documentation relating to the first level and second level of problem resolution processes; and

(3) any written rule, policy, procedure, regulation, or other information relevant to the grievance subject matter.

(e) **OCA grievance processing.** Within three-business days following receipt of an OCA contested grievance, the OCA grievance liaison reviews the contested grievance and accompanying documentation and determines if additional information is necessary for disposition of the appeal. When information is missing, the OCA grievance liaison contacts the person(s) in possession of the needed information and sets deadlines for submission of the information by the most efficient means to avoid delays in processing the contested grievance.

(f) **Rejected grievances.** When OCA determines the subject matter of a grievance falls in one of the categories listed in OAC 340:2-3-45(c)(2), the OCA grievance liaison returns the grievance to the LGC with a cover letter indicating the reason the grievance was not accepted for processing as a contested grievance. Within three-business days following receipt of the letter, the LGC contacts the grievant to inform the grievant of the status of the grievance.

(g) **OCA transmittal to State Office administrator.** Within three-business days following receipt of an OCA contested grievance and all documents required by (d) of this Section, the advocate general or the advocate general's designee prepares and sends Form 15GR011E, Contested Grievance Transmittal, to the State Office administrator with decision-making authority to respond to the subject of the grievance.

(h) **State Office administrator's response.** The State Office administrator who receives a contested grievance responds to the grievant within 10-business days or by the due date on Form 15GR011E. The advocate general or the advocate general's designee may grant an extension when good cause is shown. The State Office administrator sends his or her response directly to the LGC after completing the designated portion of Form 15GR011E. A copy is sent to the advocate general or the advocate general's designee. The State Office administrator attaches his or her response to Form 15GR011E and includes:

- (1) the proposed resolution and how it will be implemented;
- (2) the names of those responsible for implementing the proposed resolution;
- (3) the proposed resolution target date;
- (4) the facts and analysis supporting the proposed resolution including relevant documentation; and
- (5) any relevant written rules, policies, procedures, regulations, or other information.

(i) **Timely response required.** The OCA grievance liaison monitors the timely response by the State Office administrator. When a complete response is not timely received by the OCA grievance liaison and an extension was not granted, the OCA grievance liaison immediately processes the grievance for review by the Grievance and Review Committee (GARC), per OAC 340:2-3-64(b). OCA notifies the grievant and affected State Office administrator that the grievance is being processed for GARC.

(j) **Presentation of proposed resolution.** The LGC or the LGC's designee contacts the decision-maker within three-business days

following receipt of the State Office administrator's response. When the decision-maker accepts the proposed resolution, the LGC notes this on the OCA transmittal memo and files it in the client's grievance file.

(k) **Request for GARC review.** When the grievant does not accept the State Office administrator's response, the LGC completes the designated portion of Form 15GR011E and returns it to the OCA grievance liaison within three-business days. Upon OCA receipt of Form 15GR011E, the grievance is processed for review by GARC, per OAC 340:2-3-64.

[Source: Transferred from 340:2-3-46 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-5-3. Grievances of minors being served by Child Welfare Services

(a) **Application.** This Section describes grievance processes relating to children being served by Child Welfare Services (CWS).

(b) **Definitions.** The definitions in Oklahoma Administrative Code (OAC) 340:2-3-2 apply to this Section unless the context clearly indicates otherwise.

(c) **Notice of grievance rights.** Written notice of the child being served by CWS's grievance rights is provided to each child being served by CWS when services commence and at least annually thereafter, and to any foster placement when the child enters placement and at least annually thereafter. The notice explains the child being served by CWS's right to grieve and, when applicable, identifies the relevant local grievance coordinator (LGC).

(d) **Grievance defined.** Per Section §1-9-120 of Title 10 A of the Oklahoma Statutes (10A O.S. § 1-9-120), each child being served by CWS has the right, without fear of reprisal or discrimination, to present grievances with respect to the providing or receiving of services.

(1) **Grievable issues.** Except for the limitations listed in (d)(2) of this Section, matters that are grievance subjects include:

- (A) the substance or application of any written or unwritten policy or rule of Oklahoma of Human Services (OKDHS) or an OKDHS agent, per 10A O.S. § 1-9-112;
- (B) any decision or action by an OKDHS or child-placing agency employee or agent; or
- (C) denial of any right included in the statement of rights, per 10A O.S. § 1-9-119.1.

(2) **Non-grievable issues.** When it is determined by the Office of Client Advocacy (OCA) the child being served by CWS is asking to grieve a problem or concern covered in OAC 340:2-3-45(c)(2) or by any of the categories listed in (A) through (C) of this paragraph, the OCA Grievance Unit must notify the child being served by CWS, in writing, why the grievance is not being processed. In addition to OAC 340:2-3-45(c)(2), situations that are not grievable by children being served by CWS under the grievance system are:

- (A) a court decision;
- (B) findings of a child abuse and neglect assessment or investigation; and

(C) a complaint alleging retaliation by an OKDHS employee. When retaliation is alleged, the complaint is forwarded to the OCA Investigations Unit for review and disposition.

(3) **Retaliation or discrimination allegations.** Retaliation, harassment, or discrimination allegations, per OAC 340:2-3-38(b), are processed, per that Section. All other discrimination allegations are referred the OKDHS Office for Civil Rights (OCR) and, the Grievance Unit forwards the complaint to the OKDHS OCR administrator, and informs the child being served by CWS in writing.

(e) **Grievance filing and processing.** A grievance filed by a child being served by CWS is processed as provided for in this Section.

(1) Grievances of children being served by CWS are filed with the Office of Juvenile System Oversight of the Oklahoma Commission on Children and Youth. Dispute resolutions for children being served by CWS must be accomplished quickly, informally, and at the lowest possible level.

(2) A grievance may be filed by:

(A) any minor being served by CWS; or

(B) anyone interested in the minor's welfare, such as a parent, staff, foster parent, child's attorney, or court-appointed special advocate.

(3) When a grievance is filed by someone other than the child being served by CWS and the child being served by CWS is of sufficient age to express his or her own preferences, OCA staff contacts him or her to determine whether he or she wants the grievance to continue. When the child being served by CWS does not want the grievance to continue, the grievance is withdrawn and the file is closed.

(4) Grievances for children being served by CWS must be filed within 45-calendar days of the event. For a grievance to be considered valid, a complaint must be timely filed online, by phone, or by paper form. When a course of misconduct is alleged, by a child being served by CWS, the grievance must be filed within 45-calendar days of the most recent occurrence in the course.

(5) After the grievance procedure is completed, a child being served by CWS or former child being served by CWS has a right of access to the record of grievances he or she filed.

(6) Grievances of children being served by CWS are deemed timely-resolved within no more than 60-calendar days of the complaint filing date.

(f) **Informal resolution of grievance.** The informal resolution of grievances is encouraged. To that end, when a grievance is filed by, or on behalf of a child placed in a:

(1) foster home, the grievance is initially forwarded to the involved child's worker. When the worker can promptly resolve the grievance, he or she notifies the OCA Grievance Unit of the resolution details and the file is closed. When the worker cannot promptly resolve the grievance, he or she informs the OCA

Grievance Unit of the same and the grievance proceeds to the initial resolution level; or

(2) facility, group home, or shelter, the grievance is initially processed by the LGC. When the LGC is able, without further processing, to promptly resolve the complaint to the grievant's satisfaction, the LGC documents this fact at the bottom of the grievance form, signs the form, and files it in the appropriate grievance file. When the LGC cannot promptly resolve the grievance, he or she informs the OCA Grievance Unit of the same and the grievance proceeds to the initial resolution level.

(g) Initial resolution level.

(1) Within three-business days of the grievance's processing from the informal resolution stage, the OCA Grievance Unit identifies the initial resolution respondent and submits the grievance and supporting documentation to him or her.

(2) The OCA Grievance Unit monitors the respondent for a timely response. Within three-business days following receipt of the grievance from the OCA Grievance Unit, the initial resolution respondent reviews the grievance, interviews the child being served by CWS and any other necessary persons, prepares a proposed resolution, and submits the proposed resolution on OKDHS letterhead to the OCA Grievance Unit. When requested, and upon a showing of good cause, the OCA Grievance Unit may grant an extension of relevant due dates to the initial resolution respondent. When a timely response is not received, the OCA Grievance Unit may proceed to first elevation.

(3) Within three-business days following receipt of the initial respondent's proposed resolution, the OCA Grievance Unit or designee sends written notice to the decision-maker containing the proposed resolution and information on the right to elevate the grievance when dissatisfied with the proposed resolution.

(4) The decision-maker has three-business days to accept or reject the proposed resolution. Failure to respond to the proposed resolution is deemed acceptance of the resolution. When the decision-maker rejects the respondent's resolution at the initial resolution level, the grievance proceeds to first elevation unless the decision-maker requests mediation.

(h) Mediation for children being served by CWS. When the decision-maker rejects the respondent's proposed resolution, the decision-maker may request grievance mediation.

(1) When the decision-maker chooses not to request mediation after rejecting the respondent's proposed resolution, the grievance proceeds to first level elevation process.

(2) When the decision-maker requests mediation, all deadlines are suspended while mediation is ongoing. When the decision-maker requests an extension in order to pursue mediation, the OCA Grievance Unit must grant the requested extension. The grievance is not processed until the mediation is completed, and grievance timeframes are suspended for the duration of the mediation. When mediation resolves the original grievance, the decision-maker may withdraw the grievance or the OCA

Grievance Unit may declare the grievance administratively resolved. When a decision-maker grieves and requests mediation of the dispute before filing a grievance alleging retaliation, the OCA Grievance Unit computes deadlines from the date mediation concluded.

(3) When the grievance is not resolved through mediation, it proceeds to first elevation.

(i) First elevation.

(1) Within three-business days after the grievant requests a first elevation, the OCA Grievance Unit identifies the first elevation respondent and submits the complaint and supporting documentation to him or her.

(2) The OCA Grievance Unit monitors timely response by the first elevation respondent. Within five-business days following receipt of the grievance from the OCA Grievance Unit, the first elevation respondent reviews the grievance, interviews the child being served by CWS and any other necessary persons, prepares a proposed resolution, and submits the proposed resolution on OKDHS letterhead to the OCA Grievance Unit. When requested, and upon a showing of good cause, the OCA Grievance Unit may grant an extension to the respondent. When a timely response is not received, the OCA Grievance Unit may proceed to the second elevation.

(3) Within three-business days following receipt of the first elevation respondent's proposed resolution, the OCA Grievance Unit sends written notice including the proposed resolution and information on the grievant's right to elevate the grievance, when the decision-maker is dissatisfied with the proposed resolution.

(4) The decision-maker has three-business days to accept or reject the proposed resolution. Failure to respond to the proposed resolution is deemed acceptance of the resolution. When the decision-maker opts to reject the first elevation respondent's proposed resolution, the grievance proceeds to the second elevation.

(j) Second elevation.

(1) Within three-business days after the decision-maker requests a second elevation, the OCA Grievance Unit prepares and sends (A) through (D) of this paragraph to the State Office administrator with decision-making authority to respond to the subject of the grievance. The OCA Grievance Unit sends:

- (A) a copy of the complaint;
- (B) all prior proposed resolutions;
- (C) all of the decision-maker's responses to all prior proposed resolutions; and
- (D) instructions for response, including any relevant deadlines.

(2) Within seven-business days following receipt of the grievance from the OCA Grievance Unit, the State Office administrator reviews the grievance, interviews the child being served by CWS and any other necessary persons, prepares a proposed resolution, and submits the resolution to the OCA Grievance Unit. The

proposed resolution must be on OKDHS letterhead and include:

- (A) the proposed resolution and implementation;
- (B) the person or persons responsible for implementing the proposed resolution;
- (C) the target date for the proposed resolution;
- (D) the facts and analysis supporting the proposed resolution, including relevant documentation; and
- (E) any relevant rules, policies, procedures, regulations, or other information.

(3) The OCA Grievance Unit monitors the timely response by the State Office administrator. The OCA Grievance Unit may grant an extension, when requested. When a timely response is not received, the OCA Grievance Unit may proceed to the Grievance and Review Committee (GARC), per OAC 340:2-3-64(b). The OCA Grievance Unit notifies the grievant and the affected State Office administrator that the grievance is being processed for GARC.

(4) Within three-business days following receipt of the proposed resolution, the OCA Grievance Unit sends written notice to the decision-maker containing the proposed resolution and information on the right to elevate the grievance when he or she is dissatisfied with the proposed resolution.

(5) The decision-maker has three-business days to accept or reject the proposed resolution. Failure to respond to the proposed resolution is deemed acceptance of the resolution. When the decision-maker rejects the State Office administrator's proposed resolution, the grievance proceeds to GARC.

(k) **GARC review.** A GARC review is conducted, per OAC 340:2-3-64.

[Source: Transferred from 340:2-3-47 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-5-4. Foster parent grievances

(a) **Application.** This Section describes processes relating to foster parent grievances. Section 1-9-120 of Title 10A of the Oklahoma Statutes (10A O.S. § 1-9-120) confers on Oklahoma Human Services (OKDHS) the responsibility to establish grievance procedures for foster parents contracting with state agencies or child-placing agencies.

(b) **Definitions.** The definitions in Oklahoma Administrative Code (OAC) OAC 340:2-3-2 and 340:2-3-45(b) apply to this Section unless the context clearly indicates otherwise.

(c) **Notice of grievance rights.** Form 15GR008E, Notice of Grievance Rights - Foster Parents, is given to each foster parent when approved as an OKDHS foster parent, at reassessment, and with each new placement. It is given to the foster parent by the Child Welfare Services (CWS) specialist assigned to the foster home within two-business days of the approval, reassessment, or placement. Form 15GR008E is used to explain the foster parent's right to grieve and to inform the foster parent of the means through which a grievance may be filed. After the foster parent signs Form 15GR008E, a copy is given to the foster parent and the original is maintained in the permanent record for the foster parent.

(d) **Grievance defined.** Foster parents may file grievances with respect to the provision or receipt of services.

(1) **Grievable issues.** Except for the limitations listed in (d)(2) of this Section, matters that are the subjects of a grievance include:

(A) the substance or application of any OKDHS policy, rule, or regulation; or

(B) a decision, act, or omission of an OKDHS employee.

(2) **Non-grievable issues.** When it is determined the foster parent is asking to grieve a problem or concern covered in OAC 340:2-3-45(c)(2) or by any of the categories listed in (A) through (G) of this paragraph, the Office of Client Advocacy (OCA) Intake Unit must notify the Foster Care Ombudsman (FCO). It is the FCO's or designee's responsibility to notify the foster parent in writing, why the grievance is not being processed. In addition to OAC 340:2-3-45(c)(2), situations that are not grievable by foster parents under this grievance system are:

(A) a court decision;

(B) findings of a child abuse and neglect assessment or investigation in a foster home. The process for appealing these findings is located at OAC 340:75-3-530;

(C) disposition of a fair hearing regarding closure of a foster home. The fair hearing process regarding closure of a foster home is located at OAC 340:75-7-94;

(D) disputes with other foster parents;

(E) written plans of compliance. The foster parents provide written input on the compliance documentation;

(F) a decision not to return a child in OKDHS custody to a foster home after removal due to a child abuse or neglect investigation. The fair hearing process is located at OAC 340:75-1-12.6; and

(G) a complaint alleging retaliation by an OKDHS employee. When retaliation is alleged, the complaint is forwarded to the OCA Investigations Unit for review and disposition.

(3) **Retaliation or harassment allegations.** Retaliation or harassment allegations, per OAC 340:2-3-38(b), are processed, per that Section.

(4) **Discrimination allegations.** Discrimination or non-compliance allegations based on race, color, national origin, sex, age, religion, disability, political affiliation or opinion, or genetic information unless authorized by law are referred to the OKDHS Office for Civil Rights and the FCO immediately forwards the complaint to the OKDHS OCR administrator, and informs the foster parent in writing.

(e) **Filing and processing a grievance.**

(1) Foster parent grievances are filed with the Oklahoma Commission on Children and Youth (OCCY) Office of Juvenile System Oversight. Foster parent dispute resolutions must be accomplished quickly, informally, and at the lowest possible level.

(2) Foster parent grievances must be filed within 45-calendar days of the event. For a grievance to be considered valid, a

complaint must be timely filed at OKfosterparentvoices.org. When a course of misconduct is alleged, the foster parent grievance must be filed within 45-calendar days of the most recent occurrence.

(3) After the grievance procedure is completed, a foster parent or former foster parent has a right of access to the record of grievances he or she filed.

(4) Foster parent grievances are deemed timely-resolved within no more than 60-calendar days of the complaint filing date.

(f) Initial Resolution Level.

(1) Within three-business days following receipt of the grievance, the FCO identifies the respondent and submits the grievance and supporting documentation to the respondent.

(2) The FCO monitors the respondent for a timely response. Within three-business days following receipt of the grievance from the FCO, the respondent reviews the grievance, prepares a proposed resolution, and submits the resolution to the FCO. The FCO may grant an extension to the respondent, when requested. When a timely response is not received the FCO may proceed to first elevation.

(3) Within three-business days following receipt of the respondent's proposed resolution, the FCO or designee sends written notice to the decision-maker containing the proposed resolution and information on the right to elevate the grievance when dissatisfied with the proposed resolution.

(4) The decision-maker has three-business days to accept or reject the proposed resolution. Failure to respond to the proposed resolution is deemed acceptance of the resolution. When the decision-maker rejects the respondent's resolution at the initial resolution level, the grievance proceeds to the first elevation unless the decision-maker requests mediation.

(g) Foster parent mediation. When the decision-maker rejects the respondent's proposed resolution, the decision-maker may request grievance mediation.

(1) When the decision-maker chooses not to request mediation after rejecting the respondent's proposed resolution, the grievance proceeds to the first elevation.

(2) When the decision-maker requests mediation, all deadlines are suspended while mediation is ongoing. When a foster parent requests an extension in order to pursue mediation through OCCY Foster Parent Mediation Program, per 10 O.S. § 601.6, the FCO must grant the requested extension. The grievance is not processed until mediation is completed, and grievance timeframes are suspended for the duration of the mediation. When mediation resolves the original grievance, the foster parent(s) may withdraw the grievance or the FCO may declare the grievance administratively resolved. When a foster parent grieves and requests mediation of the dispute through the OCCY mediation program before filing a grievance alleging retaliation, the FCO computes deadlines from the date mediation concluded.

(3) When the grievance is not resolved through mediation, the grievance proceeds to the first elevation.

(h) First elevation.

(1) Within three-business days after the grievant requests first elevation, the FCO identifies the first elevation respondent and submits the complaint and supporting documentation to the first elevation respondent.

(2) The FCO monitors timely response by the first elevation respondent. Within five-business days following receipt of the grievance from the FCO, the first elevation respondent reviews the grievance, prepares a proposed resolution, and submits the resolution to the FCO. The FCO may grant an extension to the respondent, when requested. When a timely response is not received the FCO may proceed to the second elevation.

(3) Within three-business days following receipt of the first elevation respondent's proposed resolution, the FCO sends written notice including the proposed resolution and information on the grievant's right to elevate the grievance when the decision-maker is dissatisfied with the proposed resolution.

(4) The decision-maker has three-business days to accept or reject the proposed resolution. Failure to respond to the proposed resolution is deemed acceptance of the resolution. When the decision-maker opts to reject the first elevation respondent's proposed resolution, the grievance proceeds to the second elevation.

(i) Second elevation.

(1) Within three-business days after the decision-maker requests a second elevation, the FCO prepares and sends (A) through (D) of this paragraph to the State Office administrator with decision-making authority to respond to the subject of the grievance. The FCO sends:

- (A) a copy of the complaint;
- (B) all prior proposed resolutions;
- (C) all of the decision-maker's responses to all prior proposed resolutions; and
- (D) instructions for response, including any relevant deadlines.

(2) Within seven-business days following receipt of the grievance from the FCO, the State Office administrator reviews the grievance, interviews the foster parent and any other necessary persons, prepares a proposed resolution, and submits the resolution to the FCO. The proposed resolution must be on OKDHS letterhead and include:

- (A) the proposed resolution and implementation;
- (B) the person or persons responsible for implementing the proposed resolution;
- (C) the target date for the proposed resolution;
- (D) the facts and analysis supporting the proposed resolution including relevant documentation; and
- (E) any relevant rules, policies, procedures, regulations, or other information.

(3) The FCO monitors the timely response by the State Office administrator. The FCO may grant an extension, when requested. When a timely response is not received, the FCO may proceed to the Grievance and Review Committee (GARC), per OAC 340:2-3-64(b). The FCO notifies the grievant and the affected State Office administrator that the grievance is being processed for GARC.

(4) Within three-business days following receipt of the proposed resolution, the FCO sends written notice to the decision-maker containing the proposed resolution and information on the right to elevate the grievance when dissatisfied with the proposed resolution.

(5) The decision-maker has three-business days to accept or reject the proposed resolution. Failure to respond to the proposed resolution is deemed acceptance of said resolution. When the decision-maker rejects the State Office administrator's proposed resolution, the grievance proceeds to GARC.

(j) **GARC review.** A GARC review is conducted, per OAC 340:2-3-64.

[Source: Transferred from 340:2-3-50 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-5-5. Developmental Disabilities Services (DDS) Greer Center Facility (Greer) resident

(a) **Application.** This Section describes processes relating to grievances of residents of Oklahoma Department of Human Services (DHS)-operated facilities listed in Sections 1406 and 1414.1 of Title 10 of the Oklahoma Statutes (10 O.S. §§ 1406 and 1414.1). 10 O.S. § 1415.1 confers on DHS the responsibility for establishing an ombudsman program that includes a grievance system at DHS-operated facility for persons with developmental disabilities.

(b) **Definitions.** The definitions in Oklahoma Administrative Code (OAC) 340:2-3-2 and 340:2-3-45(b) apply to this Section unless the context clearly indicates otherwise.

(c) **Notice of grievance rights.** The DDS facility gives Form 15GR006E, Notice of Grievance Rights - DDSD Clients (General), to the resident and his or her guardian within 24 hours of the resident's admission to a facility and yearly thereafter at the annual individual planning meeting. Form 15GR006E is used to identify the local grievance coordinator (LGC) and to explain the resident's right to grieve. After the resident or guardian signs Form 15GR006E, a copy is given to the resident, the resident's guardian, or to the responsible family member when the resident does not have a guardian or both, and the original is maintained in the permanent record for the resident. When the LGC changes, the facility notifies the residents, guardians, or responsible relatives of the new LGC's name and contact information within 20-business days.

(d) **Filing and processing of grievance at the facility.** Grievances of residents are processed, per OAC 340:2-3-45(g) unless otherwise provided in this Section.

(1) The Office of Client Advocacy (OCA) maintains an office on campus at Greer. OCA assigns an advocate who serves as the LGC at Greer and provides assistance to residents, their guardians,

and persons interested in residents' welfare who want to file a grievance per OAC 340:2-3-71(h)(4).

(2) The OCA advocate at Greer sends a copy of a grievance to the resident's guardian or guardian ad litem and to a responsible relative, unless otherwise specified.

(3) When a grievance involves a decision of a resident's team, the first level respondent is the applicable unit coordinator, unless the unit coordinator is involved in the decision being grieved.

(e) **Time limits on filing grievances.** The time limit set forth in OAC 340:2-3-45(g) does not apply to grievances filed by or on behalf of residents.

(f) **Second level problem resolution.** The facility director is the second level respondent.

(g) **Contested grievances.** When a resident elects to contest the facility director's response to a grievance, the contested grievance is processed, per OAC 340:2-3-46. The DDS director or the director's designee is the State Office administrator responsible for responding to residents' contested grievances.

(h) **Request for review by Grievance and Review Committee (GARC).** When a resident requests a GARC review of the DDS director's response to a grievance, the OCA grievance liaison prepares a request for GARC review using an OCA-prescribed format.

(i) **Advocate inquiry.** An OCA advocate may file a formal inquiry to request information relating to the treatment of one or more residents; the substance, application, or interpretation of any policy, rule, or regulation, of DHS or a DHS agent or contractor; or any decision, behavior, or action of a DHS employee, agent, or contractor, or of another resident.

(1) An advocate formal inquiry is submitted directly to the facility director or any other DHS employee believed to have the knowledge to respond to the inquiry. The person, to whom the inquiry is submitted, has seven business days from receipt of the inquiry to respond in writing. The advocate general may grant an extension for good cause shown.

(2) When the response does not resolve the concern that prompted the formal inquiry or when a response is not timely received, the matter may be treated as a formal grievance and processed as a contested grievance, per OAC 340:2-3-46.

(3) The advocate general issues a report that sets forth the subject matter of the inquiry, the pertinent facts, and the recommendations. An advocate general report is submitted to the facility director, when applicable, and the State Office administrator. A copy is submitted to the DHS Director.

(j) **Advocate grievance.** An OCA advocate may file a grievance on behalf of a resident when a grievance was not filed by, or on behalf of a resident.

(1) At the discretion of the advocate general or the advocate general's designee, an advocate grievance is filed directly with the facility director. The facility director has seven business days to respond in writing. The advocate general or the advocate general's designee may grant an extension for good cause shown.

(2) When the facility director's response is not acceptable or is not timely submitted, it is processed as a contested grievance, per OAC 340:2-3-46.

(k) **Fast track grievances.** When the subject of a DHS grievance is such that time is of the essence, with the approval of the advocate general or the advocate general's designee, a grievance may be submitted directly to the facility director or to the OCA grievance liaison for processing as a contested grievance, per OAC 340:2-3-46. When a grievance involves a time sensitive problem, the OCA grievance liaison may shorten the time for responding as warranted by the circumstances.

[Source: Transferred from 340:2-3-51 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-5-6. Grievances of Hissom class members

(a) **Application.** This Section describes processes relating to grievances of Hissom class members. The Oklahoma Department of Human Services (DHS) legal basis and authority for grievance policies and procedures for Hissom class members includes orders of the United States District Court for the Northern District of Oklahoma in Homeward Bound, et al., vs. The Hissom Memorial Center, Case No. 85-C-437-E.

(b) **Definitions.** The definitions in Oklahoma Administrative Code (OAC) 340:2-3-2 and 340:2-3-46(b) apply to this Section unless the context clearly indicates otherwise.

(c) **Notice of grievance rights.** The Office of Client Advocacy (OCA) advocate assigned to a Hissom class member gives Form 15GR007E, Notice of Grievance Rights - Hissom Class Members, at least yearly to each class member or his or her guardian(s), close family members, and volunteer advocates. This form is used to identify the OCA advocate assigned to the class member and to explain the class member's right to grieve. After the class member, guardian(s), or both, sign the form, the advocate documents this in a contact sheet and provides copies to the client or the client's guardian, the assigned Developmental Disabilities Services (DDS) case manager, and the program coordinator of the applicable provider for placement in the client's home record. The original is maintained in the class member's OCA's record.

(d) **Filing and processing of grievances.** Grievances of class members are processed per OAC 340:2-3-45 unless otherwise provided in this Section.

(1) OCA assigns an advocate to represent each class member. The assigned advocate serves as the grievance advisor for class members and provides assistance to class members and persons interested in class members' welfare who want to file a provider or DHS grievance per OAC 340:2-3-71(h)(4). When an advocate files a provider or DHS grievance on behalf of a class member, the advocate contemporaneously provides a copy of the grievance to the DDS case manager assigned to the class member and to the DDS programs administrator for community services.

(2) Class members, guardians, volunteer and other advocates, case managers, personal support team members, and persons interested in class members' welfare can file a DHS grievance by

completing Form 15GR001P (paper version) or 15GR001E (electronic version). The advocate submits a completed 15GR001P to the LGC. When the advocate completes Form 15CR001E the OCA grievance unit submits it directly to the LGC within one business day of receipt. When the LGC receives a grievance that was not submitted by the OCA advocate representing the class member, the LGC promptly informs the advocate by email, fax, or phone.

(3) When a grievance involves a decision of a class member's team, the first level respondent is the supervisor of the client's DDS case manager, unless the case manager is involved in the decision being grieved.

(e) **Provider grievances.**

(1) Each residential and vocational provider that contracts with DDS to provide services to Hissom class members has a grievance resolution system. The provider's written grievance policies, forms, and procedures are in compliance with OAC 340:2-3-45.

(2) Provider grievances by the class member, the assigned OCA advocate, or a person interested in the welfare of the class member are initiated using Form 15GR001P or 15GR001E or the provider's grievance form. The completed grievance form is submitted to the provider's grievance coordinator LGC. Upon receipt of a provider grievance by or on behalf of a Hissom class member by anyone other than the OCA advocate or the DDS case manager, the LGC promptly informs the DDS case manager and the advocate by email, fax, or phone. When a DHS employee initiates a grievance on behalf of a class member, at the time the grievance is filed the employee sends a copy to the DDS case manager and the OCA advocate assigned to the class member.

(3) When the subject matter of a grievance can be submitted for resolution as a provider grievance or a DHS grievance, the class member has the option to as a provider grievance, a DHS grievance, or both.

(f) **Time limits on filing grievances.** The time limit set forth in OAC 340:2-3-45(g) does not apply to grievances filed by or on behalf of Hissom class members.

(g) **Fast track grievances.** When the subject of a DHS grievance is such that time is of the essence with the approval of the advocate general or the advocate general's designee, a grievance can be submitted directly to the OCA grievance liaison for processing as a contested grievance per OAC 340:2-3-46. When a grievance involves a time sensitive problem, the OCA grievance liaison can shorten the response time as warranted by the circumstances.

(h) **Second level problem resolution.** The area manager of the appropriate DDS area office is the individual responsible for responding to a DHS grievance at the second level of problem resolution.

(i) **Contested grievances.** When the response to a DHS or provider grievance is contested by a class member or a grievant on behalf of a class member, the contested grievance is processed per OAC 340:2-3-46 unless otherwise provided in this Section. The DDS director is the state office administrator responsible for responding to contested grievances

of class members.

(j) **Request for review by the Grievance and Abuse Review Committee (GARC).** When a Hissom class member requests review by GARC of the DDS director's response to a grievance, the OCA grievance liaison prepares a request for GARC review using the OCA-prescribed format that includes the information listed in subsection (i) of this Section.

(k) **Formal inquiry.** The advocate general or any OCA advocate staff may file a formal inquiry to request information relating to: the treatment of a client; the substance or application of any policy, rule, or regulation, of DHS or an agent or contractor of DHS; or any decision, behavior or action of a DHS employee, agent or contractor, or of another client.

(1) A formal inquiry is submitted directly to the administrator of a community services provider or the appropriate DDS area manager. An advocate general formal inquiry is submitted to the DDS director. The person to whom it is submitted has seven business days to respond in writing. The advocate general can grant an extension.

(2) When the response to the formal inquiry does not resolve the concern that prompted the formal inquiry, the matter may be treated as a formal grievance and processed as a contested grievance.

(3) The advocate general issues a report that sets forth the subject matter of the inquiry, the pertinent facts, and recommendations. An advocate general report is submitted to the administrator, when applicable, and the State Office administrator. A copy is submitted to the DHS Director.

(l) **Advocate grievances.** An OCA advocate may file a grievance on behalf of a class member even though a grievance was not filed by or on behalf of the class member.

(1) At the discretion of the advocate general or the advocate general's designee, an advocate grievance is submitted directly to the administrator of a provider agency or the appropriate DDS area manager using Form 15GR003E, Grievance - Hissom Class Member.

(2) An advocate general grievance is submitted directly to the DDS director or the administrator of the provider agency, as applicable.

(3) The person to whom it is submitted has seven business days to respond in writing. The advocate general can grant an extension.

(4) If the response to a grievance is not acceptable, or is not timely submitted, it is processed as a contested grievance per OAC 340:2-3-46.

(m) **Monitoring of grievance programs.** Providers submit their policies for review and approval by the advocate general. OCA provides training and technical assistance to providers, at their request, in the development of grievance forms and procedures. OCA, in cooperation with other monitoring entities to avoid unnecessary duplication, monitors provider grievance programs per OAC 340:2-3-45(d) through (h).

[Source: Transferred from 340:2-3-52 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-5-7. Grievances of clients receiving services from the Developmental Disabilities Services (DDS)

(a) **Application.** This Section describes processes relating to grievances of clients receiving services from DDS who are not residing in an Oklahoma Department of Human Services- (DHS) operated facility and are not Hisson class members. This Section includes minors and adults in specialized foster care. Subsections (h) through (k) apply to clients who were former residents of NORCE or SORC, upon the Oklahoma Commission for Human Services resolution to close the state operated resource centers November 1, 2012.

(b) **Definitions.** The definitions in Oklahoma Administrative Code (OAC) 340:2-3-2 and 340:2-3-45(b) apply to this Section unless the context clearly indicates otherwise.

(c) **Notice of grievance rights.** The DDS case manager gives Form 15GR006E, Notice of Grievance Rights - DDS Clients (General), to the service recipient or guardian when applicable, at the initial plan of care meeting and at each annual plan of care meeting thereafter. When the service recipient does not have a DDS case manager, the provider gives Form 15GR006E to the service recipient within 30-calendar days of service initiation and annually thereafter. Form 15GR006E is used to identify the local grievance coordinator and to explain the client's right to grieve. After the client or guardian signs the form, the original is maintained in the client's permanent record.

(d) **Filing and grievance processing.** Provider and DHS grievances are filed and processed per OAC 340:2-3-45. When a grievance involves a decision of an individual's team, the first level respondent is the supervisor of the client's case manager unless the case manager participated in making or approved the decision being grieved.

(e) **Time limits on filing grievances.** The time limit set forth in OAC 340:2-3-45(g) does not apply to grievances filed by or on behalf of the clients listed in this Section.

(f) **Contested grievances.** When a grievant asks to appeal a DHS grievance, the appeal is processed per OAC 340:2-3-46.

(g) **Monitoring grievance programs.** In order to avoid unnecessary duplication, the Office of Client Advocacy (OCA), in cooperation with other monitoring entities, monitors provider grievance programs per OAC 340:2-3-45 (d) through (m).

(h) Provider grievances of DDS clients who were former residents at NORCE or SORC as of November 1, 2012.

(1) Each residential and vocational provider that contracts with DDS to provide services to DDS clients has a grievance system for resolution of grievances. The provider's written grievance policies, forms, and procedures are in compliance with OAC 340:2-3-45.

(2) Provider grievances are initiated by the DDS client, the assigned OCA advocate, or a person interested in the welfare of the client by using Form 15GR001P (paper version) or 15GR001E

(electronic version) or the provider's grievance form. The completed grievance form is submitted to the provider's grievance coordinator. Upon receipt of a provider grievance by or on behalf of a DDS client by anyone other than the OCA advocate or the client's DDS case manager, the local grievance manager promptly informs the DDS case manager and the advocate assigned to the client by email, fax, or phone. When a DHS employee initiates a grievance on behalf of a client, at the time the grievance is filed the employee sends a copy to the DDS case manager and the OCA advocate assigned to the client.

(3) When the subject matter of a grievance can be submitted for resolution as a provider grievance or a DHS grievance, the DDS client has the option to file it as a provider grievance, a DHS grievance, or both.

(i) **Contested grievances.** When the response to a DHS or provider grievance is contested by a DDS client or a grievant on behalf of a client, the contested grievance is processed per OAC 340:2-3-46 unless otherwise provided in this Section. The DDS director is the state office administrator responsible for responding to DDS client contested grievances.

(j) **Request for review by the Grievance and Abuse Review Committee (GARC).** When a DDS client requests a GARC review of the DDS director's response to a grievance, the OCA grievance liaison prepares a request for GARC review using the OCA-prescribed format that includes the information listed in subsection (i) of this Section.

(k) **Formal inquiry.** The advocate general or OCA advocate staff may file a formal inquiry to request information relating to:

- (1) the treatment of a client;
- (2) the substance or application of any DHS policy, rule, or regulation of DHS or an agent or contractor of DHS; or
- (3) any decision, behavior or action of a DHS employee, agent or contractor, or of another client.

(A) A formal inquiry is submitted directly to the community services provider administrator or the appropriate DDS area manager. An advocate general formal inquiry is submitted to the DDS director. The person to whom it is submitted has seven business days to respond in writing. The advocate general can grant an extension.

(B) When the response to the formal inquiry does not resolve the concern that prompted the formal inquiry, the matter may be treated as a formal grievance and processed as a contested grievance.

(C) The advocate general issues a report that sets forth the subject matter of the inquiry, the pertinent facts, and recommendations. An advocate general report is submitted to the administrator when applicable, and the State Office administrator. A copy is submitted to the DHS Director.

310:678-5-8. Grievances of residents of private group homes for individuals with developmental disabilities

(a) **Application.** This Section describes processes relating to grievances of residents of private group homes subject to Section 1430.01, et seq., of Title 10 of the Oklahoma Statutes. The Oklahoma Department of Human Services (OKDHS) legal authority includes Sections 1430.11 and 1430.20 of Title 10 of the Oklahoma Statutes.

(b) **Definitions.** The definitions in OAC 340:2-3-2 and 340:2-3-45(b) apply to this Section unless the context clearly indicates otherwise.

(c) **Notice of grievance rights.** Upon admission, each individual and, if appropriate, the resident's family or designated representative is given a copy of the group home's grievance procedure and a written notice which identifies the group home's grievance coordinator and explains the resident's right to file grievances. After the resident or the resident's guardian signs the notice form, a copy is made for the resident or the resident's guardian. A copy also is sent to the resident's DDSD case manager if one is assigned. The original is maintained in the resident's permanent record. The grievance procedure is reviewed with the resident or the resident's guardian at least one time a year. If the designated LGC changes, the group home notifies the residents and the residents' guardian or a responsible relative of the name and contact information of the new LGC within ten business days.

(d) **Grievance policies required.** Every private group home to which this Section applies is required to operate a system for resolution of grievances by residents using policies and procedures in compliance with OAC 340:2-3-45. If a grievance involves a decision of a resident's team and the resident has a DDSD case manager, the first level respondent is the supervisor of the client's case manager.

(e) **Contested grievances appealed to the state office.** When a grievant asks to appeal an OKDHS grievance, the appeal is processed in accordance with OAC 340:2-3-46.

(f) **Monitoring grievance programs.** The Office for Client Advocacy, in cooperation with other monitoring entities to avoid unnecessary duplication, monitors group home grievance programs in accordance with OAC 340:2-3-45(d) through (h).

[Source: Transferred from 340:2-3-54 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-5-9. DHS client grievances not covered by another grievance system

(a) **Application.** This Section describes the grievance policy for persons receiving Oklahoma Department of Human Services (DHS) services not covered by another grievance system or issues not specifically addressed by the DHS fair hearing process. A grievance or complaint is not processed under this Section if DHS has a formal administrative appeal or review process in place that addresses the grievance or complaint.

(b) **Definitions.** The definitions in Oklahoma Administrative Code (OAC) 340:2-3-2 and 340:2-3-45(b) apply to this Section unless the context clearly indicates otherwise.

(c) **Notice of client bill of rights.** The DHS Client Bill of Rights poster, DHS Pub. No. 92-06, is posted in conspicuous view of the public in all offices and facilities. Applicants and recipients of benefits and services administered by DHS have the right to:

- (1) be treated with courtesy and dignity;
- (2) receive prompt service;
- (3) receive clear explanations of the laws and rules that determine eligibility for benefits and services;
- (4) have benefits and services explained in native language, when unable to understand English;
- (5) have benefits and services explained by an interpreter for the deaf, when unable to hear well;
- (6) have forms read and explained, when unable to read forms because of limited eyesight, or other inability to read;
- (7) receive fair and consistent consideration of any application for benefits or services;
- (8) have the opportunity for an appeal and a fair hearing in case of denial or reduction of benefits or services;
- (9) discuss with a local DHS supervisor any complaint regarding DHS benefits or services or treatment by DHS staff;
- (10) contact the DHS Office of Client Advocacy (OCA) at 1-800-522-8014, regarding any complaint that has been discussed with, but not resolved by, the local office supervisory staff; and
- (11) receive, upon request, a further explanation of applicant or client rights.

(d) **Filing a grievance.** Recipients of benefits and services administered by DHS, and persons acting on behalf of recipients, have the right to talk with a local DHS supervisor if they have a complaint about the way they were treated by DHS staff. Supervisory staff promptly seeks to resolve the matter with the client. Clients have the right to contact OCA, Attn. Grievance Liaison, PO Box 25352, Oklahoma City, OK 73125 (1-405-522-2720 or 1-800-522-8014, fax 1-405-522-2680) regarding any complaint that has been discussed with, but not resolved by, the local office supervisory staff.

(e) **Allegations of discrimination.** When a grievance or complaint alleges discrimination based on sex, age, national origin, religion, color, or disability, the client is referred to the DHS Office for Civil Rights for appropriate handling and resolution of the complaint. The local grievance coordinator immediately forwards the grievance to the DHS civil rights administrator and so informs the grievant.

(f) **Processing a grievance.** When a client contacts OCA for assistance in resolving a complaint, OCA contacts DHS supervisory staff who have the authority to resolve the grievance to request a response to the grievance within seven business days.

- (1) The advocate general may grant an extension for good cause, such as an unusually complex matter.
- (2) When a complete response is not timely received by OCA, the grievance may be considered unresolved and processed as a contested grievance.
- (3) After receiving a response to the grievance, OCA contacts the grievant to inform the grievant of the proposed resolution and the

right to contest the response to the grievance. When the grievant is not satisfied with the outcome and requests to appeal the decision, the grievance is processed as a contested grievance. When OCA does not obtain a reply from the grievant within 10 business days of actual notice to the grievant of the proposed response, the grievance may be deemed resolved.

(g) **Contested grievances.** Contested grievances of clients are processed per OAC 340:2-3-46.

[Source: Transferred from 340:2-3-55 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-5-10. Foster Care Ombudsman (FCO) services

(a) **Legal authority.**

(1) Section 1-9-112(D)(1) of Title 10A of the Oklahoma Statutes (10A O.S. § 1-9-112(D)(1)) requires the Office of Client Advocacy (OCA) investigate any complaint received by the Oklahoma Commission on Children and Youth (OCCY) Office of Juvenile System Oversight (OJSO) alleging that an Oklahoma Human Services (OKDHS) or child-placing agency employee threatened a foster parent with removal of a child from the foster parent, harassed a foster parent, refused to place a child in a licensed or certified foster home, or disrupted a child placement as retaliation or discrimination toward a foster parent who engaged in a protected activity.

(2) 10A O.S. § 1-9-120 requires OCA establish grievance procedures for foster parents with whom OKDHS or child-placing agencies contract.

(3) 10A O.S. § 1-9-120 (C) requires OCA to designate one employee to receive and process foster parent grievances. OCA designated the FCO. OCA conferred the FCO with responsibility for fulfilling the duties set forth in (e) of this Section.

(b) **Scope.**

(1) The FCO provides services relating to complaints brought by foster parents` against OKDHS or child-placing.

(2) This Section shall not be construed to include any complaint by the foster parent resulting from an administrative, civil, or criminal action taken by the employee or child-placing agency for violations of law or rules, or contract provisions by the foster parent, per 10A O.S. 1-9-120(E)(3).

(c) **Definitions.** The definitions used in this Section are located in Oklahoma Administrative Code (OAC) 340:2-3-2, 340:2-3-45, and 340:2-3-50.

(d) **Confidentiality.** Information in OCA records relating to complaints filed with the FCO by foster parents is confidential and protected from unauthorized use. Only authorized individuals are given access to case records or provided information from these records. A breach of confidentiality may result in criminal prosecution. Violations by OKDHS employees can also result in personnel action. The relevant confidentiality provisions are located at 10A O.S. § 1-6-107 and OAC 340:75-1-42.

(e) **Duties.** The FCO is responsible for:

- (1) overseeing and resolving grievances between foster parents and state agencies or child-placing agencies, per OAC 340:2-3-50;
- (2) referring complaints meeting the criteria for retaliation, per 10A O.S. § 1-9-112(D)(1) to the OCA Investigative Unit, per OAC 340:2-3-38;
- (3) referring cases for mediation, when appropriate, per OAC 340:2-3-50(g);
- (4) collecting and maintaining data necessary to identify systemic issues that may be addressed and resolved to improve the foster care system. In partnership with OCCY, prepares an annual report for the legislature based on collected data and makes recommendations as appropriate for improvements of procedures and policies to benefit children and families;
- (5) conducting training, education, and outreach activities for the benefit of those involved in, or potentially involved in foster care, and maintaining personal accessibility in order to address questions and concerns;
- (6) providing resources and referrals to interested parties; and
- (7) collaborating with foster parents, CWS, Developmental Disabilities Services, and OCCY OJSO in efforts to improve the foster care system.

(f) **Initial disposition of the complaint.** Upon receipt, the FCO or designee must examine the complaint to determine if it meets the criteria for a grievance, retaliation, harassment, discrimination investigation or if another disposition is appropriate. Foster parents may file grievances with respect to the provision or receipt of services.

(1) **Grievable issues.** Except for the limitations listed in OAC 340:2-3-50(h), matters that can be the subject of a grievance include:

- (A) the substance or application of any policy or rule of OKDHS or its agents; or
- (B) any decision or action by an OKDHS employee or its agents; or
- (C) a violation by an OKDHS or a child-placing agency employee of the Foster Parent Bill of Rights, per 10A O.S. § 1-9-119.

(2) **Non-grievable issues and intra-agency referrals.** When the FCO or designee determines the complaint is not grievable, and does not present an issue of retaliation, harassment, or discrimination suitable for investigation, the FCO or designee determines if an intra-agency referral is appropriate, makes any necessary referrals, and closes the file. Foster parent complaints subject to an intra-agency referral are deemed closed at the time any necessary follow-up is completed.

(3) **Information provision.** When the complaint meets none of the criteria above, but is resolvable through the provision of information readily obtainable by the FCO or designee, the FCO may, at his or her discretion, resolve the complaint by obtaining the necessary information.

(4) **Preliminary inquiry.** When the information contained in the complaint is insufficient to enable the FCO, to determine appropriate disposition, a preliminary examination may be completed.

[Source: Transferred from 340:2-3-56 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

SUBCHAPTER 7. GRIEVANCE AND ABUSE REVIEW COMMITTEE

310:678-7-1. Grievance and Abuse Review Committee (GARC)

(a) **Legal basis and authority.** The legal basis and authority for the rules in this Part are found in Section 1-9-112 of Title 10A of the Oklahoma Statutes (O.S. 10A § 1-9-112).

(b) **Definitions.** The definitions in Oklahoma Administrative Code (OAC) 340:2-3-2, 340:2-3-32, and 340:2-3-38 apply to this Part unless the context clearly states otherwise.

(c) **Purpose.** This Section establishes an administrative review committee to review:

- (1) unresolved contested grievances of Oklahoma Human Services (OKDHS) clients listed in OAC 340:2-3-45(a)(2) and processed per OAC 340:2-3-46 through 340:2-3-49 and 340:2-3-51 through 340:2-3-55;
- (2) unresolved grievances of foster parents filed per O.S. 10A § 1-9-120 and processed per OAC 340:2-3-50; and
- (3) an issue affecting the care and treatment of a minor in OKDHS custody placed in a private or public facility not operated by OKDHS, or in a foster home.

(d) **GARC composition.**

- (1) GARC is composed of at least three voting members the OKDHS Director appoints. The OKDHS Director designates one member to serve as chair and appoints substitute members as needed.
- (2) The advocate general is an ex officio member of GARC. The advocate general designates a member of his or her staff to attend GARC meetings in the advocate general's absence.

(e) **GARC responsibilities.** GARC meets as needed. The advocate general or designee establishes the date and time of each meeting. GARC members review the agenda material prior to the GARC meeting.

(f) **GARC meetings.**

- (1) The advocate general or designee coordinates GARC meetings. This includes:
 - (A) arranging the dates for GARC meetings;
 - (B) establishing the agenda for GARC meetings;
 - (C) eight-calendar days prior to a GARC meeting, notifying all involved administrators and state office administrators of the GARC meeting date;

- (D) transmitting agenda material to GARC members three-business days prior to a meeting;
 - (E) recording the GARC findings and recommendations;
 - (F) preparing GARC reports in consultation with GARC members;
 - (G) granting time extensions for good cause shown; and
 - (H) distributing GARC reports.
- (2) The GARC chair conducts a GARC meeting in the manner that in his or her discretion furthers the meeting's purposes.
- (3) At the GARC meeting's conclusion, the matter is taken under advisement and the GARC chair informs interested parties of the results in a written report.

[Source: Transferred from 340:2-3-61 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-7-2. Grievance and Abuse Review Committee (GARC) review of Office of Client Advocacy (OCA) investigation reports regarding foster parent complaints

(a) **Application.** At the request of the Oklahoma Department of Human Services (OKDHS) Director, GARC reviews an OCA investigation report involving allegations of discrimination and retaliation investigated by OCA in accordance with OAC 340:2-3-38.

(b) **Scope of GARC review.** GARC conducts a *de novo* paper review of the alleged incident(s) investigated by OCA.

(1) Within three business days of receiving a request for GARC review from the OKDHS Director, the advocate general or designee informs the foster parent(s), the applicable state office administrators and the administrator of any affected child placing agency.

(2) GARC does not consider prior unsubstantiated allegations.

(3) The foster parent, the applicable administrator, affected state office administrators, or their designees, may attend the GARC meeting. The level of participation of attendees is within the discretion of the chair of GARC.

(4) If a foster parent or an administrator wants to submit additional evidence not considered during the OCA investigation, it is submitted to the advocate general contemporaneously with the request for GARC review. For good cause shown, additional evidence can be submitted to the advocate general no later than eight business days before the GARC meeting.

(5) When additional information is needed in order for GARC to complete its review, GARC may continue its review of a case until its next meeting. GARC may request additional information from OCA, an administrator, or a state office administrator.

(c) **GARC report contents.** Within 15 business days of a GARC meeting to review a case, GARC prepares a report that includes:

(1) GARC's opinion whether the evidence is sufficient, based on a preponderance of the evidence standard, to confirm retaliation or discrimination occurred and the basis for GARC's opinion;

- (2) if in GARC's opinion the evidence is sufficient to confirm retaliation or discrimination, the report specifies whether retaliation, discrimination, or both occurred and the specific acts constituting the retaliation or discrimination; and
- (3) areas of concern identified by GARC during its review of the case regarding practices or procedures of the child placing agency or OKDHS.

(d) **OKDHS Director's response.** The advocate general submits to the OKDHS Director the GARC report, the corresponding OCA investigation report, and other pertinent documents.

(1) Within 15 business days of receipt of GARC's report, the OKDHS Director decides whether to:

- (A) adopt GARC's findings;
- (B) adopt GARC's findings with modifications;
- (C) return the matter to GARC for further consideration;
- or
- (D) reverse GARC's finding.

(2) If the OKDHS Director does not respond within 15 business days of receipt of a GARC report, GARC's opinion with regard to the finding(s) becomes final.

(e) **Notification of final result.**

(1) The advocate general provides notice of the final result of the OKDHS Director's request for GARC review to affected state office administrators and the applicable foster parent(s).

(2) Within two business days of receipt of this notification, a state office administrator responsible for an employee named in the allegation informs each such employee of the final result of GARC's review.

(3) Within 20 business days of receipt of this notification in a report which confirms retaliation or discrimination, the state office administrator informs the advocate general in writing if any personnel action has or will be taken with regard to an employee, and of any corrective action taken or to be taken with regard to areas of concern noted in the GARC report.

[Source: Transferred from 340:2-3-63 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-7-3. Grievance and Abuse Review Committee (GARC) review of unresolved contested grievances

(a) **GARC application.** GARC reviews unresolved contested grievances of children in Oklahoma Human Services (OKDHS) custody, Developmental Disabilities Services (DDS) service recipients, and approved or kinship foster parents when the advocate general receives a proper request for a GARC review, per Oklahoma Administrative Code (OAC) 340:2-3-46(k).

(b) **GARC worksheet.** When the grievance was filed by, or on behalf of, a DDS service recipient who receives Office of Client Advocacy (OCA) advocacy services, including residents of the Greer Center Facility (Greer), the OCA advocate prepares a GARC worksheet using a format prescribed by OCA that includes:

- (1) the grievance number and resident, grievant, guardian, parent(s), case manager, and OCA advocate names;
- (2) a grievance process summary, resolutions offered at each level, and the decision-makers' responses;
- (3) the applicable statutes, policies, and authorities;
- (4) the resolution sought by the grievant;
- (5) relevant documentation;
- (6) the OCA advocacy position with regard to the subject of the grievance; and
- (7) copies of Forms 15GR001E, Grievance Form, and 15GR002E, Local Grievance Coordinator (LGC) Worksheet.

(c) **GARC review summary.** For GARC reviewed DDS service recipient grievances reviewed by GARC, the OCA grievance liaison prepares a GARC review summary and includes it in the GARC file. For approved foster parents and children served by Child Welfare Services (CWS) the grievance is submitted on the GARC report summarizing all responses from initiation.

(d) **Scope of GARC review.** GARC conducts a *de novo* paper review of the grievance.

- (1) Within three-business days following receipt of a proper request for GARC review, per OAC 340:2-3-46(k), the advocate general or designee informs the affected State Office administrator of the GARC meeting date.
- (2) The grievant, State Office administrators, and designees may attend the GARC meeting to answer questions. When a grievance involves a Hisson Class Member, the OCA programs administrator for the community advocacy program may also attend.
- (3) When the grievant wants to submit additional evidence not considered during the processing of the grievance, it is submitted to the advocate general within five- business days of the request for GARC review, but not less than seven-business days prior to the GARC meeting. When the affected State Office administrator wants to submit additional evidence not considered during the processing of the grievance, or when the GARC review is the result of an untimely response, per OAC 340:2-3-46(I), or for good cause shown, evidence can be submitted to the advocate general seven-business days before the GARC meeting.
- (4) When additional information is needed in order for GARC to complete its review, GARC may continue the grievance review until the next meeting. GARC may request additional information from OCA or a State Office administrator.

(e) **GARC report contents.** Within 15-business days of a GARC meeting to review an unresolved grievance of a child being served by Child Welfare Services or a DDS service recipient, GARC prepares a report that includes the:

- (1) subject of the grievance and identifying information about the grievant and the State Office administrator;
- (2) grievance procedural history, and identifying proposed resolutions and responses at each level in the grievance process, prior to the GARC review;

- (3) resolution sought by the grievant and the resolution proposed by the State Office administrator;
- (4) GARC recommended grievance resolution;
- (5) facts on which GARC bases its recommendation;
- (6) information GARC considered in making its recommendation;
- and
- (7) areas of concern identified by GARC during its review of the grievance.

(f) GARC findings regarding approved foster parents and children being served by CWS. Within three-business days following the GARC meeting, GARC records the decision on the GARC report. The completed GARC report for foster parent and children being served by CWS grievances includes the:

- (1) subject of the grievance and identifying information about the grievant and the State Office administrator;
- (2) procedural history of the grievance including, but not limited to, proposed resolutions and responses at each level in the grievance process prior to the GARC review;
- (3) resolution sought by the grievant and the resolution proposed by the State Office administrator;
- (4) GARC recommended grievance resolution;
- (5) facts on which GARC bases its recommendation;
- (6) information GARC considered in making its recommendation;
- and
- (7) areas of concern identified by GARC during its review of the grievance.

(g) GARC report distribution. The advocate general forwards the GARC report to the applicable local grievance coordinator (LGC). Within three-business days following receipt of the GARC report, the LGC contacts the decision-maker to inform him or her of the GARC recommended resolution, and determines if the decision-maker is satisfied.

- (1) When the decision-maker needs time to decide whether to accept the proposed resolution, the decision-maker has three-business days to make a decision. When a decision is not communicated to the LGC within three-business days, the decision-maker is deemed to have accepted the proposed resolution.
- (2) When the decision-maker is satisfied, the LGC notifies the advocate general, and the advocate general notifies interested parties. An affected State Office administrator has three-business days following receipt of this notification to submit a written request for review by the OKDHS Director to the advocate general.
- (3) When the decision-maker is not satisfied with the GARC recommended resolution and elects to contest it, the LGC notifies the advocate general within four-business days following receipt of the GARC report. The advocate general or designee transmits the request and the GARC report for review by the OKDHS Director.

(h) Distribution of GARC report for approved foster parents and children being served by CWS. The advocate general forwards the final GARC resolution on the GARC report to the FCO. Within one-business day following receipt of the GARC report, the FCO notifies the decision-maker and affected State Office administrator of the GARC recommended resolution.

(1) The FCO upon notifying the decision-maker and affected State Office administrator of GARC's recommended resolution, advises the parties of their right to appeal the decision to the OKDHS Director. An affected State Office administrator or decision-maker has three-business days following receipt of this notification to submit a written request to the advocate general for review by the OKDHS Director.

(2) When the resolution of the grievance involves an action to be taken by an OKDHS employee by a future target date, the FCO monitors compliance with that target date. In the event the resolution is not implemented or not implemented within the time specified, the FCO informs the advocate general and he or she notifies the OKDHS Director in writing.

(3) When an appeal is not requested by the decision-maker or affected State Office administrator within three-business days following receipt of the recommended resolution, the FCO sends the closure notice to the grievant and State Office administrator.

(i) OKDHS Director's GARC recommendation review. Upon receipt by the advocate general of a proper and timely written request for review by the OKDHS Director, per (e) of this Section, the advocate general or designee transmits the request and the GARC report to the OKDHS Director.

(1) Within 15-business days following receipt of the GARC report, the OKDHS Director decides to:

- (A) adopt the GARC recommended resolution;
- (B) adopt the GARC recommendation with modifications;
- (C) return the matter to GARC for further consideration;
- or
- (D) direct another resolution.

(2) When the OKDHS Director does not respond within 15-business days, the grievance or appeal is deemed resolved, per the GARC recommended resolution.

(3) The advocate general notifies the grievant and other interested parties of the result of the OKDHS Director's review. The decision-maker is informed this concludes the grievant's administrative remedies. When the grievant is a foster parent or child being served by CWS, a copy of the grievance and related materials are forwarded to the Oklahoma Commission for Children and Youth Office of Juvenile Systems Oversight.

(j) Resolution monitoring for children in OKDHS custody and DDS recipients. When the resolution of the grievance involves an action to be taken by a OKDHS employee by a future target date, the OCA grievance liaison monitors compliance with that target date. In the event the resolution is not implemented or not implemented within the time specified, the OCA grievance liaison informs the advocate general, and

the advocate general notifies the OKDHS Director in writing.

[Source: Transferred from 340:2-3-64 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-7-4. Grievance and Abuse Review Committee (GARC) review of care and treatment of clients

- (a) The advocate general convenes a meeting of GARC at the request of the Oklahoma Department of Human Services (OKDHS) Director, an OKDHS chief, or an OKDHS division director to review and make recommendations with respect to any issue affecting the care and treatment of:
- (1) a client in an OKDHS operated facility; or
 - (2) a minor in OKDHS custody placed in a private facility, a public facility not operated by OKDHS, or in a foster home.
- (b) Issues affecting the care and treatment of clients and minors in OKDHS custody include:
- (1) OKDHS policy, programs, or practices; and
 - (2) employee actions which may affect care and treatment.
- (c) At least seven business days prior to the GARC meeting, the person requesting the meeting and any interested party submit to the advocate general documentary information to be considered during GARC's review.
- (d) At least seven business days before the GARC meeting, the person requesting the meeting and any interested party informs the advocate general who will attend the meeting to provide information.
- (e) The advocate general or the GARC chair can request the attendance of any OKDHS employee considered to have knowledge pertinent to the subject matter of the review.
- (f) When additional information is needed in order for GARC to complete its review, GARC may continue its review of a grievance until its next meeting. GARC may request additional information from the Office of Client Advocacy, an administrator, or a state office administrator.
- (g) Within 15 business days of a GARC meeting, GARC issues a report summarizing the issue(s) presented for review and GARC's recommendations. The advocate general submits the report to the person requesting the review and copies the OKDHS Director.

[Source: Transferred from 340:2-3-65 by SB 1709 (2024), eff 11-1-24]

SUBCHAPTER 9. ADVOCACY PROGRAMS

310:678-9-1. Office of Client Advocacy (OCA) general advocacy services

- (a) **Legal authority and scope.** OCA provides advocacy services to recipients of Developmental Disabilities Services (DDS) listed in this subsection, who are collectively referred to as "clients," per Oklahoma Administrative Code (OAC) 340:2-3-71 through 340:2-3-75.

(1) Section 1415.1(A)(2) of Title 10 of the Oklahoma Statutes (10 O.S. § 1415.1(A)(2)) requires the Oklahoma Department of Human Services (OKDHS) to establish an ombudsman program for each institution and residential facility for persons with intellectual disabilities operated by OKDHS. OKDHS conferred this responsibility on OCA. The advocacy services provided to Robert M. Greer Center (Greer) and Laura Dester Children's Center (SHIELD) residents are outlined in OAC 340:2-3-71 and 340:2-3-72.

(2) Orders of the United States District Court for the Northern District of Oklahoma in *Homeward Bound, Inc., et al. v. Hissom Memorial Center, et al.*, Case No. 85-C-437-TCK-SAJ, require OKDHS and OCA to provide advocacy services to individuals certified by the court as members of the plaintiff class, known as Hissom Class Members (HCM)s. These services are outlined in OAC 340:2-3-71 and 340:2-3-73.

(3) Former Northern Oklahoma Resource Center of Enid (NORCE) and the Southern Oklahoma Resource Center (SORC) residents, who transitioned after the Oklahoma Commission for Human Services resolution of November 1, 2012, which closed the facilities, are provided with advocacy services pursuant to that resolution and consistent with the obligation to serve persons with disabilities in the most integrated setting appropriate to their needs. 28 CFR §35.130(d). *Olmstead v. L.C.*, 527 U.S. 581 (1999). These services are outlined in OAC 340:2-3-71 and 340:2-3-73.

(4) Consistent with the requirements of *Olmstead*, OCA provides special advocacy services on an as-needed basis to other DDS clients. These services are outlined in OAC 340:2-3-71 and OAC 340:2-3-75 .

(b) **Definitions.** The following words and terms, when used in OAC 340:2-3-71 through 340:2-3-75 shall have the following meaning unless the context clearly indicates otherwise:

(1) **"Capacity assessment"** means the process of determining an individual's ability to make informed decisions and the need for assistance with decision-making regarding personal and financial matters, per OAC 340:100-3-5.

(2) **"Human Rights Committee"** or **"HRC"** means the committee charged with the responsibility for external monitoring and advocacy to address protection of individual rights.

(3) **"Individual plan"** or **"IP"** means a written document developed by the Personal Support Team based upon assessment of need. The IP specifies outcomes pursued on behalf of the individual, steps taken to achieve outcomes, and all services and supports necessary to achieve outcomes.

(4) **"Informed consent"** means the ability to make and express voluntary decisions, given correct and sufficient information about the nature, purpose, risks, benefits, and alternatives of a proposed service or action. Individuals, 18 years of age and older, are presumed to have capacity to give informed consent except to the extent adjudicated incapacitated by the court. An individual is

not considered incapacitated solely by reason of his or her diagnosis. Individuals may be adjudicated incapacitated in one area, while being fully capable of understanding and exercising rights in other areas. Individuals have the right to exercise judgment in all areas of capacity.

(5) **"Personal Support Team (PST)"** means the participants in the individual's assessment and planning process. The PST includes the service recipient, case manager, legal guardian, OCA advocate, service providers, and others whose participation is necessary to achieve the outcomes desired by the service recipient.

(6) **"Program coordinator"** or **"PC"** means a person employed by a DDS residential or group home contract provider agency responsible for the supervision, coordination, and monitoring of services provided by the contract provider agency to a service recipient.

(7) **"Service review"** means an assessment by an OCA advocate of a client's health, living circumstances, and the delivery of supportive services. The service review documents the extent of services provided to an individual client and identifies problem areas in service delivery. Each service review is a snapshot of an individual's life at the time the review is completed.

(8) **"Statewide Behavior Review**

Committee" or **"SBRC"** means the committee established, per OAC 340:100-3-14 that reviews each protective intervention plan with restrictive or intrusive procedures. The review ensures the plan complies with DDS policy on the use of restrictive or intrusive procedures, per OAC 340:100-5-57.

(c) **Client records.** Information in OCA records relating to advocacy services provided to the clients listed in (b) of this Section is confidential and protected from unauthorized use. Only authorized individuals are given access to client records or provided information from those records.

(1) The confidentiality provisions of OAC 340:100-3-2 apply to OCA client files.

(2) The confidentiality provisions of OAC 340:5-1-5 apply to information in OCA records regarding allegations of abuse, neglect, and exploitation of a vulnerable adult, as those terms are defined in 43A O.S. §§ 10-103, 10-110, and 10-110.1.

(3) A breach of confidentiality may result in criminal prosecution. Violations by OKDHS employees may also result in personnel action.

(d) **OCA advocate training requirements.** New and tenured OCA advocates receive appropriate training consistent with background and experience. Training includes the rights of DDS clients under federal and state law.

(e) **Client representation.**

(1) OCA assigns OCA advocates to represent:

(A) Greer residents, per Title 10, Section 1415.1(A)(2); and

(B) specific DDS clients living in Oklahoma and former NORCE and SORC residents, per Part 9, OAC 340:2-3-71

through 340:2-3-75.

(2) An OCA advocate is knowledgeable about the clients he or she represents and seeks to understand each client's specific challenges and communication styles, needs, interests, and goals. An OCA advocate ascertains the client's preferences and choices and becomes familiar with a client by:

- (A) reviewing relevant client records and files;
- (B) conducting in-person visits and other contacts with the client at home, at work, and in other contexts; and
- (C) communicating with the client's program coordinator and provider staff, case manager, and others in the client's circle of support, such as relatives, loved ones, and guardians.

(f) OCA advocacy services.

(1) **Advocacy.** Advocacy is assisting an individual in voicing his or her interests. Clients are encouraged to engage in self-determination and are assisted to the extent they need and desire. When a client has a limitation in voicing his or her own interests, needs, and preferences, an OCA advocate seeks to speak on behalf of the client. Advocacy services provided by OCA advocates include, but are not limited to:

- (A) supporting the implementation of the least restrictive alternative in residential, vocational, therapeutic, and medical settings;
- (B) supporting the most appropriate living environment for each client consistent with the client's needs and objectives;
- (C) encouraging the development of natural supports including friends, coworkers, and neighbors in the community where the individual lives; and
- (D) bringing performance issues or service deficiencies to the attention of those who are responsible for correcting the situation.

(2) **Monitoring.** OCA monitors the well-being and provision of services to a client.

(A) Monitoring is done by means of:

- (i) visits and other forms of contact with the client, staff, family members, and those who know the client;
- (ii) reviewing records, documentation, contracts, and financial agreements between clients and providers of services, incident reports, and professional assessments; and
- (iii) attendance at IP and other PST meetings.

(B) OCA advocates cooperate with and, render assistance to outside monitoring and advocacy entities as provided for by federal and state laws, relating to client confidentiality and release of information protocols.

(C) The monitoring role of an OCA advocate ensures the client's:

- (i) individual needs, preferences, and choices are identified and met appropriately and consistently;
- (ii) health, safety, and welfare standards and safeguards are maintained; and
- (iii) problems and issues are addressed at the earliest juncture by appropriate persons and entities in a prompt manner.

(3) **Informal problem resolution.** An OCA advocate seeks to resolve issues and client concerns at the lowest level of administrative responsibility or decision-making. Informal problem resolution seeks to resolve issues and reach a consensus with the client on a plan of action. An OCA advocate seeks to apply an appropriate problem resolution activity that most effectively addresses the nature and imminence of the problem. An OCA advocate assists a client in the development of problem resolution skills and self-advocacy.

(4) **Grievances.** An OCA advocate advises clients and assists them in filing grievances on their own behalf. An OCA advocate may also file grievances on behalf of clients as circumstances require. Grievance policies are found in OAC 340:2-3-45 through 340:2-3-55.

(5) **Protection and safety.** OCA staff takes appropriate action to protect the client's health, safety, and welfare, including reporting allegations of abuse, neglect, maltreatment, and exploitation, per OAC 340:2-3-32 through 340:2-3-39.

(A) OCA advocates assist OCA staff, Adult Protective Services investigators, and law enforcement officers in obtaining information necessary to complete investigations when a client is an alleged victim.

(B) OCA advocates engage in appropriate follow-up activity in response to a referral from the OCA Intake Unit, per OAC 340:2-3-35.

(C) When an OCA advocate has a concern related to a client's health, safety, welfare, or program implementation, he or she advises the client's case manager or designated qualified intellectual disabilities professional (QIDP), as applicable, and others, such as DDS staff, provider or facility staff, treatment staff, or health care professionals as circumstances warrant.

(D) Immediately upon becoming aware of concerns regarding imminent risk of harm, an OCA advocate advises the applicable residential or vocational provider and the client's case manager.

(E) An OCA advocate ensures that abuse, neglect, maltreatment, and/or exploitation allegations are reported to the OCA Intake Unit, per OAC 340:2-3-33.

(6) **Promoting informed choice.** An OCA advocate promotes informed decision-making, consistent with a client's unique strengths, resources, priorities, concerns, abilities, capabilities, and interests through provision of necessary information and assistance to a client to understand his or her options and

potential consequences of a decision. When a client is unable to make an informed choice, the OCA advocate seeks to provide the client's legal guardian, guardian ad litem, volunteer advocate, and other representative(s) with access to information to assist him or her to make an informed decision on the client's behalf. The advocate general does not provide legal advice to clients but may provide information about the law.

(7) **Protection of rights.** An OCA advocate promotes the full exercise of legal rights guaranteed clients under federal and state laws. An OCA advocate takes appropriate steps to protect a client's rights including ensuring those rights are considered in PST decisions and in the manner PST decisions are carried out. An OCA advocate seeks to ensure the application of due process in administrative, quasi-judicial, and judicial proceedings involving a client that might result in a rights restriction or a reduction in services. When a rights restriction is absolutely necessary, OCA supports the least restriction necessary for the shortest period of time possible, with a plan to remove the restriction as soon as possible.

(8) **Access to services.** An OCA advocate promotes client access to the full range of supports per federal and state requirements. Although an OCA advocate takes a position with regard to services needed by a client, an OCA advocate does not have authority to approve services.

(9) **Guardianship issues.** The Oklahoma Guardianship and Conservatorship Act promotes the participation of persons as fully as possible in the decisions that affect them, in the development of maximum self-reliance and independence, and the appointments of guardians and others, only to the extent necessitated by the mental and adaptive limitations or other conditions of individuals, per 30 O.S. § 1-103. Because a full guardianship of the person and his or her estate is the most restrictive intrusion on an individual's decision-making, OCA advocates for the least restrictive alternative to a full guardianship feasible under the circumstances including, but not limited to:

- (A) a limited guardianship;
- (B) a representative payee for financial benefits;
- (C) a volunteer advocate;
- (D) a supportive friends and family;
- (E) a health care proxy;
- (F) a durable power of attorney; and
- (G) advance directives.

(10) **Promoting inclusion.** An OCA advocate:

- (A) promotes the realization of active citizenship and inclusion in the community. This includes, but is not limited to, encouraging clients to:
 - (i) learn the rights and responsibilities of good citizenship;
 - (ii) vote;
 - (iii) take classes;

- (iv) participate in volunteer services organizations;
- (v) attend religious services of his or her choice;
- (vi) attend recreational, cultural, and social events;
- and
- (vii) join citizen advocacy organizations that promote inclusion in the community;

(B) encourages the development of friends who can serve as natural supports for a client; and

(C) assists a client in locating relatives who are not currently active in the client's life and encourages relationship building between him or her and family members.

(11) **End-of-life issues.** End-of-life issues for an individual with a developmental or intellectual disability do not differ from those of other individuals. Regardless of the medical circumstance that brought end-of-life issues to the forefront, an OCA advocate seeks to have a client's physicians, guardians, and loved ones adhere to Oklahoma laws relating to do-not-resuscitate orders, withdrawal or denial of nutrition or hydration, and withdrawal or termination of medical treatment. In the absence of clear and convincing evidence of a client's choices, an OCA advocate presumes the client would choose life-sustaining measures.

(g) **Contacting an OCA advocate.** When an OCA advocate is not available during office hours, his or her supervisor serves as back-up. Information about the name of the OCA advocate assigned to a client, the OCA advocate's contact information, and the name of the advocate's supervisor is obtained by phoning OCA at 1-800-522-8014.

(h) **OCA access to client records and information.** OCA staff is provided access to all records, files, documents, and information needed to fulfill OCA responsibilities regarding a client. DDS case managers, employees, and provider agency staff send the assigned OCA advocate copies of documents and notices sent to the client.

[Source: Transferred from 340:2-3-71 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-9-2. Office of Client Advocacy (OCA) services specific to residents of Robert M. Greer Center (Greer) and Laura Dester Children's Center (SHIELD)

(a) **Representation.** OCA advocacy services are provided to Greer and SHIELD residents consistent with Oklahoma Administrative Code (OAC) 340:2-3-71 and 340:2-3-72.

(b) **Grievance coordination.** OCA advocates serve as grievance coordinators for resident grievances, per OAC 340:2-3-51.

(c) **Abuse and neglect reporting.**

(1) OCA advocates provide training to Greer and SHIELD employees regarding their obligation to report suspected incidents of abuse, neglect, verbal abuse, exploitation, and caretaker misconduct, per OAC 340:2-3-33.

(2) Suspected incidents of abuse, neglect, verbal abuse, exploitation, and caretaker misconduct are immediately

transmitted to OCA intake, per OAC 340:2-3-33.

(d) **OCA advocacy and monitoring.** OCA advocates provide advocacy and monitoring to ensure compliance with rules, regulations, and policies applicable to residents' health, safety, and welfare. In addition to activities, per OAC 340:2-3-71, advocacy and monitoring activities for Greer residents include:

- (1) a face-to-face visit with each resident at least once every six months, and more frequently as needed, to assess and address the resident's advocacy needs;
- (2) periodic site visits to facility buildings frequented by residents, including residential units, vocational programs locations, canteens, and therapy departments, at least quarterly, and more frequently as warranted to monitor compliance with health and safety requirements and protection of client rights including, but not limited to, privacy rights;
- (3) a visit with a resident, at the resident's request, the resident's guardian, or another person concerned about the resident's welfare, unless contraindicated;
- (4) a review of relevant documentation within seven-calendar days of receipt including, but not limited to: individual plan (IP) and interim IPs; accident and incident reports; OCA investigation findings; behavior-data collection forms, guardianship assessments, and other professional reports and assessments;
- (5) serving as a member of a resident's Personal Support Team (PST);
- (6) participating in capacity assessment meetings and annual reviews;
- (7) attending facility Behavior Review Committee (BRC) and Human Rights Committee (HRC) meetings as required or indicated;
- (8) attending mortality review meetings, per OAC 340:100-3-35;
- (9) reporting policy violations, for administrative action and correction, to the facility director or quality assurance designee;
- (10) promoting (PST) discussion of alternatives to living in the facility, and consulting with PST members regarding community supports and community residential placement alternatives; and
- (11) providing transition advocacy assistance for 90-calendar days from the date the resident moves out of Greer or SHIELD. The 90-calendar days may be extended by the advocate general or designee as warranted. Transition advocacy assistance includes:
 - (A) participating in discharge planning meetings;
 - (B) visiting the identified home prior to the move and ensuring Form 06CB034E, Residential Pre-service Checklist, is completed, any identified issues are resolved, and everything is in place before the resident moves out of Greer or SHIELD;
 - (C) visiting the home within seven-calendar days when a resident moves out of Greer to determine if there are OCA advocacy needs. Making phone contact with the community case manager, program coordinator, resident and/or guardian, and at least one staff person in the home

to determine if there are OCA advocacy needs; and
(D) visiting the home monthly to assist with resolution of advocacy needs until the case is closed.

[Source: Transferred from 340:2-3-72 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-9-3. Office of Client Advocacy (OCA) advocacy services specific to Hisson Class Members (HCM)s and former Northern Oklahoma Resource Center of Enid (NORCE) and Southern Oklahoma Resource Center (SORC) residents

(a) **Representation.** OCA provides ombudsman and advocacy services to former HCMs and NORCE and SORC residents of the facilities, per Oklahoma Administrative Code (OAC) 340:2-3-71. An OCA advocate is assigned to act as an independent resource to ensure the client's needs are met and ensure that he or she is provided with the information, skills, opportunities, and support to:

- (1) make informed choices and decisions about their lives;
- (2) live in homes and communities where individuals can exercise full rights and responsibilities as citizens;
- (3) pursue meaningful and productive lives;
- (4) contribute to their family, community, state, and nation;
- (5) have interdependent friendships and relationships with others;
- (6) live free from abuse, neglect, financial and sexual exploitation, and other legal rights violations; and
- (7) achieve maximum health and full integration and inclusion in society; in an individualized manner consistent with unique strengths, resources, and priorities.

(b) **OCA advocate assignment.** OCA assigns an advocate to each HCM living in Oklahoma and to each former resident of NORCE and SORC. These OCA advocates are assigned for the client's lifetime, so long as they are residing in Oklahoma. Clients are provided choices regarding the OCA advocate assigned to represent them to the extent feasible considering the geographic location of the client's residence and OCA advocate caseloads. Requests for a change in the OCA advocate representing an individual are made to the advocate general or designee.

(c) **Personal Support Team (PST) membership.** As a representative of a HCM or of a Developmental Disabilities Services (DDS) client living in a community residential placement, an OCA advocate is a member of the client's PST.

- (1) As a PST member, the OCA advocate receives from the client's DDS case manager, timely notice of all PST meetings, including emergency PST meetings.
- (2) The OCA advocate attends the client's:
 - (A) annual individual plan (IP) meetings;
 - (B) person-centered planning meetings;
 - (C) interim meetings;
 - (D) follow-up planning meetings;
 - (E) emergency PST meetings;
 - (F) PST guardianship assessment meetings;

(G) other PST meetings when significant issues are addressed, including when a rights restriction or an intrusive behavior intervention strategy is contemplated or recommended;

(H) PST capacity assessments; and

(I) other PST meetings, at the client's, guardian's, or involved family's or friend's request.

(3) Within the PST context, the OCA advocate assists the client and represents the client's interests without relinquishing priority to client safety and rights.

(d) **Guardianship issues.** The OCA advocate ensures a client has a current capacity assessment and attends capacity assessment meetings. When a client with a full guardianship has sufficient capacity to require no guardian or only a limited guardian, the OCA advocate promotes the filing of a petition with the guardianship court to terminate or limit the guardianship appointment. When the current capacity assessment for the client who does not have a guardian recommends a guardian or volunteer advocate, the OCA advocate participates with the PST to identify persons who might serve as the client's guardian or volunteer advocate. An OCA advocate encourages the development of friends in the community who might become the client's guardian or volunteer advocate. The OCA advocate monitors the implementation of the recommendations in the capacity assessment and advocates for timely achievement. When a guardian is needed and a suitable guardian is identified, the OCA advocate promotes the filing of a petition with the guardianship court to appoint a guardian.

(e) **OCA advocacy and monitoring.** OCA provides advocacy and monitoring to ensure compliance with rules, regulations, and policies, applicable to their client's health, safety, and well-being. In addition to the services described in OAC 340:2-3-71(h), OCA advocacy and monitoring activities on behalf of each client, include:

- (1) verifying that Form 06CB034E, Residential Pre-Service Checklist, was completed and everything on the checklist is in place prior to any change in residence;
- (2) visiting the client's home within 30-calendar days after the client moves into a new residence;
- (3) conducting a face-to-face visit with the client at least once every three months and, more frequently as indicated;
- (4) completing a meaningful contact regarding each client served, at least monthly;
- (5) completing a service review at least once every six months;
- (6) verifying that direct contact staff completed required training in connection with each service review;
- (7) requesting that DDS Quality Assurance staff conduct an administrative inquiry of suspected provider contract violations, per OAC 340:100-3-27;
- (8) assisting the client and his or her guardian or representative with proposed financial agreements and contracts reviews between the client and the provider;
- (9) reviewing documents and electronic files including, but not limited to:

- (A) assessments, IP, and interim IP documents;
- (B) incident reports;
- (C) Adult Protective Services and OCA investigation findings; and
- (D) behavior data collection forms;
- (10) attending mortality review meetings, per OAC 340:100-3-35;
- (11) attending legal proceedings involving the client, including guardianship proceedings, as circumstances warrant;
- (12) providing an annual copy of Form 15GR007E, Notice of Grievance Rights, Hissom Class Members, or of Form 15GR006E, Notice of Grievance Rights: DDS Service Recipients, as appropriate, to each client and/or guardian;
- (13) monitoring the water temperature in homes every six months, using a thermometer to ensure the water does not exceed 120 degrees Fahrenheit;
- (14) verifying that appropriate records are kept with regard to an individual's personal finances, at least once every six months; and
- (15) advocating for the provision of adequate staff to be present in the hospital with HCMs only, prior to and during a hospitalization, as circumstances warrant.

(f) Advocacy and monitoring services specific to HCMs and former residents of NORCE and SORC, who reside in private intermediate care facilities for individuals with intellectual disabilities (ICF/IID).

- (1) The assigned OCA advocate conducts a face-to-face visit with a client living in a private ICF/IID at least once every 90-calendar days and more frequently, as warranted.
- (2) Service reviews are not completed.
- (3) The OCA advocate maintains a helping relationship with the client, assessing the realization of desired and targeted outcomes, and initiating change through referral or grievance as needed. During client contacts, the OCA advocate inquires about the client's satisfaction with current supports and provides information regarding available options for community supports.
- (4) The OCA advocate, at least once every six months, contacts the client's guardian when one is appointed. The OCA advocate, in response to a client's expression of dissatisfaction with the current residential arrangements, contacts the guardian. These contacts reaffirm the availability of service options to clients for support in community settings. Contacts with the guardian occur in person, by phone or mail as circumstances warrant.
- (5) The OCA advocate contacts the private ICF/IID case manager, informs the case manager of the OCA advocate's intent to attend yearly planning meetings, and requests notification in advance of yearly planning, interim, and emergency meetings.
- (6) The OCA advocate participates in annual planning meetings at the private ICF/IID. The OCA advocate provides advocacy assistance regarding the client's expressed preferences. The OCA advocate brings the individual's expressed desires and any concerns expressed by him or her, the guardian, or other family members to the attention of the PST. The OCA advocate

participates in interim meetings and addresses significant changes in the client's residence, work, health, or important relationships.

(7) The OCA advocate assesses the client's welfare and determines if OCA advocacy is needed. The OCA advocate develops a working knowledge of the facility's grievance procedure as well as other problem resolution processes and resources for change. The OCA advocate provides assistance, either directly or through referral, resolving concerns identified by the client or by others on the client's behalf, which may include contacting the Office of the State Long-Term Care Ombudsman.

(8) The OCA advocate provides information and encouragement to the client to consider community residential settings.

(g) OCA advocacy and monitoring services specific to HCMs and former residents of NORCE and SORC who are in Oklahoma Department of Corrections (DOC) or county sheriff custody. OCA advocacy and monitoring services for clients, who are in DOC or county sheriff custody, except those who are detained pre-trial, are contained in this subsection. The assigned OCA advocate:

(1) contacts the client at least once every six months. These contacts are in person unless contraindicated by the individual;

(2) obtains copies of court documents that reflect the sentence the client is serving;

(3) assesses the client's welfare and determines if OCA advocacy assistance is needed. The OCA advocate provides assistance, either directly or through referral, resolving concerns identified by the client or by others on the client's behalf. OCA advocacy assistance is provided to enforce the rights of clients under the Americans with Disabilities Act and other federal and state laws, to the extent they are applicable to persons who are in custody; and

(4) provides OCA advocacy assistance with the DDS case manager to commence transition planning when the client has less than a year remaining to serve in custody. The OCA advocate participates in and monitors transition planning, representing the client's interests.

(h) Services specific to HCMs and former residents of NORCE and SORC who decline DDS services. Clients and their legal representatives have the right to refuse DDS services, per OAC 340:100-3-11. The OCA advocate for a client, who has declined DDS services contacts the individual at least once every six months and remains available to assist him or her, when requested with OCA advocacy regarding non-specialized assistance. If the OCA advocate determines the client's need or desire for specialized supports has changed, he or she takes appropriate follow-up action with DDS case management.

(i) OCA advocate services specific to HCMs on the Focused Advocacy List (FAL). Pursuant to court order, OCA formally assumed the responsibility of acting as advocate for plaintiff class-members identified in *Homeward Bound, et al. v. The Hissom Memorial Center, et al.* [85-C-437]. In response, OCA created the Focused Advocacy program to provide increased OCA advocacy supports to HCMs with limited or no

family involvement. In addition to the activities described in (e) & (f) of this Section and OAC 340:2-3-71(h), OCA advocacy and monitoring activities on behalf of each client include:

- (1) ensuring the assigned DDS representative is invited to the PST meetings when warranted to review and update progress in securing a volunteer advocate or guardian for all clients on the FAL;
- (2) visiting each member on the FAL at least once every two months, and more frequently when warranted. Visits include home visits, worksite visits, and other face-to-face contacts;
- (3) placing a priority on expanding HCM's circles of support to include persons, who are not paid to be involved in the HCM's life, which includes identifying relatives, not involved in the HCM's life who might be encouraged to become more involved;
- (4) identifying HCMs who have the greatest immediate need of a volunteer advocate or guardian. OCA advocates must promptly inform the OCA Focused Advocacy manager when a HCM is identified as having a priority need; and
- (5) ensuring a Team Review of Advocate/Guardian Participation (TRAGP) document is prepared for each HCM assigned to them at least annually and one is completed much more frequently whenever there is a significant change in circumstances warranting review of the involvement of persons who are not paid to be involved in the HCM's life. The TRAGP form includes information documenting the need for the individual to remain on, be added to, or be removed from the FAL. The Focused Advocacy Committee meets regularly to review TRAGP forms and determine if HCMs remain on the FAL or require prioritized identification of a volunteer advocate or guardian.

[Source: Transferred from 340:2-3-73 by SB 1709 (2024), eff 11-1-24; Amended at 42 Ok Reg, Number 7, effective 11-1-24 (emergency)]

310:678-9-4. Office of Client Advocacy (OCA) services specific to clients with special advocacy needs

(a) **Application.** This Section describes advocacy services OCA may provide to Developmental Disabilities Services (DDS) clients who are not otherwise eligible for OCA advocacy services but have a special short-term need for OAC advocacy assistance.

(b) **Scope.** Upon a determination that good cause exists, OAC advocacy services may be provided to individuals eligible to receive DDS services and to children with an identified intellectual or developmental disability, who are in Oklahoma Department of Human Services custody.

(c) **Requests for services.** Any person may submit a request seeking short-term OAC advocacy services on behalf of a DDS client, by contacting the OCA Intake Unit. Verbal requests are accepted; however, written requests that explain the advocacy need are encouraged.

- (1) When the OCA Intake Unit identifies a special advocacy need, a special advocacy request may be made.
- (2) Factors considered in granting requests include:
 - (A) whether the matter is within OCA's jurisdiction;

(B) the existence of other resources to meet the client's need; and

(C) the urgency of the need.

(d) **OCA advocacy provided.** When a request for short-term advocacy is granted, the assigned OCA advocate provides the support and advocacy appropriate, given the nature of the problem and the risk of imminent harm.

(1) The OCA advocate, in consultation with his or her supervisor, prepares a time-limited plan for achieving advocacy need goals.

(2) Short-term advocacy assistance is provided for up to 30-calendar days. The OCA advocate's supervisor may, based upon written justification, extend the special advocacy assignment for up to three months. When necessary, the OCA advocacy programs administrator may, based upon additional written justification, further extend the special advocacy assignment.

(3) The OCA advocate has full access to the client's case record and is a member of the client's PST for the duration of the special advocacy assignment.

[Source: Transferred from 340:2-3-74 by SB 1709 (2024), eff 11-1-24]

CHAPTER 679. LONG-TERM CARE ADMINISTRATORS

[Source: Amended at 41 Ok Reg, Number 22, effective 8-11-24]

SUBCHAPTER 1. GENERAL PROVISIONS

310:679-1-1. Purpose

This Chapter has been adopted for the purpose of implementing the provisions of the "Long-Term Care Administrator Licensing Act" 63 O.S. § 1-1949.1. The Commissioner of Health, carries out statutory authority for developing, imposing and enforcing standards that must be met by individuals in order for them to receive, maintain, or renew a long-term care administrator's license/certification. These rules are written to execute the aforementioned statutory responsibilities for licensing and/or certifying administrators.

[Source: Transferred from 490:1-1-1 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-1-2. Definitions

The following words or terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"Accredited college" or **"university"** means a college or university that is domiciled within the United States and that is accredited by: the North Central Association of Colleges and Schools, The Higher Learning Commission; the Southern Association of Colleges and Schools, Commission on Colleges; the Western Association of Schools and Colleges, Accrediting Commission for Senior Colleges and Universities; the New England Association of Schools and Colleges, Commission on Institutions of Higher Education; the Middle States Association of Colleges and Schools, Middle States Commission on Higher Education; or the Northwest Commission on Colleges and Universities.

"Administrator in Training" or **"AIT"** means an individual participating in a Department-approved internship within the facility type for which the intern is seeking licensure or certification under the supervision of a Department-approved preceptor. These individuals may also be referred to as an intern or trainee.

"Administrator" means any individual licensed or certified to operate as a long-term care facility administrator by the Department.

"Administrator of Record" or **"AOR"** means the administrator licensed by this Department who has the authority and responsibility for the total operation of the facility, subject only to the policies adopted by the governing authority.

"Adult Day Care (ADC) Center" means such term as defined in the Adult Day Care Act, Title 63 O.S. Section 1-870 *et seq.*

"Adverse action" means revocation or suspension of a license, reprimand, censure or probation; any other loss of or restriction placed upon the license, including, but not limited to the right to apply for, or

renew a license; voluntary surrender in lieu of discipline, non-renewal (excluding nonrenewal due to non-payment of fees, or retirement); administrative fines and any other negative action or finding by the Department.

"Assisted Living Center" means the same term as defined in the Continuum of Care and Assisted Living Act, Title 63 O.S. Section 1-890.1 *et seq.* Also known as an Assisted Living Facility (ALF).

"Certification" means the written authorization from the Department granting a person the ability to serve as a long-term care administrator, for a specific period of time, which requires the person to adhere to the rules, regulations and statutes which govern the certificate.

"Certified Assistant Administrator (CAA)" or "Assistant Administrator" means an individual who has been certified by the Department as having met the minimum qualifications established by the Department to be able to serve as a full-time, Certified Assistant Administrator in a licensed long-term care nursing facility, and who acts under the direction, supervision and license of a licensed long-term care administrator.

"Complaint" means an allegation against an individual subject to applicable statutes and/or rules.

"Continuum of Care Facility" means the same term as defined in the Continuum of Care and Assisted Living Act, Title 63 O.S. Section 1-890.1 *et seq.*

"Degree equivalency evaluation" means an equivalency evaluation of a degree that was earned from a college or university not domiciled in the United States against a degree earned from an accredited college or university that is performed by one of the following:

- (A) Educational Credential Evaluators (ECE)
- (B) Educational Records Evaluation Service (ERES)
- (C) International Education Research Foundation Credentials Evaluation Service (IERFCES)
- (D) World Education Services (WES)

"Department" means the Oklahoma State Department of Health (OSDH)

"Endorsement" means the applicant has met all requirements for reciprocity.

"Good Standing" means a current license/certification/registration is not expired, suspended, revoked, surrendered, conditioned or otherwise restricted.

"Health Services Executive" or "HSE" means a broad-based NAB qualification that allows administrators to practice along the senior living and health services continuum and increases the portability of licensure.

"Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID)" means a facility with the primary purpose of providing health and rehabilitative services for individuals with intellectual disabilities and otherwise meets the Conditions Of Participation (COPs) found at 42 CFR §483.400 *et seq.*

"Intermediate Care Facility for Individuals with Intellectual Disabilities, 16 Beds and Less (ICF/IID-16)" means a facility with

sixteen (16) or fewer licensed resident beds that serves individuals with intellectual disabilities and that otherwise meets the Conditions Of Participation (COPs) found at 42 CFR §483.400 *et seq.*

"License" means the written authorization of the Department granting a person the ability to serve as a long-term care administrator for a specific period of time, which requires the person to adhere to the rules, regulations and statutes which govern the license.

"Long-Term Care" means care given at facilities where a licensed long-term care administrator is required such as a nursing facility, assisted living facility, residential care facility, an adult day care center, or intermediate care facility.

"Long-term care administrator" *means a person licensed or certified as a Tier 1 long-term care administrator or Tier 2 long-term care administrator under ... the Long-Term Care Administrator Licensing Act. A long-term care administrator must devote at least one-half (1/2) of such person's working time to on-the-job supervision of a long-term care facility; provided that this requirement shall not apply to an administrator of an intermediate care facility for individuals with intellectual disabilities with sixteen or fewer beds (ICF/IID-16), in which case the person licensed by the state may be in charge of more than one ICF/IID-16, if such facilities are located within a circle that has a radius not more than fifteen (15) miles, and the total number of facilities and beds does not exceed six facilities and sixty-four beds. The facilities may be free-standing in a community or may be on campus with a parent institution. The ICF/IID-16 may be independently owned and operated or may be part of a larger institutional ownership and operation.* [Title 63 O.S. § 1-1949.2]

"National Association of Long-Term Care Administrator Boards" ("NAB") means an organization composed of state boards and agencies responsible for licensing long-term care administrators.

"NAB Domains of Practice" means the content areas of tasks, knowledge, and skills necessary for administration of a long-term care facility. The NAB Domains of Practice can be found on the National Association of Long-Term Care Administrator Boards (NAB) website at www.nabweb.org.

"Nursing Home and Nursing Facility" means both a "Nursing Facility" and "Specialized Facility" also referred to as "rest home" or "specialized home" as such terms are defined in the Nursing Home Care Act, Title 63 O.S. Section 1-1901 *et seq.* and/or as defined at 42 CFR §483.1 *et seq.*

"Preceptor" means an individual qualified by training and experience, who is currently licensed as a long-term care administrator in Oklahoma, is authorized by the Department as a qualified preceptor and is charged with coordinating the training of an individual authorized to operate as an administrator in training.

"Probation" is a condition(s) imposed for a specified period of time at the initial issuance of a license or contained in an order resulting from a complaint against the administrator.

"Provisional license" means the temporary authority to serve as a long-term care administrator as granted by the Department to an

individual who meets the requirements for provisional licensure.

"Reciprocity" means the licensure process through which candidates licensed in other states may be granted a license in Oklahoma once they have demonstrated the requirements for licensure for the state in which they are currently licensed, have substantially equivalent requirements to those in this state and meet any residency requirements.

"Residential Care Home" or "Residential Care Facility (RCF)" means the same as such term is defined in the Residential Care Act, Title 63 O.S. Section 1-819 *et seq.*

"Revocation or Revoked License" means an enforcement imposed upon a license or certificate by the Department that results in termination of license or certificate and all privileges attendant thereto and requires holder to surrender the license or certificate to the Department.

"Specialized facility" means the same as such term is defined in the Nursing Home Care Act, Title 63 O.S. Section 1-1901 *et seq.*

"Suspension or Suspended License" means an enforcement imposed upon a license or certificate holder by the Department for a designated period of time where the individual is not authorized to work in the capacity of an administrator until all the requirements for reinstatement of the licensure are met.

"Tier 1 long-term care administrator" *means a person licensed by this state to perform the duties of an administrator serving in a skilled nursing or nursing facility or an intermediate care facility for individuals with intellectual disabilities with seventeen or greater beds (ICF/IID).* [63 O.S.§ 1-1949.2] Licensed Tier 1 long-term care administrators may serve as administrator over all long-term care facility types.

"Tier 2 adult day care (ADC) administrator" means a tier 2 long-term care administrator licensed by the Department to serve in an Adult Day Care Center.

"Tier 2 ICF/IID-16 administrator" means a tier 2 long-term care administrator licensed by the Department to serve in an intermediate care facility for individuals with intellectual disabilities with sixteen or fewer bed (ICF/IID-16).

"Tier 2 long-term care administrator" *means a person licensed or certified by this state to perform the duties of an administrator serving in an assisted living facility, residential care facility, adult day care center, or intermediate care facility for individuals with intellectual disabilities with sixteen or fewer beds (ICF/IID-16.;* [63 O.S.§ 1-1949.2]

"Tier 2 residential care/assisted Living (RC/AL) administrator" means a tier 2 long-term care administrator licensed by the Department to serve in a residential care facility or an assisted living facility.

"Upper-level management" means an individual who has had supervisory experience over multiple staff and who has been actively involved with strategic decision-making and planning.

SUBCHAPTER 3. OKLAHOMA STATE BOARD OF EXAMINERS FOR LONG TERM CARE ADMINISTRATORS [REVOKED]

310:679-3-1. Organization [REVOKED]

[Source: Transferred from 490:1-3-1 by HB 2824 (2023), eff 11-1-23; Revoked at 41 Ok Reg, Number 22, effective 8-11-24]

SUBCHAPTER 5. INVESTIGATIVE PROCEDURES

310:679-5-2. Filing a Complaint

Any person or agency may file a complaint against a long-term care administrator by contacting the Oklahoma State Department of Health.

[Source: Transferred from 490:1-5-2 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-5-2.1. Action on referrals and reports [REVOKED]

[Source: Transferred from 490:1-5-2.1 by HB 2824 (2023), eff 11-1-23; Revoked at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-5-3. Complaints

- (a) Upon receipt of a complaint against a long-term care administrator, the Department shall initiate an investigation within ninety (90) days. All information and records collected by the Department as part of a complaint investigation shall be kept in a confidential investigation file.
- (b) Upon completion of a complaint investigation, if the Department finds that sufficient evidence exists to initiate an individual proceeding against a long-term care administrator, a notice of the violation will be served upon the long-term care administrator in compliance with Chapter 2 of

this Title and the Administrative Procedures Act. The notice of violation shall include the nature of the violation(s) found, the provisions of state law or rule alleged to have been violated, the Department's assessed administrator penalty resulting from the alleged violation, and the administrator's right to seek an informal dispute resolution or hearing.

[Source: Transferred from 490:1-5-3 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-5-6. Notice [REVOKED]

[Source: Transferred from 490:1-5-6 by HB 2824 (2023), eff 11-1-23; Revoked at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-5-6.1. Hearings

- (a) An administrator may submit a request for hearing with the Department within thirty (30) days of receipt of the Notice of Violation.
- (b) If a hearing is requested, the Department shall promptly schedule a hearing and serve the administrator with a Notice of Hearing in compliance with 75 O.S. §309(B).
- (c) The hearing shall be conducted in accordance with the Administrative Procedures Act and Chapter 2 of this Title.
- (d) The Commissioner of Health or designee shall issue a decision within fifteen (15) working days following the close of the hearing record. The decision shall include Findings of Fact and Conclusions of Law separately stated. The final order resulting from a hearing shall comply with the requirements of the 75 O.S. §312 and be served upon each party.
- (e) An appeal of the Final Order shall be perfected pursuant to 75 O.S. Section 318 of the Administrative Procedures Act.

[Source: Added at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-5-7. Informal dispute resolution

- (a) An Administrator may request, in writing, an informal dispute resolution within thirty (30) days from the date of notice from the Department.
- (b) *The impartial decision-making panel shall be a group of six (6) individuals who meet the following criteria:*
 - (1) *Three members shall be impartial volunteers who have experience in the operation of the same type of long-term facility as the administrator who is the subject of the complaint. Such volunteers may include, but not be limited to, an administrator, assistant administrator, owner, operator, director of nursing, or compliance executive of an appropriate long-term care facility, but shall not include any person with a direct financial interest in any facility that employs or contracts with the administrator who is the subject of the complaint; and*
 - (2) *Three members shall be persons representing the aging or disabled community, as appropriate for the type of long-term facility whose administrator is the subject of the complaint.*

(c) *Each party shall submit to the impartial decision-making panel all documentary evidence that the party believes has a bearing on or relevance to the violation or violations alleged by the Department in the complaint.*

(d) *The Department shall present initial arguments. The administrator shall then present his or her arguments. The informal dispute resolution shall be limited to no more than two (2) hours in length, with each party being permitted one (1) hour to present its arguments; however, the impartial decision-making panel may grant each party additional equal time for good cause as determined by the impartial decision-making panel.*

(e) *Rules of evidence or procedure shall not apply to the informal dispute resolution except as provided in this section. The impartial decision-making panel may:*

(1) Accept any information that the impartial decision-making panel deems material to the issue being presented; and

(2) Reject any information that the impartial decision-making panel deems material to the issue being presented.

(f) *The informal dispute resolution may not be recorded; however, the impartial decision-making panel may make written or recorded notes of the arguments.*

(g) *Only employees of or health care providers contracted by the facility where the administrator who is the subject of the complaint is employed may appear or participate in the informal dispute resolution on behalf of the administrator, except that the administrator may call one character witness to appear and testify on his or her behalf.*

(h) *Only employees of the Department may appear or participate at the meeting for, or on behalf of, the Department for the purpose of presenting arguments. In addition to such employees, one or more employees of the Department may provide technical assistance to the impartial decision-making panel at the panel's request. Any employee of the Department who participates in the informal dispute resolution process as described in this paragraph shall have no current involvement in long-term care facility surveys including but not limited to the informal dispute process described in Section 1-1914.3 et seq. of Title 63 of the Oklahoma Statutes or the alternative informal dispute resolution process described in Section 1-1914.11 et seq. of Title 63 of the Oklahoma Statutes for long-term care facilities. This paragraph shall have no resolution process.*

(i) *The State Long-Term Care Ombudsman or designee may appear or participate in the informal dispute resolution.*

(j) *No party may be represented by an attorney in the informal dispute resolution.*

(k) *The informal dispute resolution process is limited to violations alleged by the Department in the complaint. If the impartial decision-making panel finds that matters not subject to the informal dispute resolution are presented, the impartial decision-making panel shall strike all documentary evidence related to or presented for the purpose of disputing the matter not subject to the informal dispute resolution. The impartial decision-making panel may not include in the statement of findings described in subsection 1 of this section any matter not subject to*

the informal dispute resolution.

(l) Upon the conclusion of all the arguments by the parties at the informal dispute resolution, the impartial decision-making panel shall issue a written statement of findings, which shall be provided to all parties and which shall include:

- (1) A summary of any alleged violations;*
- (2) A statement of whether the impartial decision-making panel agrees that the alleged violation or violations occurred;*
- (3) The facts and persuasive arguments that support the finding of the impartial decision-making panel for each alleged violation;*
and
- (4) A recommendation on appropriate disciplinary action against the administrator, if any.*

(m) If the impartial decision-making panel cannot reach a majority decision on the findings of the informal dispute resolution as described in subsection l of this section, the State Commissioner of Health may intervene for the purpose of breaking a tie.

(n) The Department shall review the findings of the impartial decision-making panel and shall take such findings into consideration when determining whether to pursue further disciplinary action against the administrator. [Title 63 O.S. §1-1949.7]

310:679-5-7.1. Administrative fines

(a) The Department may impose administrative fines, in an amount to be determined by the Department, against persons whom the Department has determined have not complied with the provisions of the Oklahoma statutes and OAC 310:679.

(b) Administrative fines shall not exceed One Thousand Dollars (\$1,000.00) per violation.

(c) In assessing a fine, the Commissioner shall give due consideration to the appropriateness of the amount of the fine with respect to factors such as the scope, severity and repetition of the violation and any additional factors deemed appropriate by the Commissioner.

[Source: Transferred from 490:1-5-7.1 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-5-8. Reporting

(a) The Department shall report final adverse actions to the National Practitioner Data Bank (NPDB), in accordance with requirements at Title 45, Code of Federal Regulations, Part 60.

(b) Disciplinary action taken against a license/certificate holder and reported to the NPDB shall be reported on the state registry as provided in 63 O.S. §330.64.

(c) The Department may report disciplinary action taken against a license or certificate holder to other jurisdictions where the Department has knowledge that a license or certificate holder possesses a license or certificate.

(d) The Department may make referrals to other regulatory authorities as necessary.

[Source: Transferred from 490:1-5-8 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

SUBCHAPTER 7. FEES AND DEPOSITS

310:679-7-1. Fees and deposits [REVOKED]

[Source: Transferred from 490:1-7-1 by HB 2824 (2023), eff 11-1-23; Revoked at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-7-2. Schedule of fees

(a) Initial and Provisional Long-Term Care Administrator License - \$200.00

(1) This licensure fee applies to all original licensures, registrations/registration renewals and certifications.

(2) The initial license will expire on December 31st of the year it was effective.

(b) Renewal fees

(1) Tier 1 Long-Term Care License - \$200.00 per year;

(2) Certified Assistant - \$75.00 per year;

(3) Tier 2 RC/AL License - \$175.00 per year;

(4) Tier 2 ADC License - \$100.00 per year;

(5) Tier 2 ICF/IID-16 License - \$100.00 per year

(c) Late Fee - \$100.00 for each calendar week, or portion thereof.

(d) Pre-Licensing File Origination and Maintenance fee - \$100.00

(e) State Standards Review (per person) - \$100.00

(f) State Standards Examination Packet - \$50.00

(g) State Standards Examination administered by the Department - \$100.00 per examinee

(h) State Standards Examination, unscheduled examination - \$500.00 per examinee

(i) Department-Sponsored Educational Workshop (per day) - up to \$1,000 per attendee.

(j) Administrator in Training (AIT) Program: Internship Permit (per applicant) - \$350.00

(k) Continuing Education Program Application Fee (per credit hour) - \$55.00

(l) Returned Check Fee or Fee related to Non-Sufficient Funds (NSF) to cover an Electronic Funds Transfer (EFT) - \$30.00

(m) Fee for Administrator Training - Not to exceed \$200.00 per day

(n) A convenience fee may be charged by the online processing vendor in an amount determined by the processor.

(o) Conduct a background check to identify barrier offenses \$50.25

(p) License Application processing fee - \$100.00 (valid for one year).

SUBCHAPTER 9. CONTINUING EDUCATION

310:679-9-1. General provisions for continuing education programs

- (a) Continuing education programs requests for credit recognition must be submitted to the Department for approval prior to presentation.
- (b) The continuing education program is responsible for providing proof of participation and credit amount awarded to each participant. At a minimum, proof of participation must include:
 - (1) Name of attendee;
 - (2) Number of clock hour credits;
 - (3) Subject matter of training; and
 - (4) Facility type addressed by the training if facility-specific
- (c) Administrators shall be responsible for submitting proof of continuing education that meets CE requirements upon renewal.
- (d) All programs approved by the National Continuing Education Review Service (NCERS), National Association of Long Term Care Administrator Boards (NAB) that receive a NCERS/NAB approval number will count towards CE requirements with proper documentation.
- (e) Attendees may be awarded partial credit, at the discretion of the sponsor, for partial participation, late arrival, or early departure from the program.
- (f) The Department may deny or revoke program approval if the program sponsor fails to issue hours appropriately.

[Source: Transferred from 490:1-9-1 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-9-2. Criteria for continuing education programs

- (a) A correctly completed application must be submitted to the Department at least thirty (30) days in advance of the program;
- (b) The application shall contain documentation demonstrating the following requirements:
 - (1) The program shall relate to Long-Term Care Administration and be designed to promote continued knowledge, skills and attitudes consistent with current standards in long-term care administration.
 - (2) The program shall be designed to assist administrators to improve their professional competencies.
 - (3) The program shall be open and available to all long-term care administrators in Oklahoma.
 - (4) The program location must be adequately equipped and have enough space to accommodate attendees.
 - (5) Instructors must have long-term care supervision or administration experience, have instructional expertise and/or have suitable academic qualifications in a relevant academic field.
 - (6) The program objectives must:

- (A) have reasonable and clear objectives with defined outcome expectations;
 - (B) be consistent with the program content; and
 - (C) identify the mechanism through which they will be taught
- (7) Clearly stated program methods appropriate to the subject matter with an identified timeframe for teaching concepts.
- (8) Instructional aids and resource materials used in the program.
- (9) Sponsors are qualified in the subject matter presented.
- (10) The registration fee for the program and the location where the fee will be published on promotional material.
- (11) The program evaluation form.
- (12) The method used to capture accurate attendance or on-line completion.
- (13) Information indicating the instructional hours are based on clock hours (60 minutes= 1 clock hour).
- (14) An agenda showing all educational activities.
- (15) No more than seven (7) clock hours included in the program per day. In the event there is a required, onsite, coursework-specific presenter during the lunch hour, eight (8) hours may be included in the program description.
- (16) Licensed administrators who are "presenters" of approved CE programs may receive credit one time annually for the clock hour value of the class(es) they present. If the material is presented multiple times, credit is only awarded once per licensure year for the same educational material.
- (17) Licensed administrators who present in a Department-approved entry level training such as Tier 2 RC/AL, Adult Day Care or ICF/IID-16 initial licensure training, will receive CE credit one time annually for the clock hour value of the material they present.
- (18) Providers of continuing education courses must provide the template for the documentation that will be provided to attendees to include, at a minimum, the following requirements:
- (A) The name of the attendee;
 - (B) the number of clock hour credits awarded for the training;
 - (C) the subject matter of the training; and
 - (D) if applicable, the type of facility the training addressed.
- (19) The Department may revoke approval of a continuing education course if it is determined the course no longer meets continuing education requirements.

[Source: Transferred from 490:1-9-2 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-9-3. Disapproval of continuing education programs

(a) Upon disapproval, the sponsor:

- (1) will be notified of missing requirements; and

- (2) may submit additional information and/or documentation to address missing requirements.
- (b) Approved programs will be notified of approval by the Department.

[Source: Transferred from 490:1-9-3 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-9-4. Continuing education requirements

- (a) Each licensee shall be responsible for identifying and seeking continuing professional education requirements.
- (b) Licensees shall complete Continuing Education Units (CEUs) as follows:
- (1) Tier one (1) licensees and certified CAAs shall complete twenty-four (24) clock hours of CEUs each license year.
 - (2) Tier 2 RC/AL administrators shall successfully complete sixteen (16) clock hours of continuing education during each license year.
 - (3) Licensed Tier 2 Adult Day Care Administrators shall successfully complete sixteen (16) clock hours of continuing education during each license year.
 - (4) Licensed Tier 2 ICF/IID-16 administrators shall successfully complete sixteen (16) clock hours of continuing education during each license year.
- (c) License and certificate holders are responsible for maintaining their own CEU records.
- (d) Required CEUs must be completed within the licensure period.
- (e) Credit will only be given once per approved program for each licensure period; duplication of credit for the same course is not permissible in the same licensure year.
- (f) A written request for an extension may be submitted to the Department when a license or certificate holder cannot meet the requirements for continuing education due to illness, emergency, or other hardship. Extension requests will be reviewed by the Department and determinations made on a case-by-case basis.
- (g) CEU documentation must be uploaded in the online renewal portal at the time of renewal for review by the Department. Renewal applicants must complete CEUs prior to the Department issuing a renewal to the renewal applicant. .
- (h) All licensees, even those subject to enforcement action, are required to complete continuing education.
- (i) Continuing education requirement hours will be required for first year license and certificate holders are:
- (1) Tier 1 administrators and certified CAAs shall be required to complete six (6) hours of continuing education for each quarter in which they hold a license.
 - (2) Licensed Tier 2 administrators shall be required to complete four and a half (4 1/2) hours of continuing education for each quarter in which they hold a license.

[Source: Transferred from 490:1-9-4 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-9-5. Auditing of continuing education hours

The Department may request continuing education information from sponsors of approved programs for audit purposes.

[Source: Transferred from 490:1-9-5 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

SUBCHAPTER 10. LICENSING OF LONG-TERM CARE ADMINISTRATORS

PART 1. LICENSING OF LONG-TERM CARE ADMINISTRATORS

310:679-10-1. Purpose [REVOKED]

[Source: Transferred from 490:10-1-1 by HB 2824 (2023), eff 11-1-23; Revoked at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-2. Definitions [REVOKED]

[Source: Transferred from 490:10-1-2 by HB 2824 (2023), eff 11-1-23; Revoked at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-2.1. General requirements for licensure

- (a) Applicants must be at least twenty-one (21) years of age at the time the license is issued.
- (b) Applicants must be a United States citizen, or a qualified alien under the Federal Immigration and Naturalization Act and lawfully residing in the United States. An affidavit of lawful presence must be submitted with the application.
- (c) Each administrator applicant must establish that the applicant is of reputable and responsible character and otherwise suitable and qualified to serve because of training or experience in institutional administration. Each provisional applicant must be of good character, otherwise suitable, and meet any other standards established.
- (d) A background check will be conducted on each applicant. The Department will not issue or renew a license to any applicant if the results of a criminal background check reveal the applicant has been convicted of or pleaded guilty or *nolo contendere* or no contest, or received a deferred sentence for any felony or misdemeanor offense for any of the following offenses in any state or federal jurisdiction:
 - (1) abuse, neglect or financial exploitation of any person entrusted to the care or possession of such person,
 - (2) rape, incest or sodomy,
 - (3) child abuse,
 - (4) murder or attempted murder,
 - (5) manslaughter,
 - (6) kidnapping,

- (7) aggravated assault and battery,
- (8) assault and battery with a dangerous weapon, or
- (9) arson in the first degree.

(e) The Department will not issue or renew a license for any applicant if less than seven (7) years have passed since the completion of sentence , and the criminal history check reveals the applicant has been convicted of, or pled guilty or nolo contendere or no contest to, a felony or misdemeanor offense for any of the following offenses in any state or federal jurisdiction:

- (1) assault,
- (2) battery,
- (3) indecent exposure and indecent exhibition, except where such offense disqualifies the person as a registered sex offender,
- (4) pandering,
- (5) burglary in the first or second degree,
- (6) robbery in the first or second degree,
- (7) robbery or attempted robbery with a dangerous weapon, or imitation firearm,
- (8) arson in the second degree,
- (9) unlawful manufacture, distribution, prescription, or dispensing of a Schedule I through V drug as defined by the Uniform Controlled Dangerous Substance Act ,
- (10) grand larceny, or
- (11) petit larceny or shoplifting.

(f) To be eligible for a license, applicants must be able to effectively communicate with all individuals and entities related to all required administrator functions.

(g) Each applicant must meet all other requirements prescribed by the Department.

(h) Each applicant must disclose, for the Department to consider when making a determination on the issuance of a license, all other jurisdictions in which:

- (1) A license has been applied for;
- (2) A license has been issued; and
- (3) Any disciplinary or enforcement action taken by another licensing authority.

(i) The required fee and a correctly completed application form demonstrating all requirements are met must be submitted to the Department by the applicant before a license may be issued.

(j) The Department will notify the applicant when an application is missing any requirements. An applicant may submit additional documentation demonstrating compliance with licensure requirements for the Department to review. If an applicant is not eligible for a license, the Department will issue a denial letter specifying the reasons for the denial. Licensing denials will be reported to NPDB.

(k) In accordance with 59 O.S. 4100.4(A) The Department will review education, training, and experience completed by the individual as a member of the Armed Forces or Reserves of the United States, National Guard of any state, or the Naval Militias of any state, and apply it in the manner most favorable toward satisfying the qualifications of issuance of the requested license or certification or approval for license examination

in this state.

(l) In accordance with 59 O.S. 4150.1, the Department will honor the requirements in the Universal Licensing Act.

[Source: Transferred from 490:10-1-2.1 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-3. Tier 1 administrator requirements

(a) Applicants must meet all general requirements for licensure.

(b) Each applicant must provide documentation demonstrating the successful completion of one of the following:

(1) Baccalaureate degree from an institution of higher education;
or

(2) Associate degree in a health- or business-related field or other relevant field and not less than five (5) years of experience in upper-level management of a long-term care facility.

(c) Unless granted a waiver for one or more of the requirements, applicants must successfully complete the following within twenty-four (24) months of submitting an application for initial licensure:

(1) A Department or NAB-approved training;

(2) The required internship; and

(3) Passing score on the following required examinations:

(A) The Oklahoma State Standards examination;

(B) The NAB Core examination; and

(C) The NAB NHA Line of Service examination;

(d) An applicant's training instructor must attest to the readiness of an applicant prior to the student being eligible to take the examination. Instructors must provide the Department with all signed student attestation forms.

(e) A waiver for the required training may be granted by the Department if:

(1) the applicant has a degree in long-term care administration from a NAB-accredited institution; or

(2) the applicant was previously licensed in Oklahoma as a Tier 1 administrator, was in good standing with the Department while previously licensed in Oklahoma, and has been active in long-term care for at least two (2) of the last five (5) years; or

(3) the applicant provides evidence of the completion of a training that meets or exceeds NAB recommendations for training from another jurisdiction.

(f) A waiver for the required internship may be granted by the Department if the applicant presents documentation of an internship that meets or exceeds NAB recommendations for internship requirements.

(g) An applicant with a verified HSE qualification may be issued a license upon submission of correctly completed application with the required application fee once the applicant has passed the State Standards examination and has had a favorable background check completed.

;

(h) The Department may waive the administrator training requirement, the internship requirement, or both if the applicant was previously licensed in Oklahoma as a long-term care administrator, was in good

standing with the Department while applicant was previously licensed in Oklahoma, and has been active in long-term care for at least two (2) of the last five (5) years.

[Source: Transferred from 490:10-1-3 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-3.1. Tier 2 (RC/AL) administrator requirements

- (a) Applicants must meet all general requirements for licensure. Administrators holding a Tier 2 RC/AL license may serve as an administrator in either an RCF or AIF.
- (b) Each applicant for initial licensure as a Tier 2 RC/AL administrator shall provide documentation of one of the following:
 - (1) high school diploma;
 - (2) GED; or
 - (3) a higher level of education.
- (c) Unless an applicant qualifies for a waiver as outlined in 310:679-10-3, the applicant must successfully complete and pass:
 - (1) Department or NAB-approved training;
 - (2) The required internship; and
 - (3) Passing scores on the following required examinations:
 - (A) The Oklahoma RCAL State Standards examination;
 - (B) The NAB RCAL Lines of Service examination; and
 - (C) The NAB Core examination.
- (d) An applicant's training instructor must attest to the readiness of an applicant prior to the student being eligible to take the examination. Instructors must provide the Department with all signed student attestation forms.
- (e) A waiver for the required training may be granted by the Department if:
 - (1) the applicant has a degree in long-term care administration from a NAB-accredited institution; or
 - (2) the applicant was previously licensed in Oklahoma as a Tier 2 RCAL administrator, was in good standing with the Department while previously licensed in Oklahoma, and has been active in long-term care for at least two (2) of the last five (5) years; or
 - (3) the applicant provides documentation showing adequate experience in the field of institutional administration that is applicable to long-term care administration.
- (f) A waiver for the required internship may be granted by the Department if the applicant presents documentation of an internship that meets or exceeds NAB recommendations for internship requirements.

[Source: Transferred from 490:10-1-3.1 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-3.3. Tier 2 ICF/IID-16 administrator requirements

- (a) Applicants must meet all general requirements for licensure. Administrators holding a Tier 2 ICF/IID-16 license may serve as an administrator in an ICF/IID-16 facility. .

- (b) Each applicant for initial licensure as a Tier 2 ICF/IID-16 administrator shall provide documentation of one of the following:
- (1) high school diploma;
 - (2) GED; or
 - (3) a higher level of education.
- (c) Unless an applicant qualifies for a waiver as outlined in 310:679-10-3 they must successfully complete the following:
- (1) Department-approved training;
 - (2) The required internship; and
 - (3) Passing scores on the following required examinations:
 - (A) The Oklahoma ICF/IID-16 State Standards examination; and
 - (B) The NAB Core examination;
- (d) An applicant's training instructor must attest to the readiness of an applicant prior to the student being eligible to take the examination. Instructors must provide the Department with all signed student attestation forms.
- (e) A waiver for the required training may be granted by the Department if:
- (1) the applicant has a degree in long-term care administration from a NAB-accredited institution; or
 - (2) the applicant was previously licensed in Oklahoma as a Tier 2 ICF/IID-16 administrator, was in good standing with the Department while previously licensed in Oklahoma, and has been active in long-term care for at least two (2) of the last five (5) years; or
 - (3) the applicant provides evidence of the completion of a training that meets or exceeds NAB recommendations for training from another jurisdiction.
- (f) A waiver for the required internship may be granted by the Department if the applicant presents documentation of an internship that meets or exceeds NAB recommendations for internship requirements.

[Source: Transferred from 490:10-1-3.3 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-3.5. Tier 2 Adult day care administrator requirements

- (a) In addition to the general requirements found in this Chapter, each applicant for initial licensure as an ADC administrator shall meet the requirements in this Section. Applicants must meet all general requirements for licensure. Administrators holding a Tier 2 ADC license may serve as an administrator in an ADC facility.
- (b) Each applicant for initial licensure as a Tier 2 ADC administrator shall provide documentation of one of the following:
- (1) high school diploma;
 - (2) GED; or
 - (3) a higher level of education.
- (c) Unless an applicant qualifies for a waiver as outlined in 310:679-10-3, the applicant must successfully complete and pass:
- (1) Department-approved training;
 - (2) The required internship; and

- (3) Passing scores on the following required examinations:
 - (A) The Oklahoma ADC State Standards examination; and
 - (B) The NAB Core examination;
- (d) An applicant's training instructor must attest to the readiness of an applicant prior to the student being eligible to take the examination. Instructors must provide the Department with all signed student attestation forms.
- (e) A waiver for the required training may be granted by the Department if:
 - (1) the applicant has a degree in long-term care administration from a NAB-accredited institution; or
 - (2) the applicant was previously licensed in Oklahoma as a Tier 2 ADC administrator, was in good standing with the Department while previously licensed in Oklahoma, and has been active in long-term care for at least two (2) of the last five (5) years; or
 - (3) the applicant provides documentation showing adequate experience in the field of institutional administration that is applicable to long-term care administration.
- (f) A waiver for the required internship may be granted by the Department if the applicant presents documentation of an internship that meets or exceeds NAB recommendations for internship requirements.

[Source: Transferred from 490:10-1-3.5 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-4. Endorsement and reciprocity requirements

- (a) Applicants must meet all general requirements for licensure.
 - (1) The Department may endorse a candidate for licensure reciprocity from other jurisdictions when the applicant has submitted documentation with evidence meeting the following requirements:
 - (A) Proof of successful completion of a formal program of study;
 - (B) Proof of passing score on applicable NAB examination(s);
 - (C) Copy of current license(s) from other jurisdictions;
 - (D) Proof of full-time service as administrator-of-record for the past two (2) consecutive years or service as licensed administrator for the specific license type the applicant is applying for at least two (2) of the last three (3) years;
 - (E) Disclosure of any pending or past disciplinary actions, enforcements, investigations, reprimand, suspension, and revocation or voluntary surrender of license(s); and
 - (F) Attestation to the truthfulness of information provided;
 - (2) The Department will determine if past actions by regulatory authorities disqualify an applicant from eligibility for Oklahoma licensure in alignment with standards and requirements for Oklahoma licensure.
- (b) The applicant shall indicate on the licensure application if applying under the 59 O.S. 4100.5 et seq military reciprocity pathway. The Department will comply with all military reciprocity requirements.

(c) Endorsement will be given to the applicant by the Department if the reciprocity process shows the applicant completed substantially equivalent requirements in the state in which they are currently licensed.

[Source: Transferred from 490:10-1-4 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-4.1. Requirements for registration for licensure reciprocity for long term care administrators [REVOKED]

[Source: Transferred from 490:10-1-4.1 by HB 2824 (2023), eff 11-1-23; Revoked at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-5. Provisional license requirements

(a) The Department may grant one (1) provisional license for a single period not to exceed six (6) months to fill an unexpected vacancy at a facility. Once a provisional license has been granted, the Department may not grant additional provisional licenses for the same facility within a one-year period of issuance.

(b) Provisional license applicants must meet all general licensure requirements outlined in OAC 310:679-10-2.1.

(c) A provisional license may be granted to a person who may not meet all training and testing requirements established by the Department, but who:

- (1) Has successfully completed a formal program(s) of study and holds a bachelor's degree;
- (2) Has documentation that a currently-licensed Oklahoma long-term care administrator, with a minimum of two (2) years experience as a licensed administrator in Oklahoma in the same facility type as the provisional licensee, will act as an on-site consultant to the provisional licensee;
- (3) Has provided documentation showing at least two (2) years experience in a long-term care facility;
- (4) Has received a passing score on the current applicable Oklahoma State Standards examination;
- (5) Has submitted a correctly completed application; and
- (6) Paid the applicable application fee.

(d) A provisional license shall not be issued to a current AIT unless the applicant previously passed the NAB NHA exam.

(e) The consultant administrator to a provisional licensee shall:

- (1) Provide direct supervision of the provisional licensee for at least eight (8) hours per week with no more than 10 calendar days lapsing between consultant visits to the provisional licensee's facility;
- (2) Alert the Department within 3 days if the provisional licensee is unable to fulfill the administrator requirements; and
- (3) Notify the Department if they are no longer able to provide supervision to the provisional licensee.

[Source: Transferred from 490:10-1-5.1 by HB 2824 (2023), eff 11-1-23; Revoked at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-5.2. Requirements for a provisional license as an adult day care administrator [REVOKED]

[Source: Transferred from 490:10-1-5.2 by HB 2824 (2023), eff 11-1-23; Revoked at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-6. Restoration of a suspended license or certificate

A suspended license or certificate may be restored once all conditions for restoration have been met.

[Source: Transferred from 490:10-1-11 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

PART 3. APPLICATION FOR LONG-TERM CARE ADMINISTRATOR LICENSURE

310:679-10-10. Application timeline

(a) Applicants will have twenty-four (24) months to complete all licensure requirements.

(b) Reciprocity applicants will have one year to complete any licensure or certification requirements to qualify for endorsement.

[Source: Transferred from 490:10-3-1 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-11. Documentation requirements

(a) If submitting documentation for long-term care work history, the applicant must submit a letter, signed by a licensed long-term care administrator, medical director, director of nursing, or registered nurse on company letterhead attesting to the applicant's long-term care work history.

(b) A signed affidavit of lawful presence must be submitted with each application.

(c) For bachelor's or associate's degree documentation, an official copy of the transcript is required.

[Source: Transferred from 490:10-3-1.1 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-12. National examinations

- (a) The NAB Core examination consists of questions related to the Domains of Practice and is relevant to all licensed administrators. It is required for all long-term care administrator applicants.
- (b) The Line of Service module examination is required for certain license types and contains questions related to the Domains of Practice specific to a line of service.
- (c) HSE applicants as well as reciprocity applicants who provide evidence of a previous passing score and meet all other reciprocity requirements will be exempt from taking NAB tests prior to the issuance of a license.
- (d) Provisional license applicants will not be required to pass the NAB examination before becoming provisionally licensed, if all other provisional licensure requirements are met.
- (e) Fees for all national examinations are prescribed by and payable to the NAB or its authorized designee.

[Source: Transferred from 490:10-3-2 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-13. Required examinations

- (a) Applicants must pass the applicable State Standards examination prior to a license being issued. Each license type requires a specific State Standards examination. Applicants for licensure by reciprocity, applicants for a provisional license and applicants for initial licensure who have previously held an Oklahoma long-term care administrator license must pass the current, applicable State Standards examination.
- (b) The application must be complete and correct before the applicant may begin training or being granted approval to take the applicable examination(s).
- (c) The Department will publish dates and times for testing on the Department website. Applicants may take the exam at a Department-designated location or through a testing center if the examinations are administered through the same methods and procedures as the NAB examinations.
- (d) A passing score for all State Standards examinations is Seventy-Five percent (75%) or greater.
- (e) Fees for the State Standards examination administered by the Department shall be in an amount prescribed by the Department. All examination fees must be paid prior to examination.

[Source: Transferred from 490:10-3-3 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-14. Confidentiality of examinations

Applicants shall not disclose any information, questions, or answers from licensure examinations.

[Source: Transferred from 490:10-3-4 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-15. Renewal requirements

(a) The renewal applicant shall submit an application with the following information and supporting documentation:

- (1) Updated contact information;
- (2) Current location where operating as an administrator;
- (3) If applicable, a list of interns to whom they have served as a preceptor with dates; and
- (4) An affidavit of lawful presence.

(b) The renewal applicant shall submit the required fee at the time of renewal.

[Source: Transferred from 490:10-3-5 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-16. Provisional licensure term

A provisional license shall expire six (6) months from the effective date of the provisional license. Provisional licenses are non-renewable.

[Source: Transferred from 490:10-3-6 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

PART 5. DISCIPLINE

310:679-10-20. Disciplinary action

(a) The following reasons may disqualify an initial or renewal applicant from licensure or certification and could result in enforcement by the Commissioner of Health:

- (1) Obtaining or attempting to obtain a license, registration or certificate by fraud, deceit, or misrepresentation; or misrepresenting oneself as holding a license or certification when they do not.
- (2) Conviction of or a plea of guilty or *nolo contendere* to any felony or to any misdemeanor involving moral turpitude, or any barrier offense as outlined in this chapter.
- (3) Use of legally-prescribed or illegal drugs (narcotics or other dangerous drugs) or alcohol or the dependence on legally-prescribed drugs or illegal drugs or alcohol, or gambling, if such use or dependence, or such gambling, or the behaviors related to or resulting from such use or dependence compromise the individual's ability or capacity to fulfill his duties or responsibilities in the long-term care facility, or if the same constitute(s) a criminal offense.
- (4) Commitment to a mental institution or judicial determination of incompetence.
- (5) Gross negligence, or negligence that constitutes a danger to the health, welfare or safety of the residents or the public.
- (6) Physical or verbal abuse of a resident or misappropriation of a resident's funds or property; failure to report an allegation of physical or verbal abuse of a resident or misappropriation of a

resident's funds or property to appropriate state authorities as required by law.

(7) Fraudulent, deceptive or dishonest conduct in the management of a long-term care facility, or other conduct unbecoming to a person licensed or subject to licensure under this law when, in the judgment of the Department, such conduct is detrimental to the best interest of the long-term care field, the long-term care administrator profession and/or the public.

(8) Except as otherwise permitted in this Chapter, concurrently serving or acting as the administrator of more than one nursing facility or assisted living facility; or exceeding the conditions placed on administrators of ICF/IID facilities with 16 beds or less as stated in this Chapter; or otherwise serving as an administrator beyond the scope of their licensed authority.

(9) Failure to comply with State or federal requirements applicable to the facility.

(10) Failure to comply with rules and requirements for administrators established by the Department, including the Administrator Code of Ethics and Administrator Responsibilities adopted by the Department.

(11) Evidence that the administrator has paid, given, has caused to be paid or given or offered to pay or to give to any person a commission or other valuable consideration for the solicitation or procurement, either directly or indirectly, of long-term care facility patronage.

(12) Intentional retaliation or discrimination against any resident or employee for contacting or providing information to any State official, licensing agency or regulatory agency.

(13) Failure to provide verification of continuing education hours.

(14) Sexual abuse, sexual harassment, or sexual exploitation of any resident, employee, trainee, volunteer, consultant, or visitor to the facility in which the licensee practices.

(15) Falsification of any records or documents relating to the operation of a long-term care facility; falsification of records or documents submitted to the Department or any other state or federal agency; falsification of a resident's records, or causing a resident's records to be falsified.

(16) Use of the licensee's professional status, title, position, or relationship as a long-term care facility administrator to coerce, improperly influence, or obtain money, property, or services from a resident, resident's family member, employee, visitor, or any person served by or doing business with the facility that employs the administrator.

(17) Interfering with, refusing to participate in, or impeding any investigation, inspection, or disciplinary proceeding authorized by Statute.

(18) Violation of any disciplinary order, consent agreement, term of suspension, condition, stipulation, or any other limitation imposed on the licensee by the Department.

(19) Unlicensed practice, practice on a revoked, suspended, or lapsed license; or practice on a provisional license without the use

of an on-site consultant or practice as a Certified Assistant Administrator without the oversight of an Administrator-of-Record.

(20) Failure to pay fees or fines established or imposed by the Department.

(21) Knowingly aiding, assisting, or advising a person to unlawfully practice as an administrator without a required license.

(22) Failure to adequately supervise an assistant administrator and/or failure to assure that the assistant administrator complies with state and federal requirements applicable to the facility.

(23) Conduct that violates the security of any licensure examination materials.

(24) Coercion or harassment, or the attempt to coerce or harass, or the use of any other form of uninvited solicitation directed toward a resident of a long-term care facility or toward a member of the resident's family or the resident's guardian for the purpose of attempting to persuade the resident to change long-term care facilities.

(25) Failure to notify the Department of a change of name, business or personal mailing address(es), or change of employment within fifteen (15) calendar days of the occurrence.

(26) Coercion or harassment of, or the attempt to coerce or harass, a member of the Department, a Department employee or an authorized agent or representative of the Department as related to any matter or issue over which the Department has authority.

(27) Exclusion by the Department of Health and Human Services Office of Inspector General from participation in any capacity in the Medicare, Medicaid, and all Federal health care programs as defined in section 1128B(f) of the Social Security Act.

(b) If a Long-term Care Administrator violates any requirement in OAC 310:679, the Oklahoma Long-Term Care Administrators Act, or any other rule or law relevant to the duties and responsibilities of the Administrators, the Department may impose one or more of the following sanctions:

- (1) license or certificate revocation;
- (2) license or certificate suspension;
- (3) denial of application for license or certificate renewal;
- (4) assessment of an administrative penalty;
- (5) written letter of reprimand;
- (6) participation in continuing education;
- (7) probation;
- (8) denial of authorization to perform as a preceptor; or
- (9) revocation of preceptor authorization.

[Source: Transferred from 490:10-5-3 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-21. Summary suspension

In the course of an investigation, the Department may order a summary suspension of an administrator's license or certification or an Administrator in Training (AIT) permit if, in the course of an investigation, it is determined that a license, certificate holder, or AIT candidate for licensure has engaged in conduct of a nature that is detrimental to the health, safety, or welfare of the public, and which conduct necessitates immediate action to prevent further harm. The Department shall immediately notify the licensee, certificate holder, or AIT candidate upon issuance of the order. The licensee, certificate holder, or AIT candidate shall have the right to contest the order at a hearing as provided by law.

[Source: Transferred from 490:10-5-5 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

PART 7. ADMINISTRATOR TRAINING REQUIREMENTS

310:679-10-25. General provisions

- (a) If a waiver is not granted according to specifications in this chapter, applicants are required to complete Department-approved trainings prior to being eligible for a license or certification. NAB-approved trainings may be taken at any time to satisfy the training requirement.
- (b) Internships are required for license types that require internships as outlined in this chapter and who have not been granted a waiver according to 679-10-3.

[Source: Transferred from 490:10-7-3 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

PART 8. ADMINISTRATOR IN TRAINING (AIT) INTERNSHIP PROGRAM FOR LONG-TERM CARE ADMINISTRATORS AND CERTIFIED ASSISTANT ADMINISTRATORS

310:679-10-29. Application requirements

- (a) An application shall be submitted to the Department, containing the following information and documentation:
 - (1) Name;
 - (2) Contact Information;
 - (3) Educational history as required by license type;
 - (4) Signed letter outlining applicable work history if required by license type; and
 - (5) Affidavit of Lawful Presence.
- (b) A background check will be completed on all applicants.
- (c) A fee as prescribed by the Department shall be submitted with the application.

(d) An applicant will have twenty-four (24) months to complete the required training and internship. A one-time extension may be granted by petitioning the Department if the applicant submits a formal request outlining the reasons for the delay. The Department has discretion to approve or deny extension requests and will notify the applicant of the decision.

[Source: Transferred from 490:10-8-2 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-30. Required internship

(a) Internship permits may be granted to applicants who have been approved by facilities which are:

- (1) licensed by the Oklahoma State Department of Health as a long-term care facility; and
- (2) in substantial compliance with the rules and regulations governing licensure and operation of long-term care facilities.

(b) Interns must submit all required documentation to the Department.

[Source: Transferred from 490:10-8-3 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-31. Identification of preceptor

(a) Applicants are required to submit information on a proposed preceptor for review by the Department.

(b) Applicants must submit required documentation for their selected preceptor to include:

- (1) Name of preceptor;
- (2) License number of preceptor;
- (3) Name of the facility where the preceptor is an administrator;
- (4) Address of facility where the preceptor is an administrator;
- (5) Phone number of preceptor;
- (6) Email address of preceptor; and
- (7) Signature of the preceptor on preceptor attestation form.

(c) If a change in preceptor becomes necessary after the start of an internship, interns are required to notify the Department. Any new preceptor must be Department-approved.

(d) Preceptors who discontinue any internship must provide the Department and the intern with the following information within 30 days of the discontinuation of the preceptorship:

- (1) the number of internship hours the intern has completed; and
- (2) the Domains of Practice that have been covered during the internship.

(e) Applicants may access a list of authorized preceptors from the Department website if they do not have a preceptor identified.

[Source: Transferred from 490:10-8-4 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-32. Preceptor qualifications

(a) A licensed administrator interested in being a preceptor for an administrator intern must:

- (1) Hold a current Oklahoma administrator license;
- (2) Have been operating as a licensed administrator for the twenty-four (24) months immediately preceding the internship or thirty-six (36) of the last sixty (60) months;
- (3) Be currently working as an administrator in a licensed Oklahoma facility;
- (4) Have not had an enforcement action against their license by the Department in the thirty-six (36) months immediately prior to the start of the internship; and
- (5) Is not currently subject to disciplinary or enforcement action in another state.

(b) A licensed administrator interested in becoming a preceptor, must fill out all required information on the preceptor section of the renewal application.

(c) Authorization to serve as a preceptor may be revoked by the Department

[Source: Transferred from 490:10-8-5 by HB 2824 (2023), eff 11-1-23]; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-33. Preceptor requirements

To be designated as a preceptor for an intern, a licensed long-term care administrator must:

- (1) be the full-time administrator-of-record of the facility where the internship will take place, , OR be a licensed administrator and the direct supervisor of the administrators(s)-of-record at the facility(s) where the internship will take place ;
- (2) agree to give the intern an opportunity to observe and take part in the managerial tasks associated with the operation of a facility, acquaint the intern with the organization and operation of all the various departments of the facility by permitting the intern to observe and participate in department activities which align with the intern's Department-approved training program;
- (3) regularly meet with the intern to discuss progress to date, potential refinements to hours spent in each module/domain of practice (in preparation for the NAB NHA exam), and review the interns strengths and weaknesses; and
- (4) complete the Department-required attestation form once the intern has satisfactorily completed all internship hours.

[Source: Transferred from 490:10-8-5.1 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-34. Individualized internship requirements

(a) The preceptor, in conjunction with the intern, will assess and evaluate the intern's background, training and experience to determine specific areas of concentration within the domains of practice and departmental rotations.

(b) The preceptor will keep track of the training for each NAB training module and provide written documentation upon request by the Department.

[Source: Transferred from 490:10-8-6 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-35. Documentation of internship requirements

(a) The preceptor will document the intern's progress through each NAB module of training.

(b) NAB module completion will be documented on the checklist submitted by the preceptor to the Department and that accompanies the final preceptor intern review form.

[Source: Transferred from 490:10-8-7 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-36. Preceptor CEUs

(a) Preceptors for nursing home interns may be awarded:

- (1) 3 CEUs for every 560 hours completed; or
- (2) 4 CEUs per each 700 hour trainee completed; and
- (3) Up to 12 CEUs per calendar year (credited for a maximum of 3 students in any one calendar year.

(b) CEU credit is awarded for the year the training was completed.

[Source: Transferred from 490:10-8-8 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-37. Preceptor's checklist

(a) The preceptor will maintain a current program completion checklist in the facility on the intern on a form approved by the Department to be reviewed by the Department upon request.

(b) The program completion checklist will be submitted to the Department with the final evaluation form.

[Source: Transferred from 490:10-8-9 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-38. Preceptor concerns

If disciplinary or enforcement action is taken against an administrator serving as a preceptor , the Department shall determine if there is a need to reassign the intern to a different preceptor.

[Source: Transferred from 490:10-8-10 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-39. Intern concerns

When a preceptor has concerns about an intern's ability to complete the internship requirements or ethical concerns that may affect the intern's ability to become a licensed administrator, the preceptor must notify the Department within ten (10) days.

[Source: Transferred from 490:10-8-11 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-40. Compensation for interns

The facility or facilities may compensate an intern, but is/are not required to do so. The Department does not regulate compensation agreements on behalf of the intern or the preceptor.

[Source: Transferred from 490:10-8-12 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-41. Internship requirements

- (a) Tier 1 administrator applicants must complete at least a 1,000 hour internship with a Department-approved preceptor.
- (b) Tier 2 administrator applicants must complete at least a 500 hour internship with a Department-approved preceptor.
- (c) CAA applicants must complete at least a 500 hour internship with a Department-approved preceptor.
- (d) Applicants have twenty-four (24) months to complete the required internship and cannot complete greater than 40 internship hours per week.
- (e) Applicants completing an internship who are called to active military duty may request stoppage on the twenty-four (24) month timeline. The Department may halt the timeline for military members called to active duty if the pause in the timeline is not likely to impede the applicant's ability to perform the required administrator duties once they are a licensed administrator.
- (f) An applicant may apply for a one-time extension for the twenty-four (24) month timeline. Approval is at the discretion of the Department.
- (g) The internship must be completed in a facility or facilities licensed in Oklahoma for the level of care equivalent to the license or certification being sought.

[Source: Transferred from 490:10-8-13 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-42. Internship exemption

The Department may waive the internship requirement, wholly or in part, for applicants who have provided documentation demonstrating the successful completion of a formal internship program that meets or exceeds Department requirements, such as in another state or in a NAB accredited long-term care degree program.

[Source: Transferred from 490:10-8-14 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-43. Refusal to approve or renew preceptor or intern assignment

The Department may withdraw preceptor approval or disapprove the preceptor selection of an intern. .

[Source: Transferred from 490:10-8-16 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-44. Maximum preceptor oversight

A preceptor may not oversee more than two (2) interns at a time.

[Source: Transferred from 490:10-8-17 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

PART 10. STANDARDS FOR ADMINISTRATORS

310:679-10-50. Administrator Ethics

(a) Long-term care administrators and AITs are encouraged to participate in a professional association. CEUs may be approved when offered by a professional organization related to the field of licensure.

(b) Ethical standards such as those found in the American College of Health Care Administrators Code of Ethics shall be used as a minimum threshold for ethical standards.

(c) Licensed administrators must report any unethical conduct to the appropriate licensure boards.

(d) Licensed administrators have a fiduciary duty to the facility and cannot serve as a guardian of the person or the estate, or hold durable power of attorney for any resident of a facility of which they are an administrator.

(e) Administrators must post their license or certificate in a conspicuous location where it is easily visible by residents, clients, family members, and guardians.

[Source: Transferred from 490:10-13-1 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-51. Administrator responsibilities

(a) The long-term care administrator will manage the planning, organization, direction, and control of the day-to-day functions of the facility in which they are the licensed administrator. The administrator must comply with laws, rules, and regulations related to the management of the facility.

(b) Long-term care administrators licensed by the Department shall not concurrently serve as the administrator-of-record (AOR) of more than one

long-term care facility except as otherwise permitted in this Chapter. A licensed long-term care administrator may serve as the administrator of more than one intermediate care facility for individuals with intellectual disabilities with sixteen or fewer beds (ICF/IID-16), only if such facilities are located within a circle that has a radius of not more than fifteen (15) miles, and the total number of facilities and beds does not exceed the lesser of six (6) facilities or total licensed capacity of sixty-four (64) beds. A Long-Term Care Administrator may not concurrently serve as the Director of Nursing (DON) of a facility while serving as the facility's AOR.

(c) Tier 2 RCAL Administrators are limited to serving concurrently as AOR of two (2) Assisted Living Facilities. The facilities must be located within sixty (60) miles of each other and have less than one hundred and thirty (130) occupied beds.

(d) Tier 1 Administrators may concurrently serve as the AOR of a SNF/NF and one other facility (Assisted Living, Residential Care or Adult Day Care) if the two facilities have the same owner, the facilities are within 15 miles, and the number of occupied beds (or occupied beds and participants) does not exceed 130.

(e) Every licensed or certified administrator and assistant administrator designated as the "Administrator-of-Record" (AOR) shall display the license or certificate in a conspicuous place.

(f) Licensed/certified administrators shall update their information with the Department within fifteen (15) calendar days for each of the following:

- (1) Name change;
- (2) Business address change;
- (3) Personal address change;
- (4) Change in employment status; and/or
- (5) Change of employer.

(g) Legal proof of a name change will be required prior to a replacement document being issued with the new name.

(h) Administrators may not contact any individual currently residing in a long-term care facility, or the family or guardian of an individual currently residing in a long-term care facility, for the purpose of persuading a move by the resident to another long-term care facility.

(i) An administrator shall not engage in or allow an employee to engage in the coercion or harassment to solicit clients for a long-term care facility.

(j) Administrators and administrator applicants must:

- (1) Respond to requests for information made by the Department, other governmental agencies with authority, or a designated representative thereof;
- (2) Be truthful in all responses to inquiries by the Department, other governmental agencies with authority, or a designated representative thereof; and
- (3) Disclose all facts and information necessary for all matters under investigation.

(k) All administrators and CAAs must register with the NAB CE Registry.

[Source: Transferred from 490:10-13-2 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-10-52. Serving as the Administrator-of-Record for two (2) or more licensed long-term care (nursing) facilities employing Certified Assistant Administrators

(a) The Administrator-of-Record must ensure all minimum requirements for individuals wishing to serve as a Certified Assistant Administrator (CAA) in this rule and the Nursing Home Care Act (see Title 63, Section 1-1943.1) are met prior to the delegation of duties and responsibilities to the CAA.

(b) The Administrator-of-Record shall delegate authority and responsibility to the CAA for all operational aspects of the facility for which they will be responsible.

(c) The Administrator-of-Record shall maintain a clear formal job description for the CAA, which will include duties and responsibilities.

(d) The Administrator-of-Record shall provide supervision, training and direction, and delegate duties and responsibilities which may safely be performed by the CAA.

(e) The licensed Administrator-of-Record, is legally responsible for the management and operation of the facility and shall maintain sufficient on-site presence in the facility to effectively supervise the CAA.

(f) The Administrator-of-Record shall ensure the CAA does not concurrently serve as CAA of more than one (1) long-term care facility.

(g) The Administrator-of-Record shall spend at least ten (10) hours per calendar week on-site in the facility, providing guidance and direction to the CAA. On-site supervisory visits shall not be more than ten (10) calendar days apart.

(h) Residents and their family members or guardian must be provided a policy on who can be called when the Administrator of Record is absent from the facility. At a minimum, the policy should include when and how this contact can be made.

(i) The Administrator-of-Record may not delegate any responsibilities or duties required by State or Federal law, statute, rule or regulation that are required to be performed by a licensed Administrator.

(j) The Administrator of Record must not allow individuals to serve as a CAA if:

- (1) They hold a license or certificate that has been suspended, revoked, or otherwise restricted by the Department; and/or
- (2) The license or certificate holder has been sanctioned or formally excluded from participation in federally-funded health programs by the U.S. Department of Health and Human Services (DHHS) or the Office of Inspector General (OIG).

(k) The Administrator-of-record shall ensure that no individual serves as a CAA if the facility at which the Assistant Administrator is to serve is not one of two-or-more facilities at which the Administrator serves as the Administrator-of-Record, that have a total bed complement not to exceed one-hundred-twenty (120) occupied beds and that are located with a fifty (50) mile radius of each other.

SUBCHAPTER 15. LONG-TERM CARE CERTIFIED ASSISTANT ADMINISTRATORS

PART 1. CERTIFICATION OF LONG-TERM CARE ASSISTANT ADMINISTRATORS

310:679-15-1. Purpose [REVOKED]

[Source: Transferred from 490:10-15-1 by HB 2824 (2023), eff 11-1-23; Revoked at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-15-2. Definitions [REVOKED]

[Source: Transferred from 490:10-15-2 by HB 2824 (2023), eff 11-1-23]; Revoked at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-15-3. Minimum qualifications for a Certified Assistant Administrator (CAA)

In addition to the general requirements for administrators , each applicant seeking certification as a CAA must provide evidence satisfactory to the Department to include:

- (1) High school diploma or G.E.D.;
- (2) Successful completion of Department-approved training, within 24 months prior to certification;
- (3) A passing score on the applicable Oklahoma State Standards examination;
- (4) A passing score on the NAB Core examination ; and
 - (A) One (1) year of current management, leadership or supervisory experience in a long-term care facility; OR
 - (B) Completion of a Department-approved Administrator in Training (AIT) program.

[Source: Transferred from 490:10-15-3 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-15-3.1. Evidence requirements

To satisfy the requirement for evidence indicating experience, the CAA applicant may submit a declaration in the form of a letter on company letterhead, signed by a licensed administrator, medical director, director of nursing, or registered nurse of a long-term care facility attesting to the number of employees and length of time the applicant supervised.

[Source: Transferred from 490:10-15-3.1 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-15-4. Certified Assistant Administrator Scope of Practice

(a) A Certified Assistant Administrator (CAA) under the supervision and direction of a licensed Administrator-of-Record may have the responsibility to plan, organize, direct, and control day-to-day functions of a facility delegated to him and to maintain the facility's compliance with applicable laws, rules, and regulations during the absence of the licensed administrator.

(b)

A CAA:

- (1) May serve at only one (1) nursing facility at a time;
- (2) Must spend at least 80% of working time on-site at the facility;
- (3) Must equitably distribute on-site time throughout each calendar week at the facility;
- (4) Place emphasis on weekdays, Monday through Friday, between 9:00 a.m. and 5:00 p.m. for on- site hours.

[Source: Transferred from 490:10-15-4 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

PART 3. APPLICATION FOR CERTIFICATION AND REQUIREMENTS FOR CONTINUED ELIGIBILITY

310:679-15-8. Application process

CAA applicants must complete required training, fill out the online application completely and correctly, upload required documentation, and pay the applicable application fee.

[Source: Transferred from 490:15-3-1 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-15-9. Approval process [REVOKED]

[Source: Transferred from 490:15-3-2 by HB 2824 (2023), eff 11-1-23; Revoked at 41 Ok Reg, Number 22, effective 8-11-24]

310:679-15-10. Requirements for certified assistant administrators

(a) A certified assistant administrator is required to renew their certification annually during the annual renewal period

(b) CAAs who are not working as certified assistant administrators must complete the minimum annual CEU requirements to remain qualified and to renew their certification.

[Source: Transferred from 490:15-3-3 by HB 2824 (2023), eff 11-1-23; Amended at 41 Ok Reg, Number 22, effective 8-11-24]

CHAPTER 680. RESIDENTIAL CARE HOMES

[Authority: 63 O.S., §§ 1-104 and 1-819 et seq.]

[Source: Codified 12-31-91]

SUBCHAPTER 1. GENERAL PROVISIONS

310:680-1-1. Purpose

These Standards and Regulations are promulgated as provided for by the Residential Care Act, 63 O.S. Section 1-820 through 1-840 to establish the minimum criteria for the issuance or renewal of a residential care home license. In addition, these standards and regulations provide the criteria which will be used in enforcing the provision of the Act as necessary to protect the health, safety and welfare of the residents and to assure respect for their rights, dignity and comfort.

310:680-1-2. Definitions

When used in this Chapter the following words or terms shall have the following meaning unless the context of the sentence requires another meaning.

"Abuse" means any intentional or negligent act or omission, directly and proximately resulting in physical or mental injury to a resident of a facility.

"Access" means the right of a person to enter a home to communicate privately and without unreasonable restriction.

"Administration" means the removing of a single dose of medication from a labeled container and preparing that dose for distribution.

"Administrator" means the person who is in charge of a home and denotes one-third (1/3) of his/her full working time to on-the-job supervision of such home.

"Ambulatory" means any resident who is capable of self-movement, including in and out of wheelchairs, to all areas of the home.

"Department" means the State Department of Health.

"Dispensing" means transferring one or more doses of medication from one labeled container to another labeled container.

"Habilitation" means procedures and interventions designed to assist a mentally ill, drug dependent or alcohol-dependent person eighteen (18) years of age or older to achieve greater physical, mental and social development by enhancing the well-being of the person and teaching skills which increase the possibility that the resident will make progressively independent and responsible decisions about social behavior, quality of life, job satisfaction and personal relationships.

"Home" means residential care home.

"Institution of higher learning" means an institution which provides post-secondary school programs.

"Licensee" means a person, corporation, partnership, or association who is the owner of a home which is licensed pursuant to the

provisions of the Residential Care Act.

"Maintenance" means meals, shelter, and laundry services.

"Medication" means a prescription drug or an over-the-counter drug prescribed by a person licensed to prescribe.

"Monitor" means watch, observe, check and keep track of for a special purpose.

"Neglect" means any act of omission or commission by any owner, operator, administrator, licensee or any agent, servant, employee or other person under the employment, supervision or control of any one or more of the owners, operators or administrators, and which act is a direct and proximate cause of any physical or mental injury to a resident.

"Owner" means a person, corporation, partnership, association or other entity which owns a home or leases a home. The person or entity who stands to profit or lose as a result of the financial success or failure of the operation shall be presumed to be the owner of the homes.

"Personal care" means assistance with meals, dressing, movement, bathing, or other personal needs or maintenance or general supervision of the physical and mental well-being of a person who is capable of maintaining a private, independent residence, or who is incapable of managing his person whether or not a guardian has been appointed for such person.

"Representative of a resident" means a court-appointed guardian, or if there is no court-appointed guardian, the parent of a minor, a relative or other person designated in writing by the resident. An owner, agent, or employee of a home shall not be a representative of a resident unless such person is appointed by the court.

"Residential Care Home" means

(A) Any establishment or institution other than a hotel motel, fraternity or sorority house, or college or university dormitory which offers or provides residential accommodations, food service and supportive assistance to any of its residents or houses any resident requiring supportive assistance who are not related to the owner or administrator of the home by blood or marriage. Said residents shall be ambulatory and essentially capable of managing their own affairs, but do not routinely require skilled nursing care or intermediate care.

(B) Transitional Living facility and halfway houses are defined in section 3-403 of Title 43A of Oklahoma Statutes.

(C) A residential care home may consist of a series of units or buildings which are not connected or part of the same structure if:

(i) Such buildings or units are owned by the same owner or operator.

(ii) All residents of the units or buildings are fully capable of ambulation to and from buildings or units.

(iii) The location and construction of the building or units ensure the health, safety and protection from fire hazards and other hazards and provide for the convenience and accessibility of the residents to

each residential building or unit.

(iv) Any out-of-doors premise or thoroughfare is adequately maintained to ensure the health and safety of the residents.

(v) The building or units are within one hundred seventy-five (175) feet of the building housing the main kitchen and dining room.

(vi) The units or buildings must be located in the most convenient and accessible location for residents.

"Residential Care Certification" means a program in a residential care home certified by and contracted with the Department of Mental Health to provide specialized services to residents who are mentally ill.

"Self-administration" means the administration of resident's medication by the resident with periodic staff review.

"Supportive assistance" means the service rendered to any person which is sufficient to enable the person to meet an adequate level of daily living. Supportive assistance includes but is not limited to housekeeping, assistance in the preparation of meals, assistance in the safe storage, distribution and administration of medications, and assistance in personal care as is necessary for the health and comfort of such person. The term "supportive assistance" shall not be interpreted or applied so as to prohibit the participation of residents in housekeeping or meal preparation tasks as a part of the written treatment plan for the training, habilitation or rehabilitation of the resident prepared with the participation of the resident, the mental health or drug or alcohol services case manager assigned to the resident and the administrator of the facility, or his designee. Supportive assistance shall not include medical service.

"Transfer" means a change in location of living arrangements of a resident from one home to another home.

[Source: Amended at 18 Ok Reg 2550, eff 6-25-01]

310:680-1-3. Purpose, authority and indoor tobacco smoke

(a) The purpose of this section is to establish a prevention program for several non-communicable diseases, which will improve the health of Oklahomans by eliminating exposure to secondhand tobacco smoke and its deadly effects. This section abates the public health nuisance of secondhand smoke under the authority of the Commissioner of Health as specified under Section 1-106(b)(1) of Title 63 of the Oklahoma Statutes. This section also further specifies how compliance with the Smoking in Public Places Act will be accomplished. [63 O.S. §§ 1-1521 *et seq.*]

(b) The Commissioner of Health has conducted a study and is recommending these measures to the Board of Health under his authority as stated in section 1-106 of the Public Health Code. [63 O.S. § 1-106] The Board has the authority to establish prevention programs for non-communicable disease and to promulgate rules for the control of causative or toxic substances, which can cause disease under section 1-

502b of the Public Health Code. [63 O.S. § 1-502b] The Board is adopting this rule under its authority in sections 1-104 and 1-1526 of Title 63 of the Oklahoma Statutes. [63 O.S. §§ 1-104 & 1-1526]

(c) Smoking or possessing a lighted tobacco product is prohibited in a home and within fifteen (15) feet of each entrance to a home and of any air intakes; provided however, the home may provide a smoking room not available to the public for use by residents.

(d) An indoor smoking room may be provided if:

(1) It is completely enclosed;

(2) It is exhausted directly to the outside and maintained under negative pressure sufficient to prevent any tobacco smoke from entering non-smoking areas of the building;

(3) It allows for visual observation of the residents from outside of the smoking room; and

(4) The plans are reviewed and approved by the Department.

(e) To enable better observation and supervision of residents who wish to smoke outside, a facility may designate a smoking area outside an entrance other than the main entrance which may be closer than fifteen (15) feet to the entrance providing consideration is given to minimizing the possibility of smoke entering the building.

(f) The walkway to the main entrance shall also be smoke free.

(g) No ashtray shall be located closer than fifteen (15) feet to an entrance, except in an indoor smoking room or a designated outdoor smoking area under paragraph "c" above.

(h) Should construction requirements not be in agreement with this rule, the stricter rule shall apply.

(i) The facility's tobacco use policy shall be clearly posted near the main entrance, and prospective residents or their legal representatives shall be notified of the policy prior to the residents' acceptance for admission.

[Source: Added at 19 Ok Reg 2119, eff 7-1-02]

SUBCHAPTER 3. LICENSURE REQUIREMENTS

310:680-3-1. License required

(a) It shall be unlawful for any person or organization to operate a residential care home without first obtaining a license from the Oklahoma State Department of Health.

(b) All licenses shall be on a form prescribed by the Commissioner of Health. The license may be issued only for the premises named in the license application and shall not be transferable or assignable.

310:680-3-2. Licenses

(a) **Regular license.** A regular license is valid for 36 months from date of issue. A license may be issued upon receipt of completed application, payment of license fee, and verification by the Department that the home is in compliance with this Chapter and the Act. A nonrefundable \$75 fee must be included with a regular license application. [63 O.S. § 1-822(A)]

(b) **Renewal license.** *Renewal licenses may be issued for a period of more than twenty-four (24) months, but not more than thirty-six (36) months, for the license period immediately following November 1, 2021, in order to permit an equitable distribution of license expiration dates.*

[63 O.S. § 1-822(A)] Thereafter, all renewal licenses will be for 36 months. A nonrefundable fee of \$25 per year for the renewal license must be included with the renewal application. [63 O.S. § 1-822(A)].

(c) **Probationary license.** Before an applicant is eligible to apply for a regular license, it must first apply and receive a probationary license. A probationary license shall be valid for one hundred twenty (120) days unless sooner suspended or revoked by the Department. A nonrefundable \$50 fee must be included with a probationary license application. [63 O.S. § 1-822(A)]. Prior to issuance of a probationary license, the Department shall:

(1) Ascertain whether or not the applicant is qualified to be licensed.

(2) Inspect the home and inform the applicant of any condition which requires correction prior to issuance of a license. If the home is a new home, the Department shall also inform the applicant of any conditions which require correction prior to acceptance of residents into the home.

(3) If the home is an existing home whose ownership is being transferred, the probationary license issued to the transferee, in addition to any corrections required as a result of the inspection, shall be subject to any plan of correction submitted by the previous owner and approved by the Department.

(d) **Conditional license.**

(1) If the Department finds that a residential care home is in violation of the Residential Care Act or this Chapter, then it may revoke the residential care home's regular license and issue it a conditional license. There is no fee associated with this change in license status.

(2) Prior to the issuance of a conditional license, the Department shall review and approve a written plan of correction. The Department shall specify the violations which prevent full licensure and shall establish a time schedule for correction of the violation. Written notice of the decision to issue a conditional license shall be sent to the residential care home, together with the proposed plan of correction. The notice shall inform the home of the right to an informal conference prior to issuance of the conditional license, and its right to a full hearing.

(3) A conditional license shall be issued for a period specified by the Department, but in no event for more than one (1) year.

(4) The Department shall periodically, but not less than semiannually, inspect any home operating under a conditional license. If the Department finds substantial failure by the residential care home to follow the plan of correction, the conditional license may be revoked.

(5) If the Department determines that a conditional license shall expire without renewal or replacement of the conditional license by a regular license, the Department shall notify the licensee at

least thirty (30) days prior to expiration of the license. The licensee is entitled to a hearing if requested prior to expiration of the conditional license.

[Source: Amended at 39 Ok Reg 1394, eff 9-11-22]

310:680-3-3. Applications

(a) An applicant for probationary license, regular license or renewal thereof to operate a residential care home shall submit to the Department a completed application along with the appropriate fee, and documents required by the Commissioner to determine that the applicant is of reputable and responsible character and otherwise demonstrates the skill and fitness to provide the necessary services. In addition, the applicant shall have appropriate business or professional experience in dealing with the type of residents in the home.

(b) A license fee of twenty dollars (\$20.00) shall accompany any application for modification of a license.

(c) An application for license, or renewal, shall include a copy of all agreements with the professional consultants utilized by the home.

(d) An application for an initial license to operate a residential care home shall include documentation that the State Fire Marshal or the State Fire Marshal's representative has inspected and approved the home. Each application for renewal of a license for a residential care home with more than six beds shall include documentation of annual inspection and approval by the State Fire Marshal or the State Fire Marshal's representative.

(e) The following items must be renewed annually:

(1) An agreement with a physician, physician assistant or advanced practice registered nurse to provide clinical consultation.

(2) Agreements with registered nurse, registered dietitian, and registered pharmacist, as required based on the needs of the residents.

(3) Licensed plumber or building inspector's report.

(4) Licensed electrician or municipal inspector's report.

(f) *Each initial application shall be accompanied by a statement from the unit of local government having zoning jurisdiction over the location of the home stating that the location is not in violation of a zoning ordinance.* [63:1-822(C)]

(g) Each application shall be accompanied by an attested statement from the applicant assuring that the applicant complies with 63 O.S. Section 1-822(D). If the applicant is a firm, partnership or corporation, the application shall include an attested statement from each member of the firm or partnership and from each officer and major stockholder of the corporation.

[Source: Amended at 17 Ok Reg 2074, eff 6-12-00 ; Amended at 18 Ok Reg 2550, eff 6-25-01 ; Amended at 34 Ok Reg 1314, eff 10-1-17 ; Amended at 39 Ok Reg 1394, eff 9-11-22]

310:680-3-4. Inspections

- (a) Each residential care home shall be periodically inspected by a duly appointed representative of the Department.
- (b) The Department shall at least three times a year and whenever it deems necessary inspect, survey, and evaluate each home to determine compliance with applicable licensure and certification requirements and standards. The annual inspection shall occur within one hundred twenty (120) days prior to license renewal.
- (c) Any inspection, investigation, survey or evaluation may be conducted without prior notice to the home. At least one inspection per home shall be unannounced. Any licensee or applicant for a license shall be deemed to have given consent to any duly authorized employee or agent of the Department to enter and inspect the home in accordance with the provisions of the Residential Care Act. Refusal to permit such entry or inspection may constitute grounds for the denial, nonrenewal, suspension, or revocation of a license.
- (d) A notice of violation shall be sent to any residential care home when violations are cited as a result of an inspection. The home has ten (10) days after receipt of the notice of violation in which to prepare and submit a plan of correction. The plan of correction shall include a fixed time period not in excess of thirty (30) calendar days, within which the violations are to be corrected. An additional thirty days may be requested and approved by the Department.

310:680-3-5. Sanctions

- (a) The Department may deny, refuse, suspend, or refuse to renew a license to a residential care home on the following grounds:
 - (1) Failure to meet the provisions of the standards, rules, or regulations for licensure or the provisions of the Residential Care Act.
 - (2) The residential care home has a history of noncompliance or incomplete or partial compliance with the provisions of the Residential Care Act, or the standards, rules, or regulations, or other evidence which demonstrates that the applicant or licensee is unlikely to manage or operate a home or to provide appropriate services to the residents of the home.
 - (3) The applicant has insufficient financial or other resources to the extent that the applicant or licensee is incapable of assuring or providing adequate services to the residents of the home.
 - (4) An applicant, licensee administrator or operator has been convicted of a misdemeanor or felony in connection with the management or operation of a home or facility, or the care and treatment of a resident of a residential care home or other long term care facility.
 - (5) The applicant or licensee has permitted, aided, or abetted the commission of an illegal act in connection with the management or operation of a home or the care of treatment of a resident of a home.
 - (6) Failure to make corrections of violations as required in a plan of correction submitted by the home.

(b) The Department may issue a conditional license to any residential care home that violations exist. The issuance of a conditional license shall revoke any license held by the home.

(c) The Department may initiate an emergency transfer of residents in any home where an immediate health or safety hazard exists.

(d) The Department may petition the court to place the home under the control of a receiver to ensure that the residents receive adequate care if the Commissioner determines that proper cause exists. Whatever steps necessary shall be taken to protect the health, welfare, and safety of the residents.

(e) Any person who has been determined by the Department to have violated any provisions of the Residential Care Act or any rule, regulation, or order issued pursuant to the provisions of the Residential Care Act may be liable for a civil penalty of not more than one hundred dollars (\$100.00) for each day that the violation continues. The maximum civil penalty shall be ten thousand dollars (\$10,000.00) for any related series of violations.

(f) The Attorney General or the district attorney of the appropriate district court of Oklahoma may bring an action in a court of competent jurisdiction for the prosecution of a violation by any person of a provision of the Residential Care Act or any rule, regulation, or order issued pursuant to the Residential Care Act.

(g) Enforcement of any action for equitable relief to redress or restrain a violation by any person of a provision of the Residential Care Act or for an injunction or recovery of any administrative or civil penalty assessed pursuant to the Residential Care Act may be brought by:

(1) the district attorney of the appropriate court of the State of Oklahoma.

(2) the Attorney General on behalf of the State of Oklahoma in the appropriate district court of the State of Oklahoma; or

(3) the Department on behalf of the State of Oklahoma in the appropriate district court of the State of Oklahoma, or as otherwise authorized by law.

(h) The court has jurisdiction to determine said action, and to grant the necessary or appropriate relief, including but not limited to mandatory or prohibitive injunctive relief, interim equitable relief, and punitive damages.

[Source: Amended at 17 Ok Reg 2074, eff 6-12-00]

310:680-3-6. Records and reports

(a) Every residential care home shall conspicuously post in an area of its offices accessible to residents, employees, and visitors, the following:

(1) Its current license.

(2) The name of the current administrator and their license posted.

(3) A copy of Residents' Rights.

(4) Complaint procedure, established by the Nursing Home Care Act and provided by the Department which includes name, address, and telephone number of a person within the

Department who is authorized to receive complaints.

(5) A copy of any order pertaining to the home issued by the Department or a court, which is currently in effect.

(b) Every residential care home shall retain the following for public inspection:

(1) A complete copy of every inspection report of the residential care home received from the Department during the past three (3) years.

(2) A copy of every order pertaining to the residential care home issued by the Department or a court during the past three (3) years.

(3) A description of the services provided by the residential care home, the rates charged for those services, and items for which a resident may be separately charged.

(4) A copy of the statement of ownership.

(5) A list of personnel who are licensed, certified, or registered and employed or retained by the residential care home, including area in which individual is credentialed.

(c) Reports of communicable disease shall be made in accordance with 63 O.S. Section 1-501, et seq.

(d) The Department shall be notified of all incidents pertaining to fire, storm damage, death other than natural, residents missing, or utility failure for more than eight (8) hours. The home shall report to the Department incidents that result in: fractures, injury requiring treatment at a hospital, a physician's diagnosis of closed head injury or concussion, or head injuries that require more than first aid. Notice shall be made no later than the next working day. In lieu of making incident reports during an emergency response to a natural or man-made disaster, the home may coordinate its communications, status reports and assistance requests through the home's local emergency response coordinator, and file a final report with the Department within ten (10) days after conclusion of the emergency response.

(e) An evacuation plan shall be developed and permanently displayed in the hallways and sitting room. Fire drills shall be conducted at least quarterly.

(f) The home shall have a written plan for temporary living arrangements in case of fire, climatic conditions that warrant evacuation and/or other natural disasters that may render the home unsuitable.

[Source: Amended at 27 Ok Reg 2548, eff 7-25-10 ; Amended at 34 Ok Reg 1314, eff 10-1-17]

310:680-3-7. Resident records

(a) All current documents which relate to the residents must be kept in the residential care home. Other records may be kept in the central business office or other location, but must be made available upon request by the Department.

(b) Every resident record shall be written in ink and include as a minimum, the following information:

(1) Resident's name.

(2) Date of Birth.

- (3) Person to contact in case of emergency.
- (4) Written authorization for emergency medical/dental services signed by the resident or responsible party.
- (5) Medical summary to include quarterly weight of resident, medications, and dosages.
- (6) The name, address, and telephone numbers of resident's physician and dentist.
- (7) A record of the resident's illnesses, accidents, and unusual occurrence while a resident of the home.
- (8) The legal status of the resident.
- (9) An accounting of the resident's funds received and/or distributed by the residential care home.
- (c) All persons having access to the records shall strictly adhere to confidentiality of records.
- (d) Resident records shall be maintained in a lockable container or a specific lockable area.
- (e) Only individuals authorized by the residential care home shall have access to resident records.

310:680-3-8. Residents' council

- (a) Each residential care home shall establish a residents' advisory council. The administrator shall designate a member of the residential care home staff to coordinate the establishment of and render assistance to the council. No employee or affiliate of the home shall be a member of the council.
- (b) The council shall consist of not less than 10 people or 50% of the residents or residents' family.
- (c) The council shall meet at least monthly.
- (d) A staff member shall assist in preparing a report of each meeting and make a copy available to the residents, the administrator, and staff.
- (e) Reports of the council meetings shall be maintained in the home.
- (f) Names of all residents attending the meeting shall be recorded in the reports.
- (g) The residents' advisory council shall be a forum for:
 - (1) Obtaining and disseminating information.
 - (2) Soliciting and adopting recommendations for residential care home programming and improvements and to strengthen the home's policies and procedures as they affect residents' rights and home responsibilities.
 - (3) The residents' advisory council may present complaints on behalf of a resident to the Department.

310:680-3-9. Complaints

- (a) **Complaints to the residential care home.** The home shall make available to each resident or the resident's representative a copy of the home's complaint procedure. The home shall ensure that all employees comply with the home's complaint procedure. The home's complaint procedure shall include at least the following requirements.
 - (1) The home shall list in its procedures and shall require to be posted in a conspicuous place outside the administrator's office

area the following information:

(A) The names, addresses and telephone numbers of staff persons designated to receive complaints for the home;

(B) Notice that a good faith complaint made against the home shall not result in reprisal against the person making the complaint; and

(C) Notice that any person with a complaint is encouraged to attempt to resolve the complaint with the home's designated complaint staff, but that the person may submit a complaint to the Department without prior notice to the home.

(2) If a resident, resident's representative or home employee submits to the administrator or designated complaint staff a written complaint concerning resident abuse, neglect or misappropriation of resident's property, the home shall comply with the Protective Services for Vulnerable Adults Act, Title 43A O.S. Sections 10-101 through 10-110.

(b) Complaints to the Department. The following requirements apply to complaints filed with the Department.

(1) The Department shall provide to each home a notice identifying the telephone number and location of the Department's central call center to which complaints may be submitted. The home shall post such notice in a conspicuous place outside the administrator's office area.

(2) Any person may submit a complaint to the Department in writing, by phone, or personally. The Department shall reduce to writing a verbal complaint received by phone or in person.

(3) If the complainant is a resident, the resident's representative, or a current employee of the home, the Department shall keep the complainant's identity confidential. For other complaints, the Department shall ask the complainants preference regarding confidentiality.

(4) The Department shall receive and triage complaints at a central call center. The complaints shall be classified and investigated according to the following priorities:

(A) A complaint alleging a situation in which the home's noncompliance with state requirements relating to residential care homes has caused or is likely to cause serious injury, harm, impairment or death to a resident shall be classified as immediate jeopardy and shall be investigated by the Department within two (2) working days;

(B) A complaint alleging minimal harm or more than minimal harm to a resident but less than an immediate jeopardy situation shall be classified as actual harm and shall be investigated by the Department within ten (10) working days; and

(C) A complaint alleging other than immediate jeopardy or actual harm shall be scheduled for an onsite survey and investigated during the next onsite survey or sooner if deemed necessary by the Department; and

(D) A complaint alleging a violation that caused no actual harm but the potential for more than minimal harm to a resident, that repeats a violation cited by the Department within the preceding twelve (12) months, and that is alleged to have occurred after the Department determined the facility corrected the previous violation, shall be classified as continuing and investigated the earlier of the next onsite survey or ninety (90) calendar days.

(5) In addition to scheduling investigations as provided in paragraph (4) of this subsection, the Department shall take necessary immediate action to remedy a situation that alleges a violation of the Residential Care Act or any rules promulgated under authority of the Act if that situation represents a serious threat to the health, safety and welfare of a resident.

(6) In investigating complaints, the Department shall:

(A) Protect the identity of the complainant if a current or past resident or resident's representative or designated guardian or a current or past employee of the home by conforming to the following:

(i) The investigator shall select at least three (3) records for review, including the record of the resident identified in the complaint. The three records shall be selected based on residents with similar circumstances as detailed in the complaint if possible. All three (3) records shall be reviewed to determine whether the complaint is substantiated and if the alleged deficient practice exists; and

(ii) The investigator shall interview or observe at least three (3) residents during the home observation or tour, which will include the resident referenced in the complaint if identified and available in the home. If no resident is identified, then the observations used of the three residents shall be used to assist in either substantiating or refuting the complaint;

(B) Review surveys completed within the last survey cycle to identify tendencies or patterns of non-compliance by the home;

(C) Attempt to contact the State or Local Ombudsman and the complainant, if identified, prior to the survey; and

(D) Interview the complainant, the resident, if possible, and any potential witness, collateral resource or affected resident.

(7) The Department shall limit the complaint report to the formal report of complaint investigation. The formal report of complaint investigation shall be issued to the home and the complainant, if requested, within ten (10) business days after completion of the investigation. The formal report of investigation shall include at least the following:

(A) Nature of the allegation(s);

- (B) Written findings;
- (C) Deficiencies, if any, related to the complaint investigation;
- (D) Warning notice, if any;
- (E) Correction order, if any; and
- (F) Other relevant information.

[Source: Amended at 18 Ok Reg 2550, eff 6-25-01 ; Amended at 34 Ok Reg 1314, eff 10-1-17]

310:680-3-10. Abuse or neglect

- (a) The residential care home shall have a written policy statement that expressly prohibits the abuse or neglect of the individuals it serves. The policy shall include the home's investigative procedures and actions to be taken when incidents of abuse or neglect occur.
- (b) Any individual who becomes aware of abuse or neglect of a resident shall report the matter immediately to the Department and comply with other reporting requirements provided in O.S. Title 43A section 10-104.
- (c) The administrator of the residential care home who becomes aware of abuse or neglect of a resident shall immediately act to rectify the problem and shall make a report of the incident and its correction to the Department.
- (d) The residential care home shall provide staff training in the identification of abuse and neglect, and the home's policies and procedures concerning the same. Verification of the provision of the training shall be written, signed by staff attending, and retained in the personnel files.

310:680-3-11. Transfer of ownership

- (a) Whenever ownership of a residential care home is transferred from the person named in the application to another person or entity, who does not have a current license for the home, the transferee must obtain a probationary license.
- (b) The transferee shall notify the Department of the transfer and apply for a license no less than thirty days prior to final transfer.
- (c) The transferor shall notify the Department of the transfer no less than thirty (30) days prior to final transfer and shall remain responsible for the operation of the home until such time as a probationary license is issued to the transferee. The transferor shall remain liable for all penalties assessed which are imposed for violations occurring prior to transfer of ownership.

310:680-3-12. Voluntary closing

- (a) Any owner of a residential care home shall give ninety (90) days' notice to the residents and the Department prior to voluntarily closing a home or closing any part of a home if the closing will require the transfer or discharge of more than ten percent (10%) of the residents. The notice shall include the proposed date of closing and the reason for closing.
- (b) The home shall offer to assist the resident in securing alternate placement.

(c) The Department shall be notified if there is need for relocation assistance.

310:680-3-13. Temporary Managers

The provisions of OAC 310:675-15 shall apply to the qualification and selection of a temporary manager, except that the temporary manager shall be or employ a residential care home administrator.

[Source: Added at 18 Ok Reg 2550, eff 6-25-01]

310:680-3-14. Appropriate occupancy

The residents of a residential care home shall be ambulatory and essentially capable of participating in their own activities of daily living, but shall not routinely require nursing services [63 O.S. Section 1-820(a)]. The resident may receive nursing services that an individual otherwise may receive in their private home provided by an individual or agency qualified under state or federal law.

SUBCHAPTER 5. CONSTRUCTION REQUIREMENTS AND PHYSICAL PLANT

310:680-5-1. General criteria

Residential care homes must meet or exceed the following requirements:

- (1) Plans for construction or remodeling must be submitted to the Department for review and approval prior to the start of construction.
- (2) Mobile homes shall not be approved.
- (3) The residential care home shall be constructed or remodeled to provide an adequate living arrangement for residents.
- (4) On and after the effective date of this subsection, each residential care home that undergoes design changes or construction and each newly licensed residential care home shall be designed and constructed in conformity with requirements for accessibility to physically disabled persons as specified in Chapter 11 of the International Building Code, 2003 Edition, published by the International Code Council.
- (5) Any first-time residential care home shall have a minimum of fifty (50) square feet of outside yard space for each licensed bed up to 100 beds (5,000 sq. ft.) For each additional licensed bed, a minimum of twenty-five (25) square feet shall be provided.
- (6) A multiple building residential care home shall be considered as a unit and be subject to the provisions of these regulations as if the home was a single building. Each building of a multiple building unit shall be no more than 175 feet from the building housing the kitchen and dining room.

- (7) All first-time licensed homes shall have seating capacity at dining room tables for the number of licensed beds.
- (8) Each residential care home shall maintain sufficient equipment and furnishings to provide for the needs of all residents.
- (9) Each residential care home shall be maintained in good repair for operation and appearance.
- (10) Each residential care home shall be free from safety hazards.

[Source: Amended at 21 Ok Reg 2809, eff 7-12-04]

310:680-5-2. Plumbing and electrical systems

- (a) Electrical, heating, and plumbing facilities must be certified by a licensed plumber, licensed electrician, or municipal building inspector as being in good working order, of safe design and installation, and meet local code requirements.
- (b) Water shall be from a public water supply or meet the standards of a public water supply.
- (c) Fuel-fire and water heaters must be vented to the outside and have adequate combustion air. They shall not be installed in habitable areas and must be enclosed. Water heaters must have pressure and temperature relief valves. Water heaters and surrounding areas must be kept clean.

310:680-5-3. Heating, cooling and ventilating systems

- (a) Heating systems shall maintain temperatures of not less than 65° Fahrenheit and shall be operating efficiently and in good repair. Open faced, unvented combustion heaters and electrical heaters with exposed heating elements shall not be used.
- (b) Refrigerated air conditioning shall be provided to each resident's room. Refrigerated air conditioning units and vents shall be kept clean and in good repair.
- (c) Ventilation must be provided and the air shall be circulated to assure an environment that will not jeopardize the health and/or safety of the resident.
- (d) Maximum temperature in all areas occupied by residents shall not exceed 85° Fahrenheit, unless authorized or recommended by a physician.

[Source: Amended at 17 Ok Reg 425, eff 11-1-99 (emergency); Amended at 17 Ok Reg 2074, eff 6-12-00]

310:680-5-4. Location

- (a) Each residential care home shall be conveniently located to the following services:
 - (1) Safe water supply that complies with rules and regulations adopted by the Board of Health.
 - (2) Sanitary sewage disposal system that complies with rules and regulations adopted by the Board of Health.
 - (3) Sanitary garbage disposal.
 - (4) Electrical services.

- (b) The residential care home shall be located in an area where the local fire department will respond to emergencies
- (c) The residential care home shall be located adjacent to an all-weather road.
- (d) The residential care home shall be located on property that meets the requirements of local zoning regulations. A letter of approval from the zoning authority shall be submitted to the Department.

310:680-5-5. Fire safety

Each residential care home shall provide documentation that the State Fire Marshal or the State Fire Marshal's representative has inspected and approved the home prior to issuance of an initial license. Each residential care home with more than six beds shall provide documentation of annual inspection and approval prior to issuance of a license renewal.

310:680-5-6. Building elements

- (a) Each residential care home shall have its address clearly visible from the street.
- (b) At least two (2) flashlights in working order shall be maintained for emergency lighting.
- (c) All doors and windows opening to the outside for ventilation shall be screened. Screens shall be well fitted and in good repair.
- (d) Adequate enclosed secure storage space shall be provided for items belonging to residents.
- (e) Each residential care home shall have one toilet facility for every six (6) residents. Toilet facility shall contain one (1) stool and one (1) lavatory.
- (f) Bathtubs or showers shall be provided at the rate of one (1) for each ten (10) residents.
- (g) Hot water temperatures at faucets accessible to residents shall be maintained within a range of 100° to 120° Fahrenheit.
- (h) Laundry equipment, if on premises, shall be housed in a safe, well-ventilated and clean area. Laundry equipment shall be kept clean and dryer shall be vented to outside.
- (i) Linen storage areas shall be provided and be clean and organized.
- (j) Cleaning supplies and equipment shall be stored in a separate, clean, and locked area.
- (k) Telephone service must be available within the building. Pay phones are not acceptable as the only telephone service.

[Source: Amended at 34 Ok Reg 1314, eff 10-1-17]

310:680-5-7. Resident rooms

- (a) Each resident shall be provided with clean, comfortable orderly, and reasonably private living accommodations.
- (b) Each resident's room shall have direct access to exits and other areas of the home without passing through another resident's room, the kitchen, laundry, or bathroom.

- (c) Each single resident room shall contain a minimum of 80 square feet of floor space.
- (d) Each resident room containing multiple beds shall provide a minimum of 60 square feet per bed.
- (e) Each resident room shall have at least one (1) outside operable window installed in a vertical wall which can be used as an emergency exit. However, if a home has a sprinkler system approved by the State Fire Marshall, it shall be exempt from the requirement of an outside operable window in each resident room useable as an emergency exit but shall be required to have a window. Minimum dimension of this window shall be 22 inches and the area shall be minimum of 5 square feet. Windows shall have adjustable coverings to provide privacy.
- (f) Each resident room shall have a full door which can be closed to provide privacy.
- (g) Male and female residents shall not be housed in the same or adjoining rooms which do not have a full floor-to-ceiling partition and door which can be locked, except immediate family may occupy the same room.
- (h) Each resident room shall have an electrical outlet.
- (i) Each resident room shall have a minimum of 20 foot candle power of lighting.
- (j) Unless the resident elects otherwise, each resident shall have a comfortable chair, a bedside table and a bureau or its equivalent for storing personal belongings.
- (k) When residents' personal furniture is used, it shall be clean and in good repair.
- (l) Each resident's bed shall have a comfortable mattress and bed linens which are clean and in good condition.
- (m) Clean towels and wash cloths shall be available to meet the needs of all residents. Towels and wash cloths shall be in good condition.

[Source: Amended at 9 Ok Reg 3123, eff 7-1-92 (emergency); Amended at 10 Ok Reg 1677, eff 6-1-93 ; Amended at 34 Ok Reg 1314, eff 10-1-17]

310:680-5-8. Lounge area

A clean and comfortably furnished sitting room of adequate size shall be provided for residents. Furnishings shall be in good repair.

[Source: Amended at 19 Ok Reg 2119, eff 7-1-02]

310:680-5-9. Submission of plans and specifications and related requests for services

(a) **Submission of plans.** Before construction is begun, plans and specifications covering the construction of new buildings or major alterations to existing buildings shall be submitted to the Department for review as provided in OAC 310:680-5-10 or OAC 310:680-5-11.

(1) Plans and specifications are required for the following alterations:

- (A) Changes that affect path of egress;
- (B) Change of use or occupancy;
- (C) Repurposing of spaces;

- (D) Structural modifications;
- (E) Heating, ventilation and air conditioning (HVAC) modifications;
- (F) Electrical modifications that affect the essential electrical system;
- (G) Changes that require modification or relocation of fire alarm initiation or notification devices;
- (H) Changes that require modification or relocation of any portion of the automatic fire sprinkler system;
- (I) Replacement of fixed medical equipment if the alteration requires any work noted in (A) through (H) of this paragraph;
- (J) Replacement of or modifications to any required magnetic or radiation shielding;
- (K) Changes to or addition of any egress control devices or systems.

(2) Plans and specifications are not required for the following alterations:

- (A) Painting, papering, tiling, carpeting, cabinets, counter tops and similar finish work provided that the new finishes shall meet the requirements of this Chapter;
- (B) Ordinary repairs and maintenance;
- (C) Modifications to nurse call or other signaling/communication/information technology systems provided the modifications meet the requirements of this Chapter; or
- (D) Replacement of fixed or moveable medical equipment that does not affect electrical, HVAC, or shielding requirements noted above.

(b) **Fees.** Each construction project submission shall be accompanied by the appropriate review fee based on the cost of design and construction of the project. Fees for plan and specification reviews and related Department services are as follows:

- (1) Design and construction plans and specifications fee: two one-hundredths percent (0.02%) of the cost of design and construction of the project, with a minimum fee of Fifty Dollars (\$50.00) and a maximum fee of One Thousand Dollars (\$1,000.00);
- (2) Request for exception or temporary waiver fee: Five Hundred Dollars (\$500.00);
- (3) Application for self-certification fee: Five Hundred Dollars (\$500.00);
- (4) Courtesy construction inspection fee: Five Hundred Dollars (\$500.00);
- (5) Professional consultation or technical assistance fee: Five Hundred Dollars (\$500.00) for each eight hours or major fraction thereof of staff time. For technical assistance requiring travel, the fee may be increased to include the Department's costs for travel.

(c) **Fees when greater than two (2) submittals required.** The fee for review of design and construction plans and specifications shall cover the cost of review for up to two (2) stage one and two (2) stage two submittals and one final inspection. If a stage one or stage two submittal

is not approved after two (2) submissions, another review fee shall be required with the third submittal. Fast-track projects shall be allowed two reviews for each package submitted. If a fast-track stage package is not approved after the second submittal, another review fee based on the cost of the project shall be required with the third submittal of the package.

(d) **Review process.** Design and construction plans and specifications shall be reviewed in accordance with the following process.

(1) Unless otherwise provided in this Subchapter, the Department shall have ten (10) calendar days in which to initially determine if the filed application is administratively complete

(A) Upon determining that the application is not administratively complete, the Department shall immediately notify the applicant in writing and shall indicate with reasonable specificity the inadequacies and measures necessary to complete the application. Such notification shall not require nor preclude further review of the application and further requests for specific information. If the Department fails to notify the applicant as specified in this Paragraph, the period for technical review shall begin at the close of the administrative completeness review period. Upon submission of correction of inadequacies, the Department shall have an additional ten (10) calendar days to review the application for completeness.

(B) Upon determination that the application is administratively complete, the Department shall immediately notify the applicant in writing. The period for technical review begins.

(2) The Department shall have forty-five (45) calendar days from the date a completed application is filed to review each application for technical compliance with the relevant regulations and reach a final determination.

(A) The time period for technical review is tolled (the clock stops) when the Department has asked for supplemental information and advised the applicant that the time period is tolled pending receipt.

(B) To make up for time lost in reviewing inadequate materials, a request for supplemental information may specify that up to 30 additional calendar days may be added to the deadline for technical review, unless the request for supplemental information is a second or later request that identifies new deficiencies not previously identified.

(C) Failure by an applicant to supplement an application within 90 calendar days after the request shall be deemed to be withdrawn unless the time is extended by agreement for good cause.

(D) Extensions may be made as provided by law.

310:680-5-10. Preparation of plans and specifications

(a) **Stage one.** Preliminary plans and outline specifications shall be submitted and include sufficient information for approval by the Department of the following: scope of project; project location; required fire-safety and exiting criteria; building-construction type, compartmentation showing fire and smoke barriers, bed count and services; the assignment of all spaces, areas, and rooms for each floor level, including the basement. A residential care home has the option, at its own risk, to bypass the stage one submittal and proceed directly to submittal of stage two documents.

(b) **Stage two.** A proposed construction document shall be submitted that includes final drawings and specifications adequate for proposed contract purposes. All final plans and specifications shall be appropriately sealed and signed by an architect registered by the State of Oklahoma. All construction modifications of approved documents are subject to review and approval, and shall be submitted timely.

(c) **Special submittals.**

(1) **Fast-track projects.** The fast track process applies only to stage two submittals. A stage one submittal and functional program must be approved before entering the fast track process.

(A) Equipment and built-in furnishings are to be identified in the stage one submittal.

(B) The residential care home has the option to submit two packages: civil, landscaping and structural in stage one, and the balance of the components in stage two.

(C) Fast-track projects shall have prior approval and be submitted in no more than four (4) separate packages.

(i) Site work, foundation, structural, underslab mechanical, electrical, plumbing work, and related specifications.

(ii) Complete architectural plans and specifications.

(iii) All mechanical, electrical, and plumbing plans and specifications.

(iv) Equipment and furnishings.

(2) **Radiation protection.** Any project that includes radiology or special imaging equipment used in medical diagnosis, treatment, and therapy of residents, shall include plans, specifications, and shielding criteria, prepared by a qualified medical physicist.

These plans shall be submitted and approved by the Department prior to installation of the equipment.

(d) **Floor plan scale.** Floor plans are to be submitted at a scale of one-eighth (1/8) inch equals one (1) foot, with additional clarifying documents as required.

(e) **Application form.** The submittal shall be made using a Department application form which requests information required by this Chapter and specifies the number of copies and format for document submittal.

310:680-5-11. Self-certification of plans

(a) The Department shall make available consultation and technical assistance services covering the requirements of this section to a residential care home considering self-certification of plans. The consultation and technical assistance is subject to the fees specified in OAC 310: 680-5-9, The consultation is optional and not a prerequisite for filing a request through the self-certification review process.

(b) The residential care home and the project architect or engineer may elect to request approval of design and construction plans through a self-certification review process. The residential care home and the project architect or engineer shall submit a self-certification request on a form provided by the Department, along with the review fee specified in OAC 310:680-5-9. The form shall be signed by the residential care home and the project architect or engineer attesting that the plans and specifications are based upon and comply with the requirements of this Chapter. The form shall require information necessary to demonstrate compliance with OAC 310:680-5-11(c).

(c) To be eligible for self-certification, projects must comply with the following requirements:

- (1) The project involves any portion of the residential care home where residents are intended to be examined or treated and the total cost of design and construction is two million five hundred thousand dollars (\$2,500,000) or less; or
- (2) The project involves only portions of the residential care home where residents are not intended to be examined or treated; and
- (3) The project architect or engineer attesting the application has held a license to practice architecture or engineering for at least five (5) years prior to the submittal of the application, is licensed to practice in Oklahoma; and
- (4) The residential care home owner/operator acknowledges that the Department retains the authority to:
 - (A) Perform audits of the self-certification review program and select projects at random for review;
 - (B) Review final construction documents;
 - (C) Conduct on-site inspections of the project;
 - (D) Withdraw approval based on the failure of the residential care home or project architect or engineer to comply with the requirements of this Chapter; and
- (5) The residential care home agrees to make changes required by the Department to bring the construction project into compliance with this Chapter.

(d) Within twenty-one (21) calendar days after receipt of a complete application, the Department shall approve or deny the application for self-certification and send notification to the residential care home. If the application is denied, the residential care home shall have thirty (30) calendar days to submit additional or supplemental information demonstrating that the application complies with the requirements for self-certification of plans and specifications. The Department shall have fourteen (14) calendar days after receipt of supplemental information to reconsider the initial denial and issue a final approval or denial of the

self-certification request.

(e) After denial of the application for self-certification and prior to the start of construction, the residential care home shall pay the applicable fee for plan review specified in OAC 310:680-5-9. Upon receipt of the plan review fee, the Department shall review the residential care home's plans in accordance with the process in OAC 310:680-5-9.

SUBCHAPTER 7. ENVIRONMENTAL HEALTH AND SANITARY REQUIREMENTS

310:680-7-1. Control of premises

The administrator shall have access to and authority over the entire premises. The person in charge shall be specifically designated in writing by the administrator and shall have authority to act in his/her absence and have access to the home's records if the owner or operator is not immediately available.

310:680-7-2. Premises (sanitation and cleanliness)

Surroundings shall be kept clean and neat and free from accumulated rubbish, weeds, ponded water or other characteristics of a similar nature which would have a tendency to create a health hazard.

310:680-7-3. Insect and rodent control

Methods shall be employed to prevent the entrance and harborage of insects, spiders, and rodents. Homes shall be kept free of insects, and rodents.

310:680-7-4. Garbage disposal

- (a) All garbage shall be properly stored and safely disposed of in accordance with local ordinance.
- (b) All garbage waste containers shall have tight-fitting covers and shall be insect and rodent resistant.
- (c) Approved containers shall be kept clean by washing and airing as needed. Outside storage of garbage in plastic bags is prohibited.
- (d) Trash cans in resident areas shall be kept clean.

310:680-7-5. Housekeeping

- (a) The interior and exterior of the home shall be safe, clean and sanitary.
- (b) Practices and procedures shall be utilized to keep the home free from offensive odors, accumulation of dirt, rubbish, dust, and safety hazards.
- (c) Floors and floor coverings shall be clean and in good condition. Floor polishes shall provide for a non-slip finish.
- (d) Walls and ceilings shall be in good condition and shall be cleaned regularly. All homes shall have walls capable of being cleaned.
- (e) Deodorizers shall not be used to cover up odors caused by unsanitary conditions or poor housekeeping practices.

(f) Home and surrounding areas shall be kept free from refuse, discarded furniture, and old newspaper. Combustibles such as cleaning rags and compounds must be kept in closed metal containers in areas away from residents' rooms. No items shall be stored in the hot water heater closet or furnace closet.

(g) General laundry shall be placed in linen hampers, carts, laundry bags, or similar containers suitable for laundry not soiled by body fluids.

(h) Soiled linens or clothing shall be placed in bags or nonporous containers with lids tightly closed.

[Source: Amended at 34 Ok Reg 1314, eff 10-1-17]

310:680-7-6. Residential and visiting pets

(a) Each home that allows residential or visiting animals shall adopt and comply with policies that meet or exceed 310:680-7-6(a) and 310:680-7-6(b). The facility's policies shall describe the schedule of animal care and zoonotic infection control for the respective facility. The facility shall not allow any animal to reside in the facility until all of the following requirements are met:

(1) The animal is a dog, cat, fish, bird, rabbit, or guinea pig. If a home desires to include other types of animals in their program, the home shall submit a supplemental request accompanied by its policies, procedures, and guidelines to the Department and receive written approval from the Department prior to implementation.

(2) For residential pets, excluding fish, the number of animals in a home shall be limited to no more than one dog per 50 residents; 1 cat, rabbit, or guinea pig per 30 residents; or 1 bird per 20 residents, unless the home has received the Department's prior approval of a greater number of pets through a supplemental request pursuant to 310:675-7-19(a)(1).

(3) The home adopts policies ensuring non-disruption of the home.

(4) All pets are housed and controlled in a manner that ensures that neither the pet nor the residents are in danger. A pet cage or container must not obstruct an exit or encroach on the required corridor width.

(5) The following veterinary medical services are obtained for each pet, when applicable to species, and a record of service is maintained on file at the home:

(A) A health certificate from a veterinarian licensed to practice in Oklahoma stating the animal is healthy on physical exam and of acceptable temperament to be placed in the home;

(B) Proof of evaluation by a veterinarian licensed to practice in Oklahoma for presence of internal parasites on a semi-annual basis and for the presence of external parasites as needed;

(C) Proof of current rabies immunization for dogs and cats, and leptospirosis immunization for dogs administered by a licensed veterinarian;

- (D) Proof of spaying/neutering for dogs and cats over six months of age; and
- (E) Statement from a licensed veterinarian certifying that each bird tested negative for *Chlamydia psittaci* infection (psittacosis) within 30 days prior to placement in the home. Birds equal in size to or larger than a parakeet shall receive a serologic test. Culture from fresh droppings or cloacal swab will be acceptable test in smaller birds, such as canaries and finches.
- (6) The pet's skin appears normal, and its coat or feathers are free of ectoparasites, matted hair, feces, and other debris.
- (7) Residential pets shall be the responsibility of the administrator, who shall designate at least one attendant to supervise the care and maintenance of resident animals. The administrator and the designated attendants shall at least annually review the home's policy on residential and visiting pets, and shall document that they have read and understood the policy.
- (8) The home provides for the cleaning and disinfecting of any areas contaminated by urine or excrement, and for the regular cleaning of aviaries, aquariums, and animal cages. Water in aquariums and fish bowls shall be appropriately maintained to prevent bacterial growth in the water.
- (9) Residential dogs and cats shall not be allowed to remain in the resident areas after visiting hours. No animal shall be allowed in an area used for food storage or preparation, dining, medication preparation or administration, or clean or sterile supply storage.
- (10) If there is more than one resident per room, permission shall be obtained from each resident in the room before allowing animal visitation.
- (b) The home may allow other animals to visit the home. Visiting animals shall be under the control of the person bringing the pet into the home. The attendant of visiting animals shall adhere to the home's policies and procedures for residential pets. Proof of current rabies immunization must be provided to the administrator before any dog, cat or ferret can be allowed as a visiting pet in the home.
- (c) The Department shall publish and distribute to homes recommended husbandry and veterinary care guidelines for residential pets. The guidelines shall include but not be limited to recommendations for housing, cleaning needs, exercise, diet, fecal examinations, grooming, attendant training on animal care and nutrition, and preventive health care. The guidelines shall be used for the information and education of homes.
- (d) Section 310:680-7-6 does not supersede any local or state rules that regulate animals.

[Source: Added at 14 Ok Reg 3145, eff 7-25-97 ; Amended at 16 Ok Reg 2526, eff 6-25-99 ; Amended at 18 Ok Reg 2550, eff 6-25-01]

SUBCHAPTER 9. DIETARY REQUIREMENTS

310:680-9-1. Food service

- (a) A residential care home shall have available a minimum of three (3) meals per day, constituting a palatable, nutritionally adequate general diet and should include the basic four (4) food groups in the recommended amounts.
- (b) There shall be no more than fourteen (14) hours between the substantial evening meal and the following morning meal. Between meal snacks shall not replace regular meals.
- (c) Fresh drinking water shall be available and easily accessible to the residents. Ice from an approved source shall be available.
- (d) Menus shall be planned, dated, and posted at least one (1) week in advance. Menus are to be retained in the home for one (1) year.
- (e) Three (3) days supply of food shall be in the home at all times, including cold storage.
- (f) Dining room seating capacity shall be a minimum of 15 square feet per resident.
- (g) A residential care home having residents requiring special diet(s) prescribed by a physician shall contract with a consulting registered/licensed dietitian to provide services to institute and monitor these special diets. Special diet menus shall be approved and signed by a registered/licensed dietitian.
- (h) A residential care home licensed for twenty (20) beds or more, and/or having residents who require special diets, shall designate an employee who is properly trained to supervise menu planning, food preparation, food inventory, food distribution, and health issues related to diet.
- (i) A residential care home providing special diets shall ensure that each resident is offered the correct diet.
- (j) A residential care home shall be in compliance with Chapter 257 of this Title, regarding storage, preparation, and serving of food (including milk and ice). A residential care home may use residential equipment provided that the equipment must maintain hot and cold temperatures as required in OAC 310:257.

[Source: Amended at 27 Ok Reg 2548, eff 7-25-10]

SUBCHAPTER 11. STAFFING REQUIREMENTS

310:680-11-1. Requirements

Residential care homes shall employ sufficient personnel appropriately qualified and trained to provide the essential services of the home.

(1) Sufficient number of persons.

- (A) Each residential care home shall have one (1) person who is administratively responsible for the home.
- (B) There shall be at least one (1) person in charge of the home and its operation on duty in the home whenever residents are present.

(C) There shall be a minimum of 3/4 hour of personnel per day per resident based on average daily census.

(D) All residential care homes shall have a signed, written agreement with a registered nurse to act as a consultant. Documentation of the use of the nurse consultant shall be maintained in the home.

(2) Staff qualifications.

(A) Each residential care home shall have a person designated as "Administrator," who is licensed in accordance with Title 63 O.S. Section 330.51 et seq.

(B) All personnel who have the responsibility for administering or monitoring medication to residents shall obtain a certificate of training in medication administration from an institution of higher learning whose program has been reviewed by the Department. (Currently licensed physicians, registered nurses and licensed practical nurses shall be deemed to meet the medication administration training requirement.)

(C) All other staff shall have training and/or experience relevant to their job description.

(D) Personnel responsible for providing professional services must be appropriately certified, registered, or licensed.

(3) Staff training. In order to ensure all homes maintain a level of competency necessary to meet the needs of each individual served in the home, personnel must complete the following training requirements.

(A) At all times there shall be in the home at least one staff person currently trained in first-aid and cardiopulmonary resuscitation that is Red Cross training or equivalent training with a hands-on component. Proof of training shall be kept on file in the home. First-Aid and CPR training shall be kept current.

(B) Administrators shall obtain continuing education training as required to maintain an administrator's license pursuant to Title 63 O.S. Section 330.51 et seq. All training shall be documented and the record kept in the home.

(C) Direct care staff who are responsible for administering or monitoring medication shall annually be required to receive at least eight (8) hours of training by the administrator of the home in patient reporting and observation, record keeping, independent or daily living skills, leisure skills and recreation, human relations and such other training relevant to residential care program and operation.

(D) All direct care staff shall begin eight (8) hours of inservice by the administrator of the home or other person designated by the administrator of the home within ninety (90) days of employment and completed within twelve (12) months of employment. Eight (8) hours of inservice shall

be required annually thereafter.

(E) All residential care programs shall provide a new employee orientation program which includes instruction in policies and procedures regarding the areas of abuse and neglect, resident rights, confidentiality, procedure for handling emergencies, and job descriptions.

(4) Personnel practices.

(A) Residents shall not supervise other residents.

(B) The behavior of staff reflects sensitivity to the needs of the individuals served for privacy and dignity. For example, confidentiality and normal sensibility are exercised in speaking about an individual, and undignified displays, exhibitions, or exposure of individuals served, whether deliberate or unintentional, do not occur.

(C) The home shall have written personnel policies and procedures which address such issues as: job description, terms of employment, authorized leave procedures, grievance procedures, and professional conduct.

[Source: Amended at 34 Ok Reg 1314, eff 10-1-17]

SUBCHAPTER 13. MEDICATION STORAGE AND ADMINISTRATION

310:680-13-1. Medications

Correct medication and pharmacy techniques and principles shall be used when medications are administered or monitored. The home shall comply with the following:

(1) Storage and Maintenance.

(A) Medications shall be stored in an area that is locked, is well lighted, and room temperature not to exceed 86° Fahrenheit.

(B) Medications requiring refrigeration shall be kept in a refrigerator with a temperature range of 36° Fahrenheit (2° C) to 48° Fahrenheit (8° C) and separate from food and other items. A method of locking these medications shall be provided.

(C) Medications shall not be stored with any other non-drug item.

(D) Each individual's medications shall be kept separate.

(E) Externally applied medications shall be stored separately from medications taken internally.

(F) The medication of each resident shall be kept or stored in the original container.

(G) The medication area shall have a work counter and shall be kept clean and well organized.

(H) Hand washing facilities with hot and cold water shall be in close proximity to the medication area.

(I) Any unusual resident reaction to medication shall be reported to the physician at once and documented in the resident's record.

(J) No prescribed medication or over-the-counter medication for one (1) resident may be administered to or allowed in the possession of another resident.

(K) All prescription medication shall be clearly labeled to include the resident's full name, physician's name, prescription number, strength of drug, dosage, directions for use, date of issue, quantity, and name, address, and phone number of pharmacy or physician dispensing the drug.

(L) Resident's first and last name shall be on all over-the-counter drugs used. The home shall have a written policy to identify resident ownership of over-the-counter medication.

(M) All drugs shall be kept locked, and documented when taken by the resident.

(N) Documentation of medication ordered by the physician to be administered as circumstances may require (p.r.n.) shall be done immediately after administration and shall include date, time, dose, drug, route, and person responsible for administration.

(O) Only the person responsible for administering or monitoring medications shall have possession of the key to the locked medication area.

(P) Labels on containers shall be legible and firmly affixed.

(Q) No one shall alter labels on prescription containers. If a medication dosage change is made by the physician, then the container must be flagged at that time showing a label change is to be made.

(R) An individual inventory record and documentation for accountability shall be maintained for each Schedule II drug prescribed for each resident.

(S) Schedule II drugs shall be kept in a separate locked box within the locked medication area.

(T) All new or refilled prescription medication shall be counted upon receipt in the home and documented in each resident's medication record.

(U) Discontinued medications may be kept up to three (3) months and must be separated from the current medications within the locked medication area.

(V) The home shall have a written policy for safe disposal of discontinued medications and it shall be an approved method by the State Department of Health.

Documentation shall be retained in the individual resident's record. Over-the-counter medications shall be destroyed in the presence of two (2) residential care home staff persons. Documentation shall include the name of the medication, the amount destroyed, the method of destruction, and shall be retained in the individual

resident's record.

(W) When a resident is admitted to a home, or returns to a home from a temporary leave, the medications brought into the home shall be counted and documented by the person admitting the resident and countersigned by the resident or responsible party.

(X) When a resident is discharged, moves, or goes on a temporary leave from the home, the unused prescription shall be sent with the resident or with the responsible party. The resident record shall contain documentation of quantities of medication sent, as well as the signature of the resident or the responsible party receiving the drugs and of the staff person of the home that counted them.

(Y) Unused drugs prescribed for residents who have died shall be kept for one (1) month and then shall be destroyed in accordance with Item (V) of this subsection.

(Z) The R.N. shall do a documented medication review on every resident in the home quarterly.

(AA) Each residential care home shall have a first-aid kit for emergency use.

(2) Administration of medications.

(A) Only persons who meet requirements for administration of medications shall administer medications.

(B) The person responsible for medication administration must personally prepare the dosage, observe the resident swallowing the medication, and chart the medication.

(C) The person administering the medication shall maintain an accurate written record of medications administered.

(D) Charting the administration of medications shall be done within an hour after it is taken and correct procedures followed to assure that medications are not documented by memory.

(E) All medications shall be administered according to label directions.

(F) A resident who has been determined by his physician as capable of self-administering medication may retain the medications in a safe location in the resident's room. The facility shall develop and follow policies for accountability. Scheduled medications shall not be authorized for self-administration. A resident who has been declared legally incompetent is not eligible for self-administration of medications.

(3) Monitoring of medications.

(A) Only persons who have completed an approved course in medication administration shall monitor medications.

(B) An accurate written record of medication monitoring shall be made by the individual monitoring the medication. This record must identify the individual responsible for the drug monitoring.

(C) Charting the monitoring of medication shall be done within an hour after it is taken and correct procedure followed to assure that medications are not documented by memory.

(D) All medications monitored shall be taken according to label directions.

[Source: Amended at 11 Ok Reg 911, eff 12-17-93 (emergency); Amended at 11 Ok Reg 2649, eff 6-25-94]

310:680-13-2. Bulk nonprescription drugs

A facility may maintain nonprescription drugs for dispensing on an as needed basis from a common or bulk supply as *ordered or otherwise authorized by a physician currently licensed to practice medicine in this state* [63:1-1950(B)] if all of the following are accomplished.

(1) **Policy of facility.** The facility must have and follow a written policy and procedure to assure safety in dispensing and documentation of medications given to each resident.

(2) **Acquisition.** The facility shall maintain records which document the name of the medication acquired, the acquisition date, the amount and the strength received for all medications maintained in bulk.

(3) **Dispensing.** Only licensed nurses, physicians, pharmacists or medication aide technicians (MAT) may dispense these medications.

(4) **Storage.** Bulk medications shall be stored in the medication area and not in resident rooms.

(5) **Records.** The facility shall maintain records of all bulk medications which are dispensed on an individual signed medication administration record (MAR).

(6) **Labeling.** The original labels shall be maintained on the container as it comes from the manufacturer or licensed repackager or on the unit-of-care (blister packs) package.

(7) **Package size.** The maximum size of packaging shall be established by the facility in its policy and procedures and shall insure that each resident receives the correct dosage; provided however, that no liquid medication shall be acquired nor maintained in a container larger than 16 fluid ounces.

(8) **Allowed nonprescription drugs.** Facilities may have drugs from each of the following categories for bulk dispensing. No other categories may be maintained as bulk medications.

(A) Oral analgesics.

(B) Antacids.

(C) Laxatives.

[Source: Added at 11 Ok Reg 911, eff 12-17-93 (emergency); Added at 11 Ok Reg 2649, eff 6-25-94 ; Amended at 33 Ok Reg 1533, eff 9-11-16]

SUBCHAPTER 15. RESIDENTS' FUNDS

310:680-15-1. Resident's contract

(a) A written contract shall be executed between a resident or his/her guardian or responsible party, or if the resident is a minor, his parent, and a home or its agent within one hundred twenty (120) days from the time a resident is admitted to a home, or at the expiration of the period of previous contract, or when the source of payment for the resident's care changes from private to public funds or from public to private funds, or when the terms of the contract are changed.

(b) A copy of the contract form shall be given to the resident and to the resident's representative, if any, at the time of the resident's admission to the residential care home.

(c) A copy of the contract for a resident who is supported by nonpublic funds other than the resident's own funds shall be made available to the person providing the funds for the resident's support.

(d) The contract shall be written in clear and unambiguous language and shall be printed in type no smaller than standard typewriter pica or elite type. The general form of the contract shall be prescribed by the Department.

(e) The contract shall specify:

(1) The terms of the contract.

(2) The services to be provided under the contract and the charges for the services.

(3) The services that may be provided to supplement the contract and the charges for the services.

(4) The sources liable for payments due under the contract.

(5) The amount of deposit paid.

(6) The rights, duties, and obligations of the resident, except that the specification of a resident's right may be furnished on a separate document.

(f) The contract shall designate the name of the resident's representative, if any.

(g) The contract shall provide that if the resident dies, or is compelled by a change in physical or mental health to leave the residential care home, the contract and all obligations under it shall terminate immediately. All charges shall be prorated as of the date on which the contract terminates, and, if any payments have been made in advance, the excess shall be refunded to the resident.

310:680-15-2. Protection of residents' funds

To protect each resident's funds, the residential care home:

(1) Shall reserve a portion of each resident's monthly income in an amount not less than twenty-five dollars (\$25.00) as a personal needs allowance for use by the resident, or for use on behalf of the resident by his guardian or other representative designated by the resident.

(2) Shall at the time of admission, provide each resident and his representative with a written statement explaining the resident's rights regarding personal funds and listing services for which the resident will be charged, and obtain a signed acknowledgment from each resident and his representative that he has received

the statement.

(3) May accept funds from a resident for safekeeping and managing, if the home receives written authorization from the resident or his guardian; such authorization shall be attested to by a witness who has no pecuniary interest in the facility or home or its operations, and who is not connected in any way to the home personnel or the administrator in any manner whatsoever,

(4) Shall maintain and allow each resident and responsible party access to a written record of all financial arrangements and transactions involving the individual resident's funds.

(5) Shall provide each resident and his representative with a written itemized statement on request, of all financial transactions involving the resident's funds.

(6) Shall keep any funds received from a resident for safekeeping in an account separate from the home's funds and shall maintain such funds as required by the Department and other regulations.

(7) Shall return to the resident, upon written request by the resident or his guardian, if court appointed, all or any part of the resident's funds given the home for safekeeping, including the interest accrued from deposits.

(8) Shall place any monthly allowance to which a resident is entitled in that resident's personal account, or give it to the resident, unless the home has written authorization from the resident or the resident's guardian or, if the resident is a minor, to handle it differently.

(9) Unless otherwise provided by State Law, upon the death of a resident, shall provide the administrator or executor of the resident's estate with a complete accounting of all the resident's personal property including any funds of the resident being held by the residential care home.

(10) If the residential care home is sold, shall provide the buyer a written verification by a public accountant of all residents' monies and properties being transferred, and obtain a signed receipt from the new owner.

310:680-15-3. Guardianship

Any owner, operator, administrator or employee of a facility subject to the provision of the Residential Care Act shall not be appointed guardian of a resident of such facility unless the owner, operator, administrator or employee is the spouse of the resident or a relative of the resident within the second degree of consanguinity and is otherwise eligible for appointment.

SUBCHAPTER 17. INVOLUNTARY TRANSFER OR DISCHARGE OF RESIDENT

310:680-17-1. Transfer or discharge of resident

A residential care home shall not involuntarily transfer or discharge a resident except for medical reasons, for the resident's safety, or for the safety of other residents, or for nonpayment for the resident's stay, unless limited by the Federal Social Security Act.

310:680-17-2. Notice of involuntary transfer or discharge

(a) Involuntary transfer or discharge of a resident from a residential care home shall be preceded by a minimum written notice of ten (10) days.

The ten-day requirement shall not apply in any of the following instances:

(1) When an emergency transfer or discharge is mandated by the resident's health care needs and is in accordance with the written orders and medical justification of the attending physician.

(2) When the transfer or discharge is necessary for the physical safety of other residents as documented in the resident's record.

(b) The written notice of involuntary transfer or discharge shall contain an explanation of the reasons for transfer or discharge and inform the resident and resident's representative, if any, of the right to request a hearing by the Department if they are aggrieved by the decision.

(c) Written notice of involuntary transfer shall be sent to the resident and to an advocate for the resident if no resident's representative exists

310:680-17-3. Hearing on involuntary transfer or discharge

A resident who is aggrieved by an involuntary transfer or discharge may request a hearing by the Department within five (5) days of receipt of the notice. Decisions reached in a hearing shall be binding on all parties, unless appealed to the Commissioner of Health.

310:680-17-4. Transfer by the department

(a) The Department shall initiate the transfer or discharge of a resident in any of the following situations:

(1) When the resident's health care needs are not being met according to a licensed medical authority.

(2) When the transfer or discharge is necessary for the physical safety of other residents as observed or as documented in the records.

(3) When it is determined that a resident's rights have been violated or the resident has been unduly taken advantage of in fiscal matters, or has been physically, mentally, or sexually abused

(b) The resident's wishes, in all situations, will be given careful consideration in determining whether or not the health or safety aspects involved outweigh the trauma of a resident being transferred or discharged.

SUBCHAPTER 19. RESIDENTS RIGHTS AND RESPONSIBILITIES

310:680-19-1. Posting and distribution

Each residential care home shall have posted in a conspicuous, easily accessible place in each residential care home, and shall provide to each resident or resident's representative, prior to or upon admission, a copy of rights and responsibilities.

310:680-19-2. Statement provisions

(a) A statement of rights and responsibilities shall include but not be limited to the following:

- (1) Every resident's civil and religious liberties, including the right to independent personal decisions and knowledge of available choices, shall not be infringed and the residential care home shall encourage and assist in the exercise of these rights.
- (2) Every resident shall have the rights to have private communications and consultations with the physician, attorney, or any other person of his choice, and may send and promptly receive, unopened, his personal mail.
- (3) Every resident shall have the right, without fear of reprisal, to present grievances on behalf of himself or others to the residential care home's staff or administrator, to governmental officials, or to any other person and to join with other residents or individuals within or outside of the facility to work for improvements in resident care.
- (4) Every resident shall have the right to manage his own financial affairs, unless the resident or his representative, if any, delegates the responsibility, in writing to the residential care home pursuant to the program certification requirements. The resident and his representative, in any, shall have at least a quarterly accounting of any personal financial transactions undertaken in his behalf by the residential care home during any period of time such responsibilities have been delegated to the residential care home.
- (5) Every resident shall have the right to receive adequate and appropriate medical care consistent with established and recognized medical practice standards within the community. Every resident shall be fully informed by his attending physician of his medical condition and proposed treatment in terms and language that the resident can understand, unless medically contraindicated, and to refuse medication and treatment after being fully informed of and understanding the consequences of such actions.
- (6) Every resident shall receive respect and privacy in his medical care program. Case discussion, consultation, examination, and treatment shall remain confidential and shall be conducted discreetly. Personal and medical records shall be confidential.
- (7) Every resident shall have the right to retain and use his personal clothing and possessions, unless medically contraindicated, and shall have the right to security in the storage and use of such clothing and possessions.
- (8) Every resident shall have the right to receive courteous and respectful care and treatment and a written statement of the

services provided by the residential care home, including those required to be offered on an as-needed basis, and a statement of related charges, including any costs for services not covered under medicare or medicaid, or not covered by the residential care home's basic per diem rate.

(9) Every resident shall be free from mental and physical abuse, and from physical and chemical restraints as provided by the program certification standards.

(10) Every resident shall receive a statement of the facility's regulations and an explanation of the resident's responsibility to obey all reasonable regulations of the facility and to respect the personal rights and private property of the other residents.

(11) No resident shall be required to perform services for a residential care home. Regular participation in shared household tasks shall not be construed to mean "services for a residential care home" when said tasks are included as part of a training, habilitation, or rehabilitation plan for the resident pursuant to the program certification requirements for the residential care home and are performed as a part of normal shared household tasks.

(12) Every resident shall have privacy for spousal visits. Every resident may share a room with his/her spouse, if the spouse is residing in the same residential care home.

(13) When a physician indicates it is appropriate, a residential care home shall immediately notify the resident's next of kin, or representative of the resident's death or when the resident's death appears to be imminent.

(b) No licensed facility shall deny appropriate care on the basis of the resident's source of payment as defined in the regulations.

(c) Each residential care home shall prepare a written plan and provide appropriate staff training to implement each resident's rights as stated.

SUBCHAPTER 21. RESIDENTIAL CARE FACILITIES, THREE (3) BEDS OR LESS

310:680-21-1. Qualifications

This subchapter of the Standards and Regulations for Licensure of Residential Care Homes shall be applicable to small homes serving three (3) or less residents. Homes qualifying under this subsection shall be exempt from other subsections of this Chapter except as may be specifically referenced in this subsection.

(1) **Licensure requirements.** The requirements of Subchapter 3 of this Chapter shall be applicable to homes licensed for three (3) or less beds.

(2) **Construction requirements and physical plant.** The requirements of Subchapter 5 of this Chapter shall also be applicable to homes licensed for three (3) beds or less.

(3) **Environmental health and sanitary requirements.** The requirements of Subchapter 7 of this Chapter shall be applicable to homes licensed for three (3) or less beds.

(4) **Dietary requirements.** In accordance with the needs of the residents, Subchapter 9 of this Chapter shall be applicable to small homes.

(5) **Staffing requirements.** Each small residential care home shall employ sufficient personnel appropriately qualified and trained to meet the needs of the residents.

(A) **Number of personnel.**

(i) Each small home shall have a person who holds a residential care home administrator's certificate of training who is responsible for the home.

(ii) Other staff shall be employed in accordance with the needs of the residents.

(B) **Staff qualifications.**

(i) The person designated as administrator shall be at least 21 years of age and of reputable and responsible character, who has obtained a certificate of training for a residential care administrator.

(ii) All other staff shall have training and/or experience relevant to their job description.

(iii) Persons responsible for providing professional services must be appropriately certified, registered, or licensed.

(C) **Staff training.** In order to ensure a level of competency to meet the needs of each individual served in the home, personnel must complete the following training requirements:

(i) All employees shall be currently certified in first-aid and cardiopulmonary resuscitation (Red Cross training or the equivalent). First Aid and CPR certificates shall be renewed as required to remain current.

(ii) Individuals who administer medications in a small residential care home shall be certified in an approved training program for medication administration (M.A.T.).

(iii) In addition, staff who are responsible for administering medication shall annually receive at least eight (8) hours of training by the administrator of the home in patient reporting and observation, record keeping, independent or daily living skills, leisure skills and recreation, human relations and such other training relevant to residential care home programs and operations.

(iv) All small residential care homes shall provide a new employee orientation program which includes instruction in policies and procedures regarding the areas of abuse and neglect, resident rights, confidentiality, procedure for handling emergencies, and job descriptions.

(v) All direct care staff shall begin eight (8) hours of in-service within ninety days of employment and complete within twelve months of employment. Eight (8) hours of in-service shall be required annually thereafter.

(D) Personnel practices.

- (i) Residents shall not supervise other residents.
- (ii) The behavior of the staff shall reflect sensitivity to the needs of individuals served for privacy and dignity.

(6) Medication storage and administration.

(A) Storage and Maintenance.

- (i) Medications shall be stored in an area that is locked, is well lighted, and room temperature not to exceed 86 degrees Fahrenheit.
- (ii) Medication requiring refrigeration shall be kept in a refrigerator within a temperature range of 36° Fahrenheit to 48° Fahrenheit and separate from food and other items. A method of locking these medications shall be provided.
- (iii) Medications shall not be stored with any other non-drug item.
- (iv) Each individual's medications shall be kept separate.
- (v) Externally applied medications shall be stored separately from medications taken internally.
- (vi) The medication of each resident shall be kept or stored in the original container.
- (vii) No prescribed medication or over-the-counter medication for one resident may be administered to or allowed in the possession of another resident.
- (viii) All prescription medication shall be clearly labeled to include the resident's full name, physician's name, prescription number, strength of drug, dosage, directions for use, date of issue, quantity, and name, address, and phone number of pharmacy or physician dispensing the drug.
- (ix) Resident's name shall be on all over-the-counter drugs used.
- (x) All drugs shall be kept locked, and documented when taken by the resident.
- (xi) Only persons responsible for administering medications shall have possession of the key to the locked medication area.
- (xii) Labels on containers shall be legible and firmly affixed.
- (xiii) No one shall alter labels on prescription containers. If a medication dosage change is made by the physician, then the container must be flagged showing a label change is to be made.

- (xiv) An individual inventory record and documentation for accountability shall be maintained for each Schedule II drug prescribed for each resident.
- (xv) Schedule II drugs shall be kept in a separate locked box within the locked medication area.
- (xvi) All new or refilled prescribed medication shall be counted upon receipt in the home and documented in each resident's medication record.
- (xvii) Discontinued medications may be kept up to three (3) months and must be separated from the current medications within the locked medication area.
- (xviii) The home shall have a written policy for safe disposal of discontinued medications and it shall be a method approved by the Department of Health. Documentation shall be retained in the individual resident's record.
- (xix) When a resident is admitted to a home, or returns to a home from a temporary leave, the medication brought into the home shall be counted and documented by the person admitting the resident and countersigned by the resident or responsible party.
- (xx) When a resident is discharged, moves, or goes on a temporary leave from the home, the unused medication shall be sent with the resident or the responsible party. The resident record shall contain documentation of quantities of medication sent, as well as the signature of the resident or responsible party receiving the medications and of the staff person releasing the medications.
- (xxi) Unused drugs prescribed for residents who have died shall be kept for one (1) month and then destroyed in accordance with item xix of this section of the Standards.

(B) Administration of medications.

- (i) Only persons who have completed an approved course in medication administration shall administer medications.
- (ii) The person responsible for medication administration shall personally prepare the dosage, observe the resident swallowing the medication, and chart the medication.
- (iii) The person administering the medication shall maintain an accurate written record of medications administered.
- (iv) Charting the administration of medications shall be done within an hour after it is taken and correct procedure followed to assure that medications are not documented by memory.

(v) All medications shall be administered according to label directions.

(C) Monitoring medications.

(i) Only persons who have completed an approved course in medication administration shall monitor medications.

(ii) An accurate written record of medication monitoring shall be made by the individual monitoring the medication. This record must identify the individual responsible for the medication monitoring.

(iii) Charting the monitoring of medication shall be done within an hour after it is taken and correct procedure followed to assure that medications are not documented by memory.

(iv) All medications monitored shall be taken according to label requirements.

(v) Records of medications monitored for residents preparing for self-administration shall be documented by the resident and acknowledged by the staff member monitoring the medication.

(D) Self-Administration.

(i) Self-administration of all medications, prescription and over-the-counter, is permitted only after the resident has been monitored and documentation shows the resident capable of self-administration of medications. Monitoring shall include observation of resident taking the proper medication, in the proper dosage, at the correct time, documenting medication taken, and storing the medication in a safe manner.

(ii) The home staff shall conduct at least a monthly documented review of the individual's self-administration program which shall include a count of each medication included in the self-administration program.

(iii) All medications must be stored in locked containers.

(7) Residents' Funds. Subchapter 15 of this Chapter shall be applicable to small residential care homes.

(8) Involuntary Transfer or Discharge of Residents.

Subchapter 17 of this Chapter shall also apply to small residential care homes.

(9) Residents' Rights. Subchapter 19 of this Chapter shall also be applicable to small residential care homes.
